Subject: Request under s. 16.505 from the Brown County District Attorney to
Extend a 1.0 FTE Program Revenue Assistant District Attorney Project
Position.

Request:

The Department of Administration, on behalf of the Brown County District Attorney's Office, requests the extension of a 1.0 FTE program revenue assistant district attorney project position from October 1, 2016, to September 30, 2017.

Revenue Sources for Appropriation(s):

The revenue source for the position in the gifts and grants appropriation under s. 20.475(1)(h) is a grant from the U.S. Department of Justice's Office on Violence Against Women to the Brown County District Attorney's Office. As the grant is funded from a program revenue continuing, all moneys received appropriation, there is no accompanying request for an increase in expenditure authority. The Brown County District Attorney's Office will reimburse the salary and fringe benefits expenses for the assistant district attorney prosecutor position from the grant award.

Background:

In July 2013, the state Department of Justice's Office of Crime Victim Services awarded Brown County a federal STOP Violence Against Women Grant of \$60,200 to fund the salary and fringe benefits for a Violence Against Women assistant district attorney to specialize in prosecuting domestic violence and sexual assault cases. Initial position authority was granted January 13, 2014, and was effective through June 30, 2014. Subsequent approval to extend the position through June 30, 2015, was granted by the Joint Committee on Finance on July 7, 2014, as the result of an additional award of \$115,998. In April 2015, the Committee approved the adjustment of the award period to a federal fiscal year award, allowing the position to be extended through September 30, 2015. The department reissued the award with an adjusted period matching the federal fiscal year.

Page 2
September 13, 2016

Violence Against Women cases include sexual assault, domestic violence and stalking directed towards a female 11 years of age or older. The Violence Against Women assistant district attorney position is a component of Brown County's strategy to implement best practice-based domestic violence and sexual assault case prosecution policies, and to build relationships with the victims of domestic violence or sexual assault and the community organizations and advocacy groups that provide victim services.

The Brown County Regional Violence Against Women Act Prosecutor grant is a three-year grant. The first year of the grant is competitive, whereas the next two years are noncompetitive. The Committee approved the first year of the grant award of \$121,800 on October 27, 2015, which enabled the position to continue through September 30, 2016.

In order to fund this proposed position, Brown County is in the process of securing the second year of the grant award, which is noncompetitive, and has applied for the second year of this grant through the Wisconsin and U.S. Departments of Justice. While the Wisconsin Department of Justice has yet to officially award the grant to Brown County, the Brown County District Attorney is confident the grant will be extended because it is a noncompetitive grant. The federal portion of the award would be \$95,770, of which Brown County would keep \$4,470 for travel and supplies. The grant budget allocates the remaining \$91,300 to the state for personnel costs, of which \$56,800 would be for salary and \$34,500 would be for fringe benefits. In addition, Brown County is responsible for a 25 percent in-kind match, totaling \$31,941. The county's match funds a small portion of the District Attorney's salary and fringe benefits, plus salary and fringe benefits for a part-time legal assistant.

Analysis:

The Brown County District Attorney's Office reviews over 5,500 criminal cases, including over 1,000 referrals for domestic violence and over 200 referrals for sexual assault. Of the over 200 referrals for sexual assault per year, the Violence Against Women assistant district attorney filed 34 new Violence Against Women cases from October 1, 2015, to September 2, 2016. In addition, there are seven pending Violence Against Women cases from prior years and a number of requests for assistance from other counties. The STOP Violence Against Women Grant allows an assistant district attorney to specialize in domestic violence and sexual assault cases, and build relationships with the victims of domestic violence and sexual assault and the community organizations that provide services to victims. The Violence Against Women assistant district attorney provides vertical prosecution, which means the same prosecutor works the case through the prosecution process for most, if not all, sexual assault and domestic violence cases referred to the office. In addition, by following the case from the initial hearing through sentencing, the prosecutor provides the victim or victims with a consistent, specialized, single point of contact throughout

the process. Without the additional prosecutor position, the District Attorney's Office would be unable to dedicate the appropriate resources to these types of cases, as the existing staff is also required to prosecute violent and property crimes.

From October 1, 2014, through September 30, 2015, the Violence Against Women assistant district attorney participated in trainings focused on sexual assault prosecutions, prosecutions involving children and prosecutions of domestic violence cases, including training on trial and case strategy best practices. The assistant district attorney has also participated on various multidisciplinary teams in the community, working to build relationships and support systems for victims of sexual assault and domestic violence, as well as establish the framework for developing sexual assault and domestic violence prosecution policies.

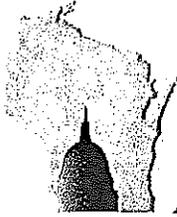

Beginning October 1, 2015, the Wisconsin Department of Justice changed the structure of the Violence Against Women assistant district attorney grant positions. Rather than having a Violence Against Women assistant district attorney dedicated to only one county, the department provided grants for Regional Violence Against Women Resource Prosecutor positions to serve the four regions of Wisconsin. Consequently, only 40 percent of the Violence Against Women assistant district attorney's time is allocated for local caseloads, which includes issuing cases and case management. The regional Violence Against Women assistant district attorney also covers general court assignments throughout the week. The remaining 60 percent of the position includes training other attorneys to file and litigate their own Violence Against Women cases, providing research support to address legal issues arising in Violence Against Women cases, and engaging in outreach to address local issues in the handling of these cases.

The Violence Against Women assistant district attorney project position will continue to develop and implement specific domestic violence and sexual assault case policies and procedures, create a comprehensive case review process, and work to address the backlog of domestic violence and sexual assault cases. The office has continued to experience a backlog of cases, even with the renewal of the current position through September 30, 2016, and the District Attorney has continued to use a variety of methods to address the issue, including the use of contract attorneys funded with county dollars.

The assistant district attorney position furthers the State's policy to fight domestic violence by developing and strengthening effective responses to violence against women and building relationships with collaborative partners in the criminal justice system and the advocacy groups that serve victims in Brown County and the surrounding region.

Recommendation:

Approve the request.

SUBJECT: **REQUEST UNDER S. 16.505 FOR DEPARTMENT 475: BROWN
COUNTY DISTRICT ATTORNEY'S OFFICE**

On behalf of the Brown County District Attorney's Office, I am submitting the attached request to extend position authorization of a 1.0 FTE program revenue project position in Department 475, District Attorneys.

Thank you for your attention to this matter.

**DEPARTMENT OF ADMINISTRATION REQUEST UNDER S. 16.505 FOR
POSITION AUTHORIZATION**

I. REQUEST

The Department of Administration requests, under s.16.505, the extension of a 1.0 FTE Program Revenue (PR) assistant district attorney (ADA) project position from September 30, 2016, to September 30, 2017. The position is in the Brown County District Attorney's (DA's) Office and will be funded via appropriation s.20.475(1)(h).

II. BACKGROUND

Funding for the Brown County STOP Violence Against Women Act (VAWA) prosecutor has been provided by the U.S. Department of Justice Office on Violence Against Women (OVW), and authorized by the Wisconsin Department of Justice (DOJ) Office of Crime Victim Services (OCVS). The initial grant provided funding of \$60,200 for the salary and fringe benefits of 1.0 FTE ADA from January 13, 2014, through June 30, 2014, and the Joint Committee on Finance granted position authorization for that timeframe. The Brown County DA's office subsequently was awarded funding of \$115,998 by the Wisconsin DOJ for the STOP VAWA Specialized Prosecution Grant through June 30, 2015, and the Joint Committee on Finance extended position authority through that date. Recently, the federal government changed its award period from a July-to-June fiscal year to the federal fiscal year of October-to-September. Consequently, the Wisconsin DOJ re-issued the \$115,998 award for the timeframe of October 1, 2014, to September 30, 2015. As a result, DOA sought Joint Committee on Finance approval to extend position authority through September 30, 2015, and the Committee approved the request. The Brown County DAs Office applied for \$121,821 in continued funding through the Wisconsin DOJ in order to continue the grant-funded position through September 30, 2016, and Joint Finance authorized the extension of position authority through September 30, 2016. The Brown County Regional VAWA Prosecutor grant, which received Joint Finance approval on October 27, 2015, is a three-year grant. The first year is a competitive process; whereas, the second and third years are non-competitive but require the grantee to provide documentation of the work performed under the grant. Approaching the second year of the grant, the Brown County DA's office will request continued funding of approximately \$91,300 for salary and fringe benefit costs of the Regional VAWA prosecutor through September 30, 2017.

From July 1, 2014, through August 4, 2015, the Brown County DA's Office received nearly 10,100 referrals. Over 6,300 of the referrals were non-traffic (civil or criminal traffic) referrals, over 200 referrals for sexual assault or sexual assault of a child, 13 for stalking, and nearly 1,100 for domestic violence. This caseload volume presents

an extraordinary challenge for primarily six prosecutors who also prosecute significant numbers of other violent crimes and property crimes.

The VAWA prosecutor has worked to: streamline the investigation and prosecution of domestic violence, sexual assault, and stalking cases using best-practices-based policies; provide technical assistance to Region 4 counties as requested; and, continue to reduce the backlog of sensitive crimes cases in Brown County. Overall, the VAWA prosecutor will continue work to improve prosecution outcomes in sensitive crimes cases by increasing the quality of case preparation without increasing the time expended on case management.

The DA's Office realizes that best practices call for a timely and in-depth victim consultation upon receipt of each referral, prior to a charging decision, or a decision not to prosecute. Ongoing contact with victims is needed, as is a victim-centered prosecution.

III. ANALYSIS

This position is in furtherance of the State's policy to fight domestic violence by developing and strengthening effective responses to violence against women. The grant encourages collaboration between the primary players in the criminal justice system (prosecutors, law enforcement, and corrections) and the advocacy groups that serve victims in Brown County and Region 4 counties. The grant also is intended to encourage ongoing contact between the prosecutor and the victim. Victim safety and offender accountability are important aspects of the grant.

IV. FISCAL ANALYSIS

The Brown County DA's office will apply for an OVW/Wisconsin DOJ grant of approximately \$91,300 for the continuation of a 1.0 FTE STOP/VAWA prosecutor position. The program revenue appropriation, s.20.475(1)(h), is continuing and will be re-estimated based on actual experience.

V. REVENUE SOURCE FOR APPROPRIATION

The source of the grant funds is a U.S. Department of Justice VAWA grant that is administered through the Wisconsin DOJ. The Brown County DA's office will reimburse the salary and fringe benefit costs for the State-paid ADA in the Department of District Attorneys.

VI. SPECIAL INFORMATION

The co-chairs of the Joint Committee on Finance, in a letter to the Department of Administration Secretary dated June 12, 1996, set forth four additional items of

information that should be included in a s.16.505 request for additional positions in the DA program.

- a. *An explanation of the effect of the position on weighted caseload for the requesting counties (the LAB methodology is suggested).*

Table 1 indicates the results of the LAB methodology using the modifications recommended by the Wisconsin District Attorneys Association and highlights the impact of the continuing position requested on the DA's Office. The table uses the most current court data available (2011-2013) and the positions authorized as of February 13, 2015. It is important to note that the position need shown in the LAB methodology is a general need corresponding to all duties of a DA Office, and is not specific to a particular type of activity or caseload such as that covered by this grant. As this position existed at the time of the February 13, 2015, caseload study, no change in the needs analysis is shown if position authority is granted for this position.

- b. *An assessment of similar caseload problems in counties not addressed by the request.*

Data with which to make this assessment are not available.

- c. *An explanation of why the request has greater priority than similar needs existing in other counties.*

Other counties had the opportunity to apply for the funds to the extent permitted by law.

- d. *If the request is intended to address a specific type of caseload, an explanation of why this type of caseload has a greater priority than other types.*

This grant, funded by the U.S. Department of Justice OVW, and authorized by the OCVS, is intended for the Brown County DA's Office to develop and strengthen effective responses to violence against women.

*Modifications:

- 1) The 0.5 GPR FTE in Washburn (0.25 FTE) that also serves Burnett (0.25 FTE) is divided by the FTE shown in parentheses.
- 2) In Milwaukee, the total FTE used is 120.60 rather than 121.50 due to the following factor:
 - a) the 1.0 FTE DNA position serves the entire state; so, showing it as a Milwaukee position distorts the data.
- 3) In Brown the total FTE used is 13.00 rather than 14.00 due to the following factor:
 - a) the 1.0 ADA FTE sex predator position in Brown is excluded because it also serves approximately 20 other DA offices.
- 4) The weighted time estimate for CHIPS cases was changed from 2.61 hours to 6.0 hours effective in the 2004-06 study, based on a 7/04 WDAA Executive Board recommendation.
- 5) CHIPS extensions include permanency plan review petitions filed under s. 48.365 beginning with data for 2006.
- 6) Immunization cases filed by DA Offices under s. 48.13(13) are included with CHIPS cases beginning with data for 2006.
- 7) WDAA Executive Board authorized the following changes to the weighted time estimates beginning with the 2007-09 caseload study:
 - a) Increase the "reviewing case referrals that are not prosecuted" from 35 to 100 hours per year, thereby reducing hours available per prosecutor to handle individual cases to 1162 per year.
 - b) Weighted time estimate for Class A and First Degree Reckless homicides changed from 100 hours each to 160 hours each.
 - c) Weighted time estimate for "All other Homicides" changed from 50 to 80 hours each.
 - d) The weighted time estimate for misdemeanors changed from 2.17 hours each to 2.91 hours each.
 - e) The weighted time estimate for criminal traffic changed from 1.68 hours each to 2.91 hours each.
 - f) Weighted time estimate for juvenile delinquency changed from 3.32 hours each to 3.44 hours each.
