The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill draft, relating to the establishment of the Wisconsin Health Exchange Authority (WHEA or Exchange Authority), was prepared for the Joint Legislative Council's Special Committee on Health Care Reform Implementation.

Background

The federal Patient Protection and Affordable Care Act (PPACA) requires the establishment of health insurance exchanges in each state in order to expand access to health insurance. The PPACA provides each state the opportunity to establish its exchange. If not established by each state, the Secretary of Health and Human Services is responsible for establishing and operating exchanges where states choose not to establish an exchange, or where the secretary determines a state will not have an exchange operational by January 1, 2014.

The PPACA requires that either a governmental agency or a nonprofit entity established by a state run the exchange. Exchanges are required to make qualified health plans available to eligible individuals and employers and must consult with various stakeholders in carrying out their responsibilities. Exchanges must inform individuals of eligibility requirements, assign ratings to each qualified health plan, present plan

options in a standard format, and establish a “navigator” program to facilitate enrollment.

States must submit an annual report to the secretary on the Exchange Authority’s activities and on receipts and expenditures, and must publish pertinent information about the average costs of licensing, regulatory fees, administrative costs, and moneys lost to waste, fraud, and abuse.

Bill Draft

This bill draft establishes the Exchange Authority with a structure that is modeled similarly to Wisconsin’s Health Insurance Risk-Sharing Plan (HIRSP) Authority. The Exchange Authority is created in a new ch. 260 of the Wisconsin statutes and is added as a cross-reference in other statute sections in order to define its powers and duties.

The Exchange Authority is established as a quasi-public entity that is accountable to but also independent of state government. This bill draft requires the Exchange Authority to: comply with the processes for submitting agency reports to the legislature; follow state agency lobbying provisions; provide access to the Legislative Fiscal Bureau, Legislative Audit Bureau, and Department of Administration (DOA); comply with purchasing, accounting, and financial requirements as prescribed by DOA; and comply with nondiscriminatory contract compliance requirements.

This bill draft exempts the Exchange Authority from the definition of “departments” in ch. 16 of the Wisconsin statutes that are subject to the coordinated management services of the DOA.

This bill draft establishes a board for the Exchange Authority, to consist of 3 nonvoting members, and [] voting members. The nonvoting members are the secretaries of employee trust funds and health services, and the commissioner of insurance. The voting members are nominated by the governor with the advice and consent of the senate, and appointed for staggered []-year terms, representing labor or union coalitions, business and employer organizations, self-employed persons, health care consumer organizations, health plans and the insurance industry, hospitals, and the public.

This bill draft provides for the board members’ terms of office and quorum requirements for the purpose of conducting business. The bill draft requires the board to appoint an executive director for the Exchange Authority to serve at the pleasure of the board.

This bill draft requires that in the duties of the board, it shall seek to attain: (1) the retention of a pluralistic insurance marketplace; (2) the promotion of value and transparency in the health care system, with an

emphasis on quality, prevention, and cost-effectiveness; and (3) the provision of patient-centered, coordinated care.

This bill draft requires the board to ensure that the Exchange Authority meets the PPACA requirements, including: determining and coordinating eligibility; creating standardized benefit plan options at specified actuarial values; maintaining a call center; establishing a website for comparative quality and cost information; informing individuals about the existence of and their eligibility for public programs such as Medicaid, BadgerCare, and the Children's Health Insurance Program (CHIP); administering premium payment calculation and collection; paying brokers or agents; conducting risk adjustment; determining qualifications for low-income subsidies or waivers from the mandate for individual coverage; and providing an economic calculator for consumers to determine the actual cost of coverage after application of any premium tax credit or cost-sharing reduction.

This bill draft establishes the powers of the Exchange Authority, including: adopting policies and procedures for the regulation of its own affairs and the conducting of its business; maintaining an office; accepting gifts, grant, or loans; establishing its annual budget; executing contracts for professional services; hiring employees; incurring debt; requiring that qualified health plans in the exchange offer benefits in addition to essential health benefits; and [allowing all qualified health plans to participate in the exchange] **OR** [allowing only select qualified health plans to participate in the exchange through a competitive bidding process].

This bill draft sets forth a process for the Exchange Authority when contracting for professional services, limits the liability of the Exchange Authority, and prohibits employees of the Exchange Authority from engaging in partisan political activities while engaged in official duties as an employee.

This bill draft sets forth "legislative findings" in a nonstatutory provision that are based on the guiding principles for an exchange approved by the committee at its meeting on November 9, 2010.

8 (2) “Board” means the board of trustees of the authority.

9 (3) “Fund” means the Wisconsin Health Exchange Authority under s. 260.03 (2).

10 (4) “Qualified health plan” means a health benefit plan that has met the criteria for
11 certification under the federal patient protection and affordable care act.

12 260.02 **Creation and organization of authority.** (1) CREATION AND MEMBERSHIP OF
13 BOARD. There is created a public body corporate and politic to be known as the “Wisconsin
14 Health Exchange Authority”. The 3 nonvoting members of the board shall consist of the
15 secretaries of employee trust funds and health services, and the commissioner of insurance.
16 The secretary of employee trust funds [secretary of health services or commissioner of
17 insurance] shall serve as the initial chairperson of the board until such time as the board elects
18 a chairperson from its voting membership. The board shall also consist of the following [
19] voting members, nominated by the governor and with the advice and consent of the senate
20 appointed, for staggered []-year terms:

21 (a) [] member[s] representing statewide labor or union coalitions.

22 (b) [] member[s] representing statewide business and employer organizations.

- 1 (c) [] member[s] who represents self–employed persons, including farmers.
- 2 (d) [] member[s] representing statewide health care consumer organizations.
- 3 (e) [] member[s] representing health plans and the insurance industry.
- 4 (f) [] member[s] representing hospitals.
- 5 (g) [] public member[s].

NOTE: This SECTION of the draft provides an alternative for WHEA board membership: 3 nonvoting ex officio members, a non–specified number of voting members representing various affected constituencies, and one or more public members.

Committee members made several suggestions for governing board membership. Most comments centered on having an independent, nonpartisan board with various stakeholder representation. Some member suggestions contained more specific ideas for exchange authority board membership:

- Six ex officio members (Governor, Assembly Speaker, Senate Majority Leader, Insurance Commissioner, and Employee Trust Funds and Health Services Secretaries (or designees) and 9 members (2 each representing consumers, labor unions, employers, and health care providers, and one representing the health insurance industry); appointed by the Governor and confirmed by the Senate for staggered 4–year terms. (Public Members Riemer, Kraig, and Leean.)
- Equal representation for all stakeholders, with no more than 10 to 12 members. (Public Member Zabawa.)
- Three ex officio and 5 public members, representing various business, labor, and insurance interests. (Public Member Leean.)
- A small and apolitical board. Individuals appointed should have necessary expertise, but avoid “camps” that can result from appointment by profession. Possibly requires various interest groups to agree on appointees, such as requiring endorsement by 3 statewide health groups; endorsement by 2 for–profit and 2 nonprofit insurers, or some similar mechanism. Candidates should apply for and be interviewed and vetted for these positions, assessing their qualifications and experience against established criteria. (Public Member DeMars.)

- 6 (2) TERMS OF OFFICE; VACANCIES; QUORUM; BUSINESS. (a) The terms of all members of
- 7 the board shall expire on July 1.

1 (b) Each member of the board shall hold office until a successor is appointed and
2 qualified unless the member vacates or is removed from his or her office. A member who
3 serves as a result of holding another office or position vacates his or her office as a member
4 when he or she vacates the other office or position. A member who ceases to qualify for office
5 vacates his or her office. A vacancy on the board shall be filled in the same manner as the
6 original appointment to the board for the remainder of the unexpired term, if any.

7 (c) A majority of the members of the board constitutes a quorum for the purpose of
8 conducting its business and exercising its powers and for all other purposes, notwithstanding
9 the existence of any vacancies. Action may be taken by the board upon a vote of a majority
10 of the members present. Meetings of the members of the board may be held anywhere within

23 which proposal is most advantageous and shall award the contract to the person who offered
24 it. The authority's determination shall be based only on price and the other evaluation factors

1 specified in the request for bids or proposals. The authority shall state in writing the reason
2 for the award and shall place the statement in the contract file.

3 (b) Following the award of the contract, the authority shall prepare a register of all bids
4 or proposals.

NOTE: HIRSP's current statute on contracting requires competitive bidding for contracts exceeding \$25,000. The committee may wish to increase that amount.

5 **SECTION 43.** 260.07 of the statutes is created to read:

6 260.07 **Political activities.** (1) No employee of the authority may directly or indirectly
7 solicit or receive subscriptions or contributions for any partisan political party or any political
8 purpose while engaged in his or her official duties as an employee. No employee of the
9 authority may engage in any form of political activity calculated to favor or improve the
10 chances of any political party or any person seeking or attempting to hold partisan political
11 office while engaged in his or her official duties as an employee or engage in any political
12 activity while not engaged in his or her official duties as an employee to such an extent that
13 the person's efficiency during working hours will be impaired or that he or she will be tardy
14 or absent from work. Any violation of this section is adequate grounds for dismissal.

15 (2) If an employee of the authority declares an intention to run for partisan political
16 office, the employee shall be placed on a leave of absence for the duration of the election
17 campaign and if elected shall no longer be employed by the authority on assuming the duties
18 and responsibilities of such office.

19 (3) An employee of the authority may be granted, by the executive director, a leave of
20 absence to participate in partisan political campaigning.

1 (4) Persons on leave of absence under sub. (2) or (3) shall not be subject to the
2 restrictions of sub. (1), except as they apply to the solicitation of assistance, subscription, or
3 support from any other employee in the authority.

4 **SECTION 44.** 260.08 of the statutes is created to read:

5 260.08 **Liability limited.** (1) Neither the state nor any political subdivision of the state
6 nor any officer, employee, or agent of the state or a political subdivision who is acting within
7 the scope of employment or agency is liable for any debt, obligation, act, or omission of the
8 authority.

9 (2) All of the expenses incurred by the authority in exercising its duties and powers
10 under this chapter shall be payable only from funds of the authority.

11 **SECTION 45. Nonstatutory provisions.**

12 (1) WISCONSIN HEALTH EXCHANGE AUTHORITY.

13 (a) *Legislative findings.* In establishing the Wisconsin Health Exchange Authority
14 under chapter 260 of the statutes, as created by this act, the legislature finds that the exchange
15 should be governed by the following principles:

16 1. The exchange should commit to strengthening Wisconsin's pluralistic
17 private-sector-based coverage options. The exchange should have as its primary focus an
18 insurance marketplace that maximizes choice, encourages innovation, and facilitates
19 informed choice for all participants, is accessible and attractive to private insurers and
20 insureds, ensures fair competition among insurers, prevents dominance by a single or small
21 number of payers, and preserves and strengthens Wisconsin's tradition of employer-provided
22 health insurance. The exchange should coordinate with Medicaid and BadgerCare in a
23 manner that preserves both programs as a safety net, not as a low-cost competitor.

1 2. The exchange should identify and require the use of tools with broad acceptance
2 among providers and plans to gather quality data and report that data to a third party; require
3 that quality, relevant information be made available to consumers; create incentives for
4 providers and plans to achieve quality benchmarks; provide incentives for consumers to
5 improve health status and engage in healthy behaviors; and require integrated, patient centered
6 coordinated care.

7 3. The exchange should require plans to pursue strategies to improve wellness through
8 incentives to both providers and patients.

9 4. The exchange should pursue strategies that have been shown, through research and
10 evidence to reduce health care costs and increase health care quality, and create incentives for
11 consumers and providers to adopt these strategies.

12 5. The exchange should ensure that patients have access to a primary care provider in
13 order to ensure that care is patient–centered and coordinated.

NOTE: These legislative findings are based on the consensus reached by
the committee at its November 8, 2010 meeting, regarding the guiding
principles for the WHEA.

14 (b) *Initial terms of Wisconsin Health Exchange Authority Board.* Notwithstanding the
15 lengths of terms of the members of the board of the Wisconsin Health Exchange Authority
16 specified in section 260.05 (1) of the statutes, as created by this act, the initial members shall
17 be appointed for the following terms:

NOTE: Once the committee decides on term lengths and number of
members of the board, options for staggering terms will be provided.

18 (c) *Provisional appointments.* Notwithstanding the requirement for senate
19 confirmation of the appointment of the members of the board of the Wisconsin Health
20 Exchange Authority under section 260.05 (1) of the statutes, as created by this act, the initial
21 members may be provisionally appointed by the governor, subject to confirmation by the

1 senate. Any such appointment shall be in full force until acted upon by the senate, and when
2 confirmed by the senate shall continue for the remainder of the term, or until a successor is
3 chosen and qualifies. A provisional appointee may exercise all of the powers and duties of
4 the office to which such person is appointed during the time in which the appointee qualifies.
5 Any appointment made under this subsection that is withdrawn or rejected by the senate shall
6 lapse. When a provisional appointment lapses, a vacancy occurs. Whenever a new legislature
7 is organized, any appointments then pending before the senate shall be referred by the
8 president to the appropriate standing committee of the newly organized senate.
