LFB Summary Items for Which No Issue Paper Has Been Prepared

<u>Item #</u>	<u>Title</u>
1	Juvenile Population Estimates
2	Statutory Daily Rates
3	Serious Juvenile Offender Funding
4	Population and Inflationary Costs

The Legislative Fiscal Bureau has carefully reviewed the Juvenile population estimates of AB 43/SB 70 (Item #1) and believe that the projections are reasonable and do not require modification. The other three items are all based upon the population estimates: Item #2 establishes the daily rates for the juvenile correctional facilities; Item #3 provides state funding for the serious juvenile offender program based upon population projections and the daily rates; and Item #4 provides inflationary cost increases for the state juvenile correctional facilities.

In addition to reviewing the juvenile population estimates, the Bureau has examined the funding amounts of Items 2, 3, and 4 and concluded that those funding levels are reasonable. Accordingly, no budget papers have been prepared on the four items listed on this page.
