AN ACT *to repeal* 23.33 (9) (b) 8.; *to amend* 20.370 (5) (ct), 20.370 (5) (cu), 23.33 (9) (a) and 23.33 (9) (b) 7.; and *to create* 20.370 (3) (au) of the statutes; **relating to:** software, communications equipment, and maps for nonprofit organizations that promote the operation of all-terrain and utility terrain vehicles.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources provides aids to nonprofit organizations for all-terrain vehicle (ATV) and utility terrain vehicle (UTV) projects involving the production of maps and digital information applications, acquisition of communications equipment, and the placement of safety information signs.

This bill eliminates production of digital information applications and acquisition of communications equipment as eligible local projects. The bill creates a new appropriation to DNR from the conservation fund for the purpose of providing support to nonprofit organizations that promote the operation of ATVs and UTVs by 1) acquiring and maintaining statewide digital information application software for providing safety, regulatory, and riding opportunity
