2. GENERAL AID [LFB Paper 660]

	Governor (Chg. to Base)	Jt. Finance/Leg. (Chg. to Gov)	Net Change
GPR	\$36,000,000	-\$31,500,000	\$4,500,000

Governor: Provide an increase of \$18,000,000 annually in the appropriation for state general aid for technical colleges. This additional funding would be allocated under current law that specifies that 70% of the funding in the appropriation is distributed under the partially equalizing general aid formula and 30% is distributed under the formula established for outcomes-based funding. Base level funding is \$101,034,900 annually.

Joint Finance/Legislature: Decrease funding by \$15,750,000 GPR annually relative to the amount in the bill. The net increase to base level funding would be equal to \$2,250,000 GPR annually.

3. PROPERTY TAX RELIEF AID

GPR	\$72,000,000
-----	--------------

Joint Finance/Legislature: Provide an increase of \$29,000,000 in 2021-22 and \$43,000,000 in 2022-23 for property tax relief aid for technical colleges. Base level funding is equal to \$406,000,000 GPR annually.

Property tax relief aids are under revenue limits and this additional funding would decrease property taxes.

[Act 58 Sections: 34, 178, and 179]

4. GRANTS TO DISTRICT BOARDS

GPR	\$4,500,000
-----	-------------

Joint Finance/Legislature: Provide \$2,250,000 GPR for grants for district boards. The System Board has the authority to distribute funds from this appropriation according to guidelines developed by the Board. Base level funding is equal to \$21,874,200 GPR annually.

6. REVENUE LIMIT -- 2% MINIMUM INCREASE

Governor: Modify the revenue limit restriction for technical college districts to prohibit each district board from increasing its revenue by a percentage that exceeds 2% or the district's valuation factor, whichever is greater. Specify that this provision would first apply to revenue increases in the 2021-22 school year.

Under current law, each technical college district is prohibited from increasing its revenue

in any year by a percentage greater than the district's valuation factor. The valuation factor is defined as the greater of either zero percent or the percentage change in the district's January 1 equalization value due to the aggregate new construction, less improvements removed, in municipalities located in the district between the previous year and the current year. For purposes of this revenue limit, revenue is defined as the sum of the tax levy and state property tax relief aid. State general and categorical aids are not counted towards the revenue limit.

In 2020-21, valuation factors ranged from 0.7% for Nicolet to 2.4% for Gateway and Madison. The statewide average was equal to 1.5%.
