Whereas, there are approximately 13,400 law enforcement officers serving in Wisconsin and almost 600 law enforcement agencies operating in the state; and

Whereas, Law Enforcement Appreciation Month offers an opportunity to provide the recognition and support that law enforcement officers deserve for their selfless dedication and hard work protecting the citizens and communities of Wisconsin; and

Whereas, people are encouraged to show their support and appreciation of law enforcement by taking various actions, including by sending a card of support to their local police department, by sharing a positive law enforcement experience on social media, by participating in Project Blue Light through displaying a blue light outside of their house, and, most importantly, by thanking a police officer; and
