GENERAL ADMINISTRATION

16.001 Organization of department. (1) **PURPOSES.** The purposes of this chapter are to conserve the state's resources by coordinating management services and providing effective aid to agencies of the state government; to present clearly defined alternatives and objectives of state programs and policies so that the state's agencies, the governor and the legislature may plan cooperatively and finance the services which the state will provide for its citizens; to help the state's agencies furnish the agreed upon services as efficiently and effectively as possible, avoiding any duplication of effort or waste of money; to assure the legislature and the governor that the services are being provided to the public at the agreed upon quantity, quality and cost; and to anticipate and resolve administrative and financial problems faced by the agencies, governor and legislature of the state.

(2) **LIBERAL CONSTRUCTION OF STATUTES.** Statutes applicable to the department of administration shall be construed liberally in aid of the purposes declared in sub. (1).

16.002 Definitions. In this chapter:

(1) "Department" means the department of administration.

(2) "Departments" means constitutional offices, departments and independent agencies and includes all societies, associations and other agencies of state government for which appropriations are made by law.

(3) "Position" means a group of duties and responsibilities in either the classified or the unclassified divisions of the civil service, which require the services of an employe on a part-time or full-time basis.

(4) "Secretary" means the secretary of administration.

History: 1977 c. 196; 1983 a. 27, 189.

16.003 Department of administration. (1) **PURPOSE.** The department shall carry out the purposes of this chapter by improving the techniques used for such management specialties, not limited by enumeration, as budgeting, accounting, engineering, purchasing, records management and fleet management; by coordinating and providing services which are used by more than one agency, and by reviewing agencies' programs and management to identify problems and suggest improvements.

(2) **STAFF.** Except as provided in ss. 16.548, 16.57, 978.03 (1), (1m) and (2), 978.04 and 978.05 (8) (b), the secretary shall appoint the staff necessary for performing the duties of the department. All staff shall be appointed under the classified service except as otherwise provided by law.

History: 1971 c. 270; 1977 c. 196; 1979 c. 34; 1983 a. 27; 1989 a. 31, 117; 1991 a. 39.

(3) **INVESTIGATIONS AND HEARINGS.** (a) The department, when directed by the governor, shall investigate any irregularities, and all phases of operating cost and functions, of executive or administrative agencies so as to determine the feasibility of consolidat-

ing, creating or rearranging agencies for the purpose of effecting the elimination of unnecessary state functions, avoiding duplication, reducing the cost of administration and increasing efficiency.

(b) The secretary may hold either public or private hearings to inform the secretary of any matters relating to the secretary's functions and for that purpose shall be clothed with the powers relating to witnesses given by s. 885.01 (4) and s. 885.12 shall apply.

(4) **FREEDOM OF ACCESS.** The secretary and such employes of the department as the secretary designates may enter into the offices of state agencies and authorities created under chs. 231, 233 and 234, and may examine their books and accounts and any other matter which in the secretary's judgment should be examined and may interrogate the agency's employes publicly or privately relative thereto.

(5) **AGENCIES AND EMPLOYES TO COOPERATE.** All state agencies and authorities created under chs. 231, 233 and 234, and their officers and employes, shall cooperate with the secretary and shall comply with every request of the secretary relating to his or her functions.

(6) **MANAGEMENT AUDITS.** The secretary shall periodically make management audits of agencies, utilizing teams of specialists in the fields of purchasing, personnel, accounting, budgeting, space utilization, forms design and control, records management, and any other specialties necessary to effectively appraise all management practices, operating procedures and organizational structures.

(7) **PERSONNEL MANAGEMENT INFORMATION SYSTEM.** (a) The secretary shall establish and maintain a personnel management information system which shall be used to furnish the governor, the legislature and the department of employment relations with current information pertaining to authorized positions, payroll and related items for all civil service employes, except employes of the office of the governor, the courts and judicial branch agencies, and the legislature and legislative service agencies. It is the intent of the legislature that the university of Wisconsin system provide position and other information to the department and the legislature, which includes appropriate data on each position, facilitates accountability for each authorized position and traces each position over time. Nothing in this paragraph may be interpreted as limiting the authority of the board of regents of the university of Wisconsin system to allocate and reallocate positions by funding source within the legally authorized levels.

(b) When requested by the joint committee on finance, the secretary shall report to the committee on the compliance of each agency in the executive branch in providing the data necessary for operation of the personnel management information system.

(8) **STATE-OWNED HOUSING RENTALS.** (a) In this subsection, "agency" has the meaning given in s. 16.52 (7).

(am) The secretary shall maintain a system of rental policies for state-owned housing administered by all agencies and shall periodically review the system for possible changes. Whenever the secretary proposes to change rental policies other than rental rates, the secretary shall submit a report relating to the system to the joint committee on finance. The report shall include any changes in rental policies recommended by the secretary.

(b) The joint committee on finance, following its review, may approve or disapprove rental policies submitted under par. (am). Any changes in rental policies shall be effective upon approval or at such time following approval as may be specified in the secretary's submittal.

(c) Notwithstanding par. (b), if the cochairpersons of the joint committee on finance do not notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the recommended changes in rental policies contained in the report submitted under par. (am) within 14 working days after the date of the secretary's submittal, the secretary may implement any recommended changes in rental policies contained in the report. If, within 14 working days after the date of the secretary's submittal, the cochairpersons of the committee notify the secretary that the committee has scheduled a meeting for the purpose of reviewing the recommended changes in rental policies contained in the report, the secretary may implement the recommended changes only with the approval of the committee.

(d) The system established under par. (am) shall include a procedure for review of the need to retain state-owned housing units and possible disposition of such units. The secretary shall submit recommendations regarding the disposition of any housing units to the building commission.

(e) 1. In this paragraph, "consumer price index" means the average of the consumer price index over each 12-month period, all items, U.S. city average, as determined by the bureau of labor statistics of the U.S. department of labor.

2. No later than July 1 of the 2nd year following each federal decennial census, the secretary shall obtain appraisals of the fair market value of all state-owned housing rental units administered by agencies. The secretary shall determine and fix rental rates for such units based on the appraisals, which shall take effect on the following August 15.

3. If the secretary determines that a state-owned housing rental unit has been affected by a major renovation, the secretary may order a reappraisal of the fair market value of the unit. Whenever a reappraisal of the fair market value of a unit is obtained, the secretary shall determine and fix a new rental rate for that unit based on the reappraisal. If the reappraisal is obtained prior to July 1 of any year, the rate shall take effect on August 15 of that year; otherwise it shall take effect on August 15 of the following year.

4. If no appraisal of a state-owned housing rental unit is made during the 24-month period ending on July 1 of any even-numbered year, the current rental rate for the unit shall be subject to a biennial cost-of-living adjustment. To determine the adjustment, the secretary shall calculate the percentage difference between the consumer price index for the 12-month period ending on December 31 of the preceding year and the consumer price index for the base period, calendar year 1991. The secretary shall increase the rental rate by that percentage, rounded to the nearest whole dollar, which amount shall take effect on August 15.

5. The secretary shall charge the cost of the appraisal of each state-owned housing rental unit to the appropriation specified in s. 16.40 (19) or, if there is no such appropriation, to the appropriation or appropriations which fund the program in connection with which the housing is utilized.

(9) AGREEMENTS TO MAINTAIN AN ACCOUNTING FOR OPERATING NOTES. The secretary may enter into agreements to maintain an accounting of, forecast and administer those moneys that are in the process of collection by the state and that are pledged for the repayment of operating notes issued under subch. III of ch. 18, in accordance with resolutions of the building commission authorizing the issuance of the operating notes.

(10) RECYCLING PROPOSAL. The secretary shall develop a proposal for funding recycling in this state. That proposal shall distribute the burden of funding so that the portion paid by business, industry and citizens reflects their contribution to the waste stream. The secretary shall submit its proposal to the joint committee on finance on or before January 31, 1991.

(11) RISK MANAGEMENT PROGRAM SUPPLEMENTATION. Prior to transferring moneys from the appropriation under s. 20.505 (2) (a) to the appropriation under s. 20.505 (2) (k), the secretary shall notify in writing the cochairpersons of the joint committee on finance of his or her proposed action.

If no determination is made as to the appropriation or appropriations from which a claim shall be paid, the claim shall be paid from the appropriation under s. 20.505 (4) (d).

(k) After consulting with the department of regulation and licensing and obtaining from that department a listing of all practicing physicians in this state, by January 1, 1991, and annually thereafter, send an inquiry to each of those physicians as to whether he or she is a full-time physician who practices in this state and who treats beneficiaries of medicare Part B in this state. If the answer is affirmative, the inquiry shall be whether he or she voluntarily accepts, from each of his or her patients in this state who is a beneficiary and who had household income in the beneficiary's taxable year prior to the year in which treatment is received that did not exceed the maximum income allowed for claiming the homestead credit, as calculated under s. 71.54 (1), assignment of the beneficiary's benefits for reimbursement for the provision of medical or other health service authorized under medicare Part B. The inquiry shall also be whether the physician does not require payment of any amount that is in excess of the reasonable charge, as determined by the federal health care financing administration through the insurance carrier for medicare Part B in this state, for the medicare Part B authorized medical or other health service that the physician renders to the beneficiaries in this state.

(l) From the information obtained in answer to the inquiry under par. (k), provide to beneficiaries of medicare Part B in this state information with respect to those practicing physicians who voluntarily accept assignment of beneficiaries' benefits for reimbursement and do not require additional payment, as specified in par. (k).

(m) Inquire of and obtain from the carrier for medicare Part B in this state, by January 1, 1991, and annually thereafter, information concerning the percentage of the claims in this state for payment of services covered by medicare Part B, for which full-time physicians who practice in this state voluntarily accept, from each of their patients in this state who is a medicare Part B beneficiary and who had household income in the beneficiary's taxable year prior to the year in which treatment is received that did not exceed the maximum income allowed for claiming the homestead credit,

as calculated under s. 71.54 (1), assignment of the beneficiary's benefits for reimbursement for the provision of medical or other health service authorized under medicare Part B.

(n) From the information obtained in answer to the inquiries under pars. (k) and (m), determine all of the following and, beginning July 1, 1991, and annually thereafter, submit a report to the chief clerk of each house of the legislature for distribution under s. 13.172 (2) concerning:

1. Whether at least 80% of the full-time physicians who practice in this state and who treat beneficiaries of medicare Part B in this state voluntarily accept, from each of their patients in this state who is a beneficiary of medicare Part B and who had household income in the beneficiary's taxable year prior to the year in which treatment is received that did not exceed the maximum income allowed for claiming the homestead credit, as calculated under s. 71.54 (1), assignment of the beneficiaries' benefits and do not require payment of any amount in excess of the reasonable charge. If the percentage determined under this subdivision is less than 80%, the board shall determine the applicable percentage.

2. Whether, for at least 80% of the claims specified in par. (m) and at least 80% of the claims in this state for payment of services covered by medicare Part B, full-time physicians who practice in this state voluntarily accept assignment of the benefits of beneficiaries in this state and do not require payment of any amount in excess of the reasonable charge. If the percentage determined under this subdivision is less than 80%, the board shall determine the applicable percentage.

16.10 Ratification of the midwest interstate low-level radioactive waste compact. The midwest interstate low-level radioactive waste compact contained in s. 16.11, by and between this state and any other state which ratifies or joins this compact, is ratified and approved.

History: 1983 a. 393.

16.11 Midwest interstate low-level radioactive waste compact. (1) ARTICLE I—POLICY AND PURPOSE. (a) There is created the midwest interstate low-level radioactive waste compact. The states party to this compact recognize that the congress of the United States, by enacting "The Low-Level Radioactive Waste Policy Act", as amended by the "Low-Level Radioactive Waste Policy Amendments Act of 1985", 42 USC 2021b to 2021j, has provided for and encouraged the development of low-level radioactive waste compacts as a tool for disposing of such waste. The party states acknowledge that the congress declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities. The party states also recognize that the disposal of low-level radioactive waste is handled most efficiently on a regional basis and that the safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to dispose of such waste be properly provided. It is the policy of the party states to enter into a regional low-level radioactive waste disposal compact for the purpose of:

1. Providing the instrument and framework for a cooperative effort;
2. Providing sufficient facilities for the proper disposal of low-level radioactive waste generated in the region;
3. Protecting the health and safety of the citizens of the region;

4. Limiting the number of facilities required to effectively and efficiently dispose of low-level radioactive waste generated in the region;

5. Encouraging source reduction and the environmentally sound treatment of waste that is generated to minimize the amount of waste to be disposed of;

6. Ensuring that the costs, expenses, liabilities and obligations of low-level radioactive waste disposal are paid by generators and other persons who use compact facilities to dispose of their waste;

7. Ensuring that the obligations of low-level radioactive waste disposal that are the responsibility of the party states are shared equitably among them;

8. Ensuring that the party states that comply with the terms of this compact and fulfill their obligations under it share equitably in the benefits of the successful disposal of low-level radioactive waste; and

9. Ensuring the environmentally sound, economical and secure disposal of low-level radioactive wastes.

(b) Implicit in the congressional consent to this compact is the expectation by the congress and the party states that the appropriate federal agencies will actively assist the compact commission and the individual party states to this compact by:

1. Expeditious enforcement of federal rules, regulations and laws;

2. Imposition of sanctions against those found to be in violation of federal rules, regulations and laws; and

3. Timely inspection of their licensees to determine the compliance with these rules, regulations and laws.

(2) ARTICLE II—DEFINITIONS. AS used in this compact, unless the context clearly requires a different construction:

(a) “Care” means the continued observation of a facility after closing for the purposes of detecting a need for maintenance, ensuring environmental safety and determining compliance with applicable licensure and regulatory requirements and includes the correction of problems which are detected as a result of that observation.

(b) “Close”, “closed” or “closing” means that the compact facility with respect to which any of those terms is used has ceased to accept waste for disposal. “Permanently closed” means that the compact facility with respect to which the term is used has ceased to accept waste because it has operated for 20 years or a longer period of time as authorized by sub. (6) (i), its capacity has been reached, the commission has authorized it to close pursuant to sub. (3) (h) 7., the host state of such facility has withdrawn from the compact or had its membership revoked or this compact has been dissolved.

(c) “Commission” means the midwest interstate low-level radioactive waste commission.

(d) “Compact facility” means a waste disposal facility that is located within the region and that is established by a party state pursuant to the designation of that state as a host state by the commission.

(n) “Operates”, “operational” or “operating” means that the compact facility with respect to which any of those terms is used accepts waste for disposal.

(o) “Party state” means any eligible state that enacts this compact into law, pays any eligibility fee established by the commission, and has not withdrawn from this compact or had its membership in this compact revoked, provided that a state that has withdrawn from this compact or had its membership revoked again becomes a party state if it is readmitted to membership in this compact pursuant to sub. (8) (a). “Party state” includes any host state. “Party state” also includes any statutorily created administrative departments, agencies or instrumentalities of a party state, but does not include municipal corporations, regional or local units of government or other political subdivisions of a party state that are responsible for governmental activities on less than a statewide basis.

(p) “Person” means any individual, corporation, association, business enterprise or other legal entity either public or private and any legal successor, representative, agent or agency of that individual, corporation, association, business enterprise or other legal entity. “Person” also includes the United States, states, political subdivisions of states and any department, agency or instrumentality of the United States or a state.

(q) “Region” means the area of the party states.

(r) “Site” means the geographic location of a facility.

(t) “Storage” means the temporary holding of waste.

(u) “Treatment” means any method, technique or process, including storage for radioactive decay, designed to change the physical, chemical or biological characteristics or composition of any waste in order to render the waste safer for transport or management, amenable to recovery, convertible to another usable material or reduced in volume.

(v) “Waste management”, “manage waste”, “management of waste”, “management” or “managed” means the storage, treatment or disposal of waste.

(3) ARTICLE III—THE COMMISSION. (a) There is created the midwest interstate low-level radioactive waste commission. The commission consists of one voting member from each party state. The governor of each party state shall notify the commission in writing of its member and any alternates. An alternate may act on behalf of the member only in that member’s absence. The method for selection and the expenses of each commission member shall be the responsibility of the member’s respective state.

(b) Each commission member is entitled to one vote. Except as otherwise specifically provided in this compact, an action of the commission is binding if a majority of the total membership cast its vote in the affirmative. A party state may direct its member or alternate member of the commission how to vote or not to vote on matters before the commission.

(c) The commission shall elect annually from among its members a chairperson. The commission shall adopt and publish, in convenient form, bylaws and policies which are not inconsistent with this compact, including procedures for the use of binding arbitration under sub. (6) (o) and procedures which substantially conform with the provisions of “The Federal Administrative Procedure Act”, 5 USC 500 to 559, in regard to notice, conduct and recording of meetings; access by the public to records; provision of information to the public; conduct of adjudicatory hearings; and issuance of decisions.

(d) The commission shall meet at least once annually and shall also meet upon the call of the chairperson or any other commission member.

(e) All meetings of the commission shall be open to the public with reasonable advance notice. The commission may, by majority vote, close a meeting to the public for the purpose of considering sensitive personnel or legal strategy matters. However, all commission actions and decisions shall be made in open meetings and appropriately recorded.

(f) The commission may establish advisory committees for the purpose of advising the commission on any matters pertaining to waste management.

(g) The office of the commission shall be in a party state. The commission may appoint or contract for and compensate such limited staff necessary to carry out its duties and functions. The staff shall have the responsibilities and authority delegated to it by the commission in its bylaws. The staff shall serve at the commission’s pleasure with the exception that staff hired as the result of securing federal funds shall be hired and governed under applicable federal statutes and regulations. In selecting any staff, the commission shall assure that the staff has adequate experience and formal training to carry out the functions assigned to it by the commission.

(h) The commission may do any or all of the following:

1. Appear as an intervenor or party in interest before any court of law or any federal, state or local agency, board or commission in any matter related to waste management. In order to represent its views, the commission may arrange for any expert testimony, reports, evidence or other participation.

2. Review any emergency closing of a compact facility, determine the appropriateness of that closing and take whatever lawful actions are necessary to ensure that the interests of the region are protected.

3. Take any action which is appropriate and necessary to perform its duties and functions as provided in this compact.

4. Approve the disposal of naturally occurring and accelerator produced radioactive material at a compact facility. The commission shall not approve the acceptance of such material without first making an explicit determination of the effect of the new waste stream on the compact facility’s maximum capacity. Such approval requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the

host state of the compact facility that would accept the material for disposal. Any such host state may, at any time, rescind its vote granting the approval and, thereafter, additional naturally occurring and accelerator produced radioactive material shall not be disposed of at a compact facility unless the disposal is again approved. All provisions of this compact apply to the disposal of naturally occurring and accelerator produced radioactive material that has been approved for disposal at a compact waste facility pursuant to this subdivision.

5. Enter into contracts in order to perform its duties and functions as provided in this compact.

6. When approved by the commission, with the member from each host state in which an affected compact facility is operating or being developed or constructed voting in the affirmative, enter into agreements to do any of the following:

- a. Import, for disposal within the region, waste generated outside the region.

- b. Export, for disposal outside the region, waste generated inside the region.

- c. Dispose of waste generated within the region at a facility within the region that is not a compact facility.

7. Authorize a host state to permanently close a compact facility located within its borders earlier than otherwise would be required by sub. (6) (i). Such a closing requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the state in which the affected compact facility is located.

- (i) The commission shall do all of the following:

1. Submit an annual report to, and otherwise communicate with, the governors and the appropriate officers of the legislative bodies of the party states regarding the activities of the commission.

2. Adopt and amend, by a two-thirds vote of the membership, in accordance with the procedures and criteria developed pursuant to sub. (4), a regional disposal plan which designates host states for the establishment of needed compact facilities.

3. Adopt an annual budget.

4. Establish and implement a procedure for determining the capacity of a compact facility. The capacity of a compact facility shall be established as soon as reasonably practical after the host state of the facility is designated and shall not be changed thereafter without the consent of the host state. The capacity of a compact facility shall be based on the projected volume or radioactive characteristics, or both, of the waste to be disposed of at the facility during the period set forth in sub. (6) (i).

5. Provide a host state with funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.

6. Establish and implement procedures for making payments from the remedial action fund provided for in par. (p).

7. Establish and implement procedures to investigate any complaint jointed in by 2 or more party states regarding another party state’s performance of its obligations under this compact.

8. Adopt policies promoting source reduction and the environmentally sound treatment of waste in order to minimize the amount of waste to be disposed of at compact facilities.

9. Establish and implement procedures for obtaining information from generators regarding the volume and characteristics of waste projected to be disposed of at compact facilities and regarding generator activities with respect to source reduction, recycling and treatment of waste.

10. Prepare annual reports regarding the volume and characteristics of waste projected to be disposed of at compact facilities.

- (j) Funding for the commission shall be provided as follows:

1. When no compact facility is operating, the commission may assess fees to be collected from generators of waste in the region. The fees shall be reasonable and equitable. The commission shall establish and implement procedures for assessing and

collecting the fees. The procedures may allow the assessing of fees against less than all generators of waste in the region; provided that if fees are assessed against less than all generators of waste in the region, generators paying the fees shall be reimbursed the amount of the fees, with reasonable interest, out of the revenues of operating compact facilities.

2. When a compact facility is operating, funding for the commission shall be provided through a surcharge collected by the host state as part of the fee system provided for in sub. (6) (j). The surcharge to be collected by the host state shall be determined by the commission and shall be reasonable and equitable.

3. In the aggregate, the fees or surcharges, as the case may be, shall be no more than is necessary to:

- a. Cover the annual budget of the commission.
- b. Provide a host state with the funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.
- c. Provide moneys for deposit in the remedial action fund established pursuant to par. (p).
- d. Provide moneys to be added to an inadequately funding long-term care fund as provided in sub. (6) (o).

(k) Financial statements of the commission shall be prepared according to generally accepted accounting principles. The commission shall contract with an independent certified public accountant to annually audit its financial statements and to submit an audit report to the commission. The audit report shall be made a part of the annual report of the commission required by this subsection.

(L) The commission may accept for any of its purposes and functions and may utilize and dispose of any donations, grants of money, equipment, supplies, materials and services from any state or the United States, or any subdivision or agency thereof, or interstate agency or from any institution, person, firm or corporation. The nature, amount and condition, if any, attendant upon any donation or grant accepted or received by the commission together with the identity of the donor, grantor or lender, shall be detailed in the annual report of the commission.

(m) The commission is a legal entity separate and distinct from the party states. Members of the commission and its employees are not personally liable for actions taken by them in their official capacity. The commission is not liable or otherwise responsible for any costs, expenses or liabilities resulting from the development, construction, operation, regulation, closing or long-term care of any compact facility or any noncompact facility made available to the region by any contract or agreement entered into by the commission under par. (h) 6. Nothing in this paragraph relieves the commission of its obligations under this subsection or under contracts to which it is a party. Any liabilities of the commission are not liabilities of the party states.

(n) Final decisions of the commission shall be made, and shall be subject to judicial review, in accordance with all of the following conditions:

1. Every final decision shall be made at an open meeting of the commission. Before making a final decision, the commission shall provide an opportunity for public comment on the matter to be decided. Each final decision shall be reduced to writing and shall set forth the commission's reasons for making the decision.
2. Before making a final decision, the commission may conduct an adjudicatory hearing on the proposed decision.
3. Judicial review of a final decision shall be initiated by filing a petition in the U.S. district court for the district in which the person seeking the review resides or in which the commission's office is located not later than 60 days after issuance of the commission's written decision. Concurrently with filing the petition for review with the court, the petitioner shall serve a copy of the petition on the commission. Within 5 days after receiving a copy of the petition, the commission shall mail a copy of it to each party state and to all other persons who have notified the commission of their

desire to receive copies of such petitions. Any failure of the commission to so mail copies of the petition does not affect the jurisdiction of the reviewing court. Except as otherwise provided in this subdivision, standing to obtain judicial review of final decisions of the commission and the form and scope of the review are subject to and governed by 5 USC 706.

4. If a party state seeks judicial review of a final decision of the commission that does any of the following, the facts shall be subject to trial de novo by the reviewing court unless trial de novo of the facts is affirmatively waived in writing by the party state:

- a. Imposes financial penalties on a party state.
- b. Suspends the right of a party state to have waste generated within its borders disposed of at a compact facility or at a noncompact facility made available to the region by an agreement entered into by the commission under par. (h) 6.
- c. Terminates the designation of a party state as a host state.
- d. Revokes the membership of a party state in this compact.
- e. Establishes the amounts of money that a party state that has withdrawn from this compact or had its membership in this compact revoked is required to pay under sub. (8) (e).

4m. Any trial de novo under subd. 4. of the facts shall be governed by the federal rules of civil procedure and the federal rules of evidence.

5. Preliminary, procedural or intermediate actions by the commission that precede a final decision are subject to review only in conjunction with review of the final decision.

6. Except as provided in subd. 5., actions of the commission that are not final decisions are not subject to judicial review.

(o) Unless approved by a majority of the commission, with the member from each host state in which an affected compact facility is operating or is being developed or constructed voting in the affirmative, no person shall do any of the following:

1. Import waste generated outside the region for management within the region.
2. Export waste generated within the region for disposal outside the region.
3. Manage waste generated outside the region at a facility within the region.
4. Dispose of waste generated within the region at a facility within the region that is not a compact facility.

(p) The commission shall establish a remedial action fund to pay the costs of reasonable remedial actions taken by a party state if an event results from the development, construction, operation, closing or long-term care of a compact facility that poses a threat to human health, safety or welfare or to the environment. The amount of the remedial action fund shall be adequate to pay the costs of all reasonably foreseeable remedial actions. A party state shall notify the commission as soon as reasonably practical after the occurrence of any event that may require the party state to take a remedial action. The failure of a party state to so notify the commission does not limit the rights of the party state under this paragraph. If the moneys in the remedial action fund are inadequate to pay the costs of reasonable remedial actions, the amount of the deficiency is a liability with respect to which generators shall provide indemnification under sub. (7) (g). Generators who provide the required indemnification have the rights of contribution provided in sub. (7) (g). This paragraph applies to any remedial action taken by a party state regardless of whether the party state takes the remedial action on its own initiative or because it is required to do so by a court or regulatory agency of competent jurisdiction.

(q) If the commission makes payment from the remedial action fund provided for in par. (p), the commission is entitled to obtain reimbursement under applicable rules of law from any person who is responsible for the event giving rise to the remedial action. Such reimbursement may be obtained from a party state only if the

event giving rise to the remedial action resulted from the activities of that party state as a generator of waste.

(r) If this compact is dissolved, all moneys held by the commission shall be used first to pay for any ongoing or reasonably anticipated remedial actions. Any remaining moneys shall be distributed in a fair and equitable manner to those party states that have operating or closed compact facilities within their borders and shall be added to the long-term care funds maintained by those party states.

(4) ARTICLE IV—REGIONAL DISPOSAL PLAN. The commission shall adopt and periodically update a regional disposal plan designed to ensure the safe and efficient disposal of waste generated within the region. In adopting a regional waste disposal plan the commission shall do all of the following:

(a) Adopt procedures for determining, consistent with considerations for public health and safety, the type and number of compact facilities which are presently necessary and which are projected to be necessary to dispose of waste generated within the region;

(b) Develop and adopt procedures and criteria for identifying a party state as a host state for a compact facility. In developing these criteria, the commission shall consider all of the following:

1. The health, safety and welfare of the citizens of the party states.
2. The existence of compact facilities within each party state.
3. The minimization of waste transportation.
4. The volumes and types of wastes projected to be generated within each party state.
5. The environmental impacts on the air, land and water resources of the party states.
6. The economic impacts on the party states.

(c) Conduct such hearings and obtain such reports, studies, evidence and testimony required by its approved procedures prior to identifying a party state as a host state for a needed compact facility;

(d) Prepare a draft disposal plan and any update thereof, including procedures, criteria and host states, which shall be made available in a convenient form to the public for comment. Upon the request of a party state, the commission shall conduct a public hearing in that state prior to the adoption or update of the disposal plan. The disposal plan and any update thereof shall include the commission's response to public and party state comment.

(5) ARTICLE V—RIGHTS AND OBLIGATIONS OF PARTY STATES.

(a) Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the provision of facilities for regional availability and usage in a manner consistent with this compact.

(b) Except for waste attributable to radioactive material or waste imported into the region in order to render the material or waste amenable to transportation, storage, disposal or recovery, or in order to convert the waste or material to another usable material, or to reduce it in volume or otherwise treat it, each party state has the right to have all wastes generated within its borders disposed of at compact facilities subject to the payment of all fees established by the host state under sub. (6) (j) and to the provisions contained in subs. (6) (L) and (s), (8) (d), (9) (d) and (10). All party states have an equal right of access to any facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., subject to the provisions of subs. (6) (L) and (s), (8) (d) and (10).

(c) If a party state's right to have waste generated within its borders disposed of at compact facilities, or at any noncompact facility made available to the region by an agreement entered into by the commission under sub. (3) (h) 6., is suspended, no waste generated within its borders by any person shall be disposed of at any such facility during the period of the suspension.

(d) To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations and

rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this paragraph shall be construed to require a party state to enter into any agreement with the U.S. nuclear regulatory commission.

(e) Each party state shall provide to the commission any data and information the commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the commission.

(f) If, notwithstanding the sovereign immunity provision in sub. (7) (f) 1. and the indemnification provided for in subs. (3) (p), (6) (o) and (7) (g), a party state incurs a cost as a result of an inadequate remedial action fund or an exhausted long-term care fund, or incurs a liability as a result of an action described in sub. (7) (f) 1. and not described in sub. (7) (f) 2., the cost or liability shall be the pro rata obligation of each party state and each state that has withdrawn from this compact or had its membership in this compact revoked. The commission shall determine each state's pro rata obligation in a fair and equitable manner based on the amount of waste from each such state that has been or is projected to be disposed of at the compact facility with respect to which the cost or liability to be shared was incurred. No state shall be obligated to pay the pro rata obligation of any other state. The pro rata obligations provided for in this paragraph do not result in the creation of state debt. Rather, the pro rata obligations are contractual obligations that shall be enforced by only the commission or an affected party state.

(g) If the party states make payment pursuant to par. (f), the surcharge or fee provided for in sub. (3) (j) shall be used to collect the funds necessary to reimburse the party states for those payments. The commission shall determine the time period over which reimbursement shall take place.

(6) ARTICLE VI—DEVELOPMENT, OPERATION AND CLOSING OF COMPACT FACILITIES. (a) Any party state may volunteer to become a host state and the commission may designate that state as a host state.

(b) If not all compact facilities required by the regional disposal plan are developed pursuant to par. (a), the commission may designate a host state.

(c) After a state is designated a host state by the commission, the state is responsible for the timely development and operation of the compact facility it is designated to host. The development and operation of the compact facility shall not conflict with applicable federal and host state laws, rules and regulations, provided that the laws, rules and regulations of a host state and its political subdivisions shall not prevent, nor shall they be applied so as to prevent, the host state's discharge of the obligation set forth in this paragraph. The obligation set forth in this paragraph is contingent upon the discharge by the commission of its obligation set forth in sub. (3) (i) 5.

(d) If a party state designated as a host state fails to discharge the obligations imposed upon it by par. (c), its host state designation may be terminated by a two-thirds vote of the commission with the member from the host state of any then-operating compact facility voting in the affirmative. A party state whose host state designation has been terminated has failed to fulfill its obligations as a host state and is subject to the provisions of sub. (8) (d).

(e) Any party state designated as a host state may request the commission to relieve that state of the responsibility to serve as a host state. Except as set forth in par. (d), the commission may relieve a party state of its responsibility only upon a showing by the requesting party state that, based upon criteria established by the commission that are consistent with any applicable federal criteria, no feasible potential compact facility site exists within its borders. A party state relieved of its host state responsibility shall repay to the commission any funds provided to that state by the commission for the development of a compact facility and also shall pay to the commission the amount the commission determines is necessary to ensure that the commission and the other

party states do not incur financial loss as a result of the state being relieved of its host state responsibility. Any funds so paid to the commission with respect to the financial loss of the other party states shall be distributed forthwith by the commission to the party states that would otherwise incur the loss. In addition, until the state relieved of its responsibility is again designated as a host state and a compact facility is located in that state begins operating, it shall annually pay to the commission, for deposit in the remedial action fund, an amount the commission determines is fair and equitable in light of the fact the state has been relieved of the responsibility to host a compact facility but continues to enjoy the benefits of being a member of this compact.

(f) The host state shall select the technology for the compact facility. If requested by the commission, information regarding the technology selected by the host state shall be submitted to the commission for its review. The commission may require the host state to make changes in the technology selected by the host state if the commission demonstrates that the changes do not decrease the protection of air, land and water resources and the health and safety of all people who may be affected by the facility. If requested by the host state, any commission decision requiring the host state to make changes in the technology shall be preceded by an adjudicatory hearing in which the commission shall have the burden of proof.

(g) A host state may assign to a private contractor the responsibility, in whole or in part, to develop, construct, operate, close or provide long-term care for a compact facility. Assignment of such responsibility by a host state to a private contractor does not relieve the host state of any responsibility imposed upon it by this compact. A host state may secure indemnification from the contractor for any costs, liabilities and expenses incurred by the host state resulting from the development, construction, operation, closing or long-term care of a compact facility.

(h) To the extent permitted by federal and state law, a host state shall regulate and license any facility within its borders and ensure the long-term care of that facility.

(i) A host state shall accept waste for disposal for a period of 20 years from the date on which the compact facility in the host state becomes operational or until its capacity has been reached, whichever occurs first. At any time before the compact facility closes, the host state and the commission may enter into an agreement to extend the period during which the host state is required to accept such waste or to increase the capacity of the compact facility. Except as specifically authorized by par. (L) 4., the 20-year period shall not be extended, and the capacity of the facility shall not be increased, without the consent of the affected host state and the commission.

(j) A host state shall establish a system of fees to be collected from the users of any compact facility within its borders. The fee system, and the costs paid through the system, shall be reasonable and equitable. The fee system shall be subject to the commission's approval. The fee system shall provide the host state with sufficient revenue to pay costs associated with the compact facility including, but not limited to, operation, closing, long-term care, debt service, legal costs, local impact assistance and local financial incentives. The fee system also shall be used to collect the surcharge provided in sub. (3) (j) 2. The fee system shall include incentives for source reduction and shall be based on the hazard of the waste as well as the volume.

(k) A host state shall ensure that a compact facility located within its borders that is permanently closed is properly cared for so as to ensure protection of air, land and water resources and the health and safety of all people who may be affected by the facility.

(L) The development of subsequent compact facilities shall be as follows:

1. No compact facility shall begin operating until the commission designates the host state of the next compact.

2. The following actions shall be taken by the state designated to host the next compact facility within the specified number of

years after the compact facility it is intended to replace begins operation:

a. Within 3 years, enact legislation providing for the development of the next compact facility.

b. Within 7 years, initiate site characterization investigations and tests to determine licensing suitability for the next compact facility.

c. Within 11 years, submit a license application for the next compact facility that the responsible licensing authority deems complete.

2m. If a host state fails to take any of the actions under subd. 2. within the specified time, all waste generated by any person within that state shall be denied access to the then-operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., until the action is taken. Denial of access may be rescinded by the commission, with the member from the host state of the then-operating compact facility voting in the affirmative. A host state that fails to take any of these actions within the specified time has failed to fulfill its obligations as a host state and is subject to the provisions of par. (d) and sub. (8) (d).

3. Within 14 years after any compact facility begins operating, the state designated to host the next compact facility shall have obtained a license from the responsible licensing authority to construct and operate the compact facility that the state has been designated to host. If the license is not obtained within the specified time, all waste generated by any person within the state designated to host the next compact facility shall be denied access to the then-operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., until the license is obtained. The state designated to host the next compact facility shall have failed in its obligations as a host state and shall be subject to par. (d) and sub. (8) (d). In addition, at the sole option of the host state of the then-operating compact facility, all waste generated by any person within any party state that has not fully discharged its obligations under par. (i) shall be denied access to the then-operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., until the license is obtained. Denial of access may be rescinded by the commission, with the member from the host state of the then-operating compact facility voting in the affirmative.

4. If 20 years after a compact facility begins operating the next compact facility is not ready to begin operating, the state designated to host the next compact facility shall have failed in its obligation as a host state and shall be subject to par. (d) and sub. (8) (d). If at the time the capacity of the then-operating compact facility has been reached, or 20 years after the facility began operating, whichever occurs first, the next compact facility is not ready to begin operating, the host state of the then-operating compact facility, without the consent of any other party state or the commission, may continue to operate the facility until a compact facility in the next host state is ready to begin operating. During any such period of continued operation of a compact facility, all waste generated by any person within the state designated to host the next compact facility shall be denied access to the then-operating compact facility and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6. In addition, during such period, at the sole option of the host state of the then-operating compact facility, all waste generated by any person within any party state that has not fully discharged its obligations under par. (i) shall be denied access to the then-operating compact facility and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6. Denial of access may be rescinded by the commission, with the member from the host state of the then-operating compact facility voting in the affirmative. The provisions of this subdivision shall not apply if their

application is inconsistent with an agreement between the host state of the then–operating compact facility and the commission as authorized in par. (i) or inconsistent with par. (p) or (q).

5. During any period that access is denied for waste disposal pursuant to subd. 2m., 3. or 4., the party state designated to host the next compact disposal facility shall pay to the host state of the then–operating compact facility an amount the commission determines is reasonably necessary to ensure that the host state, or any agency or political subdivision thereof, does not incur financial loss as a result of the denial of access.

6. The commission may modify any of the requirements contained in subds. 2., 2m. and 3. if it finds that circumstances have changed so that the requirements are unworkable or unnecessarily rigid or no longer serve to ensure the timely development of a compact facility. The commission may adopt such a finding by a two–thirds vote, with the member from the host state of the then–operating compact facility voting in the affirmative.

(m) This compact shall not prevent an emergency closing of a compact facility by a host state to protect air, land and water resources and the health and safety of all people who may be affected by the facility. A host state that has an emergency closing of a compact facility shall notify the commission in writing within 3 working days of its action and shall, within 30 working days of its action, demonstrate justification for the closing.

(n) A party state that has fully discharged its obligations under par. (i) shall not again be designated a host state of a compact facility without its consent until each party state has been designated to host a compact facility and has fully discharged its obligations under par. (i) or has been relieved under par. (e) of its responsibility to serve as a host state.

(o) Each host state of a compact facility shall establish a long–term care fund to pay for monitoring, security, maintenance and repair of the facility after it is permanently closed. The expenses of administering the long–term care fund shall be paid out of the fund. The fee system established by the host state that establishes a long–term care fund shall be used to collect moneys in amounts that are adequate to pay for all long–term care of the compact facility. The moneys shall be deposited into the long–term care fund. Except where the matter is resolved through arbitration, the amount to be collected through the fee system for deposit into the fund shall be determined through an agreement between the commission and the host state establishing the fund. Not less than 3 years, nor more than 5 years, before the compact facility it is designated to host is scheduled to begin operating, the host state shall propose to the commission the amount to be collected through the fee system for deposit into the fund. If, 180 days after such proposal is made to the commission, the host state and the commission have not agreed, either the commission or the host state may require the matter to be decided through binding arbitration. The method of administration of the fund shall be determined by the host state establishing the long–term care fund, provided that moneys in the fund shall be used only for the purposes set forth in this paragraph and shall be invested in accordance with the standards applicable to trustees under the laws of the host state establishing the fund. If, after a compact facility is closed, the commission determines the long–term care fund established with respect to that facility is not adequate to pay for all long–term care for that facility, the commission shall collect and pay over to the host state of the closed facility, for deposit into the long–term care fund, an amount determined by the commission to be necessary to make the amount in the fund adequate to pay for all long–term care of the facility. If a long–term care fund is exhausted and long–term care expenses for the facility with respect to which the fund was created have been reasonably incurred by the host state of the facility, those expenses are a liability with respect to which generators shall provide indemnification as provided in sub. (7) (g). Generators that provide indemnification shall have contribution rights as provided in sub. (7) (g).

(p) A host state that withdraws from the compact or has its membership revoked shall immediately and permanently close

any compact facility located within its borders, except that the commission and a host state may enter into an agreement under which the host state may continue to operate, as a noncompact facility, a facility within its borders that, before the host state withdrew or had its membership revoked, was a compact facility.

(q) If this compact is dissolved, the host state of any then–operating compact facility shall immediately and permanently close the facility, provided that a host state may continue to operate a compact facility or resume operating a previously closed compact facility, as a noncompact facility, subject to all of the following requirements:

1. The host state shall pay to the other party states the portion of the funds provided to that state by the commission for the development, construction, operation, closing or long–term care of a compact facility that is fair and equitable, taking into consideration the period of time the compact facility located in that state was in operation and the amount of waste disposed of at the facility, provided that a host state that has fully discharged its obligations under par. (i) shall not be required to make such payment.

2. The host state shall physically segregate waste disposed of at the facility after this compact is dissolved from waste disposed of at the facility before this compact is dissolved.

3. The host state shall indemnify and hold harmless the other party states from all costs, liabilities and expenses, including reasonable attorney fees and expenses, caused by operating the facility after this compact is dissolved, provided that this indemnification and hold–harmless obligation shall not apply to costs, liabilities and expenses resulting from the activities of a host state as a generator of waste.

4. Moneys in the long–term care fund established by the host state that are attributable to the operation of the facility before this compact is dissolved, and investment earnings thereon, shall be used only to pay the cost of monitoring, securing, maintaining or repairing that portion of the facility used for the disposal of waste before this compact is dissolved. Such moneys and investment earnings, and any moneys added to the long–term care fund through a distribution authorized by sub. (3) (r), also may be used to pay the cost of any remedial action made necessary by an event resulting from the disposal of waste at the facility before this compact is dissolved.

(r) Financial statements of a compact facility shall be prepared according to generally accepted accounting principles. The commission may require the financial statements to be audited on an annual basis by a firm of certified public accountants selected and paid by the commission.

(s) Waste may be accepted for disposal at a compact facility only if the generator of the waste has signed, and there is on file with the commission, an agreement to provide indemnification to a party state, or employe of that state, for all of the following:

1. Any cost of a remedial action described in sub. (3) (p) that, due to inadequacy of the remedial action fund, is not paid as set forth in that provision.

2. Any expense for long–term care described in par. (o) that, due to exhaustion of the long–term care fund, is not paid as set forth in that provision.

3. Any liability for damages to persons, property or the environment incurred by a party state, or employe of that state while acting within the scope of employment, resulting from the development, construction, operation, regulation, closing or long–term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., or any other matter arising from this compact. The agreement also shall require generators to indemnify the party state or employe against all reasonable attorney fees and expenses incurred in defending any action for such damages. This indemnification shall not extend to liability based on any of the following:

a. The activities of the party states as generators of waste.

b. The obligations of the party states to each other and the commission imposed by this compact or other contracts related to the disposal of waste under this compact.

c. Activities of a host state or employes thereof that are grossly negligent or wilful and wanton.

(t) The agreement under par. (s) shall provide that the indemnification obligation of generators shall be joint and several, except that the indemnification obligation of the party states with respect to their activities as generators of waste shall not be joint and several, but instead shall be prorated according to the amount of waste that each state had disposed of at the compact facility giving rise to the liability. Such proration shall be calculated as of the date of the event giving rise to the liability. The agreement shall be in a form approved by the commission with the member from the host state of any then-operating compact facility voting in the affirmative. Among generators there shall be rights of contribution based on equitable principles and generators shall have rights of contribution against any other person responsible for such damages under common law, statute, rule or regulation, provided that a party state that through its own activities did not generate any waste disposed of at the compact facility giving rise to the liability, an employe of such a party state and the commission shall have no such contribution obligation. The commission may waive the requirement that the party state sign and file such an indemnification agreement as a condition to being able to dispose of waste generated as a result of the party state's activities. Such a waiver shall not relieve a party state of the indemnification obligation imposed by sub. (7) (g).

(7) ARTICLE VII—OTHER LAWS AND REGULATIONS. (a) Nothing in this compact:

1. Abrogates or limits the applicability of any act of congress or diminishes or otherwise impairs the jurisdiction of any federal agency expressly conferred thereon by the congress;

2. Prevents the enforcement of any other law of a party state which is not inconsistent with this compact;

3. Prohibits any generator from storing or treating, on its own premises, waste generated by it within the region;

4. Affects any administrative or judicial proceeding pending on the effective date of this compact;

5. Alters the relations between and the respective internal responsibility of the government of a party state and its subdivisions;

6. Affects the generation, treatment, storage or disposal of waste generated by the atomic energy defense activities of the secretary of the U.S. department of energy or successor agencies or federal research and development activities as described in [42 USC 2021](#);

7. Affects the rights and powers of any party state or its political subdivisions, to the extent not inconsistent with this compact, to regulate and license any facility or the transportation of waste within its borders.

8. Requires a party state to enter into any agreement with the U.S. nuclear regulatory commission.

9. Limits, expands or otherwise affects the authority of a state to regulate low-level radioactive waste classified by any agency of the U.S. government as "below regulatory concern" or otherwise exempt from federal regulation.

(b) If a court of the United States finally determines that a law of a party state conflicts with this compact, this compact shall prevail to the extent of the conflict. The commission shall not commence an action seeking such a judicial determination unless commencement of the action is approved by a two-thirds vote of the membership of the commission.

(c) Except as authorized by this compact, no law, rule or regulation of a party state or of any of its subdivisions or instrumentalities may be applied in a manner which discriminates against the generators of another party state.

(d) Except as provided in par. (f) and sub. (3) (m), no provision of this compact shall be construed to eliminate or reduce in any way the liability or responsibility, whether arising under common law, statute, rule or regulation, of any person for penalties, fines or damages to persons, property or the environment resulting from the development, construction, operation, closing or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., or any other matter arising from this compact. The provisions of this compact shall not alter otherwise applicable laws relating to compensation of employes for workplace injuries.

(e) Except as provided in [28 USC 1251](#) (a), the district courts of the United States have exclusive jurisdiction to decide cases arising under this compact. This paragraph does not apply to proceedings within the jurisdiction of state or federal regulatory agencies nor to judicial review of proceedings before state or federal regulatory agencies. This paragraph shall not be construed to diminish other laws of the United States conferring jurisdiction on the courts of the United States.

(f) For the purposes of activities pursuant to this compact, the sovereign immunity of party states and employes of party states shall be as follows:

1. A party state or employe thereof, while acting within the scope of employment, shall not be subject to suit or held liable for damages to persons, property or the environment resulting from the development, construction, operation, regulation, closing or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6. This applies whether the claimed liability of the party state or employe is based on common law, statute, rule or regulation.

2. The sovereign immunity granted in subd. 1. does not apply to any of the following:

a. Actions based upon the activities of the party states as generators of waste. With regard to those actions, the sovereign immunity of the party states shall not be affected by this compact.

b. Actions based on the obligations of the party states to each other and the commission imposed by this compact or other contracts related to the disposal of waste under this compact. With regard to those actions, the party states shall have no sovereign immunity.

c. Actions against a host state, or employe thereof, when the host state or employe acted in a grossly negligent or wilful and wanton manner.

(g) If in any action described in par. (f) 1. and not described in par. (f) 2. it is determined that, notwithstanding par. (f) 1., a party state, or employe of that state who acted within the scope of employment, is liable for damages or has liability for other matters arising under this compact as described in sub. (6) (s) 3., the generators who caused waste to be placed at the compact facility with respect to which the liability was incurred shall indemnify the party state or employe against that liability. Those generators also shall indemnify the party state or employe against all reasonable attorney fees and expenses incurred in defending against any such action. The indemnification obligation of generators under this paragraph shall be joint and several, except that the indemnification obligation of party states with respect to their activities as generators of waste shall not be joint and several, but instead shall be prorated according to the amount of waste each state has disposed of at the compact facility giving rise to the liability. Among generators, there shall be rights of contribution based upon equitable principles and generators shall have rights of contribution against any other person responsible for such damages under common law, statute, rule or regulation. A party state that through its own activities did not generate any waste disposed of at the compact facility giving rise to the liability, an employe of such a party state and the commission shall have no contribution obligation

under this paragraph. This paragraph shall not be construed as a waiver of the sovereign immunity provided for in par. (f) 1.

(h) The sovereign immunity of a party state provided for in par. (f) 1. shall not be extended to any private contractor assigned responsibilities as authorized in sub. (6) (g).

(8) ARTICLE VIII—ELIGIBLE PARTIES, WITHDRAWAL, REVOCATION, SUSPENSION OF ACCESS, ENTRY INTO FORCE AND TERMINATION. (a) Any state may petition the commission to be eligible for membership in the compact. The commission may establish appropriate eligibility requirements. These requirements may include, but are not limited to, an eligibility fee or designation as a host state. A petitioning state becomes eligible for membership in the compact upon the approval of the commission, including the affirmative vote of the member from each host state in which a compact facility is operating or being developed or constructed. Any state becoming eligible upon the approval of the commission becomes a member of the compact when the state enacts this compact into law and pays the eligibility fee established by the commission.

(b) The commission is formed upon the appointment of commission members and the tender of the membership fee payable to the commission by 3 party states. The governor of the first state to enact this compact shall convene the initial meeting of the commission. The commission shall cause legislation to be introduced in the congress which grants the consent of the congress to this compact, and shall take action necessary to organize the commission and implement the provision of this compact.

(c) A party state that has fully discharged its obligations under sub. (6) (i), or has been relieved under sub. (6) (e) of its responsibilities to serve as a host state, may withdraw from this compact by repealing the authorizing legislation and by receiving the unanimous consent of the commission. Withdrawal takes effect on the date specified in the commission resolution consenting to withdrawal. All legal rights of the withdrawn state established under this compact, including, but not limited to, the right to have waste generated within its borders disposed of at compact facilities, cease upon the effective date of withdrawal, but any legal obligations of that party state under this compact, including, but not limited to, those set forth in par. (e) continue until they are fulfilled.

(d) Any party state that fails to comply with the terms of this compact or fails to fulfill its obligations may have reasonable financial penalties imposed against it, the right to have waste generated within its borders disposed of at compact facilities, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., suspended or its membership in the compact revoked by a two-thirds vote of the commission, provided that the membership of the party state designated to host the next compact facility shall not be revoked unless the member from the host state of any then-operating compact facility votes in the affirmative. Revocation takes effect on the date specified in the resolution revoking the party state's membership. All legal rights of the revoked party state established under this compact, including, but not limited to, the right to have waste generated within its borders disposed of at compact facilities, cease upon the effective date of revocation but any legal obligations of that party state under this compact, including, but not limited to, those set forth in par. (e), continue until they are fulfilled. The chairperson of the commission shall transmit written notice of a revocation of a party state's membership in the compact, suspension of a party state's waste disposal rights or imposition of financial penalties immediately following the vote of the commission to the governor of the affected party state, the governors of all the other party states and the congress of the United States.

(e) A party state that withdraws from this compact or has its membership in the compact revoked before it has fully discharged its obligations under sub. (6) forthwith shall repay to the commission the portion of the funds provided to that state by the commission for the development, construction, operation, closing or long-term care of a compact facility that the commission deter-

mines is fair and equitable, taking into consideration the period of time the compact facility located in that host state was in operation and the amount of waste disposed of at the facility. If at any time after a compact facility begins operating a party state withdraws from the compact or has its membership revoked, the withdrawing or revoked party state shall be obligated forthwith to pay to the commission the amount the commission determines would have been paid under the fee system established by the host state of the facility to dispose of at the facility the estimated volume of waste generated in the withdrawing or revoked party state that would have been disposed of at the facility from the time of withdrawal or revocation until the time the facility is closed. Any funds so paid to the commission shall be distributed by the commission to the persons who would have been entitled to receive the funds had they originally been paid to dispose of waste at the facility. Any person receiving such funds from the commission shall apply the funds to the purposes to which they would have been applied had they originally been paid to dispose of waste at the compact facility. In addition, a withdrawing or revoked party state forthwith shall pay to the commission an amount the commission determines to be necessary to cover all other costs and damages incurred by the commission and the remaining party states as a result of the withdrawal or revocation. This paragraph shall be construed and applied so as to eliminate any decrease in revenue resulting from withdrawal of a party state or revocation of a party state's membership, to eliminate financial harm to the remaining party states and to create an incentive for party states to continue as members of the compact and to fulfill their obligations.

(f) Any party state whose right to have waste generated within its borders disposed of at compact facilities is suspended by the commission shall pay to the host state of the compact facility to which access has been suspended the amount that the commission determines is reasonably necessary to ensure that the host state, or any political subdivision thereof, does not incur financial loss as a result of the suspension of access.

(g) This compact becomes effective upon enactment by at least 3 eligible states and consent to this compact by the congress. The consent given to this compact by the congress shall extend to any future admittance of new party states and to the power of the commission to regulate the shipment and disposal of waste and disposal of naturally occurring and accelerator-produced radioactive material pursuant to this compact. Amendments to this compact are effective when enacted by all party states and, if necessary, consented to by the congress. To the extent required by section (4) (d) of "The Low-Level Radioactive Waste Policy Amendments Act of 1985", every 5 years after this compact has taken effect, the congress by law may withdraw its consent.

(h) The withdrawal of a party state from this compact, the suspension of waste disposal rights, the termination of a party state's designation as a host state or the revocation of a state's membership in this compact does not affect the applicability of this compact to the remaining party states.

(i) This compact may be dissolved and the obligations arising under this compact may be terminated only as follows:

1. Through unanimous agreement of all party states expressed in duly enacted legislation.

2. Through withdrawal of consent to this compact by the congress under article 1, section 10, of the U.S. constitution, in which case dissolution shall take place 120 days after the effective date of the withdrawal of consent.

(j) Unless explicitly abrogated by the state legislation dissolving this compact, or if dissolution results from withdrawal of congressional consent, the limitations on the investment and use of long-term care funds in sub. (6) (o) and (q) 4., the contractual obligations in sub. (5) (f), the indemnification obligations and contributions rights in subs. (6) (o), (s) and (t) and (7) (g) and the operation rights and indemnification and hold-harmless obligations in sub. (6) (q) shall remain in force notwithstanding dissolution of this compact.

(9) ARTICLE IX—PENALTIES AND ENFORCEMENT. (a) Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

(b) The parties to this compact intend that the courts of the United States shall specifically enforce the obligations, including the obligations of party states and revoked or withdrawn party states, established by this compact.

(c) The commission or an affected party state or both may obtain injunctive relief or recover damages or both to prevent or remedy violations of this compact.

(d) Each party state acknowledges that the transport into a host state of waste packaged or transported in violation of applicable laws, rules and regulations may result in the imposition of sanctions by the host state which may include reasonable financial penalties assessed against any generator, transporter or collector responsible for the violation or may include suspension or revocation of access to the facility in the host state by any generator, transporter or collector responsible for the violation.

(e) Each party state has the right to seek legal recourse against any party state which acts in violation of this compact.

(f) This compact shall not be construed to create any cause of action for any person other than a party state or the commission. Nothing in this paragraph shall limit the right of judicial review set forth in sub. (3) (n) 3. or the rights of contribution set forth in subs. (3) (p), (6) (o), (s) and (t) and (7) (g).

(10) ARTICLE X—SEVERABILITY AND CONSTRUCTION. The provisions of this compact shall be severable and if any provision of this compact is finally determined by a court of competent jurisdiction to be contrary to the constitution of any participating state or of the United States or the application thereof to any person or circumstance is held invalid, the validity of the remainder of this compact to that person or circumstance and the applicability of the entire compact to any other person or circumstance shall not be affected thereby. If any provision of this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. If any provision of this compact imposing a financial obligation upon a party state, or a state that has withdrawn from this compact or had its membership in this compact revoked, is finally determined by a court of competent jurisdiction to be unenforceable due to the state's constitutional limitations on its ability to pay the obligation, then that state shall use its best efforts to obtain an appropriation to pay the obligation, and, if the state is a party state, its right to have waste generated within its borders disposed of at compact facilities, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to sub. (3) (h) 6., shall be suspended until the appropriation is obtained.

16.115 Fees. (1) The department shall establish by rule a schedule of annual fees to be paid by nuclear power plant operators and shall collect the fees until a regional facility operated under s. 16.11 begins accepting waste for disposal. The fees shall be based on the number of nuclear reactors at each plant and shall cover 75% of the state's costs enumerated in sub. (3) incurred prior to the acceptance of waste at the facility.

(2) The department shall establish by rule a schedule of annual fees to be paid by generators, as defined under s. 16.11 (2) (j), who use a compact facility, as defined in s. 16.11 (2) (d), or a noncompact facility made available by an agreement entered into under s. 16.11 (3) (h) 6. for disposal, and, beginning with the operation of the facility, the department shall collect the fees. The fees shall be based on the volume and hazard of waste generated and shall cover the costs enumerated under sub. (3) which are incurred before and after the acceptance of waste for disposal at the facility. Any nuclear power plant operator who has paid a fee under sub. (1) shall receive credit on the fees required of the operator under

this subsection at a rate determined by the department so that, over the first 5 years of the collection of fees under this subsection, the power plant operator receives total credits equal to the fees paid under sub. (1). In addition to covering the costs enumerated under sub. (3), the fees established under this subsection for the first 5 years after the acceptance of waste for disposal at the facility shall be sufficient to repay the loan from the general fund made under s. 20.505 (1) (b), and the secretary shall lapse moneys from the appropriation under s. 20.505 (1) (g) to the general fund for that purpose over the 5-year period.

(3) The fees established under subs. (1) and (2) shall cover all of the following costs:

(a) The costs of state agencies in assisting the midwest interstate low-level radioactive waste commission member representing this state.

(b) The actual and necessary expenses of the commissioner in the performance of his or her duties.

(c) The actual and necessary expenses of the low-level radioactive waste advisory council created under s. 15.107 (9).

(2), any person, other than an official of another state, who violates any provision of the midwest interstate low-level radioactive waste compact under ss. 16.11 to 16.13 shall forfeit not more than \$1,000.

(2) The sole remedies against the state, other than in its capacity as a generator, for a violation of any provision of the midwest interstate low-level radioactive waste compact under s. 16.11 are the remedies provided in s. 16.11.

History: 1983 a. 393; 1995 a. 115.

16.13 Data collection. Upon the request of the midwest interstate low-level radioactive waste commission member representing the state, the department may require a generator, as defined under s. 16.11 (2) (j), to provide information necessary for the member to discharge his or her duties under s. 16.11.

16.135 Low-level radioactive waste council. (1) The low-level radioactive waste council shall do all of the following:

(2) WEIGHTED AVERAGE TUITION; TUITION UNIT COST. Annually, the department and the board jointly shall determine all of the following:

(a) The weighted average tuition of bachelor’s degree-granting institutions within the University of Wisconsin System for the academic year that begins on or after the first day of August of the current year. The amount shall be calculated as follows:

the number necessary to pay for 4 years of full-time attendance as a resident undergraduate at the institution within the University of Wisconsin System that has the highest resident undergraduate tuition, as determined by the department, in the anticipated academic years of their use.

(5) PAYMENT OF TUITION. (a) If an individual named as beneficiary in a contract under sub. (3) attends an institution of higher education in the United States, each tuition unit purchased on his or her behalf entitles that beneficiary to apply toward the payment of tuition at the institution an amount equal to 1% of the anticipated weighted average tuition of bachelor’s degree-granting institutions within the University of Wisconsin System for the year of attendance, as estimated under sub. (2) in the year in which the tuition unit was purchased.

(b) Upon request by the beneficiary, the department shall pay to the institution in each semester of attendance the lesser of the following:

1. An amount equal to the value of each tuition unit, as determined under par. (a), multiplied by the number of tuition units purchased on behalf of the beneficiary and not used.

(7) REFUNDS. (a) When a beneficiary completes the program in which he or she is enrolled, if the beneficiary has not used all of the tuition units purchased on his or her behalf, the department shall refund to the individual who entered into the contract an amount equal to 1% of the anticipated weighted average tuition in the academic year in which the beneficiary completed the program, as estimated under sub. (2) in the year in which the tuition units were purchased, multiplied by the number of tuition units purchased by the individual and not used by the beneficiary.

(b) If a contract is terminated under sub. (6) (a) 1., 2. or 3., the department shall refund to the individual who entered into the contract an amount equal to 1% of the anticipated weighted average tuition in the academic year in which the contract is terminated, as estimated under sub. (e) If the beneficiary is awarded a scholarship, tuition waiver or similar subsidy that cannot be converted into cash by the beneficiary, the department shall refund to the individual who entered into the contract, upon his or her request, an amount equal to the value of the tuition units that are not needed because of the scholarship, waiver or similar subsidy and that would otherwise have been paid by the department on behalf of the beneficiary during the semester in which the beneficiary is enrolled.

(f) Except as provided under par. (c), the department shall determine the method and schedule for the payment of refunds under this subsection.

(8) EXEMPTION FROM GARNISHMENT, ATTACHMENT AND EXECUTION. Moneys deposited in the tuition trust fund and a beneficiary's right to the payment of tuition under this section are not subject to garnishment, attachment, execution or any other process of law.

(9) CONTRACT WITH ACTUARY. The department shall contract with an actuary or actuarial firm to evaluate annually whether the assets in the tuition trust fund are sufficient to meet the obligations of the department under this section and to advise the department on setting the price of a tuition unit under sub. (2) (b).

(10) REPORTS. (a) Annually, the department shall submit a report to the governor, and to the appropriate standing committees of the legislature under s. 13.172 (3), on the program under this section. The report shall include any recommendations for changes to the program that the department determines are necessary to ensure the sufficiency of the tuition trust fund to meet the department's obligations under this section.

(b) The department shall submit a quarterly report to the state investment board projecting the future cash flow needs of the tuition trust fund. The state investment board shall invest moneys held in the tuition trust fund in investments with maturities and liquidity that are appropriate for the needs of the fund as reported by the department in its quarterly reports. All income derived from such investments shall be credited to the fund.

(10m) REPAYMENT TO GENERAL FUND. The secretary shall transfer from the tuition trust fund to the general fund an amount equal to the amount encumbered from the appropriation under s. 20.505 (9) (a) in the 1996–97 fiscal year when the secretary determines that funds in the tuition trust fund are sufficient to make the transfer. The secretary may make the transfer in instalments.

(11) CONSTRUCTION. (a) Nothing in this section guarantees an individual's admission to, retention by or graduation from any institution of higher education.

16.50 Departmental estimates. (1) EXPENDITURES.

(a) Each department except the legislature and the courts shall prepare and submit to the secretary an estimate of the amount of money which it proposes to expend, encumber or distribute under any appropriation in ch. 20. The department of administration shall prepare and submit estimates for expenditures from appropriations under ss. 20.855, 20.865, 20.866 and 20.867. The secretary may waive the submission of estimates of other than administrative expenditures from such funds as he or she determines, but the secretary shall not waive submission of estimates for the appropriations under s. 20.285 (1) (im) and (n) nor for expenditure of any amount designated as a refund of an expenditure under s. 20.001 (5). Estimates shall be prepared in such form, at such times and for such time periods as the secretary requires. Revised and supplemental estimates may be presented at any time under rules promulgated by the secretary.

(b) This subsection does not apply to appropriations under ss. 20.255 (2) (ac), 20.835 and 20.865 (4).

(2) ACTION THEREON BY SECRETARY. The secretary shall examine each such estimate to determine whether appropriations are available therefor and expenditures under the appropriations can be made without incurring danger of exhausting the appropriations before the end of the appropriation period and whether there will be sufficient revenue to meet such contemplated expenditures except as provided in sub. (7). The secretary also shall examine each estimate to assure as nearly as possible that the proposed plan of program execution reflects the intentions of the joint committee on finance, legislature and governor, as expressed by them in the budget determinations. If satisfied that such estimate meets these tests, the secretary shall approve the estimate; otherwise he or she shall disapprove the estimate, in whole or in part, as the facts require. If the secretary is satisfied that an estimate for any period is more than sufficient for the execution of the normal functions of a department, he or she may modify or withhold approval of the estimate. This section shall be strictly construed by the secretary to the end that such budget determinations and policy decisions reflected by such determinations be implemented to the fullest extent possible within the concepts of proper management.

(3) LIMITATION ON INCREASE OF FORCE AND SALARIES. No department, except the legislature or the courts, may increase the pay of any employe, expend money or incur any obligation except in accordance with the estimate that is submitted to the secretary as provided in sub. (1) and approved by the secretary or the governor. No change in the number of full-time equivalent positions authorized through the biennial budget process or other legislative act may be made without the approval of the joint committee on finance, except for position changes made by the governor under s. 16.505 (1) (c) or (2), by the University of Wisconsin Hospitals and Clinics Board under s. 16.505 (2n) or by the board of regents of the University of Wisconsin System under s. 16.505 (2m). The secretary may withhold, in total or in part, the funding for any position, as defined in s. 230.03 (11), as well as the funding for part-time or limited term employes until such time as the secretary determines that the filling of the position or the expending of funds is consistent with s. 16.505 and with the intent of the legislature as established by law or in budget determinations, or the intent of the joint committee on finance creating or abolishing positions under s. 13.10, the intent of the governor creating or abolishing positions under s. 16.505 (1) (c) or (2) or the intent of the board of regents of the University of Wisconsin System in creating or abolishing positions under s. 16.505 (2m). Until the release of funding occurs, recruitment or certification for the position may

not be undertaken. The secretary shall submit a quarterly report to the joint committee on finance of any position changes made by the governor under s. 16.505 (1) (c). No pay increase may be approved unless it is at the rate or within the pay ranges prescribed in the compensation plan or as provided in a collective bargaining agreement under subch. V of ch. 111. At the request of the secretary of employment relations, the secretary of administration may authorize the temporary creation of pool or surplus positions under any source of funds if the secretary of employment relations determines that temporary positions are necessary to maintain adequate staffing levels for high turnover classifications, in anticipation of attrition, to fill positions for which recruitment is difficult. Surplus or pool positions authorized by the secretary shall be reported quarterly to the joint committee on finance in conjunction with the report required under s. 16.54 (8).

(4) APPEALS TO GOVERNOR. Any department feeling itself aggrieved by the refusal of the secretary to approve any estimate, or any item therein, may appeal from the secretary's decision to the governor, who, after a hearing and such investigation as the governor deems necessary, may set aside or modify such decision.

(5) DISBURSEMENTS. The secretary may not draw a warrant for payment of any expenditures incurred by any department nor may any department make any expenditure for which the approval of the secretary or the governor is necessary under this section, including any expenditure under s. 20.867, unless the expenditure was made in accordance with an estimate submitted to and approved by the secretary or by the governor. In the event that the secretary determines that previously authorized expenditures will exceed revenues in the current or forthcoming fiscal year by more than 0.5% of the estimated general purpose revenue appropriations for that fiscal year, he or she may not decline to approve an estimate or to draw a warrant under this subsection, but shall instead proceed under sub. (7).

(5m) UNIVERSITY INDIRECT COST REIMBURSEMENTS. Subsections (2) to (5) do not apply to expenditures authorized under s. 20.285 (2) (i) 2.

(6) PROPORTIONAL SPENDING. If the secretary determines that expenditures of general purpose or segregated fund revenues are utilized to match revenues received under s. 16.54 or 20.001 (2) (b) for the purposes of combined program expenditure, the secretary may require that disbursements of the general purpose revenue and corresponding segregated revenue be in direct proportion to the amount of program revenue or corresponding segregated revenue which is available or appropriated in ch. 20 or as condition of a grant or contract. If the secretary makes such a determination, the agency shall incorporate the necessary adjustments into the expenditure plans provided for in sub. (1).

(7) REVENUE SHORTFALL. (a) If following the enactment of the biennial budget act in any biennium the secretary determines that previously authorized expenditures will exceed revenues in the current or forthcoming fiscal year by more than one-half of one percent of the estimated general purpose revenue appropriations for that fiscal year, he or she may not take any action under sub. (2) and shall immediately notify the governor, the presiding officers of each house of the legislature and the joint committee on finance.

(b) Following such notification, the governor shall submit a bill containing his or her recommendations for correcting the imbalance between projected revenues and authorized expenditures. 16.52 Accounting. The department of administration shall:

(1) **KEEP SEPARATE ACCOUNTS.** Keep in its office separate accounts of the revenues and funds of the state, and of all moneys and funds received or held by the state, and also of all encumbrances, expenditures, disbursements and investments thereof, showing the particulars of every encumbrance, expenditure, disbursement and investment.

(2) **REVENUE ACCOUNTS.** Place revenue estimates on the books of accounts and credit actual receipts against them as of the last day of each quarter. Except as provided in s. 20.002 (2), any receipts applying to a prior fiscal year received between the day after the date for closing of books specified by the secretary under sub. (5) (a) and the next succeeding such date specified by the secretary shall be credited by the secretary to the fiscal year following the year to which the receipts apply. Except in the case of program revenue and continuing appropriations, any refund of a disbursement to a general purpose revenue appropriation, applicable to any prior fiscal year, received between these dates may not be credited to any appropriation but shall be considered as a non-appropriated receipt. General purpose revenue (GPR) earned, as defined in s. 20.001 (4) is not available for expenditure, whether or not applied to the fiscal year in which received.

(3) **KEEP APPROPRIATION ACCOUNTS.** Keep separate accounts of all appropriations authorizing expenditures from the state treasury, which accounts shall show the amounts appropriated, the amounts allotted, the amounts encumbered, the amounts expended, the allotments unencumbered and the unallotted balance of each appropriation.

(5) **ENCUMBRANCES AND CHARGES FOR PRIOR FISCAL YEAR.** (a) On a date specified by the secretary within 7 days of July 31 of each fiscal year, all outstanding encumbrances against an appropriation entered for the previous fiscal year shall be transferred by the secretary as encumbrances against the appropriation for the current fiscal year, and an equivalent prior year appropriation bal-

ance shall also be forwarded to the current year by the secretary. Payments made on previous year encumbrances forwarded shall be charged to the current fiscal year. All other charges incurred during any previous fiscal year, and not evidenced by encumbrances, which are presented for payment between the day after the date specified by the secretary under this paragraph in any fiscal year and the date specified by the secretary under this paragraph in the next succeeding fiscal year shall be entered as charges in the fiscal year following the year in which the charges are incurred. The requirements of this paragraph may be waived in whole or in part by the secretary with the advice of the state auditor on appropriations other than general purpose revenue appropriations and corresponding segregated revenue appropriations.

(b) After the date specified by the secretary under par. (a), agencies shall be allowed not to exceed one month for reconciling prior year balances, correcting errors and certifying necessary adjustments to the department. No prior year corrections shall be permitted after that date, it being incumbent upon all agencies to completely reconcile their records with the department by that date. Each agency shall delegate to some individual the responsibility of reconciling its accounts as herein provided and shall certify the individual’s name to the secretary. As soon as a reconciliation has been effected, the agency shall advise the secretary in writing of such fact and shall forward to the secretary a copy of such reconciliation. If any agency fails to reconcile its accounts as provided in this subsection, the person responsible for such reconciliation shall not be entitled to any further compensation for salary until such reconciliation is effected. With the approval of the state auditor any agency which relies extensively on central accounting records may be permitted by the secretary to file a statement of agreement in lieu of a reconciliation on all or part of its accounts.

(c) In addition to the annual reconciliation of accounts required by par. (b), the secretary may request any state agency to reconcile its accounts with those of the department at such other times as the secretary deems necessary. The manner and form of the reconciliation shall be determined by the secretary.

(6) **PRIOR APPROVAL OF PURCHASE ORDERS, ETC.** (a) Except as authorized in s. 16.74, all purchase orders, contracts, or printing orders for any agency as defined in s. 16.70 (1) shall, before any liability is incurred thereon, be submitted to the secretary for his or her approval as to legality of purpose and sufficiency of appropriated and allotted funds therefor. In all cases the date of the contract or order governs the fiscal year to which the contract or order is chargeable, unless the secretary determines that the purpose of the contract or order is to prevent lapsing of appropriations or to otherwise circumvent budgetary intent. Upon such approval, the secretary shall immediately encumber all contracts or orders, and indicate the fiscal year to which they are chargeable.

(b) Pursuant to s. 16.72 and subject to ss. 16.53 and 20.903 local purchases may be made or miscellaneous expenses incurred by any state department.

(c) Any department feeling itself aggrieved by the refusal of the secretary to approve any proposed encumbrance or payment under this section or s. 16.53 may appeal from the secretary’s decision to the governor, who, after a hearing and such investigation as the governor deems necessary, may set aside or modify such decision.

(7) **PETTY CASH ACCOUNT.** With the approval of the secretary, each agency which is authorized to maintain a contingent fund under s. 20.920 may establish a petty cash account from its contingent fund. The procedure for operation and maintenance of petty cash accounts and the character of expenditures therefrom shall be prescribed by the secretary. In this subsection, “agency” means an office, department, independent agency, institution of higher education, association, society or other body in state government created or authorized to be created by the constitution or any law, which is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in ch. 231, 233 or 234.

(8) **REFUND ACCOUNTS.** The secretary shall promulgate rules permitting agencies, authorized to do so by the governor, to issue checks, share drafts or other drafts to refund amounts not to exceed \$5 each. The secretary may establish petty cash funds for such agencies for the purpose of paying refunds.

(9) **SECRETARY TO REQUIRE ACCOUNTS OF STATE MONEY, ETC.** The secretary shall require all persons receiving money or securities or having the disposition or management of any property of the state, of which an account is kept in the secretary's office, to render statements thereof to the secretary; and all such persons shall render such statements at such time and in such form as the secretary shall require.

(10) **DEPARTMENT OF EDUCATION.** The provisions of sub. (2) with respect to refunds and sub. (5) (a) with respect to reimbursements for the prior fiscal year shall not apply to the appropriation under s. 20.255 (2) (ac).

NOTE: Sub. (10) (title) is shown as amended eff. 1–1–96 by 1995 Wis. Act 27. The treatment by Act 27 was held unconstitutional and declared void by the Supreme Court in *Thompson v. Craney*, case no. 95–2168–OA. Prior to Act 27 it read:

The charges to departments for the central services costs incurred by the department of administration and the indirect costs incurred by the departments in the administration of federally-aided programs under grants or contracts shall be made in accordance with the procedures adopted by the secretary.

(12) **DATE FOR INTERFUND TRANSFERS.** Whenever it is provided by law for a transfer of moneys to be made from one fund to another fund and no date is specified for the transfer to be made, determine a date on which the transfer shall be made or provide for partial transfers to be made on different dates, and transfer the moneys in accordance with its determination.

2. Except as provided in subd. 3., within 45 days after receipt of a properly completed invoice or receipt and acceptance of the property or service under the order or contract, or, if the agency does not comply with s. 16.53 (2), within 45 days after receipt of an improperly completed invoice or receipt and acceptance of the property or service under the order or contract, whichever is later.

The audit may be on a sample basis in accordance with generally accepted auditing standards. The secretary may delegate in writing the audit function to the head of any agency under terms and standards established by the secretary. The delegation shall be by mutual agreement and notice of the agreement shall be reported to the state auditor. If the secretary finds, through sample auditing, review of procedures, controls and any other audit techniques the secretary deems necessary, that the delegated function is not being performed according to the established auditing standards, the secretary shall in writing withdraw the delegated authority. 10. Exclude items of expenditure incurred by an employe of any state department while permanently located outside the state unless prior approval of the department of administration has been obtained.

(ca) *Supervision of expenditures.* All departments shall diligently review and supervise the travel expenditures of their employes and may promulgate reasonable rules governing such expenditures. Such rules shall be consistent with the uniform

guidelines established under s. 20.916 (8). Each claim shall be approved by the employe’s appointing authority, as defined in s. 230.03 (4), or the appointing authority’s authorized representative. The approval shall represent the concurrence with the accuracy, necessity and reasonableness of each expense. Claims so approved shall be audited by the department of administration in accordance with par. (a).

(cm) *Advancement of travel expenses.* The head of a state agency may, by presenting proper vouchers to the department of administration, advance money for travel expenses to employes. Travel expenses shall be advanced only when the estimated expense is expected to exceed \$50 and the advance shall not exceed 80% of the estimated expense.

(d) *Salaries and benefits; when payable.* 1. The secretary, with the approval of the joint committee on employment relations, shall fix the time, except as provided in ss. 106.21 (9) (c) and 106.215 (10) (c), and frequency for payment of salaries due elective and appointive officers and employes of the state. As determined under this subdivision, the salaries shall be paid either monthly, semimonthly or for each 2-week period.

2. Costs for benefits under ch. 108 which are paid on an actual basis may be charged to and collected from agencies by the secretary on an estimated or premium basis, credited to appropriate appropriations, and paid from the appropriations on an actual basis. If a billing submitted by the department of industry, labor and job development for payment of a specific claim for benefits under s. 108.15 (7) remains unpaid by the agency to whom the billing is submitted for more than 60 days after the billing is transmitted to the agency by the secretary, the secretary may charge the cost of payment of the billing to the proper appropriation of the agency to whom the billing is submitted without authorization of the agency and notwithstanding any pending dispute concerning agency liability. If it is finally determined that an agency is not liable in whole or in part for payment of a billing previously submitted and paid, the secretary shall credit any refund received to the appropriation from which the billing was paid, if it is available for expenditure, or otherwise to the fund from which the billing was paid. Any credit to a sum sufficient appropriation shall be made only to the fund from which the appropriation is made. In addition, the secretary may charge agencies for the department’s costs of estimation, collection and payment of benefits under ch. 108 on a prorated basis in accordance with the percentage of costs attributable to each agency. Service charges shall be paid into the appropriation made under s. 20.505 (1) (ka).

3. In order to utilize modern accounting methods in processing payrolls, the department may convert and adjust salaries of all state officers and employes so that they are payable in equal payments throughout the year. To this end the secretary may promulgate rules necessary to administer this subdivision.

4. The secretary may promulgate rules pertaining to the administration of earnings garnishment actions under s. 812.42 whenever the state is the garnishee in such actions. In any earnings garnishment action where the judgment debtor is employed by the university of Wisconsin system, the secretary may require the appropriate payroll processing center for the university of Wisconsin system to directly process necessary forms, papers, deductions and checks, share drafts or other drafts in connection with such action.

(2) **IMPROPER INVOICES.** If an agency receives an improperly completed invoice, the agency shall notify the sender of the invoice within 10 working days after it receives the invoice of the reason it is improperly completed. In this subsection, “agency” means an office, department, independent agency, institution of higher education, association, society or other body in state government created or authorized to be created by the constitution or any law, which is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in ch. 231, 233 or 234.

(3) **EXAMINATION OF CLAIMANTS.** The secretary may examine under oath the claimant or any other person relative to any claim presented against the state, and may require oral or written answers as to any facts relating to the justness of the claim, or as to the liability of the state.

(4) **AUDIT ORDER INDORSED ON CLAIM; RECORD.** The order of the secretary auditing any claim shall be indorsed on or annexed to such claim, shall specify the amount allowed, the fund from which the same is payable, and the law that authorizes payment of such claim out of the treasury; and said order with the claim and all evidence relative thereto shall be filed and preserved in the secretary's office.

(5) **WARRANTS; WHAT TO SPECIFY.** The secretary shall draw a warrant on the state treasurer payable to the claimant for the amount allowed by the secretary upon every claim audited under sub. (1), except as authorized in s. 16.52 (7), 20.920 or 20.929, specifying from what fund to be paid, the particular law which authorizes the claim to be paid out of the state treasury, and at the secretary's discretion the post-office address of the payee. The secretary shall not credit the treasurer for any sum of money paid out by the treasurer otherwise than upon such warrants.

(6) **WARRANTS; SIGNATURES.** Whenever it is impracticable for the secretary to personally sign warrants issued on the state treasury, the secretary's name may be signed thereto by one or more persons in the secretary's department designated by the secretary or by the use of a mechanical device adopted by the secretary for affixing a facsimile signature; and the state treasurer, when written authority and reasons therefor are filed in the office of the state treasurer, shall honor warrants so signed, the same as if signed in person by the secretary, until such authority is revoked in writing.

(7) **CERTIFICATION OF BOARDS, EVIDENCE OF CORRECTNESS OF ACCOUNT.** The certificate of the proper officers of the board of regents of the university of Wisconsin system, the department of health and family services, or the proper officers of any other board or commission organized or established by the state, shall in all cases be evidence of the correctness of any account which may be certified by them.

(9) **TRANSFER OF FUNDS APPROPRIATED.** Whenever an appropriation has been made from the general fund in the state treasury to any other fund therein, the secretary may withhold the transfer of such appropriation or any part thereof from the general fund until the moneys required to pay outstanding claims are duly audited and disbursed. Such authority is not limited to the fiscal year of the appropriation if the liability is properly recognized and recorded.

(10) **PRIORITY OF CLAIMS.** (a) If an emergency arises which requires the department to draw vouchers for payments which will be in excess of available moneys in any state fund, the secretary, in consultation with the state treasurer, and after notifying the joint committee on finance under par. (b), may prorate and establish priority schedules for all payments within each fund, including those payments for which a specific payment date is provided by statute, except as otherwise provided in this paragraph. The secretary shall draw all vouchers according to the preference provided in this paragraph. All direct or indirect payments of principal or interest on state bonds and notes issued under subch. I of ch. 18 have first priority. All direct or indirect payments of principal or interest on state notes issued under subch. III of ch. 18 have 2nd priority. No payment having a 1st or 2nd priority may be prorated or reduced under this subsection. All state employe payrolls have 3rd priority. The secretary shall draw all remaining vouchers according to a priority determined by the secretary. The secretary shall maintain records of all claims prorated under this subsection and shall provide written notice to the state treasurer when a potential cash flow emergency is anticipated.

(b) Before exercising authority under par. (a) the secretary shall, after consultation with the state treasurer, notify the joint committee on finance as to the need for and the procedures under which proration or priority schedules under par. (a) shall occur.

If the joint committee on finance has not, within 2 working days after the notification, scheduled a meeting to review the secretary's proposal, the secretary may proceed with the proposed action. If, within 2 working days after the notification, the committee schedules a meeting, the secretary may not proceed with the proposed action until after the meeting is held.

(c) If the secretary prorates or establishes priority schedules for payments which are to be made to local units of government, he or she shall establish a procedure whereby any local unit of government which can demonstrate that it would be adversely affected by such action of the secretary may appeal to the secretary for a waiver from having its payment prorated or delayed. In establishing this procedure, the secretary shall consider a local unit of government adversely affected if it can demonstrate that the proration or delay would cause a financial hardship because the scheduled payment had been budgeted as a revenue to be available at the scheduled time of payment and the local unit of government would otherwise have insufficient revenues to meet its immediate expenditure obligations.

(e) The authority granted by this subsection may be exercised only after all other possible procedures have been used and are found to be insufficient, including the temporary reallocation of surplus moneys as provided in s. 20.002 (11).

(11) **INTEREST ON DELAYED PAYMENTS.** Payments, other than payments subject to s. 16.528, prorated or delayed under sub. (10) which are payable to local units of government shall accrue interest on the payment delay at a rate equal to the state investment fund earnings rate during the period of the payment delay. Payments subject to s. 16.528 prorated or delayed under sub. (10) past the due date shall not accrue interest. In this subsection, "local unit of government" means a county, city, village, town, school district, technical college district or any other governmental entity which is entitled to receive aid payments from this state.

(12) **TRAVEL EXPENSES.** (a) In this subsection:

1. "Agency" has the meaning given under sub. (2).

2. "Employee" means any officer or employe of the state who is entitled to reimbursement for actual, reasonable and necessary expenses.

(b) Each voucher claim for travel expenses shall be approved by the head of the employe's agency or that person's designee. Such approval represents concurrence with the necessity and reasonableness of each expense. Such approval shall accompany the travel voucher. The expense voucher shall be audited by the agency financial office and then submitted to the department for final audit before payment.

(c) The department may not approve for payment any travel vouchers which exceed the maximum travel schedule amounts which are established under s. 20.916 (8), except in unusual circumstances when accompanied by a receipt and full explanation of the reasonableness of such expense.

(d) The department may not approve for payment any travel vouchers which exceed the auto mileage rates set under s. 20.916 (4) (a) and (e).

(13) **FINANCIAL SERVICES.** (a) In this subsection, "agency" has the meaning given in s. 16.70 (1).

(b) The department may charge any agency for accounting, auditing, payroll and other financial services provided to the agency, whether the services are required by law or performed at the agency's request.

16.531 Cash flow plan; report. (1) At least 15 days prior to the beginning of any calendar quarter in which the secretary anticipates that it may be necessary to exercise the authority conferred in s. 16.53 (10) (a) or 20.002 (11) (a) or to incur financial obligations and issue operating notes under subch. III of ch. 18,

the secretary shall submit a plan to the joint committee on finance describing the specific nature of any proposed action that may be required.

(2) If the secretary determines during any calendar quarter that action under s. 16.53 (10) (a) or 20.002 (11) or subch. III of ch. 18 should be taken that is different from the action specified in the plan submitted under sub. (1), the secretary shall provide notice to the joint committee on finance of the specific nature of any such action that may be required. If the joint committee on finance has not, within 2 working days after such notification, scheduled a meeting to review the secretary's proposal, the secretary may proceed with the proposed action. If, within 2 working days after such notification, the committee schedules a meeting, the secretary may not proceed with the proposed action until after the meeting is held.

III of ch. 18, the secretary shall submit to the joint committee on finance a report on the status of all such matters, together with an assessment of the degree to which the secretary anticipates that state funds and accounts will have sufficient revenues to meet anticipated obligations during the 6-month period following the calendar quarter for which the report is issued.

16.54 Acceptance of federal funds. (1) Whenever the United States government shall make available to this state funds for the education, the promotion of health, the relief of indigency, the promotion of agriculture or for any other purpose other than the administration of the tribal or any individual funds of Wisconsin Indians, the governor on behalf of the state is authorized to accept the funds so made available. In exercising the authority herein conferred, the governor may stipulate as a condition of the acceptance of the act of congress by this state such conditions as in the governor's discretion may be necessary to safeguard the interests of this state.

(2) (a) 1. Except as provided in subd. 2., whenever funds shall be made available to this state through an act of congress and the funds are accepted as provided in sub. (1), the governor shall designate the state board, commission or department to administer any of such funds, and the board, commission or department so designated by the governor is authorized and directed to administer such funds for the purpose designated by the act of congress making an appropriation of such funds, or by the department of the United States government making such funds available to this state. Whenever a block grant is made to this state, no moneys received as a part of the block grant may be transferred from use as a part of one such grant to use as a part of another such grant, regardless of whether a transfer between appropriations is required, unless the joint committee on finance approves the transfer.

2. Whenever a block grant is made to this state under any federal law enacted after August 31, 1995, which authorizes the distribution of block grants for the purposes for which the grant is made, the governor shall not administer and no board, commission or department may encumber or expend moneys received as a part of the grant unless the governor first notifies the cochairpersons of the joint committee on finance, in writing, that the grant has been made. The notice shall contain a description of the purposes proposed by the governor for expenditure of the moneys received as a part of the grant. If the cochairpersons of the committee do not notify the governor that the committee has scheduled a meeting for the purpose of reviewing the proposed expenditure of grant moneys within 14 working days after the date of the governor's notification, the moneys may be expended as proposed by the governor. If, within 14 working days after the date of the governor's notification, the cochairpersons of the committee

notify the governor that the committee has scheduled a meeting for the purpose of reviewing the proposed expenditure of grant moneys, no moneys received as a part of the grant may be expended without the approval of the committee.

3. In this subsection, "block grant" means a multipurpose federal grant so designated under federal law.

(b) Upon presentation by the department to the joint committee on finance of alternatives to the provisions under s. 16.385, the joint committee on finance may revise the eligibility criteria under s. 16.385 (5), benefit payments under s. 16.385 (6) or the amount allocated for crises under s. 16.385 (3) (e) 2. and the department shall implement those revisions. Benefits or eligibility criteria so revised shall take into account and be consistent with the requirements of federal regulations promulgated under 42 USC 8621 to 8629. If funds received under 42 USC 8621 to 8629 in a federal fiscal year total less than 90% of the amount received in the previous federal fiscal year, the department shall submit to the joint committee on finance a plan for expenditure of the funds. The department may not use the funds unless the committee approves the plan.

(c) Notwithstanding s. 20.435, before using any of the funds disbursed by the federal government to the governor under 42 USC 1397 to 1397f, commencing with funds disbursed for federal fiscal year 1986, the department of health and family services shall submit to the joint committee on finance and to the chief clerk of each house of the legislature, for distribution to the appropriate legislative standing committees under s. 13.172 (3), the proposed state report required under 42 USC 1397c. The appropriate legislative standing committees shall review the reports, conduct public hearings on the reports and submit recommendations to the department of health and family services regarding the reports. The department of health and family services may not use the federal funds unless the joint committee on finance approves the report.

(4) Any board, commission or department of the state government designated to administer any such fund, shall, in the administration of such fund, comply with the requirements of the act of congress making such appropriation and with the rules and regulations which may be prescribed by the United States government or by the department of the federal government making such funds available.

(5) Whenever any agency of the federal government shall require that as a condition to obtaining federal aid the state agency entrusted with the administration of such aid shall submit a budget, plan, application, or other project proposal, then the budget, plan, application or proposal shall, before it is submitted to the federal authorities for approval, first be approved by the governor and reported to the joint committee on finance.

(6) The governor may accept for the state the provisions of any act of congress whereby funds or other benefits are made available to the state, its political subdivisions, or its citizens, so far as the governor considers the provisions to be in the public interest. To this end, the governor may take or cause to be taken all necessary acts including, without limitation because of enumeration, the following:

(a) The making of leases or other contracts with the federal government.

(b) The preparation, adoption and execution of plans, methods, and agreements.

(c) The designation of state, municipal or other agencies to perform specific duties.

(7) The governor may accept for the state at all times the provisions of any act of congress whereby funds are made available to the state for any purpose whatsoever, including the school health program under the social security act, and perform all other acts necessary to comply with and otherwise obtain, facilitate, expedite, and carry out the required provisions of such acts of congress.

(8) An agency may request the governor to create or abolish a full-time equivalent position or portion thereof funded from rev-

enues specified in s. 20.001 (2) (e) in the agency. Upon receiving such a request, the governor may change the authorized level of full–time equivalent positions funded from such revenues in the agency. The governor may approve a different authorized level of positions than is requested by the agency. The governor, through the secretary, shall notify the joint committee on finance at least quarterly of any federal funds received in excess of those approved in the biennial budget process and of any positions created or abolished under this section.

(8g) Subsections (1) to (8) do not apply to federal moneys made available to the board of regents of the university of Wisconsin system for instruction, extension, special projects or emergency employment opportunities.

(8r) (a) Whenever the federal government makes available moneys for instruction, extension, special projects or emergency employment opportunities, the board of regents of the university of Wisconsin system may accept the moneys on behalf of the state. The board of regents shall, in the administration of the expenditure of such moneys, comply with the requirements of the act of congress making the moneys available and with the regulations prescribed by the federal government or the federal agency administering the act, insofar as the act or regulations are consistent with state law. The board of regents may submit any plan, budget, application or proposal required by the federal agency as a precondition to receipt of the moneys. The board of regents may, consistent with state law, perform any act required by the act of congress or the federal agency to carry out the purpose of the act of congress. The board of regents shall deposit all moneys received under this paragraph in the appropriation account under s. 20.285 (1) (m).

(b) Annually by October 1 the board of regents shall report to the governor and the cochairpersons of the joint committee on finance concerning the date, amount and purpose of any federal moneys accepted by the board under par. (a) during the preceding fiscal year.

2. “Indirect cost reimbursement” means moneys received by an agency from the federal government as reimbursement for indirect costs of administration of a federal grant or contract for which no specific use is mandated by the federal government.

(b) An indirect cost reimbursement may be utilized for administrative purposes, program purposes, funding of positions, payment of federal aid disallowances, or other purposes authorized by law. If an indirect cost reimbursement is not utilized for such a purpose, the head of the agency receiving the reimbursement shall request the department to transfer the reimbursement to the general fund as general purpose revenue — earned. All transfers and other expenditures are subject to approval of the secretary under s. 16.50 (2) and the governor under this section.

(c) All moneys received as indirect cost reimbursements shall be deposited in the account for the proper appropriation under ss. 20.115 to 20.855 for receipt of indirect cost reimbursements.

Upon request of the department, all agencies shall prepare individual, specific, indirect cost allocation plans in accordance with federal regulations and submit the plans to the department. Upon request of the department, all agencies shall prepare and submit to the department updated indirect cost allocation plans. The secretary may modify any plan to bring it into compliance with applicable state laws or procedures established

under s. 16.52 or this section, and to maintain consistency between the plans of agencies.

(10) Before acceptance of any federal grant on behalf of the state which will or may involve the provision of auditing services by the legislative audit bureau, all departments shall provide written notification to the state auditor. Each such federal grant shall, to the maximum extent permitted by federal law and regulation, include an allocation for the cost of such auditing services within the grant budget, plan, application or project proposal.

(11) The state board, commission or department designated by the governor under sub. (2) to administer federal payments in lieu of taxes on national forest lands shall distribute those payments to towns, cities and villages, but not to counties, that provide general governmental services and contain national forest lands. (2) (a) The department of administration shall prepare standard specifications, as far as possible, for all state purchases. By “standard specifications” is meant a specification, either chemical or physical or both, prepared to describe in detail the article which the state desires to purchase, and trade names shall not be used. On the formulation, adoption and modification of any standard specifications, the department of administration shall also seek and be accorded without cost, the assistance, advice and cooperation of other agencies and officers. Each specification adopted for any commodity shall, insofar as possible, satisfy the requirements of any and all agencies which use it in common.

(b) Except as provided in s. 565.25 (2) (a) 4., the department shall prepare or review specifications for all materials, supplies, equipment, other permanent personal property and contractual services not purchased under standard specifications. Such “non-standard specifications” may be generic or performance specifications, or both, prepared to describe in detail the article which the state desires to purchase either by its physical properties or programmatic utility. When appropriate for such nonstandard items or services, trade names may be used to identify what the state requires, but wherever possible 2 or more trade names shall be designated and the trade name of any Wisconsin producer, distributor or supplier shall appear first.

(c) To the extent possible, the department shall write specifications so as to permit the purchase of materials manufactured in the United States, as defined in s. 16.754 (1).

(f) In writing specifications under this subsection, the department, any other designated purchasing agent under s. 16.71 (1) and each authority other than the University of Wisconsin Hospitals and Clinics Authority shall incorporate requirements relating to the recyclability and ultimate disposition of products and, wherever possible, shall write the specifications so as to minimize the amount of solid waste generated by the state, consistent with the priorities established under s. 287.05 (12). All specifications under this subsection shall discourage the purchase of single-use, disposable products and require, whenever practical, the purchase of multiple-use, durable products.

(4) (a) Except as provided in s. 16.74 or as otherwise provided in this subchapter and the rules promulgated under s. 16.74 and this subchapter, all supplies, materials, equipment and contractual services shall be purchased for and furnished to any agency only upon requisition to the department. The department shall prescribe the form, contents, number and disposition of requisitions and shall promulgate rules as to time and manner of submitting such requisitions for processing. No agency or officer may engage any person to perform contractual services without the specific prior approval of the department for each such engagement. Purchases of supplies, materials, equipment or contractual services by the legislature, the courts or legislative service or judicial branch agencies do not require approval under this paragraph.

(b) The department shall promulgate rules for the declaration as surplus of supplies, materials and equipment in any agency and for the transfer to other agencies or for the disposal by private or public sale of supplies, materials and equipment. In either case due credit shall be given to the agency releasing the same.

(4m) The department shall provide the department of revenue with a copy of each contract for a major procurement, as defined in s. 565.01 (4), for the department of revenue.

(5) (a) In this subsection, “materials” has the meaning given in s. 16.754 (1) (c).

(b) The department and the historical society jointly shall promulgate rules identifying types of historically significant materials.

(c) Before an agency may dispose of surplus materials that are of a type identified in rules promulgated under par. (b), the agency shall provide an opportunity for the historical society to inspect and obtain historically significant surplus materials for its collec-

(6) The department shall maintain a clearinghouse of information regarding products made from recycled material and recovered material for purchase by governmental agencies and authorities. The clearinghouse shall include information concerning the availability, price and quality of products made from recycled materials and recovered materials. The clearinghouse shall also include information concerning vendors and other persons willing to purchase recyclable material from agencies, authorities and local governmental units. The department shall develop a mechanism to make this information available to all designated agents under s. 16.71 (1), agencies making purchases under s. 16.74 and authorities to assist them in complying with s. 16.75 (8) and (9) and to all local governmental purchasing agents to assist them in complying with s. 66.299 (3) and (4).

(7) Annually, by March 1, the department shall submit to the recycling market development board a report regarding the department's resource recovery and recycling activities of the preceding year. The report shall include information concerning the level of compliance by the department and other agencies and authorities, excluding the University of Wisconsin Hospitals and Clinics Authority, with all of the following and reasons for any failure to fully comply with all of the following:

(a) The requirements under s. 16.75 (8) (a) and (9) that the department and other purchasing agents and authorities specified in sub. (2) (e) and (f) make purchasing selections using specifications prescribed under sub. (2) (e) and (f) and specifically that each such agency and authority ensure that a minimum proportion of its aggregate paper purchases be recycled fiber.

(b) The requirement of s. 16.855 (10p) that specifications for each state construction project provide for the use of recovered materials and recycled materials to the extent that such use is technically and economically feasible.

(c) The requirement of s. 16.15 (3) that agencies and authorities to which s. 16.15 (3) applies separate for recycling the materials specified in that subsection.

16.73 Cooperative purchasing. (1) The department may enter into an agreement with a municipality or group of municipalities, and municipalities may enter into agreements with each other, under which any of the parties may agree to participate in, administer, sponsor or conduct purchasing transactions under a joint contract for the purchase of materials, supplies, equipment, permanent personal property, miscellaneous capital or contractual services. This subsection does not apply to construction contracts that are subject to s. 16.855 or 66.29.

(2) The department may purchase and store in warehouses articles that may be needed by agencies and municipalities. The department may sell stored articles to municipalities at cost.

(3) The department may, upon request, make available to municipalities technical purchasing information including, but not limited to, standard forms, manuals, product specifications and standards and contracts or published summaries of contracts, including price and delivery information.

(4) (a) When it is in the best interest of the state and consistent with competitive purchasing practices, the department may enter into agreements with purchasing agents of any other state or the federal government under which any of the parties may agree to participate in, administer, sponsor or conduct purchasing of materials, supplies, equipment, permanent personal property, miscellaneous capital or contractual services. The state may purchase from any vendor selected as a result of such purchasing agree-

ments. This paragraph does not apply to construction contracts that are subject to s. 16.855 or 66.29.

(b) The department may cooperate with purchasing agents and other interested parties of any other state or the federal government to develop uniform purchasing specifications under s. 16.72 (2) on a regional or national level to facilitate cooperative interstate purchasing transactions.

(5) If the department designates the board of regents of the University of Wisconsin System as its purchasing agent for any purpose under s. 16.71 (1), the board may enter into a contract to sell any materials, supplies, equipment or contractual services purchased by the board to the University of Wisconsin Hospitals and Clinics Authority, and may contract with the University of Wisconsin Hospitals and Clinics Authority for the joint purchase of any materials, supplies, equipment or contractual services if the sale or purchase is made consistently with that delegation and with this subchapter.

All supplies, materials, equipment, permanent personal property and contractual services required within the judicial branch shall be purchased by the director of state courts or the judicial branch agency utilizing the supplies, materials, equipment, property or services.

(2) (a) Requisitions for legislative branch purchases shall be signed by the cochairpersons of the joint committee on legislative organization or their designees for the legislature, by an individual designated by either house of the legislature for the house, or by the head of any legislative service agency, or the designee of that individual, for the legislative service agency. No such requisition or contract need be filed with the department.

(4) Each legislative and judicial officer shall file all bills and statements for purchases and engagements made by the officer under this section with the secretary, who shall audit and authorize payment of all lawful bills and statements. No bill or statement for any purchase or engagement for the legislature, the courts or any legislative service or judicial branch agency may be paid until the bill or statement is approved by the requisitioning or contracting officer under sub. (2).

(5) The department, upon request, shall make recommendations and furnish assistance to the courts, to either house of the legislature or to any legislative service or judicial branch agency regarding purchasing procedure. The department, upon request,

History: 1985 a. 29.

16.75 Buy on low bid, exceptions. (1) (a) 1. All orders awarded or contracts made by the department for all materials, supplies, equipment and contractual services to be provided to any agency, except as otherwise provided in par. (c) and subs. (2), (2g), (2m), (3m), (3t), (6), (7), (8) and (9) and ss. 16.73 (4) (a), 16.754, 50.05 (7) (f), 287.15 (7) and 301.265, shall be awarded to the lowest responsible bidder, taking into consideration life cycle cost estimates under sub. (1m), when appropriate, the location of the agency, the quantities of the articles to be supplied, their conformity with the specifications, and the purposes for which they are required and the date of delivery.

2. If a vendor is not a Wisconsin producer, distributor, supplier or retailer and the department determines that the state, foreign nation or subdivision thereof in which the vendor is domiciled grants a preference to vendors domiciled in that state, nation or subdivision in making governmental purchases, the department and any agency making purchases under s. 16.74 shall give a preference over that vendor to Wisconsin producers, distributors, suppliers and retailers, if any, when awarding the order or contract. The department may enter into agreements with states, foreign nations and subdivisions thereof for the purpose of implementing this subdivision.

3. Bids may be received only in accordance with such specifications as are adopted by the department as provided in this subsection. Any or all bids may be rejected. Each bid, with the name of the bidder, shall be entered on a record, and each record with the successful bid indicated shall, after the award or letting of the contract, be opened to public inspection. Where a low bid is rejected, a complete written record shall be compiled and filed, giving the reason in full for such action. Any waiver of sealed, advertised bids as provided in sub. (2m) or (6) shall be entered on a record kept by the department and open to public inspection.

(b) When the estimated cost exceeds \$25,000, due notice inviting bids shall be published as a class 2 notice, under ch. 985, and the bids shall not be opened until at least 7 days from the last day of publication. The official advertisement shall give a clear description of the materials, supplies, equipment or service to be purchased, the amount of the bond, share draft, check or other draft to be submitted as surety with the bid and the date of public opening.

(c) Except as provided in sub. (7), when the estimated cost is \$25,000 or less, the award may be made in accordance with simplified procedures established by the department for such transactions.

(1m) The department shall award each order or contract for materials, supplies or equipment on the basis of life cycle cost estimates, whenever such action is appropriate. Each authority other than the University of Wisconsin Hospitals and Clinics Authority shall award each order or contract for materials, supplies or equipment on the basis of life cycle cost estimates, whenever such action is appropriate. The terms, conditions and evaluation criteria to be applied shall be incorporated in the solicitation of bids or proposals. The life cycle cost formula may include, but is not limited to, the applicable costs of energy efficiency, acquisition and conversion, money, transportation, warehousing and distribution, training, operation and maintenance and disposition or resale. The department shall prepare documents containing technical guidance for the development and use of life cycle cost estimates,

and shall make the documents available to local governmental units.

(2) (a) When the department of administration believes that it is to the best interests of the state to purchase certain patented or proprietary articles, other than printing and stationery, it may purchase said articles without the usual statutory procedure. All equipment shall be purchased from the lowest and best bidder as determined by the bids and a comparison of the detailed specifications submitted with the bids, and after due advertisement as hereinbefore provided. Where the low bid or bids are rejected, a complete written record shall be compiled and filed, giving the reasons in full for such action.

(b) When the department determines that utility services are available only from a sole source as a result of regulation or of a natural monopoly, these services may be obtained without compliance with the usual procedure under this section.

(2g) (a) The purchasing authority under s. 16.71 (2) may make purchases for products of and goods for resale by prison industries, other than purchases of printing or stationery, without inviting bids and without accepting the lowest responsible bid.

(b) The purchasing authority shall notify the governor prior to any purchase under par. (a) which exceeds \$15,000. The governor has 72 hours, excluding Saturday, Sunday or a legal holiday, in which to veto any such purchase.

(c) No notice is required for purchases by prison industries under this subsection. All other purchasing rules and procedures apply to prison industries purchases.

(2m) (a) If the secretary or his or her designee determines that the use of competitive sealed bidding is not practicable or not advantageous to this state, the department may solicit competitive sealed proposals. Each request for competitive sealed proposals shall state the relative importance of price and other evaluation factors.

(b) When the estimated cost exceeds \$25,000, the department shall publish a class 2 notice under ch. 985 inviting competitive sealed proposals. The advertisement shall describe the materials, supplies, equipment or service to be purchased, the intent to solicit proposals rather than bids, any requirement for surety and the date the proposals will be opened, which shall be at least 7 days after the date of the last insertion of the notice.

(c) When the estimated cost is \$25,000 or less, the department may award the order or contract in accordance with simplified procedures established by the department for such transactions.

(d) For purposes of clarification, the department may discuss the requirements of the proposed order or contract with any person who submits a proposal and shall permit any offerer to revise his or her proposal to ensure its responsiveness to those requirements.

(e) The department shall determine which proposals are reasonably apt to be awarded the order or contract and shall provide each offerer of such a proposal a fair and equal opportunity to discuss the proposal. The department may negotiate with each offerer in order to obtain terms that are advantageous to this state. Prior to the award of the order or contract, any offerer may revise his or her proposal. The department shall keep a written record of all meetings, conferences, oral presentations, discussions, negotiations and evaluations of proposals under this section.

(f) In opening, discussing and negotiating proposals, the department may not disclose any information that would reveal the terms of a competing proposal.

(g) After receiving each offerer's best and final offer, the department shall determine which proposal is most advantageous and shall award the order or contract to the person who offered it. The department's determination shall be based only on price and the other evaluation factors specified in the request for proposals. The department shall state in writing the reason for the award and shall place the statement in the contract file.

(h) Following the award of the order or contract, the department shall prepare a register of all proposals.

(i) This subsection does not apply to the purchase of printing or stationery.

(3) The department may let contracts in excess of funds available. Except in the cases to which s. 18.10 (1) applies, any such contract shall state in substance that its continuance beyond the limits of funds already available is contingent upon appropriation of the necessary funds. Contracts may be for any term deemed to be in the best interests of the state but the terms and provisions for renewal or extension, if any, shall be incorporated in the bid specifications and the contract document.

(3m) (a) In this subsection, “minority business” means a business certified by the department of commerce under s. 560.036 (2).

(b) The department and any agency making purchases under s. 16.74 shall attempt to ensure that 5% of the total amount expended under this subchapter in each fiscal year is paid to minority businesses. Except as provided under sub. (7), the department may purchase materials, supplies, equipment and contractual services from any minority business submitting a qualified responsible competitive bid that is no more than 5% higher than the apparent low bid or competitive proposal that is no more than 5% higher than the most advantageous offer. In administering the preference for minority businesses established in this paragraph, the department and any agency making purchases under s. 16.74 shall maximize the use of minority businesses which are incorporated under ch. 180 or which have their principal place of business in this state.

(c) 1. After completing any contract under this subchapter, the contractor shall report to the agency that awarded the contract any amount of the contract that was subcontracted to minority businesses.

2. Each agency shall report to the department at least semi-annually, or more often if required by the department, the total amount of money it has expended for contracts and orders awarded to minority businesses and the number of contacts with minority businesses in connection with proposed purchases.

3. The department shall maintain and annually publish data on state purchases from minority businesses, including amounts expended and the percentage of total expenditures awarded to minority businesses.

4. The department shall annually prepare and submit a report to the governor and to the chief clerk of each house of the legislature, for distribution to the appropriate standing committees under s. 13.172 (3), on the total amount of money paid to and of indebtedness or other obligations underwritten by minority businesses, minority financial advisers and minority investment firms under the requirements of this subsection and ss. 16.855 (10m), 16.87 (2), 25.185, 84.075 and 565.25 (2) (a) 3. and on this state’s progress toward achieving compliance with par. (b) and ss. 16.855 (10m) (a), 16.87 (2), 25.185 and 84.075 (1).

5. In determining whether a purchase, contract or subcontract complies with the goal established under par. (b) or s. 16.855 (10m), 16.87 (2) or 25.185 the department shall include only amounts paid to minority businesses, minority financial advisers and minority investment firms certified by the department of commerce under s. 560.036 (2).

(3t) (a) In this subsection, “form” has the meaning given under s. 16.97 (5p).

(c) The department of corrections shall periodically provide to the department of administration a current list of all materials, supplies, equipment or contractual services, excluding commodities, that are supplied by prison industries, as created under s. 303.01. The department of administration shall distribute the list to all designated purchasing agents under s. 16.71 (1). Prior to seeking bids or competitive sealed proposals with respect to the

purchase of any materials, supplies, equipment or contractual services enumerated in the list, the department of administration or any other designated purchasing agent under s. 16.71 (1) shall offer prison industries the opportunity to supply the materials, supplies, equipment or contractual services if the department of corrections is able to provide them at a price comparable to one which may be obtained through competitive bidding or competitive sealed proposals and is able to conform to the specifications, provided the specifications are written in accordance with s. 16.72 (2) (d). If the department of administration or other purchasing agent is unable to determine whether the price of prison industries is comparable, it may solicit bids or competitive proposals before awarding the order or contract. This paragraph does not apply to the printing of the following forms:

1. Forms that must be completed by applicants for admission to an institution of the university of Wisconsin system or by students of such an institution who are applying for financial aid, including loans, or for a special course of study or who are adding or dropping courses, registering or withdrawing, establishing their residence or being identified or classified.

2. Forms the use of which is required by federal law.

3. Forms used by teachers to evaluate a student’s academic performance.

4. Forms used by hospitals and health care providers to bill or collect from patients and 3rd parties.

7. Forms that are not public contact forms.

(4) (a) The department shall encourage the participation of small businesses and veteran-owned businesses in the statewide purchasing program by ensuring that there are no undue impediments to such participation and by actively encouraging small businesses and veteran-owned businesses to play an active role in the solicitation of purchasing business by agencies. To that end the department shall:

1. Maintain comprehensive lists of small businesses and of veteran-owned businesses located in this state which have indicated a willingness to provide materials, supplies, equipment or contractual services to the state.

2. Develop ways of simplifying specifications and terms so that they will not impose unnecessary administrative burdens on small businesses and veteran-owned businesses located in this state which submit bids or proposals to the state.

3. Assist small businesses and veteran-owned businesses located in this state in complying with the state’s competitive bidding and competitive proposal procedures.

4. Notify businesses on the lists maintained under subd. 1. of agency purchasing requests for which the businesses may wish to submit a bid or proposal.

5. By October 1 of each year, submit a report to the council on small business, veteran-owned business and minority business opportunities which evaluates the performance of small businesses located in this state in submitting bids or proposals to the state and makes recommendations for increased involvement of such businesses in submitting competitive bids and proposals under this section.

(b) The department shall seek the cooperation and assistance of the department of commerce in the performance of its duties under par. (a).

(c) In this section and s. 16.755, “small business” means a business which has had less than \$1.5 million in gross annual sales in the most recent calendar or fiscal year.

(d) In this subsection and s. 16.755, “veteran-owned business” means a small business, as defined in par. (c), that is certified by

(5) The department may require of bidders, persons making proposals under sub. (2m) or contractors such sureties as, in its judgment, are deemed advisable and may decide as to their responsibility and competency. The department may require a contractor to provide a bond furnished by a surety company authorized to do business in this state, for the proper performance of each contract.

(6) (a) Except with respect to purchases of printing and stationery, subs. (1) to (5) do not apply to the purchase of supplies, materials, equipment or contractual services from the federal government.

(am) 1. In this paragraph, “major procurement” means a procurement by the department for the use of the division of information technology services that is related to the functions of the division.

2. Subsections (1) and (3t) do not apply to major procurements.

(b) If the secretary determines that it is in the best interest of this state to do so, he or she may waive the requirements of subs. (1) to (5) and may purchase supplies, materials, equipment or contractual services, other than printing and stationery, from another state, from any county, city, village, town or other governmental body in this state or from a regional or national consortium composed of nonprofit institutions that support governmental or educational services, or through a contract established by one of those entities with one or more 3rd parties.

(bm) If the secretary determines that it is in the best interest of this state to do so, he or she may waive any requirement under subs. (1) to (5) and ss. 16.705 and 16.72 (2) (e) and (f) and (5) with respect to any contract entered into by the department of industry, labor and job development under s. 49.143, if the department of industry, labor and job development presents the secretary with a process for the procurement of contracts under s. 49.143 and the secretary approves the process.

(c) If the secretary determines that it is in the best interest of this state to do so, he or she may, with the approval of the governor, waive the requirements of subs. (1) to (5) and may purchase supplies, material, equipment or contractual services, other than printing and stationery, from a private source other than a source specified in par. (b). Except as provided in sub. (2g) (c), if the cost of the purchase is expected to exceed \$25,000, the department shall publish a class 2 notice under ch. 985 describing the materials, supplies, equipment or contractual services to be purchased, stating the intent to make the purchase from a private source without soliciting bids or competitive sealed proposals and stating the date on which the contract or purchase order will be awarded. The date shall be at least 7 days after the date of the last insertion.

(d) If the governor determines that it is in the best interest of this state to do so, he or she may issue a general waiver of the requirements of subs. (1) to (5) permitting the purchase of specified materials, supplies, equipment or contractual services, except printing and stationery, from a private source. A general waiver may be issued for any period up to one year. The governor may impose any necessary or appropriate condition or restriction on the waiver.

(e) The governor or his or her designee may waive any requirement of this subchapter if the governor or his or her designee finds that there exists an emergency which threatens the public health, safety or welfare and the waiver is necessary to meet the emergency. The governor or his or her designee shall require the award of each contract under this paragraph to be made with such competition as is practicable under the circumstances. The governor or his or her designee shall file with the department a statement of facts constituting the emergency for each waiver issued under this paragraph, and a statement of the basis for selection of each contractor under the emergency procedure. The department, any other designated purchasing agent under s. 16.71 (1), any agency making purchases under s. 16.74 and each authority other than the University of Wisconsin Hospitals and Clinics Authority shall, to the extent practicable, make purchasing selections using specifications developed under s. 16.72 (2) (e) to maximize the purchase of materials utilizing recycled materials and recovered materials.

2. Each agency and authority other than the University of Wisconsin Hospitals and Clinics Authority shall ensure that the average recycled or recovered content of all paper purchased by the agency or authority measured as a proportion, by weight, of the fiber content of paper products purchased in a fiscal year, is not less than the following:

- a. By 1991–92, 10% of all purchased paper.
- b. By 1993–94, 25% of all purchased paper.
- c. By 1995–96, 40% of all purchased paper.

(9) The department, any other designated purchasing agent under s. 16.71 (1), any agency making purchases under s. 16.74 and any authority other than the University of Wisconsin Hospitals and Clinics Authority shall, to the extent practicable, make purchasing selections using specifications prepared under s. 16.72 (2) (f).

(2) AUTHORIZATION; REPORT. (a) Any agency may, in accordance with this section, enter into a performance contract under subch. IV with a qualified provider to reduce energy or operating

costs, ensure state or local building code compliance or enhance the protection of property of the agency.

(b) Prior to entering into a performance contract for the implementation of any energy conservation or facility improvement measure, an agency shall obtain a report from a qualified provider containing recommendations concerning the amount the agency should spend on energy conservation and facility improvement measures. The report shall contain estimates of all costs of installation, modifications, or remodeling, including costs of design, engineering, maintenance, repairs and financing. In addition, the report shall contain a guarantee specifying a minimum amount by which energy or operating costs of the agency will be reduced, if the installation, modification or remodeling is performed by that qualified provider.

(c) If, after review of the report under par. (b), the agency finds that the amount it would spend on the energy conservation and facility improvement measures recommended in the report is not likely to exceed the amount to be saved in energy and operation costs over the remaining useful life of the facility to which the measures apply, the agency may enter into the contract.

(d) Any performance contract for construction work is subject to approval under subch. V and ss. 13.48 (10) and 20.924 (1).

(3) NOTICE. Before entering into a performance contract under this section, an agency shall publish a class 1 notice of its intent to award the performance contract, the names of the parties to the proposed performance contract, and a description of the energy conservation and facility improvement measures included in the performance contract.

(4) INSTALMENT PAYMENT AND LEASE-PURCHASE AGREEMENTS. An agency may enter into an instalment payment contract or lease-purchase agreement for the purchase and installation of energy conservation or facility improvement measures.

(5) PAYMENT SCHEDULE; SAVINGS. Each performance contract shall provide that all payments, except obligations on termination of the contract before its expiration, shall be made over time as energy savings are achieved. Energy savings shall be guaranteed by the qualified provider for the entire term of the performance contract.

(6) TERMS OF CONTRACTS. A performance contract may extend beyond the fiscal year in which it becomes effective, subject to appropriation of moneys, if required by law, for costs incurred in future fiscal years.

(7) ALLOCATION OF OBLIGATIONS. Subject to appropriations as provided in sub. (6), each agency shall allocate sufficient moneys from its appropriations for each fiscal year to make payment of any amounts payable by the agency under performance contracts during that fiscal year.

(8) BONDS. Each qualified provider under a performance contract shall provide labor and material payment and performance bonds in an amount equivalent to the maximum amount of any payments due under the contract.

(9) USE OF MONEYS. Unless otherwise provided by law, if an agency receives appropriations designated for operating and capital expenditures, the agency may use moneys designated for operating or capital expenditures to make payments under any performance contract, including instalment payments or payments under lease-purchase agreements.

(10) MONITORING; REPORTS. During the entire term of each performance contract, the qualified provider entering into the contract shall monitor the reductions in energy consumption and cost savings attributable to the energy conservation and facility improvement measures installed under the contract, and shall periodically prepare and provide a report to the agency entering into the contract documenting the reductions in energy consumption and cost savings to the agency.

(11) ENERGY CONSERVATION MEASURES. Energy conservation measures under this section may include the following:

(a) Insulation of a building structure or systems within a building.

(b) Storm windows or doors, caulking or weather stripping, multiglazed windows or doors, heat-absorbing or heat-reflective glazed and coated window or door systems, additional glazing, reductions in glass area, or other window and door system modifications that reduce energy consumption.

(c) Automated or computerized energy control and facility management systems or computerized maintenance management systems.

(d) Heating, ventilating or air conditioning system modifications or replacements.

(e) Replacement or modification of lighting fixtures to increase the energy efficiency of the lighting system without increasing the overall illumination of a facility, unless an increase in illumination is necessary to conform to the applicable state or local building code for the lighting system after the proposed modifications are made.

(f) Energy recovery systems.

(g) Utility management systems and services.

(h) Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings.

(i) Lifesafety systems.

(j) Any other facility improvement measure that is designed to provide long-term energy or operating cost reductions or compliance with state or local building codes.

The department shall not authorize construction work for any state office facility in the city of Madison after May 11, 1990, unless the department first provides suitable space for a day care center primarily for use by children of state employees.

(2) To furnish engineering, architectural, project management and other building construction services whenever requisitions therefor are presented to the department by any agency. The department may deposit moneys received from the provision of these services in the account under s. 20.505 (1) (kc) or in the general fund as general purpose revenue — earned. In this subsection, “agency” means an office, department, independent agency, institution of higher education, association, society or other body in state government created or authorized to be created by the constitution or any law, which is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in ch. 231, 233 or 234.

(3) To act and assist any department, board, commission or officer requesting such cooperation and assistance, in letting con-

tracts for engineering or architectural work authorized by law and in supervising the work done thereunder;

(4) To approve the appointment of a chief operating engineer for each state-owned or operated heating, cooling or power plant and pumping station, to provide for the methods of operating the plants and stations and to design records and forms for reporting accurately the cost per unit of product or service. The superintendent or other person having charge of each plant or station shall not only report to the agency which operates the plant or station but to the secretary in the manner and at such times as the secretary determines. In this subsection, “agency” has the meaning given under sub. (2).

(5) To promote the use of energy conservation methods in state-owned facilities, to implement and refine a statewide energy monitoring system and to develop and implement initiatives of replacing fossil fuels with renewable energy fuels.

(6) To approve the appointment of a principal engineer or architect for departments, boards and commissions and when such continuous service is needed. No such engineer or architect shall be employed without the written approval of the secretary.

(7) To rebuild and repair discarded machinery of the several state institutions when found feasible, and put the same back into service in the same department or in any other state department, and upon requisition to furnish services and material and loan equipment at fair rentals based on the cost thereof, in connection with the construction, operation and maintenance of heating and power plants, utilities and equipment.

(8) The secretary or the secretary’s designated assistants shall make a biennial inspection of each building of each institution of the state. The secretary may delegate this responsibility to the board, commission or officer in charge of such institution.

(10) To prepare in cooperation with the state agencies concerned, plans for the future growth and development of various state institutions and to serve as technical adviser to the building commission in connection with the development of the state long-range building program provided in ss. 13.48 and 13.482.

(11) The secretary may delegate any of the work under this subchapter to the various state agencies when the secretary determines that the best interests of the state will be served. All such delegation will be in writing and accompanied by the proper rules and guidelines the agencies must follow to ensure performance to the satisfaction of the secretary.

(12) To review and approve plans and specifications for any building or structure that is constructed for the benefit of the university of Wisconsin system or any institution thereof, and to periodically review the progress of any such building or structure during construction to assure compliance with the approved plans and specifications.

(13) To assist, upon request, any local exposition district under subch. II of ch. 229 in the preparation of the statement required under s. 229.46 (5) (a) or the specifications required under s. 229.46 (5) (b).

(14) To review and approve the design and specifications of any construction or improvement project of the University of Wisconsin Hospitals and Clinics Authority on state-owned land, to approve the decision to construct any such construction or improvement project and to periodically review the progress of the project during construction to assure compliance with the approved design and specifications. This subsection does not apply to any construction or improvement project of the authority that costs less than the amount that is required to be specified in the lease agreement between the authority and the board of regents of the University of Wisconsin System under s. 233.04 (7) (d).

any state–owned or state–leased building, structure or facility, or any proposed state–owned or state–leased building, structure or facility, are not subject to the right of public inspection or copying under s. 19.35 (1). History: 1995 a. 27.

16.854 Services provided to professional baseball park districts. (1) In this section:

(a) “Minority business” has the meaning given in s. 560.036 (1) (e).

(b) “Minority group member” has the meaning given in s. 560.036 (1) (f).

(c) “Women’s business” means a sole proprietorship, partnership, joint venture or corporation that is at least 51% owned, controlled and actively managed by women.

(2) Subject to the requirements of s. 16.82 (7), the department may, upon request of any local professional baseball park district, if the district has entered into a lease agreement with the department under s. 16.82 (7), take charge of and supervise engineering or architectural services or construction work, as defined in s. 16.87, performed by, or for, the district for compensation to be agreed upon between the department and the district. In connection with such services or work, the department may furnish engineering, architectural, project management and other building construction services whenever requisitions therefor are presented to the department by the district. If the district has entered into a lease agreement with the department under s. 16.82 (7), the department may also assist the district, upon request of the district, in letting contracts for engineering, architectural or construction work authorized by law and in supervising the work done thereunder. The department may award any such contract for any combination or division of work it designates and may consider any factors in awarding a contract including price, time for completion of work and the qualifications and past performance of a contractor. In awarding contracts under this section for the construction of baseball park facilities, as defined in s. 229.65 (1), the department shall ensure that any person who is awarded a contract agrees, as a condition to receiving the contract, that his or her goal shall be to ensure that at least 25% of the employees hired because of the contract will be minority group members and at least 5% of the employees hired because of the contract will be women. It shall also be a goal of the department to ensure that at least 25% of the aggregate dollar value of contracts awarded for the construction of such facilities in the following areas are awarded to minority businesses and at least 5% of the aggregate dollar value of contracts awarded for the construction of such facilities in the following areas are awarded to women’s businesses:

(a) Contracts for the construction of baseball park facilities.

(b) Contracts for professional services related to the construction of baseball park facilities.

(c) Contracts for the development of baseball park facilities.

(3) It shall be a goal of the department, with regard to each of the contracts described under sub. (2) (a), (b) and (c), to award at least 25% of the dollar value of such contracts to minority businesses and at least 5% of the dollar value of such contracts to women’s businesses. Sections 16.85, 16.855 and 16.87 do not apply to services provided or contracted by the department under this section.

History: 1995 a. 56.

16.855 Construction project contracts. (1) The department shall let by contract to the lowest qualified responsible bidder all construction work when the estimated construction cost of the project exceeds \$30,000, except as provided in sub. (10m) or s. 13.48 (19). If a bidder is not a Wisconsin firm and the depart-

ment determines that the state, foreign nation or subdivision thereof in which the bidder is domiciled grants a preference to bidders domiciled in that state, nation or subdivision in making governmental purchases, the department shall give a preference over that bidder to Wisconsin firms, if any, when awarding the contract, in the absence of compelling reasons to the contrary. The department may enter into agreements with states, foreign nations and subdivisions thereof for the purpose of implementing this subsection.

(2) Whenever the estimated construction cost of a project exceeds \$30,000, or if less and in the best interest of the state, the department shall:

(a) Advertise for proposals by publication of a class 1 notice, under ch. 985, in the official state newspaper. Similar notices may be placed in publications likely to inform potential bidders of the project. The department may solicit bids from qualified contractors to insure adequate competition. All advertisements shall contain the following information:

1. Location of work and the name of the owner.
2. Scope of the work.
3. Amount of bid guarantee required.
4. Date, time and place of bid opening.
5. Date, and place where plans will be available.

(b) 1. Require that a guarantee of not less than 10% of the amount of the bid shall be included with each bid submitted guaranteeing the execution of the contract within 10 days of offering, if offered within 30 days after the date set for the opening thereof. The parties may agree to extend the time for offering of the contract beyond 30 days after the opening of bids.

2. If the federal government participates in a state project, the bid guarantee required in this paragraph controls, unless the federal government makes a specific provision for a different bid guarantee.

(c) Publicly open and read aloud, at the time and place specified in the notice, all bids. Within a reasonable time after opening, tabulations of all bids received shall be available for public inspection.

(d) Not allow or make any correction or alteration of a bid, except as provided in sub. (6).

(3) At any time prior to the published time of opening, a bid may be withdrawn on written request submitted to the department by the bidder or the bidder’s agent, without prejudice to the right of the bidder to file a new bid.

(4) If a bid contains an error, omission or mistake, the bidder may limit liability to the amount of the bidder’s bid guarantee by giving written notice of intent not to execute the contract to the department within 72 hours of the bid opening. The department of administration, with the approval of the attorney general, may settle and dispose of cases and issues arising under this subsection. However, if no such settlement is obtained, the bidder is not entitled to recover the bid guarantee unless the bidder proves in the circuit court for Dane county that in making the mistake, error or omission the bidder was free from negligence.

(5) Any or all bids may be rejected if, in the opinion of the department, it is in the best interest of the state. The reasons for rejection shall be given to the bidder or bidders in writing.

(6) Nothing contained in this section shall prevent the department from negotiating deductive changes in the lowest qualified bid.

(7) The department may issue contract change orders, if they are deemed to be in the best interests of the state.

(9) The department may require bidders to submit sworn statements as to financial ability, equipment and experience in construction and require such other information as may be necessary to determine their competency.

(10) When the department believes that it is in the best interests of the state to contract for certain articles or materials available from only one source, it may contract for said articles or mate-

rials without the usual statutory procedure, after a publication of a class 1 notice, under ch. 985, in the official state newspaper.

(10m) (a) In awarding construction contracts the department shall attempt to ensure that 5% of the total amount expended in each fiscal year is awarded to contractors and subcontractors which are minority businesses, as defined under s. 16.75 (3m) (a). The department may award any contract to a minority business that submits a qualified responsible bid that is no more than 5% higher than the apparent low bid.

(b) Upon completion of any contract, the contractor shall report to the department any amount of the contract that was subcontracted to minority businesses.

(c) The department shall maintain and annually publish data on contracts awarded to minority businesses under this subsection and ss. 16.87 and 84.075.

(10p) For each proposed construction project, the department shall ensure that the specifications require the use of recovered materials and recycled materials, as defined under s. 16.70 (11) and (12), to the extent that such use is technically and economically feasible.

(11) A contractor shall be liable for any damages to another contractor working on the same project caused by reason of the former's default, act or nonperformance.

(12) Nothing contained in this section shall be construed so as to make contracts let under this section subject to s. 66.29.

(13) (a) A list of subcontractors shall not be required to be submitted with the bid. The department may require the successful bidder to submit in writing the names of prospective subcontractors for the department's approval before the award of a contract to the prime contractor.

(b) All subcontractors must be approved in writing by the department prior to their employment. Requests for approval of prospective subcontractors shall be in writing.

(c) Changes may be made in the list of subcontractors, with the agreement of the department and the prime contractor, when in the opinion of the department it is in the best interests of the state to require the change.

(14) (a) If the estimated construction cost of a project exceeds \$100,000, the department shall take both single bids and separate bids on any division of the work that it designates. If the estimated construction cost of a project does not exceed \$100,000 and bids are required to be solicited under sub. (2), the department may take single bids or separate bids on any division of the work that it designates. If the department awards contracts by the division of work, the department shall award the contracts according to the division of work selected for bidding. Except as provided in sub. (10m) (a), the department shall award all contracts to the lowest qualified responsible bidder or bidders that result in the lowest total construction cost for the project.

(b) The state is not liable to a prime contractor for damage from delay caused by another prime contractor if the department takes reasonable action to require the delaying prime contractor to comply with its contract. If the state is not liable under this paragraph, the delayed prime contractor may bring an action for damages against the delaying prime contractor.

(15) The department shall promulgate rules to implement the advertising and award of contracts.

(16) (a) This section does not apply to contracts between the state and federal government or any agency thereof, or with any political subdivision of the state. Subject to the approval of the governor, the requirements of this section may be waived in emergency situations involving the public health, welfare or safety or with respect to contracting with public utilities, but only when any such waiver is deemed by the governor to be in the best interests of the state.

(b) 1. In this paragraph, "agency" has the meaning given in s. 16.70 (1).

2. In emergency situations, the governor may approve repairs and construction in lieu of building commission approval under s. 13.48 (10), and for such purposes, may authorize the expenditure of up to \$250,000 from the state building trust fund or from other available moneys appropriated to an agency derived from any revenue source. The governor shall report any such authorization to the building commission at its next regular meeting following the authorization.

(17) This section does not apply to any project on which the work is to be performed by inmates or patients in institutions under the jurisdiction of the department of corrections or the department of health and family services working under the supervision or with the assistance of state employees.

(18) This section shall not apply to restoration or reconstruction of the state capitol building, historic structures at the old world Wisconsin site and at Heritage Hill state park when the department determines that a waiver of this section would serve the best interests of this state.

(19) As the work progresses under any contract for construction the department, from time to time, shall grant to the contractor an estimate of the amount and proportionate value of the work done, which shall entitle the contractor to receive the amount thereof, less the retainage, from the proper fund. On all construction projects, the retainage shall be an amount equal to 10% of said estimate until 50% of the work has been completed. At 50% completion, no additional amounts shall be retained, and partial payments shall be made in full to the contractor unless the architect or engineer certifies that the job is not proceeding satisfactorily. At 50% completion or any time thereafter when the progress of the work is not satisfactory, additional amounts may be retained but in no event shall the total retainage be more than 10% of the value of the work completed. Upon substantial completion of the work, an amount retained may be paid to the contractor. For the purposes of this section, estimates may include any fabricated or manufactured materials and components specified, previously paid for by contractor and delivered to the work or properly stored and suitable for incorporation in the work embraced in the contract.

(20) This section does not apply to construction work performed by university of Wisconsin system students when the construction work performed is a part of a curriculum and where the work is course-related for the student involved. Prior approval of the building commission must be obtained for all construction projects to be performed by university of Wisconsin system students.

(21) This section does not apply to contracts by the department of natural resources for construction work related to hazardous substance spill response under s. 292.11 or environmental repair under s. 292.31.

History: 1971 c. 125; 1973 c. 47; 1975 c. 39, 199, 390; 1977 c. 418; 1979 c. 34; 1981 c. 20; 1983 a. 27 ss. 104g to 105, 2202 (1); 1983 a. 390 s. 6; 1985 a. 29; 1985 a. 332 s. 251 (1); 1987 a. 27, 292; 1989 a. 31; 1991 a. 39, 316; 1995 a. 27 ss. 400p, 9126 (19); 1995 a. 227.

Construing (2) (a) 2. and (14), it is held that the department has authority to create a division of work not limited to traditional trade practices, which may include work divisions other than the four enumerated in the statute if the new division involves a specialized area of construction, e.g., elevator work which is commonly designated a division although it involves the electrical trade. *Breiby v. Dept. of Administration*, 55 W (2d) 16, 197 NW (2d) 737.

A bid proposal asking for the name of a subcontractor is contrary to (13) (a), and the request is invalid. 61 Atty. Gen. 224.

See note to 16.75, citing 74 Atty. Gen. 47.

16.865 Department of administration; statewide risk management coordination. The department shall:

(1) Be responsible for statewide risk management coordination in order to:

(a) Protect the state from losses which are catastrophic in nature and minimize total cost to the state of all activities related to the control of accidental loss.

(b) Place emphasis on the reduction of loss through professional attention to scientific loss control techniques and by motivational incentives, prompt claims payments and other loss prevention measures.

(2) Identify and evaluate exposure to loss to the state, its employees or injury to the public by reason of fire or other accidents and fortuitous events at state-owned properties or facilities.

(3) Recommend changes in procedures, program conditions or capital improvement for all agencies which would satisfactorily eliminate or reduce the existing exposure.

(4) Manage the state employees' worker's compensation program and the statewide self-funded programs to protect the state from losses of and damage to state property and liability.

(5) Arrange appropriate insurance contracts for the transfer of risk of loss on the part of the state or its employees, to the extent such loss cannot reasonably be assumed by the individual agencies or the self-funded programs. The placement of insurance may be by private negotiation rather than competitive bid, if such insurance has a restricted number of interested carriers. The department shall approve all insurance purchases.

(6) Train, upgrade and guide appropriate personnel in the agencies in implementation of sound risk management practices.

(7) Have the authority to contract for investigative and adjustment services as provided in s. 20.865 (1) (fm) which can be performed more economically or efficiently by such contract.

(8) Annually in each fiscal year, allocate as a charge to each agency a proportionate share of the estimated costs attributable to programs administered by the agency to be paid from the appropriation under s. 20.505 (2) (k). The department may charge premiums to agencies to finance costs under this subsection and pay the costs from the appropriation on an actual basis. The department shall deposit all collections under this subsection in the appropriation account under s. 20.505 (2) (k). Costs assessed under this subsection may include judgments, investigative and adjustment fees, data processing and staff support costs, program administration costs, litigation costs and the cost of insurance contracts under sub. (5). In this subsection, "agency" means an office, department, independent agency, institution of higher education, association, society or other body in state government created or authorized to be created by the constitution or any law, which is entitled to expend moneys appropriated by law, including the legislature and the courts, but not including an authority created in ch. 231, 232, 233, 234 or 235.

16.87 Approval of contracts by secretary and governor; audit. (1) In this section:

(a) "Construction work" includes all labor and materials used in the framing or assembling of component parts in the erection, installation, enlargement, alteration, repair, moving, conversion, razing, demolition or removal of any appliance, device, equipment, building, structure or facility.

(b) "Environmental consultant services" includes services provided by environmental scientists, engineers and other experts.

(c) "Limited trades work" has the meaning given under s. 16.70 (7).

(2) A contract for engineering services or architectural services or a contract involving an expenditure of \$2,500 or more for construction work, or \$20,000 or more for limited trades work, to be done for or furnished to the state or a department, board, commission or officer of the state is exempt from the requirements of ss. 16.705 and 16.75. The department shall attempt to ensure that 5% of the total amount expended under this section in each fiscal year is paid to minority businesses, as defined under s. 16.75 (3m) (a).

(3) Except as provided in sub. (4), a contract under sub. (2) is not valid or effectual for any purpose until it is endorsed in writing and approved by the secretary or the secretary's designated assistant and, if the contract involves an expenditure over \$30,000, approved by the governor. Except as provided in sub. (4), no payment or compensation for work done under any contract involving \$2,500 or more, except a highway contract, may be made unless the written claim is audited and approved by the secretary or the secretary's designee. Any change order to a contract requiring approval under this subsection requires the prior approval by the secretary or the secretary's designated assistant and, if the change order involves an expenditure over \$30,000, the approval of the governor.

(4) This section does not apply to contracts by the department of natural resources for environmental consultant services or engineering services for hazardous substance spill response under s. 292.11 or environmental repair under s. 292.31, or for environmental consultant services to assist in the preparation of an environmental impact statement or to provide preapplication services under s. 23.40.

16.88 Charges against projects. The cost of services furnished pursuant to s. 16.85 (2) to (4), (6) and (7) shall be charged to and paid out of available funds for the respective projects, whenever in the judgment of the secretary the charges are warranted and the cost of the services can be ascertained with reasonable accuracy.

(2) The department may:

(a) Prepare all specifications, bid and administer contracts for the purchase of fuels for all state-owned or operated heating, cooling or power plants.

(b) Coordinate the state fuel and utility management program to maximize the economy of operations of the program.

(c) Determine the method of operation of state-owned or operated heating, cooling or power plants, including maintenance standards and policies concerning utilization of alternative fuels and energy conservation.
