The department shall establish long-range plans, projects and priorities for conservation. The department may:

(b) *Game refuges.* Designate such localities as it shall find to be reasonably necessary to secure perpetuation of any species of game or bird, and the maintenance of an adequate supply thereof, as game or bird refuges for the purpose of providing safe retreats in which game or birds may rest and replenish adjacent hunting grounds.

1. The subquota prescribed by the department for wild geese to be taken at the Necedah refuge shall be not less than 10% nor more than 40% of the entire quota for the state as prescribed by the U.S. department of interior, bureau of sport fisheries and wildlife.

(c) *Fish refuges.* Designate such localities as it shall find to be reasonably necessary to secure the perpetuation of any species of fish and the maintenance of an adequate supply thereof, as fish refuges, for the purpose of providing safe

retreats in which fish may breed and replenish adjacent fishing waters.

(d) *Lands, acquisition.* Acquire by purchase, lease or agreement, and receive by gifts or devise, lands or waters suitable for the purposes enumerated in this paragraph, and maintain such lands and waters for such purposes; and may condemn lands or waters suitable for such purposes after obtaining approval of the appropriate standing committees of each house of the legislature as determined by the presiding officer thereof:

1. For state forests for the purpose of growing timber, demonstrating forestry methods, protecting watersheds or providing public recreation.

2. For state parks for the purpose of preserving scenic or historical values or natural wonders.

The donor of such buildings, facilities and structures may contract for this construction according to plans and specifications provided by the department or may enter into a contract for professional architectural and engineering services to develop plans and specifications of such buildings, facilities and structures and contract for the construction of same. Upon the completion of construction satisfactory to the department, title of such buildings, facilities and structures shall vest in the state of Wisconsin. The department may acknowledge the receipt of any funding from a particular person or group in any department pamphlet, bulletin or other publication.

**(2dm) LAND ACQUISITION; PRIORITIES.** (a) In expending moneys from the appropriation under s. 20.866 (2) (tz) to acquire lands under sub. (b) The department shall allocate at least \$1,720,000 of the moneys appropriated under s. 20.866 (2) (tz) in each fiscal year for the acquisition of lands within the boundaries of projects established after January 1, 1988.

**(2p) DONATIONS OF LAND.** (a) The department shall determine the value of land donated to the department that is within the project boundaries of a state park, a state forest or a state recreation area. If the donation involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation shall be based on the fair market value of the land before the transfer. If the donation is a dedication transferring a partial interest in land to the state, the valuation shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the donation involves a sale of land to the department at less than the fair market value, the valuation of the donation shall be based on the difference between the purchase price and the fair market value.

(b) Beginning July 1, 1990, an amount of money equal to the value of the donation shall be released from the appropriation under s. 20.866 (2) (tz) to be used for land acquisition activities for the same project for which any donation was made on or after August 9, 1989. This paragraph does not apply to transfers of land from agencies other than the department.

(c) If the moneys appropriated under s. 20.866 (2) (tz) in any fiscal year are insufficient to make the expenditure under par. (b), the department shall make the expenditure in the following fiscal year.

**(6) INTERPRETATION, LIMITATIONS.** This section shall not be construed as authorizing the department to change any penalty for violating any game law or regulation, or change the amount of any license established by the legislature, or to extend any open season or bag limit on migratory birds prescribed by federal law or regulations, or to contract any

When the project is completed, the department shall pay to the county not more than one-half the actual cost of such project. The department may inform itself and require any necessary evidence from the county to substantiate the cost before payment is made.

(e) The department in making its deliberations shall give careful consideration to whether or not the proposal is an integral part of an official comprehensive land and water use plan for the area as well as the relationship of the project to similar projects on other public lands. If requests for state aids exceed the funds allotted to the department for this program, those requests which form an integral part of a comprehensive plan shall be given first priority.

(f) Recreation facilities developed under the assistance of this section shall not be converted to uses which are inconsistent with the purposes of this section without the approval of the department. The department shall not issue such ap-

proval unless there is evidence that such other uses are essential to and in accordance with an official comprehensive plan for the area. The department shall require that the proceeds from the disposal of facilities developed under this section shall be used to further the objectives of this section.

Personnel, equipment and materials furnished by the county may be included in computing the county share contribution.

(d) Application shall be made in the manner and on forms prescribed by the department. The department shall make such investigations as it deems necessary to satisfy itself that the project will best serve the public interest and need and shall also consider the relationship of the project to similar projects on other public lands. Upon approval of the project the department shall encumber a sum not more than one-half of the cost estimate of such project. The department may inform itself and require any necessary evidence from the county to substantiate the cost before payment is made.

(e) Recreation facilities developed under the assistance of this subsection shall not be converted to uses which are inconsistent with the purposes of this subsection without the approval of the department. The department shall require that the proceeds from the disposal of facilities developed under this subsection shall be used to further the objectives of this subsection.

(b) The amount of the payment made in a fiscal year to an eligible county shall equal the county's proportionate share of the moneys appropriated under s. 20.370 (4) (au) for the fiscal year. An eligible county's proportionate share shall equal the number of acres within its boundaries that are entered on the tax roll under s. 77.04 (1) or 77.84 (1) on July 1 of the fiscal year divided by the total number of acres that are entered on the tax roll under s. 77.04 (1) or 77.84 (1) on that same date and that are within the boundaries of counties that are eligible for payments under this section, multiplied by the amount appropriated under s. 20.370 (4) (au) for the fiscal year.

(c) the local governmental unit may use the land or the rights in the land acquired with the grant. The local governmental unit may not convert the land or the rights in the land acquired under this subsection to a use that is inconsistent with the uses as approved by the department.

(f) Title to land or to rights in land acquired under this subsection shall vest in the local governmental unit.

(g) The department may not approve a grant for costs associated with development, operation and maintenance of urban green space acquired under this subsection or for administrative costs of acquiring lands or rights in lands.

(h) The department may not approve a grant under this subsection unless the urban green space is identified in any master plan that the local governmental unit may have.

(b) State aid under this subsection is limited to no more than 50% of the cost of acquiring and developing recreation lands and other outdoor recreation facilities. Costs associated with operation and maintenance of parks and other outdoor recreational facilities established under this subsection are not eligible for state aid. Administrative costs of acquiring lands or land rights are not included in the "cost of land" eligible for state aid under this subsection. Title to lands or rights in lands acquired under this subsection shall vest in the local unit of government, but such land shall not be converted to uses inconsistent with this subsection without prior approval of the state and proceeds from the sale or

other disposal of such lands shall be used to promote the objectives of this subsection.

**23.27 Natural areas; definitions; importance; inventory; acquisition; sales.** (1) DEFINITIONS. As used in this section and ss. 23.28 and 23.29:

(a) "Council" means the natural areas preservation council.

(b) "Dedicated state natural areas" means land accepted and recorded for dedication under the Wisconsin natural areas heritage program as provided under s. 23.29 (16).

(c) "Dedication" means the transfer of land or a permanent interest in land to the state of Wisconsin to be held in trust for the people of Wisconsin by the department in a manner which ensures the protection and stewardship of the area and natural values associated with the area. "Dedication" also means the binding unilateral declaration by the state that land under the ownership of the state is to be held in trust for the people of Wisconsin by the department in a manner which ensures the protection and stewardship of the area and natural values associated with the area.

(d) "Designated state natural area" means a natural area designated as a state natural area under s. 23.28 (1).

(e) "Natural area" means an area of land or water which has educational or scientific value or is important as a reservoir of the state's genetic or biologic diversity and includes any buffer area necessary to protect the area's natural values. Frequently, "natural areas" are important as a reserve for native biotic communities. Frequently, "natural areas" provide habitat for endangered, threatened or critical species or for species of special concern to scientists. In some cases, "natural areas" include areas with highly significant geological or archaeological features. Generally, "natural areas" are areas which largely escaped unnatural environmental disturbance or which exhibit little evidence of recent environmental disturbance so that recovery of natural conditions has occurred.

(f) "Natural values" includes any important values and characteristics listed under sub. (2) (a) to (i) which enable an area to be considered a natural area.

(g) "Research natural area" means all or part of a state natural area identified by the department, with the advice of the council, as a natural area especially suitable or important for scientific research.

(h) "State natural area", unless otherwise limited, means any designated state natural area or dedicated state natural area.

(i) "Stewardship" means the continuing obligation to provide the necessary maintenance, management, protection, husbandry and support for a natural area and natural values associated with that area.

(2) IMPORTANCE. The department, with the advice of the council, shall maintain a system to evaluate the importance of natural areas. The system shall include standards for determining low, high and critical levels of importance for natural areas. This system shall consider the following natural values:

(a) The value of the area as a preserve or reservoir which exhibits an outstanding or high quality example of a native plant or animal community.

(b) The value of the area as a preserve or reservoir for any endangered, threatened or critical species or for a species of special concern to scientists.

(c) The value of the area as a preserve or reservoir of genetic or biological diversity.

**23.27 CONSERVATION**

(d) The degree to which the area was subject to unnatural environmental disturbance and the degree of recovery.

(e) The value of the area for educational or scientific research purposes and as a reference site for comparison with areas subjected to environmental disturbance.

(f) The value of the area for educational or scientific research purposes because of important or unusual characteristics.

(g) The significance or uniqueness of the area in the locality, region and state.

(h) The existence of highly significant geological or archaeological features.

(i) The value of the area for public educational purposes, including the value of the area in promoting public awareness, appreciation, understanding and respect for the state's natural heritage.

**(3) NATURAL HERITAGE INVENTORY PROGRAM.** (a) *Duties.* The department, with the advice of the council, shall conduct a natural heritage inventory program. The department shall cooperate with the land information board under s. 16.967 in conducting this program. This program shall establish a system for determining the existence and location of natural areas, the degree of endangerment of natural areas, an evaluation of the importance of natural areas, information related to the associated natural values of natural areas and other information and data related to natural areas. This program shall establish a system for determining the existence and location of native plant and animal communities and endangered, threatened and critical species, the degree of endangerment of these communities and species, the existence and location of habitat areas associated with these communities and species and other information and data related to these communities and species. This program shall establish and coordinate standards for the collection, storage, recall and display of data related to the natural heritage inventory.

(b) *Access to information, fees.* The department shall make information from the natural heritage inventory program available to any individual or public or private agency for research, educational, environmental, land management or similar authorized purposes. The department may establish a fee to be charged to recover the actual cost of compiling and providing this information. The department may reduce or waive the fee established under this paragraph if the department determines that a waiver or reduction of the fee is in the public interest. Notwithstanding s. 19.35, the natural heritage inventory and related data are not public records and the department may refuse to release information for any purpose which is not authorized.

**(4) NATURAL AREAS LAND ACQUISITION; CONTINUING COMMITMENT.** It is the intent of the legislature to continue natural areas land acquisition activities from moneys available from the appropriation under ss. 20.370 (1) (kb) and 20.866 (2) (ts) and (tz). This commitment is separate from and in addition to the commitment to acquire natural areas under the Wisconsin natural areas heritage program. The department may not expend under s. 20.866 (2) (tz) more than \$1,500,000 in each fiscal year for natural areas land acquisition activities under this subsection and for grants for this purpose under s. 23.096.

**(5) NATURAL AREAS LAND ACQUISITION; COMMITMENT UNDER THE WISCONSIN NATURAL AREAS HERITAGE PROGRAM.** It is the intent of the legislature to initiate additional natural areas land acquisition activities with moneys available from the appropriations under ss. 20.370 (1) (mg) and 20.866 (2) (tt) and (tz) under the Wisconsin natural areas heritage program. This commitment is separate from and in addition

to the continuing commitment under sub. (4). Moneys available from the appropriations under ss. 20.370 (1) (mg) and 20.866 (2) (tt) and (tz) under the Wisconsin natural areas heritage program may not be used to acquire land through condemnation. The department may not acquire land under this subsection unless the land is suitable for dedication under the Wisconsin natural areas heritage program and upon purchase or as soon after purchase as practicable the department shall take all necessary action to dedicate the land under the Wisconsin natural areas heritage program. The department may not expend under s. 20.866 (2) (tz) more than \$500,000 in each fiscal year for natural areas land acquisition activities under this subsection and for grants for this purpose under s. 23.096.

**(6) SALE; CREDIT.** Moneys received by the state from the sale of any area on state-owned land under the department's management or control which is withdrawn from the state natural areas system shall be credited to the appropriation under s. 20.370 (1) (mg). An amount equal to the value of any area on state-owned land under the department's management or control which is withdrawn from the state natural areas system but remains in state ownership shall be credited to the appropriation under s. 20.370 (1) (mg).

*History:* 1985 a. 29; 1987 a. 27; 1989 a. 31.

**23.28 State natural areas; designated state natural areas.**

**(1) DESIGNATION.** The department, with the advice of the council, may designate any natural area with a high or critical level of importance on state-owned land under the department's management or control as a state natural area. The department, with the advice of the council, may designate any natural area with a high or critical level of importance on land other than state-owned land but under the department's management or control as a state natural area. The department, with the advice of the council, may designate a natural area with a high or critical level of importance on land under the management or control of another state agency, a federal, county, city, village, town or other public agency or a nonprofit organization as a state natural area if that area is protected by a voluntary, written stewardship agreement between the owner or manager and the department.

**(2) STEWARDSHIP.** The department is responsible for the stewardship of designated state natural areas unless a written stewardship agreement specifies otherwise.

**(3) PROTECTION OF NATURAL VALUES; RESEARCH NATURAL AREAS.** The department shall not permit any use of a designated state natural area which is inconsistent with or injurious to its natural values. The department may establish use zones, may control uses within a zone and may limit the number of persons using a zone in a designated state natural area. The department, with the advice of the council, may classify certain designated state natural areas as research natural areas and may establish special use regulations for these areas.

*History:* 1985 a. 29; 1987 a. 399.

**23.29 Wisconsin natural areas heritage program. (1) INTENT.** It is the intent of the legislature to encourage private contributions and land dedications under the Wisconsin natural areas heritage program. It is the intent of the legislature to match private contributions and the value of land dedications with state funds in addition to funds normally appropriated for natural areas land acquisition activities.

**(2) CONTRIBUTIONS; STATE MATCH.** The department may accept contributions and gifts for the Wisconsin natural areas heritage program. The department shall convert donations of land which it determines, with the advice of the council, are

not appropriate for the Wisconsin natural areas heritage program into cash. The department shall convert other noncash contributions into cash. These moneys shall be deposited in the general fund and credited to the appropriation under s. 20.370 (1)(mg). These moneys shall be matched by an equal amount released from the appropriation under s. 20.866 (2) (tt) or (tz) or both to be used for natural areas land acquisition activities under s. 23.27 (5). The department shall determine how the moneys being released are to be allocated from these appropriations. No moneys may be released under s. 20.866 (2) (tz) before July 1, 1990.

**(3) LAND DEDICATIONS; VALUATION; STATE MATCH.** The department shall determine the value of land accepted for dedication under the Wisconsin natural areas heritage program. If the land dedication involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation shall be based on the fair market value of the land prior to the transfer. If the land dedication involves the transfer of a partial interest in land to the state, the valuation shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the land dedication involves a sale of land to the department at less than the fair market value, the valuation of the dedication shall be based on the difference between the purchase price and the fair market value. An amount equal to the value of land accepted for dedication under the Wisconsin natural areas heritage program shall be released from the appropriation under s. 20.866 (2) (tt) or (tz) or both to be used for natural areas land acquisition activities under s. 23.27 (5). This subsection does not apply to dedications of land under the ownership of the state. The department shall determine how the moneys being released are to be allocated from these appropriations. No moneys may be released under s. 20.866 (2) (tz) before July 1, 1990.

**(4) LAND DEDICATIONS; ELIGIBLE LAND.** The department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land is a natural area with a high or critical level of importance as determined by the department with the advice of the council.

**(5) LAND DEDICATIONS; TRANSFER OF INTEREST.** The department may not accept land for dedication under the Wisconsin natural areas heritage program unless all interest in the land or a partial interest in the land is transferred to the state to be held in trust for the people by the department. This subsection does not apply to land under the ownership of the state.

**(6) LAND DEDICATIONS; STATE LAND.** Land under the ownership of the state and under the control or management of the department may be accepted for dedication under the Wisconsin natural areas heritage program. Land under the ownership of the state but under the management or control of another agency may be accepted for dedication under the Wisconsin natural areas heritage program if the appropriate agency transfers sufficient permanent and irrevocable authority over the management and control of that land to the department.

**(7) LAND DEDICATIONS; PERMANENT AND IRREVOCABLE.** Except as permitted under this subsection, the department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land dedication is permanent and irrevocable. The department may not accept land for dedication under the Wisconsin natural areas heritage program if the dedication or any provision in the articles of dedication include any reversionary right or any provision which extinguishes the dedication at a certain time or upon the development of certain conditions, except that the department may authorize a revision or extinction if the land is

withdrawn from the Wisconsin natural areas heritage program as provided under subs. (19) and (20). The department may not accept land for dedication under the Wisconsin natural areas heritage program if the articles of dedication allow for amendment or revision except as provided under subs. (17) and (18).

**(8) LAND DEDICATIONS; PUBLIC TRUST.** The department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land dedication provides that the interest in land which is transferred to or held by the state is to be held in trust for the people by the department.

**(9) LAND DEDICATIONS; STEWARDSHIP.** The department may not accept land for dedication under the Wisconsin natural areas heritage program unless adequate provisions for the stewardship are provided. If the land dedication involves the transfer of title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the department has stewardship responsibility. If the land dedication involves the transfer of a partial interest in the land to the state, stewardship responsibility shall be assigned to the person retaining an interest in the land and his or her successors or to the department. Even if stewardship responsibility is assigned to a person retaining an interest in the land and his or her successors, the department has ultimate responsibility to ensure that stewardship is provided and, if it is not, the department shall assume stewardship responsibility and shall recover the costs involved from the party originally responsible. If the land dedication involves state-owned land under the management or control of the department, the department has stewardship responsibility. The department may enter into contracts or agreements with other agencies or persons to act as its agent and to ensure that stewardship is provided for a dedicated state natural area or to assume stewardship responsibility for a dedicated state natural area. In no case may the department abrogate its ultimate stewardship responsibility or its obligation as a trustee of the land.

**(10) PROTECTION OF NATURAL VALUES; RESEARCH NATURAL AREAS.** The department may not accept land for dedication under the Wisconsin natural areas heritage program unless adequate authorization is given to the department to protect natural values and to restrict any use of the natural area which is inconsistent with or injurious to its natural values. If authorized by the articles of dedication, the department may establish use zones, may control uses within a zone and may limit the number of persons using a zone in a dedicated state natural area. If authorized in the articles of dedication, the department, with the advice of the council, may classify certain dedicated state natural areas as research natural areas and may establish special use regulations for these areas.

**(11) LAND DEDICATIONS; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; ACCESS.** The department may not accept land for dedication under the Wisconsin natural areas heritage program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for access are provided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the Wisconsin natural areas heritage program unless adequate provisions for access are provided. Adequate provisions for access are required to include provisions which guarantee access to the land by the department and its agents at reasonable times to inspect the land and to determine if the articles of dedication are being violated. Adequate provisions for access are required to include provisions which guarantee to the department and its agents access and rights

**23.29 CONSERVATION**

to the land necessary to exercise stewardship responsibilities. Adequate provisions for access may not be required to include any provision permitting public access to the land although the department shall encourage public access provisions wherever possible and consistent with preservation of natural values associated with the land. If public access is permitted, the department shall consider this as a factor when making its valuation under sub. (3). Even if public access is permitted, the department may limit access at its discretion to protect natural values associated with the land or to facilitate stewardship or administration.

**(12) LAND DEDICATION; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; NOTICE PRIOR TO SALE OR TRANSFER.** The department may not accept land for dedication under the Wisconsin natural areas heritage program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for notice are provided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the Wisconsin natural areas heritage program unless adequate provisions for notice are provided. At a minimum, adequate provisions for notice shall require 30 days' notice to the department before any sale, transfer or conveyance of the land or an interest in the land. The department may not regulate or prohibit the sale, transfer or conveyance of a dedicated state natural area or an interest in a dedicated state natural area but the department may ensure that the grantee, lessee or other party is informed of the dedication and understands that restrictions, conditions, obligations, covenants and other provisions in the dedication and articles of dedication run with the land and are binding on subsequent grantees, lessees and similar parties. No sale, transfer or conveyance of a dedicated state natural area may violate the dedication or the articles of dedication. The register of deeds shall notify the department if a dedicated state natural area is transferred by will or as part of an estate.

**(13) ARTICLES OF DEDICATION; REQUIREMENT; APPROVAL.** The department may not accept land for dedication under the Wisconsin natural areas heritage program unless articles of dedication in the proper form and with the required contents are prepared and approved. The department and the person making the land dedication are required to approve articles of dedication if the land dedication involves the transfer of all or a partial interest in the land. The department and the appropriate state agency are required to approve articles of dedication if the land dedication involves land under the ownership of the state but under the control or management of a state agency other than the department. The department is required to approve articles of dedication if the land dedication involves only land under the ownership and control of the state and under the management or control of the department. The department shall seek the advice of the council in making approvals under this subsection.

**(14) ARTICLES OF DEDICATION; FORM.** Articles of dedication are not in proper form unless they are prepared as a conservation easement under s. 700.40 or in another form acceptable to the department. Articles of dedication are not in proper form unless they run with the land and are binding on all subsequent purchasers or any other successor to an interest in the land. Articles of dedication are not in proper form unless the articles qualify as an instrument which is valid and meets the requirements for recording under s. 706.04.

**(15) ARTICLES OF DEDICATION; CONTENTS.** The department may not approve articles of dedication unless they contain:

(a) *Public purpose.* A statement of public purposes served by the dedication.

(b) *Identification of natural values.* An identification of natural values associated with the land.

(c) *Conveyance.* A conveyance or other instrument if necessary to transfer interest in the land as required under sub. (5).

(i) *Amendment.* A provision specifying that no amendment or revision to the articles of dedication may occur except as provided under subs. (17) and (18).

(j) *Withdrawal.* A provision specifying that no withdrawal of the land from the dedicated state natural areas system may occur except as provided under subs. (19) and (20).

**(16) ACCEPTANCE; RECORDING.** The department may not accept land for dedication under the Wisconsin natural areas heritage program unless the governor approves the dedication in writing. If the department and the governor approve, a land dedication under the Wisconsin natural areas heritage program is final with the recording of the dedication and articles of dedication in the office of the register of deeds. At the time of recording, the land is a dedicated state natural area and shall remain so unless withdrawn under subs. (19) and (20).

**(17) ARTICLES OF DEDICATION; AMENDMENT; JUSTIFICATION.** The articles of dedication may not be amended or revised unless the amendment or revision serves a valid public purpose, no prudent alternative exists and the amendment or revision would not significantly injure or damage the natural values which enabled the area to be considered a state natural area.

**(18) ARTICLES OF DEDICATION; AMENDMENT; PROCEDURE.** The articles of dedication may not be amended or revised until and unless:

(a) *Agreement.* The department and any other party with a property interest in the dedicated state natural area agree to the proposed amendment or revision.

(b) *Findings.* The department issues written findings justifying the proposed amendment or revision under sub. (17).

(c) *Notice and hearing.* A public hearing is conducted in the county where the dedicated state natural area is located following publication of a class 1 notice, under ch. 985, which announces the hearing and summarizes the department's findings.

(d) *Standing committee approval.* The appropriate standing committee in each house of the legislature, as determined by each presiding officer, approves the proposed amendment or revision.

(e) *Approval by governor.* The governor approves the proposed amendment or revision.

(f) *Recording.* The amendment or revision is recorded in the office of the register of deeds.

**(19) WITHDRAWAL; JUSTIFICATION.** The department may not withdraw a dedicated state natural area from the dedicated state natural areas system unless:

(a) *Extinction of natural values.* The natural values which enabled the area to be considered a dedicated state natural area no longer exist or were destroyed or damaged to such an extent that the area has no importance or has a low level of importance as determined by the department with the advice of the council.

(b) *Superseding public purpose.* The withdrawal serves a superseding and imperative public purpose and no prudent alternative exists.

(20) **WITHDRAWAL; PROCEDURE.** The department may not withdraw a dedicated state natural area from the state natural areas system until and unless:

(a) *Findings.* The department issues written findings justifying the proposed withdrawal under sub. (19) (a) or (b).

(b) *Notice and hearing.* A public hearing is conducted in the county where the dedicated state natural area is located following publication of a class 1 notice, under ch. 985, which announces the hearing and summarizes the department's findings.

(c) *Standing committee approval.* The appropriate standing committee in each house of the legislature, as determined by each presiding officer, approves the proposed withdrawal.

The department may not impose restrictions on a person who retains a property interest in a dedicated state natural area unless the department has authority under the dedication or articles of dedication or unless the person who retains the property interest agrees.

(22) **DEPARTMENT AUTHORITY.** The department shall administer this section and shall encourage and facilitate the voluntary dedication of lands under the Wisconsin natural areas heritage program. The department may promulgate rules and establish procedures to aid in the administration and enforcement of this section. (23) **ENFORCEMENT.** The department and its agents, the department of justice and peace officers, as defined under s. 939.22 (22), have jurisdiction on dedicated state natural areas in the geographic jurisdiction to enforce articles of dedication and restrictions authorized under sub. (21).

(24) **INJUNCTIVE RELIEF; RECOVERY OF COSTS; PUNITIVE DAMAGES.** The department, or the department of justice on its own initiative or at the request of the department, may initiate an action seeking injunctive relief against any person violating the articles of dedication of a dedicated state natural area or restrictions authorized under sub. **23.293 State ice age trail area dedication. (1) DEFINITIONS.** In this section:

(a) "Dedicated ice age trail area" means land accepted and recorded for dedication under the ice age trail program under this section.

(b) "Dedication" means all of the following:

1. The transfer of land or a permanent interest in land to this state to be held in trust for the people of this state by the department in a manner which ensures the stewardship of the area.

2. The binding unilateral declaration by the state that land under the ownership of the state is to be held in trust for the people of this state by the department in a manner which ensures the stewardship of the area.

(c) "State ice age trail area" means the trail designated under s. 23.17 (2).

(d) "Stewardship" means the continuing obligation to provide the necessary maintenance, management, protection, husbandry and support.

(2) **MAP.** The department shall develop a map which designates the state ice age trail areas.

(3) **STEWARDSHIP.** The department is responsible for the stewardship of state ice age trail area lands.

(4) **CONTRIBUTIONS AND GIFTS; STATE MATCH.** The department may accept contributions and gifts for the ice age trail program. The department may convert gifts of land which it determines are not appropriate for the ice age trail program into cash. The department may convert other noncash contributions and gifts into cash. These moneys shall be deposited in the general fund and credited to the appropriation under s. 20.370 (1) (gg). The value of all contributions and gifts shall be matched by an amount equal to 67% of that value released from the appropriation under s. 20.866 (2) (tw) or (tz) or both to be used for land acquisition and development activities under s. 23.17. The department shall determine how the moneys being released are to be allocated from these appropriations. No moneys may be released under s. 20.866 (2) (tz) before July 1, 1990.

(5) **LAND DEDICATIONS; VALUATION; STATE MATCH.** The department shall determine the value of land accepted for dedication under the ice age trail program. If the land dedication involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation shall be based on the fair market value of the land before the transfer. If the land dedication involves the transfer of a partial interest in land to the state, the valuation shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the land dedication involves a sale of land to the department at less than the fair market value, the valuation of the dedication shall be based on the difference between the purchase price and the fair market value. An amount equal to 67% of the value of land accepted for dedication under the ice age trail program shall be released from the appropriation under s. 20.866 (2) (tw) or (tz) or both to be used for ice age trail acquisition activities under s. 23.17. This subsection does not apply to dedications of land under the ownership of the state. The department shall determine how the moneys being released

**23.293 CONSERVATION**

are to be allocated from these appropriations. No moneys may be released under s. 20.866 (2) (tz) before July 1, 1990.

(6) **LAND DEDICATIONS; ELIGIBILITY AND ACCEPTANCE.** The department shall accept land except as provided by sub. (7), (8), (9), (10) or (12), within the state ice age trail area for dedication unless the long-term stewardship of the dedicated land cannot reasonably be assured.

(7) **LAND DEDICATIONS; TRANSFER OF INTEREST.** The department may not accept land for dedication under the ice age trail program unless all interest in the land or a partial interest in the land is transferred to the state to be held in trust for the people of this state by the department. This subsection does not apply to land under the ownership of the state.

(8) **LAND DEDICATIONS; STATE LAND.** Land under the ownership of the state and under the control or management of the department may be accepted for dedication under the ice age trail program. Land under the ownership of the state but under the management or control of another agency may be accepted for dedication under the ice age trail program if the appropriate agency transfers sufficient permanent and irrevocable authority over the management and control of that land to the department.

(9) **LAND DEDICATIONS; PERMANENT AND IRREVOCABLE.** Except as permitted under this subsection, the department may not accept land for dedication under the ice age trail program unless the land dedication is permanent and irrevocable. The department may not accept land for dedication under the ice age trail program if the dedication or any provision in the articles of dedication include any reversionary right or any provision which extinguishes the dedication at a certain time or upon the development of certain conditions, except that the department may authorize a reversion or extinction if the land is withdrawn from the ice age trail program as provided under subs. (16) and (17). The department may not accept land for dedication under the ice age trail program if the articles of dedication allow for amendment or revision except as provided under subs. (14) and (15).

(10) **LAND DEDICATIONS; PUBLIC TRUST.** The department may not accept land for dedication under the ice age trail program unless the land dedication provides that the interest in land which is transferred to or held by the state is to be held in trust for the people of this state by the department.

(11) **LAND DEDICATIONS; STEWARDSHIP.** The department may enter into contracts or agreements with other agencies or persons to act as its agent and to ensure that stewardship is provided for a dedicated ice age trail area or to assume stewardship responsibility for a dedicated ice age trail area. In no case may the department abrogate its ultimate stewardship responsibility or its obligation as a trustee of the land.

(12) **LAND DEDICATION; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; NOTICE PRIOR TO SALE OR TRANSFER.** The department may not accept land for dedication under the ice age trail program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for notice are provided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the ice age trail program unless adequate provisions for notice are provided. At a minimum, adequate provisions for notice shall require 30 days' notice to the department before any sale, transfer or conveyance of the land or an interest in the land. The department may not regulate or prohibit the sale, transfer or conveyance of a dedicated ice age trail area or an interest in a dedicated ice age trail area but the department may ensure that the grantee, lessee or other party is informed of the dedication and understands that restrictions, conditions, obligations, covenants and other provisions in the

dedication and articles of dedication run with the land and are binding on subsequent grantees, lessees and similar parties. No sale, transfer or conveyance of a dedicated ice age trail area may violate the dedication or the articles of dedication. The register of deeds shall notify the department if a dedicated ice age trail area is transferred by will or as part of an estate.

(13) **ARTICLES OF DEDICATION; FORM.** Articles of dedication are not in proper form unless they are prepared as a conservation easement under s. 700.40 or in another form acceptable to the department. Articles of dedication are not in proper form unless they run with the land and are binding on all subsequent purchasers or any other successor to an interest in the land. Articles of dedication are not in proper form unless the articles qualify as an instrument which is valid and meets the requirements for recording under s. 706.04.

(14) **ARTICLES OF DEDICATION; AMENDMENT; JUSTIFICATION.** The articles of dedication may not be amended or revised unless the amendment or revision serves a valid public purpose, no prudent alternative exists and the amendment or revision would not significantly injure or damage the ice age trail.

(15) **ARTICLES OF DEDICATION; AMENDMENT; PROCEDURE.** The articles of dedication may not be amended or revised until and unless:

(a) *Agreement.* The department and any other party with a property interest in the dedicated ice age trail area agree to the proposed amendment or revision.

(b) *Findings.* The department issues written findings justifying the proposed amendment or revision under sub. (14).

(c) *Notice and hearing.* A public hearing is conducted in the county where the dedicated ice age trail area is located following publication of a class 1 notice, under ch. 985, which announces the hearing and summarizes the department's findings.

(d) *Standing committee approval.* The appropriate standing committee in each house of the legislature, as determined by each presiding officer, approves the proposed amendment or revision.

(e) *Approval by governor.* The governor approves the proposed amendment or revision.

(f) *Recording.* The amendment or revision is recorded in the office of the register of deeds.

(16) **WITHDRAWAL; JUSTIFICATION.** The department may not withdraw a state ice age trail area from the state ice age trail areas system unless:

(a) *Extinction of value.* The value which enabled the area to be considered a dedicated ice age trail area no longer exists or was destroyed or damaged to such an extent that the area has no importance or has a low level of importance as determined by the department.

(b) *Superseding public purpose.* The withdrawal serves a superseding and imperative public purpose and no prudent alternative exists.

(17) **WITHDRAWAL; PROCEDURE.** The department may not withdraw a dedicated ice age trail area from the state ice age trail areas system until and unless:

(a) *Findings.* The department issues written findings justifying the proposed withdrawal under sub. (16) (a) or (b).

(b) *Notice and hearing.* A public hearing is conducted in the county where the dedicated ice age trail area is located following publication of a class 1 notice, under ch. 985, which announces the hearing and summarizes the department's findings.

(d) *Approval by governor.* The governor approves the proposed withdrawal.

(e) *Recording.* The withdrawal is recorded with the register of deeds.

The department may provide legal advice and may prepare model articles of dedication to facilitate the dedication of lands under the ice age trail program.

2. The all-terrain vehicle is operated outside of the roadway along town highways.

3. During hours of darkness the all-terrain vehicle is operated in the same direction as motor vehicle traffic in the nearest lane, although during daylight hours travel may be in either direction regardless of the flow of motor vehicle traffic.

4. The all-terrain vehicle does not exceed the speed limits of the adjacent roadway.

5. The all-terrain vehicle is operated with due regard to safety and in compliance with rules promulgated by the department and approved by the department of transportation.

**(4c) INTOXICATED OPERATION OF AN ALL-TERRAIN VEHICLE.**

(a) *Operation.* 1. Operating while under the influence of an intoxicant. No person may engage in the operation of an all-terrain vehicle while under the influence of an intoxicant to a degree which renders him or her incapable of safe all-terrain vehicle operation.

2. Operating with alcohol concentrations at or above specified levels. No person may engage in the operation of an all-terrain vehicle while the person has a blood alcohol concentration of 0.1% or more by weight of alcohol in his or her blood. No person may engage in the operation of an all-terrain vehicle while the person has 0.1 grams or more of alcohol in 210 liters of his or her breath.

3. Operating with alcohol concentrations at specified levels; below age 19. If a person has not attained the age of 19, the person may not engage in the operation of an all-terrain vehicle while he or she has a blood alcohol concentration of more than 0.0% but not more than 0.1% by weight of alcohol in his or her blood or more than 0.0 grams but not more than 0.1 grams of alcohol in 210 liters of his or her breath.

4. Related charges. A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of subd. 1 or 2 or both for acts arising out of the same incident or occurrence. If the person is charged with violating both subds. 1 and 2, the offenses shall be joined. If the person is found guilty of both subds. 1 and 2 for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under sub. (13) (b) 2 and 3. Subdivisions 1 and 2 each require proof of a fact for conviction which the other does not require.

(b) *Causing injury.* 1. Causing injury while under the influence of an intoxicant. No person while under the influence of an intoxicant to a degree which renders him or her incapable of safe all-terrain vehicle operation may cause injury to another person by the operation of an all-terrain vehicle.

2. Causing injury with alcohol concentrations at or above specified levels. No person who has a blood alcohol concen-

tration of 0.1% or more by weight of alcohol in his or her blood may cause injury to another person by the operation of an all-terrain vehicle. No person who has 0.1 grams or more of alcohol in 210 liters of his or her breath may cause injury to another person by the operation of an all-terrain vehicle.

3. Related charges. A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of subd. 1 or 2 or both for acts arising out of the same incident or occurrence. If the person is charged with violating both subds. 1 and 2 in the complaint, the crimes shall be joined under s. 971.12. If the person is found guilty of both subds. 1 and 2 for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under sub. (13) (b) 2 and 3. Subdivisions 1 and 2 each require proof of a fact for conviction which the other does not require.

4. Defenses. In an action under this paragraph, the defendant has a defense if he or she proves by a preponderance of the evidence that the injury would have occurred even if he or she had been exercising due care and he or she had not been under the influence of an intoxicant or did not have a blood alcohol concentration of 0.1% or more by weight of alcohol in his or her blood or 0.1 grams or more of alcohol in 210 liters of his or her breath.

**(4g) PRELIMINARY BREATH SCREENING TEST.** (a) *Requirement.* A person shall provide a sample of his or her breath for a preliminary breath screening test if a law enforcement officer has probable cause to believe that the person is violating or has violated the intoxicated operation of an all-terrain vehicle law and if, prior to an arrest, the law enforcement officer requested the person to provide this sample.

(b) *Use of test results.* A law enforcement officer may use the results of a preliminary breath screening test for the purpose of deciding whether or not to arrest a person for a violation of the intoxicated operation of an all-terrain vehicle law or for the purpose of deciding whether or not to request a chemical test under sub. (4p). Following the preliminary breath screening test, chemical tests may be required of the person under sub. (4p).

(c) *Admissibility.* The result of a preliminary breath screening test is not admissible in any action or proceeding except to show probable cause for an arrest, if the arrest is challenged, or to show that a chemical test was properly required of a person under sub. (4p).

(d) *Refusal.* There is no penalty for a violation of par. (a). Subsection (13) (a) and the general penalty provision under s. 939.61 do not apply to that violation.

**(4j) APPLICABILITY OF THE INTOXICATED OPERATION OF AN ALL-TERRAIN VEHICLE LAW.** In addition to being applicable upon highways, the intoxicated operation of an all-terrain vehicle law is applicable upon all premises held out to the public for use of their all-terrain vehicles, whether such premises are publicly or privately owned and whether or not a fee is charged for the use thereof.

**(4L) IMPLIED CONSENT.** Any person who engages in the operation of an all-terrain vehicle upon the public highways of this state, or in those areas enumerated in sub. (4j), is deemed to have given consent to provide one or more samples of his or her breath, blood or urine for the purpose of authorized analysis as required under sub. (4p). Any person who engages in the operation of an all-terrain vehicle within this state is deemed to have given consent to submit to one or more chemical tests of his or her breath, blood or urine for the purpose of authorized analysis as required under sub. (4p).

**(4p) CHEMICAL TESTS.** (a) *Requirement.* 1. Samples; submission to tests. A person shall provide one or more samples of his or her breath, blood or urine for the purpose of authorized

analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle law and if he or she is requested to provide the sample by a law enforcement officer. A person shall submit to one or more chemical tests of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle law and if he or she is requested to submit to the test by a law enforcement officer.

2. Information. A law enforcement officer requesting a person to provide a sample or to submit to a chemical test under subd. 1 shall inform the person of all of the following at the time of the request and prior to obtaining the sample or administering the test:

a. That he or she is deemed to have consented to tests under sub. (4L).

b. That a refusal to provide a sample or to submit to a chemical test constitutes a violation under par. (e) and is subject to the same penalties and procedures as a violation of sub. (4c) (a) 1.

c. That in addition to the designated chemical test under par. (b) 2, he or she may have an additional chemical test under par. (c) 1.

3. Unconscious person. A person who is unconscious or otherwise not capable of withdrawing consent is presumed not to have withdrawn consent under this paragraph, and if a law enforcement officer has probable cause to believe that the person violated the intoxicated operation of an all-terrain vehicle law, one or more chemical tests may be administered to the person without a request under subd. 1 and without providing information under subd. 2.

(b) *Chemical tests.* 1. Test facility. Upon the request of a law enforcement officer, a test facility shall administer a chemical test of breath, blood or urine for the purpose of authorized analysis. A test facility shall be prepared to administer 2 of the 3 chemical tests of breath, blood or urine for the purpose of authorized analysis. The department may enter into agreements for the cooperative use of test facilities.

2. Designated chemical test. A test facility shall designate one chemical test of breath, blood or urine which it is prepared to administer first for the purpose of authorized analysis.

3. Additional chemical test. A test facility shall specify one chemical test of breath, blood or urine, other than the test designated under subd. 2, which it is prepared to administer for the purpose of authorized analysis as an additional chemical test.

4. Validity; procedure. A chemical test of blood or urine conducted for the purpose of authorized analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of the laboratory of hygiene, department of health and social services and department of transportation under s. 343.305 (6) apply to a chemical test of blood or urine conducted for the purpose of authorized analysis under this subsection. Blood may be withdrawn from a person arrested for a violation of the intoxicated operation of an all-terrain vehicle law only by a physician, registered nurse, medical technologist, physician's assistant or person acting under the direction of a physician and the person who withdraws the blood, the employer of that person and any hospital where blood is withdrawn have immunity from civil or criminal liability as provided under s. 895.53.

5. Report. A test facility which administers a chemical test of breath, blood or urine for the purpose of authorized analysis under this subsection shall prepare a written report which shall include the findings of the chemical test, the identification of the law enforcement officer or the person

who requested a chemical test and the identification of the person who provided the sample or submitted to the chemical test. The test facility shall transmit a copy of the report to the law enforcement officer and the person who provided the sample or submitted to the chemical test.

(c) *Additional and optional chemical tests.* 1. Additional chemical test. If a person is arrested for a violation of the intoxicated operation of an all-terrain vehicle law or is the operator of an all-terrain vehicle involved in an accident resulting in great bodily harm to or the death of someone and if the person is requested to provide a sample or to submit to a test under par. (a) 1, the person may request the test facility to administer the additional chemical test specified under par. (b) 3 or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis.

2. Optional test. If a person is arrested for a violation of the intoxicated operation of an all-terrain vehicle law and if the person is not requested to provide a sample or to submit to a test under par. (a) 1, the person may request the test facility to administer a chemical test of his or her breath or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis. If a test facility is unable to perform a chemical test of breath, the person may request the test facility to administer the designated chemical test under par. (b) 2 or the additional chemical test under par. (b) 3.

3. Compliance with request. A test facility shall comply with a request under this paragraph to administer any chemical test it is able to perform.

4. Inability to obtain chemical test. The failure or inability of a person to obtain a chemical test at his or her own expense does not preclude the admission of evidence of the results of a chemical test required and administered under pars. (a) and (b).

(d) *Admissibility, effect of test results, other evidence.* The results of a chemical test required or administered under par. (a), (b) or (c) are admissible in any civil or criminal action or proceeding arising out of the acts committed by a person alleged to have violated the intoxicated operation of an all-terrain vehicle law on the issue of whether the person was under the influence of an intoxicant or the issue of whether the person had alcohol concentrations at or above specified levels. Results of these chemical tests shall be given the effect required under s. 885.235. This subsection does not limit the right of a law enforcement officer to obtain evidence by any other lawful means.

(e) *Refusal.* No person may refuse a lawful request to provide one or more samples of his or her breath, blood or urine or to submit to one or more chemical tests under par. (a). A person shall not be deemed to refuse to provide a sample or to submit to a chemical test if it is shown by a preponderance of the evidence that the refusal was due to a physical inability to provide the sample or to submit to the test due to a physical disability or disease unrelated to the use of an intoxicant. Issues in any action concerning violation of par. (a) or this paragraph are limited to:

1. Whether the law enforcement officer had probable cause to believe the person was violating or had violated the intoxicated operation of an all-terrain vehicle law.

2. Whether the person was lawfully placed under arrest for violating the intoxicated operation of an all-terrain vehicle law.

3. Whether the law enforcement officer requested the person to provide a sample or to submit to a chemical test and

provided the information required under par. (a) 2 or whether the request and information was unnecessary under par. (a) 3.

4. Whether the person refused to provide a sample or to submit to a chemical test.

(4p) (a) 1 shows that there is 0.05% or less by weight of alcohol in the person's blood or 0.05 grams or less of alcohol in 210 liters of the person's breath, but the person may be released to his or her attorney, spouse, relative or other responsible adult at any time after arrest.

**23.73 Discovery.** Neither party is entitled to pretrial discovery except that if the defendant moves within 10 days after the alleged violation and shows cause therefor, the court may order that the defendant be allowed to inspect and test under such conditions as the court prescribes, any devices used by the plaintiff to determine whether a violation has been committed and may inspect the reports of experts relating to those devices.

**History:** 1975 c. 365.

**23.74 Mode of trial. (1)** The defendant shall be informed of the right to a jury trial in circuit court on payment of fees required by s. 23.77 (1).

**History:** 1975 c. 365; 1977 c. 305; 1977 c. 449 s. 497.

**23.75 Proceedings in court. (1)** If the defendant appears in court at the time directed in the citation or summons, the case shall be tried as provided by law.

**(2)** If the defendant fails to appear in court at the time fixed in the complaint and summons, judgment may be rendered against the defendant according to the demand of the complaint, or the court may issue a warrant for the defendant's arrest.

**(3)** If the defendant fails to appear in court at the time fixed in the citation or by subsequent postponement, the following procedure shall apply:

(a) If the defendant has not made a deposit, the court may issue a summons or an arrest warrant.

(b) If the defendant has made a deposit, the citation may serve as the initial pleading and the defendant shall be deemed to have tendered a plea of no contest and submitted to a forfeiture, a penalty assessment, a jail assessment, any applicable weapons assessment, any applicable natural resources assessment and any applicable natural resources restitution payment plus any applicable fees prescribed in ch. 814, not exceeding the amount of the deposit. The court may either accept the plea of no contest and enter judgment accordingly, or reject the plea and issue a summons. If the defendant fails to appear in response to the summons, the court shall issue an arrest warrant. If the court accepts the plea of no contest, the defendant may move within 90 days after the date set for appearance to withdraw the plea of no contest, open the judgment and enter a plea of not guilty if the defendant shows to the satisfaction of the court that failure to appear was due to mistake, inadvertence, surprise or excusable neglect. If a party is relieved from the plea of no contest, the court or judge may order a written complaint to be filed and set the matter for trial. After trial the costs and fees shall be taxed as provided by law. If on reopening the defendant is found not guilty, the court shall delete the record of conviction and shall order the defendant's deposit returned.

(c) If the defendant has made a deposit and stipulation of no contest, the citation may serve as the initial pleading and the defendant shall be deemed to have tendered a plea of no

contest and submitted to a forfeiture, a penalty assessment, a jail assessment, any applicable weapons assessment, any applicable natural resources assessment and any applicable natural resources restitution payment plus any applicable fees prescribed in ch. 814, not exceeding the amount of the deposit. The court may either accept the plea of no contest and enter judgment accordingly, or reject the plea and issue a summons. If the defendant fails to appear in response to the summons, the court shall issue an arrest warrant. After signing a stipulation of no contest, the defendant may, at any time prior to or at the time of the court appearance date, move the court for relief from the effect of the stipulation. The court may act on the motion, with or without notice, for cause shown by affidavit and upon just terms, and relieve the defendant from the stipulation and the effects thereof. If the defendant is relieved from the stipulation of no contest, the court may order a citation or complaint to be filed and set the matter for trial. After trial the costs and fees shall be taxed as provided by law.

**(4)** If a citation or summons is issued to a defendant and he or she is unable to appear in court on the day specified, the defendant may enter a plea of not guilty by mailing to the judge at the address indicated on the citation or summons a letter stating such plea. The letter must show the defendant's return address. Such letter may include a request for trial during normal daytime business hours. Upon receipt of the letter, the judge shall reply by letter to the defendant's address setting forth a time and place for trial, such time to be during normal business hours if so requested. The date of the trial shall be at least 10 days from the mailing by the judge. Nothing in this subsection forbids the setting of the trial at any time convenient to all parties concerned.
