Subject: FW: SAFE tool draft

Margit, here is another language option for the SAFE draft. This is more detailed than some of the previous options we've sent, but it may be more acceptable to the committee:

Each child welfare agency and public licensing agency shall use the appropriate, valid, reliable, and formalized assessment system selected by the department, when completing a comprehensive foster home study. Through the home study the agency shall evaluate how a licensee demonstrates qualifications that they are fit and qualified to a degree that will allow the licensee to adequately provide foster care services. The department shall ensure that the home study evaluates a demonstration of personal requirements, background checks, characteristics of prudent parenting decisions, responsibility, age, health, and financial means.
