**STUDY ASSIGNMENT:** The Study Committee is directed to review the emergence of “direct primary care” as a healthcare delivery option and assess its potential impact on the healthcare delivery system and health outcomes in the state. The committee shall recommend legislation regarding requirements for direct primary care arrangements in the private market. In addition, the committee is directed to review options for incorporation of direct primary care arrangements into the fee-for-service and managed-care parts of the Medical Assistance (MA) program and assess its potential impact on the functionality, efficiency, and effectiveness of service delivery and health outcomes in both parts of the MA program. The committee shall recommend legislation regarding a direct primary care pilot in the MA program, including an evaluation of the impact of the pilot on service delivery and health outcomes for participating individuals and the MA program as a whole.

**14 MEMBERS:** 3 Representatives; 3 Senators; and 8 Public Members.
