

**HIGHLIGHTS OF MILITARY AND VETERANS AFFAIRS IN WISCONSIN**

**Military Service** — More Wisconsinites served in World War II than in any other conflict, with Vietnam ranking second, but fatalities were heaviest in the Civil War. From the Civil War through the operations in Iraq and Afghanistan, about 26,800 Wisconsinites have lost their lives performing military service during times of conflict. Since September 11, 2001, nearly every unit in the Wisconsin Army and Air National Guard has been ordered to active duty in support of operations in Afghanistan (Operation Enduring Freedom) and Iraq (Operation Iraqi Freedom), as well as homeland defense missions in the United States (Operation Noble Eagle) and continuing operations in the Balkans. In 2009, nearly 4,000 Wisconsin National Guard members deployed in support of the Global War on Terror, including 3,200 members of the 32nd Infantry Brigade Combat Team who conducted the largest operational deployment of the Wisconsin National Guard since World War II.

As of June 2011, about 10,000 citizen-soldiers and airmen were serving in Wisconsin National Guard units at military facilities located in 66 communities throughout the state.

**Veterans' Programs** — Since the end of World War II, more than 589,000 grants and loans totaling about \$3.25 billion have been provided to Wisconsin veterans. Historically, most of the grants have been for educational purposes, while the overwhelming number of loans were for housing. The grants have also covered subsistence and emergency health care assistance for needy veterans. Veterans may qualify for low-interest home mortgage and home improvement loans. In addition, eligible veterans and, in some instances, spouses and dependent children of deceased veterans may qualify for personal loans to finance expenses, such as education, business start-ups or purchases, medical bills, debt consolidation, and mobile home purchases.

In 2010, Wisconsin veterans and their families received about \$105 million in federal educational and vocational rehabilitation assistance. A total of 56,213 Wisconsin veterans received almost \$808 million in benefits through the compensation and pension programs. As of 2010, there were over 417,000 veterans living in the state.

The Wisconsin Veterans Homes at King and Union Grove had 839 members at the end of 2010. In general, to be eligible for residence, a veteran must have completed certain military service requirements and be a Wisconsin resident on the date of admission to a veterans home. In addition, he or she must have been a resident of Wisconsin at the time of entry into service or a resident of the state for any 5-year period after service and prior to application for admission. Depending on availability of space, spouses and surviving spouses or parents of qualifying veterans may also be admitted.

The following tables present selected data. Consult the footnoted sources for more detailed information about military and veterans affairs.
