# City of Milwaukee Charter School Review Committee 2020-2021 <br> Charter School Authorizer Annual Report 

When completing the Charter School Authorizer Annual Report, verify that:
$\square$ All sections of the report are present, and all schedules are completed and attached.
$\square$ For school district authorizers, the schedule of authorizer operating costs has been included as a supplement to the school district's annual audited financial statements submitted to DPI.
$\square$ The report has been completed at the authorizer level, rather than completed for an individual school.
$\square$ Authorizer operating costs have been identified in Section VI. This section should not be left blank.

The operating costs reported in Section VI reflect only the costs the authorizing entity incurred while fulfilling the duties under Wis. Stat. s. 118.40 (3m)(a) to (e) which include:

Soliciting and evaluating charter school applications,
$\square$ Considering the principles and standards for quality authorizing established by the National Association of Charter School Authorizers,
$\square$ Giving preference in the awarding of contracts for the operation of charter schools that serve children at risk,

Approving high-quality charter schools that meet identified educational needs and promote a diversity of educational choices, and

Monitoring the performance and compliance with Wis. Stat. s. 118.40 of each charter school with which it contracts.

The operating costs in this section should not reflect the operating costs for the authorized charter school(s).

The total amounts reported in Section VI and Section VII are not the same. As noted above, Section VI should only include operating costs the authorizing entity incurred while fulfilling the duties under Wis. Stat. 118.40 (3m)(a) to (e); while Section VII should include the costs of services the authorizing entity provided to the charter schools with which it contracts.
$\square$ Costs reported in Section VII are only the costs of services provided to the charter school(s). Examples of the types of costs that should be reported in this section include but are not limited to: costs for business office services, costs for food services, curriculum services, professional development services, etc.

For further instructions and requirements related to completing each section of this report see the charter school authorizer annual report technical assistance document at http://dpi.wi.gov/sms/charter-schools/information-authorizers.
