

1 **AN ACT** *to create* 115.28 (55) of the statutes; **relating to:** physical education.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill draft was prepared for the Joint Legislative Council’s Special Committee on Performance–Based Disease Management for Large Populations.

This draft directs the Department of Public Instruction (DPI) to evaluate the quality of physical education programs in grades kindergarten through 12 and provide technical assistance and information to schools for use in developing quality physical education programs. The department is directed to submit its findings in a report to the legislative standing committees that are related to education.

2 **SECTION 1.** 115.28 (55) of the statutes is created to read:

115.28 **(55)** PHYSICAL EDUCATION. (a) Evaluate the quality of physical education programs provided in grades kindergarten through 12 and provide technical assistance and information to schools for use in developing quality physical education programs.

(b) Make a report by January 2010 of its findings. The report shall be submitted to the legislature in the manner provided under s. 13.172 (2) to the appropriate legislative standing committees generally responsible for legislation regarding education.

NOTE: Directs DPI to evaluate the quality of physical education programs and to provide technical assistance and information to schools for use in developing quality physical education programs. The department must submit its findings in a report to the legislative standing committees that are related to education.
