January 13, 2023

Mr. Ted Blazel, Chief Clerk
Wisconsin State Assembly
17 West Main Street, Rm. 401
Madison, WI 53703

Dear Chief Clerk Blazel:

I am pleased to share with you the attached report in compliance with section 38.04(21) of the Wisconsin statutes. This provision requires the Wisconsin Technical College System (WTCS) Board to submit an annual report regarding high school students attending technical colleges. The report is to be submitted to the Legislature and to four state agencies (Departments of Administration, Children and Families, Public Instruction, and Workforce Development.) The reporting requirement was established in 1997 Wisconsin Act 27.

The following level of activity occurred in the 2021-22 school year:

806 high school students attended the WTCS under the 118.15 Compulsory Education Option;

4,028 high school students attended the WTCS under the Start College Now program; and

over 57,000 high school students enrolled in WTCS postsecondary level courses through means other than 118.15 Compulsory Education.

If you have any questions regarding this report, please contact Ann Westrich, Career Prep Education Director, at (608) 261-4588.

Sincerely,

A handwritten signature in black ink, appearing to read "Morna K. Foy".

Dr. Morna K. Foy
President

**Public High School Pupils Attending Wisconsin Technical Colleges
Fiscal Years 2018-19 through 2021-22**

Section 38.04(21) of the Wisconsin statutes requires that the WTCS report information on public high school pupils enrolling in technical college courses to the Legislature and four state agencies (DOA, DCF, DPI and DWD). Five categories of enrollments are covered:

- A. 118.15 Compulsory Education – Under the provisions of ss. 118.15(1) (b), (cm) and (d), *Wis. Stats.*, high school pupils who meet certain criteria are allowed to attend technical college in lieu of high school or on a part-time basis.
- B. Start College Now – Under the Start College Now program, s. 38.12(14), *Wis. Stats.*, high school pupils have the ability to take postsecondary level courses and earn both high school and technical college credit.
- C. Transcripted Credit - This option also known as “dual credit” allows students to gain both high school and technical college credit simultaneously. Section 118.34, *Wis. Stats.*, authorizes the establishment of technical preparation programs that allow high school pupils to either gain advanced standing at a technical college or receive actual technical college credit. It should be noted that pupils earn advanced standing while in high school, but do not actually receive the credit until they have completed high school and are admitted to a technical college. Therefore, this report can only identify pupils who received actual technical college credit while still enrolled in high school.
- D. Youth Apprenticeship – Section 106.13, *Wis. Stats.*, allows a student to enroll in a youth apprenticeship program with the ability to gain advanced standing or receive actual technical college credit.
- E. 38.14 Contracts – Under s. 38.14(3), *Wis. Stats.*, a technical college may enter into a contract to provide educational services to a school district.

The following tables provide a statewide summary of such enrollments for the school years 2018-19 through 2021-22. Numbers of students, courses and credits taken are included. The WTCS Client Reporting System is the source for this information.

Headcount						
Fiscal Year	118.15 Compulsory Education	Start College Now	Transcripted Credit	Youth Apprenticeship	38.14 Contracts	Total – All
2018	721	3,118	40,652	256	3,256	48,003
