Plan Name:

STATE OF MINNESOTA TEACHERS RETIREMENT ASSOCALTION

Plan Number: 001

Dear Applicant:

We have made a favorable determination on the plan identified above based on the information you have supplied. Please keep this letter, the application forms submitted to request this letter and all correspondence with the Internal Revenue Service regarding your application for a determination letter in your permanent records. You must retain this information to preserve your reliance on this letter.

Continued qualification of the plan under its present form will depend on its effect in operation. See section 1.401-1(b)(3) of the Income Tax Regulations. We will review the status of the plan in operation periodically.

The enclosed Publication 794 explains the significance and the scope of this favorable determination letter based on the determination requests selected on your application forms. Publication 794 describes the information that must be retained to have reliance on this favorable determination letter. The publication also provide examples of the effect of a plan's operation on its qualified status and discusses the reporting requirements for qualified plans. Please read Publication 794.

This letter relates only to the status of your plan under the Internal Revenue Code. It is not a determination regarding the effect of other federal or local statutes.

This determination is subject to your adoption of the proposed amendments submitted in your letter dated October 4, 2002. The proposed amendments should be adopted on or before the date prescribed by the regulations under Code section 401(b).

Issues arising from the amendment of a defined benefit plan's benefit formula to convert that formula into a cash balance type benefit formula are under study, and this determination letter does not express an opinion on any of these issues. A cash balance type formula generally defines a benefit for each employee by reference to a single-sum amount, such as 10 percent of final average pay times years of service, or the amount of the employee's hypothetical account balance.
