WORK OF THE 2008-10 JOINT LEGISLATIVE COUNCIL

WORK OF THE 2008-10 JOINT LEGISLATIVE COUNCIL

The Joint Legislative Council held three meetings between July 1, 2008 and June 30, 2010 (the period covered by this report) on the following dates:

March 26, 2009
May 20, 2009
February 24, 2010

The proposals introduced by the Joint Legislative Council and the Law Revision Committee are discussed in Part II of this report.

Council Study Committees

During the period covered by this report, the Council functioned with three statutory committees and 11 special committees that were established to report to the 2009-10 Joint Legislative Council.

The statutory committees were:

- Law Revision
- State-Tribal Relations
- Strengthening Wisconsin Families

The special committees that the Council created to report to the 2009-10 Council were:

- Building Wisconsin's Workforce
- Child Welfare Provider Rate Implementation
- Differences in Laws Applicable to Cities and Villages
- Domestic Biofuels
- Emergency Management and Continuity of Government
- Enhancing Recreational Trails for Non-Motorized Use
- High-Risk Juvenile Offenders
- Justice Reinvestment Initiative Oversight
- Performance-Based Disease Management Programs for Large Populations
- Regional Transportation Authority

- School Safety

Organization and Activities of the Joint Legislative Council

The Joint Legislative Council is composed of 22 legislators, 11 from the Senate and 11 from the Assembly. Twelve of these members are *ex officio*--that is, they serve on the Council because of their positions as legislative leaders--and are the following: the Speaker of the Assembly, the President of the Senate, the Speaker Pro Tempore of the Assembly, President Pro Tempore of the Senate, the Assembly and Senate Majority and Minority Leaders, the two Co-Chairs of the Joint Committee on Finance, and the ranking minority member of the Joint Committee on Finance from each house. The other 10 members are appointed as are members of standing committees; five are appointed by the Chair of the Senate Committee on Organization, and five by the Speaker of the Assembly. [s. 13.81 (1), Stats.]

The Joint Legislative Council establishes study committees during the recess periods of the Legislature. The Council determines which studies will be conducted and assigns these studies to particular committees created by the Council for these committees' review, study, and recommendations. These studies generally are of four types:

1. Intensive examination of problems that are expected to confront a succeeding Legislature.
2. Review of controversial subjects that were unresolved by the previous Legislature.
3. Major codifications and revisions of portions of the law.
4. Methods of improving the operation and effectiveness of state agencies.

There are three continuing Council committees currently required by statute [s. 13.83, Stats.]: the State-Tribal Relations Committee, the Law Revision Committee, and the Strengthening Wisconsin Families Committee.

Under s. 13.82 (1), Stats., all studies or investigations that are proposed by the Legislature to be conducted are referred to the Council. Individual legislators and others often request, by letter, that a particular study be undertaken. Also, the Council is given specific statutory authority to initiate such studies as it feels will be of value to the citizens of the state. The Council determines which of the studies will be conducted, based on its judgment of which studies should have priority within the limits of the Council appropriation and staff resources.

The end result of this study activity is the submission by the committees of reports and, in almost all cases, implementing legislation to the Joint Legislative Council. The Council reviews the legislative proposals and introduces in the Legislature those it approves by a majority of the membership of the Council (12 votes).

Operation of Council Staff

The Joint Legislative Council and the Council's study committees are staffed by a central nonpartisan legislative service agency. The Legislative Council staff serves in the unclassified service.

As of June 30, 2010, the Council staff included, in addition to the Director, 18 attorneys, 2 analysts, and 8 fiscal and support staff.

The basic duties of the staff include:

1. To provide legal, scientific and policy research, and administrative-secretarial services for the Council and its committees.
2. To provide legal, scientific and policy research, and analysis services for the Legislature's substantive standing committees and joint committees.
3. To provide legal, scientific, and policy research services for individual legislators.
4. To serve as the Administrative Rules Clearinghouse for review of all proposed administrative rules.
5. To provide information to the public.

Each of these activities is discussed briefly below.

Services for the Council and its Committees. The Council staff provides services for the Joint Legislative Council and its study committees.

Services for Legislative Committees. The Council staff provides nonpartisan legal counsel and scientific and policy research for standing committees and their subcommittees, select or special committees of the Legislature, and a number of joint statutory committees. The Council staff serves as the secretariat for the Joint Committee on Legislative Organization and for the Joint Committee on Employment Relations. Council staff also provides services to ad hoc or informal legislative study committees.

Services for Individual Legislators. Upon request, the Council staff provides legal analysis and other research to individual legislators.

Administrative Rules Clearinghouse. Prior to any public hearing on proposed rules, or prior to notification of legislative standing committees if no hearing is required, the agency proposing the rules must submit the proposed rules to the Council staff for review. The Council staff is required to review the proposed rules for various technical requirements, such as legal authority for promulgation of the rules and the form and clarity of the rules. The Council staff may issue advisory recommendations concerning the proposed rules. The Council staff also works with and assists the appropriate standing committees throughout the rule-making process. For additional information, see the Clearinghouse's *Annual Report* to the Legislature, which is available at <http://www.legis.state.wi.us/lc>. [See s. 227.15, Stats.]

Services to the Public. The Council staff is available to answer questions from members of the general public and from research agencies and legislators of other states. Information about the Council staff, as well as publications prepared by the staff, are available at <http://www.legis.state.wi.us/lc>.

CHILD WELFARE PROVIDER RATE IMPLEMENTATION

[A summary of the Special Committee's meetings, materials, and membership, as well as the final report for the Special Committee, are available at <http://www.legis.state.wi.us/lc/>.]

Summary of Committee Activity

2009 Wisconsin Act 28, the 2009-11 Biennial Budget Act, created a new process for establishing payment rates for services provided by child welfare providers (specifically, RCCs, group homes, and treatment foster homes) that provide out-of-home care to children and youth. As part of that process, Act 28 required the Joint Legislative Council to study the implementation of this new payment system. The Special Committee on Child Welfare Provider Rate Implementation was established by the Joint Legislative Council by a mail ballot dated August 20, 2009, in response to that requirement.

The committee was directed to study the implementation of the child welfare rate regulation system provided under s. 49.343, Stats. The committee was directed to advise DCF on the creation of administrative rules for implementing the rate regulation system, including: (a) standards for determining whether a proposed rate is appropriate to the level of services to be provided, the qualifications of a residential care center, group home, or child welfare agency to provide those services, and the reasonable and necessary costs of providing those services; (b) factors for DCF to consider in reviewing a proposed rate; and (c) procedures for reviewing proposed rates, including rate resolution procedures for mediating an agreed-to rate when negotiations fail to produce an agreed-to rate. The committee was also directed to examine alternative methods of reducing the cost of out-of-home care placements for children.

Membership of the Special Committee, appointed by an August 20, 2009 mail ballot, consisted of two Senators, two Representatives, and eight public members. A list of the committee membership can be found in the *Appendix* to this report.

The Special Committee held five meetings on the following dates:

September 23, 2009
October 15, 2009
November 17, 2009
December 17, 2009
January 20, 2010

Actions of the Joint Legislative Council

At its February 24, 2010 meeting, the Joint Legislative Council voted to introduce the following legislation:

- 2009 Senate Bill 567 and 2009 Assembly Bill 780, relating to elimination of surplus retention limitations for residential care centers for children and youth, group homes, and child welfare agencies that provide rate-based services for the department of children and families or a county department of human services or social services; determination of the rates charged by those providers; establishment of a performance-based contracting system for those providers; and requiring the exercise of rule-making authority.

Actions of the Legislature

2009 Assembly Bill 780 became 2009 Wisconsin Act 335 during the 2009-10 Legislative Session. A copy of Act 335 and a memorandum describing the Act are available at <http://www.legis.state.wi.us/lc>. 2009 Senate Bill 567 failed to be enacted during the 2009-10 Legislative Session.

The committee was directed to review laws relating to cities and villages, other than those laws that relate to the fundamental organizational structure that distinguishes cities and villages, to determine discrepancies and inconsistencies in the application of those laws to each type of municipality and recommend, when appropriate and advantageous, rectifying those discrepancies and inconsistencies that exist for no apparent policy rationale.

Membership of the Special Committee was appointed by June 9 and August 29, 2008 mail ballots. Final committee membership consisted of one Senator, three Representatives, and six public members. A list of the committee membership can be found in the *Appendix* to this report.

The Special Committee held three meetings in Madison on the following dates:
