USER'S GUIDE

The following explanation of entries is keyed to the accompanying sample entry (page 4).

- ① Name of agency.
- ② The funding source for the amounts shown in columns 3 through 6. Only the funding sources which are included in the agency's budget are shown.
- ③ The 2020-21 base represents authorized appropriation and position levels for 2020-21. The base is doubled in the budget column to provide a two-year to two-year comparison.
- ④ The Governor's recommended budget and position levels for 2021-23.
- ⑤ The Joint Finance Committee's recommended budget and position levels for 2021-23.
- ⑥ These columns indicate the change, by amount and percentage, of the Joint Finance Committee's 2021-23 recommended budget to the 2020-21 base year doubled and to the Governor's recommendations. For positions, the comparison is made between the recommended authorization for 2022-23 and that of 2020-21.
- ⑦ This uniform entry, "Standard Budget Adjustments," includes such things as full funding of continuing positions, turnover reductions, and removal of one-time funding items. The box highlights the funding and position change to the agency's base as a result of the item. For every item which has a fiscal and/or position change, a box with that information will be presented. "REV" in the box indicates that the item will generate revenue for the fund which is identified.
- ⑧ Narrative description of the various budget change items, for each entry as recommended by the Governor and Joint Committee on Finance. If the entry shows "Governor/Joint Finance" the recommendations proposed by the Governor were adopted by the Joint Committee on Finance. The fiscal effect (which is located in the box), highlights the funding and position change to the agency's base budget. For those items where the recommendations of the Governor and Finance Committee differ, the change to the Governor's fiscal effect is also shown. Immediately following the title, there will be, if applicable, "[LFB Paper]" showing the number of the Legislative Fiscal Bureau budget issue paper prepared on this item.
