**Subject:** Request Under s. 16.505(2) from the Dane County District Attorney to Extend a 1.0 FTE Program Revenue Assistant District Attorney Project Position.

**Request:**

The Department of Administration, on behalf of the Dane County District Attorney's Office, requests the extension of a 1.0 FTE program revenue assistant district attorney project position. Position authority is requested through November 30, 2019.

**Revenue Sources for Appropriation(s):**

The revenue source for the position in the gifts and grants appropriation under s. 20.475(1)(h) is a grant from the Dane County Narcotics Task Force to the Dane County District Attorney's Office. As the grant is funded from a program revenue continuing, all moneys received appropriation, there is no accompanying request for an increase in expenditure authority. The Dane County District Attorney's Office would reimburse the salary and fringe benefit costs for the assistant district attorney prosecutor position from the grant award.

**Background:**

On October 27, 2015, the Joint Committee on Finance granted position authority for a two-year assistant district attorney project position in Dane County to prosecute drug-related crimes. This position was then extended on January 10, 2018, through November 30, 2018. The assistant district attorney was tasked with assisting the Dane County Narcotics Task Force on drug investigations, as well as establishing policies for the handling and prosecution of various drug issues such as drug-endangered children, confidential informant, search-and-seizure, interactions with the state Department of Justice Crime Laboratory and training on drug-related investigations and prosecutions.

The assistant district attorney was responsible for reviewing warrants and subpoenas, and determining whether cases should be prosecuted under s. 940.02, parts of which are known as the "Len Bias" law, which were first authorized in the late 1980s as a companion to federal laws stiffening penalties for drug-related deaths resulting from drug distribution. The position was funded by the Dane County Narcotics Task Force.

The Dane County Narcotics Task Force is a multijurisdictional law enforcement group consisting of the city of Madison Police Department, Dane County Sheriff's Office and University of Wisconsin-Madison Police Department personnel. The task force works in conjunction with state and federal agencies and provides support to suburban law enforcement agencies countywide, in an effort to reduce and eliminate drug trafficking.

**Analysis:**

Currently, Dane County has 28.85 FTE assistant district attorney positions, all of which may be assigned to drug-related cases. During the years 2010 through mid-2017, Dane County has averaged 124 arrests and 389 charges yearly by members of the task force. Typically, this results in 87 new cases per year relating to drug trafficking offenses. When this position was initially requested in 2015, Dane County had reported averaging 118 arrests and 330 charges per year, with 75 new cases per year relating to drug trafficking offenses.

This position focuses on "Len Bias" cases, major non-Dane County Narcotics Task Force felony drug cases and drug treatment court. The "Len Bias" cases can come from any and all law enforcement jurisdictions within Dane County, which includes 23 agencies. In addition to the duties described above, the position also handles larger task force referrals and referrals for forfeitures from the task force and other law enforcement agencies. The District Attorney's Office has not handled these referrals in the past due to law enforcement's past practice of taking these forfeitures through the federal system. As part of the agreement between the task force and the assistant district attorney, the individual in the position is required to spend ten hours per month at the task force office in an effort to improve communication, as well as to review the status of ongoing cases and concerns of the task force.

The Office of State Prosecutors has indicated that the source of funding for the requested position is from an account held by the task force and is used to finance some of its operations. It is expected that the position, as a direct liaison to the task force, would expand the opportunity for drug trafficking enforcement and prevention, as well as act as a liaison between law enforcement and the District Attorney's Office.

The individual that has been serving in this position would continue to do so. His total compensation, including salary and fringe benefits, is \$93,000. The Dane County Narcotics Task Force has set aside \$100,000 for salary and fringe benefits which is sufficient to cover the position for one year. The funds for this position would be monitored closely, and should a shortfall occur, the position would be vacated.

The State Budget Office received the request on November 12, 2018, prior to its original expiration date of November 30, 2018. There is precedent for approving an extension if the request was received prior to the project position expiration date, and the county has the funds available to support the position, even if the date through which the original position was approved has passed.

Ellen Nowak, Secretary  
Page 3  
December 19, 2018

Because the position was created on October 27, 2015, it must expire by October 27, 2019, when it reaches its four-year limit. If additional funding is procured for this position in the future, a new position would need to be created.

**Recommendation:**

Modify the request to extend the position through October 27, 2019.

## **DEPARTMENT OF ADMINISTRATION REQUEST UNDER S. 16.505 FOR POSITION AUTHORIZATION**

### **I. REQUEST**

The Department of Administration (DOA), under s. 16.505 and on behalf of the Dane County District Attorney's Office, requests the continuation of a 1.0 FTE program revenue (PR) assistant district attorney (ADA) position from December 1, 2018 through November 30, 2019. The position is in the Dane County District Attorney's (DA's) Office.

### **II. BACKGROUND**

The Dane County Narcotics Task Force (DCNTF) has funded 1 FTE Assistant District Attorney (ADA) position in the Dane County District Attorney's Office since January 2016. The ADA is a dedicated drug prosecutor for serious drug-related criminal conduct. This ADA serves as a liaison to the DCNTF and local agencies on drug investigations and prosecution matters related to drug-endangered children, confidential informants, and search and seizure, as well as working with the State Crime Laboratory, providing training and developing and maintaining guidelines for the DA's office for charging policies and handling of drug cases.

The ADA focuses on Len Bias cases, major non-DCNTF felony drug cases, drug treatment court and DCNTF referrals to review cases, warrants and subpoenas.

From 2010 – mid-2017, the DCNTF averaged 124 arrests and 389 charges per year, nearly all of which were drug-related (others included weapons, warrants, traffic and miscellaneous offenses that were part of the drug cases. There are approximately 87 new cases per year.

### **III. ANALYSIS**

This position is in furtherance of the State's policy to reduce drug-related crimes and behavior. The grant encourages collaboration between the District Attorney's Office, the DCNTF and other agencies in the justice system.

### **IV. FISCAL ANALYSIS**

Funding of \$100,000 has been authorized by the DCNTF for a 1.0 FTE ADA position for one year. The program revenue appropriation, s. 20.475(1)(h), is continuing and will be re-estimated based on actual experience.

### **V. REVENUE SOURCE FOR APPROPRIATION**

The source of the grant funds is the Dane County Narcotics Task Force. Dane County will reimburse the salary and fringe benefit costs for the State-paid ADA position in the Department of District Attorneys.

## VI. SPECIAL INFORMATION

The co-chairs of the Joint Committee on Finance, in a letter to Department of Administration Secretary dated June 12, 1996, set forth four additional items of information that should be included in a s.16.505 request for additional positions in the District Attorney program.

- 1) *An explanation of the effect of the positions on weighted caseload for the requesting counties (the LAB methodology is suggested).*

Table 1 indicates the LAB methodology's results using the modifications recommended by the Wisconsin District Attorneys Association and highlights the impact on the Dane DA Office. The table uses the most current court data available and the positions authorized as of August 9, 2018. It is important to note that the position need shown in the LAB methodology is a general need responding to all duties of a DA office and is not specific to a particular type of criminal activity or caseload.

- 2) *An assessment of similar caseload problems in counties not addressed by the request.*

Data with which to make this assessment are not available.

- 3) *An explanation of why the request has greater priority than similar needs existing in other counties.*

The DCNTF awarded this grant to the Dane County DA's Office.

- 4) *If the request is intended to address a specific type of caseload, an explanation of why this type of caseload has a greater priority than other types.*

This grant, funded by the DCNTF, was granted to the Dane County DA's Office to reduce drug-related crimes and behavior.

\*Modifications:

- 1) The 0.5 GPR FTE in Washburn (0.25 FTE) that also serves Burnett (0.25 FTE) is divided by the FTE shown in parentheses.
- 2) In Milwaukee, the total FTE used is 114.5 rather than higher due to the following factors:
  - a) the 1.0 FTE DNA position serves the entire state; so, showing it as a Milwaukee position distorts the data.
  - b) Various PR Positions have no federal funding and are vacant, thus not included in the analysis.
- 3) In Brown the total FTE used is 13.00 rather than 14.00 due to the following factor:
  - a) the 1.0 ADA FTE sex predator position in Brown is excluded because it also serves approximately 20 other DA offices.
- 6) The weighted time estimate for CHIPS cases was changed from 2.61 hours to 6.0 hours effective in the 2004-06 study, based on a 7/04 WDAA Executive Board recommendation.
- 7) CHIPS extensions include permanency plan review petitions filed under s. 48.365 beginning with data for 2006.
- 8) Immunization cases filed by DA Offices under s. 48.13(13) are included with CHIPS cases beginning with data for 2006.
- 9) WDAA Executive Board authorized the following changes to the weighted time estimates beginning with the 2007-09 caseload study:
  - a) Increase the "reviewing case referrals that are not prosecuted" from 35 to 100 hours per year, thereby reducing hours available per prosecutor to handle individual cases to 1162 per year.
  - b) Weighted time estimate for Class A and First Degree Reckless homicides changed from 100 hours each to 160 hours each.
  - c) Weighted time estimate for "All other Homicides" changed from 50 to 80 hours each.
  - d) The weighted time estimate for misdemeanors changed from 2.17 hours each to 2.91 hours each.
  - e) The weighted time estimate for criminal traffic changed from 1.68 hours each to 2.91 hours each.
  - f) Weighted time estimate for juvenile delinquency changed from 3.32 hours each to 3.44 hours each.

**DANE COUNTY  
DISTRICT ATTORNEY  
ISMAEL R. OZANNE**

September 28, 2018

Kasey Deiss, Director  
State Prosecutors Office  
Post Office Box 7869  
Madison, WI 53707

Dear Mr. Deiss:

On behalf of the Dane County District Attorney's Office, I am submitting the attached request for authorization to continue 2.0 FTE grant positions.

The DA's Office currently has two grant positions: the Violence Against Women Resource Prosecutor (VAWRP) will prosecute only domestic violence and sexual assault cases. This grant runs from 10-1-17 to 9-30-18. We received verbal notification that the Wisconsin Department of Justice will continue funding this position which starts 10-1-18. We will send the formal written authority when we receive it at the end of the month. In addition, this ADA will act as a resource within Dane County and 17 other counties in south central and southwestern Wisconsin for other prosecutors on legal issues related to domestic violence cases and sexual assault cases. This position will require some travel throughout the state.

The second grant is funded by the Dane County Narcotics Task Force (DCNTF) for one full-time dedicated drug prosecutor. This position will serve as a liaison to the DCNTF and local agencies on drug investigations and prosecution matters. In this position, the ADA will be assigned to DCNTF referrals to view major drug cases, warrants, and subpoenas for the DCNTF and other local agencies on reckless homicide investigations, all Len Bias cases, major non-DCNTF felony drug cases, and Drug Treatment Court. Attached please find a letter from Lt. Erik Fuhremann of the DCNTF in regards to the Steering Committee, which has fiscal oversight of the Task Force, who again voted to fund the dedicated DCNTF ADA prosecutor position for 2019. Further, all salary and benefits for this position will be reimbursed by the DCNTF.

We are requesting that you take the necessary steps to insure position authority to continue for next year. Thank you for your consideration.

Sincerely,

Ismael R. Ozanne  
Dane County District Attorney

## **DCNTF Funding of ADA position Report prepared by Lt. Erik Fuhremann 11/12/18**

In July of 2018, the Dane County Narcotics Task Force Steering Committee met and approved via voice vote full funding of the Task Force ADA prosecutor position for 2019. Based on current projection by the Dane County District Attorney, the salary and benefits of this prosecutor will be ~\$100,000 in 2019.

The Dane County Narcotics Task Force has funding sources in place and will pay for this position at the above projected rate in 2019.

Respectfully,

Lieutenant Erik Fuhremann  
Dane County Narcotics Task Force Commander
