

[December 11, 2006]

Hello,

I'm am writing concerning the use of ATV's on state trails.

Since there are many bikers, runners, walkers, dogs, etc, that use these trails, I believe it would be extremely dangerous to allow ATV's to also use the trails.

Not only is the chance for injury high, it may occur in remote areas away from easy access for emergency vehicles.

For the safety of all, please do not allow ATV's to use state trails.

Thank you for your time,

Nancy & Richard Windsor
