Note: A city is not automatically reclassified based on changes in population but must take action to initiate a reclassification. Under Section 62.05(2), Wisconsin Statutes, to change from one class to another a city must: 1) meet the required population size according to the last federal census; 2) fulfill required governmental changes; and 3) publish a mayoral proclamation.

<sup>1</sup>There are 190 cities in Wisconsin as of January 1, 2006.

<sup>2</sup>One of 10 cities with a city manager.

<sup>3</sup>One of 90 cities with a city administrator holding a full-time or combined position.

<sup>4</sup>Population estimates are based on the corrected totals. Race and ethnicity data have not been adjusted.

<sup>5</sup>In the 2000 U.S. Census, respondents were allowed to choose more than one race. The column "nonwhite" includes all who chose at least one race other than white.

<sup>6</sup>"Hispanic or Latino Origin" represents ethnicity and includes people of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
