The chairperson of the Waukesha County Board, the most populous portion of our district, serves as district board appointment chair. Representation on the board is apportioned throughout the district as set forth in section 38.08, paragraph 2 of the Wisconsin Statutes.

The Board Appointment Committee of Waukesha County Technical College has adopted a plan of representation which gives equal consideration to the general population distribution throughout the District as well as the distribution of women and minorities. The plan of representation also meets the requirements of Wisconsin Statute 38.08 (1) (a) which states a District Board shall administer the district and be composed of nine members who are residents of the district and consist of: two employers, two employees, three additional members, one school district administrator as defined in s. 115.001(8), Stats., and one elected official who holds a state or local office as defined in s. 5.02, Stats., except for the office of party committeeman or party committeewoman.
