Subject: 2022 Sustainability & Business Support Biennial Report
Date: Monday, October 10, 2022 10:09:16 AM

Good Morning,

In fulfillment of the requirements under s. 299.83(8)(h) and 299.85(9m), Wis. Stats., I am sharing the 2022 Sustainability and Business Support (SBS) Biennial Report.

The 2022 Sustainability & Business Support Biennial can be accessed on our SBS webpage [here](#). The report is in a scrollable, interactive format to convey our successes and efforts over these past two years. There is also an "At-a-Glance" 2-page PDF version of this report, which can be used as a printable companion piece to the scrollable report. The At-a-Glance can be accessed at the same SBS webpage linked above.

The 2022 report focuses on the resilience exhibited by SBS customers as well as SBS staff during the disruptions of the past couple of years. By improving the resources SBS offers businesses and communities, they have helped them adapt in the face of today's challenges through free, non-regulatory services to support Wisconsin's businesses and local governments wherever they are on their path to sustainability.

Please let me know if you have any questions regarding the report.

Sincerely,

We are committed to service excellence.
