***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint Legislative Council's Study Committee on Shared School District Services.

Current law does not specifically provide state aid to reimburse school districts and cooperative educational service agencies (CESAs) for the costs of applying for federal and state grants. Under many grant programs, particularly those for federal grants, an applicant may not include the cost of grant writing in its proposed grant budget. Therefore, if a school district or CESA receives a grant, it generally cannot use the grant moneys to recover its costs of writing the grant.

The bill creates a categorical aid program administered by the Department of Public Instruction (DPI) to reimburse school districts and CESAs for costs associated

**BILL**

with writing federal and state grant applications, regardless of whether a grant application is successful. Under the bill, reimbursement provided to each eligible school district or CESA in each school year for the cost of writing grant applications may not exceed \$12,000. The bill creates an annual sum certain appropriation of \$2,600,000 in fiscal years 2023-24 and 2024-25 for this program. The amounts must be prorated if total eligibility exceeds the appropriated amount. Finally, the bill takes effect on the day after publication, or the 2nd day after publication of the 2023 biennial budget act, whichever is later.
