NOTE: Chapter 375, laws of 1975, which created subchs. I to VIII of this chapter, contains explanatory notes.

SUBCHAPTER I

FIRE AND OTHER PROPERTY INSURANCE

632.05 Indemnity amounts. (1) REPLACEMENT COST OF COVERAGE. An insurer may agree in a property insurance policy to indemnify the insured for the amount it would cost to repair, rebuild or replace the damaged or destroyed insured property with new materials of like size, kind and quality.

(2) TOTAL LOSS. Whenever any policy insures real property that is owned and occupied by the insured primarily as a dwelling and the property is wholly destroyed, without criminal fault on the part of the insured or the insured's assigns, the amount of the loss shall be taken conclusively to be the policy limits of the policy insuring the property.

History: 1975 c. 375; 1979 c. 73, 177; 2001 a. 65.

Cross-reference: See also ch. *Ins 4*, Wis. adm. code.

The intentional act of an insured joint owner of property does not, as a matter of law, bar an innocent insured joint owner of property from recovering under a fire insurance policy. In this case, the policy did not state whether the obligations of the insured were joint or several. Therefore, the court interpreted the language in the policy as not barring an innocent insured from recovering under the policy merely by virtue of the fact that another insured intentionally caused the damage to the insured property. *Hedtcke v. Sentry Insurance Co.*, 109 Wis. 2d 461, 326 N.W.2d 727 (1982). But see *Kemper Independence Insurance Co. v. Islami*, 2021 WI 53, 397 Wis. 2d 394, 959 N.W.2d 912, 19-0488.

An administrative rule interpretation of sub. (2) that denies benefits solely on the basis of a past rental of the property would be unreasonable. *Kohnen v. Wisconsin Mutual Insurance Co.*, 111 Wis. 2d 584, 331 N.W.2d 598 (Ct. App. 1983).

To have "occupied" a dwelling under sub. (2) requires actual and physical control. An inanimate entity such as an estate is incapable of occupying a dwelling under sub. (2). *Drangstviet v. Auto-Owners Insurance Co.*, 195 Wis. 2d 592, 536 N.W.2d 189 (Ct. App. 1995), 95-0053.

Sub. (2) does not exclude any dwellings that are owned and occupied by the insured. A building need not be exclusively residential. *Seider v. O'Connell*, 2000 WI 76, 236 Wis. 2d 211, 612 N.W.2d 659, 98-1223.

Sub. (2), the valued policy law, does not provide that an insured is entitled to the limits of all policies insuring a dwelling. Instead, s. 631.43 (1), the pro rata statute, specifically governs situations when two or more policies indemnify against the same loss. Absent the consent of the insurers, insureds are entitled to the full amount of their loss but not to the full amount of both policies if the combined limits exceed the actual loss. *Wegner v. West Bend Mutual Insurance Co.*, 2007 WI App 18, 298 Wis. 2d 420, 728 N.W.2d 30, 05-3193.

Sub. (2) does not exclude real property that is owned and occupied by the insured primarily as a dwelling solely because it is not the insured's primary residence, but to be covered under the statute the property must be occupied by the insured primarily as a dwelling. Use is the core meaning of occupy in the context of this statute. The building must be used by the insured primarily as a residence. When the primary use of a building for at least 14 months before a fire had been renting it to others, sub. (2) did not apply. *Cambier v. Integrity Mutual Insurance Co.*, 2007 WI App 200, 305 Wis. 2d 337, 738 N.W.2d 181, 06-3112.

Sub. (2) requires the insured building be occupied by the insured primarily as a dwelling. The insured's use must bear a relationship to actually living in the dwelling. The fact that the building is being renovated and refurbished does not affect its status as a dwelling. Whether or not a person ever slept in a house is not dispositive of whether the person occupied it. A dwelling does not cease to be occupied as a dwelling if the people living there temporarily vacate the dwelling for renovations or if a purchaser engages in renovations before moving in. *Johnson v. Mt. Morris Mutual Insurance Co.*, 2012 WI App 3, 338 Wis. 2d 327, 809 N.W.2d 53, 10-2468.

Administrative rules provide that real property owned and occupied by the insured that is partially destroyed but ordered razed under a fire ordinance or similar law shall be considered wholly destroyed for purposes of sub. (2). The test is not whether the property has been physically destroyed. *Haynes v. American Family Mutual Insurance Co.*, 2014 WI App 128, 359 Wis. 2d 87, 857 N.W.2d 478, 14-0395.

632.07 Prohibiting requiring property insurance in excess of replacement value. A lender may not require a borrower, as a condition of receiving or maintaining a loan secured by real property, to insure the property against risks to improvements on the real property in an amount that exceeds the replacement value or market value of the improvements, whichever is greater.

History: 2007 a. 170.

632.08 Mortgage clause. A provision for payment to a mortgagee or other owner of a security interest in property may be contained in or added by endorsement to any insurance policy protecting against loss or destruction of or damage to property. If the insurance covers real property, any loss not exceeding \$500 shall be paid to the insured mortgagor despite the provision, unless the mortgagee is a named insured.

History: 1975 c. 375; 1979 c. 102.

632.09 Choice of law. Every insurance against loss or destruction of or damage to property in this state or in the use of or income from property in this state is governed by the law of this state.

History: 1975 c. 375.

632.10 Definitions applicable to property insurance escrow. In ss. 632.10 to 632.104:

(1) "Building and safety standards" means the requirements of chs. 101 and 145 and of any rule promulgated by the department of safety and professional services under ch. 101 or 145, and standards of a 1st class city relating to the health and safety of occupants of buildings.

(2), every property insurance policy issued or delivered in this state, including property insurance policies issued under the mandatory risk-sharing plan operating under s. 619.01, that insures real property located in a 1st class city against loss caused by fire or explosion shall provide for payment of any final settlement under the policy in the manner described in ss. 632.102 to 632.104.

(2) EXCLUDED POLICIES. Sections 632.10 to 632.104 do not apply to property insurance policies issued in any of the following circumstances:

History: 1975 c. 375.

This section applies only to third-party claims. *Jadair International, Inc. v. American National Property & Casualty Co.*, 635 F. Supp. 3d 667 (2022).

632.24 Direct action against insurer. Any bond or policy of insurance covering liability to others for negligence makes the insurer liable, up to the amounts stated in the bond or policy, to the persons entitled to recover against the insured for the death of any person or for injury to persons or property, irrespective of whether the liability is presently established or is contingent and to become fixed or certain by final judgment against the insured.

History: 1975 c. 375.

An excess-of-policy coverage clause in a reinsurance agreement constituted a liability insurance contract insuring against tortious failure to settle a claim. *Ott v. All-Star Insurance Corp.*, 99 Wis. 2d 635, 299 N.W.2d 839 (1981).

Recovery limitations applicable to an insured municipality likewise applied to its insurer, notwithstanding higher policy limits and this section. *Gonzalez v. City of Franklin*, 137 Wis. 2d 109, 403 N.W.2d 747 (1987).

Insurers must plead and prove their policy limits prior to a verdict in order to restrict the judgment to the policy limits. *Price v. Hart*, 166 Wis. 2d 182, 480 N.W.2d 249 (Ct. App. 1991).

This section does not apply to actions in which the principal on a bond under s. 344.36 causes injury. That section requires obtaining a judgment against the principal before an action may be brought against the surety. *Vangsguard v. Progressive Northern Insurance Co.*, 188 Wis. 2d 584, 525 N.W.2d 146 (Ct. App. 1994).

There is neither a statutory nor a constitutional right to have all parties identified to a jury, but as a procedural rule, the court should in all cases apprise the jurors of the names of all the parties. *Stoppeworth v. Refuse Hideaway, Inc.*, 200 Wis. 2d 512, 546 N.W.2d 870 (1996), 93-3182.

The insured stands in privity with the insurer under this section. There is but one wrong and but one cause of action. When liability cannot be imposed upon one, none can be imposed upon the other. Plaintiff's cashing of the defendant's insurer's settlement check demonstrated an accord and satisfaction of claims against the insured although the insured had not been named in the action. *Parsons v. American Family Insurance Co.*, 2007 WI App 211, 305 Wis. 2d 630, 740 N.W.2d 399, 06-2481.

This section allows direct actions against a negligence insurer for negligence claims. It does not allow a plaintiff in a contract action to sue the defendant's insurer. *Rogers v. Saunders*, 2008 WI App 53, 309 Wis. 2d 238, 750 N.W.2d 477, 07-0306. See also *Dhein v. Franknmuth Mutual Insurance Co.*, 2020 WI App 62, 394 Wis. 2d 470, 950 N.W.2d 861, 19-0531.

This section does not speak to whether the timely answer of an insured denying liability may inure to the benefit of a defaulting insurance company so as to preclude a judgment by default against it for the plaintiff's damages. The timely answer of the codefendant insureds denying the liability of all defendants did not preclude default judgment against the insurer on the issue of liability and damages upon the insurer's acknowledged default. *Estate of Otto v. Physicians Insurance Co. of Wisconsin*, 2008 WI 78, 311 Wis. 2d 84, 751 N.W.2d 805, 06-1566.

This section applies to any policy of insurance covering liability, irrespective of whether that policy was delivered or issued for delivery in Wisconsin, so long as the accident or injury occurs in this state. *Casper v. American International South Insurance Co.*, 2011 WI 81, 336 Wis. 2d 267, 800 N.W.2d 880, 06-1229.

This section does not mandate a pro rata distribution of the policy limits among all claimants. This section is silent as to how the policy limit is to be distributed. Until such time as there was a verdict in this case, policy limits paid into court were not subject to the circuit court's control and neither the direct action statute nor Wisconsin case law required the court to distribute the policy limits in settlement on a pro rata basis. *Lovellien v. Austin Mutual Insurance Co.*, 2018 WI App 4, 379 Wis. 2d 733, 906 N.W.2d 728, 16-1679.

The direct action statute generally endeavors to save litigation and reduce expense by determining the rights of all parties in a single action involving the insurance carrier, to expedite the final settlement of litigation and payment to the injured person, and to place the burden on the insurer to pay damages sustained by a person as a result of the insured's causal negligence. However, when an injured party pursues claims for damages arising out of an accident directly against an insured's liability insurer under this section without the insured being made a party to that action, claim preclusion does not bar the insured from pursuing a negligence claim in a subsequent lawsuit against the injured party. *Hull v. Glewwe*, 2019 WI App 27, 388 Wis. 2d 90, 931 N.W.2d 266, 17-2485.

The federal compulsory counterclaim rule precluded an action against an insurer

under the state direct action statute when an action directly against the insured was barred by rule. *Fagnan v. Great Central Insurance Co.*, 577 F.2d 418 (1978).

A breach of fiduciary duty was negligence for purposes of Wisconsin's direct action and direct liability statutes. *Federal Deposit Insurance Corp. v. MGIC Indemnity Corp.*, 462 F. Supp. 759 (1978).

An insurer's failure to join in an insured motorist's petition to remove the case to federal court necessitated a remand to state court. *Padden v. Gallaher*, 513 F. Supp. 770 (1981).

632.25 Limited effect of conditions in employer's liability policies. Any condition in an employer's liability policy requiring compliance by the insured with rules concerning the safety of persons shall be limited in its effect in such a way that in the event of breach by the insured the insurer shall nevertheless be responsible to the injured person under s. 632.24 as if the condition has not been breached, but shall be subrogated to the injured person's claim against the insured and be entitled to reimbursement by the latter.

History: 1975 c. 375.

"Condition" as used in this section does not refer to exclusion. *Bortz v. Merrimac Mutual Insurance Co.*, 92 Wis. 2d 865, 286 N.W.2d 16 (Ct. App. 1979).

632.26 Notice provisions. (1) REQUIRED PROVISIONS. Every liability insurance policy shall provide:

(a) That notice given by or on behalf of the insured to any authorized agent of the insurer within this state, with particulars sufficient to identify the insured, is notice to the insurer.

(b) That failure to give any notice required by the policy within the time specified does not invalidate a claim made by the insured if the insured shows that it was not reasonably possible to give the notice within the prescribed time and that notice was given as soon as reasonably possible.

(2) EFFECT OF FAILURE TO GIVE NOTICE. Failure to give notice as required by the policy as modified by sub. (1) (b) does not bar liability under the policy if the insurer was not prejudiced by the failure, but the risk of nonpersuasion is upon the person claiming there was no prejudice.

History: 1979 c. 102.

Legislative Council Note, 1979: Subsection (1) is former s. 632.32 (1), altered in 2 ways: (1) to extend its coverage to all liability policies; and (2) to change "may" to "shall". The subsection is divided into 2 paragraphs for clarity.

The first change would strengthen the law. It is entirely new and seems a desirable extension.

The second change corrects an error. The word "shall" was used in the fourth draft of the bill that ultimately became ch. 375, laws of 1975, and was not changed in the addendum to the fourth draft, dated July 14, 1975. Those documents went to the insurance laws revision committee and then to the legislative council for action. Nothing appears in the minutes of the committee's meeting of July 14, 1975 to indicate that a change was made. But in LRB-6218/1 of 1975, "may" appears instead of "shall". That error, which was probably inadvertent and the source of which we have not been able to trace, was carried on into the final enactment.

Sub. (2) continues the second sentence of former s. 632.34 (4). Shifting it to s. 632.26, which is applicable to all liability insurance, broadens its application, but that seems desirable. The term "burden of proof" is changed to "risk of nonpersuasion" to tighten up the meaning. "Burden of proof" is a broad term that comprehends 2 separate concepts: (1) the burden of going forward with the evidence and (2) the burden of persuading the trier of fact, better termed the "risk of nonpersuasion". See McCormick, *Evidence*, (2nd ed.), at 784 n. 4 (1972). The statute is concerned with determining who wins when the totality of evidence is inconclusive, not with the burden of going forward, which ought to be settled on the basis of general principles. Indeed, since the insurer will have best (or the only) access to information about prejudice, it may be quite unfair to put the burden of going forward on the claimant.

Subs. (1) (b) and (2) are related. The first is a required provision in the policy. The 2nd is a rule of law. It is preferable not to go too far in inserting excuses into the policy. Sub. (1) (b) encourages the insured not to give up automatically if notice is not timely given, but insertion of sub. (2) into the policy would arguably encourage an unduly long delay that might prejudice both parties. [Bill 146-S]

When the insurer denied coverage within the time that the insured could have submitted the insured's proofs in response to the insurer's request for more information, the insurer waived the defense of lack of notice. *Ehlers v. Colonial Penn Insurance Co.*, 81 Wis. 2d 64, 259 N.W.2d 718 (1977).

The failure of policyholders to give notice to an underinsurer of a settlement between the insured and the tortfeasor does not bar underinsured motorist coverage in the absence of prejudice to the insurer. There is a rebuttable presumption of prejudice when there is a lack of notice, with the burden on the insured to prove by the greater weight of the evidence that the insurer was not prejudiced. *Ranes v. American Family Mutual Insurance Co.*, 219 Wis. 2d 49, 580 N.W.2d 197 (1998), 97-0441.

Wisconsin's notice-prejudice statutes, this section and s. 631.81, do not supersede

the reporting requirement specific to claims-made-and-reported policies. *Anderson v. Aul*, 2015 WI 19, 361 Wis. 2d 63, 862 N.W.2d 304, 13-0500.

SUBCHAPTER IV

AUTOMOBILE AND MOTOR VEHICLE INSURANCE

632.32 Provisions of motor vehicle insurance policies. (1) **SCOPE.** Except as otherwise provided, this section applies to every policy of insurance issued or delivered in this state against the insured's liability for loss or damage resulting from accident caused by any motor vehicle, whether the loss or damage is to property or to a person.

(2) **DEFINITIONS.** In this section:

(ab) "Commercial automobile liability policy" means a liability insurance policy that is intended principally to provide primary coverage for the insured's liability arising out of the ownership, maintenance, or use of a motor vehicle in the insured's business or other commercial activities.

(ac) "Commercial liability policy" means any form of liability insurance policy, including a commercial or business package policy or a policy written on farm and agricultural operations, that is intended principally to provide primary coverage for the insured's general liability arising out of its business or other commercial activities, and that includes coverage for the insured's liability arising out of the ownership, maintenance, or use of a motor vehicle as only one component of the policy or as coverage that is only incidental to the principal purpose of the policy. "Commercial liability policy" does not include a worker's compensation policy or a commercial automobile liability policy.

(ag) "Governmental unit" has the meaning given in s. 50.33 (1r).

(am) "Medical payments coverage" means coverage to indemnify for medical payments or chiropractic payments or both for the protection of all persons using the insured motor vehicle from losses resulting from bodily injury or death.

(at) "Motor vehicle" means a self-propelled land motor vehicle designed for travel on public roads and subject to motor vehicle registration under ch. 341. A trailer or semitrailer that is designed for use with and connected to a motor vehicle shall be considered a single unit with the motor vehicle. "Motor vehicle" does not include farm tractors, well drillers, road machinery, or snowmobiles.

(b) "Motor vehicle handler" means any of the following:

1. A motor vehicle dealer, as defined in s. 218.0101 (23) (a).
2. A lessor, as defined in s. 344.51 (1g) (a), or a rental company, as defined in s. 344.51 (1g) (c).
3. A repair shop, service station, storage garage or public parking place.

(be) "Owned motor vehicle" means a motor vehicle that is owned by the insured or that is leased by the insured for a term of 6 months or longer.

(bh) "Phantom motor vehicle" means a motor vehicle to which all of the following apply:

1. The motor vehicle is involved in an accident with a person who has uninsured motorist coverage.
2. In the accident, the motor vehicle makes no physical contact with the insured or with a vehicle the insured is occupying.
3. The identity of neither the operator nor the owner of the motor vehicle can be ascertained.

(cm) "Umbrella or excess liability policy" means an insurance contract providing at least \$1,000,000 of liability coverage per person or per occurrence in excess of certain required under-

lying liability insurance coverage or a specified amount of self-insured retention.

(d) "Underinsured motorist coverage" means coverage for the protection of persons insured under that coverage who are legally entitled to recover damages for bodily injury, death, sickness, or disease from owners or operators of underinsured motor vehicles.

(f) "Uninsured motorist coverage" means coverage for the protection of persons insured under that coverage who are legally entitled to recover damages for bodily injury, death, sickness, or disease from owners or operators of uninsured motor vehicles.

(g) "Uninsured motor vehicle" means a motor vehicle, other than a motor vehicle owned by a governmental unit, that is involved in an accident with a person who has uninsured motorist coverage and with respect to which, at the time of the accident, a bodily injury liability insurance policy is not in effect and the owner or operator has not furnished proof of financial responsibility for the future under subch. III of ch. 344 and is not a self-insurer under any other applicable motor vehicle law. "Uninsured motor vehicle" also includes any of the following motor vehicles, other than a motor vehicle owned by a governmental unit, involved in an accident with a person who has uninsured motorist coverage:

1. An insured motor vehicle, or a motor vehicle with respect to which the owner or operator is a self-insurer under any applicable motor vehicle law, if before or after the accident the liability insurer of the motor vehicle, or the self-insurer, is declared insolvent by a court of competent jurisdiction.

2. A phantom motor vehicle, if all of the following apply:

a. The facts of the accident are corroborated by competent evidence that is provided by someone other than the insured or any other person who makes a claim against the uninsured motorist coverage as a result of the accident.

b. Within 72 hours after the accident, the insured or someone on behalf of the insured reports the accident to a police, peace, or judicial officer or to the department of transportation or, if the accident occurs outside of Wisconsin, the equivalent agency in the state where the accident occurs.

c. Within 30 days after the accident occurs, the insured or someone on behalf of the insured files with the insurer a statement under oath that the insured or a legal representative of the insured has a cause of action arising out of the accident for damages against a person whose identity is not ascertainable and setting forth the facts in support of the statement.

3. An unidentified motor vehicle involved in a hit-and-run accident with the person.

(h) "Using" includes driving, operating, manipulating, riding in and any other use.

(3) **REQUIRED PROVISIONS.** Except as provided in sub. (5), every policy subject to this section issued to an owner shall provide that:

(a) Coverage provided to the named insured applies in the same manner and under the same provisions to any person using any motor vehicle described in the policy when the use is for purposes and in the manner described in the policy.

(b) Coverage extends to any person legally responsible for the use of the motor vehicle.

(4) **REQUIRED UNINSURED MOTORIST AND MEDICAL PAYMENTS COVERAGES.** (a) Except as provided in par. (d), every policy of insurance subject to this section that insures with respect to any motor vehicle registered or principally garaged in this state against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall contain therein or

supplemental thereto provisions for all of the following coverages:

1. Excluding a policy written by a town mutual organized under ch. 612, uninsured motorist coverage, in limits of at least \$25,000 per person and \$50,000 per accident.

2. Medical payments coverage, in the amount of at least \$1,000 per person. Coverage written under this subdivision may be excess coverage over any other source of reimbursement to which the insured person has a legal right.

(bc) Notwithstanding par. (a) 2., the named insured may reject medical payments coverage. If one named insured rejects the coverage, the coverage need not be provided in a subsequent renewal policy issued by the same insurer unless a named insured under the policy requests it in writing.

(c) Unless an insurer waives the right to subrogation, insurers making payment under any of the coverages under this subsection shall, to the extent of the payment, be subrogated to the rights of their insureds.

(d) This subsection does not apply to a commercial liability policy if the coverage it provides for the insured's liability arising out of the maintenance or use of a motor vehicle is limited to coverage for motor vehicles that are not owned motor vehicles, or to an umbrella or excess liability policy. If a commercial liability policy or an umbrella or excess liability policy provides medical payments coverage or uninsured motorist coverage, however, the coverage must have limits of at least those specified in par. (a).

Cross-reference: See also s. Ins 6.77, Wis. adm. code.

(4m) UNDERINSURED MOTORIST COVERAGE. (a) Except as provided in par. (e), an insurer writing policies that insure with respect to a motor vehicle registered or principally garaged in this state against loss resulting from liability imposed by law for bodily injury or death suffered by a person arising out of the ownership, maintenance, or use of a motor vehicle shall provide to one named insured under each such insurance policy that goes into effect after November 1, 2011, that is written by the insurer and that does not include underinsured motorist coverage written notice of the availability of underinsured motorist coverage, including a brief description of the coverage. An insurer is required to provide the notice required under this paragraph only one time and in conjunction with the delivery of the policy.

(b) Acceptance or rejection of underinsured motorist coverage by a person after being notified under par. (a) need not be in writing. The absence of a premium payment for underinsured motorist coverage is conclusive proof that the person has rejected such coverage. The rejection of such coverage by the person notified under par. (a) shall apply to all persons insured under the policy, including any renewal of the policy.

(c) If a person rejects underinsured motorist coverage after being notified under par. (a), the insurer is not required to provide such coverage under a policy that is renewed to the person by that insurer unless an insured under the policy subsequently requests such underinsured motorist coverage in writing.

(d) If an insured accepts underinsured motorist coverage, the insurer shall include the coverage in limits of at least \$50,000 per person and \$100,000 per accident.

(e) This subsection does not apply to a commercial liability policy if the coverage it provides for the insured's liability arising out of the maintenance or use of a motor vehicle is limited to coverage for motor vehicles that are not owned motor vehicles, or to an umbrella or excess liability policy. If a commercial liability policy or an umbrella or excess liability policy provides underinsured motorist coverage, however, the coverage must have limits of at least those specified in par. (d).

(5) PERMISSIBLE PROVISIONS. (a) A policy may limit cover-

age to use that is with the permission of the named insured or, if the insured is an individual, to use that is with the permission of the named insured or an adult member of that insured's household other than a chauffeur or domestic servant. The permission is effective even if it violates s. 343.45 (2) and even if the use is not authorized by law.

(b) If the policy is issued to anyone other than a motor vehicle handler, it may limit the coverage afforded to a motor vehicle handler or its officers, agents or employees to the limits under s. 344.01 (2) (d) and to instances when there is no other valid and collectible insurance with at least those limits whether the other insurance is primary, excess or contingent.

(c) If the policy is issued to a motor vehicle handler, it may restrict coverage afforded to anyone other than the motor vehicle handler or its officers, agents or employees to the limits under s. 344.01 (2) (d) and to instances when there is no other valid and collectible insurance with at least those limits whether the other insurance is primary, excess or contingent.

(d) If a motor vehicle covered by the policy is sold or transferred, the purchaser or transferee is not an additional insured unless the consent of the insurer is endorsed on the policy.

(e) A policy may provide for exclusions not prohibited by sub. (6) or other applicable law. Such exclusions are effective even if incidentally to their main purpose they exclude persons, uses or coverages that could not be directly excluded under sub. (6) (b).

(f) A policy may provide that, regardless of the number of policies involved, vehicles involved, persons covered, claims made, vehicles or premiums shown on the policy, or premiums paid, the limits for any coverage under the policy may not be added to the limits for similar coverage applying to other motor vehicles to determine the limit of insurance coverage available for bodily injury or death suffered by a person in any one accident.

(g) A policy may provide that the maximum amount of uninsured motorist coverage, underinsured motorist coverage, or medical payments coverage available for bodily injury or death suffered by a person who was not using a motor vehicle at the time of an accident is the highest single limit of uninsured motorist coverage, underinsured motorist coverage, or medical payments coverage, whichever is applicable, for any motor vehicle with respect to which the person is insured.

(i) A policy may provide that the limits under the policy for uninsured motorist coverage or underinsured motorist coverage for bodily injury or death resulting from any one accident shall be reduced by any of the following that apply:

1. Amounts paid by or on behalf of any person or organization that may be legally responsible for the bodily injury or death for which the payment is made.

2. Amounts paid or payable under any worker's compensation law.

3. Amounts paid or payable under any disability benefits laws.

(j) A policy may provide that any coverage under the policy does not apply to a loss resulting from the use of a motor vehicle that meets all of the following conditions:

1. Is owned by the named insured, or is owned by the named insured's spouse or a relative of the named insured if the spouse or relative resides in the same household as the named insured.

2. Is not described in the policy under which the claim is made.

3. Is not covered under the terms of the policy as a newly acquired or replacement motor vehicle.

(6) PROHIBITED PROVISIONS. (a) No policy issued to a motor vehicle handler may exclude coverage upon any of its officers, agents or employees when any of them are using motor vehicles

owned by customers doing business with the motor vehicle handler.

(b) No policy may exclude from the coverage afforded or benefits provided:

1. Persons related by blood, marriage or adoption to the insured.

2. a. Any person who is a named insured or passenger in or on the insured vehicle, with respect to bodily injury, sickness or disease, including death resulting therefrom, to that person.

b. This subdivision, as it relates to passengers, does not apply to a policy of insurance for a motorcycle as defined in s. 340.01 (32) or a moped as defined in s. 340.01 (29m) if the motorcycle or moped is designed to carry only one person and does not have a seat for any passenger.

3. Any person while using the motor vehicle, solely for reasons of age, if the person is of an age authorized to drive a motor vehicle.

4. Any use of the motor vehicle for unlawful purposes, or for transportation of liquor in violation of law, or while the driver is under the influence of an intoxicant or a controlled substance or controlled substance analog under ch. 961 or a combination thereof, under the influence of any other drug to a degree which renders him or her incapable of safely driving, or under the combined influence of an intoxicant and any other drug to a degree which renders him or her incapable of safely driving, or any use of the motor vehicle in a reckless manner. In this subdivision, “drug” has the meaning specified in s. 450.01 (10).

(c) No policy may limit the time for giving notice of any accident or casualty covered by the policy to less than 20 days.

History: 1975 c. 375, 421; 1979 c. 102, 104; 1979 c. 177 ss. 67, 68; 1979 c. 221; 1981 c. 284; 1983 a. 243, 459; 1985 a. 146 s. 8; 1995 a. 21, 448; 1997 a. 48; 1999 a. 31, 162; 2007 a. 168; 2009 a. 28, 342; 2011 a. 14, 224.

NOTE: Wisconsin Statutes 1979 to 2009 all contain an extensive 1979 Legislative Council Note regarding the recodification of prior statutes by 1979 Laws, ch. 102, as this section.

NOTE: 1995 Wis. Act 21 made significant changes in the law, effective July 15, 1995, regarding the “stacking” of insurance policy coverage.

NOTE: 2009 Wis. Act 28 made significant changes to this section, effective November 1, 2009, regarding uninsured and underinsured motorist coverage, as well as stacking and reducing insurance policy coverage.

NOTE: 2011 Wis. Act 14 made significant changes to this section, effective November 1, 2011, regarding uninsured and underinsured motorist coverage, as well as stacking and reducing insurance policy coverage, including the reversal of many of the changes made by 2009 Wis. Act 28.

A “family exclusion clause” valid in the state of policy issuance will be given effect in Wisconsin. *Knight v. Heritage Mutual Insurance Co.*, 71 Wis. 2d 821, 239 N.W.2d 348 (1976).

The concept of permissive use is the same regardless of whether it arises under the “any motor vehicle” coverage section of s. 344.33 (2) or the omnibus coverage statute. *Gross v. Joecks*, 72 Wis. 2d 583, 241 N.W.2d 727 (1976).

A “fellow employee” exclusion clause is only valid if the tortfeasor and injured party are employees of the named insured and the employer is required to provide worker’s compensation coverage. *Dahm v. Employers Mutual Liability Insurance Co. of Wisconsin*, 74 Wis. 2d 123, 246 N.W.2d 131 (1976).

A spouse who was not a party to the contract, reasonably believing that coverage existed after the insured spouse’s death, must be given a grace period before having to comply with technical, not commonly known provisions of a policy. *Handal v. American Farmers Mutual Casualty Co.*, 79 Wis. 2d 67, 255 N.W.2d 903 (1977).

Generally when a permissive user of a vehicle is the real owner of the car for all practical purposes, but not the named insured, and the permissive user grants permission for a third person to use the vehicle, the named insured’s permission is implied. *American Family Mutual Insurance Co. v. Osusky*, 90 Wis. 2d 142, 279 N.W.2d 719 (Ct. App. 1979).

Injury to a police officer who was stabbed while unloading beer cans from an automobile did not arise out of use of the automobile. *Tomlin v. State Farm Mutual Automobile Liability Insurance Co.*, 95 Wis. 2d 215, 290 N.W.2d 285 (1980).

Third parties may recover against an insurer even though the insured’s fraudulent application voided the policy under s. 631.11. *Rauch v. American Family Insurance Co.*, 115 Wis. 2d 257, 340 N.W.2d 478 (1983).

Arguments that “reduction clauses” in uninsured motorist provisions were invalid and that a release did not bar a subsequent claim against the insurer for bad faith were frivolous. *Radlein v. Industrial Fire & Casualty Insurance Co.*, 117 Wis. 2d 605, 345 N.W.2d 874 (1984).

A “drive other car” exclusion that prohibited stacking of uninsured motorist benefits against the same insurer was voided by s. 631.43. *Welch v. State Farm Mutual Automobile Insurance Co.*, 122 Wis. 2d 172, 361 N.W.2d 680 (1985).

A reducing clause in an uninsured motorist provision was voided by former sub.

(4) (a), 1979 stats. *Nicholson v. Home Insurance Cos.*, 137 Wis. 2d 581, 405 N.W.2d 327 (1987).

Because uninsured motorist coverage is “personal and portable,” the claimant was covered by a policy on a vehicle not involved in the accident. *Parks v. Waffle*, 138 Wis. 2d 70, 405 N.W.2d 690 (Ct. App. 1987).

Loss of consortium is not a separate bodily injury under a policy’s “each person” limitation. *Landsinger v. American Family Mutual Insurance Co.*, 142 Wis. 2d 138, 417 N.W.2d 899 (Ct. App. 1987).

An insurer could not avoid uninsured motorist coverage based on a policy provision excluding resident relatives who own their own car. *Hulsey v. American Family Mutual Insurance Co.*, 142 Wis. 2d 639, 419 N.W.2d 288 (Ct. App. 1987).

A reducing clause and “regular use” exclusionary clause violated former sub. (4) (a), 1985 stats. *Niemann v. Badger Mutual Insurance Co.*, 143 Wis. 2d 73, 420 N.W.2d 378 (Ct. App. 1988).

An auto insurer who pays under an uninsured motorist provision is not a tortfeasor or tortfeasor’s insurer against whom an injured insured’s medical insurer may assert a subrogation claim. *Employers Health Insurance v. General Casualty Co. of Wisconsin*, 161 Wis. 2d 937, 469 N.W.2d 172 (1991).

A policy may expand but not reduce uninsured motorist coverage. The policy, not the statute, determines coverage beyond the statutory requirements. *Fletcher v. Aetna Casualty & Surety Co.*, 165 Wis. 2d 350, 477 N.W.2d 90 (Ct. App. 1991).

A policy cannot limit uninsured motorist coverage to occupants of vehicles. *St. Paul Mercury Insurance Co. v. Zastrow*, 166 Wis. 2d 423, 480 N.W.2d 8 (1992).

If the insurer of a vehicle becomes insolvent, the vehicle is uninsured under former sub. (4) (a) 2., 1987 stats., even though an insurance guaranty association assumes the liability of the insolvent insurer. *Fritsche v. Ford Motor Credit Co.*, 171 Wis. 2d 280, 491 N.W.2d 119 (Ct. App. 1992).

To take advantage of sub. (5) (c), a policy must include language that either says permissive users are restricted to the minimum statutory limits of liability or that users may not avail themselves of the policy unless there is no other valid collectible insurance. *Carrell v. Wolken*, 173 Wis. 2d 426, 496 N.W.2d 651 (Ct. App. 1992). See also *Henry v. General Casualty Co. of Wisconsin*, 225 Wis. 2d 849, 593 N.W.2d 913 (Ct. App. 1999), 98-2428; *Pemper v. Hoel*, 2004 WI App 67, 271 Wis. 2d 442, 677 N.W.2d 705, 03-2134.

A reducing clause that is unavailable to a tortfeasor and seeks to reduce uninsured motorist benefits by amounts received under worker’s compensation is invalid. *United Fire & Casualty Co. v. Kleppe*, 174 Wis. 2d 637, 498 N.W.2d 226 (1993).

Adult members of a named insured’s household are capable of giving themselves permission to drive under sub. (5). When the named insured is a corporation and the insurer knows the vehicle is owned by a corporation employee, the owner will be treated as the named insured under sub. (5). *Home Insurance Co. v. Phillips*, 175 Wis. 2d 104, 499 N.W.2d 193 (Ct. App. 1993).

When a premium has been paid for underinsured motorist coverage under which no benefits may ever be paid due to the application of policy definitions, the coverage is illusory and against public policy. *Hoglund v. Secura Insurance*, 176 Wis. 2d 265, 500 N.W.2d 354 (Ct. App. 1993).

Despite policy restrictions to the contrary, under sub. (3) separate coverage must be provided to both a named insured and an additional insured when both are actively negligent. *Jaquinta v. Allstate Insurance Co.*, 180 Wis. 2d 661, 510 N.W.2d 715 (Ct. App. 1993).

Former sub. (4) (a), 1991 stats., does not require the named insured in commercial fleet policies, if the named insured is a corporation or government entity, to be interpreted as including all of the entity’s employees. *Meyer v. City of Amery*, 185 Wis. 2d 537, 518 N.W.2d 296 (Ct. App. 1994).

The uninsured motorist coverage requirements of this section are inapplicable to self-insured entities under s. 344.16. *Classified Insurance Co. v. Budget Rent-A-Car of Wisconsin, Inc.*, 186 Wis. 2d 478, 521 N.W.2d 177 (Ct. App. 1994).

Sub. (3) (a) does not apply to uninsured motorist coverage so that a permissive user is entitled to increased coverage limits purchased for specifically named persons not including the user. *American Hardware Mutual Insurance Co. v. Steberger*, 187 Wis. 2d 682, 523 N.W.2d 187 (Ct. App. 1994).

A medical insurer with subrogation rights may be an injured person under former sub. (4), 1991 stats. An auto insurance policy providing that uninsured motorist coverage does not apply to persons claiming by right of subrogation impermissibly reduces coverage that the statute mandates for injured persons. *WEA Insurance Corp. v. Freiheit*, 190 Wis. 2d 111, 527 N.W.2d 363 (Ct. App. 1994).

No policy issued pursuant to the ch. 344 financial responsibility statutes may exclude coverage for persons related by blood or marriage to the operator as mandated by sub. (6) (b) 1. *Bindrim v. Colonial Insurance Co.*, 190 Wis. 2d 525, 527 N.W.2d 320 (1995).

This section does not prevent the exclusion of coverage of vehicles used solely on the insured’s premises. *Rea v. Transportation Insurance Co.*, 191 Wis. 2d 271, 528 N.W.2d 79 (Ct. App. 1995).

This section does not distinguish between an owner and a named insurer. A policy that excludes coverage to the owner of a vehicle covered by the policy violates this section. *Kettner v. Wausau Insurance Cos.*, 191 Wis. 2d 723, 530 N.W.2d 399 (Ct. App. 1995).

When an insurer defines uninsurance as including underinsurance, all case law concerning an insurer’s duties and limitations in an uninsurance situation apply. *Kuhn v. Allstate Insurance Co.*, 193 Wis. 2d 50, 532 N.W.2d 124 (1995).

An uninsured motorist policy that restricted coverage to cases when the insured is “hit” or “struck” was void. A bite by a dog tied in a parked vehicle was the result of use of the vehicle and subject to coverage. *Trampf v. Prudential Property & Casualty Co.*, 199 Wis. 2d 380, 544 N.W.2d 596 (Ct. App. 1996), 95-0264.

Under the subrogation provision of former sub. (4) (b), 1995 stats., there is no requirement that the insurer plead setoff or file a counterclaim in order to recover payments made to or on behalf of its insured. *Jones v. Aetna Casualty & Surety Co.*, 212 Wis. 2d 165, 567 N.W.2d 904 (Ct. App. 1997), 96-1183.

When the named insured is a corporation, but the insurer knows the covered vehicles are owned by individuals and used by family members, this section does not distinguish between the owner of the vehicle and the named insured in determining coverage. *Greene v. General Casualty Co. of Wisconsin*, 216 Wis. 2d 152, 576 N.W.2d 56 (Ct. App. 1997), 96-2578.

Former sub. (4), 1993 stats., does not prohibit the application of a policy arbitration clause to a disputed claim under the policy's uninsured motorist clause. *Jones v. Poole*, 217 Wis. 2d 116, 579 N.W.2d 739 (Ct. App. 1998), 97-1430.

Because a business operates under a variety of "d/b/a" designations and provides a spectrum of services, some of which qualify under sub. (5) (c) and some of which do not, does not operate to bar the coverage restrictions under that paragraph. That a policy names a "d/b/a" designation does not prevent looking to the entire legal entity to apply sub. (5) (c). *Binon v. Great Northern Insurance Co.*, 218 Wis. 2d 26, 580 N.W.2d 370 (Ct. App. 1998), 97-0710.

Neither statutes nor case law expressly prohibit territorial limitations on uninsured motorist coverage. A clause restricting the territorial application of uninsured motorist coverage is valid. *Clark v. American Family Mutual Insurance Co.*, 218 Wis. 2d 169, 577 N.W.2d 790 (1998), 97-0970.

No hit and run under former sub. (4) (a) 2. b., 1995 stats., occurred when the insured's vehicle was struck by ice that dislodged from an unidentified truck as it passed. *Dehnell v. State Farm Mutual Automobile Insurance Co.*, 231 Wis. 2d 14, 604 N.W.2d 575 (Ct. App. 1999), 98-3187.

Former sub. (4), 1997 stats., required uninsured motorist coverage when a detached piece of an unidentified motor vehicle was propelled into the insured's motor vehicle by an unidentified motor vehicle. *Theis v. Midwest Security Insurance Co.*, 2000 WI 15, 232 Wis. 2d 749, 606 N.W.2d 162, 98-2552.

Although only one parent was the named insured under an uninsured motorist insurance policy paying benefits for the wrongful death of their child, s. 895.04 required payment of the proceeds to both parents. The purpose of the coverage is to reimburse the victim. If the victim is deceased, the compensation must go to the victim's survivors, not to other insureds. *Bruflat v. Prudential Property & Casualty Insurance Co.*, 2000 WI App 69, 233 Wis. 2d 523, 608 N.W.2d 371, 99-2049.

Sub. (5) (j) allows "drive other car" exclusions in only very narrow and specific circumstances. It did not allow exclusion of uninsured motorist coverage for an insured injured while occupying a fire truck in the course of employment. *Blazekovic v. City of Milwaukee*, 2000 WI 41, 234 Wis. 2d 587, 610 N.W.2d 467, 98-1821. See also *Nischke v. Aetna Health Plans*, 2008 WI App 190, 314 Wis. 2d 774, 763 N.W.2d 554, 08-0807.

Neither sub. (6) nor s. 344.33 requires an automobile insurance policy to include motorcycle coverage. *Beerbohm v. State Farm Mutual Automobile Insurance Co.*, 2000 WI App 105, 235 Wis. 2d 182, 612 N.W.2d 338, 99-1784.

No statute requires a self-insured entity under s. 344.16 to provide uninsured motorist coverage as part of the optional insurance it offers to its customers. *Prophet v. Enterprise Rent-A-Car Co.*, 2000 WI App 171, 238 Wis. 2d 150, 617 N.W.2d 225, 99-0776.

A hit and run under former sub. (4) (a) 2. b., 1993 stats., requires: 1) an unidentified motor vehicle that; 2) is involved in a "hit;" and 3) "runs" from the accident scene. Physical contact must be present. A hit and run occurs when an unidentified vehicle hits an intermediate vehicle, propelling it into the insured vehicle. *Smith v. General Casualty Insurance Co.*, 2000 WI 127, 239 Wis. 2d 646, 619 N.W.2d 882, 98-1849.

This section applies only to policies issued and delivered in Wisconsin. *Danielson v. Gasper*, 2001 WI App 12, 240 Wis. 2d 633, 623 N.W.2d 182, 00-0950.

When underinsured motorist coverage in the amount of \$25,000 was contracted for in violation of the requirement for \$50,000 coverage under former sub. (4m) (d), 1995 stats., the higher level of coverage was read into the policy under s. 631.15 (3m), even though it was not reflected in the premium paid. *Brunson v. Ward*, 2001 WI 89, 245 Wis. 2d 163, 629 N.W.2d 140, 98-3002.

The statute of limitations for subrogation claims under sub. (4) (a) 3. [now sub. (4) (c)] is the statute of limitations on the underlying tort. *Schwittay v. Sheboygan Falls Mutual Ins. Co.*, 2001 WI App 140, 246 Wis. 2d 385, 630 N.W.2d 772, 00-2445.

Sub. (6) (a) was applicable to a general liability policy that contained an endorsement for non-owned liability coverage. *Heritage Mutual Insurance Co. v. Wilber*, 2001 WI App 247, 248 Wis. 2d 111, 635 N.W.2d 631, 01-0017.

An underinsured motorist provision that required the named insured to be an occupant of an insured vehicle violated sub. (6) (b) 2. a. because the occupancy requirement had the effect of excluding coverage for a named insured. *Mau v. North Dakota Insurance Reserve Fund*, 2001 WI 134, 248 Wis. 2d 1031, 637 N.W.2d 45, 00-1369. See also *Ruenger v. Soodsma*, 2005 WI App 79, 281 Wis. 2d 228, 695 N.W.2d 840, 04-1795.

An underinsured motorist provision that required the named insured to be an occupant of an insured vehicle was a "drive other car" exclusion under sub. (5) (j) because it had the effect of excluding coverage for a named insured not occupying the insured vehicle. Because the vehicle was a rental vehicle, it did not meet the requirement of sub. (5) (j) 1. that a vehicle subject to a permissible "drive other car" exclusion must be owned by a named insured or related party. *Mau v. North Dakota Insurance Reserve Fund*, 2001 WI 134, 248 Wis. 2d 1031, 637 N.W.2d 45, 00-1369.

For actions seeking coverage under an underinsured motorist policy, the statute of limitations begins to run from the date of loss, which is the date on which a final resolution is reached in the underlying claim against the tortfeasor, be it through denial of that claim, settlement, judgment, execution of releases, or other form of resolution, whichever is the latest. *Yocher v. Farmers Insurance Exchange*, 2002 WI 41, 252 Wis. 2d 114, 643 N.W.2d 457, 00-0944.

Sub. (3) (b) does not extend policy-limits protection to both the tortfeasor and the person or persons vicariously liable for the tortfeasor's wrongdoing. A person to whom the negligence of another is imputed is not entitled to separate liability coverage. *Folkman v. Quamme*, 2003 WI 116, 264 Wis. 2d 617, 665 N.W.2d 857, 02-0261.

Sub. (6) (b) 2. a. only prohibits excluding coverage for certain individuals relating to the insured vehicle. An exclusion barring coverage for a non-owned vehicle is not prohibited. *Gulmire v. St. Paul Fire & Marine Insurance Co.*, 2004 WI App 18, 269 Wis. 2d 501, 674 N.W.2d 629, 03-1199.

A self-insured city is not an insurer writing policies subject to former sub. (4m) (a) 1., 1999 stats., and is not subject to the requirement to provide underinsured motorist coverage. *Van Erden v. Sobczak*, 2004 WI App 40, 271 Wis. 2d 163, 677 N.W.2d 718, 02-1595.

Sub. (3) extended coverage under an umbrella policy with an endorsement covering vehicles of the policy owners' daughter to include liability for an accident involving the daughter's car while being driven by a third party with the daughter's permission. *Dorbritz v. American Family Mutual Insurance Co.*, 2005 WI App 154, 284 Wis. 2d 442, 702 N.W.2d 406, 04-1896.

Sub. (3) (a) mandates that, except as provided in sub. (5), coverage provided to the named insured must apply in the same manner and under the same provisions to any person riding in any motor vehicle described in the policy. Sub. (3) (a) applies to uninsured motorist coverage, regardless of whether that coverage is categorized as liability or indemnity insurance. An insurer cannot cast its "other insurance" clause as an "exclusion" under sub. (5) (e) in order to save the clause from the requirements of sub. (3) (a). An "other insurance" clause that operated so that the policy provided primary coverage for a named insured while providing only excess coverage for an occupancy insured violated sub. (3) (a). *Progressive Northern Insurance Co. v. Hall*, 2006 WI 13, 288 Wis. 2d 282, 709 N.W.2d 46, 04-0688.

Neither sub. (3) (a) or (b) requires an insurance policy to provide separate limits of liability to both a person permissively using the covered vehicle and the named insured who is liable by statute for imputed negligence as a sponsor for a minor's driver license, for the minor's negligent operation of a vehicle. *LaCount v. General Casualty Co. of Wisconsin*, 2006 WI 14, 288 Wis. 2d 358, 709 N.W.2d 418, 03-3258.

A full-service car wash where vehicles are serviced and driven by employees is a service station and therefore a statutory motor vehicle handler under sub. (2) (b). *Rocker v. USAA Casualty Insurance Co.*, 2006 WI 26, 289 Wis. 2d 294, 711 N.W.2d 634, 04-0356.

The broad scope of this entire section is dependent upon whether a policy includes motor vehicle coverage, but each subsection can include provisions that exempt certain coverages from the scope as defined in sub. (1). An insurer cannot reduce the scope of this section simply because the motor vehicle coverage is issued as part of a comprehensive insurance policy. This section can apply despite the fact that an insurer's policy excludes coverage for any vehicles owned by the insured, and no vehicles are specifically described in the policy. Under sub. (1), sub. (6) (a) applies to a policy that provides liability coverage for customers' automobiles while on or next to the premises. *Rocker v. USAA Casualty Insurance Co.*, 2006 WI 26, 289 Wis. 2d 294, 711 N.W.2d 634, 04-0356.

Sub. (6) (b) 1. applies to underinsured motorist coverage when issued as part of a policy containing liability insurance. *Vieau v. American Family Mutual Insurance Co.*, 2006 WI 31, 289 Wis. 2d 552, 712 N.W.2d 661, 04-1358.

When a tortfeasor injures more than one person in a single occurrence and the injured persons are not insured under the same underinsured motorist (UIM) policy, a definition of an underinsured motor vehicle that compares the injured person's UIM limits to the limits of a tortfeasor's liability policy without regard to the amount the injured person actually receives from the tortfeasor's insurer is invalid under sub. (4m) [repealed 2009 Wis. Act 28, reenacted 2011 Wis. Act 14] and sub. (5) (i). A UIM policy must provide a fixed level of UIM recovery that will be arrived at by combining payments made from all sources. *Welin v. American Family Mutual Insurance Co.*, 2006 WI 81, 292 Wis. 2d 73, 717 N.W.2d 690, 04-1513.

Former sub. (5) (i) 2., 2001 stats., does not allow an insurer to reduce uninsured motorist policy limits by worker's compensation payments that are not made to or on the behalf of the insured, the insured's heirs, or the insured's estate. *Teschendorf v. State Farm Insurance Cos.*, 2006 WI 89, 293 Wis. 2d 123, 717 N.W.2d 258, 03-3521.

The physical contact element for a hit-and-run accident under former sub. (4) (a) 2. b., 2005 stats., requires: 1) a hit by the unidentified motor vehicle, or a part thereof; and 2) a hit to the insured's vehicle by another vehicle or part thereof, but not necessarily by the unidentified vehicle. *DeHart v. Wisconsin Mutual Insurance Co.*, 2007 WI 91, 302 Wis. 2d 564, 734 N.W.2d 394, 05-2962.

Meyer, 185 Wis. 2d 537 (1994), instructs that a limitation on uninsured motorist (UM) coverage under a commercial policy does not violate former sub. (4) (a), 2007 stats., as long as the restriction does not apply to the purchaser or policyholder, but only to its employees. There is nothing to indicate that the legislature sought to require UM coverage for employees under commercial fleet policies, whether the absence of coverage arises from the definition of the named insured, which did not include employees, or from the definition of "covered autos," which did not include employees' nonowned autos. *Mittnacht v. St. Paul Fire & Casualty Insurance Co.*, 2009 WI App 51, 316 Wis. 2d 787, 767 N.W.2d 301, 08-1036.

"Motor vehicle described in the policy" under sub. (3) is not read to require the importation of a separate and broader definition of "covered auto" from a policy's liability insuring agreement into the policy's uninsured motorist insuring agreement. *Mittnacht v. St. Paul Fire & Casualty Insurance Co.*, 2009 WI App 51, 316 Wis. 2d 787, 767 N.W.2d 301, 08-1036.

This section did not extend coverage to a rental car: 1) that the driver was not authorized to drive; 2) that the driver took without the express permission of either the owner of the car or the lessee of the car; 3) when the named insured in the insurance policy under which coverage was sought was not the owner of the car involved in the accident; and 4) when the adult resident who crashed the car was not a named insured under the insurance policy at issue. For the omnibus statute to require coverage, two factors must be met: 1) the rental vehicle must be a "motor vehicle described in the policy"; and 2) the use of the rental vehicle must be "for purposes and in the manner described in the policy." Neither fact was present. *Venerable v. Adams*, 2009 WI App 76, 318 Wis. 2d 784, 767 N.W.2d 386, 08-2188.

Former sub. (4), 2007 stats., requires coverage when a detached piece of an unidentified motor vehicle is propelled into the insured's motor vehicle by an unidentified motor vehicle. There need not be first a "hit" and then a "run" for uninsured

coverage. All that is required is that there be both a “hit” and a “run,” namely, a hit resulting from something done by the unidentified vehicle, in any sequence. *Tomson v. American Family Mutual Insurance Co.*, 2009 WI App 150, 321 Wis. 2d 492, 775 N.W.2d 541, 08-2744.

A car-rental company issued a certificate of self-insurance under s. 344.16 and subject to liability limits under ss. 344.01 (2) (d) and 344.51 was not a self-insurer for purposes of an underinsured motorist clause that excluded coverage for a vehicle owned or operated by a “self-insurer.” *Bethke v. Auto-Owners Insurance Co.*, 2013 WI 16, 345 Wis. 2d 533, 825 N.W.2d 482, 10-3153.

During the two-year period when both former subs. (5) (j) and (6) (d), 2009 stats., authorizing certain “drive other car” exclusions and prohibiting antistacking provisions in uninsured motorist (UM) coverage were in force, “drive other car” exclusions could not prevent stacking of UM coverage limits for up to three vehicles owned by the same insured. *Belding v. Demoulin*, 2013 WI App 26, 346 Wis. 2d 160, 828 N.W.2d 890, 12-0829.

Affirmed. 2014 WI 8, 352 Wis. 2d 359, 843 N.W.2d 373, 12-0829.

When the insurer in this case: 1) required its insured to maintain a liability policy to receive coverage under an excess policy; 2) granted all permissive users coverage in its “Wisconsin Endorsement;” and then 3) excluded all those same permissive users from coverage based upon coverage under the liability policy under an other-insurance clause, it violated sub. (5) (c) and rendered the Wisconsin Endorsement illusory. *Hernandez v. Liberty Mutual Insurance Co.*, 2014 WI App 36, 353 Wis. 2d 730, 844 N.W.2d 657, 13-1286.

A person getting ready to direct a driver where to go is not using the vehicle. In determining who constitutes a user of a vehicle for the purposes of an omnibus clause, it is generally required that if one who claims to be a user is not actually driving the vehicle, that individual must exercise some form of control over it. *Jackson v. Wisconsin County Mutual Insurance Corp.*, 2014 WI 36, 354 Wis. 2d 327, 847 N.W.2d 384, 12-1644.

The common law definition of intra-policy stacking requiring a separate premium attributable to each vehicle in an insurance policy was applicable to sub. (6) (d) as it existed between 2009 and 2011. *Bodish v. West Bend Mutual Insurance Co.*, 2014 WI App 78, 355 Wis. 2d 392, 851 N.W.2d 811, 13-1659.

As used in former sub. (2) (d), 2009 stats., the phrase “legally entitled to recover” means recovery that exceeds what insureds can actually recover from tortfeasors. The phrase does not thwart underinsured motorist coverage for an insured who has not been fully compensated for the insured’s damages when the amount of damages the insured could actually recover from a tortfeasor is capped by statute. *State Farm Mutual Automobile Insurance Co. v. Hunt*, 2014 WI App 115, 358 Wis. 2d 379, 856 N.W.2d 633, 13-2518.

An exclusion of passengers of an insured’s vehicle from a policy’s underinsured motorist coverage when the insured driver was at fault and was operating a vehicle insured by the policy’s liability coverage, although potentially in violation of sub. (6) (b) 2., was enforceable under the savings provision in sub. (5) (e) that exclusions are effective even if incidentally to their main purpose they exclude persons, uses, or coverages that could not be directly excluded under sub. (6) (b). *Pierce v. Mid-Century Insurance Co.*, 2016 WI App 79, 372 Wis. 2d 171, 887 N.W.2d 115, 15-2408.

The requirements of sub. (3), the omnibus statute, are imputed to every policy and supersede contrary policy terms, including policy language purporting to limit the insurer’s per-accident liability to a fixed amount. *Thom v. 1st Auto & Casualty Insurance Co.*, 2021 WI App 33, 398 Wis. 2d 273, 961 N.W.2d 79, 20-0285.

The purpose of sub. (3), the omnibus statute, is to make sure that insurance coverage obtained for “a vehicle listed in the policy” also provides coverage for individuals who use it with permission and are responsible for using it. Thus, it is sometimes said that the omnibus statute prohibits insurance companies from insuring only certain drivers, and that omnibus coverage follows the vehicle. *Thom v. 1st Auto & Casualty Insurance Co.*, 2021 WI App 33, 398 Wis. 2d 273, 961 N.W.2d 79, 20-0285.

A vehicle is “described in a policy” if it is listed on the insurance application or on the policy’s declarations page or if it is otherwise “covered” under the policy. In this case, it was undisputed that a vehicle owned by a third party and involved in the accident was not listed in the insureds’ insurance application or the declarations page of the insurance policy, and the vehicle did not fit within the policy’s definition of “your covered auto.” The policy language provided that the insurer would insure the insureds’ “use of any auto,” which meant that the insurer would pay liability incurred by the insureds, no matter what vehicles they drove. In other words, the insurer could not deny coverage to an insured individual on the ground that the insured individual was driving a vehicle that was not “your covered auto.” No reasonable insured would read this definition to mean that the third party’s vehicle the insured individual drove was itself “covered” under the policy. *Thom v. 1st Auto & Casualty Insurance Co.*, 2021 WI App 33, 398 Wis. 2d 273, 961 N.W.2d 79, 20-0285.

To determine whether an injury arose from the “use” of a vehicle, the court must ascertain whether the injury-causing activity is within the risk for which the parties reasonably contemplated coverage by asking whether the activity is reasonably consistent with the inherent nature of the vehicle. In this case, when the defendant sexually assaulted the insured inside the cab of the defendant’s pickup truck and on the truck’s tailgate, the defendant was not using the truck as a vehicle. The sexual assault was not related to the truck’s inherent use as a means of transportation, and it was not a reasonable and natural consequence of that inherent use. The fact that the injurious conduct occurred inside the vehicle was not sufficient to transform that conduct into a “use” of the vehicle for purposes of insurance coverage. *1st Auto & Casualty Insurance Co. v. R.P.*, 2021 WI App 66, 399 Wis. 2d 335, 965 N.W.2d 460, 20-1745.

An insurance company is only permitted to reduce its coverage limits under sub. (5) (i) 2. and its underinsured motorist’s insurance policy by the total amount of worker’s compensation actually received by the insured’s estate. In this case, the estate was obligated by s. 102.29 (1) (b) to refund the worker’s compensation insurer a portion of the settlement amount with the tortfeasor; under the statute, the estate was not paid the amount the estate paid back. *Secura Supreme Insurance Co. v. Estate of Huck*, 2021 WI App 69, 399 Wis. 2d 542, 966 N.W.2d 124, 20-1078.

Affirmed on other grounds. 2023 WI 21, 406 Wis. 2d 297, 986 N.W.2d 810, 20-1078.

Sub. (2) (d) does not bar an insurer from requiring that an insured sustain bodily injury or death in order to trigger underinsured motorist (UIM) coverage under an automobile liability insurance policy. UIM insurance protects the insured accident victim, conditioning coverage on a nexus between the insured and the bodily injury or death suffered. Nothing in sub. (2) (d) precludes insurers from affording coverage to only those insureds who are injured in an auto accident. *Brey v. 632.34 Defense of noncooperation. If a policy of automobile liability insurance provides a defense to the insurer for lack of cooperation on the part of the insured, the defense is not effective against a 3rd person making a claim against the insurer unless there was collusion between the 3rd person and the insured or unless the claimant was a passenger in or on the insured vehicle. If the defense is not effective against the claimant, after payment the insurer is subrogated to the injured person’s claim against the insured to the extent of the payment and is entitled to reimbursement by the insured.

Legislative Council Note, 1979: This provision is continued from former s. 632.34 (8). It is changed from a required provision of the policy to a rule of law. It is not the kind of rule that needs to be put in the policy to inform the policyholder. Indeed, the policyholder should receive no encouragement to fail to cooperate. This is a relaxation of present law. [Bill 146-S]

Prejudice is not a component of the defense of noncooperation. *Schaefer v. Northern Assurance Co. of America*, 182 Wis. 2d 148, 513 N.W.2d 615 (Ct. App. 1994).

In *Schaefer*, 182 Wis. 2d 148 (1994), the Wisconsin Court of Appeals confirmed that this section had abrogated the common-law requirement of prejudice in non-cooperation cases, but this was true only for cases involving automobiles, to which this section expressly applies. *Welton Enterprises, Inc. v. Cincinnati Insurance Co.*, 131 F. Supp. 3d 827 (2015).

632.35 Prohibited rejection, cancellation and nonrenewal. No insurer may cancel or refuse to issue or renew an automobile insurance policy wholly or partially because of one or more of the following characteristics of any person: age, sex, residence, race, color, creed, religion, national origin, ancestry, marital status or occupation.

History: 1975 c. 375; 1979 c. 102.

632.36 Accident in the course of business or employment. (1) **RATE AND OTHER TERMS.** An insurer may increase or charge a higher rate for a motor vehicle liability insurance policy issued or renewed on or after April 16, 1982, on the basis of an accident which occurs while the insured is operating a motor vehicle in the course of the insured’s business or employment, only if the policy covers the insured for liability arising in the course of the insured’s business or employment. An insurer may issue or renew a motor vehicle liability insurance policy on or after November 1, 1989, on terms that are less favorable to the insured than would otherwise be offered, including but not limited to the rate, because of an accident which occurs while the insured is operating a motor vehicle in the course of the insured’s business or employment, only if the policy covers the insured for liability arising in the course of the insured’s business or employment.

(2) **CANCELLATION OR NONRENEWAL.** An insurer may cancel a motor vehicle liability insurance policy that is issued or renewed on or after November 1, 1989, or refuse to renew a motor vehicle liability insurance policy on or after November 1, 1989, on the basis of an accident which occurs while the insured is operating a motor vehicle in the course of the insured’s business or employment, only if the policy covers the insured for liability arising in the course of the insured’s business or employment.

Database

632.365 Use of emission inspection data in setting rates. An insurer may not use odometer reading data collected in the course of an inspection under s. 110.20 (6) or (7) as a factor in setting rates or premiums for a motor vehicle liability insurance policy or as a factor in altering rates or premiums during the term, or at renewal, of such a policy. However, an insurer may use such data as a basis for investigation into the number of miles that the motor vehicle is normally driven.

History: 1991 a. 279; 1993 a. 213.

632.37 Motor vehicle glass repair practices; restriction on specifying vendor. An insurer that issues a motor vehicle insurance policy covering the repair or replacement of motor vehicle glass may not require, as a condition of that coverage, that an insured, or a 3rd party, making a claim under the policy for the repair or replacement of motor vehicle glass obtain services or parts from a particular vendor, or in a particular location, specified by the insurer.

History: 1991 a. 269.

632.375 Motor vehicle repair practices; restriction on specifying vendor. (1) **SCOPE.** This section applies to every insurer that issues or delivers in this state a motor vehicle insurance policy that covers repairs to a motor vehicle registered or principally garaged in this state.

(2) **PROHIBITED PRACTICES.** (a) No insurer may require that, as a condition of the coverage specified in sub. (1), repairs to a motor vehicle must be made by a particular contractor or repair facility. For purposes of this section, a consumer has the right to select the motor vehicle repair facility of his or her choice.

(b) No insurer may fail to initiate and conclude with due dispatch an investigation of a claim for repairs to a motor vehicle on the basis of whether the repairs will be made by a particular contractor or repair facility.

(3) **INAPPLICABILITY TO GLASS REPAIR.** Section 632.37, rather than this section, applies to the repair or replacement of motor vehicle glass under a motor vehicle insurance policy.

History: 2015 a. 93.

632.38 Nonoriginal manufacturer replacement parts.

(1) **DEFINITIONS.** In this section:

(a) “Insured” means the person who owns the motor vehicle that is subject to repair or the person seeking the repair on behalf of the owner.

(b) “Insurer’s representative” means a person, excluding the person repairing the motor vehicle, who has agreed in writing to represent an insurer with respect to a claim.

(c) “Motor vehicle” means any motor-driven vehicle required to be registered under ch. 341 or exempt from registration under s. 341.05 (2), including a demonstrator or executive vehicle not titled or titled by a manufacturer or a motor vehicle dealer. “Motor vehicle” does not mean a moped, semitrailer or trailer designed for use in combination with a truck or truck tractor.

(d) “Nonoriginal manufacturer replacement part” means a replacement part that is not made by or for the manufacturer of an insured’s motor vehicle.

(e) “Replacement part” means a replacement for any of the nonmechanical sheet metal or plastic parts that generally constitute the exterior of a motor vehicle, including inner and outer panels.

(2) **NOTICE OF INTENDED USE.** An insurer or the insurer’s representative may not require directly or indirectly the use of a nonoriginal manufacturer replacement part in the repair of an insured’s motor vehicle, unless the insurer or the insurer’s representative provides to the insured the notice described in this subsection

in the manner required in sub. (3) or (4). The notice shall be in writing and shall include all of the following information:

(a) A clear identification of each nonoriginal manufacturer replacement part that is intended for use in the repair of the insured’s motor vehicle.

(b) The following statement in not smaller than 10-point type: “This estimate has been prepared based on the use of one or more replacement parts supplied by a source other than the manufacturer of your motor vehicle. Warranties applicable to these replacement parts are provided by the manufacturer or distributor of the replacement parts rather than by the manufacturer of your motor vehicle.”

(3) **DELIVERY OF NOTICE.** (a) The notice described in sub. (2) shall appear on or be attached to the estimate of the cost of repairing the insured’s motor vehicle if the estimate is based on the use of one or more nonoriginal manufacturer replacement parts and is prepared by the insurer or the insurer’s representative. The insurer or the insurer’s representative shall deliver the estimate and notice to the insured before the motor vehicle is repaired.

(b) If the insurer or the insurer’s representative directs the insured to obtain one or more estimates of the cost of repairing the insured’s motor vehicle and the estimate approved by the insurer or the insurer’s representative clearly identifies one or more nonoriginal manufacturer replacement parts to be used in the repair, the insurer or the insurer’s representative shall assure delivery of the notice described in sub. (2) to the insured before the motor vehicle is repaired.

(c) The insurer or the insurer’s representative may not require the person repairing the motor vehicle to give the notice described in sub. (2).

(d) Notwithstanding par. (b), if an insured authorizes repairs to begin prior to the approval by the insurer or the insurer’s representative of an estimate that clearly identifies one or more nonoriginal manufacturer replacement parts to be used in the repair, the insurer or the insurer’s representative shall send the written notice described in sub. (2) by mail to the insured’s last-known address no later than 3 working days after the insurer or the insurer’s representative receives the estimate.

(4) **NOTICE BY TELEPHONE.** Notwithstanding sub. (3), notice of the intention to use nonoriginal manufacturer replacement parts in the repair of the insured’s motor vehicle may be given by the insurer or the insurer’s representative by telephone. If such notice is given, the insurer or insurer’s representative shall send the written notice described in sub. (2) by mail to the insured’s last-known address no later than 3 working days after the telephone contact.

(2) **BURIAL INSURANCE.** Except as provided in s. 632.415, no contract in which the insurer agrees to provide benefits to pay for any of the incidents of burial or other disposition of the body of a deceased may provide that the benefits are payable to a funeral director or any other person doing business related to burials.

History: 1975 c. 373, 375, 422; 1979 c. 102; 1995 a. 295; 1999 a. 191.

Sub. (2) does not prohibit naming a funeral director as the beneficiary of a life insurance policy in conjunction with a separate agreement between an insured and the

funeral director that proceeds will be used for funeral and burial expenses. 71 Atty. Gen. 7.

Purpose of sub. (2) is to prevent monopolistic or unfair trade practices. 76 Atty. Gen. 291.

632.415 Funeral policies. (1) In this section, “multi-premium funeral policy” means a life insurance policy sold under sub. (2) for which premiums to fund the policy are paid over time.

(2) A life insurance policy may provide for the assignment of the proceeds of the policy to a funeral director or operator of a funeral establishment if the insurance intermediary who sells or solicits the sale of the policy is not an agent of the funeral director or operator of the funeral establishment or if the assignment of proceeds is contingent on the provision of funeral merchandise or funeral services as provided for in a burial agreement that satisfies the requirements of s. 445.125 (3m) and rules promulgated by the funeral directors examining board under s. 445.125 (3m) (j) 1. b.

(3) A life insurance policy sold under sub. (2) shall permit the policyholder to designate a different beneficiary, upon written notice to the insurer, and a different funeral director or operator of a funeral establishment that is to receive the assignment of proceeds, after written notice to the current funeral director or operator of the funeral establishment.

(4) (a) An insurer may issue a multipremium funeral policy only if, at the time that the policy is issued, the face amount of the policy is not less than the value of funeral merchandise and services to be provided under a burial agreement under s. 445.125 (3m).

(b) The death benefit under a multipremium funeral policy may not be less than the face amount of the policy unless all of the following apply:

1. The policy contains a detailed explanation of the lower death benefit, as well as full disclosure of the lower death benefit on the first page of the policy.

2. The applicant does not apply for, or qualify for, any full face amount multipremium funeral policy that the insurer offers.

3. The death benefit is not less than at least one of the following:

a. Twenty-five percent of the face amount of the policy during the first year that the policy is in effect, 50 percent of the face amount of the policy during the 2nd year that the policy is in effect and the full face amount of the policy after the end of the 2nd year that the policy is in effect, but in no event less than the total of the premiums actually paid.

b. During the first 2 years that the policy is in effect, an amount equal to the actual premiums paid plus simple interest at the rate of 3 percent per year, and, after the end of the 2nd year that the policy is in effect, the full face amount of the policy.

(c) The period over which premiums may be payable under a multipremium funeral policy may not exceed the following applicable period:

1. Twenty years, if the insured is less 60 years of age when the policy is issued.

2. Ten years, if the insured is at least 60 years of age but less than 80 years of age when the policy is issued.

3. Five years, if the insured is at least 80 years of age when the policy is issued.

(d) At the time that an applicant applies for coverage under a multipremium funeral policy, the insurance intermediary or other person selling or soliciting the sale of the policy shall disclose the maximum number of premium payments to be made over the life of the policy, the frequency of the premium payments and the amount of each premium payment.

(4m) Proof of death for an insurance policy sold under sub.

(2) may be established with an affidavit in the form prescribed under s. 69.02 (1) (c) if the insurer consents to receipt of the affidavit.

(5) Subject to subs. (3) and (4), the commissioner shall by rule establish minimum standards for claims payments, marketing practices and reporting practices for life insurance policies sold under sub. (2).

632.42 Trustee and deposit agreements in life insurance.

(1) TRUSTEE AND OTHER AGREEMENTS. An insurer may hold as a part of its general assets the proceeds of any policy subject to this subchapter under a trust or other agreement upon such terms and restrictions as to revocation by the policyholder and control by the beneficiary and with such exemptions from the claims of creditors of the beneficiary as the insurer and the policyholder agree to in writing. An insurer may also receive funds in such amounts and upon such conditions, including the right of the policyholder to withdraw unused portions thereof, as the insurer and the policyholder agree to in writing:

(a) *Advance premiums.* As premiums in advance upon policies or annuities subject to this subchapter; or

(b) *New policies.* To accumulate for the purchase of future policies or annuities subject to this subchapter.

(2) ACCUMULATION OF FUNDS. Any insurer may, in connection with life insurance or annuity contracts, accept funds remitted to it under an agreement for an accumulation of the funds for the purpose of providing annuities or other benefits, under such reasonable rules as are prescribed by the commissioner.

History: 1975 c. 373, 375, 422.

632.43 Standard nonforfeiture law for life insurance.

(1) On and after January 1, 1948, no policy of life insurance, except as stated in sub. (8), shall be issued or delivered in this state unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the defaulting or surrendering policyholder as the minimum requirements under this section and are substantially in compliance with sub. (7m):

(a) In the event of default in any premium payment, the company will grant, upon proper request not later than 60 days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of the due date, of an amount specified in this section or an actuarially equivalent paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or a greater amount or earlier payment of endowment benefits.

(b) Upon surrender of the policy within 60 days after the due date of any premium payment in default after premiums have been paid for at least 3 full years in the case of ordinary insurance or 5 full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(c) A specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than 60 days after the due date of the premium in default.

(d) If the policy shall have become paid up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within 30 days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified.

(e) For policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate, and method used in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. For other policies, a statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy and a table showing any cash surrender value or paid-up nonforfeiture benefit available under the policy on each policy anniversary during the shorter of the first 20 policy years or the term of the policy assuming that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy.

(f) A statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance law of the state in which the policy is delivered; an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated therein, a statement that such method of computation has been filed with the insurance supervisory official of the state in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy.

(g) The company shall reserve the right to defer the payment of any cash surrender value for a period of 6 months after demand therefor with surrender of the policy.

(h) Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

(2) (a) Any cash surrender value under the policy on default of a premium payment due on any policy anniversary shall be not less than any excess of the then present value of any existing paid-up additions and future guaranteed benefits which would have been provided by the policy, if there had been no default, over the sum of the present value of the adjusted premiums under subs. (4) to (6m) corresponding to premiums which would have fallen due on and after the anniversary and the amount of any indebtedness to the company on the policy.

(b) For a policy issued on or after the operative date of sub. (6m) providing by rider or supplemental provision supplemental life insurance or annuity benefits at the option of the insured on payment of an additional premium, any cash surrender value under the policy on default of a premium payment due on a policy anniversary shall be not less than the sum of the following:

1. The cash surrender value under par. (a) for the policy without the rider or supplemental provision.
2. The cash surrender value under par. (a) for a policy providing only the benefits of the rider or supplemental provision.

(c) For a family policy issued on or after the operative date of sub. (6m) providing term insurance on the life of the spouse of the primary insured expiring before the spouse attains the age of 71, any cash surrender value under the policy on default of a premium payment due on a policy anniversary shall be not less than the sum of the following:

1. The cash surrender value under par. (a) for the policy without the term insurance on the life of the spouse.
2. The cash surrender value under par. (a) for a policy pro-

viding only the benefits of the term insurance on the life of the spouse.

(d) Any cash surrender value available within 30 days after any policy anniversary under any policy paid-up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit shall be not less than the then present value of any existing paid-up additions and future guaranteed benefits provided by the policy decreased by any indebtedness to the company on the policy.

(3) Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for at least a specified period.

(4) (a) Except as provided in sub. (5) (b), the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairments or special hazards, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of all of the following:

1. The then present value of the future guaranteed benefits provided for by the policy.

2. Two percent of the amount of insurance, if the insurance is uniform in amount, or of the equivalent uniform amount, as defined in sub. (5), if the amount of insurance varies with duration of the policy.

3. Forty percent of the adjusted premium for the first policy year.

4. Twenty-five percent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less.

(b) In applying the percentages specified in par. (a) 3. and 4., no adjusted premium shall be considered to exceed 4 percent of the amount of insurance or uniform amount equivalent thereto. The date of issue of a policy for the purpose of this subsection and sub. (5) shall be the date as of which the rated age of the insured is determined.

(5) (a) In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of sub. (4) and this subsection shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; provided, that in the case of a policy providing a varying amount of insurance issued on the life of a child under age 10, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age 10 were the amount provided by such policy at age 10.

(b) The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be equal to: A) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by B) the adjusted premiums for such term insurance, the foregoing items A) and B) being calculated separately and as specified in par. (a) and sub. (4) except

that, for the purposes of sub. (4) (a) 2., 3. and 4., the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in B) shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in A).

(6) (a) Except as otherwise provided in par. (b) or (c), all adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of the commissioners 1941 standard ordinary mortality table, except that for any category of ordinary insurance issued on female risks adjusted premiums and present values may be calculated according to an age not more than 3 years younger than the actual age of the insured, and such calculations for all policies of industrial insurance shall be made on the basis of the 1941 standard industrial mortality table. All calculations shall be made on the basis of the rate of interest, not exceeding 3.5 percent per year, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits; provided, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may not be more than 130 percent of the rates of mortality according to such applicable table. For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

(b) In the case of ordinary policies issued on or after the operative date of this paragraph, all adjusted premiums and present values referred to in this section shall be calculated on the basis of the commissioners 1958 standard ordinary mortality table and the rate of interest, not exceeding 3.5 percent per year, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that for any category of ordinary insurance issued on female risks adjusted premiums and present values may be calculated according to an age not more than 6 years younger than the actual age of the insured. In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1958 extended term insurance table. For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner. After June 14, 1959, any company may file with the commissioner a written notice of its election to comply with the provisions of this paragraph after a specified date before January 1, 1966. After the filing of such notice, then upon such specified date, which shall be the operative date of this paragraph for such company, this paragraph shall become operative with respect to the ordinary policies thereafter issued by such company. If a company makes no such election, the operative date of this paragraph for such company shall be January 1, 1966.

(c) In the case of industrial policies issued on or after the operative date of this paragraph as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the basis of the commissioners 1961 standard industrial mortality table and the rate of interest, not exceeding 3.5 percent per year, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits; provided, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1961 industrial extended term

insurance table, and for insurance issued on a substandard basis, the calculations of any such adjusted premiums and present values may be based on such other table of mortality as is specified by the company and approved by the commissioner. After May 19, 1963, any company may file with the commissioner a written notice of its election to comply with this paragraph after a specified date before January 1, 1968. After the filing of such notice, then upon such specified date, which shall be the operative date of this paragraph for such company, this paragraph shall become operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this paragraph for such company shall be January 1, 1968.

(d) A rate of interest not exceeding 5.5 percent per year may be used for ordinary policies or industrial policies, or both, issued on or after June 19, 1974, in lieu of the rate referred to in pars. (b) and (c).

(6m) (a) In this subsection:

1. "Additional expense allowance" means the sum of the following:

a. One percent of any positive excess of the average amount of insurance at the beginning of each of the first 10 policy years after an unscheduled change in benefits or premiums, over the average amount of insurance before the change at the beginning of each of the first 10 policy years after the next most recent change or date of issue, if there was no previous change.

b. One-hundred twenty-five percent of any positive increase in the nonforfeiture net level premium.

2. "Date of issue" means the date as of which the rated age of the insured is determined.

3. "Nonforfeiture interest rate" means either of the following:

a. For all policies other than those described in subd. 3. b., 125 percent of the applicable calendar year valuation interest rate under s. 623.06 rounded to the nearest 0.25 percent, but in no case less than 4 percent.

b. For policies issued on or after the operative date of the valuation manual, the rate per annum provided in the valuation manual.

4. "Nonforfeiture net level premium" means the present value at the date of issue of the guaranteed benefits provided by a policy divided by the present value at the date of issue of an annuity of one per year payable on the date of issue and each policy anniversary on which a premium is due.

4m. "Operative date of the valuation manual" has the meaning given in s. 623.06 (1) (f).

5. "Premiums" do not include amounts payable as extra premiums to cover impairments or special hazards or a uniform annual contract charge or policy fee specified in the policy in the method to be used in calculating cash surrender values and paid-up nonforfeiture benefits.

(b) Except as provided under par. (d), adjusted premiums shall be calculated on an annual basis and shall be such a uniform percentage of the future premiums specified in the policy for each policy year that the present value at the date of issue of the adjusted premiums is equal to the sum of the following:

1. The present value at the date of issue of the future guaranteed benefits provided by the policy.

2. One percent of any uniform amount of insurance or one percent of the average amount of insurance at the beginning of each of the first 10 policy years.

3. One-hundred twenty-five percent of the nonforfeiture net level premium. For purposes of this subdivision, the nonforfeiture net level premium shall not exceed 4 percent of any uniform

amount of insurance or 4 percent of the average amount of insurance at the beginning of each of the first 10 policy years.

(c) For policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums or which provide an option for changes in benefits or premiums other than a change to a new policy:

1. The adjusted premiums and present values shall at the date of issue be calculated on the assumption that future benefits and premiums do not change and at the time of the change the future adjusted premiums, nonforfeiture net level premiums and present value shall be recalculated on the assumption that future benefits and premiums do not undergo further change.

2. Except as provided under par. (d), the recalculated future adjusted premiums for the policy shall be such a uniform percentage of the future premiums specified in the policy for each policy year that the present value at the time of the change of the adjusted premiums is equal to the excess of the sum of the present value at the time of the change of the future guaranteed benefits provided by the policy and any additional expense allowance over any cash surrender value at the time of the change or present value at the time of the change of any paid-up nonforfeiture benefit.

3. The recalculated nonforfeiture net level premium is equal to the sum of the nonforfeiture net level premium applicable before the change multiplied by the present value of an annuity of one per year payable on each anniversary of the policy on or after the date of the change on which a premium would have fallen due had the change not occurred, and the present value at the time of the change of the increase in future guaranteed benefits provided by the policy, divided by the present value at the time of the change of an annuity of one per year payable on each anniversary of the policy on or after the date of change on which a premium falls due.

(d) For a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, the policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for the substandard policy may be calculated as if it were issued to provide the higher uniform amounts of insurance on the standard basis.

(e) All adjusted premiums and present values under this section shall be calculated on the following bases:

1. For ordinary insurance policies, the commissioners 1980 standard ordinary mortality table or, at the election of the company for any one or more specified plans of life insurance, the commissioners 1980 standard ordinary mortality table with 10-year select mortality factors.

2. For industrial insurance policies, the commissioners 1961 standard industrial mortality table.

3. For policies issued in a calendar year, a rate of interest not exceeding the nonforfeiture interest rate for policies issued in that calendar year, except that:

a. At the option of the company, calculations for all policies issued in a calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate for policies issued in the immediately preceding calendar year.

b. Under any paid-up nonforfeiture benefit or any paid-up dividend addition, any cash surrender value available shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of the paid-up nonforfeiture benefit or paid-up dividend additions.

c. A company may calculate the amount of any guaranteed paid-up nonforfeiture benefit or any paid-up addition on the basis

of an interest rate no lower than that specified in the policy for calculating cash surrender values.

d. In calculating the present value of any paid-up term insurance with any accompanying pure endowment offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those in the commissioners 1980 extended term insurance table for policies of ordinary insurance and not more than those in the commissioners 1961 industrial extended term insurance table for policies of industrial insurance.

e. For insurance issued on a substandard basis, the calculation of adjusted premiums and present values may be based on appropriate modifications of those tables.

f. For policies issued before the operative date of the valuation manual, any ordinary mortality tables adopted after 1980 by the National Association of Insurance Commissioners, that are approved by rule adopted by the commissioner for use in determining the minimum nonforfeiture standard, may be substituted for the commissioners 1980 standard ordinary mortality table with or without 10-year select mortality factors or for the commissioners 1980 extended term insurance table. For policies issued on or after the operative date of the valuation manual, the valuation manual provides the commissioners standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the commissioners 1980 standard ordinary mortality table with or without 10-year select mortality factors or for the commissioners 1980 extended term insurance table. If the commissioner approves, by rule, any ordinary mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.

g. For policies issued before the operative date of the valuation manual, any industrial mortality tables adopted after 1980 by the National Association of Insurance Commissioners, that are approved by rule adopted by the commissioner for use in determining the minimum nonforfeiture standard, may be substituted for the commissioners 1961 standard industrial mortality table or the commissioners 1961 industrial extended term insurance table. For policies issued on or after the operative date of the valuation manual, the valuation manual provides the commissioners standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the commissioners 1961 standard industrial mortality table or for the commissioners 1961 industrial extended term insurance table. If the commissioner approves, by rule, any industrial mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.

(f) Any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values does not require refiling of any other provisions of that policy form.

(g) This subsection applies to all policies issued on or after the operative date under par. (h) and subs. (4) to (6) do not apply to policies issued on or after the operative date under par. (h).

(h) After May 1, 1982, any company may file with the commissioner a written notice of its election to comply with this subsection after a specified date before January 1, 1989, which shall be the operative date of this subsection for the company. If a

company makes no election, the operative date of this subsection for the company is January 1, 1989.

(6t) (a) In this subsection, “plan” means a plan of life insurance:

1. Providing for premiums based on recent estimates of future experience available on or near a premium due date; or
2. For which the minimum nonforfeiture values cannot be determined under this section.

(b) No plan may be issued in this state unless the commissioner determines that:

1. The benefits and pattern of premiums do not mislead prospective policyholders or insureds; and
2. The benefits are substantially as favorable to policyholders and insureds as the minimum benefits required under this section.

(c) The commissioner shall by rule adopt a method consistent with the principles of this section for determining the minimum cash surrender values and paid-up nonforfeiture benefits provided by a plan.

(7) Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values under subs. (2) to (6m) may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the amounts used to provide the additions. Notwithstanding sub. (2), additional benefits payable in the event of death or dismemberment by accident or accidental means, in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, as term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if the term insurance expires before the child’s age is 26, is uniform in amount after the child’s age is one, and has not become paid up by reason of the death of a parent of the child, and as other policy benefits additional to life insurance and endowment benefits, and premiums for all of these additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and none of these additional benefits may be required to be included in any paid-up nonforfeiture benefits.

(7m) (a) This subsection applies to all policies issued on or after January 1, 1984. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ by more than 0.2 percent of any uniform amount of insurance or 0.2 percent of the average amount of insurance at the beginning of each of the first 10 policy years, from the sum of the following:

1. The greater of zero and the basic cash value under par. (b) on the policy anniversary.
2. The present value of any existing paid-up additions less the amount of any indebtedness to the company under the policy.

(b) The basic cash value is the present value of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the company, if there had been no default, less the present value on the policy anniversary of the nonforfeiture factors under par. (c) corresponding to premiums which would have fallen due on and after the policy anniversary. The effects on the basic cash value of supplemental life insurance

or annuity benefits or of family coverage under subs. (2) or (4) to (6) shall be the same as the effects under subs. (2) or (4) to (6) on the cash surrender values under those subsections.

(c) The nonforfeiture factor for each policy year is an amount equal to a percentage of the adjusted premium under subs. (4) to (6m) for the policy year. Except as provided under par. (d), the percentage:

1. Must be the same for each policy year between the 2nd policy anniversary and the later of the 5th policy anniversary and the first policy anniversary at which there is available a cash surrender value, before including any paid-up additions and before deducting any indebtedness, of at least 0.2 percent of any uniform amount of insurance or 0.2 percent of the average amount of insurance at the beginning of each of the first 10 policy years; and
2. Must apply to at least 5 consecutive policy years after the latest of the policy anniversaries under subd. 1.

(d) No basic cash value may be less than the value which would be obtained if the adjusted premiums for the policy under sub. (6m) were substituted for the nonforfeiture factors in the calculation of the basic cash value.

(e) All adjusted premiums and present values under this subsection shall be calculated on the mortality and interest bases applicable to the policy under this section. The cash surrender values under this subsection include any endowment benefits provided by the policy.

(f) Any cash surrender value available other than in the event of default in a premium payment due on a policy anniversary, and the amount of any paid-up nonforfeiture benefit available in the event of default in a premium payment shall be determined by methods consistent with the methods under subs. (1) to (3), (6m) and (7). The amounts of any cash surrender values and of any paid-up nonforfeiture benefits granted in connection with additional benefits the same or similar to those under sub. (7) shall conform to the principles of this subsection.

(8) (a) This section does not apply to any:

1. Reinsurance.
2. Group insurance.
3. Pure endowment contract.
4. Annuity or reversionary annuity contract.
5. Term policy of uniform amount which provides no guaranteed nonforfeiture or endowment benefits of 20 years or less expiring before age 71, for which uniform premiums are payable during the entire term of the policy.
6. Term policy of decreasing amount, which provides no guaranteed nonforfeiture or endowment benefits, on which each adjusted premium, calculated under subs. (4) to (6m) is less than the adjusted premium calculated under subs. (4) to (6m) on a term policy of uniform amount providing no guaranteed nonforfeiture or endowment benefits, issued at the same age and for the same initial amount of insurance and for a term of 20 years or less expiring before age 71, for which uniform premiums are payable during the entire term of the policy.

7. Policy providing no guaranteed nonforfeiture or endowment benefits, for which any cash surrender value or present value of any paid-up nonforfeiture benefit, at the beginning of any policy year, calculated under subs. (2) to (6m), does not exceed 2.5 percent of the amount of insurance at the beginning of the same policy year.

8. Policy delivered outside this state through an agent or other representative of the company issuing the policy.

(b) For purposes of this subsection, the age at expiry for a joint term life insurance policy is the age at expiry of the oldest life.

(9) After May 22, 1943, any company may file with the com-

missioner a written notice of its intention to comply with the provisions hereof after a specified date before January 1, 1948. After the filing of such notice, then upon such specified date, this section shall become fully effective with respect to policies thereafter issued by such company and all previously existing provisions of law inconsistent with this section shall become inapplicable to such policies. Except as herein provided, this section shall become effective January 1, 1948, and shall from and after said date supersede all provisions of law inconsistent or in conflict therewith.

632.435 Standard nonforfeiture law for individual deferred annuities. (1) No contract of annuity shall be delivered or issued for delivery in this state unless it contains in substance the following provisions or corresponding provisions which in the opinion of the commissioner are at least as favorable to the contract holder:

(a) Upon cessation of payment of considerations under a contract, or upon the written request of the contract owner, the company shall grant a paid-up annuity on a plan stipulated in the contract of such value as is specified in subs. (5) to (8) and (10).

(b) If a contract provides for a lump sum settlement at maturity or at any other time, upon surrender of the contract at or prior to the commencement of any annuity payments, the company shall pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subs. (5), (6), (8), and (10). The company may reserve the right to defer the payment of such cash surrender benefit, for a period not exceeding 6 months after demand therefor with surrender of the contract, if the company receives written approval from the commissioner upon the company's written request, which shall address the deferral's necessity and equitability to all policyholders.

(c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits.

(d) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.

(e) Notwithstanding the requirements of this subsection, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of 2 years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than \$20 monthly, the company may terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

(4) (a) In this subsection, "net considerations" means, for a given contract year, an amount equal to 87.5 percent of the gross considerations credited to the contract during that contract year.

(b) The minimum nonforfeiture amount at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time, at one or more rates of interest as in-

dictated in pars. (c) to (e), of the net considerations paid prior to such time, decreased by the sum of all of the following:

1. Any prior withdrawals from or partial surrenders of the contract accumulated at one or more rates of interest as indicated in pars. (c) to (e).

2. An annual contract charge of \$50, accumulated at one or more rates of interest as indicated in pars. (c) to (e).

3. Any premium tax paid by the company for the contract, accumulated at one or more rates of interest as indicated in pars. (c) to (e).

4. The amount of any indebtedness to the company on the contract, including interest due and accrued.

(c) The interest rate used to determine minimum nonforfeiture amounts shall be an annual rate of interest that is the lower of 3 percent and the higher of either of the following:

1. The 5-year constant maturity treasury rate reported by the federal reserve board as of a date, or average over a period, specified in the contract no longer than 15 months prior to the contract issue date or redetermination date under par. (d), less 125 basis points or, if the contract provides substantive participation in an equity indexed benefit during the period or term, the contract may increase the reduction by up to an additional 100 basis points to reflect the value of the equity index benefit, and rounded to the nearest one-twentieth of 1 percent.

2. One percent.

(d) The interest rate determined under par. (c) shall apply for an initial period and may be redetermined for additional periods. The redetermination date, basis, and period, if any, shall be stated in the contract. The basis is the date or average over a specified period that produces the value of the 5-year constant maturity treasury rate to be used at each redetermination date. The method for determining the interest rate under par. (c) shall be specified in the contract if the interest rate will be reset.

(e) The present value at the contract issue date, and at each redetermination date, of the additional reduction under par. (c) 1. for substantive participation in an equity index benefit may not exceed the market value of the benefit. The commissioner may require a demonstration that the present value of the additional reduction does not exceed the market value of the benefit. The commissioner may disallow or limit the additional reduction if the commissioner determines that the demonstration is unacceptable.

(f) The commissioner may promulgate rules for the implementation of par. (e) and to provide for further adjustments to the calculation of minimum nonforfeiture amounts for contracts that provide substantive participation in an equity index benefit and for other contracts for which the commissioner determines adjustments are justified.

(5) Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate or rates specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

(6) For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumu-

lating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. No cash surrender benefit shall be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

(7) For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit, but the present value of a paid-up annuity benefit shall be not less than the minimum nonforfeiture amount at that time.

(8) For the purpose of determining the benefits calculated under subs. (6) and (7), in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's 70th birthday or the 10th anniversary of the contract, whichever is later.

(9) Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

(10) Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

(11) For any contract which provides within the same contract, by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding subs. (5) to (8) and (10), additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits or as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

(13) This section does not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship), an employee organization or both (other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the U.S. internal revenue code, as now or hereafter amended), premium deposit fund, variable annuity, investment annuity, immediate annuity, deferred annuity contract after annuity payments have commenced, reversionary annuity or any contract which is delivered outside this state through an agent or other representative of the company issuing the contract.

632.44 Required provisions in life insurance. (1) SEPARATE BENEFITS. Every life insurance policy shall specify separately each benefit promised in the policy.

(2) GRACE PERIOD. Every life insurance policy other than a group policy shall contain a provision entitling the policyholder to a grace period of not less than 31 days for the payment of any premium due except the first, during which the death benefit shall continue in force.

(3) CREDIT LIFE. (a) Individual credit life insurance policies shall be for nonrenewable, nonconvertible, term insurance. This restriction does not apply when evidence of insurability is required nor when the credit transaction is for more than 5 years.

(b) When the insured debtor has paid or has made an obligation to pay all or any part of the premium under an individual credit life insurance policy, the total charge to the debtor shall be shown in the policy issued to the insured debtor. However, the rate of charge to the debtor rather than the total charge may be shown where the indebtedness is variable from period to period and the premium is computed periodically on the outstanding balance. The policy shall contain provision for cancellation of insurance upon termination of indebtedness through prepayment and shall provide for a refund of any unearned charge to the debtor, computed on a formula filed with the commissioner.

(c) The insurer shall fully control and be responsible for the settlement or adjustment of all claims.

632.45 Contracts providing variable benefits. (1) IDENTIFICATION. Any contract issued under s. [611.25](#) or under any section of chs. [600](#) to [646](#) incorporating s. [611.25](#) by reference which provides for payment of benefits in variable amounts shall contain a statement of the essential features of the procedure to be followed by the insurer in determining the dollar amount of the variable benefits. It shall contain appropriate nonforfeiture benefits in lieu of those under s. [632.43](#) or [632.435](#) and a grace provision appropriate to such a contract in lieu of the provision required by s. [632.44](#). Any such individual contract and any such certificate issued under a group contract shall state that the dollar amount may decrease or increase and shall conspicuously display on its first page a statement that the benefits thereunder are on a variable basis, with a statement where in the contract the details of the variable provisions may be found.

(2) AMENDMENTS. Any contract under sub. (1) shall state whether it may be amended as to investment policy, voting rights, and conduct of the business and affairs of any segregated account. Subject to any preemptive provision of federal law, any such amendment is subject to filing under s. [631.20](#) and approval by a majority of the policyholders in the segregated account.

(3) MARKETING PLAN. Contracts under sub. (1), if they are not forms, may be issued only within the terms of a general marketing plan approved by the commissioner. The marketing plan

shall be designed to protect the interests of the policyholders in regard to any voting rights and operation of the segregated account and amendment of the contract.

632.46 Incontestability and misstated age. (1) INCONTESTABILITY OF INDIVIDUAL POLICIES. Except under sub. (3) or (4) or for nonpayment of premiums, no individual life insurance policy may be contested after it has been in force from the date of issue for 2 years during the lifetime of the person whose life is at risk.

(2) INCONTESTABILITY OF GROUP POLICIES. Except under sub. (3) or (4) or for nonpayment of premiums, no group life insurance policy may be contested after it has been in force for 2 years from its date of issue and no coverage of any insured thereunder may be contested on the basis of a statement made by the insured relative to his or her insurability after the coverage has been in force on the insured for 2 years during the lifetime of the insured. No such statement may be used to contest coverage unless contained in a written instrument signed by the insured person.

(3) MISSTATED AGE OR SEX. (a) Subject to par. (b), if the age or sex of the person whose life is at risk is misstated in an application for a policy of life insurance and the error is not adjusted during the person's lifetime the amount payable under the policy is what the premium paid would have purchased if the age or sex had been stated correctly.

(b) If the person whose life is at risk was, at the time the insurance was applied for, beyond the maximum age limit designated by the insurer, the insurer shall refund at least the amount of the premiums collected under the policy.

(4) DISABILITY COVERAGES AND ADDITIONAL ACCIDENT BENEFITS. Despite subs. (1) and (2), disability coverages and additional accident benefits may be contested at any time on the ground of fraudulent misrepresentation.

632.47 Assignment of life insurance rights. (1) GENERAL. Except as provided in sub. (3), the owner of any rights under a life insurance policy or annuity contract may assign any of those rights, including any right to designate a beneficiary and the rights secured under s. 632.57 or any other statute. An assignment valid under general contract law vests the assigned rights in the assignee subject, so far as reasonably necessary for the protection of the insurer, to any provisions in the insurance policy or annuity contract inserted to protect the insurer against double payment or obligation.

(2) RELATIVE RIGHTS OF ASSIGNEE AND BENEFICIARY. The rights of a beneficiary under a life insurance policy or annuity contract are subordinate to those of an assignee, unless the beneficiary was effectively designated as an irrevocable beneficiary prior to the assignment.

(b) An annuity contract that is subject to transferability restrictions under any federal or state tax, employee benefit or securities law.

632.475 Life insurance policy loans. (1) DEFINITIONS. In this section:

(a) "Policy" includes a life insurance policy, a certificate issued by a fraternal benefit society and an annuity contract.

(b) "Policy loan" means a loan by an insurer, including a premium loan, secured by the cash surrender value of a policy issued by the insurer.

(c) "Policy year" means a year beginning on the anniversary date of a policy.

(2) INTEREST RATES. A policy providing for policy loans shall contain a provision for a maximum interest rate on the loans in accordance with one but not both of the following:

(a) A provision permitting an adjustable maximum rate established from time to time by the insurer.

(b) A provision permitting a specified rate not exceeding 12 percent per year.

(3) ADJUSTABLE MAXIMUM RATE. The rate of interest charged on a policy loan under sub. (2) (a) shall not exceed the higher of the following:

(a) The rate used to compute the cash surrender values under the policy during the applicable period plus 1 percent per year.

(b) Moody's corporate bond yield monthly average, as published by Moody's Investors Service, Inc., or its successor, for the month ending 2 months before the rate is applied. If the monthly average is no longer published, a comparable average shall be substituted by the commissioner by rule.

(4) FREQUENCY OF CHANGES. If the maximum rate of interest is determined under sub. (2) (a) the policy shall contain a provision setting forth the frequency at which the rate is to be determined for that policy.

(5) INTERVALS AND LIMITS ON CHANGES. The maximum rate of interest for a policy subject to sub. (2) (a) shall be determined at regular intervals at least once every 12 months, but not more frequently than once in any 3-month period. At the intervals specified in the policy:

(a) The rate being charged may be changed as permitted under sub. (3) but no such change shall be less than 0.5 percent per year; and

(b) The rate being charged must be reduced to or below the maximum rate as determined under sub. (3) whenever the maximum is lower than the rate being charged by 0.5 percent or more per year.

(6) NOTICE. The life insurer shall:

(a) Notify the policyholder of the initial rate of interest on the loan at the time a policy loan is made, if the loan is not a premium loan.

(b) Notify the policyholder with respect to premium loans of the initial rate of interest on the loan as soon as it is reasonably practical to do so after making the initial loan. Notice need not be given to the policyholder when a further premium loan is added, except as provided in par. (c).

(c) Send to policyholders with loans 30 days' advance notice of any increase in the interest rate.

(7) COVERAGE CONTINUATION. No policy may terminate in a policy year as the sole result of a change in the loan interest rate during that policy year. The insurer shall maintain coverage until it would have terminated if there had been no change.

632.48 Designation of beneficiary. (1) POWERS OF POLICYHOLDERS. Subject to s. 632.47 (2), no life insurance policy or annuity contract may restrict the right of a policyholder or certificate holder:

(a) *Irrevocable designation of beneficiary.* To make at any

time an irrevocable designation of beneficiary effective at once or at some subsequent time; or

(b) *Change of beneficiary.* If the designation of beneficiary is not explicitly irrevocable, to change the beneficiary without the consent of the previously designated beneficiary. Subject to s. 853.17, as between the beneficiaries, any act that unequivocally indicates an intention to make the change is sufficient to effect it.

(2) **PROTECTION OF INSURER.** An insurer may prescribe formalities to be complied with for the change of beneficiaries, but formalities prescribed under this subsection shall be designed only for the protection of the insurer. The insurer discharges its obligation under the insurance policy or certificate of insurance if it pays a properly designated beneficiary unless it has actual notice of either an assignment or a change in beneficiary designation made under sub. (1) (b). It has actual notice if the prescribed formalities are complied with or if the change in beneficiary has been requested in the form prescribed by the insurer and delivered to an intermediary representing the insurer.

(3) **NOTICE OF CHANGES.** An insurer that receives a request from the department of health services under s. 49.47 (4) (cr) 2. for notification shall comply with the request and notify the department of any changes to or payments made under the annuity contract to which the request for notification relates.

History: 1975 c. 373, 375, 422; 1979 c. 93; 2007 a. 20 ss. 3666, 9121 (6) (a).

Legislative Council Note, 1979: The amendment to sub. (2) adds a situation in which the insured has acted reasonably in dealing with a representative of the insurer. As between the insurer and the insured, the burden should fall upon the insurer if the agent makes an error of this kind. The insurer, of course, may have a cause of action against its agent. [Bill 20-S]

Under the facts of this case, the decedent's oral instruction to the decedent's attorney to change a beneficiary was a sufficient "act" under sub. (1) (b) even though the new beneficiary was not designated with sufficient specificity. *Empire General Life Insurance Co. v. Silverman*, 135 Wis. 2d 143, 399 N.W.2d 910 (1987).

632.50 Estoppel from medical examination. If under the rules of any insurer issuing life insurance, its medical examiner has authority to issue a certificate of health, or to declare the proposed insured acceptable for insurance, and so reports to the insurer or its agent, the insurer is estopped to set up in defense of an action on the policy issued thereon that the proposed insured was not in the condition of health required by the policy at the time of issue or delivery, or that there was a preexisting condition not noted in the certificate or report, unless the certificate or report was procured through the fraudulent misrepresentation or nondisclosure by the applicant or proposed insured.

History: 1975 c. 375.

Estoppel under this section may apply against insurers who seek a medical examiner's opinion regarding fitness for insurance without establishing any formal rules regarding the examiner's authority. *Grosse v. Protective Life Insurance Co.*, 182 Wis. 2d 97, 513 N.W.2d 592 (1994).

632.56 Required group life insurance provisions. Every group life insurance policy shall contain the following:

(1) **EVIDENCE OF INSURABILITY.** A provision setting forth any conditions under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of that coverage.

(2) **MISSTATEMENT OF AGE.** A provision specifying that an equitable adjustment of premiums or of benefits or of both will be made if the age of an insured person has been misstated and clearly stating the method of adjustment.

(3) **FACILITY OF PAYMENT.** A provision that any sum becoming due by reason of the death of an insured person is payable to the beneficiary designated by the insured person, subject to policy provisions if there is no designated beneficiary, and to any right reserved by the insurer in the policy and set forth in the certificate to pay at its option a part of the sum not exceeding \$1,000

to any person appearing to the insurer to be equitably entitled thereto by reason of having incurred funeral or other expenses incident to the last illness or death of the insured person. This subsection does not apply to a policy issued to a creditor to insure his or her debtors.

(4) **NONFORFEITURE.** If it is not term insurance, equitable nonforfeiture provisions, but they need not be the same provisions as are in individual policies.

(5) **GRACE PERIOD.** A provision that the policyholder is entitled to a grace period of not less than 31 days for the payment of any premium due except the first. During the grace period the death benefit coverage shall continue in force, unless the policyholder gives the insurer advance written notice of discontinuance in accordance with the terms of the policy. The policy may provide that the policyholder shall be liable to the insurer for the payment of a proportional premium for the time the policy was in force during the grace period.

History: 1975 c. 375, 421; 1979 c. 110 s. 60 (11).

632.57 Conversion option in group and franchise life insurance. (1) **SCOPE OF APPLICATION.** This section applies to all group life insurance policies other than credit life insurance policies and applies to franchise life insurance policies providing term insurance renewable only while the insured is a member of the franchise unit.

(2) **CONVERSION RIGHT UPON LOSS OF ELIGIBILITY.** If the insurance, or any portion of it, on a person insured under a policy covered by this section ceases because of termination of employment or of membership in the class or franchise unit eligible for coverage, the insurer shall, upon written application and payment of the first premium within 31 days after the termination, issue to the person, without evidence of insurability, an individual policy providing benefits reasonably similar in type and amount to those of the group or franchise insurance, but which need not include disability or other supplementary benefits.

(3) **TERMS OF CONVERSION.** (a) *Form of policy.* The individual policy shall, at the option of the applicant, be on any form then customarily issued by the insurer, except term insurance, at the age and for the amount applied for.

(b) *Amount of coverage.* The individual policy shall, at the option of the applicant, be in an amount as large as in the group or franchise life insurance which ceases, less any amount of insurance which has then matured as an endowment payable to the insured person, whether in one sum or in installments or in the form of an annuity.

(c) *Premium rates.* The premium on the individual policy shall be at the customary rate then applied generally by the insurer to policies in the form and amount of the individual policy, to the class of risk to which the person then belongs without applying individual underwriting considerations, except as to occupation or avocation, and to the person's age on the effective date of the individual policy.

(4) **CONVERSION UPON TERMINATION OF GROUP OR FRANCHISE INSURANCE.** If the group or franchise policy terminates or is amended so as to terminate the insurance of any class of insured persons, the insurer shall, on written application and payment of the first premium within 31 days after the termination, issue to any person whose insurance is thus terminated or amended, after having been in effect for at least 5 years, an individual policy on the same conditions as in subs. (2) and (3), less the amount of any other group or franchise insurance made available to the person within 31 days thereafter as a consequence of the termination or amendment. The group policy may provide that the maximum amount of insurance available under this subsection is an amount not less than \$2,000 without a conversion

charge and an additional amount not less than \$3,000 by paying the insurer's usual conversion charge on the additional amount.

(5) EXTENSION OF CLAIMS UNDER GROUP OR FRANCHISE POLICY. If a person insured under the group or franchise policy dies during the conversion period under sub. (2) to (4) and before an individual policy is effective, the amount of life insurance which the person would have been entitled to have issued as an individual policy shall be payable as a claim under the group or franchise policy, whether or not the person has applied for the individual policy or paid the first premium.

632.60 Limitation on credit life insurance. Nothing in chs. 600 to 646 authorizes licensees under s. 138.09 to require or accept insurance not permitted under s. 138.09 (7) (h).

History: 1975 c. 375; 1979 c. 89.

632.62 Participating and nonparticipating policies.

(1) AUTHORIZATION. (a) *Stock insurers.* A stock insurer may issue both participating and nonparticipating life insurance policies and annuity contracts, subject to this section.

(b) *Fraternal and mutual insurers.* A fraternal or mutual insurer issuing life insurance policies may issue only participating policies, except for the following situations in which it may issue nonparticipating policies:

1. Paid-up, temporary, pure endowment insurance and annuity settlements provided in exchange for lapsed, surrendered or matured policies.
2. Annuities beginning within one year of the making of the contract.
3. Such term insurance policies as the commissioner may exempt by rule.
4. Funding agreements authorized under s. 632.66.

(2) PARTICIPATION. Every participating policy shall by its terms make its holder eligible to share annually in the part of the surplus to be distributed as provided in sub. (4) (b).

(3) ACCOUNTING. Every insurer issuing both participating and nonparticipating policies shall separately account for the 2 classes of business and no part of the surplus allocated to the participating class may be voluntarily transferred to the nonparticipating class.

(4) DIVIDEND PAYMENTS. (a) *Deferred dividends.* No life insurance policy or certificate may be issued in which the distribution of dividends, if any, is deferred for a period longer than one year.

(b) *Payment.* Every insurer doing a participating business shall annually ascertain the surplus over required reserves and other liabilities. After setting aside such amounts as may be lawful and considered necessary by the insurer's board of directors for providing for the growth of the company and for protecting the ability to meet ongoing and future claims and other obligations and needs under both normal and stressed environments, and after making provision for the payment of reasonable dividends upon capital stock as determined by the insurer's board of directors and such sums as are required by prior contracts to be held on account of deferred dividend policies, an insurer shall distribute as dividends the remaining surplus, if any, attributable to participating life insurance and annuity policies in such amounts, including zero, and in such allocations among the participating life insurance and annuity policies as its board of directors determines to be reasonably proportioned to its calculation of the life insurance and annuity policies' contribution to the distributable surplus. A dividend may be conditioned on the payment of the

succeeding year's premium only on the first and second anniversaries of the policy.

Sub. (4) (b) mandates how a divisible surplus is to be determined. After the surplus is determined, then and only then must the insurer decide how to equitably apportion the surplus. An allocation to annuity policyholders before determining the surplus is contrary to the terms of the statute. *Noonan v. Northwestern Mutual Life Insurance Co.*, 2004 WI App 154, 276 Wis. 2d 33, 687 N.W.2d 254, 03-1432.

L. Whether the purchaser will be the owner of the policy in addition to being the beneficiary, and if the purchaser is the beneficiary only and not also the owner, the special risks associated with that status, including the risk that the beneficiary may be changed or the premium may not be paid.

m. The experience and qualifications of the person who determines the life expectancy of the insured, including in-house

staff, independent physicians, and specialty firms that weigh medical and actuarial data, the information the projection is based on, and the relationship of the projection maker to the provider, if any.

2. At the time the disclosures in subd. 1. are provided, the provider shall provide to the purchaser a brochure approved by the commissioner describing the process of the purchase of a settled policy.

(b) A provider shall disclose to a purchaser, in a document signed by the purchaser and provider, at least all of the following no later than at the time of the assignment, transfer, or sale of all of or an interest in a policy:

1. All the life expectancy certifications obtained by the provider in the process of determining the price to be paid to the owner.

2. Whether the premium payments or other costs related to the policy have been escrowed and, if so, the date upon which the escrowed funds will be depleted, whether the purchaser will be responsible for payment of premiums after the depletion of escrowed funds, and the amount of the premium if the purchaser is responsible for payment.

8. The name and address of the person responsible for monitoring the insured's condition, how often the monitoring is done, how the date of death is determined, and how and when the information will be transmitted to the purchaser.

(10) DISCLOSURE TO INSURER. Before initiating a plan, transaction, or series of transactions, a broker or provider shall fully disclose to the insurer a plan, transaction, or series of transactions to which the broker or provider is a party to originate, renew, continue, or finance a policy with the insurer for the purpose of engaging in the business of life settlements at any time prior to, or during the first 5 years after, issuance of the policy.

(11) GENERAL REQUIREMENTS. (a) 1. Before entering into a life settlement contract, a provider shall obtain all of the following:

a. If the owner is the insured, a written statement from a licensed attending physician that the owner is of sound mind and under no constraint or undue influence to enter into a life settlement contract.

b. A document in which the insured consents to the release of his or her medical records to a licensed provider, licensed broker, and the insurer that issued the policy covering the life of the insured.

2. Within 20 days after an owner executes documents necessary to transfer any rights under a policy or within 20 days after

the owner enters any agreement, option, promise, or any other form of understanding, express or implied, to settle the policy, the provider shall give written notice to the insurer that issued the policy that the policy has or will become a settled policy.

3. The provider shall deliver a copy of the medical release required under subd. 1. b., a copy of the owner's application for the life settlement contract, the notice required under subd. 2., and a request for verification of coverage to the insurer that issued the policy that is the subject of the life settlement. The provider shall use a form created by the National Association of Insurance Commissioners for verification of coverage unless the commissioner develops and approves another form.

4. The insurer shall respond to a request for verification of coverage that is submitted on an approved form by a provider or broker within 30 calendar days after the date the request is received and shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation regarding the validity of the insurance contract or possible fraud. The insurer shall accept a request for verification of coverage made on a form created by the National Association of Insurance Commissioners or any other form approved by the commissioner, and shall accept an original, facsimile, or electronic copy of the request and any accompanying signed authorization.

5. Before or at the time of execution of the life settlement contract, the provider shall obtain a witnessed document in which the owner does all of the following:

a. Consents to the life settlement contract.

b. Represents that he or she has a complete understanding of the life settlement contract.

c. Represents that he or she has a complete understanding of the benefits of the policy.

d. Acknowledges that he or she is entering into the life settlement contract freely and voluntarily.

e. If applicable, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the policy was issued.

6. If a broker performs any of the activities required in subd. 1., 2., 3., or 5., the provider shall be considered to have performed that activity.

(b) All medical information solicited or obtained by any licensee shall be subject to the applicable provisions of state law relating to confidentiality of medical information, including s. 610.70.

(c) All life settlement contracts entered into in this state shall provide the owner with an absolute right to rescind the contract before the earlier of 30 calendar days after the date on which the life settlement contract is executed by all parties or 15 calendar days after the life settlement proceeds have been sent to the owner as provided in par. (d). Rescission by the owner may be conditioned upon the owner both giving notice and repaying to the provider, within the rescission period, all proceeds of the settlement and any premiums, loans, and loan interest paid by or on behalf of the provider in connection with or as a consequence of the life settlement. If the insured dies during the rescission period, the life settlement contract is rescinded, subject to repayment, within 60 calendar days after the death of the insured, by the owner or the owner's estate to the provider or purchaser of all life settlement proceeds and any premiums, loans, and loan interest that have been paid by the provider or purchaser. If a life settlement contract is rescinded under this paragraph, ownership of the policy shall revert to the owner or the owner's estate if the owner is deceased, irrespective of any transfer of ownership of the policy by the owner, provider, or any other person. In the event of any rescission, if the provider has paid commissions or other compensation to a broker in connection with the rescinded life

settlement contract, the broker shall refund the commissions and compensation to the provider within 5 business days following receipt of written demand from the provider, which demand shall be accompanied by the applicable document initiating the rescission within the rescission period, either the owner's notice of rescission or the notice of death of the insured.

(d) The provider shall instruct the owner to send the executed documents required to effect the change in ownership, assignment, or change in beneficiary directly to the independent escrow agent. Within 3 business days after the date the independent escrow agent receives the documents, or after the date the provider receives the documents if the owner erroneously provides the documents directly to the provider, the provider shall pay or transfer the proceeds of the life settlement into an escrow or trust account that is maintained in a state or federally chartered financial institution whose deposits are insured by the Federal Deposit Insurance Corporation and managed by an independent trustee or escrow agent. Upon payment of the life settlement proceeds into the escrow account, the independent escrow agent shall deliver the original change in ownership, assignment, or change in beneficiary form to the provider or related provider trust or other designated representative of the provider. Upon the escrow agent's receipt of acknowledgement of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurer, the independent escrow agent shall pay the life settlement proceeds to the owner.

(e) Failure to tender the life settlement proceeds to the owner within the time set forth in the disclosure under sub. (8) (a) 1. g., renders the life settlement contract voidable by the owner for lack of consideration until the time the proceeds are tendered to and accepted by the owner. Funds are sent by a provider to an owner as of the date that the escrow agent either releases funds for wire transfer to the owner or places a check for delivery to the owner via the U.S. postal service or other nationally recognized delivery service.

(f) For the purpose of determining the health status of the insured after the life settlement has occurred, only the provider or broker licensed in this state or a person it authorizes may contact the insured. Contact with the insured shall be limited to once every 3 months for an insured with a life expectancy of more than one year, and to no more than once per month for an insured with a life expectancy of one year or less. The provider or broker shall explain the procedure for the contacts to the owner at the time the life settlement contract is entered into. The limitations in this paragraph do not apply to any contacts with an insured for reasons other than determining the insured's health status. Providers and brokers shall be responsible for the actions of a person they authorize to make the contact.

(12) PROHIBITED CONTRACTS; REQUIRED FORM; ACKNOWLEDGEMENT; FIDUCIARY DUTY. (a) No person may enter into a life settlement contract at any time before the application or issuance of a policy that is the subject of a life settlement contract or within a 5-year period commencing with the date of issuance of the policy unless any of the following conditions have been met:

1. The owner certifies to the provider that, within the 5-year period, the policy was issued upon the owner's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least 60 months. The time covered under the group policy shall be calculated without regard to any change in insurance carriers, if the coverage has been continuous and under the same group sponsorship.

2. The owner submits independent evidence to the provider that any of the following conditions have been met within the 5-year period:

- a. The owner or insured is terminally or chronically ill.
 - b. The owner's spouse or child dies.

 - g. The sole beneficiary of the policy is a family member of the owner and the beneficiary dies.
 - h. The owner is a charitable organization with an insurable interest that has received from the federal Internal Revenue Service a determination letter that is currently in effect stating that the charitable organization is described in section 501 (c) (3) of the Internal Revenue Code and is exempt from federal income taxation under section 501 (a) of the Internal Revenue Code.
 - i. The owner or insured disposes of ownership interests in a closely held corporation pursuant to the terms of a buyout or other similar agreement in effect at the time the policy was initially issued.
 - j. Other circumstances exist that are established as eligible exemptions by the commissioner by rule, including substantial adverse financial circumstances or other factors substantially affecting the owner.
3. The owner certifies to the provider that the owner is entering into a life settlement contract more than 2 years after the date of issuance of a policy and, with respect to the policy, at all times before the date that is 2 years after policy issuance all of the following conditions are met:
- a. Policy premiums are funded exclusively with unencumbered assets, including an interest in the policy being financed only to the extent of its net cash surrender value, provided by, or full recourse liability incurred by, the owner or a person described in sub. (1) (j) 2. e.
 - b. There is no agreement or understanding with any other person to guarantee any liability or to purchase, or stand ready to purchase, the policy, including through an assumption or forgiveness of a loan.
 - c. Neither the insured nor the policy has been evaluated for settlement.
- (b) Copies of the independent evidence described in par. (a) 2. and documents required by sub. (11) (a) shall be submitted to the insurer when the provider entering into a life settlement contract with an owner submits a request to the insurer for verification of coverage. The provider shall submit, along with the copies, a letter of attestation from the provider that the copies are true and correct copies of the documents received by the provider.
- (c) If the provider submits to the insurer a copy of the owner's certification under par. (a) 1. or 3. or independent evidence under par. (a) 2. when the provider submits a request to the insurer to effect the transfer of the policy to the provider, the copy conclusively establishes that the life settlement contract satisfies the requirements of this subsection and the insurer shall timely respond to the request.
- (d) No insurer may, as a condition of responding to a request for verification of coverage or effecting the transfer of a policy pursuant to a life settlement contract, require that the owner, insured, provider, or broker sign any form, disclosure, consent, or

waiver that has not been expressly approved by the commissioner for use in connection with life settlement contracts in this state.

(e) Upon receipt of a properly completed request for change of ownership or beneficiary of a policy, the insurer shall respond in writing within 30 calendar days with acknowledgement confirming that the change has been effected or specifying the reasons why the requested change cannot be processed.

(f) A broker represents only the owner and owes a fiduciary duty to the owner to act according to the owner's instructions and in the best interest of the owner, notwithstanding the manner in which the broker is compensated.

(13) PROHIBITED PRACTICES AND CONFLICTS OF INTEREST.

(a) No person may enter into a life settlement contract if the person knows or reasonably should have known that the policy that is the subject of the life settlement contract was obtained by means of a false, deceptive, or misleading application for the policy.

(b) No person may engage in any transaction, practice, or course of business if the person knows or reasonably should know that the intent is to avoid the notice requirements of this section.

(c) No person may engage in any fraudulent act or practice in connection with any transaction relating to any life settlement involving an owner.

(d) No person may issue, solicit, market, or otherwise promote the purchase of a policy for the primary purpose of or with a primary emphasis on settling the policy.

(e) No person may enter into a premium finance agreement with any person or agency, or any person affiliated with such person or agency, pursuant to which the person who is providing premium financing receives any proceeds, fees, or other consideration, directly or indirectly, from the policy or owner of the policy or any other person with respect to the premium finance agreement or any life settlement contract or other transaction related to the policy that is in addition to the amounts required to pay the principal, interest, and service charges related to policy premiums pursuant to the premium finance agreement or subsequent sale of the agreement. Any payments, charges, fees, or other amounts in addition to the amounts required to pay the principal, interest, and service charges related to policy premiums paid under the premium finance agreement shall be remitted to the original owner of the policy or to the owner's estate if the owner is not living at the time of the determination of the overpayment.

(f) With respect to any life settlement contract or policy, no broker may knowingly solicit an offer from, effectuate a life settlement with, or make a sale to any provider, purchaser, financing entity, or related provider trust that is controlling, controlled by, or under common control with the broker unless the relationship is disclosed to the owner.

(g) With respect to any life settlement contract or policy, no provider may knowingly enter into a life settlement contract with an owner, if, in connection with the life settlement contract, anything of value will be paid to a broker that is controlling, controlled by, or under common control with the provider or the purchaser, financing entity, or related provider trust that is involved in the life settlement contract unless the relationship is disclosed to the owner.

(h) No life settlement promotional, advertising, or marketing materials may represent that the insurance is "free" for any period of time, or include any reference that would cause an owner to reasonably believe that the insurance is free for any period of time.

(i) No producer, insurer, broker, or provider may make any statement or representation to an applicant or policyholder in connection with the sale or financing of a policy to the effect that

the insurance is free or without cost to the policyholder for any period of time unless provided in the policy.

(14) ADVERTISEMENTS OF LIFE SETTLEMENT CONTRACTS AND PURCHASE AGREEMENTS. (a) This subsection applies to any advertising of life settlement contracts, purchase agreements, or related products or services intended for dissemination in this state, including Internet advertising viewed by persons located in this state.

(b) If disclosure requirements are established by federal regulation, this subsection shall be interpreted so as to minimize or eliminate conflict with federal regulation.

(c) The commissioner may require a broker or provider to submit advertising material at any time.

(d) Every licensee shall establish and maintain a system of control over the content, form, and method of dissemination of all advertisements of its life settlement contracts, products, and services. All advertisements, regardless who wrote, created, designed, or presented the advertisement, shall be the responsibility of the licensee and the person who created or presented the advertisement. The system of control shall include regular routine notification of the requirements and procedures for approval prior to use of any advertisements not furnished by the licensee, at least once a year, to producers, brokers, and others authorized by the licensee who disseminate advertisements.

(e) Advertisements shall be truthful and not misleading in fact or by implication. The form and content of an advertisement of a life settlement contract or purchase agreement, product, or service shall be sufficiently complete and clear so as to avoid deception. The advertisement may not have the capacity or tendency to mislead or deceive. The commissioner shall determine whether an advertisement has the capacity or tendency to mislead or deceive from the overall impression that the advertisement may be reasonably expected to create upon a person of average education or intelligence within the segment of the public to which it is directed.

(f) Disclosures that are required under this subsection may not be minimized, rendered obscure, presented in an ambiguous fashion, or intermingled with the text of the advertisement so as to be confusing or misleading.

(g) An advertisement may not do any of the following:

1. Omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving an owner, purchaser, or prospective purchaser as to the nature or extent of any benefit, covered loss, premium payable, or state or federal tax consequences. A misleading statement is not remedied by any of the following:

- a. Making the life settlement contract or purchase agreement available for inspection prior to consummation of the sale.

- b. Offering to refund payment if the owner is not satisfied.

- c. Including in the life settlement contract or purchase agreement a "free look" period that satisfies or exceeds the requirements of law.

2. Use the name or title of a life insurance company or a policy unless the advertisement has been approved by the insurer.

3. Represent that premium payments will not be required on the policy that is the subject of a life settlement contract or purchase agreement in order to maintain the policy unless that is the fact.

4. State or imply that interest charged on an accelerated death benefit or loan is unfair, inequitable, or, in any manner, an incorrect or improper practice.

5. Use the words "free," "no cost," "without cost," "no additional cost," "at no extra cost," or similar words or phrases with

respect to any benefit or services, unless true. An advertisement may specify the charge for a benefit or service or may state that a charge is included in the payment or use other appropriate language.

6. Use testimonials, appraisals, analyses, or endorsements in advertisements unless they are genuine; represent the current opinion of the author; are applicable to the life settlement contract or purchase agreement, product, or service advertised; and are reproduced with sufficient completeness to avoid misleading or deceiving prospective owners or purchasers as to the nature or scope of the testimonial, appraisal, analysis, or endorsement. Any financial interest in or benefit received from the licensee by the person making a testimonial, appraisal, or analysis, directly or indirectly, shall be prominently disclosed in the advertisement. If an endorsement refers to benefits received under a life settlement contract or purchase agreement, the licensee shall retain all pertinent information forming a basis of the endorsement for a period of 5 years following its use.

7. State or imply that a life settlement contract or purchase agreement, benefit, or service has been approved or endorsed by a group, society, association, or other organization unless that is the fact and unless any relationship between the organization and the licensee is disclosed. If the entity making the endorsement is owned, controlled, or managed by the licensee, or receives any payment or other consideration from the licensee for making an endorsement or testimonial, that fact must be disclosed in the advertisement.

8. Contain statistical information unless the information accurately reflects recent and relevant facts. An advertisement shall identify the source of all statistics used in the advertisement.

9. Disparage insurers, providers, brokers, producers, policies, services, or methods of marketing.

10. Omit the name of the actual licensee from any advertisement. No advertisement may use a trade name, group designation, name of the parent company of a licensee, name of a division of a life settlement licensee, service mark, slogan, symbol, or other device or reference if the advertisement would have the capacity or tendency to mislead or deceive as to the true identity of the licensee or to create the impression that any entity other than the licensee would have any responsibility for the financial obligation under a life settlement contract or purchase agreement.

11. Use any combination of words, symbols, or physical materials that by their content, phraseology, shape, color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency that they tend to mislead or deceive prospective owners or purchasers into believing the advertisement is in some manner connected with a government program or agency.

12. Exaggerate the fact that a licensee under this section is licensed in the state where the advertisement appears or suggest or imply that competing licensees may not be so licensed. An advertisement may ask the audience to consult the licensee's website or contact the office of the commissioner for licensing requirements and the status of a license.

13. Create the impression, directly or indirectly, that a licensee; its business practices or methods of operation; the merits, desirability, or advisability of any life settlement contract or purchase agreement; or any life insurance company are recommended, approved, or endorsed by any government entity.

14. Emphasize the speed with which the settlement will occur, except that the advertisement may disclose the average time from the completion of the application to the date of offer and from the acceptance of the offer to receipt of the settlement funds by the owner.

15. Emphasize the dollar amounts available to an owner, ex-

cept that the advertisement may disclose the average purchase price as a percent of the face value obtained by owners contracting with the licensee during the prior 6 months.

(h) The name of the licensee shall be clearly identified in all advertisements about the licensee or its life settlement contracts, purchase agreements, products, or services. If any specific life settlement contract or purchase agreement of a licensee is advertised, the contract or agreement shall be identified either by form number or other appropriate description. If an application is part of the advertisement, the name of the provider shall be shown on the application.

(15) FRAUD PREVENTION AND CONTROL; FRAUDULENT LIFE SETTLEMENT ACTS. (a) No person may commit a fraudulent life settlement act.

(b) No person may knowingly or intentionally interfere with the enforcement of this subsection or sub. (13) or investigations of suspected or actual violations of this subsection or sub. (13).

(c) No person in the business of life settlements may knowingly or intentionally permit any person convicted of a felony involving dishonesty or breach of trust to participate in the business of life settlements.

(d) 1. Life settlement contracts, purchase agreements, and applications for life settlements, regardless of the form of transmission, shall contain the following statement or a substantially similar statement: "Any person who knowingly presents false information in an application for insurance, a life settlement, or a purchase agreement may be subject to civil and criminal penalties."

2. A person may not use the lack of the statement required under subd. 1. as a defense to any prosecution for a violation of this subsection or sub. (13).

(e) 1. Any person engaged in the business of life settlements having knowledge or a reasonable belief that a violation of this subsection or sub. (13) is being, will be, or has been committed shall provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

2. Any other person having knowledge or a reasonable belief that a violation of this subsection or sub. (13) is being, will be, or has been committed may provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

(f) 1. In the absence of actual malice, no civil liability shall be imposed on and no cause of action shall arise from a person's furnishing information concerning suspected, anticipated, or completed violations of this subsection or sub. (13) or suspected, anticipated, or completed fraudulent insurance acts, if the information is provided to or received from any of the following:

a. The commissioner or the commissioner's employees, agents, or representatives.

b. Federal, state, or local law enforcement or regulatory officials or their employees, agents, or representatives.

c. A person involved in the prevention and detection of fraud or that person's agents, employees, or representatives.

d. The National Association of Insurance Commissioners, the Financial Industry Regulatory Authority, the North American Securities Administrators Association, or their employees, agents, or representatives or other regulatory body overseeing life insurance, life settlements, securities, or investment fraud.

e. The life insurer that issued the policy covering the life of the insured.

2. This paragraph does not abrogate or modify common law or statutory privileges or immunities enjoyed by a person who supplies information concerning suspected, anticipated, or completed fraudulent acts related to life settlements or insurance.

(g) Information, documents, and evidence provided under par.

(e) or obtained by the commissioner in an investigation of suspected or actual violations of this subsection or sub. (13) shall be privileged and confidential, shall not be a public record, and shall not be subject to discovery or subpoena in a civil or criminal action. The commissioner may release information, documents, and evidence provided under par. (e) or obtained in an investigation of suspected or actual violations of this subsection or sub. (13) in administrative or judicial proceedings to enforce laws administered by the commissioner, to federal, state, or local law enforcement or regulatory agencies, to an organization established for the purpose of detecting and preventing fraud related to life settlements, to the National Association of Insurance Commissioners, or, at the discretion of the commissioner, to a person in the business of life settlements that is aggrieved by a violation of this subsection or sub. (13). Release by the commissioner of information, documents, and evidence as set forth in this paragraph does not abrogate, modify, or waive the privilege established in this paragraph.

(h) This section does not do any of the following:

1. Preempt the authority or relieve the duty of law enforcement or regulatory agencies other than the commissioner to investigate, examine, and prosecute suspected violations of law.

2. Prevent or prohibit a person from disclosing voluntarily information concerning life settlement fraud to a law enforcement or regulatory agency other than the commissioner.

3. Limit the powers granted elsewhere by the laws of this state to the commissioner to investigate and examine possible violations of law and to take appropriate action.

(i) 1. Providers and brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute, and prevent violations of this subsection and sub. (13). The commissioner may modify the antifraud initiatives from time to time as necessary to ensure an effective antifraud program and to accomplish the purpose of this paragraph.

(13) and investigating unresolved material inconsistencies between medical records and insurance applications.

3. Antifraud plans submitted to the commissioner are privileged and confidential, are not a public record, and are not subject to discovery or subpoena in a civil or criminal action.

(16) **CONFLICTS OF LAW.** If there is more than one owner on a single policy and the owners are residents of different states, a life settlement shall be governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one owner agreed upon in writing by all owners.

(17) **FRATERNAL BENEFIT SOCIETIES.** Nothing in this section shall prohibit a fraternal benefit society under ch. 614 from enforcing the terms of its bylaws or rules regarding permitted beneficiaries and owners.

2. The date of the marriage, birth, adoption or placement for adoption described in par. (a), whichever is applicable.

(d) If an individual seeks to enroll a dependent during the first 30 days of a special enrollment period, the coverage of the dependent shall become effective on the following date:

1. If the person becomes a dependent through marriage, not later than the first day of the first month beginning after the date on which the completed request for enrollment is received.

2. If the person becomes a dependent through birth, the date of birth.

3. If the person becomes a dependent through adoption or placement for adoption, the date of the adoption or placement for adoption.

(7m) (a) In this subsection, “terms of the group health benefit plan” does not include any requirements under the group health benefit plan related to enrollment periods or waiting periods.

(b) An insurer offering a group health benefit plan shall permit, as provided in par. (c), an employee who is not enrolled but who is eligible for coverage under the terms of the group health benefit plan, or a participant’s or employee’s dependent who is not enrolled but who is eligible for coverage under the terms of the group health benefit plan, to enroll for coverage under the terms of the plan if all of the following apply:

1. The employee or dependent is eligible for benefits under the Medical Assistance program under s. 49.471 or 49.472 or for coverage under the Badger Care health care program under s. 49.665.

2. The department of health services will purchase coverage under the group health benefit plan on behalf of the employee or dependent because the department of health services has determined that paying the portion of the premium for which the employee is responsible will not be more costly than providing the medical assistance or the coverage under the Badger Care health care program, whichever is applicable.

(c) An insurer permitting an employee or dependent to enroll under this subsection shall provide for an enrollment period of not less than 30 days, beginning on the date on which the department of health services makes the determination under par. (b) 2.

(8) (a) A health maintenance organization that offers a group health benefit plan and that does not impose any preexisting condition exclusion under sub. (1) with respect to a particular coverage option may impose an affiliation period for that coverage option, but only if all of the following apply:

1. The affiliation period is applied uniformly without regard to any health status-related factors.

2. The affiliation period does not exceed 2 months, or 3 months with respect to a late enrollee.

(b) A health maintenance organization that imposes an affiliation period under this subsection is not required to provide health care services or benefits during the affiliation period. A health maintenance organization may not charge a premium to a participant or beneficiary for any coverage that is provided during an affiliation period. An affiliation period shall begin on the enrollment date and run concurrently with any waiting period under the group health benefit plan.

(c) A health maintenance organization under par. (a) may use methods other than those described in par. (a) to address adverse selection, if the methods are approved by the commissioner.

(9) (a) Except as provided in pars. (b) and (c), requirements used by an insurer in determining whether to provide coverage under a group health benefit plan to an employer, including requirements for minimum participation of eligible employees and minimum employer contributions, shall be applied uniformly among all employers that apply for or receive coverage from the insurer.

(b) An insurer may do all of the following:

1. Vary its minimum participation requirements or minimum employer contribution requirements only by the size of the employer group based on the number of eligible employees.

2. Unless the commissioner by rule permits more frequent change, increase the minimum participation requirements or min-

imum employer contribution requirements no more than one time during a calendar year and, except as otherwise permitted under this subsection, only if the requirements are applied uniformly to all employers applying for coverage and to all renewing employers effective on the date of renewal.

3. Except as limited or restricted by rule of the commissioner, establish separate participation requirements or employer contribution requirements that uniformly apply to all employers that provide a choice of coverage to employees or their dependents. Except as limited or restricted by rule of the commissioner, an insurer may establish separate uniform requirements based on the number or type of choice of coverage provided by the employer.

(c) Except as provided in par. (b), an insurer may vary requirements used by the insurer in determining whether to provide coverage under a group health benefit plan to a large employer, but only if the requirements are applied uniformly among all large employers that have the same number of eligible employees.

(d) In applying minimum participation requirements with respect to an employer, an insurer may not count eligible employees who have other coverage that is creditable coverage in determining whether the applicable percentage of participation is met, except that an insurer may count eligible employees who have coverage under another health benefit plan that is sponsored by that employer and that is creditable coverage.

(e) This subsection does not apply to a group health benefit plan offered by the state under s. 40.51 (6) or by the group insurance board under s. 40.51 (7).

(10) (a) 1. Except as provided in rules promulgated under subd. 3. or 4., if an insurer offers a group health benefit plan to an employer, the insurer shall offer coverage to all of the eligible employees of the employer and their dependents. Except as provided in rules promulgated under subd. 3. or 4., an insurer may not offer coverage to only certain individuals in an employer group or to only part of the group, except for an eligible employee who has not yet satisfied an applicable waiting period, if any.

2. Except as provided in rules promulgated under subd. 3., if the state or a county, city, village, town or school district offers coverage under a self-insured health plan, it shall offer coverage to all of its eligible employees and their dependents. Except as provided in rules promulgated under subd. 3., the state or a county, city, village, town or school district may not offer coverage to only certain individuals in the employer group or to only part of the group, except for an eligible employee who has not yet satisfied an applicable waiting period, if any.

3. The secretary of employee trust funds, with the approval of the group insurance board, shall promulgate rules related to offering coverage to eligible employees under a group health benefit plan, or a self-insured health plan, offered by the state under s. 40.51 (6) or by the group insurance board under s. 40.51 (7). The rules shall conform to the intent of subds. 1. and 2. and may not allow the state or the group insurance board to refuse to offer coverage to an eligible employee or dependent for reasons related to health condition.

4. The commissioner may promulgate rules permitting exceptions to the requirement under subd. 1. for classes of eligible employees or their dependents. No rule promulgated under this subdivision may permit an insurer to refuse to offer to provide coverage to an eligible employee or his or her dependent for reasons related to health condition.

(b) 1. An insurer may not modify a group health benefit plan with respect to an employer or an eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the group health benefit plan.

2. The state or a county, city, village, town or school district may not modify a self-insured health plan with respect to an eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the self-insured health plan.

3. Nothing in this paragraph limits the authority of the group insurance board to fulfill its obligations as trustee under s. 40.03 (6) (d) or to design or modify procedures or provisions pertaining to enrollment, premium transmitted or coverage of eligible employees for health care benefits under s. 40.51 (1).

- (b) The employer agrees to pay the premium required for coverage of the employee under the group health benefit plan.

(3) STATE OR MUNICIPAL SELF-INSURED PLANS. (a) The eligible employee was covered as a dependent under creditable coverage when he or she waived coverage under the self-insured health plan.

(b) The eligible employee's coverage under the creditable coverage has terminated or will terminate due to a divorce from the insured under the creditable coverage, the death of the insured under the creditable coverage, loss of employment by the insured under the creditable coverage or involuntary loss of coverage under the creditable coverage by the insured under the creditable coverage.

(2) An insurer offering a group health benefit plan may not require any individual, as a condition of enrollment or continued enrollment under the plan, to pay, on the basis of any health status-related factor with respect to the individual or a dependent of the individual, a premium or contribution that is greater than the premium or contribution for a similarly situated individual enrolled under the plan.

(3) To the extent consistent with s. 632.746, sub. (1) shall not be construed to do any of the following:

(a) Require a group health benefit plan to provide particular benefits other than those provided under the terms of the plan.

(b) Prevent a group health benefit plan from establishing limitations or restrictions on the amount, level, extent or nature of benefits or coverage for similarly situated individuals enrolled under the plan.

3. In exercising the option to discontinue coverage of this particular type and in offering the option to purchase coverage under subd. 2., the insurer acts uniformly without regard to any health status-related factor of any covered participants or beneficiaries or any participants or beneficiaries who may become eligible for coverage.

(b) Notwithstanding s. 631.36 (2) to (4m), an insurer may discontinue offering in this state all group health benefit plans in the large group market or in the group market other than the large group market, or in both such group markets, but only if all of the following apply:

(3) PROHIBITION OF EXCLUSION FROM COVERAGE OF CERTAIN DEPENDENT CHILDREN. No disability insurance policy issued or renewed on or after April 30, 1980, may exclude or terminate from coverage any dependent child of an insured person or group member solely because the child does not reside with the insured person or group member. This subsection does not apply to a group policy, as defined in s. 632.897 (1) (c), or an individual policy, as defined in s. 632.897 (1) (cm), that is subject to s. 632.897 (10).

(4) OUT-OF-STATE SERVICE PROVIDERS. Except as provided in s. 628.36, no disability insurance policy may exclude or limit coverage of health care services provided outside this state, if the services are provided within 75 miles of the insured's residence in a facility licensed or approved by the state where the facility is located.

(5) PAYMENTS FOR HOSPITAL SERVICES. No insurer may reimburse a hospital for patient health care costs at a rate exceeding the rate established under ch. 54, 1985 stats., or s. 146.60, 1983 stats., for care provided prior to July 1, 1987.

632.755 Public assistance and early intervention services. (1g)

(b) A disability insurance policy may not terminate its coverage of a person or a person's dependent because the person or the dependent is eligible for assistance under ch. 49 or because the dependent is eligible for early intervention services under s. 51.44.

(c) A disability insurance policy may not provide different benefits of coverage to a person or the person's dependent because the person or the dependent is eligible for assistance under ch. 49 or because the dependent is eligible for early intervention services under s. 51.44 than it provides to persons and their dependents who are not eligible for assistance under ch. 49 or for early intervention services under s. 51.44.

(2) Benefits provided by a disability insurance policy shall be primary to those benefits provided under ch. 49 or under s. 51.44 or 253.05.

History: 1985 a. 29; 1989 a. 173; 1991 a. 178, 214; 1995 a. 407; 1997 a. 27.

632.76 Incontestability for disability insurance. (1)

AVOIDANCE FOR MISREPRESENTATIONS. No statement made by an applicant in the application for individual disability insurance coverage and no statement made respecting the person's insurability by a person insured under a group policy, except fraudulent misrepresentation, is a basis for avoidance of the policy or denial of a claim for loss incurred or disability commencing after the

coverage has been in effect for 2 years. The policy may provide for incontestability even with respect to fraudulent misstatements.

(2) **PREEXISTING DISEASES.** (a) No claim for loss incurred or disability commencing after 2 years from the date of issue of the policy may be reduced or denied on the ground that a disease or physical condition existed prior to the effective date of coverage, unless the condition was excluded from coverage by name or specific description by a provision effective on the date of loss. This paragraph does not apply to a group health benefit plan, as defined in s. 632.745 (9), which is subject to s. 632.746.

(ac) 1. Notwithstanding par. (a), no claim or loss incurred or disability commencing after 12 months from the date of issue of an individual disability insurance policy, as defined in s. 632.895 (1) (a), may be reduced or denied on the ground that a disease or physical condition existed prior to the effective date of coverage, unless the condition was excluded from coverage by name or specific description by a provision effective on the date of the loss.

2. Except as provided in subd. 3., an individual disability insurance policy, as defined in s. 632.895 (1) (a), other than a short-term policy subject to s. 632.7495 (4) and (5), may not define a preexisting condition more restrictively than a condition, whether physical or mental, regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within 12 months before the effective date of coverage.

3. Except as the commissioner provides by rule under s. 632.7495 (5), all of the following apply to an individual disability insurance policy that is a short-term policy subject to s. 632.7495 (4) and (5):

a. The policy may not define a preexisting condition more restrictively than a condition, whether physical or mental, regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received before the effective date of coverage.

b. The policy shall reduce the length of time during which a preexisting condition exclusion may be imposed by the aggregate of the insured's consecutive periods of coverage under the insurer's individual disability insurance policies that are short-term policies subject to s. 632.7495 (4) and (5). For purposes of this subd. 3. b., coverage periods are consecutive if there are no more than 63 days between the coverage periods.

(b) Notwithstanding par. (a), no claim for loss incurred or disability commencing after 6 months from the date of issue of a medicare supplement policy, medicare replacement policy or long-term care insurance policy may be reduced or denied on the ground that a disease or physical condition existed prior to the effective date of coverage. Notwithstanding par. (ac) 2., a medicare supplement policy, medicare replacement policy, or long-term care insurance policy may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage. Notwithstanding par. (a), if on the basis of information contained in an application for insurance a medicare supplement policy, medicare replacement policy, or long-term care insurance policy excludes from coverage a condition by name or specific description, the exclusion must terminate no later than 6 months after the date of issue of the medicare supplement policy, medicare replacement policy, or long-term care insurance policy. The commissioner may by rule exempt from this paragraph certain classes of medicare supplement policies, medicare replacement policies, and long-term care insurance policies, if the commissioner finds

the exemption is not adverse to the interests of policyholders and certificate holders.

A generic exclusion of all diseases or conditions diagnosed or treated before issuance of the policy does not constitute exclusion by "name or specific description" under sub. (2). *Peterson v. Equitable Life Assurance Society of the United States*, 57 F. Supp. 2d 692 (1999).

632.77 Permitted provisions for disability insurance policies. If any provisions are contained in a disability insurance policy dealing with the following subjects, they shall conform to the requirements specified:

(1) **CHANGE OF OCCUPATION.** Any provision respecting change of occupation may provide only for a lower maximum payment and for reduction of loss payments proportionate to the change in appropriate premium rates if the change is to a higher rated occupation, and must provide for retroactive reduction of premium rates from the date of change of occupation or the last policy anniversary date, whichever is the more recent, if the change is to a lower rated occupation.

(2) **MISSTATEMENT OF AGE.** Any provision respecting misstatement of age may only provide for reduction of the loss payable to the amount that the premium paid would have purchased at the correct age.

(3) **LIMITATIONS ON PAYMENTS.** Any limitation on payments because of other insurance or because of the income of the insured must be in accordance with provisions approved by the commissioner by rule or explicitly approved in approving the policy form, but the commissioner may not promulgate a rule that conflicts with s. 632.755 nor approve a policy form that does not comply with s. 632.755.

(4) **FACILITY OF PAYMENT.** Reasonable facility of payment clauses may be inserted. Payment in accordance with such clauses shall discharge the insurer's obligation to pay claims.

History: 1975 c. 375; 1979 c. 102; 1985 a. 29.

632.775 Effect of power of attorney for health care.

(1) **INSURER MAY NOT REQUIRE.** An insurer may not require an individual to execute a power of attorney for health care under ch. 155 as a condition of coverage under a disability insurance policy.

(bg) Notwithstanding par. (b), an insurer is not required to provide the notice under par. (b) to an insured until the insurer sends notice of the disposition of the internal grievance if all of the following apply:

1. The health benefit plan issued by the insurer contains a description of the independent review procedure under this section, including an explanation of the insured's rights under par. (3) (a), the insured submits to the independent review organization selected by the insured a request to bypass the internal grievance procedure under s. 632.83 and the independent review organization determines that the health condition of the insured is such that requiring the insured to use the internal grievance procedure before proceeding to independent review would jeopardize the life or health of the insured or the insured's ability to regain maximum function.

(e) Nothing in this section affects an insured's right to commence a civil proceeding relating to a coverage denial determination.

(3) PROCEDURE. (a) To request an independent review, an insured or his or her authorized representative shall provide timely written notice of the request for independent review, and of the independent review organization selected, to the insurer that made or on whose behalf was made the coverage denial determination. The insurer shall immediately notify the commissioner and the independent review organization selected by the insured of the request for independent review. The insurer and the insured shall submit to the other party to the independent review any information submitted to the independent review organization under this paragraph and pars. (b) and (c). If, on the basis of any additional information, the insurer reconsiders the insured's grievance and determines that the treatment that was the subject of the grievance should be covered, or that the policy or certificate that was rescinded should be reinstated, the independent review is terminated.

(f) 1. If the independent review is not terminated under par. (e), the independent review organization shall, within 30 business days after the expiration of all time limits that apply in the matter, make a decision on the basis of the documents and information submitted under this subsection. The decision shall be in writing, signed on behalf of the independent review organization and served by personal delivery or by mailing a copy to the insured or his or her authorized representative and to the insurer. Except as provided in subd. 2., a decision of an independent review organization is binding on the insured and the insurer.

2. A decision of an independent review organization regarding a preexisting condition exclusion denial determination or a rescission is not binding on the insured.

(g) If the independent review organization determines that the health condition of the insured is such that following the procedure outlined in pars. (b) to (f) would jeopardize the life or health of the insured or the insured's ability to regain maximum function, the procedure outlined in pars. (b) to (f) shall be followed with the following differences:

1. The insurer shall submit the information under par. (b) within one day after receiving the notice of the request for independent review under par. (a).

(b) A decision of an independent review organization regarding an experimental treatment determination is limited to a determination of whether the proposed treatment is experimental. The independent review organization shall determine that the treatment is not experimental and find in favor of the insured only if the independent review organization finds all of the following:

An insurer, pharmacy benefit manager, or utilization review organization may use any existing medical exceptions process to satisfy the requirement under this paragraph. The exception process shall be made easily accessible on the Internet site of the insurer, pharmacy benefit manager, or utilization review organization.

This subdivision does not prohibit an insurer, pharmacy benefit manager, or utilization review organization from requiring a patient to try another drug in the same pharmacologic class or with the same mechanism of action if that therapy sequence is supported by clinical review criteria under sub. 4. The patient is stable on a prescription drug selected by his or her health care provider for the medical condition under consideration while covered under the policy or plan or a previous policy or plan.

(c) Nothing in this subsection shall be construed to allow the use of a pharmaceutical sample to satisfy a criterion for an exception to a step therapy protocol.

(d) Upon granting an exception to the step therapy protocol under par. (b), the insurer, pharmacy benefit manager, or utilization review organization shall authorize coverage for the prescription drug prescribed by the patient’s treating health care provider to the extent the prescribed drug is covered under the patient’s policy or plan.

632.87 Restrictions on health care services. (1) No insurer may refuse to provide or pay for benefits for health care services provided by a licensed health care professional on the ground that the services were not rendered by a physician as defined in s. [990.01 \(28\)](#), unless the contract clearly excludes services by such practitioners, but no contract or plan may exclude services in violation of sub. (2), (2m), (3), (4), (4m), (5), or (6).

(2) No insurer may, under a contract or plan covering vision care services or procedures, refuse to provide coverage for vision care services or procedures provided by an optometrist licensed under ch. [449](#) within the scope of the practice of optometry, as defined in s. [449.01 \(1\)](#), if the contract or plan includes coverage for the same services or procedures when provided by another health care provider.

[449.01 \(1\)](#), from participating optometrists solely on the basis that the providers are optometrists.

(3) (a) No policy, plan or contract may exclude coverage for diagnosis and treatment of a condition or complaint by a licensed chiropractor within the scope of the chiropractor’s professional license, if the policy, plan or contract covers diagnosis and treatment of the condition or complaint by a licensed physician or osteopath, even if different nomenclature is used to describe the condition or complaint. Examination by or referral from a physician shall not be a condition precedent for receipt of chiropractic care under this paragraph. This paragraph does not:

1. Prohibit the application of deductibles or coinsurance provisions to chiropractic and physician charges on an equal basis.

2. Prohibit the application of cost containment or quality assurance measures to chiropractic services in a manner that is consistent with cost containment or quality assurance measures generally applicable to physician services and that is consistent with this section.

2. Refuse to provide coverage to an individual because that individual has been treated by a chiropractor.

3. Establish underwriting standards that are more restrictive for chiropractic care than for care provided by other health care providers.

4. Exclude or restrict health care coverage of a health condition solely because the condition may be treated by a chiropractor.

(c) An exclusion or a restriction that violates par. (b) is void in its entirety.

(4) No policy, plan or contract may exclude coverage for diagnosis and treatment of a condition or complaint by a licensed dentist or dental therapist within the scope of the dentist's or dental therapist's license, if the policy, plan or contract covers diagnosis and treatment of the condition or complaint by another health care provider, as defined in s. 146.81 (1) (a) to (p).

(4m) No policy, plan, or contract may exclude coverage for mental health or behavioral health treatment or services provided by the charter school established under a contract under s. 118.40 (2x) (cm), if the policy, plan, or contract covers the mental health or behavioral health treatment or services when provided by another health care provider, as defined in s. 146.81 (1) (a) to (p). The operator of the charter school established under a contract under s. 118.40 (2x) (cm) shall, upon the enrollment of a pupil in the charter school, notify the policy, plan, or contract that covers the pupil's mental health or behavioral health treatment or services of the services that the policy, plan, or contract may be required to cover under this subsection. 2. "Routine patient care" does not include the health care service, item, or investigational drug that is the subject of the cancer clinical trial; any health care service, item, or drug provided solely to satisfy data collection and analysis needs that are not used in the direct clinical management of the patient; an investigational drug or device that has not been approved for market by the federal food and drug administration; transportation, lodging, food, or other expenses for the patient or a family member or companion of the patient that are associated with travel to or from a facility providing the cancer clinical trial; any services, items, or drugs provided by the cancer clinical trial sponsors free of charge for any patient; or any services, items, or drugs that are eligible for reimbursement by a person other than the insurer, including the sponsor of the cancer clinical trial.

(b) No policy, plan, or contract may exclude coverage for the cost of any routine patient care that is administered to an insured in a cancer clinical trial satisfying the criteria under par. (c) and that would be covered under the policy, plan, or contract if the insured were not enrolled in a cancer clinical trial.

d. Studies new uses of health care services, items, or drugs for the treatment of cancer.

5. The trial is approved by one of the following:

a. A National Institute of Health, or one of its cooperative groups or centers, under the federal department of health and human services.

b. The federal food and drug administration.

c. The federal department of defense.

d. The federal department of veterans affairs.

(d) 1. The coverage that may not be excluded under this subsection shall apply to all phases of a cancer clinical trial.

2. The coverage that may not be excluded under this subsection is subject to all terms, conditions, restrictions, exclusions, and limitations that apply to any other coverage under the policy, plan, or contract, including the treatment under the policy, plan, or contract of services performed by participating and nonparticipating providers.

(e) 1. Nothing in the subsection requires a policy, plan, or contract to offer; or prohibits a policy, plan, or contract from offering; cancer clinical trial services by a participating provider.

2. Nothing in this subsection requires services that are performed in a cancer clinical trial by a nonparticipating provider of

a policy, plan, or contract to be reimbursed at the same rate as a participating provider of the policy, plan, or contract.

Legislative Council Note, 1975: This [sub. (1)] continues (and expands the scope of) s. 207.04 (1) (k) [repealed by this act], which does not deal with an unfair marketing practice but an unduly restrictive interpretation of an insurance contract. Presently it applies only to podiatrists but the same principles apply to all health care professionals. Since the legislature has licensed podiatrists (s. 448.10 et. seq.), as well as other health care professionals who are not physicians, applicable insurance contracts should provide benefits for their services or payment to them, as well as for those of physicians, unless they are specifically and clearly excluded by a policy which has been approved by the commissioner. But general principles of freedom of contract should be operative if the contract is clear enough. Parties negotiating for insurance coverage should be free to decide what kind of health care services they want and are willing to pay for. [Bill 16-S]

(a) “Covered service” means, with respect to dental or related services specified in a policy or plan that provides coverage for those services, a service provided by a dentist or at the direction of a dentist to an insured under the policy or an enrollee of the plan for which the policy or plan makes payment, administered consistently with policies traditionally governing covered services, or for which the policy or plan would make payment but for the application of contractual limitations of deductibles, copayments, coinsurance, waiting periods, annual maximums, lifetime maximums applicable to the same course of treatment, frequency limitations, or alternative benefit payments.

2. A policy that provides coverage for dental and related services may not provide nominal or de minimis coverage for a dental or related service for the sole purpose of avoiding the requirements under subd. 1.

(b) An administrator providing 3rd-party administration services or a provider network for a plan that provides coverage for dental and related services may not require any dentist in the administrator’s provider network that is eligible to provide services under the plan to charge set fees for dental or related services provided to enrollees of the plan that are not covered services under the plan.

(3) PROHIBITION ON CHARGES. A dentist who, under a contract with an insurer offering a policy that provides coverage for dental and related services, provides dental or related services to an insured under the policy may not charge the insured more than the dentist’s usual nondiscounted fee for a dental or related service that is not a covered service under the policy.

(a) “Disability insurance policy” means surgical, medical, hospital, major medical or other health service coverage but does not include hospital indemnity policies or ancillary coverages such as income continuation, loss of time or accident benefits.

(b) “Home care” means care and treatment of an insured under a plan of care established, approved in writing and reviewed at least every 2 months by the attending physician, unless the attending physician determines that a longer interval between reviews is sufficient, and consisting of one or more of the following:

1. Part-time or intermittent home nursing care by or under the supervision of a registered nurse.

2. Part-time or intermittent home health services that are medically necessary as part of the home care plan, under the supervision of a registered nurse or medical social worker, which consist solely of caring for the patient.

3. Physical or occupational therapy or speech-language pathology or respiratory care.

4. Medical supplies, drugs and medications prescribed by a physician and laboratory services by or on behalf of a hospital, if necessary under the home care plan, to the extent such items would be covered under the policy if the insured had been hospitalized.

5. Nutrition counseling provided by or under the supervision of one of the following, where such services are medically necessary as part of the home care plan:

a. A registered dietitian.

b. A dietitian certified under subch. [V of ch. 448](#), if the nutrition counseling is provided on or after July 1, 1995.

6. The evaluation of the need for and development of a plan, by a registered nurse, physician extender or medical social worker, for home care when approved or requested by the attending physician.

(c) “Hospital indemnity policies” means policies which provide benefits in a stated amount for confinement in a hospital, regardless of the hospital expenses actually incurred by the insured, due to such confinement.

(d) “Immediate family” means the spouse, children, parents, grandparents, brothers and sisters of the insured and their spouses.

(2) HOME CARE. (a) Every disability insurance policy which provides coverage of expenses incurred for inpatient hospital care shall provide coverage for the usual and customary fees for home care. Such coverage shall be subject to the same deductible and coinsurance provisions of the policy as other covered services. The maximum weekly benefit for such coverage need not exceed the usual and customary weekly cost for care in a skilled nursing facility. If an insurer provides disability insurance, or if 2 or more insurers jointly provide disability insurance, to an insured under 2 or more policies, home care coverage is required under only one of the policies.

(b) Home care shall not be reimbursed unless the attending physician certifies that:

1. Hospitalization or confinement in a skilled nursing facility would otherwise be required if home care was not provided.

2. Necessary care and treatment are not available from members of the insured’s immediate family or other persons residing with the insured without causing undue hardship.

3. The home care services shall be provided or coordinated by a state-licensed or medicare-certified home health agency or certified rehabilitation agency.

(c) If the insured was hospitalized immediately prior to the commencement of home care, the home care plan shall also be initially approved by the physician who was the primary provider of services during the hospitalization.

(d) Each visit by a person providing services under a home care plan or evaluating the need for or developing a plan shall be considered as one home care visit. The policy may contain a limit on the number of home care visits, but not less than 40 visits in any 12-month period, for each person covered under the policy. Up to 4 consecutive hours in a 24-hour period of home health service shall be considered as one home care visit.

(e) Every disability insurance policy which purports to provide coverage supplementing parts A and B of Title XVIII of the social security act shall make available and if requested by the insured provide coverage of supplemental home care visits beyond those provided by parts A and B, sufficient to produce an aggregate coverage of 365 home care visits per policy year.

(f) This subsection does not require coverage for any services provided by members of the insured’s immediate family or any other person residing with the insured.

(g) Insurers reviewing the certified statements of physicians as to the appropriateness and medical necessity of the services certified by the physician under this subsection may apply the same review criteria and standards which are utilized by the insurer for all other business.

(3) SKILLED NURSING CARE. Every disability insurance policy filed after November 29, 1979, which provides coverage for hospital care shall provide coverage for at least 30 days for skilled nursing care to patients who enter a licensed skilled nursing care facility. A disability insurance policy, other than a medicare supplement policy or medicare replacement policy, may limit coverage under this subsection to patients who enter a licensed skilled nursing care facility within 24 hours after discharge from a general hospital. The daily rate payable under this subsection to a licensed skilled nursing care facility shall be no less than the maximum daily rate established for skilled nursing care in that facility by the department of health services for purposes of reimbursement under the medical assistance program under subch. [IV of ch. 49](#). The coverage under this subsection shall apply only to skilled nursing care which is certified as medically necessary by the attending physician and is recertified as medically necessary every 7 days. If the disability insurance policy is other than a medicare supplement policy or medicare replacement policy, coverage under this subsection shall apply only to the continued treatment for the same medical or surgical condition for which the insured had been treated at the hospital prior to entry into the skilled nursing care facility. Coverage under any disability insurance policy governed by this subsection may be subject to a deductible that applies to the hospital care coverage provided by the policy. The coverage under this subsection shall not apply to care which is essentially domiciliary or custodial, or to care which is available to the insured without charge or under a governmental health care program, other than a program provided under [ch. 49](#).

(4) KIDNEY DISEASE TREATMENT. (a) Every disability insurance policy which provides hospital treatment coverage on an ex-

pense incurred basis shall provide coverage for hospital inpatient and outpatient kidney disease treatment, which may be limited to dialysis, transplantation and donor-related services, in an amount not less than \$30,000 annually, as defined by the department of health services under par. (d).

(b) No insurer is required to duplicate coverage available under the federal medicare program, nor duplicate any other insurance coverage the insured may have. Other insurance coverage does not include public assistance under ch. 49.

(c) Coverage under this subsection may not be subject to exclusions or limitations, including deductibles and coinsurance factors, which are not generally applicable to other conditions covered under the policy.

(b) Coverage for newly born children required under this subsection shall consider congenital defects and birth abnormalities as an injury or sickness under the policy and shall cover functional repair or restoration of any body part when necessary to achieve normal body functioning, but shall not cover cosmetic surgery performed only to improve appearance.

(c) If payment of a specific premium or subscription fee is required to provide coverage for a child, the policy may require that notification of the birth of a child and payment of the required premium or fees shall be furnished to the insurer within 60 days after the date of birth. The insurer may refuse to continue coverage beyond the 60-day period if such notification is not received, unless within one year after the birth of the child the insured makes all past-due payments and in addition pays interest on such payments at the rate of 5 1/2 percent per year.

(d) If payment of a specific premium or subscription fee is not required to provide coverage for a child, the policy or contract may request notification of the birth of a child but may not deny or refuse to continue coverage if such notification is not furnished.

(e) This subsection applies to all policies issued or renewed after May 5, 1976, and to all policies in existence on June 1, 1976. All policies issued or renewed after June 1, 1976, shall be amended to comply with the requirements of this subsection.

Coverage required under this subsection shall be subject to the same exclusions, limitations, deductibles, and coinsurance provisions of the policy as other covered expenses, except that insulin infusion pump coverage may be limited to the purchase of one pump per year and the insurer may require the insured to use a pump for 30 days before purchase.

(a) “Department” means the department of health services.

(b) “Disability insurance policy” has the meaning given in s. 632.895 (1) (a).

(c) “Placed for adoption” means any of the following:

1. The department, a county department under s. 48.57 (1) (e) or (hm), or a child welfare agency licensed under s. 48.60 places a child in the insured's home for adoption and enters into an agreement under s. 48.63 (3) (b) 4. or 48.833 (1) or (2) with the insured.

2. The department, a county department under s. 48.57 (1) (e) or (hm), or a child welfare agency under s. 48.837 (1r) places,

or a court under s. 48.837 (4) (d) or (6) (b) orders, a child placed in the insured's home for adoption.

3. A sending agency, as defined in s. 48.988 (2) (d), places a child in the insured's home under s. 48.988 for adoption, or a public child placing agency, as defined in s. 48.99 (2) (r), or a private child placing agency, as defined in s. 48.99 (2) (p), of a sending state, as defined in s. 48.99 (2) (w), places a child in the insured's home under s. 48.99 as a preliminary step to a possible adoption, and the insured takes physical custody of the child at any location within the United States.

4. The person bringing the child into this state has complied with s. 48.98, and the insured takes physical custody of the child at any location within the United States.

5. A court of a foreign jurisdiction appoints the insured as guardian of a child who is a citizen of that jurisdiction, and the child arrives in the insured's home for the purpose of adoption by the insured under s. 48.839.

(2) **ADOPTED OR PLACED FOR ADOPTION.** Every disability insurance policy that is issued or renewed on or after March 1, 1991, and that provides coverage for dependent children of the insured, as defined in the disability insurance policy, shall cover adopted children of the insured and children placed for adoption with the insured, on the same terms and conditions, including exclusions, limitations, deductibles and copayments, as other dependent children, except as provided in subs. (3) to (6).

(3) **WHEN COVERAGE BEGINS AND ENDS.** (a) 1. Coverage of a child under this section shall begin on the date that a court makes a final order granting adoption of the child by the insured or on the date that the child is placed for adoption with the insured, whichever occurs first.

2. Subdivision 1. does not require coverage to begin before coverage is available under the disability insurance policy for other dependent children.

(b) Coverage of a child placed for adoption with the insured is required under this section despite whether a court ultimately makes a final order granting adoption of the child by the insured. If adoption of a child who is placed for adoption with the insured is not finalized, the insurer may terminate coverage of the child when the child's adoptive placement with the insured terminates.

(4) **PREEXISTING CONDITIONS.** Notwithstanding ss. 632.746 and 632.76 (2) (a), a disability insurance policy that is subject to sub. (2) and that is in effect when a court makes a final order granting adoption or when the child is placed for adoption may not exclude or limit coverage of a disease or physical condition of the child on the ground that the disease or physical condition existed before coverage is required to begin under sub. (3).

(6) **NOTICE TO INSURER.** The disability insurance policy may require the insured to notify the insurer that a child is adopted or placed for adoption and to pay the insurer any premium or fees required to provide coverage for the child, within 60 days after coverage is required to begin under sub. (3). If the insured fails to give notice or make payment within 60 days as required by the disability insurance policy in accordance with this subsection, the disability insurance policy shall treat the adopted child or child placed for adoption no less favorably than it treats other dependents, other than newborn children, who seek coverage at a time other than when the dependent was first eligible to apply for coverage.

(em) "Physical placement" has the meaning given in s. 767.001 (5).

(f) "Terminated insured" means a person entitled to elect continued or conversion coverage under sub. (2) (b) or (9).

(1m) Except as provided in sub. (10), this section applies to any group policy which would otherwise be exempt under s. 600.01 (1) (b) 3. if at least 150 of the certificate holders or insureds are residents of this state.

(2) (a) No group policy which provides coverage to the spouse of the group member may contain a provision for termination of coverage for the spouse solely as a result of a break in their marital relationship except by reason of the entry of a judgment of divorce or annulment of their marriage.

(b) An insurer issuing or renewing a group policy on or after May 14, 1980 and every insurer on and after the date which is 2 years after May 14, 1980 shall permit the following persons who have been continuously covered under a group policy for at least 3 months to elect to continue group policy coverage under sub. (3) or to convert to individual coverage under sub. (4):

1. The former spouse of a group member who otherwise would terminate coverage because of divorce or annulment.

2. A group member who would otherwise terminate eligibility for coverage under the group policy other than a group member who terminates eligibility for coverage due to discharge for misconduct shown in connection with his or her employment.

3. The spouse or dependent of a group member if the group member dies while covered by the group policy and the spouse or dependent was also covered.

(c) Group policy coverage of a terminated insured who is enti-

tled under par. (b) to elect continued group policy coverage or conversion to individual coverage and coverage of the spouse and dependents of the terminated insured provided for in the group policy continues until the terminated insured is notified under par. (d) of the right to elect continued or conversion coverage if the premium for the coverage continues to be paid.

(d) If the employer is notified to terminate the coverage for any of the reasons provided under par. (b), the employer shall provide the terminated insured written notification of the right to continue group coverage or convert to individual coverage and the payment amounts required for either continued or converted coverage including the manner, place and time in which the payments shall be made. This notice shall be given not more than 5 days after the employer receives notice to terminate coverage. The payment amount for continued group coverage may not exceed the group rate in effect for a group member, including an employer's contribution, if any, for a group policy as defined in sub. (1) (c) 1. or 1m. or the equivalent value of the monthly contribution of a group member to a group policy as defined in sub. (1) (c) 2. or the equivalent value of the monthly premium for franchise insurance as defined in sub. (1) (c) 3. The premium for converted coverage shall be determined in accordance with the insurer's table of premium rates applicable to the age and class of risks of each person to be covered under that policy and to the type and amount of coverage provided. The notice may be sent to the terminated insured's home address as shown on the records of the employer.

(3) (a) If the terminated insured or, with respect to a minor, the parent or guardian of the terminated insured, elects to continue group coverage and tenders to the employer the amount required within 30 days after receiving notice under sub. (2) (d), coverage of the terminated insured and, if the terminated insured is eligible for continued coverage under sub. (2) (b) 2., coverage of the covered spouse and dependents of the terminated insured shall continue without interruption and may not terminate unless one of the following occurs:

1. The terminated insured establishes residence outside this state.
2. The terminated insured fails to make timely payment of a required premium amount.
3. The terminated insured is eligible for continued coverage under sub. (2) (b) 1. and the group member through whom the former spouse originally obtained coverage is no longer eligible for coverage by the group policy.
4. The terminated insured becomes eligible for similar coverage under another group policy.

(b) If the coverage of the terminated insured is terminated under par. (a) 3. and the group member through whom the terminated insured originally obtained coverage becomes eligible for coverage by a replacement group policy providing coverage to the same group, the former spouse shall have the right to coverage by the replacement group policy as provided in this subsection.

(c) If the right of the terminated insured to continue group policy coverage is terminated under par. (a) 3. and the group member does not become eligible for coverage by a replacement group policy, the terminated insured has the right to convert to individual coverage under sub. (4), unless sub. (4) (d) applies.

(d) If the right of the terminated insured to continue group policy coverage is terminated under par. (a) 1. the terminated insured, and a spouse or dependent of the terminated insured, if the terminated insured was eligible for continued group coverage under sub. (2) (b) 2. and the spouse or dependent was covered under the group policy, have the right to convert to individual coverage under sub. (4), unless sub. (4) (d) applies.

(e) This subsection does not require coverage of expenses which are covered by medicare.

(4) (a) A terminated insured who elects conversion coverage under sub. (2) (b) or (3) (c) or (d), the spouse or dependent of such a terminated insured, if the terminated insured is eligible under sub. (2) (b) 2. and the spouse or dependent was covered under the group policy, and a terminated insured eligible under sub. (9) and his or her dependents are entitled to have the insurer issue to them, without evidence of insurability, individual coverage reasonably similar to the terminated coverage under the group policy or individual policy. Any probationary or waiting periods required by such individual coverage shall be considered as being met to the extent such limitations have been met under the prior group policy or individual policy.

(b) The commissioner shall promulgate, by rule, 3 plans of individual coverage varying in degree of covered benefits to be offered as individual conversion policies. The insurer provides reasonably similar individual coverage if a person is offered his or her choice of the plans promulgated by the commissioner or is offered a high limit comprehensive plan of benefits regularly provided by the insurer for conversions and approved for this purpose by the commissioner. This paragraph does not apply if the policy being converted is a long-term care insurance policy.

(bm) The commissioner shall specify, by rule, the minimum standards that an individual conversion policy must satisfy if the policy being converted is a long-term care insurance policy. An insurer provides reasonably similar individual coverage to a person converting a long-term care insurance policy if the person is offered an individual conversion policy that complies with the rules promulgated under this paragraph.

(c) If the first premium for conversion coverage is tendered to the insurer within 30 days after the notice of termination of group coverage, the individual conversion policy shall be issued with an effective date of the day following the termination of group or individual coverage.

(d) This subsection does not require individual coverage to be offered by an insurer offering group policies only. This subsection does not require an insurer to issue an individual conversion policy covering a terminated insured or his or her spouse or dependent if benefits provided or available to the covered person under subds. 1. to 3., together with the converted policy's benefits, would result in overinsurance according to the insurer's standards for overinsurance, and these standards have been filed with and approved by the commissioner prior to use:

1. Similar benefits under another individual policy for which the terminated insured, spouse or dependent is eligible.
2. Similar benefits under a group policy for which the terminated insured, spouse or dependent is eligible.
3. Similar benefits for which the terminated insured, spouse or dependent is eligible by reason of any state or federal law.

(5) A notification of the group continuation and individual conversion privileges shall be included in each certificate of coverage for a group policy as defined in sub. (1) (c) 1., 1m. or 3. and in any evidence of coverage provided by a group policy as defined in sub. (1) (c) 2.

(6) If the terminated insured elects to continue group coverage as provided in this section, the insurer may require conversion to individual coverage by the terminated insured and his or her spouse and dependents 18 months after the terminated insured elects the group coverage except as provided in ss. 103.10 (9) (d) and 103.11 (9) (d). The conditions, rights and procedures governing conversion under sub. (4) (a) apply to this conversion.

(8) Premium payments for continued group coverage required under this section shall be paid to the employer. The employer shall collect, and the insurer shall bill the employer for, those pre-

miums. The insurer shall charge the claims experience of individuals covered under continued group coverage against the claims experience of the employer. An insurer is not required to issue a new certificate of insurance to an individual obtaining continued group coverage under this section.

(9) (a) No individual policy which provides coverage to the spouse of the insured may contain a provision for termination of coverage for the spouse solely as a result of a break in their marital relationship except by reason of the entry of a judgment of divorce or annulment of their marriage.

(b) Every individual policy which contains a provision for the termination of coverage of the spouse of the insured upon divorce or annulment shall contain a provision to the effect that upon divorce or annulment the former spouse has the right to obtain individual coverage under sub. (4) and that coverage of the former spouse shall continue until he or she is notified of that right in accordance with par. (c) if the premium for the coverage continues to be paid by or on behalf of the former spouse. This individual coverage shall provide to the former spouse the option to include dependent children previously covered.

(c) When the insurer is notified that the coverage of a spouse may be terminated because of a divorce or annulment, the insurer shall provide the former spouse written notification of the right to obtain individual coverage under sub. (4), the premium amounts required and the manner, place and time in which premiums may be paid. This notice shall be given not less than 30 days before the former spouse's coverage would otherwise terminate. The premium shall be determined in accordance with the insurer's table of premium rates applicable to the age and class of risk of every person to be covered and to the type and amount of coverage provided. If the former spouse tenders the first monthly premium to the insurer within 30 days after the notice provided by this paragraph, sub. (4) shall apply and the former spouse shall receive individual coverage commencing immediately upon termination of his or her coverage under the insured's policy.

(10) (a) No group policy or individual policy which provides coverage to dependent children of the group member or insured may deny eligibility for coverage to any child, or set a premium for any child which is different from that which is set for other dependent children, based solely on any of the following:

1. The fact that the child does not reside with the group member or insured or is dependent on another parent rather than the group member or insured.
2. The proportion of the child's support provided by the group member or insured.
3. The fact that the group member or insured does not claim the child as an exemption for federal income tax purposes under 26 USC 151 (c) or as an exemption for state income tax purposes under the laws of another state, if a court order under s. 767.513 or the laws of another state assigns responsibility for the child's health care expenses to the group member or insured.
4. The fact that the child is a nonmarital child.
5. The fact that the child resides outside the insurer's geographical service area.

(am) If a court orders an individual to provide coverage for health care expenses for a child of the individual and the individual is eligible for family coverage under a group policy or individual policy, the insurer shall do all of the following:

1. Provide family coverage under the group policy or individual policy for the individual's child, if eligible for coverage, without regard to any enrollment period restrictions that may apply under the policy.
2. Provide family coverage under the group policy or individual policy for the individual's child, if eligible for coverage, upon application by the individual, the child's other parent, the depart-

ment of children and families or the county child support agency under s. 59.53 (5).

3. After the child is covered under the group policy or individual policy, and as long as the individual is eligible for family coverage under the policy, continue to provide coverage for the child unless the insurer receives satisfactory written evidence that the court order is no longer in effect or that the child has coverage under another group policy or individual policy that provides comparable health care coverage.

(b) Paragraphs (a) and (am) do not prohibit an insurer from determining the eligibility of a group member's or insured's child for coverage under the group policy or individual policy, or the premium for that coverage, based on factors that are not prohibited by par. (a) 1. to 5. and that the insurer applies generally to determine the eligibility of children for coverage, and the premium for coverage, under the group policy or individual policy.

(bf) If an insurer provides coverage under a group policy or an individual policy for a child of a group member or an insured who is not the custodial parent of the child, the insurer shall do all of the following:

1. Provide to the custodial parent of the child information related to the child's enrollment.
2. Permit the custodial parent of the child, a health care provider that provides services to the child or the department of health services to submit claims for covered services without the approval of the parent who is the group member or insured.
3. Pay claims directly to the health care provider, the custodial parent of the child or the department of health services, as appropriate.

(c) This subsection applies to any group policy that would otherwise be exempt under s. 600.01 (1) (b) 3. if at least 25 of the certificate holders or insureds are residents of this state.

(11) (a) Notwithstanding subs. (2) to (10), the commissioner may promulgate rules establishing standards requiring insurers to provide continuation of coverage for any individual covered at any time under a group policy who is a terminated insured or an eligible individual under any federal program that provides for a federal premium subsidy for individuals covered under continuation of coverage under a group policy, including rules governing election or extension of election periods, notice, rates, premiums, premium payment, application of preexisting condition exclusions, election of alternative coverage, and status as an eligible individual, as defined in s. 149.10 (2), 2011 stats.

Cross-reference: See also ch. Ins 1, Wis. adm. code.

632.91 Definition. In this subchapter:

(1) “Insured employee” means an employee of a fraternal or of a subsidiary or other affiliate of a fraternal who is provided insurance benefits by the fraternal under s. 614.10 (2) (c) 2. but is not a member of the fraternal.

(2) “Owner” means the owner of a policy or certificate issued by a fraternal in accordance with s. 614.10.

History: 1989 a. 336; 1991 a. 189; 1997 a. 177.

632.93 The fraternal contract. (1) **ISSUANCE OF CERTIFICATE.** A fraternal shall issue to each owner a policy or certificate specifying the benefits provided and containing at least in substance all sections of the laws of the fraternal which might result in the termination of coverage or the reduction of benefits. The policy or certificate, any riders or endorsements attached thereto, the laws of the fraternal, and the application and declarations made in connection therewith and signed by the applicant, constitute the agreement between the fraternal and the owner, and the policy or certificate shall so state.

(2) **CHANGES IN LAWS OF FRATERNALS.** Except as provided in s. 614.24 (1m), any changes in the laws of a fraternal made subsequent to the issuance of a policy or certificate bind the owner and any beneficiary under the policy or certificate as if they had been in force at the time of the application, so long as they do not destroy or diminish benefits promised in the policy or certificate.

(3) **PROOF OF TERMS.** Copies of any documents mentioned in subs. (1) and (2), certified by the secretary or corresponding officer of the fraternal, are evidence of the terms and conditions of the contract.

(4) **INAPPLICABLE PROVISIONS.** Sections 631.13 and 632.44 (2) do not apply to fraternal contracts.

(5) **GRACE PERIOD.** Every fraternal certificate shall contain a provision entitling the owner to a grace period of not less than one month, or 30 days at the fraternal’s option, for the payment of any premium due except the first, during which the death benefit shall continue in force. A fraternal may specify in the grace pe-

riod provision that the overdue premium will be deducted from the death benefit in the event of death before it is paid.

(6) **COMPLIANCE WITH OTHER PROVISIONS.** If a fraternal’s laws provide for expulsion or suspension of a member for any reason other than nonpayment of premium or under s. 632.46, the fraternal’s insurance certificate shall contain a provision that if a member is expelled or suspended for any reason other than nonpayment of premium or under s. 632.46, the expelled member, or other owner who was provided insurance benefits under s. 614.10 on the application of the expelled member, has the right to maintain the policy in force by continuing payment of the required premium.

(7) **SCOPE OF APPLICATION.** This section applies to all contracts made by a fraternal beginning 6 months after December 18, 1979. A fraternal may elect to have this section apply at an earlier date, so long as it applies simultaneously to all such contracts and the fraternal gives the commissioner at least 30 days’ notice of intention to adopt this section.

History: 1975 c. 373; 1979 c. 102 ss. 179 to 182, 237; 1987 a. 361; 1989 a. 336; 1997 a. 177.

632.95 Fraud in obtaining membership. Subject to s. 632.46, any certificate of membership secured by misrepresentation in or with reference to any application for membership or documentary or other proof for the purpose of obtaining membership in or noninsurance benefit from the fraternal is void, if the fraternal relied on it and it is either material or fraudulent.

History: 1975 c. 373.

Legislative Council Note, 1975: This section continues the contractual portion of s. 208.38, edited with a change in meaning, to include nonfraudulent but material misrepresentation, and also to subject the provision to the rule of incontestability provided in s. 632.46. [Bill 643-S]

632.96 Beneficiaries in fraternal contracts. (1) Any owner may designate as beneficiary any person permitted by the laws of the fraternal. Those laws shall authorize the designation of the estate of a member or insured employee as beneficiary.

(2) Subject to sub. (1), s. 632.48 applies.

History: 1975 c. 373, 421; 1989 a. 336; 1997 a. 177.

Legislative Council Note, 1975: Sub. (1) states a rule slightly more restrictive of the range of permitted beneficiaries than for commercial life insurance; this reflects the nature of the fraternal. Sub. (2) applies the general provision for life insurance, subject to sub. (1). [Bill 643-S]
