234.04 Loans to eligible sponsors of housing projects and to or for persons and families of low and moderate income. (1) The authority may make or participate in the making of construction loans to eligible sponsors of housing projects for the construction or rehabilitation of housing for persons and families of low and moderate income. Such loans shall be made only upon the determination by the authority that construction loans are not otherwise available from private lenders upon reasonably equivalent terms and conditions.

(2) The authority may make or participate in the making and enter into commitments for the making of long-term mortgage loans to eligible sponsors of housing projects for occupancy by persons and families of low and moderate income, or for the making of homeownership mortgage loans or housing rehabilitation loans or loans for the refinancing of qualified subprime loans under s. 234.592 to persons and families of low and moderate income, an applicant under s. 234.59 or 234.592, or other eligible beneficiaries as defined in s. 234.49. The loans may be made only upon the determination by the authority that they are not otherwise available from private lenders upon reasonably equivalent terms and conditions. The authority may not make a loan to a person whose name appears on the statewide support lien docket under s. 49.854 (2) (b), unless the person provides to the authority a payment agreement that has been approved by the county child support agency under s. 59.53 (5) and that is consistent with rules promulgated under s. 49.858 (2) (a). The authority may employ, for such compensation as it determines, the services of any financial institution in connection with any loan.

(3) The authority may make or participate in the making and enter into commitments for the making of loans to any banking institution, savings bank, savings and loan association or credit union organized under the laws of this or any other state or of the United States having an office in this state, if the authority first determines that the proceeds of such loans will be utilized for the purpose of making long-term mortgage loans to persons or families of low and moderate income, or for the purpose of providing residential housing for occupancy by persons or families of low and moderate income, or for the purpose of making housing rehabilitation loans.

(4) A loan shall be secured in such manner and be repaid in such a period, not exceeding 50 years, as may be determined by the authority; and shall bear interest at a rate determined by the authority.

234.045 Workforce housing rehabilitation loan program. (1) **DEFINITION.** In this section, “eligible rehabilitation” means an improvement to housing to maintain the housing in a decent, safe, and sanitary condition or to restore it to that condition if the improvement is the removal of lead paint, asbestos, mold, or other internal environmental contamination in accordance with applicable local, state, and federal laws and regulations or constitutes a structural improvement, including any of the following:

(a) Repairing or replacing a heating system, electrical system, internal plumbing system, interior wall or ceiling, roof, window, exterior door, or flooring.

(b) Repairing the foundation.

(c) Repairing or replacing insulation or siding.

(2) WORKFORCE HOUSING REHABILITATION LOANS. (a) From the housing rehabilitation loan fund, the authority may make a loan to a person applying for the loan to pay for the cost of eligible rehabilitation to the applicant's home if all of the following apply:

1. The applicant's household annual income does not exceed 120 percent of the area median family income for the county in which the housing is located, adjusted for family size, as published annually by the federal department of housing and urban development.

2. The applicant's home is a single-family residence that the applicant occupies as the applicant's primary residence and that was constructed at least 40 years prior to the date of the applicant's loan application.

3. The applicant agrees to the terms of the loan, including a requirement to repay the loan by making monthly principal and interest payments so that the loan, including all interest, is fully repaid within the loan term established under subd. 4., a requirement to repay the loan, including all interest, upon the applicant selling or otherwise transferring title to the residence to another person, and all other terms established by the authority.

4. The loan term does not exceed 15 years.

5. The amount of the loan does not exceed \$50,000 or 100 percent of the appraised value of the residence after completion of the eligible rehabilitation, whichever is less.

6. The applicant does not have another loan under this section pending with the authority at the time of application.

7. The applicant's home has not been the subject of a claim for a state or federal historic rehabilitation tax credit, as determined by the authority.

8. The applicant's home has not received financial assistance from tax increments generated by an active tax incremental district.

(b) The authority may establish an interest rate for any loan made under par. (a) at or below the market interest rate or may charge no interest.

(c) If a loan recipient's home contains lead paint, asbestos, or mold, the authority's loan agreement with the recipient shall require the recipient to remediate the hazardous material or condition as required by and in accordance with local, state, and federal laws or regulations.

(3) POLICIES AND PROCEDURES. The authority shall establish policies and procedures to administer the housing rehabilitation loan fund and the program under this section. The policies and procedures shall, to the extent practicable, do all of the following:

(a) Incorporate the authority's policies and procedures for establishing credit underwriting guidelines.

(b) Establish loan repayment requirements.

History: 2021 a. 221; 2023 a. 17.

234.05 Housing development fund; establishment; payments into fund. (1) There is established under the jurisdiction and control of the authority a revolving fund to be known as the "housing development fund".

(2) There shall be paid into the housing development fund:

(a) Any moneys which the authority receives as interest on or in repayment of temporary loans made from the housing development fund;

(b) Any moneys transferred by the authority to the housing development fund from other funds or sources; and

(c) Any other moneys which may be made available to the au-

thority for the purpose of the housing development fund from any other source.

History: 1971 c. 287.

234.06 Use of moneys held in housing development fund; temporary loans; grants. (1) The authority may, as authorized in the state housing strategy plan under s. 16.302, use the moneys held in the housing development fund to make temporary loans to eligible sponsors, with or without interest, and with such security for repayment, if any, as the authority determines reasonably necessary and practicable, solely from the housing development fund, to defray development costs for the construction of proposed housing projects for occupancy by persons and families of low and moderate income. No temporary loan may be made unless the authority may reasonably anticipate that satisfactory financing may be obtained by the eligible sponsor for the permanent financing of the housing project.

(2) The proceeds of the temporary loan may be used only to defray the development costs of the housing project. Each temporary loan shall be repaid in full by the eligible sponsor to the authority concurrent with the receipt by the eligible sponsor of the proceeds of the permanent financing.

(3) The authority may, as authorized in the state housing strategy plan under s. 16.302, use the moneys held in the housing development fund to establish and administer programs of grants to counties, municipalities, and eligible sponsors of housing projects for persons of low and moderate income, to pay organizational expenses, administrative costs, social services, technical services, training expenses, or costs incurred or expected to be incurred by counties, municipalities, or sponsors for land and building acquisition, construction, improvements, renewal, rehabilitation, relocation, or conservation under a plan to provide housing or related facilities, if the costs are not reimbursable from other private or public loan, grant, or mortgage sources.

History: 1971 c. 287; 1981 c. 349; 1985 a. 29 ss. 2118, 3202 (14); 1991 a. 39; 2003 a. 33; 2011 a. 32.

234.07 Limited-profit entity; distributions. (1) Except as provided in sub. (2), a limited-profit entity which receives loans from the authority may not make distributions, other than from funds contributed to the limited-profit entity by stockholders, partners, members or holders of beneficial interest in the limited-profit entity, in any one year with respect to a project financed by the authority in excess of 6 percent of its equity in such project on a cumulative basis. The equity in a project shall consist of the difference between the amount of the mortgage loan and the total project cost. Total project cost shall include construction or rehabilitation costs including job overhead and a builder's and sponsor's profit and risk fee, architectural, engineering, legal and accounting costs, organizational expenses, land value, interest and financing charges paid during construction, the cost of landscaping and off-site improvements, whether or not such costs have been paid in cash or in a form other than cash. With respect to every project the authority shall, pursuant to rules adopted by it, establish the entity's equity at the time of making of the final mortgage advance and, for purposes of this section, that figure shall remain constant during the life of the authority's loan with respect to such project. Upon the dissolution of the limited-profit entity any surplus in excess of the distributions allowed by this section shall be paid to the authority. For this purpose surplus shall not be deemed to include any increase in net worth of any limited-profit entity by reason of a reduction of mortgage indebtedness, by amortization or similar payments or by reason of the sale or disposition of any assets of a limited-profit entity to the extent such surplus can be attributed to any increase in market value of any real or tangible personal property

accruing during the period the assets were owned and held by the limited-profit entity.

(2) If a limited-profit entity agrees to provide housing for low-income and moderate-income persons until the end of the maximum term of a mortgage that the limited-profit entity gives the authority, a limited-profit entity that receives a loan from the authority may not make distributions, other than from funds contributed to the limited-profit entity by stockholders, partners, members or holders of a beneficial interest in the limited-profit entity, in any one year with respect to a project financed by the authority in excess of 12 percent of its equity in the project on a cumulative basis.

History: 1971 c. 287; 1989 a. 346.

“Limited-profit entity” has meaning only with reference to WHEDA’s loan to it. The entity terminates when the loan is satisfied and nothing remains to be done except to dispose of what remains in the hands of the entity, the surplus in excess of allowed distributions under sub. (1), which must be returned to WHEDA. *WHEDA v. Bay Shore Apartments*, 200 Wis. 2d 129, 546 N.W.2d 480 (Ct. App. 1996), 93-1825.

The determination of the mortgagor’s equity under sub. (1) is set at closing and may not be changed subsequently if additional costs to the owner are discovered. The limitation of distributions beyond 6 percent of equity prevents distribution of interest on escrowed funds where the limit would be exceeded. *Messner Manor Associates v. WHEDA*, 204 Wis. 2d 492, 555 N.W.2d 156 (Ct. App. 1996), 95-2642.

234.08 Notes and bonds; issuance; status. (1) The authority may issue its negotiable notes and bonds in such principal amount, as, in the opinion of the authority, is necessary to provide sufficient funds for achieving its corporate purposes, including the purchase of certain mortgages and securities and the making of secured loans for low- and moderate-income housing, for the rehabilitation of existing structures and for the construction of facilities appurtenant thereto as provided in this chapter; for the making of secured loans to assist eligible elderly homeowners in paying property taxes and special assessments; for the payment of interest on notes and bonds of the authority during construction; for the establishment of reserves to secure such notes and bonds; for the provision of moneys for the housing development fund in order to make temporary loans to sponsors of housing projects as provided in this chapter; and for all other expenditures of the authority incident to and necessary or convenient to carry out its corporate purposes and powers.

(2) The authority may issue renewal notes, issue bonds to pay notes and whenever it deems refunding expedient, refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and issue bonds partly to refund bonds then outstanding and partly for any other purpose. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds to be refunded.

(3) Except as may otherwise be expressly provided by the authority, every issue of its notes or bonds shall be general obligations of the authority payable out of any revenues or moneys of the authority, subject only to any agreements with the holders of particular notes or bonds pledging any particular receipts or revenues.

(4) All notes or bonds shall be negotiable investment securities under ch. 408.

(5) This section does not supersede or impair the power of the Wisconsin Economic Development Corporation to carry out its program responsibilities relating to economic development which are funded by bonds or notes issued under this section.

(6) The authority may reimburse the Wisconsin Economic Development Corporation its operating costs to carry out its program responsibilities relating to economic development which are funded by bonds or notes issued under this section.

(7) The authority may, by resolution before issuance, declare

any issue of its bonds or notes to be subject to federal income taxation.

234.09 Same; authorization; terms. The notes and bonds shall be authorized by resolution of the members of the authority; shall bear such date or dates, and shall mature at such time or times, in the case of any note, or any renewal thereof, not exceeding 5 years, from the date of issue of such original note, and in the case of any bond not exceeding 50 years from the date of issue, as the resolution provides. The notes and bonds shall bear interest at such rate or rates, be in such denominations of \$1,000 or more, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place and be subject to such terms of redemption as the resolution provides. The bonds may be issued as serial bonds payable in annual installments or as term bonds or as a combination thereof. The notes and bonds of the authority may be sold by the authority, at public or private sale, at the price determined by the authority.

History: 1971 c. 287.

234.10 Same; resolution authorizing issuance, contents. Any resolution authorizing any notes or bonds or any issue thereof may contain provisions, which shall be a part of the contract with the holders thereof, as to:

(1) Pledging all or any part of the fees and charges made or received by the authority, and all or any part of the moneys received in payment of mortgage loans and interest thereon, and other moneys received or to be received, to secure the payment of the notes or bonds or of any issue thereof, and subject to such agreements with bondholders or noteholders as may then exist.

(2) Pledging all or any part of the assets of the authority, including mortgages and obligations securing the same, to secure the payment of the notes or bonds or of any issue of notes or bonds, subject to such agreements with noteholders or bondholders as may then exist.

(3) Pledging of any loan, grant or contribution from the federal or state government, any political subdivision of the state or source in aid of such development as provided for in this chapter.

(7) Limitations on the issuance of additional notes or bonds; the terms upon which additional notes or bonds may be issued and secured; the refunding of outstanding or other notes or bonds.

(8) The procedure, if any, by which the terms of any contract with noteholders or bondholders may be amended or abrogated, the amount of notes or bonds the holders of which must consent thereto, and the manner in which such consent may be given.

(9) Vesting in a trustee such property, rights, powers and duties in trust as the authority determines, which may include any or all of the rights, powers and duties of the trustee appointed by the noteholders or bondholders pursuant to s. 234.20 and limiting or abrogating the right of the noteholders or bondholders to appoint a trustee under s. 234.20 or limiting the rights, powers and duties of such trustee, in which event s. 234.20 shall not apply.

(10) Any other matters, of like or different character, which in any way affect the security or protection of the notes or bonds.

History: 1971 c. 287.

234.11 Same; validity and effect of pledge. Any pledge made by the authority shall be valid and binding from the time when the pledge is made; the moneys or property so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

History: 1971 c. 287.

234.12 Same; personal liability of members of authority. Neither the members of the authority nor any person executing the notes or bonds shall be liable personally on the notes or bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

234.135 Same; purchase; cancellation. (1) The authority may purchase any notes or bonds of the authority. The authority may hold or sell, in whole or in part and separately or together with other notes or bonds of the authority, notes or bonds purchased under this subsection.

(2) Subject to such agreements with noteholders or bondholders as may then exist, any notes or bonds purchased and held by the authority under sub. (1) may, upon the affirmative designation of the authority, be canceled, in whole or in part, at the time specified in the authority's designation.

History: 2017 a. 277; 2021 a. 238 s. 45.

234.14 Same; liability of state. The state shall not be liable on notes or bonds of the authority and such notes and bonds shall not be a debt of the state. All notes and bonds of the authority shall contain on the face thereof a statement to such effect.

History: 1971 c. 287.

234.15 Capital reserve funds. (1g) In this section, "capital reserve fund requirement" means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which a capital reserve fund is established, which amount shall not exceed the maximum annual debt service on the bonds of the authority for that fiscal year or any future fiscal year of the authority secured in whole or in part by the capital reserve fund.

(1r) The authority shall establish one or more special funds to secure its bonds, referred to in this chapter as capital reserve funds, and shall pay into each such capital reserve fund any moneys appropriated and made available by the state for the purposes of such fund, any proceeds of sale of notes or bonds, to the extent provided in the resolution of the authority authorizing the issuance thereof and any other moneys which are made available to the authority for the purpose of such fund from any other source.

(2) All moneys held in any capital reserve fund, except as otherwise specifically provided, shall be used, as required, solely for the payment of the principal of bonds of the authority secured in whole or in part by such fund or of the sinking fund payments mentioned in this section with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; but, if moneys in such fund at any time are less than the capital reserve fund requirement established for such fund as provided in this section, the authority shall not use such moneys for any optional purchase or optional redemption of such bonds. Any income or interest earned by, or increment to, any capital reserve fund due to

the investment thereof may be transferred by the authority to other funds or accounts of the authority to the extent such transfer does not reduce the amount of such capital reserve fund below the capital reserve fund requirement for such fund.

(3) (a) The authority shall not at any time issue bonds, secured in whole or in part by a capital reserve fund if upon the issuance of the bonds, the amount in the capital reserve fund will be less than the capital reserve fund requirement of the capital reserve fund, unless the authority, at the time of issuance of the bonds, deposits in the capital reserve fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in the capital reserve fund, will not be less than the capital reserve fund requirement for the capital reserve fund. The annual debt service for any fiscal year is the amount of money equal to the aggregate of all of the following:

1. All interest payable during the fiscal year on all bonds secured in whole or in part by the capital reserve fund outstanding on the date of computation.

2. The principal amount of all bonds described in subd. 1. outstanding on the date of computation which mature during the fiscal year, plus

3. All amounts specified in any resolution of the authority authorizing any of the bonds described in subd. 1. as payable during the fiscal year as a sinking fund payment with respect to any of the bonds which mature after the fiscal year.

(b) The annual debt service calculation made under par. (a) shall be calculated on the assumption that the bonds will after the date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due and application in accordance with the resolution authorizing those bonds, of all of the sinking fund payments payable at or after the date of computation. However, in computing the annual debt service for any fiscal year, bonds considered to have been paid in accordance with the defeasance provisions of the resolution of the authority authorizing the issuance thereof shall not be included in bonds outstanding on the date of computation.

(4) To assure the continued operation and solvency of the authority for the carrying out of the public purposes of this chapter, the authority shall accumulate in each capital reserve fund an amount equal to the capital reserve fund requirement for such fund. If at any time the capital reserve fund requirement for any capital reserve fund exceeds the amount of such capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance the amount necessary to restore such capital reserve fund to an amount equal to the capital reserve fund requirement in respect thereto. If such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the appropriate capital reserve fund of the authority. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

(5) In computing the amount of any capital reserve fund for the purposes of this section, securities in which all or a portion of such capital reserve fund is invested shall be valued at par, or if purchased at less than par, at their cost to the authority.

(6) Notwithstanding subs. (1r) to (5), the authority, subject to such agreements with noteholders or bondholders as may then exist, may elect not to secure any particular issue of its bonds with a capital reserve fund. Such election shall be made in the resolu-

tion authorizing such issue. In this event, subs. (2) and (3) shall not apply to the bonds of such issue in that they shall not be entitled to payment out of or be eligible for purchase by any such fund nor shall they be taken into account in computing or applying any capital reserve fund requirement.

History: 1971 c. 287; 1973 c. 208; 1975 c. 221; 1995 a. 225; 1997 a. 35.

234.16 General reserve fund. The authority shall establish a special fund, referred to in this chapter as general reserve fund, and shall pay into such fund all fees and charges collected by the authority and any moneys which the authority transfers from the capital reserve fund. Such moneys and any other moneys paid into the general reserve fund, in the discretion of the authority but subject to agreements with bondholders and noteholders, may be used by the authority:

(1) For the repayment of advances from the state in accordance with the repayment agreements between the authority and the secretary of administration;

(2) To pay all costs, expenses and charges of financing, including fees and expenses of trustees and paying agents;

(3) For transfers to the capital reserve fund;

(4) For the payment of the principal of and interest on notes or bonds issued by the authority when the same become due whether at maturity or on call for redemption and for the payment of any redemption premium required to be paid where such bonds or notes are redeemed prior to their stated maturities, and to purchase notes or bonds; or

(5) For such other corporate purposes of the authority as the authority in its discretion determines.

History: 1971 c. 287.

234.165 Authority surplus fund. (1) The authority shall continue the authority surplus fund established under its resolutions authorizing the issuance of its bonds or notes before May 8, 1982.

(2) (a) In this subsection, “surplus” means assets of the authority which are not required to pay the cost of issuance of bonds or notes of the authority, to make financially feasible economic development loans and housing projects receiving proceeds from authority bond or note issues or to honor agreements with bondholders and noteholders.

(b) 1. Annually before August 31 the chairperson of the authority shall certify and file with the secretary of administration a report of the actual surplus available on the preceding June 30 and the surplus projected by the authority to be available on the succeeding June 30. Together with this report, the chairperson of the authority shall report, as of the preceding June 30:

a. The amount or value and an explanation of all short-term deferred receivables and property of the authority and any amounts reserved to cover any deficiency in operating revenue or to fund the replacement or maintenance of assets of the authority.

b. The amount reserved to be used for loans and other expenditures under each plan approved under this subsection in each prior year.

bm. The amount reserved to be used for loans and other expenditures under any plan approved under this subsection that has been loaned or expended or that has been returned to the surplus since the effective date of the plan submitted under this subsection in the previous year.

c. The amount reserved to be used for loans and other expenditures under any plan approved under this subsection in any prior year that is not legally obligated to be paid to a party other than the authority, the planned use of each such amount, and the

projected date by which any such amount that is not used in accordance with the plan approved for its use will become a part of the authority’s surplus.

cm. The amount reserved to be used for loans and other expenditures under any plan approved under this subsection in any prior year that have been approved by the authority but for which the authority has not yet signed a contract, the planned use of each such amount, and the projected date by which any such amount that is not used in accordance with the plan approved for its use will become a part of the authority’s surplus.

d. The actual surplus that became available on the preceding June 30, together with the projected surplus for that date as contained in the authority’s report under this subdivision in the previous year.

2. Annually before August 31 the authority shall submit to the governor a plan for expending or encumbering the actual surplus reported under subd. 1. The part of the plan related to housing shall be consistent with the state housing strategy plan under s. 16.302. The plan submitted under this subdivision may be attached to and submitted as a part of the report filed under subd. 1.

3. Within 30 days after receiving the plan under subd. 2., the governor may modify the plan and shall submit the plan as modified to the presiding officer of each house of the legislature, who shall refer the plan to appropriate standing committees within 7 days, exclusive of Saturdays, Sundays and legal holidays.

4. The standing committee review period extends for 30 days after the plan is referred to it. If within the 30-day period a standing committee requests the authority to meet with it to review the plan, the standing committee review period is continued until 30 days after the request. If a standing committee and the governor agree to modifications in the plan, the review period for all standing committees is continued until 10 days after receipt by the committees of the modified plan.

5. The plan or modified plan is approved if no standing committee objects to the plan or modified plan within its review period. If a standing committee objects to the plan or modified plan, it shall refer the parts to which objection was made to the joint committee on finance.

6. The joint committee on finance shall meet in executive session within 30 days after referral by a standing committee, but may take action any time after referral. Joint committee on finance action shall consist of concurrence in standing committee objections, modifications to the parts referred to it which are approved by the governor or approval of the plan or modified plan notwithstanding standing committee objections.

7. The plan is not effective until approved or modified under this paragraph.

(c) Surplus may be expended or encumbered only in accordance with the plan approved under par. (b), except that the authority may transfer from one plan category to another:

1. Not more than 5 percent of the funds allocated to the plan category from which the transfer is made.

2. More than 5 percent of the funds allocated to the plan category from which the transfer is made, if the authority obtains the approval of the secretary of administration and notifies the joint committee on finance of the proposed transfer.

(d) The authority shall allocate a portion of its surplus in a plan prepared under par. (b) to match federal funds available to this state under the Stewart B. McKinney homeless assistance act, 42 USC 11361 to 11402, and to match federal funds available to this state under the home investment partnership program, 42 USC 12741 to 12756.

(dm) The authority shall allocate a portion of its surplus in a

plan prepared under par. (b) to the property tax deferral loan program under ss. 234.621 to 234.626.

234.17 Repayment to general fund. (1) The authority shall repay the amounts appropriated under s. 20.143 (1) (a), 1971 stats., to the general fund from that portion of the authority's surplus, if any, as is determined by agreement between the authority and the secretary of administration.

(2) By July 31, 2005, July 31, 2006, and July 31, 2007, the authority shall pay into the state treasury an amount equal to the cost to the state of the tax exemption under ss. 71.05 (1) (c) 1m., 71.26 (1m) (em), and 71.45 (1t) (em) in the previous taxable year, as determined jointly by the secretary of administration and the authority.

234.18 Limit on amount of outstanding bonds and notes. (1) The authority may not issue notes and bonds that are secured by a capital reserve fund to which s. 234.15 (4) applies if, upon issuance, the total aggregate outstanding principal amount of notes and bonds that are secured by a capital reserve fund to which s. 234.15 (4) applies would exceed \$600,000,000. This section does not apply to bonds and notes issued to refund outstanding notes and bonds.

(g) "Median income" means the median family income for the area in which the residence is located or the median family income for the state, whichever is greater.

The contracts may include the responsibilities of the authorized lenders with respect to credit evaluations, financial eligibility determinations, valuation of the housing for which the loan is to be made, collection procedures in the event of delinquent loan repayments and other functions which the authority may require. Such contracts may provide for the payment of a fee for originating such loans or for servicing such loans.

6. To enter into contracts or agreements with authorized lenders and sponsors providing for the maximum and minimum acceptable rates of interest to be charged for various classifications of housing rehabilitation loans. In no event may the stated rate of interest on any housing rehabilitation loan under this section exceed the greater of 8 percent per year or 3 percent plus the rate necessary to fully repay interest and principal on housing rehabilitation loan program bonds issued pursuant to s. 234.50.

234.54 Housing rehabilitation loan program capital reserve fund. **(1g)** In this section, “capital reserve fund requirement” means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which the housing rehabilitation loan program capital reserve fund is established, which amount may not exceed the maximum annual debt service on the bonds of the authority for that calendar year or any future calendar year secured in whole or in part by the housing rehabilitation loan program capital reserve fund.

(1r) The authority shall establish the housing rehabilitation loan program capital reserve fund to secure the bonds issued under the authority of s. 234.50, and shall pay into such fund any moneys appropriated and made available by the state for the purposes of such fund, any proceeds of sale of housing rehabilitation bonds to the extent provided in the resolution of the authority authorizing the issuance thereof and any other moneys which are made available to the authority for the purpose of such fund from any other source.

(2) All moneys held in the housing rehabilitation loan program capital reserve fund, except as otherwise specifically provided, shall be used, as required, solely for the payment of the principal of bonds of the authority secured in whole or in part by such fund or of sinking fund payments with respect to such bonds, the purchase or redemption of such bonds, the payment of

interest on such bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; but, if moneys in such fund at any time are less than the capital reserve fund requirement established for such fund as provided in this section, the authority shall not use such moneys for any optional purchase or optional redemption of such bonds. Any income or interest earned by, or increment to, the capital reserve fund due to the investment thereof may be transferred by the authority to other housing rehabilitation loan program funds or accounts of the authority to the extent such transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement for the fund.

(3) (a) The authority may not issue bonds, secured in whole or in part by the capital reserve fund if upon the issuance of such bonds, the amount in the capital reserve fund will be less than the capital reserve fund requirement of the capital reserve fund, unless the authority, forthwith upon the issuance of the bonds, deposits in the capital reserve fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in the capital reserve fund, will not be less than the capital reserve fund requirement for the fund. The annual debt service for any calendar year is the amount of money equal to the aggregate of all of the following:

1. All interest payable during the calendar year on all bonds secured in whole or in part by the capital reserve fund outstanding on the date of computation.

2. The principal amount of all bonds described in subd. 1. outstanding on the date of computation which mature during the calendar year.

3. All amounts specified in any resolution of the authority authorizing any of the bonds described in subd. 1. as payable during the calendar year as a sinking fund payment with respect to any of the bonds which mature after the calendar year.

(b) The annual debt service calculation made under par. (a) shall be calculated on the assumption that the bonds will after the date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due and application in accordance with the resolution authorizing those bonds, of all of the sinking fund payments payable at or after the date of computation. However, in computing the annual debt service for any calendar year, bonds considered to have been paid in accordance with the defeasance provisions of the resolution of the authority authorizing the issuance thereof may not be included in bonds outstanding on the date of computation.

(4) (a) To assure the continued operation and solvency of the authority for the carrying out of the public purposes of this chapter, the authority shall accumulate in the capital reserve fund an amount equal to the capital reserve fund requirement for such fund.

(b) If at any time the capital reserve fund requirement for the capital reserve fund exceeds the amount of such capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance the amount necessary to restore such capital reserve fund to an amount equal to the capital reserve fund requirement in respect thereto. If such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the capital reserve fund. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

(c) Paragraph (b) applies only to bonds issued before December 31, 1983.

(5) In computing the amount of the capital reserve fund for the purposes of this section, securities in which all or a portion of such capital reserve fund is invested shall be valued at par, or if purchased at less than par, at their cost to the authority, adjusted to reflect the amortization of discount or premium paid upon their purchase.

(6) Notwithstanding subs. (1r) to (5), the authority, subject to such agreements with bondholders as may then exist, may elect not to secure any particular issue or series of its bonds with the capital reserve fund. Such election shall be made in the resolution authorizing such issue or series. In this event, subs. (2) and (3) shall not apply to the bonds of such issue or series in that they shall not be entitled to payment out of or be eligible for purchase by such fund nor may they be taken into account in computing or applying any capital reserve fund requirement.

All housing rehabilitation loans purchased with moneys from the housing rehabilitation loan fund or notes evidencing loans to lenders from such fund for housing rehabilitation loans shall be the exclusive property of such redemption fund. All moneys received from the repayment of such loans, any amounts transferred by the authority to such fund pursuant to s. 234.52 or from other funds or sources, any federal insurance or guarantee payments with respect to such loans, all moneys resulting from the sale of bonds for the purpose of refunding outstanding housing rehabilitation bonds unless credited to the housing rehabilitation loan program capital reserve fund, any other moneys which may be available to the authority for the purpose of such fund, and all moneys received from the repayment of loans provided under ss. 234.045 and 234.53 (2m) shall be deposited into such fund to be used for the repayment of housing rehabilitation bonds issued under the authority of s. 234.50.

(2) Subject to agreements with bondholders and except as provided in sub. (3), the authority may use moneys in the fund solely:

(a) For the payment of the principal of and interest on housing rehabilitation bonds of the authority when the same become due whether at maturity or on call for redemption and for the payment of any redemption premium required to be paid when such bonds are redeemed prior to their stated maturities, and to purchase such bonds;

(b) To pay actual and necessary expenses incurred to service and administer outstanding housing rehabilitation bonds, including fees and expenses of trustees and paying agents, and to collect housing rehabilitation loans;

(c) For transfer to the housing rehabilitation loan program loan loss reserve fund; or

(d) For transfer to the housing rehabilitation loan fund.

(3) Any balance remaining after satisfaction of all obligations under sub. (2) shall be transferred to the housing rehabilitation loan program administration fund.

(4) Moneys of the fund may be invested as provided in s. 234.03 (18). All such investments shall be the exclusive property of the fund. All earnings on or income from such investments shall be credited to the fund.

234.621 Property tax deferral loans; purpose. The legislature finds that older individuals who have resided in their homes for a substantial period of time have found it difficult to remain in their own homes because their incomes are insufficient to cover property taxes, which have risen as the value of their homes has increased. The legislature finds that it is in the public interest and that it serves a statewide public purpose to create a program whereby lien-creating loans are made to low- and moderate-income elderly homeowners for the purpose, and only for the purpose, of enabling individuals to pay local, general property taxes and special assessments on their homes so that more of these individuals can remain in their homes.

Upon approval of the application, and if the co-owner is 65 years of age or older, the co-owner shall become a participant in the program and shall qualify for program loans. A co-owner who has not attained the age of 65 at the time of application under this section may assume the account of a participant but shall not become a participant or qualify for program loans until the co-owner attains the age of 65.

234.625 Program operation. (1) The authority shall enter into agreements with participants and their co-owners to loan funds to pay property taxes and special assessments on their qualifying dwelling units. The maximum loan under ss. 234.621 to 234.626 in any one year is limited to the lesser of \$3,525 or the amount obtained by adding the property taxes levied on the qualifying dwelling unit for the year for which the loan is sought, the special assessments levied on the dwelling unit, and the interest and penalties for delinquency attributable to the property taxes or special assessments. Loans shall bear interest at a rate equal to the prime lending rate at the time the rate is set, as reported by the federal reserve board in federal reserve statistical release H. 15, plus 1 percent. The executive director shall set the rate no later than October 15 of each year, and that rate shall apply to loans made in the following year.

(2) The authority shall have all powers under s. 234.03 that are necessary or convenient to the operation of a loan program, including, without limitation because of enumeration, the power to enter into contracts, to pay or be paid for the performance of services, to exercise all rights of a lienholder under subch. I of ch. 779 and to perform other administrative actions that are necessary in the conduct of its duties under ss. 234.621 to 234.626.

(3) The authority shall adopt rules and establish procedures under which applications for loans may be submitted, reviewed and approved; under which repayment of loans are to be ob-

tained; under which disputes and claims are to be settled; and under which records are to be maintained.

(4) The authority shall enter into loan agreements with participants and co-owners who agree to all of the following:

(b) That the loan shall be due and payable upon the occurrence of any of the following events:

1. Transfer of the qualifying dwelling unit by any means except upon transfer to a co-owner who resides in the unit and who is permitted to assume the participant's account as provided in s. 234.624.

2. The death of the participant if the participant is the sole owner.

3. The death of the last surviving co-owner who owns the qualifying dwelling unit.

4. The authority discovers that the participant or a co-owner has made a false statement on the application or otherwise in respect to the program.

5. The condemnation or involuntary conversion of the qualifying dwelling unit.

6. The participant ceases to meet the eligibility requirements of s. 234.623, except as provided in sub. (5).

7. The participant fails to comply with par. (d).

8. At the participant's or co-owner's election, at any time before any of the events under subds. 1. to 7. occurs.

9. If the participant is a veteran, as defined in s. 45.01 (12) (a) to (f), who is not 65 years of age or older, at a time before any of the events under subds. 1. to 7. occurs, as determined under policies and procedures established by the authority.

(c) To pay, upon repayment of the loan, interest specified in the loan agreement.

(d) To limit the outstanding liens and judgments on the qualifying dwelling unit to no more than the permitted obligations.

(5) If a participant in the program ceases to meet the eligibility requirements of this section, the authority, rather than demanding repayment under sub. (4) (b), may allow the participant to continue in the program, may allow the participant to continue in the program but be ineligible for additional loans, or may require partial settlement. The authority may also allow co-owners to be added to the loan agreement if, in the judgment of the executive director, the addition of co-owners does not significantly increase the authority's exposure to risk under the loan agreement.

(6) At any time after an application is filed, the authority may verify the correctness of the application and any other information regarding the eligibility of the participant. If the authority finds that at the time a participant received a loan the participant was not eligible under the program, the authority shall notify the participant and may require repayment of the loan as determined by the authority.

(7) The authority, its agents or representatives may examine the books and records of an applicant under this subchapter or other sources of information bearing on the application to verify the information provided by an applicant, may require the production of books, records and memoranda and may require testimony and proof relevant to its investigation. If a person fails to furnish information requested by the authority to verify the correctness of the application, the authority may reject the application.

(9) Upon the making of the initial loan, a nonconsensual statutory lien in favor of the authority to secure payment of the principal, interest, fees and charges due on all loans, including loans made after the lien is filed, to the participant made under ss. 234.621 to 234.626 shall attach to the qualifying dwelling unit in respect to which the loan is made. The qualifying dwelling unit shall remain subject to the statutory lien until the payment in full

of all loans and charges. If the authority funds such loans from the proceeds of notes or bonds under s. 234.626, its right under the lien shall automatically accrue to the benefit of the holders of those notes or bonds, without any action or assignment by the authority. When a loan becomes due and payable, the statutory lien hereby conferred may be enforced by the authority or the holders of the notes or bonds or their representative, as the case may be, in the same manner as a construction lien under ss. 779.09 to 779.12, except that neither the participant nor any co-owners or their personal representatives, successors or assigns shall be personally liable for any deficiency which may arise from the sale. At the time of disbursing the initial loan to a participant, the authority shall record with the register of deeds of the county in which the qualifying dwelling unit is located, on a form prescribed by the authority which shall contain a legal description of the qualifying dwelling unit, a notice of the loan made under ss. 234.621 to 234.626 and the existence of the statutory lien arising therefrom. The register of deeds shall record the notice in the land records and index it in the indexes maintained by the register of deeds. The statutory lien created by this section shall have priority over any lien that originates subsequent to the recording of the notice.

(10) If the property taxes or special assessments are paid, using a loan made under ss. 234.621 to 234.626, after the taxes or assessments are due, the participant shall be liable for interest and penalty charges for delinquency under ch. 74. Subject to sub. (1), the principal amount of loans made under this program may include delinquency charges.

234.626 Loan funding. (1) Loans made or authorized to be made under ss. 234.621 to 234.626 may be funded from the proceeds of notes and bonds issued subject to and in accordance with ss. 234.08 to 234.14 and from the fund under s. 234.165.

(2) The authority may create a system of funds and accounts, separate and distinct from all other funds and accounts of the authority, consisting of moneys received from notes and bonds, all revenues received in the repayment of loans made under ss. 234.621 to 234.626, except as provided in sub. (2m), and any other revenues dedicated to it by the authority. The authority may pledge moneys and revenues received or to be received by this system of funds and accounts to secure bonds or notes issued for the program. The authority shall have all other powers necessary and convenient to distribute the proceeds of the bonds, notes and loan repayments in accordance with its powers under this chapter.

(2m) Revenues received in the repayment of loans made under s. 234.165 shall be paid into the fund under s. 234.165.

(3) The authority may enter into agreements with the federal government, its agencies, agencies or political subdivisions of this state or private individuals or entities to insure or in other manner provide additional security for the loans or bonds or notes issued under this section.

(4) The authority may adopt rules that restrict eligibility in addition to the requirements of s. 234.623 or require the provision of additional security if, in the executive director's judgment, the rules or security are required for the satisfactory issuance of bonds or notes.

(5) Bonds or notes issued for loans under this section shall not exceed \$10,000,000 in principal amount, excluding obligations issued to refund outstanding bonds or notes.

(6) Unless otherwise expressly provided in resolutions authorizing the issuance of bonds or notes or in other agreements with the holders of bonds or notes, each bond or note issued shall be

on a parity with every other bond or note issued for the funding of loans under ss. 234.621 to 234.626.

(7) Recognizing its moral obligation to do so, the legislature expresses its expectation and aspiration that, if ever called to do so, it shall make an appropriation to make the authority whole for defaults on loans issued under ss. 234.621 to 234.626.

History: 1981 c. 20; 1983 a. 36 s. 96 (3); 1985 a. 29; 1991 a. 269 ss. 510ui to 510up; Stats. 1991 s. 16.997; 1993 a. 16 ss. 130z, 3051p; Stats. 1993 s. 234.626; 1993 a. 490.

234.65 Economic development. (1) (a) The authority may issue its negotiable bonds and notes to finance its economic development activities authorized or required under this chapter, including financing economic development loans.

(b) The limits in ss. 234.18, 234.40, 234.50, 234.60, and 234.61 do not apply to bonds or notes issued under this section.

(c) 1. The authority may issue not more than \$150,000,000 in aggregate principal amount of bonds and notes under this section, excluding bonds and notes issued to refund outstanding bonds or notes issued under this section, in each of the 3 consecutive fiscal years beginning after April 20, 2012, and, except as provided in subd. 2., may not issue bonds and notes under this section after the last day of the 3rd fiscal year that begins after April 20, 2012.

2. If, before July 1, 2018, and before every 4th July 1 thereafter, the authority determines that a continuation of the program under this section will promote significant economic development in this state, the authority may seek approval from the joint committee on finance to issue additional bonds and notes under this section by submitting to the committee a written request that specifies an aggregate principal amount of requested issuance authority and states the reasons supporting the authority's determination that the issuance of additional bonds and notes will promote significant economic development in this state. The written request may be made up to 60 days in advance of the applicable July 1. If, within 14 working days after the date of that written request, the cochairpersons of the committee do not notify the authority that the committee has scheduled a meeting to review the authority's proposal to issue additional bonds and notes under this section as proposed in the authority's written request, excluding bonds and notes issued to refund outstanding bonds or notes issued under this section. If, within 14 working days after the date of that written request, the cochairpersons of the committee notify the authority that the committee has scheduled a meeting to review the authority's proposal to issue additional bonds and notes under this section, the authority may issue bonds and notes under this section only upon approval of the committee.

(d) Section 234.15 does not apply to bonds or notes issued under this section, and any bond or note issued under this section shall contain on its face a statement to that effect.

(dm) The authority has no moral or legal obligation or liability to any borrower under this section except as expressly provided by written contract.

(g) In granting loans under this section the authority shall give preference to businesses which are more than 50 percent owned or controlled by women or minorities, to businesses that, together with all of their affiliates, subsidiaries and parent companies, have current gross annual sales of \$5,000,000 or less or that employ 250 or fewer persons and to new businesses that have less than 50 percent of their ownership held or controlled by another business and have their principal business operations in this state.

(1m) The authority shall adopt procedures to implement sub. (3).

(2) (a) The authority may finance an economic development loan only after considering all of the following:

This restriction shall be recorded against the residential property with the applicable register of deeds and shall run with the land.

c. With respect to each loan under this subsection for workforce housing or senior housing intended for rent, that the owner of the rental housing, for a period commencing on the date of the loan and concluding 10 years following initial occupancy of all of the rental units constructed in connection with the loan, shall annually submit to the authority a certified rent roll for the housing that sets forth for each rental unit the monthly rent required under the lease, the actual monthly rent received for the preceding year, and an identification of the utilities and their amounts included in the rent. This restriction shall be recorded against the residential property with the applicable register of deeds and shall run with the land. The authority shall use the information provided under this subd. 1. c. to confirm that the rental housing continues to meet the housing costs limitation for purposes of sub. (1) (h) and (i) 1. The authority shall calculate the applicable monthly limitation on housing costs for each year by dividing the area median income for the year by 12, with family size determined using the federal imputed income limitation, as defined in 26 USC 42 (g) (2) (C). If in any year the area median income has decreased compared to the prior year, the applicable housing cost limitation shall be calculated based on the most recent area median income information prior to such decrease. The authority shall keep confidential all information an owner of rental housing submits to the authority under this subd. 1. c.

d. With respect to each loan under this subsection for workforce housing or senior housing intended to be owner-occupied, that for the 10-year period commencing immediately after the de-

veloper closes on the sale of the housing to the initial owner-occupier, the housing shall remain owner-occupied and may not be sold for a price that exceeds the price charged by the developer to the initial owner-occupier, adjusted annually by the average compounded annual percentage increase in the sale price of all residential housing in the county in which the housing is located, as determined by the authority. These restrictions shall be recorded against the residential property with the applicable register of deeds and shall run with the land. For the 10-year period, the authority shall publish on its website the acceptable sales price range for the residential property.

2. Any restriction recorded against the property under subd. 1. shall terminate on the date the property is acquired by foreclosure, or by an instrument in lieu of foreclosure, unless the authority determines that the acquisition is part of an arrangement a purpose of which is to terminate the restriction.

(h) In addition to other criteria explicitly provided for under this subsection, in awarding each loan under this subsection, the authority shall take into account only the following in descending order of priority:

1. Credit risk, collateral, and the need for a loan guarantee.
2. The estimated reduction in housing costs.
3. The need for workforce housing or senior housing in the area.

(5) LOANS TO GOVERNMENTAL UNITS. (a) If the authority awards a loan to a developer for an eligible project under sub. (4), the authority may award a loan from the residential housing infrastructure revolving loan fund to the eligible governmental unit having jurisdiction over the eligible project. The eligible governmental unit may use proceeds of a loan awarded under this subsection to cover public infrastructure costs incurred by the governmental unit in connection with the eligible project that are not directly related to the eligible project itself.

(b) The authority may establish an interest rate for any loan awarded under this subsection at or below the market interest rate or may charge no interest.

(c) No loan awarded under this subsection may exceed 10 percent of the amount of the total cost of development of the residential housing supported by the eligible project.

(a) Incorporate the authority's policies and procedures for establishing credit underwriting guidelines.

(b) Require that the full amount of each loan awarded under sub. (4) is secured by one or more unlimited personal guarantees, unless the developer provides no personal guarantee on any first mortgage for the eligible project and the developer's total debt associated with the project does not exceed 75 percent of the total collateral value of the project, as determined by the authority.

(c) Establish loan repayment requirements.

(6) MARKETING. The authority shall establish and administer a marketing program to advertise the loans available under this section.

(b) Of the amounts deposited in the fund under par. (a) 1. in the 2023-25 fiscal biennium, the authority shall return to the secretary of administration for deposit in the general fund all such amounts not encumbered or expended for an eligible project as of January 1, 2031.

(c) No moneys in the fund may be invested under s. 234.03 (18).

(3) ESTABLISHMENT AND ADMINISTRATION OF REVOLVING LOAN PROGRAM. (a) The authority shall establish and administer a commercial-to-housing conversion revolving loan program for the purpose of awarding loans under this subsection.

(b) From the commercial-to-housing conversion revolving loan fund, the authority may award loans to developers to cover construction costs for an eligible project, including demolition. Any developer may apply to the authority for a loan in accordance with the application process established by the authority under par. (c), but the authority may not award the loan unless the developer and the eligible political subdivision demonstrate to the satisfaction of the authority in one or more forms prescribed by the authority that all of the following apply:

1. The developer has secured the necessary financial resources for the total cost of the eligible project not to be covered by a loan from the authority under this subsection.

2. The developer has secured all applicable federal, state, and local government permits or other approvals for the eligible project.

3. The eligible political subdivision has reduced the cost of residential housing in connection with the eligible project by voluntarily revising zoning ordinances, subdivision regulations, or other land development regulations to increase development density, expedite approvals, reduce impact, water connection, and in-

spection fees, or reduce parking, building, or other development costs with respect to the development of residential housing supported by the project. For purposes of this subdivision, the political subdivision in cooperation with the developer shall submit to the authority a cost reduction analysis in a form prescribed by the authority and signed by the developer and the head of the political subdivision's governing body that shows the cost reduction measures, including time saving measures, undertaken by the political subdivision on or after January 1, 2023, that have reduced the cost of residential housing in connection with the eligible project. The signed analysis shall clearly show for each time saving or cost reduction measure the estimated time or dollar amount saved by the developer and the estimated percentage reduction in housing costs.

4. The eligible political subdivision is in compliance with the requirements under ss. 66.1001, 66.10013, and 66.10014, to the extent those requirements apply to the political subdivision.

5. The eligible political subdivision has updated the housing element of its comprehensive plan under s. 66.1001 (2) (b) within the 5 years immediately preceding the date of the loan application.

(c) The authority shall establish a semiannual application process for the award of loans under this subsection. If in any application cycle there are insufficient moneys available in the commercial-to-housing conversion revolving loan fund to fund all applications that meet the requirements under par. (b) and are otherwise acceptable to the authority, the authority shall prioritize funding loans for eligible projects in eligible political subdivisions that have reduced the cost of residential housing as described in par. (b) 3. but with respect to the political subdivision as a whole.

(d) 1. The authority may establish an interest rate for any loan awarded under this subsection at or below the market interest rate or may charge no interest.

2. No loan awarded under this subsection may exceed \$1,000,000 per eligible project or 20 percent of the total project costs, including any land purchase, whichever is less.

(e) The authority shall set aside 25 percent of all moneys deposited in the fund under sub. (2) (a) 1. in the 2023-25 fiscal biennium for a period of not less than 4 years following June 24, 2023, for loans under this subsection for eligible projects for senior housing. For purposes of this paragraph, if a loan supports both workforce housing and senior housing, the amount of such loan supporting senior housing shall be calculated by prorating the loan amount between the 2 uses based on the number of residential housing units supported by the loan.

(f) The authority shall set aside 30 percent of all moneys deposited in the fund under sub. (2) (a) 1. in the 2023-25 fiscal biennium, including 30 percent of all moneys set aside under par. (e), for a period of not less than 4 years following June 24, 2023, for loans under this subsection to developers for eligible projects in cities, villages, and towns with a population of 10,000 or less. For purposes of this paragraph, if a single loan supports eligible projects in more than one city, village, or town, the amount of such loan attributable to any one city, village, or town shall be calculated by prorating the loan amount between the cities, villages, and towns based on the number of residential housing units supported by the loan.

(g) 1. The authority and each developer receiving a loan under this subsection shall enter into an agreement establishing the term and other conditions of the loan. The agreement shall include, and give the authority the power to enforce, all of the following requirements:

a. That the full amount of the loan shall become due upon

the developer's sale or transfer of all residential housing constructed in connection with the loan.

b. That all residential housing constructed in connection with the loan shall remain workforce housing or senior housing, as applicable, for a period commencing on the date of the loan and concluding 10 years following initial occupancy of the residential housing constructed in connection with the loan. This restriction shall be recorded against the residential property with the applicable register of deeds and shall run with the land.

c. With respect to each loan under this subsection for workforce housing or senior housing intended for rent, that the owner of the rental housing, for a period commencing on the date of the loan and concluding 10 years following initial occupancy of all of the rental units constructed in connection with the loan, shall annually submit to the authority a certified rent roll for the housing that sets forth for each rental unit the monthly rent required under the lease, the actual monthly rent received for the preceding year, and an identification of the utilities and their amounts included in the rent. This restriction shall be recorded against the residential property with the applicable register of deeds and shall run with the land. The authority shall use the information provided under this subd. 1. c. to confirm that the rental housing continues to meet the housing costs limitation for purposes of sub. (1) (h) and (i) 1. The authority shall calculate the applicable monthly limitation on housing costs for each year by dividing the area median income for the year by 12, with family size determined using the federal imputed income limitation, as defined in 26 USC 42 (g) (2) (C). If in any year the area median income has decreased compared to the prior year, the applicable housing cost limitation shall be calculated based on the most recent area median income information prior to such decrease. The authority shall keep confidential all information an owner of rental housing submits to the authority under this subd. 1. c.

d. With respect to each loan under this subsection for workforce housing or senior housing intended to be owner-occupied, that for the 10-year period commencing immediately after the developer closes on the sale of the housing to the initial owner-occupier, the housing shall remain owner-occupied and may not be sold for a price that exceeds the price charged by the developer to the initial owner-occupier, adjusted annually by the average compounded annual percentage increase in the sale price of all residential housing in the county in which the housing is located, as determined by the authority. These restrictions shall be recorded against the residential property with the applicable register of deeds and shall run with the land. For the 10-year period, the authority shall publish on its website the acceptable sales price range for the residential property.

e. If a vacant commercial building contains lead paint, asbestos, or mold, the authority's loan agreement with the developer shall require the developer to remediate the hazardous material or condition as required by and in accordance with local, state, and federal laws or regulations.

2. Any restriction recorded against the property under subd. 1. shall terminate on the date the property is acquired by foreclosure, or by an instrument in lieu of foreclosure, unless the authority determines that the acquisition is part of an arrangement a purpose of which is to terminate the restriction.

(h) In addition to other criteria explicitly provided for under this subsection, in awarding each loan under this subsection, the authority shall take into account only the following in descending order of priority:

1. Credit risk, collateral, and the need for a loan guarantee.
2. The estimated reduction in housing costs.
3. The need for workforce housing or senior housing in the area.

(3m) POLICIES AND PROCEDURES. The authority shall establish policies and procedures to administer the commercial-to-housing conversion revolving loan fund and program under this section. The policies and procedures shall, to the extent practicable, do all of the following:

(a) Incorporate the authority's policies and procedures for establishing credit underwriting guidelines.

(b) Require that the full amount of each loan awarded under sub. (3) is secured by one or more unlimited personal guarantees, unless the developer provides no personal guarantee on any first mortgage for the eligible project and the developer's total debt associated with the project does not exceed 75 percent of the total collateral value of the project, as determined by the authority.

(c) Establish loan repayment requirements.

(4) MARKETING. The authority shall establish and administer a marketing program to advertise the loans available under this section.

3. A description of the eligible project funded with the loan, including whether the project is for workforce housing or senior housing.

4. An identification of the eligible political subdivision with respect to which the loan was awarded.

(c) The number of dwelling units created to date as a result of the loan program, the locations and sale or rental prices of the dwelling units, and whether the dwelling units constitute workforce housing or senior housing.
