The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill draft was prepared for the Joint Legislative Council’s Study Committee on Public Disclosure and Oversight of Child Abuse and Neglect Incidents.

Background

Current law requires the Department of Children and Families (DCF) to prepare and submit to the governor and legislature an annual report, currently titled the Wisconsin Child Abuse and Neglect Report (CAN Report), that includes the following information:

1. The status of child abuse and neglect programs and unborn child abuse programs.
2. The number of adoptions under the special needs adoption program granted in the preceding calendar year and the costs to the state for services relating to those adoptions.
3. The number of children during the preceding calendar year who entered out-of-home care under the placement and care responsibility of a county department or DCF under the Children’s Code or the Juvenile Justice Code after finalization of an adoption or guardianship.

Current law also requires that DCF prepare summary reports on certain information related to child abuse or neglect incidents of death, serious injury, or egregious abuse or neglect (critical incidents). Among other requirements, DCF must send the summary reports to the appropriate legislative standing committees. Those committees must review the summary reports, conduct public hearings on the reports no less often than annually, and submit recommendations to DCF regarding the reports.

Bill Draft

The bill draft requires DCF’s CAN Report to include certain information about DCF’s summary reports on critical incidents. Specifically, the bill draft requires that the CAN Report include aggregated information on DCF’s summary reports, trend data identified by DCF, and changes in policies or practices that have been made to address any issues raised in DCF’s review of critical incidents in the summary reports. In addition, the bill draft requires the appropriate legislative standing committees to conduct a hearing at least annually on the CAN Report.
