### ***Analysis by the Legislative Reference Bureau***

This bill increases the appropriation to the Department of Workforce Development for workforce training grants, commonly referred to as “Fast Forward” grants, by \$1,000,000 in each of fiscal years 2017-18 and 2018-19 and directs DWD to allocate those moneys for technical education equipment grants to school districts in the amount of not less than \$10,000 nor more than \$50,000. A school district that is awarded a grant under the bill must use the grant moneys awarded for the acquisition of equipment that is used in advanced manufacturing fields in the workplace. As a condition of receiving a grant under the bill, a school district must provide matching funds equal to 100 percent of the grant amount awarded. The match may be in the form of money contributed from private sources or in-kind services or both.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
