

**School District of Birchwood
2021-2022
Charter School Authorizer Annual Report**

Authorizer Annual Report Checklist

When completing the Charter School Authorizer Annual Report, verify that:

- All sections of the report are present, and all schedules are completed and attached.
- For school district authorizers, the schedule of authorizer operating costs has been included as a supplement to the school district's annual audited financial statements submitted to DPI.
- The report has been completed at the authorizer level, rather than completed for an individual school.
- Authorizer operating costs have been identified in Section VI. This section should not be left blank.
- The operating costs reported in Section VI reflect **only** the costs the authorizing entity incurred while fulfilling the duties under Wis. Stat. s. 118.40 (3m)(a) to (e) which include:
 - Soliciting and evaluating charter school applications,
 - Considering the principles and standards for quality authorizing established by the National Association of Charter School Authorizers,
 - Giving preference in the awarding of contracts for the operation of charter schools that serve children at risk,
 - Approving high-quality charter schools that meet identified educational needs and promote a diversity of educational choices, and
 - Monitoring the performance and compliance with Wis. Stat. s. 118.40 of each charter school with which it contracts.

The operating costs in this section should **not** reflect the operating costs for the authorized charter school(s).

- The total amounts reported in Section VI and Section VII are not the same. As noted above, Section VI should only include operating costs the authorizing entity incurred while fulfilling the duties under Wis. Stat. 118.40 (3m)(a) to (e); while Section VII should include the costs of services the authorizing entity provided to the charter schools with which it contracts. **The expenditures in Section VI and Section VII should not match.**
- Costs reported in Section VII are only the costs of services provided to the charter school(s). Examples of the types of costs that should be reported in this section include but are not limited to: costs for business office services, costs for food services, curriculum services, professional development services, etc. **The expenditures in Section VI and Section VII should not match.**

For further instructions and requirements related to completing each section of this report see the charter school authorizer annual report technical assistance document at <http://dpi.wi.gov/sms/charter-schools/information-authorizers>.

SECTION I: AUTHORIZER INFORMATION

Authorizing Entity:	School District of Birchwood
Authorizer Address:	300 S Wilson St
Authorizer Contact Person:	Dr. Gayle Luebke
Contact Person Title:	District Administrator
Contact Person Phone:	(715) 354-3471
Contact Person Email:	gluebke@birchwood.k12.wi.us

SECTION II: CHARTER SCHOOL INFORMATION

(Add additional lines or attach additional sheets, if necessary.)

Charter Schools Currently Under Contract in 2021-2022:			
School Name:	Charter School's Governing Board Legal Entity Name:	Contract Term Dates (7/1/20xx – 6/30/20xx):	Grades Served:
Birchwood Public Montessori	Birchwood Charter Schools Governance Board	7/1/2018-6/30/2023	4K-6
Birchwood Blue Hills Charter School	Birchwood Charter Schools Governance Board	7/1/2018-6/30/2023	7-12
Birchwood Virtual Academy	Birchwood Charter Schools Governance Board	7/1/2018-6/30/2023	4K-12

Charter Schools with Non-renewed or Revoked Contract during 2021-2022:			
School Name:	Charter School's Governing Board Legal Entity Name:	Contract Term Dates (7/1/20xx – 6/30/20xx)*:	Reason for Non-renewal or Revocation:
N/A			

Charter Schools that Closed During or at the Conclusion of 2021-2022:			
School Name:	Date of School Closure:	Contract Term Dates (7/1/20xx – 6/30/20xx):	Reason for Closure:
N/A			

Charter Schools Currently Approved During 2021-2022		
School Name:	Charter School's Governing Board Legal Entity Name:	Contract Term Dates (7/1/20xx – 6/30/20xx):
N/A		

Optional:

Charter Schools Petitions Received but not Approved during 2021-2022:	
School Name:	Charter School's Governing Board Legal Entity Name:

SECTION III: ACADEMIC PERFORMANCE OF CHARTER SCHOOLS

See attached.

SECTION IV: FINANCIAL PERFORMANCE OF CHARTER SCHOOLS

Operation and Administration Budgets and Finances for each Charter School are run through the Birchwood School District's books in accordance with the Department of Public Instruction WUFAR recordkeeping requirements, are subject to approval of the School Board, and are audited as part of the District's overall annual audit. An independent Governance Board also oversees finances of all three Charter Schools.

SECTION V: OTHER CONTRACT TERMS AND EXPECTATIONS (OPTIONAL)

There is a possibility that the contract for the Birchwood Blue Hills Charter School will not be renewed after June 30, 2023. It is expected that the Birchwood School District will continue to support the financial needs of the other 2 Charter Schools beyond this date.

SECTION VI: AUTHORIZER OPERATING COSTS

It is difficult to measure all Charter School Services and Costs provided by the Birchwood School District due to the extremely small nature of the school district. Most services are therefore provided "district wide" without the need for additional personnel or services. As such there are no authorizer operating costs as all School Board Members & Administrators do not receive additional compensation of any kind.

(Complete and attach audited Schedule of Charter School Authorizer Operating Costs.)

Examples of the types of costs that should be reported in the schedule of authorizer operating costs include, but are not limited to:

- costs incurred by the authorizer to oversee and monitor its charter schools (i.e. salary and fringe for individuals who assume these duties);
- costs incurred for soliciting, receiving, and reviewing applications for new charter schools (i.e. salary and fringe for individuals who assume these duties which may

- include administrative staff, business office staff, legal staff, etc.);
- costs incurred for completing and analyzing charter school data for the purpose of making renewal and revocation decisions; and
- any additional costs associated with duties under Wis. Stats. s. 118.40(3m)(a) to (e) *(please reference Technical Assistance document for the language of 118.30(3m)(a)-(e)).*

Costs that should not be included in the schedule of authorizer operating costs include salary and fringe for the teachers at the charter school, costs of charter school transportation, curriculum services, food service, etc. **Only costs associated with the authorizer fulfilling its duties should be reported in this schedule.**

SECTION VII: SERVICES PROVIDED TO CHARTER SCHOOLS

It is difficult to measure all Charter School Services and Costs provided by the Birchwood School District due to the extremely small nature of the school district. Most services are therefore provided “district wide” without the need for additional personnel or services.

(Complete and attach Schedule of Charter School Authorizer Services and Costs.)

Examples of the types of costs that should be reported in the schedule of services and costs include, but are not limited to:

- costs for business office services;
- costs for food services;
- curriculum services; or
- professional development services.

Costs and types of services may vary depending upon the contractual relationship between the authorizer and the charter school. Please note that contracted services provided to a charter and authorizer costs are not the same. **The expenditures in Section VI and Section VII should not match.**

ELA

Virtual School

What goal did the school set for achievement in English language arts?

At least 75% of students will exhibit growth in their reading assessment scores. All elementary students will reach at least “competence” level in their ELA classes. All MS/HS students will earn at least a 60% or more in all English classes.

How did the school measure progress toward the ELA goal?

Students participated in Fastbridge assessments as well as class connections with other virtual students, teachers, and mentors.

Did students meet or make progress toward the ELA goal?

100% of the students who took the Fastbridge aReading assessment improved their scores. 5 out of the 8 students that completed the Fastbridge assessment scored *low risk* or *on track* for college pathway.

Describe the student outcomes.

Students will be able to formulate and answer questions related to texts.

Students will be able to understand and participate in meaningful spoken, written, and nonverbal communications.

Math

What goal did the school set for achievement in Math?

At least 75% of students will exhibit growth in their math assessment scores. All elementary students will reach at least “competence” level in their math classes. All MS/HS students will earn at least a 60% or more in all math classes.

How did the school measure progress toward the Math goal?

Students participated in Fastbridge assessments as well as class connections with other virtual students, teachers, and mentors.

Did students meet or make progress toward the Math goal?

Everyone, except for 1 student, exhibited growth or stayed the same on their Fastbridge aMath assessment. 6 out of 8 students that completed the Fastbridge assessment scored *low risk* or *on track* for college pathway.

Describe the student outcomes

Students will be able to communicate mathematical ideas with peers, teachers, and mentors.

Students will use technology as an aid in helping to address mathematical problems.

College Readiness

In which area(s) did the school set a goal for graduation/attendance rates?

How did the school measure whether students were on-track for graduation/attendance rates?

Students participated in Fastbridge assessments to monitor their ELA and math college readiness. Attendance was also kept to ensure that students did not fall behind or become credit deficient.

What were the student outcomes for this measure?

Students will attend their mentor meetings weekly for advisement and additional support.

ACHIEVEMENT GAP REDUCTION (AGR) DATA-KEEPING TEMPLATE
to support application and reporting

WISCONSIN

The table below will help you draft your responses for the contract application and collect information required for program evaluations and reports to your school board. Make sure your performance objectives for each grade relate to reducing achievement gaps in math and reading. They must be specific, measurable, and achievable.

- [AGR Five-Year Achievement Guarantee Contract Application](#)
- [AGR Reporting Portal](#)
- [AGR Dropbox](#)
- [AGR website](#)
- [Important dates](#)
- [AGR legislation: Wis. Stat. § 118.44\(4\)](#)

Use these columns to draft responses for the AGR contract application:		At the end of the semester, describe your progress for school board reporting:							
Grade	Subject	Baseline Performance Level	Performance Objective -- (expected student growth)	Assessment Methods (formative & summative assessments)	AGR Strategy (class size reduction, instructional coaching, or one-to-one tutoring)	Rationale (Describe how the implemented strategy will help achieve the performance objective)	Fall Semester Progress Toward the Objective (include the number of identified students meeting the objective)	Spring Semester Progress Toward the Objective (provide any performance data from the time before schools closed)	Response to COVID-19 (describe your school's overall experience with the COVID-19 crisis, and how it affected your school this year).
