ORDER

An order of the Dietitians Affiliated Credentialing Board to amend DI 2.04 (1) (c) and 3.01 (1), relating to filing applications for temporary certificates and examinations.

Analysis prepared by the Department of Regulation and Licensing.

ANALYSIS

**Statutes interpreted:**

Sections 448.80 and 448.84, Stats.

**Statutory authority:**

Sections 15.085 (5) (b) and 227.11 (2), Stats.

**Explanation of agency authority:**

Currently, s. DI 2.04 (1) (c) requires that a candidate for licensure apply to take the American Dietetic Association examination at least 120 days prior to the examination being offered. Similarly, s. DI 3.01 (1) requires applicants to file their applications for licensure at least 120 days prior to the next examination being offered by the American Dietetic Association. Because the American Dietetic Association's examination is now computer assisted, candidates may schedule those examinations at their convenience, thereby eliminating the necessity to schedule at least 120 days in advance. Eliminating the 120 day advance filing requirement will therefore provide greater flexibility to those candidates applying for licensure and simplify the credentialing process.

**Related statute or rule:**

There are no related statutes or rules other than those listed above.

**Plain language analysis:**

In this rule-making order the Dietitians Affiliated Credentialing Board is amending language relating to filing applications for examinations and temporary certificates. Since the American Dietetic Association's pre-licensing procedures are now computer assisted, an applicant may

now schedule the examination at his or her convenience. Therefore, there is no reason to require the 120 day wait.

SECTION 1 amends the examination provisions to allow applicants to obtain a temporary certificate and submit application to take the examination as soon as possible, without a 120 day wait.

SECTION 2 amends the application submission process allowing the applicant to take the examination as soon as possible, without a 120 day wait.

**Summary of, and comparison with, existing or proposed federal regulation:**

There is no existing federal regulation.

**Comparison with rules in adjacent states:**

A search of rules adopted in Michigan, Minnesota, Iowa, Illinois and Indiana indicates that none of these states have time requirements for submission of applications. There are no federal regulations concerned with time requirements for submission of applications for dietitian credentials in the states.

**Summary of factual data and analytical methodologies:**

The board is responding to communication from the Commission on Dietetic Registration indicating that the 120 day period is no longer needed to prepare for candidates to take the examination. The rule change is a response to this improvement in their processes.

**Determination of significant fiscal effect on the private sector:**

The department finds that this rule has no significant fiscal effect on the private sector.

**Fiscal estimate:**

The proposed rules will have no impact on the department's funds.

**Effect on small business:**

Pursuant to s. 227.114 (1) (a), Stats., these rules will have no significant economic impact on a substantial number of small businesses. The Department's Small Business Regulatory Review Coordinator may be contacted by email at [chris.klein@drl.state.wi.us](mailto:chris.klein@drl.state.wi.us), or by calling (608) 266-8608.
