Dear Senator Risser and Representative Wieckert:

I am in receipt of your correspondence of May 15, 2007, in which you request the presentation of the final report of the Special Committee on Airport Authorities. Your letter also states that if the committee is unable to present a report, the Joint Legislative Council has requested that I appear before the body and present detailed reasons why the committee has not completed its work, as well as, provide a specific plan for completing the assignment.

The Special Committee on Airport Authorities has begun its consideration of final draft legislation. However, it is been brought to my attention that Legislation is moving forward that could substantially change the nature of this committee's efforts. There are two crucial points that could change the intent of the work that this committee has so far developed. If, following legislative deliberations or better clarity on this other proposal, one final meeting will be required to finalize the work of the Special Committee.

I look forward to appearing before the Joint Legislative Council on June 12 and will respond to any questions you have at that time.

Sincerely,

Representative Jeff Stone, Chair

Special Committee on Airport Authorities
