SUBCHAPTER I

PUBLIC LANDS ADMINISTRATION

**24.01 Definitions and classification.** In chs. 23 to 29, unless the context requires otherwise or unless otherwise defined:

(1) "Agricultural college lands" embraces all lands granted to the state by an act of congress entitled "An act donating public lands to the several states and territories which may provide colleges for the benefit of agriculture and the mechanic arts," approved July 2, 1862, as well as any land received under s. 24.09 (1) (bm) in exchange for such land.

(2) "Board" means the board of commissioners of public lands, except that this definition does not apply to ch. 25.

(3) "Department" means department of natural resources.

(4) "Marathon County lands" embraces all lands acquired by the state pursuant to chapter 22 of the general laws of 1867, as well as any land received under s. 24.09 (1) (bm) in exchange for such land.

(5) "Normal school lands" embraces all parcels of said "swamp lands" which the legislature has declared or otherwise decided, or may hereafter declare or otherwise decide, were not or are not needed for the drainage or reclamation of the same or

other lands, as well as any land received under s. 24.09 (1) (bm) in exchange for such land.

(6) "Public lands" embraces all lands and all interests in lands owned by the state either as proprietor or as trustee which constitute any part of the lands defined or specified in this section.

(7) "School lands" embraces all lands made a part of "the school fund" by article X, section 2, of the constitution, as well as any land received under s. 24.09 (1) (bm) in exchange for such land.

(8) "Secretary" means secretary of natural resources.

(9) "Swamp lands" embraces all lands which have been or may be transferred to the state pursuant to an act of congress entitled "An act to enable the state of Arkansas and other states to reclaim the swamp lands within their limits," approved September 28, 1850, or pursuant to an act of congress entitled "An act for the relief of purchasers and locators of swamp and overflowed lands," approved March 2, 1855, as well as any land received under s. 24.09 (1) (bm) in exchange for such land.

(10) "University lands" embraces all lands the proceeds of which are denominated "the university fund" by article X, section 6, of the constitution, as well as any land received under s. 24.09 (1) (bm) in exchange for such land.

(11) “Warden” means conservation warden, and includes county, special and deputy conservation wardens.

**History:** 1977 c. 9; 1981 c. 390; 1983 a. 189, 192; 1987 a. 119; 1997 a. 27; 1999 a. 83.

**24.02 Addition to the public lands.** Addition to any class of lands specified in s. 24.01, except lands purchased for forest reserve and Marathon County lands, may be effected by grant, conveyance or devise made as a donation to the state for the purpose of the fund to which such class belongs. But no such proffered donation shall be accepted until the title of the donor has been examined and approved by the attorney general.

**24.03 Escheats.** The board of commissioners of public lands shall, whenever it shall have reason to believe that any lands have escheated to the state for defect of heirs, cause due inquiry to be made to ascertain the rights of the state, and the attorney general shall bring any suit or action or take any requisite proceeding necessary to protect and secure the rights of the state. The board may either take possession of, or cause to be sued for and recovered as aforesaid when necessary, any real estate believed to have escheated to the state, or may proceed directly to sell all the right, title and interest of the state therein, without first obtaining possession thereof and without establishing title thereto by action.

**24.04 Administrative receipts and disbursements. (1) RECEIPTS.** The board shall collect from purchasers of land a fee of \$5 for every certificate and \$5 for every patent issued by it. The board shall pay the moneys collected, together with all moneys for expenses of advertising, damages and costs received either by redemption or resale of any public lands forfeited after being sold by the state, into the state treasury to the credit of the common school fund. The executive secretary of the board may take the acknowledgments of the board to all certificates and patents, and no fees may be charged therefor.

(2) **DISBURSEMENTS.** All expenses necessarily incurred in caring for and selling public lands shall be deducted from the gross receipts of the fund to which the proceeds of the sale of the land will be added. Expenses necessarily incurred in caring for public lands may include expenses for reforestation, erosion and insect control, submerged log monitoring, surveys, appraisals, soil surveys and soil mapping activities and other land management practices that serve to protect or enhance the interests of the beneficiaries of the trust funds.

**History:** 1975 c. 39 s. 734; 1977 c. 418; 1979 c. 34; 1983 a. 423; 1993 a. 16; 1997 a. 27; 1999 a. 9.

**24.05 Survey of lands.** Whenever it appears necessary to the board that surveys should be made in order to ascertain the true boundaries of any tract or portion of the public lands, or to enable the board to describe and dispose of any tract or portion of the public lands in suitable and convenient lots, the board may cause all necessary surveys to be made.

**History:** 2005 a. 149.

**24.06 Plat of lands.** The board may subdivide any parcel of public lands into smaller parcels or village lots, with streets and alleys if necessary, whenever it believes a larger net price can be obtained by selling the land in smaller parcels or lots. A survey and plat of the subdivision, verified by its maker as true and correct, shall be returned and recorded in the office of the board, and the parcels or lots designated on the survey and plat shall be appraised before the parcels or lots are offered for sale. The subdivision shall be ordered, the proceedings for the subdivision governed, and the appraisal made in substantial compliance with s. 24.08.

**History:** 2005 a. 149.

**24.07 Sale of land with water power.** Whenever a water power exists upon any public lands offered for sale the board may sell together all the tracts or lots upon which such water power is situated and such other tracts or lots as are necessary for the use and enjoyment of the same, not exceeding 160 acres, or it may sell each tract or lot separately, as in its opinion the larger proceeds may be derived from such sale.

**24.08 Minimum price. (1) LANDS APPRAISED.** Every parcel of public land that was never appraised, every parcel of public land forfeited to the state under s. 24.28 and every parcel of land mortgaged to secure any loan of trust funds and bid in by the state at a sale of that land under the mortgage shall be appraised under this section before it is offered or reoffered for sale at public auction, at private sale or exchanged for other lands. These lands may be reappraised whenever necessary.

(2) **APPRAISER.** The board may make and enter in its minutes an order that any parcel or parcels of the public lands be appraised, describing the lands, appointing an appraiser and stating the reasons why the appraisal is deemed necessary. So far as practical the appraiser shall be a person in the employ of the board, of good character, approved integrity, sound judgment and well acquainted with the public lands; but the board may employ under contract any competent appraiser if it deems it necessary.

(3) **APPRAISAL.** The appraisal shall be made from actual view and at cash value. It shall be in writing and be verified by the affidavit of the appraiser who shall testify that the appraisal is just and was made as required by law. The appraisal shall be filed with the executive secretary of the board and recorded.

(4) **APPRAISED VALUE, MINIMUM PRICE, GOVERNMENT MINIMUM.** Such appraised value shall be the minimum price of the land until sold or reappraised. Until an appraisal under this section, the appraisal last heretofore made of any parcel of public land, if any has been made, shall fix the minimum price thereof. Notwithstanding this section no parcel of public land having a minimum price for the sale thereof fixed by the act of congress granting the same to the state, shall be sold for a lesser price than that so fixed.

**History:** 1973 c. 90; 1983 a. 423; 1993 a. 16.

**24.09 Procedure before sale or exchange; withdrawal; resale. (1)** (a) Except as provided under par. (c), the board may not sell or exchange any public lands which were not appraised or appraised under s. 24.08. Except as provided under pars. (b), (bg), (bm) and (c), the board may not sell or exchange any public lands except at public auction or by sealed bid.

(b) Lands required for federal, state, county, city, village, town, or school district use may be sold at the appraised value to, or exchanged for land of approximately equivalent value with, the federal government, other state departments, boards or commissions, counties, cities, villages, towns, or school districts.

(bg) The board may sell public lands belonging to a trust fund, as defined under s. 24.60 (5), to another trust fund, as defined under s. 24.60 (5), at the appraised value of the land. The board shall remit the proceeds of a sale under this paragraph to the secretary of administration for deposit in the appropriate trust fund.

(bm) The board may exchange part or all of any parcel of public lands for any other land of approximately equal value if the board determines that the exchange will contribute to the consolidation or completion of a block of land, enhance conservation of lands or otherwise be in the public interest. Under this paragraph, an exchange is of “approximately equal value” if the difference in value between the more highly valued land and the less highly valued land does not exceed 10 percent of the value of the more highly valued land. All expenses necessarily incurred in making an exchange under this paragraph shall be deducted from

the gross receipts of the fund to which the proceeds of the sale of the exchanged land will be added.

(c) Lands located within the federally recognized exterior boundaries of Indian reservations or located adjacent to the federally recognized boundaries of Indian reservations may be sold to or exchanged with the Indian tribe or tribes located on those reservations or sold to or exchanged with the federal government for the benefit and use of such tribe or tribes upon prices, terms and conditions agreeable to the board and without being subject to the restrictions and procedure otherwise provided by law for the sale of public lands.

(d) All sales other than sales under par. (b) or (c) shall be made at the times and public places by sealed bid or public sale as the board designates. Prior to any sale, the board shall publish a class 3 notice, under ch. 985, specifying the time and place and describing the lands to be sold in a newspaper published in the county where the lands are situated.

(2) The board may, whenever it believes the public interest will be served thereby, withdraw and withhold from sale all or such portions of the public lands as in its opinion it may not be advantageous to sell, for so long a time as in its opinion will be most beneficial to the state; but when reoffered the lands so withdrawn shall first be offered at public sale in the manner prescribed by law.

**History:** 1983 a. 423; 1987 a. 76; 1997 a. 27; 2005 a. 149, 352; 2017 a. 314.

**24.10 Procedure at sale.** (1) If the sale is to be by public auction, at the time and place specified in the notice under s. 24.09 (1) (d), the board shall commence the sale of the lands described in the notice and thereafter continue the same from day to day, Sundays excepted, between 9 a.m. and the setting of the sun, until all lands described in the notice have been offered. The order of the sale shall be to begin at the lowest number of the sections, townships, and ranges in each county and proceed regularly to the highest, until all then to be sold are offered for sale. Except for lands withheld from sale under s. 24.09 (2), each lot, tract of lands, or collection of tracts of lands to be sold shall be offered at the minimum price fixed by law and shall be cried at public auction long enough to enable every one present to bid. If the minimum price or more is bid, the lot or tract shall be struck off to the highest bidder, but if the minimum price is not bid the tract shall be set down unsold.

(2) If the sale is to be by sealed bid, the highest bid for any lot, tract of lands, or collection of tracts of lands shall be accepted, unless the highest bid is below the minimum price fixed by law. If the highest bid is below the minimum price fixed by law, then all bids may be rejected. If all bids are rejected or if no bid is received, the board may readvertise the sale, adjourn the sale to a definite date, or withhold the lands from sale pursuant to s. 24.09 (2).

**History:** 1999 a. 83; 2005 a. 352.

**24.11 Terms of sales.** (1) FOR CASH OR INSTALLMENTS. (a) Except as provided under sub. (4), public lands may be sold for cash to be paid at the time of the sale or according to the terms specified under par. (b).

(b) The first payment shall be not less than 15 percent of the purchase price, and shall be made at the time of the sale together with interest on the deferred payments in advance to February 1 of the following year. However, the first payment may not be less than the value of the timber, if any, on the lands sold. Annual payments of principal and interest shall be made for a maximum of 20 years after the date of the sale, with interest on the principal at the rate of 7 percent per year, payable annually in advance on February 1 of each year.

(c) Except as provided under s. 24.09 (1) (bg) and unless otherwise required by law to be deposited into a fund other than any of the trust funds, as defined in s. 24.60 (5), all moneys received from the sale of public lands on or after May 3, 2006, shall be credited to the appropriate trust fund in an account specified in s. 24.605.

(2) PURCHASER TO PAY TAXES. The board shall insert in every contract or certificate of sale of public land a clause providing that the vendee, and the vendee's heirs, personal representatives, or assigns shall pay or cause to be paid all taxes that are or that may be assessed against the land from the date of the contract or certificate of sale.

(3) RESERVATION. Every contract, certificate of sale, or grant hereunder of public lands shall reserve to the people the right of access to such lands and to any meandered or nonmeandered stream, river, pond or lake navigable in fact for any purpose whatsoever, bordered by such lands and all rights necessary to the full enjoyment of such waters, and of all minerals in said lands, and all mining rights therein, and shall also be subject to continued ownership by the state of all waterpower rights on such lands or in any manner appurtenant thereto. Such conveyance shall also be subject to a continuing easement in the state and its assigns to enter and occupy such lands in any manner necessary and convenient to the removal of such mineral from such lands and to the proper exercise of such mineral rights, and shall be further subject to the continuing easement in the state and its assigns to enter and occupy such lands in any manner necessary and convenient to the development, maintenance and use of any such water rights. Nothing contained in this section shall be construed to provide for the continued ownership in the state of any stone used for building purposes nor of any sand or gravel.

(4) SPECIAL TERMS FOR ESCHEATED LANDS. Upon the sale of any escheated lands the entire purchase price shall be paid at the time of the sale. The board shall then execute and deliver to the purchaser a quitclaim deed of conveyance that vests in the grantee all the right, title, and interest of the state in or to the land, and every right of action that the state has respecting the land. No covenant or warranty of title, of continued enjoyment, or against encumbrances, shall be expressed in or implied from the quitclaim deed or any words in the quitclaim deed. If by virtue of a better title, any other person or party recovers the land within 20 years after a purchase under this subsection, the state shall refund to the purchaser, or to the purchaser's assigns or legal representatives, the amount paid by the purchaser for the land, together with interest on the amount paid by the purchaser at the rate of 6 percent per year from the date of the purchase until the date of recovery, and also the amount of all taxes on the land actually paid by the purchaser with like interest on each payment from the time of payment to the date of the recovery.

**History:** 1979 c. 110 s. 60 (13); 1983 a. 423; 1991 a. 316; 1995 a. 225; 2005 a. 149, 352; 2017 a. 314.

State reservation of land and interests in lands under ch. 452, laws of 1911, s. 24.11 (3) and Art. X, s. 8 are discussed. 65 Atty. Gen. 207.

**24.12 Forfeit for failure to pay.** Every purchaser of any lot or tract at any sale under s. 24.11 shall pay the amount of the purchase money required by the terms of sale to be paid as provided in s. 24.11 (1). If the purchaser refuses or neglects to so pay, the lot or tract bid off by the purchaser shall again be offered for sale. The purchaser shall, for refusing or neglecting to pay, forfeit \$25 for each lot or tract bid off by the purchaser, which the board shall, in the name of the state, cause to be immediately sued for and collected, and, when collected, paid into the school fund.

**History:** 1991 a. 316; 2005 a. 149.

**24.14 Rights of swampland purchasers.** (1) In this section, "subject lands" means lands patented to this state as swamp

and overflowed lands, or lands patented in lieu of swamp and overflowed lands.

(2) Any person who has purchased from the United States or entered any subject lands prior to the execution of United States patents to this state for the subject lands, may whenever those entries have been canceled by the United States on account of a conflict with the right and title of this state to the subject lands, purchase the subject lands from this state, prior to the date fixed for the public sale of the subject lands, upon making satisfactory proof to the board that the person is the identical person, or the heir, legal representative, or assign of the person, who purchased or entered the subject lands as provided in this subsection, and upon paying to this state for the subject lands the same price at which the purchase or entries were made from the United States. Nothing contained in this chapter impairs the rights acquired by any person who has preempted any subject lands under the laws of this state.

**History:** 1999 a. 83; 2005 a. 149; 2009 a. 276.

**24.145 State-owned swamplands; proceeds; disposition.** (1) It is declared that none of the swamp and overflowed lands granted to this state pursuant to an act of congress entitled "An Act to enable the state of Arkansas and other states to reclaim the swamp lands within their limits", approved September 28, 1850, and the proceeds derived from the sale of those lands that have not been actually applied for reclamation of those lands, are necessary for the purpose of reclaiming any such swamp and overflowed lands by construction of levees and drains or otherwise.

(2) All swamp and overflowed lands described in sub. (1) and the proceeds derived from the sale of those lands including those placed and being in the drainage fund pursuant to [chapter 537, laws of 1865](#), that have not been actually applied for the purpose of reclaiming those lands, shall be a part of the normal school fund. This section controls over any inconsistent act or statute.

**History:** 2005 a. 149.

**24.15 Private sale.** All public lands, including forfeited lands and mortgaged lands bid in by the state, which have once been offered or reoffered at public sale and remain unsold, shall be subject to private sale at the minimum price fixed for the sale of the land by law to the person first making application for the purchase of the lands, if the person immediately complies with the term of sale. If 2 or more persons apply at the same time to purchase the same lands under this section, the lands shall be offered to the highest bidder, and the applicant who will pay the highest price shall be the purchaser.

**History:** 1991 a. 316; 2005 a. 149.

**24.16 Applications for private sale.** Every person making application under s. 24.15 for the purchase at private sale of any public lands shall file in the office of the board an application in writing, describing the lot or tract that the person proposes to purchase by the proper number of the section, township and range, and the subdivision of the section, with the person's name subscribed to the application. The board shall, if the land applied for may then be sold, do all of the following:

(1) Enter on books kept for that purpose a note of the application, specifying the day when made, the name of the applicant, and the description of the land applied for.

(2) Give to the applicant a memorandum signed by the executive secretary of the board, stating the application, describing the lot or tract applied for, and stating the price at which the lot or tract may be sold and the amount to be paid at the time of the sale.

**History:** 1991 a. 316; 1993 a. 16; 2005 a. 149.

**24.17 Receipt and certificate.** (1) When the purchaser of

any public lands makes payment to the secretary of administration of the amount required to be paid on the sale and, in case of a private sale, produces the memorandum described in s. 24.16, the secretary of administration shall give a receipt to the purchaser for the amount paid, and, unless the sale is wholly for cash, the board shall execute and deliver to the purchaser a duplicate certificate of sale, in which the board shall certify all of the following:

(a) The description of the land sold.

(b) The sum paid and the amount remaining due.

(c) The times, place, and terms of payments.

(d) That if the payments are made in accordance with the terms stated in the certificate of sale, the purchaser, or the purchaser's assigns or other legal representatives, shall be entitled to a patent for the land.

(e) That in case of the nonpayment into the state treasury of any of the following, the certificate of sale from the time of the nonpayment shall be void and the board may take possession of and resell the land described in the certificate:

1. The purchase money as it becomes due.

2. The interest on the purchase money by the first day of February in each year or on or before the next following June 30th.

3. Any taxes lawfully assessed on the lands described in the certificate and then remaining unpaid by the purchaser or purchasers or by any person claiming under the purchaser or purchasers.

(2) When the sale of public lands under sub. (1) is wholly for cash, upon payment of the full purchase price to the secretary of administration, the secretary of administration shall immediately give to the purchaser a receipt stating the amount paid, giving a description of the lot or tract of land sold, and stating that the purchaser is entitled to receive a patent according to law.

**History:** 1991 a. 316; 2003 a. 33; 2005 a. 149.

**24.18 Entry of sale and patent.** When any sale of public lands is made, the board shall make a note of the sale in the book of entries, entering the day of sale, the name of the purchaser, the number of the certificate or patent, the sum paid, the amount of purchase money unpaid, if any, and a description of the lot or tract sold. If the sale is wholly for cash, the board shall immediately execute and deliver to the purchaser a patent for the lot or tract of land so sold. If the land is sold at public auction, the board shall note that fact.

**History:** 2005 a. 149.

**24.19 Certificate of sale.** All original and duplicate certificates of sale issued under s. 24.17 shall be properly numbered, and the original shall be filed in the office of the board. As many distinct lots or tracts of land purchased by one person in one section at the same time as that person requests shall be included in one certificate or one patent, as the case may be. Certificates of sale may be acknowledged and recorded in the same manner as deeds. Certificates of sale may be assigned in writing. The assignment may be acknowledged and recorded in the same manner as deeds, and the assignee shall have the same rights and remedies under the certificate as the original purchaser would have had.

**History:** 1991 a. 316; 2005 a. 149.

**24.20 Payments and accounts.** All money paid on account of sales of public lands shall be paid to the secretary of administration who shall credit the proper fund with the amount paid, crediting the general fund with the proceeds of sales of Marathon County lands. The secretary of administration or the secretary's designee, upon countersigning the receipt given for the amount paid, shall enter the name of the person making the

payment, the number of the certificate, if any, upon which the amount shall be paid, and the time of the payment.

**History:** 1991 a. 316; 2003 a. 33; 2005 a. 149.

**24.21 Accounts with purchasers.** The board shall open and keep an account with each purchaser for every lot or tract of land that is sold, either at public or private sale, in books kept for that purpose, in which the board shall charge the purchaser with the whole purchase money and give the purchaser credit for all the purchaser's payments, making proper charges for interest as it becomes due, and for all taxes returned to it as unpaid by the proper officer. Upon all payments being completed and the patent issued the account shall be balanced.

**History:** 1991 a. 316; 2005 a. 149.

**24.22 Excessive payments to be refunded. (1)** Whenever full payment of the principal due upon any certificate of sale by the state is made subsequent to the payment of the annual interest on the principal, the excess of the interest so paid shall be refunded to the person entitled to the excess payment, from the proper fund, on the warrant of the department of administration.

**(2)** In the event of the double or erroneous payment of interest, charges, or taxes on any certificate of sale or loan by the state, the amount erroneously paid shall be refunded in the same manner as excess interest payments under sub. (1).

**History:** 2005 a. 149.

**24.23 Title; patents.** The title and fee of all public lands shall remain in the state until patents for the land are issued. No patent shall be issued except upon full payment of the purchase money and interest and all taxes returned and lawful charges on the lands being purchased.

**History:** 2005 a. 149.

**24.24 Effect of certificate. (1)** Except when voided by forfeiture under s. 24.28, a certificate of sale issued under s. 24.17 entitles the purchaser, or the purchaser's heirs or assigns, to all the rents, benefits, and provisions of any lease existing on the lands described in the certificate at the time of the land purchase and accruing after the purchase. The certificate of sale is sufficient evidence of title and vests in the purchaser, or the purchaser's heirs and assigns, the same rights of possession, enjoyment, descent, transmission, and alienation of the lands described in the certificate and the same remedies for the protection of those rights against all persons, except the state, that the purchaser would possess if the purchaser were the owner in fee of the described lands.

**(2)** Notwithstanding sub. (1), a certificate of sale does not confer the right to cut down, destroy, dig up, or carry off any standing wood or timber or any mineral located on the lands described in the certificate without the written consent of the board, except as follows:

(a) Wood or timber may be cut when it is to be exclusively used in the erection of fences or buildings on the described lands.

(b) Wood or timber may be cut for necessary firewood for the household use of the persons actually occupying the described lands.

(c) Wood or timber may be cut when done in good faith for the actual and fair improvement of the described lands for cultivation.

**(3)** Notwithstanding sub. A certified copy of the board's order may be recorded in the office of the register of deeds for the county where the lands lie, and upon the recording of the order, the certificate or patent shall be void. When the board's order is so recorded there shall be paid out of the state treasury, from the fund to which it has been credited, to the purchaser, or the purchaser's successor in interest, the amounts in the manner and as provided in s. 24.34.

**History:** 1991 a. 316; 2005 a. 149.

**24.355 Limitation of actions.** All claims under s. 24.34 or 24.35 shall be barred, unless application for a payment refund is made within 5 years from the time of the payment, or, in cases in which the state never had title, from the time when the invalidity of the title of the state was established.

**History:** 2005 a. 149.

**24.36 Lost certificates and patents.** Whenever any duplicate certificate of sale has been lost or destroyed before the patent has been issued, or whenever any patent has been lost or destroyed, the board, upon satisfactory proof of the fact, established by affidavit filed with the board, may issue a certified copy of the original certificate of sale or of the record in the board's office of the patent, or a quitclaim deed in place of the missing patent, to the person entitled to the copy of the certificate or record of the patent, or quitclaim deed, which shall have the same force and effect as the original duplicate certificate or patent. The board's certificate to the copy and quitclaim deed shall recite the loss or destruction of the original.

**History:** 2005 a. 149.

**24.37 Ejectment.** If any person holds or continues in possession of any public lands without written permission from the board, or contrary to the conditions or covenants of any lease or written agreement, or after the lands have been forfeited to the state, that person shall be liable to an action by the state or any purchaser from the state for an unlawful detainer or other proper action to recover possession of the lands and for damages for the detention of the lands.

**24.39 Leases of public lands. (1)** The board of commissioners of public lands may grant leases of parts or parcels of any public lands except state park lands and state forest lands; grant easements, leases to enter upon any of said lands to flow the same or to prospect for and to dig and remove therefrom ore, minerals and other deposits, and sell therefrom such timber as the board shall find necessary to prevent future loss or damage. All sales of standing live timber shall be on a selective cutting basis in line with federal forest practices. Such easements, leases, licenses and sales shall be made only for a full and fair consideration paid or to be paid to the state, the amount and terms whereof shall be fixed by said board, and such easements, leases, licenses and sales shall conform to the requirements, so far as applicable, prescribed by ch. 26 for the exercise by the department of natural resources of similar powers affecting state park lands and state forest lands.

**(2)** In negotiating for such leases, licenses or sales, and in exercising the other powers conferred by this section the board of commissioners of public lands shall, so far as it finds it desirable and practicable, request and make proper use of such services and information as the department of natural resources may be able to furnish.

**(3)** All moneys received by the board from the leasing of land under the U.S. flood control act of 1954 and subsequent amendments thereto, shall be paid into the general fund of the state within one week and are appropriated therefrom to the board to be paid to the county clerk of the county in which the leased land is located for the benefit of the general fund of such county within 30 days of its receipt by the board.

**(4)** (a) Subject to pars. (c) and (d) the board of commissioners of public lands may:

1. Lease to riparian owners rights to the beds of lakes and rights to fill in beds of lakes or navigable streams, held by the state in trust for the public, when the purpose of the lease is for the improvement of navigation or for the improvement or construction of harbor facilities as defined in s. 30.01; and

2. Lease such rights to municipalities as defined in s. 30.01 and in locations where the municipality is the riparian owner, when the purpose of the lease is for the improvement or provision of recreational facilities related to navigation for public use.

(b) All revenues from such leases shall be paid into the general fund.

(c) No leases under par. (a) may be executed without a prior finding of the department of natural resources under s. 30.11 (5) that any proposed physical change in the area contemplated as the result of the execution of any term lease is consistent with the public interest in the navigable waters involved.

(d) This subsection applies only to Lake Michigan and Lake Superior, the Mississippi and St. Croix rivers, the Fox River from Green Bay upstream to the point where it meets the Wolf River, and to the segments of all other bodies of water in which the U.S. army corps of engineers provides and maintains commercial navigation channels.

(e) Such lease shall be for a term not to exceed 50 years, and shall include therein any and all conditions and terms the board of commissioners of public lands believes to be necessary in the public interest. A lessee or the lessee's heirs, successors or assigns of a lease which has reached the end of its term shall have first opportunity to contract with the board of commissioners of public lands for a new lease.

(f) A municipality may sublease rights leased to it under par.

(a) 1. or 2. to corporations or private persons. A municipality may also make physical improvements on and above the bottoms to which rights were leased from the board of commissioners of public lands and may sublease these improvements to corporations or private persons. Any subleases under this paragraph shall be consistent with this subsection and with whatever standards or restrictions the department of natural resources, acting under s. 30.11 (5), may have found at the time of execution of the original lease by the board of commissioners of public lands to the municipality.

(g) The lease may be terminated for nonuse or for a nonconforming use any time after 5 years from date of issue, or such shorter period of time as may be specified in the lease. It may also be terminated for any other ground recognized at law for termination of a lease.

(h) All rights to submerged lands and rights above submerged lands ceded, granted, or leased to municipalities, or other persons by acts of the state that were effective prior to October 10, 1961, shall not be affected by this subsection or by s. 30.11 (5).

(i) All leases entered into by the board of commissioners of public lands under this subsection and s. 30.11 shall be deemed to be subject to this section and any other applicable laws of this state or of the United States.

**History:** 1981 c. 390; 1991 a. 316; 2001 a. 103; 2005 a. 149; 2015 a. 196.

**24.40 Easements; annexation. (1g)** In this section, “telecommunications service” has the meaning given in s. 182.017 (1g) (cq).

**(1r)** Every board, commission, department and agency of the state having real estate belonging to the state under its control may grant easements in said property for public utility or telecommunications service through, over, under, along or to said property, including without limitation by enumeration the necessary poles, wires, structures, lines, fiber, conduits, pipes or pipe lines for heat, light, water, gas, sewer, power, telecommunications service, telegraph and transmission of messages.

**(2)** Every such board, commission, department and agency may petition or join in a petition for and on behalf of the state as the owner of such property to annex or detach the same or any part or parts thereof to or from an adjoining municipality.

**(3)** Notwithstanding s. 28.02 (5) or any contrary rule promulgated by the department, if the department grants an easement under sub. (1r) for the construction of broadband infrastructure in unserved areas, as designated under s. 196.504 (2) (e), the department may not require any appraisal or the payment of any fee to grant the easement.

**History:** 1985 a. 297 s. 76; 2017 a. 59; 2017 a. 364 s. 49; 2023 a. 77.

The state is specifically authorized to petition for annexation by sub. (2), which would be rendered meaningless if the petition had to be rejected or an annexation ordinance declared invalid on the grounds that the city could establish no commercial, residential, or mercantile need for the land. Some demonstrable need must be shown or the annexation is of necessity arbitrary and capricious. In cases of direct annexation a showing of benefits to the annexed land can be considered in the overall question of need under the rule of reason. The benefits to the state were abundant in this case where city recreational facilities and better quality fire, emergency police, and rescue service would be provided to the annexed land. *Town of Lafayette v. City of Chippewa Falls*, 70 Wis. 2d 610, 235 N.W.2d 435 (1975).

The expenses incurred in making these investigations and taking necessary steps to protect common school lands, normal school lands, university lands and agricultural college lands and timber on those lands, as well as the expense of necessary surveys, records, appraisals and sales, upon the approval of the board, shall be deducted from the gross receipts of the fund to which the proceeds from the sale of the land or timber will be added.

**History:** 1979 c. 34 s. 699g; Stats. 1979 s. 24.53.

**24.54 Records; copies as evidence. (1)** The department of administration shall provide an office for the board. The board shall conveniently arrange and preserve in that office all records, books, reports, surveys, maps, field notes, plats and other papers pertaining to the public lands owned by the state, including all public lands that have been or shall be received from the United States or any officer of the United States. The board may perfect the records, books, reports, surveys, maps, field notes, plats and other papers when incomplete, and cause copies of those documents to be made when from injury, loss, use or accident it shall become necessary. Any copy, when certified to be a correct copy by the executive secretary of the board under the executive secretary’s signature and the official seal of the office to have been made for any of the causes specified in this subsection, shall have the same force and effect in all courts and places as the original. **(2)** All records, books and files kept by the board shall at all business hours be open, under proper regulations made by it, to the inspection of any person, free of charge. The board also may in like manner make, perfect, and complete proper records, books, reports and other papers pertaining to the lands of which the state has been or is trustee for the United States.

**History:** 1979 c. 34 s. 699g; 1979 c. 176; Stats. 1979 s. 24.54; 1989 a. 31; 1993 a. 16.

**History:** 1975 c. 365; 1979 c. 34 s. 699g; Stats. 1979 s. 24.56; 1993 a. 16.

**24.57 Report of board.** The board shall include in any report submitted under s. 15.07 (6) a report of its official proceedings for the period since the proceedings reported in the most recent report, showing the quantity of land sold or leased and the amount received therefor, the amount of interest moneys accrued or received and a specific account of the several investments made by them, stating in all cases of loans, the name of each borrower, the sum borrowed and a description of the property mortgaged. The report also shall include such other matters as it thinks proper to communicate or as the legislature requires.

**History:** 1979 c. 34 s. 699g; Stats. 1979 s. 24.57; 1983 a. 27.

**24.58 Appraisers.** The board may select employees of the department to appraise lands or perform other services in field and forest. The board shall reimburse the department under a contract with the department for the performance of public land management services.
