Report on Academic Performance Nov. 2021 for Audit of Montessori Public Charter School

While COVID-19 protocols, class wide quarantines and the transition between in-person learning and virtual learning was a constant challenge during this past year for our charter school; learning, progress and ongoing improvement of performance was documented. Implementation of new English Language Arts curriculum material such as Wonders and Footprints has supported academic progress. Use of updated report card communication tools has supported clearer communication of progress and growth between staff and families of students. Virtual Charter students continue to communicate primarily with their content area teachers, weekly support is offered from the online facilitator in the school district for each student.

A review of STAR testing results and FORWARD for our HS students from September of 2021 with math and reading scores for students attending the Solon Springs Public Montessori School are evaluated using the Solon Springs School District benchmark of the 50th percentile.
