

CERTIFICATE

**STATE OF WISCONSIN
DEPARTMENT OF REGULATION AND LICENSING**

TO ALL WHOM THESE PRESENTS SHALL COME, GREETINGS:

I, Patrick D. Braatz, Director, Bureau of Health Professions in the Wisconsin Department of Regulation and Licensing and custodian of the official records of the Dentistry Examining Board, do hereby certify that the annexed rules were duly approved and adopted by the Dentistry Examining Board on the 12th day of July, 2000.

I further certify that said copy has been compared by me with the original on file in this office and that the same is a true copy thereof, and of the whole of such original.

**IN TESTIMONY WHEREOF, I
have hereunto set my hand and
affixed the official seal of the
board at 1400 East Washington
Avenue, Madison, Wisconsin this
12th day of July, 2000.**

Patrick D. Braatz, Director, Bureau of
Health Professions, Department of

STATE OF WISCONSIN
DENTISTRY EXAMINING BOARD

IN THE MATTER OF RULE-MAKING : ORDER OF THE
PROCEEDINGS BEFORE THE : DENTISTRY EXAMINING BOARD
DENTISTRY EXAMINING BOARD : ADOPTING RULES
: (CLEARINGHOUSE RULE 99-099)

ORDER

An order of the Dentistry Examining Board to *create* DE 3.04, relating to the oral systemic premedications and subgingival sustained release chemotherapeutic agents that may be administered by a licensed dental hygienist.

Analysis prepared by the Department of Regulation and Licensing.

ANALYSIS

Statutes authorizing promulgation: ss. 15.08 (5) (b) and 227.11 (2), Stats., and s. 447.02 (2) (d), Stats., as created by 1997 Wisconsin Act 96.

Statutes interpreted: s. 447.06 (2) (e) 1. and 3., Stats.

This proposed rule-making order of the Dentistry Examining Board adopts rules mandated under 1997 Wisconsin Act 96, respecting the oral systemic premedications and subgingival chemotherapeutic agents that may be administered by a dental hygienist upon the delegation of a dentist. Under the Act, the scope of practice of a dental hygienist is expanded to permit the administration of oral systemic premedications and subgingival chemotherapeutic agents, pursuant to a treatment plan approved by a dentist who is present in the dental facility when the medications are provided and who is available throughout the completion of the patient's appointment. The proposed rules permit a dentist to determine, in his or her professional judgment, the specific medications that may be administered to a patient by a dental hygienist.

TEXT OF RULE

SECTION 1. DE 3.04 is created to read:

DE 3.04 Oral systemic premedications and subgingival sustained release chemotherapeutic agents. (1) "Oral systemic premedications" means antibiotics that are administered orally to patients prior to providing dental or dental hygiene services in order to mitigate against the risk of patients developing a bacterial infection.

(2) "Subgingival sustained release chemotherapeutic agents" means medications that are applied under the gum tissue in periodontal pockets to treat periodontal or gum disease.

(3) A dentist may delegate to a dental hygienist the administration of oral systemic premedications and subgingival sustained release chemotherapeutic agents to patients only if all of the following conditions are met:

(a) The administration is performed pursuant to a treatment plan for the patient approved by a dentist.

(b) A dentist remains on the premises in which the administration is performed and is available to the patient throughout the completion of the appointment.

(END OF TEXT OF RULE)

The rules adopted in this order shall take effect on the first day of the month following publication in the Wisconsin administrative register, pursuant to s. 227.22 (2) (intro.), Stats.

Dated 7-12-00
