43.11 County library planning committees. (1) CREATION.

Any county board may appoint a county library planning committee under this section. If a county board, in a county where all public library service is administered or coordinated by an existing county library board or where there is a single-county public library system board, determines to appoint a committee

under this section, the existing library board may serve as the county library planning committee. The county board shall notify the division immediately upon appointment of the committee.

(3) DUTIES AND POWERS. (a) The committee may prepare a new plan for the organization of a county or multicounty system, revise an existing plan or change the boundaries of a public library system. It shall conduct public hearings concerning these plans, revisions and changes to which representatives of all libraries in the county shall be invited.

(b) The committee's final report, including a new plan, revisions to an existing plan or changes to the boundaries of a public library system and copies of any written agreements necessary to implement the proposal, shall be filed with the county board and submitted to the division. Plans for multicounty systems shall include a method for allocating system board membership among the member counties.

(c) The plan of library service for a county, whether for a single county or a multicounty system, shall provide for library services to residents of those municipalities in the county not maintaining a public library under this chapter. The services shall include full access to public libraries participating in the public library system and the plan shall provide for reimbursement for that access. Services may include books-by-mail service, bookmobile service, the establishment of additional libraries or other services deemed appropriate by the committee. Services may be provided by contracting with existing public libraries in the county or in adjacent counties or with the public library system or by creating a county library organization under this chapter. The plan of library service for a county may provide for improving public library service countywide and in municipalities that have libraries. The plan shall specify the method and level of funding to be provided by the county to implement the services described in the plan, including the reimbursement of public libraries for access by residents of those municipalities in the county not maintaining a public library.

(d) The plan of library services for a county may include minimum standards of operation for public libraries in the county. The county shall hold a public hearing on any standards proposed under this paragraph. The standards shall take effect if they are approved by the county and the public library boards of at least 50% of the participating municipalities in the county that contain, according to the most recent estimate prepared under s. 16.96, at least 80% of the population of participating municipalities in the county.

(e) The plan of library services for a county may require that a municipality located in whole or in part within the county that operates a public library compensate another municipality located in whole or in part within the county that operates a public library whenever the latter public library provides library services to residents of the municipality that operates the former public library. The plan's compensation for each loan may not exceed the actual cost of the loan, as defined by the department by rule.

History: 1971 c. 152; 1981 c. 20; 1985 a. 29, 177; 1993 a. 184; 1997 a. 150; 2005 a. 420.

43.12 County payment for library services. (1) By March 1 of each year, a county that does not maintain a consolidated public library for the county under s. 43.57 and that contains residents who are not residents of a municipality that maintains a public library under s. 43.52 or 43.53 shall pay to each public library in the county and to each public library in an adjacent county, other than a county with a population of at least 500,000, an amount that is equal to at least 70% of the amount computed by multiplying the number of loans reported under sub. (2) by the amount that results from dividing the total operational expenditures of the library during the calendar year for which the number of loans are reported, not including capital expenditures or expenditures of federal funds, by the total number of loans of material made by the public library during the calendar year for which the loans are reported. The library board of the public library entitled to a payment under this subsection may direct the county to credit

all or a portion of the payment to a county library service or library system for shared services.

(2) By July 1 of each year, each public library lying in whole or in part in a county shall provide a statement to the county clerk of that county and to the county clerk of each adjacent county, other than a county with a population of at least 500,000, that reports the number of loans of material made by that library during the prior calendar year to residents of the county, or adjacent county, who are not residents of a municipality that maintains a public library under s. 43.52 or 43.53 and the total number of loans of material made by that library during the previous calendar year.

(3) A county may enter into an agreement with its participating municipalities or with a public library system to pay no less than the amounts determined under sub. (1) to the public library system for distribution to the public libraries that participate in that system.

(4) Upon request of a county clerk, a public library shall provide access to all books and records used to determine the amount computed under sub. (2).

(5m) Nothing in this section prohibits a county from providing funding for capital expenditures.

(6) The county library board or, if no county library board exists, the county itself, shall either distribute the aid provided by the county to the public libraries, as provided in the plan prepared under s. 43.11, or shall transfer the aid for distribution to the public library system in which it participates.

(7) This section does not apply to a county having a population of 500,000 or more.

History: 1997 a. 150; 2005 a. 226, 420; 2007 a. 97.

43.13 Division review. (1) (a) No public library system may be established without the approval of the division. In reviewing final reports submitted by county library planning committees, the division shall consider, in addition to the standards set forth in s. 43.15, the proposed system territory, organization and financing, initial and long-range plans for library services, the role of existing multi-jurisdictional service programs in the territory and plans for cooperation with adjoining systems and with other kinds of libraries in the territory.

(b) If the division approves a final report, it shall report such approval to the appropriate county boards and county library planning committees. Upon acceptance by the county boards, the division shall certify to the appropriate county boards the establishment of the public library system proposed by the report, specifying the effective date of the establishment of the system.

(2) A public library system board may submit to the division a plan for the alteration in the territory included within the system or for a change in system organization from a federated to a consolidated system or vice versa. If the change proposed by the plan is approved, the division shall certify such fact to the system board, specifying the effective date of the change.

(3) The effective date of the establishment of a system under sub. (1) or of a change under sub. (2) shall be January 1 of the year specified by the division.

(4) Any decision by the division under this section may be appealed to the state superintendent.

History: 1971 c. 152; 1995 a. 27; 1997 a. 27; 2005 a. 226.

43.15 Standards for public library systems. A public library system shall not be established unless it meets the requirements under this section.

(1) POPULATION. The territory within the system shall:

(a) Have a population of 100,000 or more. If, because of the withdrawal or realignment of participating counties, a public library system has fewer than 3 participating counties and a population under 200,000, the remaining parts of the system shall realign with an existing system within 2 years after the date on which the population falls below 200,000.

(b) After July 1, 1998, no new system may be established unless it serves a population of at least 200,000.

(2) FINANCIAL SUPPORT. (a) Each county proposed to be included within a system shall demonstrate, to the satisfaction of the division, its ability to provide adequate funding to implement the plan submitted under s. 43.11 (3) and the report submitted under s. 43.13 (1).

(b) The county shall maintain its support for library services at a level not lower than the average of the previous 3 years.

(c) If a city, village, town or school district that contributed to the county tax in the previous year is granted an exemption from the county tax under s. 43.64 (2) for the current year, the 3-year average under par. (b) shall be calculated as follows:

1. Subtract the previous year's equalized valuation of that portion of the city, village, town or school district that is located in the county from the previous year's equalized valuation of property in the county that was subject to the county tax levied in the previous year.

2. Divide the remainder under subd. 1. by the previous year's equalized valuation of property in the county that was subject to the county tax levied in the previous year.

3. Multiply the quotient under subd. 2. by the county's average support for library services for the previous 3 years.

(d) For the year following the first year for which an exemption is granted under s. 43.64 (2), the product calculated under par. (c) 3. shall be the amount used as the annual county support level for the 2 years preceding the first year for which an exemption is granted for the purpose of calculating the 3-year average under par. (b). For the 2nd year following the first year for which an exemption is granted under s. 43.64 (2), the product calculated under par. (c) 3. shall be the amount used as the annual county support level for the year preceding the year for which the exception is granted for the purpose of calculating the 3-year average under par. (b).

(e) The division shall adjust the 3-year average requirement under par. (b) in any year, as necessary, to reflect the cost savings resulting from the consolidation or sharing of library services if the county does all of the following:

1. Demonstrates, to the satisfaction of the division, that the county's support for library services is or will be lower than otherwise required by par. (b) because library services supported by the county have been or will be consolidated or shared.

2. Submits a plan demonstrating, to the satisfaction of the division, that services to library patrons following the consolidation or sharing of services will be at least substantially equivalent to the services available to patrons before the consolidation or sharing.

(3) TERRITORY INCLUDED. (a) A consolidated system shall consist of one county only. A federated system shall consist of one or more counties.

(b) No more than one system may be established within a single county. If the territory of a municipality lies in 2 or more counties which are not in the same public library system, the municipal library board or, if no such board exists, the municipal governing body shall determine the system in which the municipality will participate.

(c) If the territory of a joint library lies in 2 or more counties that are not in the same public library system, the joint library board or, if no such board exists, the governing bodies of the municipalities and counties that created the joint library shall determine the system in which the joint library will participate.

(4) METHOD OF ORGANIZATION. (a) A public library system may be organized as a single-county federated public library system, a multicounty federated public library system, or a single-county consolidated public library system. Two public library systems may merge with the approval of each public library system board and the county boards of the participating counties.

(b) A county may participate in a federated public library system if it does all of the following:

1. Adopts and maintains the plan of library service submitted and approved under ss. 43.11 (3) and 43.13 (1).

2. Provides the financial support for library services required under sub. (2).

3. Enters into a written agreement with the public library system board to participate in the system and its activities and to furnish library services to residents of those municipalities in the county not maintaining a public library.

(c) A municipal, county or joint public library may participate in a public library system if it meets all of the following requirements:

1. Is established under this chapter.

2. Is located in a county that participates in a public library system.

3. Is authorized by its municipal governing body or county board to participate in the public library system.

4. Enters into a written agreement with the public library system board to participate in the system and its activities, to participate in interlibrary loan of materials with other system libraries and to provide, to any resident of the system area, the same library services, on the same terms, that are provided to the residents of the municipality or county that established the member library. This subdivision does not prohibit a municipal, county or joint public library from giving preference to its residents in library group programs held for children or adults if the library limits the number of persons who may participate in the group program, or from providing remote access to a library's electronic database only to its residents.

5. The total amount of funding received from its governing body or, for a joint public library, its governing bodies, is not less than the average of such funding received for the previous 3 years. The following are not included as funding for purposes of computing the 3-year average:

- a. Funding received from a state, federal or private source that has been designated as funding for library services.

- b. Unspent funding appropriated by a municipality or county for library services for a prior year.

- c. For a municipal or joint public library, funding received from a county.

6. Employs a head librarian who is certified as a public librarian by the department and whose employment requires that he or she be present in the library for at least 10 hours of each week that the library is open to the public, less leave time.

7. Beginning in 2008, annually is open to the public an average of at least 20 hours each week except that for a library in existence on June 3, 2006, annually is open to the public an average of at least 20 hours or the number of hours each week that the library was open to the public in 2005, whichever is fewer.

8. Beginning in 2008, annually spends at least \$2,500 on library materials.

(d) A county may establish a consolidated public library system in which the included county and its underlying communities form a single system. The county may, for such purposes, take over and acquire any library property by consent of the authority controlling that property.

(e) The division shall adjust the 3-year average requirement under par. (c) 5. in any year, as necessary, to reflect the cost savings resulting from the consolidation or sharing of library services if the municipal governing body or county board does all of the following:

1. Demonstrates, to the satisfaction of the division, that the funding provided by the municipality or county for library services is or will be lower than otherwise required by par. (c) 5. because library services for which the funding is appropriated have been or will be consolidated or shared.

2. Submits a plan demonstrating, to the satisfaction of the division, that services to library patrons following the consolidation or sharing of services will be at least substantially equivalent to the services available to patrons before the consolidation or sharing.

(5) CAPITAL COSTS EXCLUDED. For the purpose of determining the amount of financial support required under subs. (2) (b) and (4) (b) 2. and (c) 5., amounts spent for capital projects shall be excluded.

(5m) LIMIT. A public library system may not be established if its establishment would cause the number of public library systems to exceed the number in existence on June 3, 2006.

History: 1971 c. 152; 1981 c. 197; 1985 a. 29, 177; 1987 a. 399; 1989 a. 286; 1991 a. 269; 1995 a. 27 s. 9145 (1); 1995 a. 270; 1997 a. 27, 150; 2005 a. 226, 420; 2007 a. 97.

43.16 Resource libraries. (1) (a) Each public library system shall have at least one system resource library. Annually, prior to the expiration of its agreement with its existing system resource library, the public library system board shall negotiate with the member public library with the largest annual operating budget of all member libraries to serve as a system resource library in the following year. If the board and the proposed resource library are unable to reach an agreement for the following year before the expiration date of any existing agreements with resource libraries, the existing agreements shall be extended for one year or until an agreement is reached with that proposed resource library, whichever occurs earlier. The division shall notify the public library system board, the existing resource libraries and the proposed resource library of the extension and, during the period of extension, shall attempt to mediate an agreement between the public library system board and the proposed resource library. If the division determines that the public library system board and the proposed system resource library are unable to reach an agreement before the end of the one-year period, the division shall propose an alternative agreement, which shall be binding if it is acceptable to the proposed system resource library. If the alternative agreement is unacceptable to the proposed system resource library, the board shall negotiate with the member public library with the next largest annual operating budget of all member public libraries to serve as a system resource library in the following year.

(am) An existing contract may be extended under par. (a) only if it was entered into on or after May 8, 1990.

(b) The procedure under par. (a) shall be repeated with member public libraries in decreasing order of the size of their annual operating budgets until an agreement is reached with a member public library to serve as a system resource library. Except as provided in par. (a), no agreement may extend beyond December 31 of any year.

(2) If the member public library selected to serve as a system resource library under sub. (1) fails to meet all of the following requirements, the system board shall enter into a supplementary contract with the academic library with the largest operating budget of all academic libraries in the system area, or with a resource library in an adjacent system, that meets all of the following requirements:

(a) The library has a collection of at least 100,000 volumes.

(b) The library is open to the public at least 50 hours each week.

(c) The library employs at least one full-time, permanent reference librarian with a master's degree in library science.

History: 1989 a. 286.

43.17 Public library systems; general provisions.

(1) BOARD TERMS. Every public library system shall be governed by a board appointed under s. 43.19 or 43.21. No person employed by a public library that is a member of a public library system may be appointed to the public library system board. Upon the initial establishment of a board, the members shall be divided

as nearly as possible into 3 equal groups to serve for terms expiring on January 1 of the 2nd, 3rd and 4th years, respectively, following their appointment. Thereafter, regular terms shall be for 3 years and shall commence on January 1. Vacancies shall be filled for the unexpired term in the same manner as regular appointments are made.

(2) BOARD ORGANIZATION AND MEETINGS. As soon as practicable after the initial establishment of a system, and thereafter in January of each year, the board shall organize by the election, from among its members, of a president and such other officers as it deems necessary. The board shall meet at least once every 2 months.

(2m) ADVISORY COMMITTEE. Every public library system may appoint a public library advisory committee to, among other things, advise the system board about the status and needs of libraries in the system, serve as a conduit of information between the system board and individual libraries in the system and make recommendations to the system board relating to libraries in the system.

(3) FISCAL YEAR. The fiscal year of each federated public library system whose territory lies within 2 or more counties shall be the calendar year.

(4) SYSTEM ADMINISTRATION. Notwithstanding ss. 59.17 (2) (br) and 59.18 (2) (b), responsibility for administration of a public library system shall vest in a head librarian who shall be appointed by and directly responsible to the public library system board.

(5) ANNUAL REPORT. Annually, at the time required by the division, each public library system shall report to the division on its operations, expenditures and territory served during the preceding year, shall submit a plan describing the program for library service to be carried out in the subsequent year and shall furnish such other information as the division requires.

(6) COOPERATIVE SERVICES. A public library system may contract with another such system, or with other libraries, library organizations or resource centers within this state or in adjacent states, to provide or receive library services.

(7) EXISTING EMPLOYEES. No person employed by a participating public library at the time of the establishment of a public library system shall lose, because of such establishment, any salary, fringe benefit or other employment rights in existence at that time.

(8) RETIREMENT. If any employee of a participating employer under the Wisconsin retirement system becomes, by virtue of the establishment of a public library system, an employee of that library system, the library system shall become a participating employer under the Wisconsin retirement system.

(9) CONTRACTS, BIDDING AND BORROWING. (a) All contracts for public construction made by a federated public library system whose territory lies within 2 or more counties or by a federated public library system whose territory lies within a single county with a population of at least 500,000 shall be let by the public library system board to the lowest responsible bidder in accordance with s. 62.15 (1) to (11) and (14). For purposes of this section, the system board possesses the powers conferred by s. 62.15 on the board of public works and the common council. All contracts made under this section shall be made in the name of the federated public library system and shall be executed by the system board president and such other board officer as the system board designates.

(b) A public library system board of a multicounty library system may borrow money to accomplish any of its purposes, but the outstanding amount of such loans at any time may not exceed an amount equal to the system board's receipts for the prior fiscal year. A federated public library system whose territory lies within 2 or more counties may obtain a state trust fund loan to accomplish any of its purposes, but the outstanding amount of a federated public library system's state trust fund loans, together with all other

indebtedness of the system, may not exceed an amount equal to the system's receipts for the prior fiscal year.

(10) BORROWERS' CARDS. Except as provided in sub. (11), all public libraries in a public library system shall honor the valid borrowers' cards of a public library in an adjacent public library system, other than the Milwaukee County Federated Library System. The requirement under this subsection does not apply to the Milwaukee County Federated Library System.

(11) COST OF LENDING SERVICES. (a) In this subsection, "loan" means a unit of service that involves the checking out of a single item from a library to an individual for use outside the library for a specific period of time.

(b) A public library in a public library system may refuse to honor valid borrowers' cards of a public library in an adjacent public library system if, in the most recent year in which the public library honored such cards, the total amount of the reimbursement received by the public library from that adjacent public library system, and from counties and municipalities that are located in that adjacent public library system, is less than the adjusted cost incurred for that year by the public library in honoring the cards.

(c) For purposes of par. (b), the adjusted cost shall be calculated by determining the actual cost for each loan incurred by the public library honoring the cards for a given year in the manner provided by the rules promulgated by the department under s. 43.24 (2) (n) and multiplying that amount by the remainder calculated by subtracting 500 from the total number of loans made in that year by the public library to borrowers from the adjacent public library system. For purposes of this paragraph, a renewal of a loan constitutes a separate loan.

(d) Any reimbursement made by a county under par. (b) may not result in a reduction in the level of support for public library services provided by that county to residents of that county.

(e) If a public library in a given public library system refuses to honor the valid borrowers' cards from an adjacent public library system, annual meetings shall be held between representatives of the affected public library systems to discuss the resulting lack of services to the affected borrowers and the costs of providing such services. The affected public library systems shall provide the division with written minutes of these meetings.

(ar) and (b), if the resolution is adopted at least 6 months prior to the close of the system's fiscal year. The resolution shall become effective at the close of the system's fiscal year.

(ar) With the approval of the governing bodies of participating municipalities that contain, according to the most recent estimate prepared under s. 16.96, at least 80% of the population of participating municipalities in the county, a county may withdraw from a federated public library system whose territory lies within 2 or more counties.

(b) A participating municipality may withdraw from a federated public library system.

(a) Prior to taking any action to abolish or withdraw under this section, the county board or other municipal governing body shall hold a public hearing on the proposed action and shall publish a class 1 notice, under ch. 985, of the hearing. Notice of the hearing also shall be given by registered mail not less than 30 days prior to the hearing to the governing body of every other municipality and county participating in the public library system, to the public library system board and to the division.

(b) A municipality or county withdrawing or expelled under this section from a public library system is responsible for its allocated share of the outstanding liabilities of the system on the effective date of its withdrawal or expulsion.

(c) Upon taking final action under this section to withdraw from or abolish a public library system, the county board or other municipal governing body shall give notice, by registered mail, of the action taken to the governing body of every other municipality and county participating in the public library system, to the public library system board and to the division.

(d) Prior to expelling a municipality or county from a public library system, the system board shall notify the municipality or county and the division, by registered mail, of the reason for the action under consideration and shall hold a public hearing concerning the action. The system board shall file a plan for alteration of the system territory under s. 43.13 (2) by November 15 of the year preceding the year in which the expulsion will take effect under s. 43.13 (3) and the division shall adjust state aid under s. 43.24 accordingly.

(e) A municipality or county that has withdrawn or that has been expelled from a public library system may participate in a public library system only by fulfilling the requirements for initial participation under s. 43.15 (4) (b) or (c) and by adopting a new plan of library service for the county.

A federated public library system whose territory lies within a single county with a population of 500,000 or more constitutes a separate legal entity solely for the purposes of having the exclusive custody and control of all system funds, making contracts and providing benefits to its employees under ch. 40.

(a) 1. Determine the percentage change in the total amount appropriated under s. 20.255 (3) (qm) between the previous fiscal year and the current fiscal year, except that for the 2009–10 fiscal year, determine the percentage change in the total amount appropriated under s. 20.255 (3) (e), 2007 stats., and (qm) in the previous fiscal year, and s. 20.255 (3) (qm) in the current fiscal year.

2. Multiply the amount of state aid received by the system in the previous fiscal year by the sum of 1.0 and the result under subd. 1. expressed as a decimal.

(b) If the territory of a public library system is altered, the department shall adjust the aid paid to that system under par. (a). The department shall promulgate rules establishing the method the department will use to make the adjustment.

(c) Beginning in the fiscal year in which the total amount of state aid appropriated for public library systems under s. 20.255 (3) (qm), as determined by the department, equals at least 11.25% of the total operating expenditures for public library services from local and county sources in the calendar year ending in that fiscal year, the amount paid to each system shall be determined by adding the result of each of the following calculations:

1. Multiply the system's percentage of the state's population by the product of the amount appropriated under s. 20.255 (3) (qm) and 0.85.

2. Multiply the system's percentage of the state's geographical area by the product of the amount appropriated under s. 20.255 (3) (qm) and 0.075.

3. Divide the sum of the payments to the municipalities and counties in the system under subch. I of ch. 79 for the current fiscal year, as reflected in the statement of estimated payments under s. 79.015, by the total of all payments under subch. I of ch. 79 for the current fiscal year, as reflected in the statement of estimated payments under s. 79.015, and multiply the result by the product of the amount appropriated under s. 20.255 (3) (qm) and 0.075.

(2) For a public library system to qualify for and maintain its eligibility for state aid under this section it shall ensure that all of the following are provided:

(a) Written agreements to provide, to any resident of the system area, the same library services, on the same terms, that are provided to the residents of the municipality or county that established the member library, except for the group programming preference authorized under s. 43.15 (4) (c) 4., and to provide for the interlibrary loan of materials among all participating public libraries, as evidenced by agreements with those libraries.

(b) Backup reference, information and interlibrary loan services from the system resource library, including the development of and access to specialized collections, as evidenced by a written agreement with that library.

(d) Referral or routing of reference and interlibrary loan requests from libraries within the system to libraries within and outside the system.

(k) Promotion and facilitation of library service to users with special needs.

(L) Cooperation and continuous planning with other types of libraries in the system area, which results in agreements with those libraries for the appropriate sharing of library resources to benefit the clientele of all libraries in the system area.

(m) Planning with the division and with participating public libraries and other types of libraries in the area in regard to library technology and the sharing of resources. By January 1, 2000, and by every 5th January 1 thereafter, the public library system shall submit to the division a written plan for library technology and the sharing of resources.

(n) That, if the system reimburses a participating public library for the costs of providing interlibrary borrowing services to an individual who holds a valid borrower's card of another participating public library, the reimbursement shall not exceed the actual costs incurred by the public library in providing such services. The department shall promulgate rules for determining actual costs for the purposes of this paragraph.

(3) Annually, the division shall review the reports and proposed service plans submitted by the public library systems under s. 43.17 (5) for conformity with this chapter and such rules and standards as are applicable. Upon approval, the division shall certify to the department of administration an estimated amount to which each system is entitled under this section. Annually on or before December 1 of the year immediately preceding the year for which aids are to be paid, the department of administration shall pay each system 75% of the certified estimated amount from the appropriation under s. 20.255 (3) (qm). The division shall, on or before the following April 30, certify to the department of administration the actual amount to which the system is entitled under this section. On or before July 1, the department of administration shall pay each system the difference between the amount paid on December 1 of the prior year and the certified actual amount of aid

to which the system is entitled from the appropriation under s. 20.255 (3) (qm). The division may reduce state aid payments when any system or any participant thereof fails to meet the requirements of sub. (2). Beginning September 1, 1991, the division may reduce state aid payments to any system if the system or any participant in the system fails to meet the requirements of s. 43.15 (4).

(3m) If the appropriation under s. 20.255 (3) (qm) in any one year is insufficient to pay the full amount under sub. (1), state aid payments shall be prorated among the library systems entitled to such aid.

(4) The division shall assure through an annual audit and adjustment of aids, as necessary, that no more than 20% of the funds received by systems are used for administrative purposes.

(5) Any interest earned from the investment of state aid paid to each public library system under sub. (3) shall be allocated to the library system receiving the aid payments.

(6) In submitting information under s. 16.42 for purposes of the biennial budget bill, the department shall include an amount for public library services for each fiscal year of the fiscal biennium equal to 13% of the total operating expenditures for public library services, in territories anticipated to be within all systems in the state, from local and county sources in the calendar year immediately preceding the calendar year for which aid under this section is to be paid. The amount shall include a recommendation for the appropriation under s. 20.255 (3) (qm) and recommendations for the funding of other public library services, as determined by the department in conjunction with public libraries and public library systems.

The library board also shall have exclusive charge, control and custody of all lands, buildings, money or other property devised, bequeathed, given or granted to, or otherwise acquired or leased by, the municipality for library purposes.

(2) (a) The library board shall audit and approve all expenditures of the public library and forward the bills or vouchers covering the expenditures, setting forth the name of each claimant or payee, the amount of each expenditure, and the purpose for which it was expended, to the appropriate municipal or county financial officer or, in the case of a school district, the school district clerk. The library board shall include a statement, signed by the library board secretary or other designee of the library board, that the expenditure has been incurred and that the library board has audited and approved the expenditure. The appropriate municipal, county, or school district official shall then pay the bill as others are paid.

(b) Notwithstanding par. (a), regular wages or salary or other recurring payments, authorized by the library board and verified by the appropriate library official, may be paid by the appropriate municipal, county, or school district official by the date due or, in the case of salaries, by the regular pay day. The library board shall audit and approve any such payment at its next regular meeting.

(3) Any person having a claim or demand against the municipality or county growing out of any act or omission of the library board shall file with the library board a written statement thereof. If the claim or demand or any part thereof is disallowed, the claimant may bring an action against the municipality or county.

(4) Notwithstanding ss. 59.17 (2) (br) and 59.18 (2) (b), the library board shall supervise the administration of the public library and shall appoint a librarian, who shall appoint such other assistants and employees as the library board deems necessary, and prescribe their duties and compensation.

(5) The library board may employ competent persons to deliver lectures upon scientific, literary, historical or educational subjects; and may cooperate with the University of Wisconsin System, technical college district boards, the historical society, the department, cooperative educational service agencies, school boards and other educational institutions to secure such lectures or to foster and encourage by other means the wider use of books and other resource, reference and educational materials upon scientific, historical, economic, literary, educational and other useful subjects.

(6) (a) Within 60 days after the conclusion of the fiscal year of the municipality or county in which the public library is located, the library board shall make a report to the division and to its governing body. The report shall state the condition of the library board's trust and the various sums of money received for the use of the public library during the year, specifying separately the amounts received from appropriations, from the income of trust funds, from rentals and other revenues of the public library and

from other sources. The report shall state the condition of all funds in the library board's control and shall state in detail the disbursements on account of the public library during that fiscal year.

(b) The report to the division shall include data concerning library materials, facilities, personnel, operations and such other information as the division requests.

(c) The report to the division shall contain a statement by the library board indicating whether the public library system in which the library participated during the year of the report did or did not provide effective leadership and adequately meet the needs of the library and an explanation of why the library board believes so. The division shall design the form of the statement so that it may be removed from the report and forwarded to the division before it is sent to the public library system.

(7) The library board may receive, manage and dispose of gifts and donations as follows:

As to such property the board shall be deemed special trustees.

A payment or transfer of a gift, bequest, or endowment by a library board to a charitable organization described in this paragraph made prior to March 19, 2008, is not invalid as lacking statutory authority to make the payment or transfer. If the library board pays or transfers the gift, bequest, or endowment to the financial secretary, the financial secretary may invest the gift, bequest, or endowment as permitted under s. 66.0603 (1m) or 112.11 (3); or may delegate investment authority for the gift, bequest, or endowment as permitted under s. 66.0603 (2) or 112.11 (5). The financial secretary shall hold office only during membership on the library board and shall be elected annually at the same time and in the same manner as the other officers of the library board.

The bond shall be conditioned in substantially the same form as the ordinary bond required from the treasurer of the municipality or county, with the necessary changes.

(d) The treasurer or financial secretary shall make an annual report to the library board showing in detail the amount, investment, income and disbursements from the trust funds in his or her charge. Such report shall also be appended to the annual report of the library board under s. 43.58 (6).

(e) In the case of a gift for a library building, the library board of the municipality shall have the exclusive right to select and contract for the purchase of a site.
