5. Notify the commission that the licensee is seeking the compact privilege within a remote state.
6. Pay any applicable fees, including any state fee, for the compact privilege.
7. Report to the commission adverse action taken by any non-member state within 30 days from the date the adverse action is taken.

(b) For the purposes of the compact privilege, an audiologist or speech–language pathologist shall only hold one home state license at a time.

(c) Except as provided in sub. (6), if an audiologist or speech–language pathologist changes primary state of residence by moving between 2 member states, the audiologist or speech–language pathologist must apply for licensure in the new home state, and the license issued by the prior home state shall be deactivated in accordance with applicable rules adopted by the commission.

(d) The audiologist or speech–language pathologist may apply for licensure in advance of a change in primary state of residence.

(e) A license shall not be issued by the new home state until the audiologist or speech–language pathologist provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a license from the new home state.

(f) If an audiologist or speech–language pathologist changes primary state of residence by moving from a member state to a nonmember state, the license issued by the prior home state shall convert to a single–state license, valid only in the former home state.

(g) The compact privilege is valid until the expiration date of the home state license. The licensee must comply with the requirements of par. (a) to maintain the compact privilege in the remote state.

(h) A licensee providing audiology or speech–language pathology services in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(i) A licensee providing audiology or speech–language pathology services in a remote state is subject to that state’s regulatory authority. A remote state may, in accordance with due process and that state’s laws, remove a licensee’s compact privilege in the remote state for a specific period of time, impose fines, and/or take

any other necessary actions to protect the health and safety of its citizens.

(j) If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until all of the following occur:

1. The home state license is no longer encumbered.
2. Two years have elapsed from the date of the adverse action.

(k) Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of par. (a) to obtain a compact privilege in any remote state.

(L) Once the requirements of par. (j) have been met, the licensee must meet the requirements in par. (a) to obtain a compact privilege in a remote state.

(5) COMPACT PRIVILEGE TO PRACTICE TELEHEALTH. Member states shall recognize the right of an audiologist or speech–language pathologist, licensed by a home state in accordance with sub. (3) and under rules promulgated by the commission, to practice audiology or speech–language pathology in any member state via telehealth under a privilege to practice as provided in the compact and rules promulgated by the commission.

(6) ACTIVE DUTY MILITARY PERSONNEL OR THEIR SPOUSES. Active duty military personnel, or their spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state.

(7) ADVERSE ACTIONS. (a) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to do any of the following:

1. Take adverse action against an audiologist’s or speech–language pathologist’s privilege to practice within that member state.
2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

3. Only the home state shall have the power to take adverse action against a audiologist’s or speech–language pathologist’s license issued by the home state.

(b) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(c) The home state shall complete any pending investigations of an audiologist or speech–language pathologist who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any adverse actions.

(d) If otherwise permitted by state law, the member state may recover from the affected audiologist or speech–language pathologist the costs of investigations and disposition of cases resulting from any adverse action taken against that audiologist or speech–language pathologist.

(e) The member state may take adverse action based on the factual findings of the remote state, provided that the member state

follows the member state's own procedures for taking the adverse action.

(f) 1. In addition to the authority granted to a member state by its respective audiology or speech–language pathology practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(g) If adverse action is taken by the home state against an audiologist's or speech language pathologist's license, the audiologist's or speech–language pathologist's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an audiologist's or speech language pathologist's license shall include a statement that the audiologist's or speech–language pathologist's privilege to practice is deactivated in all member states during the pendency of the order.

(h) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

(i) Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

(10) RULE MAKING. (a) The commission shall exercise its rule-making powers pursuant to the criteria set forth in this subsection and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within 4 years of the date of adoption of the rule, the rule shall have no further force and effect in any member state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

2. Prevent a loss of commission or member state funds.

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rule-making powers necessary to the implementation and administration of the compact.

(c) 1. Any member state may withdraw from this compact by enacting a statute repealing the same.

2. A member state's withdrawal shall not take effect until 6 months after enactment of the repealing statute.

3. Withdrawal shall not affect the continuing requirement of the withdrawing state's audiology or speech-language pathology licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this compact shall be construed to invalidate or prevent any audiology or speech-language pathology licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If

this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.
