“Owner” means any person, firm, corporation, state, county, town, city, village, school district, sewer district, drainage district and other public or quasi-public corporations as well as any manager, representative, officer, or other person having ownership, control or custody of any place of employment or public building, or of the construction, repair or maintenance of any place of employment or public building, or who prepares plans for the construction of any place of employment or public building. This subchapter shall apply, so far as consistent, to all architects and builders.

“Place of employment” includes every place, whether indoors or outdoors and the premises appurtenant thereto where either temporarily or permanently any industry, trade, or business is carried on, or where any process or operation, directly or indirectly related to any industry, trade, or business, is carried on, and where any person is, directly or indirectly, employed by another for direct or indirect gain or profit, but does not include any place where persons are employed in private domestic service which does not involve the use of mechanical power or in farming. “Farming” includes those activities specified in s. 102.04 (3), and also includes the transportation of farm products, supplies, or equipment directly to the farm by the operator of the farm or employees for use thereon, if such activities are directly or indirectly for the purpose of producing commodities for market, or as an accessory to such production. When used with relation to building codes, “place of employment” does not include any of the following:

frequencers, or the public, or tenants, or fire fighters, and such rea-
osable means of notification, egress and escape in case of fire, and such freedom from danger to adjacent buildings or other prop-
ergy, as the nature of the employment, place of employment, or public building, will reasonably permit.

(14) “Secretary” means the secretary of safety and profes-
sional services.

(15) “Welfare” includes comfort, decency and moral well-
being.

History: 1971 c. 185 ss. 1, 5; 1971 c. 228 ss. 15, 44; 1975 c. 413, 421; 1977 c. 29; 1983 a. 189 ss. 142, 143, 329 (a); 1985 a. 135 s. 83 (3); 1987 a. 161; 1993 a. 27, 184, 327; 1995 a. 31, 329, ss. 1166, 1116 (5), 329; 2001 a. 16; 2007 a. 20; 2011 a. 32, 146; 2017 a. 59; 2017 a. 331 s. 43.

In a safe place action by a plaintiff injured through contact with home power lines while installing aluminum trim on the premises, the power lines did not constitute a place of employment under sub. (2) (a) [now sub. (11)]. Although a “process or oper-
ation” was carried on by the transmission of electricity through the lines, no person was employed by the power company on the premises at the time of the injury. Bar-
thel v. Wisconsin Electric Co. 69 Wis. 2d 446, 230 N.W.2d 863 (1975).

A vocational school was not a place of employment. Korenak v. Curative Work-
shop Adult Rehabilitation Center, 71 Wis. 2d 77, 237 N.W.2d 43 (1976).

The right to make progress inspections and to stop construction for noncompliance with specifications is not an exercise of control sufficient to make an architect an owner under sub. (2) (c) [now sub. (10)]. Laterbach v. Mochon Schutte Hackworth Jurassic Inc. 224 Wis. 2d 1, 267 N.W.2d 13 (1978).

“Safe employment” and “safe place of employment” are distinguished. There is a duty to provide safe employment to employees that does not extend to frequencers, while the duty to provide a safe place of employment does extend to frequencers. Lett-
er v. Milwaukee County, 94 Wis. 2d 186, 287 N.W.2d 803 (1980).

An Elks Club was a “place of employment.” Schmorrow v. Sentry Ins. Co., 138 Wis. 2d 31, 405 N.W.2d 672 (Ct. App. 1987).

A person seeking directions to the location of an intended, but unknown, destina-
tion is a frequenter under sub. (2) (d) [now sub. (6)]. When such inquiry is not made, or has concluded, and the person deviates into an area he or she is not explicitly or impliedly invited into, frequenter status is lost. Monsivais v. Winzenried, 179 Wis. 2d 758, 508 N.W.2d 620 (Ct. App. 1993).

The duty of an owner of a multiple-unit residential dwelling under the safe place statute extends only to common areas. Antwaa A. v. Heritage Mutual Insurance Co. 229 Wis. 2d 44, 596 N.W.2d 456 (1999), 97-0323.

“Tenants” under sub. (12) refers to the number of units available in the building, not to the number of individuals in the building. Raymuke v. American Family Mutual Insurance Co. 2006 WI App 177, 293 Wis. 2d 352, 718 N.W.2d 154, 05-1555.

101.02 Powers, duties and jurisdiction of department.

(1) (a) In this subsection:

1. “Credential” has the meaning given in s. 440.01 (2) (a).

2. “Occupational license” means a license, permit, certificate, registration, or other approval for an occupation, trade, or profession issued by the department under this chapter, under ch. 145, under rules promulgated under this chapter or ch. 145, or under s. 167.10 (6m).

(b) The department shall adopt reasonable and proper rules and regulations relative to the exercise of its powers and authorities and proper rules to govern its proceedings and to regulate the mode and manner of all investigations and hearings, subject to par. (c).

(c) If the department promulgates rules under s. 440.03 (1) defining uniform procedures to be used by the department for receiving, filing, and investigating complaints against holders of credentials, for commencing disciplinary proceedings against holders of credentials, and for conducting hearings on matters relating to credentials, the department’s rules under par. (b) with respect to occupational licenses shall conform with the rules prom-
ulgated under s. 440.03 (1).

(1m) Notwithstanding sub. (1) (b), the department may not promulgate or enforce a rule related to fire safety that prohibits the seasonal placement of a Christmas tree in the rotunda of the state capitol building or in a church.

(2) The department may sue and be sued.

(3) The department shall employ, promote and remove depu-
ties, clerks and other assistants as needed, to fix their compensa-
tion, and to assign to them their duties; and shall appoint advisers who shall, without compensation except reimbursement for actual and necessary expenses, assist the department in the execution of its duties.

(4) The department shall collect, collate and publish statistical and other information relating to the work under its jurisdiction and shall make public reports in its judgment necessary.

(5) (a) The department shall conduct such investigations, hold such public meetings and attend or be represented at such meetings, conferences and conventions inside or outside of the state as may, in its judgment, tend to better the execution of its functions.

(b) For the purpose of making any investigation with regard to any employment or place of employment or public building, the secretary may appoint, by an order in writing, any deputy who is a citizen of the state, or any other competent person as an agent whose duties shall be prescribed in such order.

(c) In the discharge of his or her duties such agent shall have every power of an inquisitorial nature granted in this subchapter to the department, the same powers as a supplemental court com-
misssioner with regard to the taking of depositions and all powers granted by law to a supplemental court commissioner relative to depositions.

(d) The department may conduct any number of such investi-
gations contemporaneously through different agents, and may delegate to such agent the taking of all testimony bearing upon any investigation or hearing. The decision of the department shall be based upon its examination of all testimony and records. The rec-
ommendations made by such agents shall be advisory only and shall not preclude the taking of further testimony if the department so orders nor preclude further investigation.

(e) The secretary may direct any deputy who is a citizen to act as special prosecutor in any action, proceeding, investigation, hearing or trial relating to the matters within its jurisdiction.

(f) Upon the request of the department, the department of jus-
tice or district attorney of the county in which any investigation, hearing or trial had under this subchapter is pending, shall aid the department in the investigation, hearing or trial and, under the supervision of the department, prosecute all necessary actions or proceedings for the enforcement and punishment of violations of this subchapter and all other laws of this state relating to the pro-
tection of life, health, safety and welfare.

(6) (a) All orders of the department in conformity with law shall be in force, and shall be prima facie lawful; and all such orders shall be valid and in force, and prima facie reasonable and lawful until they are found otherwise upon judicial review thereof pursuant to ch. 227 or until altered or revoked by the department.

(b) All general orders shall take effect as provided in s. 227.22. Special orders shall take effect as therein directed.

(c) The department shall, upon application of any employer or owner, grant such time as may be reasonably necessary for com-
pliance with any order.

(d) Any person may petition the department for an extension of time, which the department shall grant if it finds such an exten-
sion of time necessary.

(e) Any employer or other person interested either because of ownership in or occupation of any property affected by any such order, or otherwise, may petition for a hearing on the reasonable-
ness of any order in the manner provided in this subchapter.

(f) Such petition for hearing shall be by verified petition filed with the department, setting out specifically and in full detail the order upon which a hearing is desired and every reason why such order is unreasonable, and every issue to be considered by the department on the hearing. The petitioner shall be deemed to have finally waived all objections to any irregularities and illegallities in the order upon which a hearing is sought other than those set forth in the petition. All hearings of the department shall be open to the public.

(g) Upon receipt of such petition, if the issues raised in such petition have theretofore been adequately considered, the depart-

2017–18 Wisconsin Statutes updated through 2019 Wis. Act 34 and through all Supreme Court and Controlled Substances Board Orders filed before and in effect on November 27, 2019. Published and certified under s. 35.18. Changes effective after November 27, 2019, are designated by NOTES. (Published 11–27–19)
ment shall determine the same by confirming without hearing its previous determination, or if such hearing is necessary to determine the issues raised, the department shall order a hearing thereon and consider and determine the matter or matters in question at such times as shall be prescribed. Notice of the time and place of such hearing shall be given to the petitioner and to such other persons as the department may find directly interested in such decision.

(h) Upon such investigation, if it shall be found that the order complained of is unjust or unreasonable the department shall substitute therefor such order as shall be just and reasonable.

(i) Whenever at the time of the final determination upon such hearing it shall be found that further time is reasonably necessary for compliance with the order of the department, the department shall grant such time as may be reasonably necessary for such compliance.

(7) (a) Nothing contained in this subchapter may be construed to deprive the common council, the board of alderpersons, the board of trustees or the village board of any village or city, or a local board of health, as defined in s. 250.01 (3), of any power or jurisdiction over or relative to any place of employment or public building, provided that, whenever the department shall, by an order, fix a standard of safety or any hygienic condition for employment or places of employment or public buildings, the order shall, upon the filing by the department of a copy of the order with the clerk of the village or city to which it may apply, be held to amend or modify any similar conflicting local order in any particular matters governed by the order of the department. Thereafter no local officer may make or enforce any order contrary to the order of the department.

(b) Any person affected by any local order in conflict with an order of the department, may in the manner provided in s. 101.02 (6) (e) to (i), petition the department for a hearing on the ground that such local order is unreasonable and in conflict with the order of the department. The petition for such hearing shall conform to the requirements set forth for a petition in s. 101.02 (6) (e) to (i).

(c) Upon receipt of such petition the department shall order a hearing thereon, to consider and determine the issues raised by such appeal, such hearing to be held in the village, city or municipality where the local order appealed from was made. Notice of the time and place of such hearing shall be given to the petitioner and such other persons as the department may find directly interested in such decision, including the clerk of the municipality or town from which such appeal comes. If upon such investigation it shall be found that the local order appealed from is unreasonable and in conflict with the order of the department, the department may modify its order and shall substitute for the local order appealed from such order as shall be reasonable and legal in the premises, and thereafter the said local order shall, in such particulars, be void and of no effect.

(7e) (a) Notwithstanding sub. (7) (a), no county, city, village, or town may enact or enforce an ordinance related to fire safety that prohibits the seasonal placement of a Christmas tree in the rotunda of the state capitol building or in a church.

(b) If a county, city, village, or town has in effect on April 1, 2016, an ordinance that prohibits the seasonal placement of a Christmas tree in the rotunda of the state capitol building or in a church, the ordinance does not apply and may not be enforced.

(7f) (a) Notwithstanding sub. (7) (a), no county, city, village, or town may enact or enforce an ordinance that establishes minimum standards for constructing, altering, or adding to public buildings or buildings that are places of employment that does not strictly conform to the applicable rules under sub. (15) (j) if all of the following apply:

1. The ordinance was enacted before May 1, 2013.

2. The ordinance was published by the county, city, village, or town in the manner required under s. 59.14, 60.80, 61.50, or 62.11 (4).

3. The ordinance relates to fire detection, prevention, or suppression components of buildings.

4. The building is not a multifamily dwelling.

5. The ordinance is submitted to the department within 60 days after April 18, 2014.

6. The department determines that the ordinance requires standards that are at least as strict as the rules promulgated by the department.

(c) A county, city, village, or town may amend an ordinance that is enforceable under par. (b) if all of the following apply:

1. The amendment will not broaden the applicability of the ordinance to any building components that are not subject to the ordinance under par. (b) 3.

2. The amendment will not change the specific subject matter regulated by the ordinance.

3. The county, city, village, or town submits a copy of the enacted amendment to the department at least 120 days before the effective date of the amendment.

4. The county, city, village, or town publishes the enacted amendment in the manner required under s. 59.14, 60.80, 61.50, or 62.11 (4) at least 120 days before the effective date of the amendment.

(d) 1. The department shall maintain a list of the ordinances that are enforceable under par. (b) and of the amendments that are enforceable under par. (c). The list shall be accessible to the public in electronic format, and shall include electronically photographed or scanned copies of the ordinances and amendments.

2. For an amendment submitted to the department under par. (c) 3., the department shall make it accessible as required under subd. 1. within 10 working days after receiving the amendment.

(e) Notwithstanding par. (a), a county, city, village, or town may enact and enforce an ordinance establishing a property maintenance code that is stricter than rules promulgated by the department under sub. (15) (j).

(f) Notwithstanding par. (a), a city of the 1st or 2nd class may enact and enforce an ordinance that relates to fire suppression that requires existing buildings to be altered to comply with the rules for the construction of buildings that are promulgated by the department under sub. (15) (j).

(g) 1. The department shall promulgate rules that establish procedures for the administration of the rules promulgated by the department under this subchapter. For purposes of this paragraph, “administration” includes the process an owner must follow when applying for a permit for constructing, altering, or adding to a public building or a building that is a place of employment.

2. Notwithstanding sub. (7) (a), no county, city, village, or town may enact or enforce an ordinance that establishes minimum standards for the administration of the rules promulgated by the department under this subchapter unless that ordinance strictly conforms to the rules promulgated by the department under subd. 1.

(7w) (a) In this subsection, “aesthetic considerations” means considerations relating to color and texture and design considerations that do not relate to health or safety.

(b) Notwithstanding subs. (7) (a) and (7e), no city, village, or town may enact or enforce an ordinance, or otherwise impose any requirement, that includes aesthetic considerations for purposes of inspection criteria for the interior of any structure or part of a structure that is used or intended to be used as a home, residence, or sleeping place.
(8) (a) No action, proceeding or suit to set aside, vacate or amend any order of the department or to enjoin the enforcement thereof, shall be brought unless the plaintiff shall have applied to the department for a hearing thereon at the time and as provided in s. 101.02 (6) (e) to (i), and in the petition therefor shall have raised every issue raised in such action.

(b) Every order of the department shall, in every prosecution for violation thereof, be conclusively presumed to be just, reasonable and lawful, unless prior to the institution of prosecution for such violation a proceeding for judicial review of such order shall have been instituted, as provided in ch. 227.

(9) A substantial compliance with the requirements of this subchapter shall be sufficient to give effect to the orders of the department, and no order may be declared inoperative, illegal or void for any omission of a technical nature with respect to the requirements of this subchapter.

(10) Orders of the department under this subchapter shall be subject to review in the manner provided in ch. 227.

(11) Proof by any person, firm or corporation employing a contractor to construct, repair, alter or improve any building or structure, that such contractor in performing such work has failed to comply with any applicable order or regulation of the department promulgated under this chapter shall constitute a defense to any action for payment by such contractor to the extent that it shall bars recovery for any part of the work which fails to comply as well as any reasonable amount expended to effectuate compliance with any applicable order or regulation may be recovered from such contractor by way of counterclaim or in a separate action. This section shall not apply where plans or specifications were prepared by an architect or engineer licensed to do business in this state and the contract performed in accordance therewith.

(12) Every day during which any person or corporation, or any officer, agent or employee of a person or corporation, fails to observe and comply with any order of the department or to perform any duty specified under this subchapter shall constitute a separate and distinct violation of the order or of the requirements of this subchapter, whichever is applicable.

(13) (a) If any employer, employee, owner, or other person violates this subchapter, or fails or refuses to perform any duty specified under this subchapter, within the time prescribed by the department, for which no penalty has been specifically provided, or fails, neglects or refuses to obey any lawful order given or made by the department, or any judgment or decree made by any court in connection with this subchapter, for each such violation, failure or refusal, the state, the employer, employee, owner or other person shall forfeit and pay into the state treasury a sum not less than $10 nor more than $100 for each such offense.

(b) It shall be the duty of all officers of the state, the counties and municipalities, upon request of the department, to enforce in their respective departments, all lawful orders of the department, insofar as the same may be applicable and consistent with the general duties of such officers.

(cm) or at the instance of a party other than the department is entitled to compensation from the state for attendance or travel unless the department certifies that the testimony was material to the matter investigated.

(c) The department or any party may in any investigation cause the depositions of witnesses residing within or without the state to be taken in the manner prescribed by law for depositions in civil actions in circuit courts. The expense incurred by the state in the taking of such depositions shall be charged against the proper appropriations for the department.

(15) (a) The department has such supervision of every employment, place of employment and public building in this state as is necessary adequately to enforce and administer all laws and all lawful orders requiring such employment, place of employment or public building to be safe, and requiring the protection of the life, health, safety and welfare of every employee in such employment or place of employment and every frequenter of such place of employment, and the safety of the public or tenant in such public building. This paragraph also applies to occupational safety and health issues covered by standards established and enforced by the federal occupational safety and health administration.

(b) The department shall administer and enforce, so far as not otherwise provided for in the statutes, the laws relating to laundries, stores, licensed occupations, school attendance, bakeries, intelligence offices and bureaus, manufacture of cigars, sweatshops, corn shredders, woodsawing machines, fire escapes and means of egress from buildings, scaffolds, hoists, ladders and other matters relating to the erection, repair, alteration or painting of buildings and structures, and all other laws protecting the life, health, safety and welfare of employees in employment and places of employment and frequenters of places of employment.

(c) Upon petition by any person that any employment or place of employment or public building is not safe, the department shall proceed, with or without notice, to make such investigation as may be necessary to determine the matter complained of.

(d) After such hearing as may be necessary, the department may enter such order relative thereto as may be necessary to render such employment or place of employment or public building safe.

(e) Whenever the department shall learn that any employment or place of employment or public building is not safe it may of its own motion, summarily investigate the same, with or without notice, and enter such order as may be necessary relative thereto.

(f) The department shall investigate, ascertain and determine such reasonable classifications of persons, employments, places of employment and public buildings, as shall be necessary to carry out the purposes of this subchapter.

(g) The secretary or any deputy of the department may enter any place of employment or public building, for the purpose of collecting facts and statistics, examining the provisions made for the health, safety and welfare of the employees, frequenters, the public or tenants therein and bringing to the attention of every employer or owner any law, or any order of the department, and any failure on the part of such employer or owner to comply therewith. No employer or owner may refuse to admit the secretary or any deputy of the department to his or her place of employment or public building.

(h) The department shall investigate, ascertain, declare and prescribe what safety devices, safeguards or other means or methods of protection are best adapted to render the employees of every employment and place of employment and frequenters of every place of employment safe, and to protect their welfare as required by law or lawful orders.
101.02 REGULATION OF INDUSTRY, BUILDINGS AND SAFETY

(i) The department shall ascertain and fix such reasonable standards and shall prescribe, modify and enforce such reasonable orders for the adoption of safety devices, safeguards and other means or methods of protection to be as nearly uniform as possible, as may be necessary to carry out all laws and lawful orders relative to the protection of the life, health, safety and welfare of employees in employment and places of employment or frequenters of places of employment.

(j) The department shall ascertain, fix and order such reasonable standards or rules for constructing, altering, adding to, repairing, and maintaining public buildings and places of employment in order to render them safe.

(k) Every employer and every owner shall furnish to the department all information that the department requires to administer and enforce this subchapter, and shall provide specific answers to all questions that the department asks relating to any information that the department requires.

(L) Any employer receiving from the department any form requesting information that the department requires to administer and enforce this subchapter, along with directions to complete the form, shall properly complete the form and answer fully and correctly each question asked in the form. If the employer is unable to answer any question, the employer shall give a good and sufficient reason for his or her inability to answer the question. The employer’s answers shall be verified under oath by the employer, or by the president, secretary or other managing officer of the corporation, if the employer is a corporation, and the completed form shall be returned to the department at its office within the period fixed by the department.

(16) The department shall comply with the requirements of ch. 180 in the administration of any program, responsibility or activity assigned or delegated to it by law.

(18) The department may establish a schedule of fees for publications and seminars provided by the department for which no fee is otherwise authorized, required or prohibited by statute. Fees established under this subsection for publications and seminars provided by the department may not exceed the actual cost incurred in providing those publications and seminars.

(19) (a) The department shall, after consulting with the department of health services, develop a report form to document contact with blood or body fluids that constitutes a significant exposure, for use under s. 252.15 (5g) (c). The form shall contain the following language for use by a person who may have had a significant exposure: “REMEMBER — WHEN YOU ARE INFORMED OF AN HIV TEST RESULT BY USING THIS FORM, IT IS A VIOLATION OF THE LAW FOR YOU TO REVEAL TO ANYONE ELSE THE IDENTITY OF THE PERSON WHO IS THE SUBJECT OF THAT TEST RESULT. (PENALTY: POSSIBLE JAIL AND UP TO $50,000 FINE).”

(b) The department shall determine whether a report form that is not the report form under par. (a) that is used or proposed for use to document significant exposure to blood or body fluids, is substantially equivalent to the report form under par. (a).

(22) (a) In this subsection, “insulating concrete form” means a hollow expandable polystyrene form that is filled with concrete.

(22) (b) Except as provided in par. (c), no later than April 1, 2007, the department shall provide a designation on every standard building permit form prescribed by the department under this chapter to indicate whether insulating concrete forms are being used in the construction of the building for which the permit is issued.

(c) No later than June 1, 2006, the department shall provide the designation described under par. (b) on all electronic versions of every standard building permit form prescribed by the department under this chapter.

(23) The department shall include the following language on every standard building permit form prescribed by the department under this chapter: “YOU ARE RESPONSIBLE FOR COMPLYING WITH STATE AND FEDERAL LAWS CONCERNING CONSTRUCTION NEAR OR ON WETLANDS, LAKES, AND STREAMS. WETLANDS THAT ARE NOT ASSOCIATED WITH OPEN WATER CAN BE DIFFICULT TO IDENTIFY. FAILURE TO COMPLY MAY RESULT IN REMOVAL OR MODIFICATION OF CONSTRUCTION THAT VIOLATES THE LAW OR OTHER PENALTIES OR COSTS. FOR MORE INFORMATION, VISIT THE DEPARTMENT OF NATURAL RESOURCES WETLANDS IDENTIFICATION WEB PAGE OR CONTACT A DEPARTMENT OF NATURAL RESOURCES SERVICE CENTER.”

(25) The department may promulgate rules prescribing procedures for approving new building materials, methods, and equipment.

Safety rules promulgated under sub. (15) (b) applied to a frequenter of a new home construction site. Failure to instruct the jury that a violation of a safety standard constituted negligence per se was reversible error. Nordener v. Hammerlund, 132 Wis. 2d 164, 389 N.W.2d 878 (Cl. App. 1986).

Every infrequent business–related activity in the home does not subject the homeowner to liability under the safe place statute. Geiger v. Milwaukee Guardian Insurance Co. 188 Wis. 2d 333, 524 N.W.2d 909 (Cl. App. 1994).

When an inspector determines that there is a violation of safety orders and a condition of extreme and imminent danger to a worker’s life exists, the inspector may seek the assistance of a local law enforcement officer. The local law enforcement officer has a duty to render assistance unless in the officer’s opinion other priority assignments take precedence. 59 Atty. Gen. 12.

The department’s authority to adopt rules covering the safety of campers engaged in recreational activities at youth camps is limited to orders relating to the construction of public buildings on the premises, but only as to the structural aspects thereof, and to places of employment, but only as to those camps operated for profit. 59 Atty. Gen. 35.

The department has the power to promulgate reasonable safety standards for the protection of employees while working in and around motor vehicles used on the job. 59 Atty. Gen. 181.

The department may inspect those parts of boarding homes designed for 3 or more persons who employ workers or those used by the public, but not interiors of private dwellings. It has no authority to license or register boarding homes nor to charge an inspection fee based upon the number of beds or rooms. 62 Atty. Gen. 107.

The department cannot enact a rule that would alter the common law rights and duties of adjoining landowners with respect to lateral support, although the department may specify 30 days as the minimum safety period in which an excavating owner must give notice to a neighbor of an intent to excavate. 62 Atty. Gen. 267.

101.023 Commercial building code council duties. The commercial building code council shall review the rules relating to constructing, altering, adding to, repairing, and maintaining public buildings and buildings that are places of employment. The council shall consider and make recommendations to the department pertaining to these rules and any other matters related to constructing, altering, adding to, repairing, and maintaining public buildings and buildings that are places of employment. In preparing rules under this chapter that relate to public buildings and to
buildings that are places of employment, the department shall consult with the commercial building code council.

**101.025 Ventilation requirements for public buildings and places of employment.** (1) Notwithstanding s. 101.02 (1) (b) and (15), any rule that requires the intake of outside air for ventilation in public buildings or places of employment shall establish minimum quantities of outside air that must be supplied based upon the type of occupancy, the number of occupants, areas with toxic or unusual contaminants, and other pertinent criteria determined by the department. The department shall set standards where the mandatory intake of outside air may be waived. The department may waive the requirement for the intake of outside air where the owner has demonstrated that the resulting air quality is equivalent to that provided by outdoor air ventilation. The department may not waive the mandatory intake of outside air unless smoking is prohibited in the building or place of employment. In this subsection, “smoking” means carrying any lighted tobacco product.

(2) In the case where the intake of outside air is waived, any person may file a written complaint with the department requesting the enforcement of ventilation requirements for the intake of outside air for a particular public building or place of employment. The complaints shall be processed in the same manner and be subject to the same procedures as provided in s. 101.02 (6) (e) to (i) and (8).

(3) The department may order the owner of any public building or place of employment which is the subject of a complaint under sub. (2) to comply with ventilation requirements adopted under sub. (1) unless the owner can verify, in writing, that the elimination of the provision for outside air in the structure in question does not impose a significant detriment to the employees or frequenters of the structure and that the health, safety, and welfare of the occupants is protected. Upon receipt of a written verification from the owner, the department shall conduct an investigation, and the department may issue an order to comply with ventilation requirements under sub. (1) if it finds that the health, safety, and welfare of the employees or frequenters of the structure in question is best served by reinstating the ventilation requirements for that structure.

(4) For ventilation systems in public buildings and places of employment, the department shall adopt rules setting:

(a) A maximum rate of leakage allowable from outside air dampers when the dampers are closed.

(b) Maintenance standards for ventilation systems in public buildings and places of employment existing on April 30, 1980.

(5) To the extent that the historic building code applies to the subject matter of this section, this section does not apply to a qualified historic building if the owner elects to be subject to s. 101.121.

**101.027 Energy conservation code for public buildings and places of employment.** (1) In this section, “energy conservation code” means the energy conservation code promulgated by the department that sets design requirements for construction and equipment for the purpose of energy conservation in public buildings and places of employment.

(2) The department shall review the energy conservation code and shall promulgate rules that change the requirements of the energy conservation code to improve energy conservation. No rule may be promulgated that has not taken into account the cost of the energy conservation code requirement, as changed by the rule, in relationship to the benefits derived from that requirement, including the reasonably foreseeable economic and environmental benefits to the state from any reduction in the use of imported fossil fuel. The proposed rules changing the energy conservation code shall be submitted to the legislature in the manner provided under s. 227.19. In conducting a review under this subsection, the department shall consider incorporating, into the energy conservation code, design requirements from the most current national energy efficiency design standards, including the International Energy Conservation Code or an energy efficiency code other than the International Energy Conservation Code if that energy efficiency code is used to prescribe design requirements for the purpose of conserving energy in buildings and is generally accepted and used by engineers and the construction industry.

(3) (a) The department shall begin a review under sub. (2) whenever one of the following occurs:

2. Three years have passed from the date on which the department last submitted to the legislature proposed rules changing the energy conservation code.

(b) The department shall complete a review under sub. (2) as follows:

1. If the department begins a review under sub. (2) because a revision of the International Energy Conservation Code is published, the department shall complete its review of the energy conservation code, as defined in sub. (1), and submit to the legislature proposed rules changing the energy conservation code, as defined in sub. (1), no later than 18 months after the date on which the revision of the International Energy Conservation Code is published.

2. If the department begins a review under sub. (2) because 3 years have passed from the date on which the department last submitted to the legislature proposed rules changing the energy conservation code, the department shall complete its review of the energy conservation code and submit to the legislature proposed rules changing the energy conservation code no later than 9 months after the last day of the 3-year period.

**101.05 Exempt buildings and projects.** (1) No building code adopted by the department under this chapter shall affect buildings located on research or laboratory farms of public universities or other state institutions and used primarily for housing livestock or other agricultural purposes.

(2) A bed and breakfast establishment, as defined under s. 97.01 (1g), is not subject to building codes adopted by the department under this subchapter.

(3) No standard, rule, code or regulation of the department under this subchapter applies to construction undertaken by the state for the purpose of renovation of the state capitol building.

(4) No standard, rule, order, code or regulation adopted, promulgated, enforced or administered by the department under this chapter applies to a rural school building if all of the following are satisfied:

(a) The school building consists of one classroom.

(b) The school building is used as a school that is operated by and for members of a bona fide religious denomination in accordance with the teachings and beliefs of the denomination.

(c) The teachings and beliefs of the bona fide religious denomination that operates the school prohibit the use of certain products, devices or designs that are necessary to comply with a standard, rule, order, code or regulation adopted, promulgated, enforced or administered by the department under this chapter.

(5) No standard, rule, order, code, or regulation adopted, promulgated, enforced, or administered by the department under s. 101.025, 101.027, 101.12, 101.121, or 101.125 to 101.135 applies...

101.055 Public employee safety and health. (1) INTENT. It is the intent of this section to give employees of the state, of any agency and of any political subdivision of this state rights and protections relating to occupational safety and health equivalent to those granted to employees in the private sector under the occupational safety and health act of 1970 (5 USC 5108, 5314, 5315 and 7902; 15 USC 633 and 636; 18 USC 1114; 29 USC 553 and 651 to 678; 42 USC 3142–1 and 49 USC 1421).

(2) DEFINITIONS. In this section, unless the context requires otherwise:

(a) “Agency” means an office, department, independent agency, authority, institution, association, society, or other body in state government created or authorized to be created by the constitution or any law, and includes the legislature and the courts.

(b) “Public employee” or “employee” means any employee of the state, of any agency or of any political subdivision of the state.

(c) “Public employee representative” or “employee representative” means an authorized collective bargaining agent, an employee who is a member of a workplace safety committee or any person chosen by one or more public employees to represent those employees.

(d) “Public employer” or “employer” means the state, any agency or any political subdivision of the state.

(3) STANDARDS. (a) The department shall adopt, by administrative rule, standards to protect the safety and health of public employees. The standards shall provide protection at least equal to that provided to private sector employees under standards promulgated by the federal occupational safety and health administration, but no rule may be adopted by the department which defines a substance as a “toxic substance” solely because it is listed in the latest printed edition of the national institute for occupational safety and health registry of toxic effects of chemical substances. The department shall revise the safety and health standards adopted for public employees as necessary to provide protection at least equal to that provided to private sector employees under federal occupational safety and health administration standards, except as otherwise provided in this paragraph. Notwithstanding ss. 35.93 and 227.21, if the standards adopted by the department are identical to regulations adopted by a federal agency, the standards need not be published in full in the Wisconsin administrative code and register as provided in ss. 35.93 and 227.21 if the identical federal regulations are made available to the public at a reasonable cost and promulgated in accordance with ch. 227, except s. 227.21. The department may provide to the legislative reference bureau one or more Web addresses to provide electronic access to any standards adopted under this paragraph for publication in conjunction with the publication of the Wisconsin administrative code and register under s. 35.93.

(b) Standards adopted by the department shall contain appropriate provisions for informing employees about hazards in the workplace, precautions to be taken and emergency treatment practices to be used in the event of an accident or overexposure to a toxic substance. Standards shall include provisions for providing information to employees through posting, labeling or other suitable means. Where appropriate, standards adopted by the department shall contain provisions for the use of protective equipment and technological procedures to control hazards.

(c) Standards adopted by the department relating to toxic substances or harmful physical agents, such as noise, temperature extremes and radiation, shall assure to the extent feasible that no employee will suffer material impairment of health or functional capacity through regular exposure. Where appropriate, standards adopted by the department relating to toxic substances and physical agents shall require the monitoring and measuring of employees’ exposure to the substance or agent.

(d) No standards adopted under this subsection may require a member of a volunteer or paid fire department maintained by a political subdivision of this state to complete more than 60 hours of training prior to participating in structural fire fighting.

(4) VARIANCES. (a) Procedure. A public employer may apply to the department for a temporary variance under par. (b), an experimental variance under par. (c) or a permanent variance under par. (d) to any standard adopted under sub. (3) by filing a petition with the department specifying the standard for which the public employer seeks a variance and the reasons for which the variance is sought. In addition, the public employer seeking the variance shall provide a copy of the application to the appropriate public employee representatives and post a statement at the place where notices to employees are normally posted. The posted statement shall summarize the application, specify a place where employees may examine the application and inform employees of their right to request a hearing. Upon receipt of a written request by the employer, an affected employee or a public employee representative, the department shall hold a hearing on the application for a variance and may make further investigations. If a hearing has been requested, the department may not issue a variance until a hearing has been held. A variance issued under par. (b), (c) or (d) shall prescribe the methods and conditions which the employer must adopt and maintain while the variance is in effect.

(b) Temporary variance. The department may grant a temporary variance before a standard goes into effect if the public employer complies with par. (a) and establishes that it is unable to comply with a standard by the standard’s effective date because of unavailability of professional or technical personnel or of necessary materials or equipment or because necessary construction or alteration of facilities cannot be completed by the effective date. The employer shall also show that it is taking all available steps to safeguard employees against the hazards to which the standard from which the variance is sought and shall possess and describe a program for coming into compliance with the standard as quickly as possible. If a hearing is requested, the department may state in writing that noncompliance with the standard is permitted for 180 days or until a decision is made after the hearing, whichever is earlier. A temporary variance shall be in effect for the period of time needed by the employer to achieve compliance with the standard or for one year, whichever is shorter. A temporary variance may be renewed no more than twice, and only if the public employer files an application for renewal at least 90 days before expiration of the temporary variance and complies with this paragraph and par. (a).

(c) Experimental variance. The department may grant an experimental variance if the public employer complies with par. (a) and the department determines that the variance is necessary to permit the employer to participate in an experiment approved by the department to demonstrate or validate new or improved techniques to safeguard the health or safety of employees.

(d) Permanent variance. The department may grant a permanent variance if the public employer complies with par. (a) and the department finds the employer has demonstrated by a preponderance of the evidence that the conditions and methods the employer uses or proposes to use provide employment or a place of employment which is as safe and healthful as that provided under the standard from which the employer seeks a permanent variance. A permanent variance may be modified or revoked upon application by the employer, an affected employee, a public employee representative or the department and after opportunity for a hearing, but not sooner than 6 months after issuance of the permanent variance.

(5) INSPECTIONS. (a) A public employee or public employee representative who believes that a safety or health standard or variance is being violated, or that a situation exists which poses a recognized hazard likely to cause death or serious physical harm, may request the department to conduct an inspection. The depart-
ment shall provide forms which may be used to make a request for an inspection. If the employee or public employee representative requesting the inspection so designates, that person’s name shall not be disclosed to the employer or any other person, including any agency except the department. If the department decides not to make an inspection, it shall notify in writing any employee or public employee representative making a written request. A decision by the department not to make an inspection in response to a request under this subsection is reviewable by the department under sub. (6) (a) 3. and is subject to judicial review under sub. (6) (a) 4.

(b) An authorized representative of the department may enter the place of employment of a public employer at reasonable times, within reasonable limits and in a reasonable manner to determine whether that employer is complying with safety and health standards and variances adopted under subs. (3) and (4) or to investigate any situation which poses a recognized hazard likely to cause death or serious physical harm to a public employee regardless of whether a standard is being violated. No public employer may refuse to allow a representative of the department to inspect a place of employment. If an employer attempts to prevent a representative of the department from conducting an inspection, the department may obtain an inspection warrant under s. 66.0119. No notice may be given before conducting an inspection under this paragraph unless that notice is expressly authorized by the secretary or is necessary to enhance the effectiveness of the inspection.

(c) A representative of the employer and a public employee representative shall be permitted to accompany a representative of the department on an inspection made under this subsection to aid in the inspection and to notify the inspector of any possible violation of a safety and health standard or variance or of any situation which poses a recognized hazard likely to cause death or serious physical harm to a public employee. The public employee representative accompanying the representative of the department on an inspection shall, with respect to payment received or withheld for time spent accompanying the department representative, receive treatment equal to that afforded to any representative of the employer who is present during an inspection, except that a public employer may choose to allow only one public employee representative at a time to accompany the department representative on an inspection without a reduction in pay. If a representative of the employer does not accompany the representative of the department on an inspection, at least one public employee representative shall be allowed to accompany the representative of the department on the inspection without a loss of pay. Where no public employee representative accompanies the representative of the department on an inspection, the representative of the department shall consult with a reasonable number of employees concerning matters of employee safety and health. The department shall keep a written record of the name of any person accompanying the department representative during the inspection, the name of any employee consulted and the name of any authorized collective bargaining agent notified of the inspection by the public employer under sub. (7) (e).

(d) When making an inspection, a representative of the department may question privately any public employer or employee. No public employer shall suffer a loss in wages for time spent responding to any questions under this paragraph.

(e) A representative of the department shall have access to the records required under sub. (7) (a) and (b) and to any other records maintained by a public employer which are related to the purpose of the inspection.

(6) Enforcement. (a) Orders. 1. ‘Issuance.’  If, as a result of inspection, the department finds a violation of a safety and health standard or variance or a condition which poses a recognized hazard likely to cause death or serious physical harm to a public employee, the department shall issue an order to the employer. A public employer who is in compliance with any standards or variances is deemed to be in compliance to the extent of the condition, practice, means, method, operation or process covered by that standard. The order shall describe the nature of the violation and the period of time within which the employer shall correct the violation. The department shall send a copy of the order to the top elected official of the political subdivision of which the public employer is a part and to the appropriate collective bargaining agent for the employees affected by the violation cited in the order, if a collective bargaining agent exists. If the order is issued as a result of an inspection requested by an employee or public employee representative, the department shall also send a copy of the order to that employee or public employee representative. Upon receipt of an order, the employer shall post the order at or near the site of violation for 3 days, or until the violation is abated, whichever is longer. The order shall be posted regardless of whether there has been a petition for a variance under sub. (4) or for a hearing under subd. 3. The employer shall ensure that the order is not altered, defaced or covered by other materials.

2. ‘Decision not to issue.’ If the department decides not to issue an order in response to a request for inspection filed under sub. (5) (a), it shall mail written notice of that decision to the public employee or public employee representative who requested the investigation. A decision under this subdivision is reviewable by the department under subd. 3.

3. ‘Review by department.’ A public employer or employee affected by an order or decision issued by the department under subd. 1. or 2. or sub. (5) (a) may obtain review of the order or decision by filing with the department a petition requesting a hearing or specifying the modification or change desired in the order or decision. A petition for a hearing must be filed with the department not later than 30 days after the order is issued or the written notification is mailed. If the department denies the request for a hearing, the denial shall be in writing and shall state the reasons for denial. If the department holds a hearing, it shall issue an order affirming, vacating or modifying the order or decision under subd. 1. or 2. or sub. (5) (a), within 30 days after the close of the hearing.

4. ‘Judicial review.’ Orders and denials of requests for hearings under subd. 3. are subject to judicial review under ch. 227.

(b) Injunction. Whenever a hazard exists in a public employer’s place of employment which could reasonably be expected to cause death or serious physical harm before other procedures under this section can be carried out, the department may seek relief through an injunction or an action for mandamus as provided in chs. 783 and 813. If the department seeks an injunction or an action for mandamus, it shall notify the affected public employer and public employees of the hazard for which relief is being sought.

(7) Employer Obligations for Record Keeping and Notification. (a) A public employer shall maintain records of work-related injuries and illnesses and shall make reports of these injuries and illnesses to the department at time intervals specified by rule of the department. These records shall be available to the department, the employer’s employees and the employer’s representatives. This paragraph does not authorize disclosure of patient health care records except as provided in ss. 146.82 and 146.83.

(b) A public employer shall maintain records of employee exposures to toxic materials and harmful physical agents which are required by safety and health standards adopted under sub. (3) to be monitored or measured. A representative of the department and any affected public employee and his or her public employee representative shall be permitted to observe the monitoring and measuring and shall have access to the employer’s records of the monitoring and measuring. This paragraph does not authorize disclosure of patient health care records except as provided in ss. 146.82 and 146.83.

(c) A public employer shall promptly notify a public employee who has been or is being exposed to any toxic material or harmful physical agent at a level which exceeds that prescribed by the
safety and health standards of the department and shall inform that public employee of any corrective action being taken.

(d) A public employer shall notify its employees of their protections and rights under this section by posting a summary of these protections and rights in the place of employment where notices to employees are usually posted.

(e) When a representative of the department enters a public employer’s place of employment to make an inspection, the employer shall notify an appropriate representative of any collective bargaining unit which represents the employer’s employees. The employer shall give the name of the collective bargaining unit representatives notified of the inspection to the department representative making the inspection.

(8) PROTECTION OF PUBLIC EMPLOYEES EXERCISING THEIR RIGHTS. (ag) In this subsection, “division of equal rights” means the division of equal rights in the department of workforce development acting under the authority provided in s. 106.54 (4).

(ar) No public employer may discharge or otherwise discriminate against any public employee it employs because the public employer knew or had reason to know that the public employee requested the department, instituted, or caused to be instituted any action or proceeding relating to occupational safety and health matters under this section, testified or will testify in such a proceeding, reasonably refused to perform a task which represents a danger of serious injury or death or exercised any other right related to occupational safety and health which is afforded by this section.

(b) A public employee who believes that he or she has been discharged or otherwise discriminated against by a public employer in violation of par. (ar) may file a complaint with the division of equal rights alleging discrimination or discharge, within 30 days after the employee received knowledge of the discrimination or discharge.

(c) Upon receipt of a complaint, the division of equal rights shall, except as provided in s. 230.45 (1m), investigate the complaint and determine whether there is probable cause to believe that a violation of par. (ar) has occurred. If the division of equal rights finds probable cause, it shall attempt to resolve the complaint by conference, conciliation or persuasion. If the complaint is not resolved, the division of equal rights shall hold a hearing on the complaint within 60 days after receipt of the complaint unless both parties to the proceeding agree otherwise. Within 30 days after the close of the hearing, the division of equal rights shall issue its decision. If the division of equal rights determines that a violation of par. (ar) has occurred, it shall order appropriate relief for the employee, including restoration of the employee to his or her former position with back pay, and shall order any action necessary to ensure that no further discrimination occurs. If the division of equal rights determines that there has been no violation of par. (ar), it shall issue an order dismissing the complaint.

(d) Orders of the division of equal rights under this subsection are subject to judicial review under ch. 227.

This section extends the coverage of OSHA to government employees. OSHA was meant to address tangible, measurable workplace hazards. The threat of on-the-job violence to a campus police officer is too abstract to be within the coverage afforded. The denial of a request for a hearing on a complaint seeking to require the provision of firearms to officers was proper. West v. Department of Commerce, 230 Wis. 2d 71, 601 N.W.2d 307 (Ct. (c) Any person who violates sub. (3) (a) or (b) while performing an agricultural activity or while performing an activity related to the construction, repair, alteration, location, installation, inspection, or operation of anhydrous ammonia equipment with the consent of the owner of the anhydrous ammonia equipment may be required to forfeit not less than $10 nor more than $100 for each violation.

(g) Accept inspection at no cost when performed by qualified and authorized inspectors for a city, village, town or county for the inspection of buildings and equipment located within the city, village, town, or county. The department shall determine and certify the competency of all such inspectors.

(h) Require all local officers not authorized by the department to grant approvals as provided in pars. (a) and (b) to deny permits or licenses for construction or use of public buildings, public structures and places of employment until the required drawings and calculations have been examined by the department.

(3c) If the department has delegated authority to perform building inspection services under this section to a city, village, town, or county and the city, village, town, or county has assumed that responsibility, the department may not perform building inspection services within the scope of that delegation in the city, village, town, or county.

(3g) (a) This subsection establishes the manner under which a city, village, town, or county may examine plans and make inspections for buildings and alterations not specified under sub. (3) (b) as an appointed agent of the department.

(b) Before assuming any of the department’s plan examination or inspection responsibilities for buildings and alterations not specified in sub. (3) (b), a city, village, town, or county shall comply with all of the following:

1. Submit a written request to the department at least 30 days prior to the date upon which the city, village, town, or county desires to assume agent responsibilities for plan examination or building inspection.

2. Include a description of the desired responsibilities in the request under subd. 1.

3. Include in the request under subd. 1. a description of the qualifications and ability the city, village, town, or county has for assuming the desired responsibilities.

4. Adopt the commercial building code in its entirety by ordinance.

1. Submit to the department the fees specified in s. SPS 302.31 (1) (h), Wis. Adm. Code.

2. Provide a monthly report to the department of all projects completed under this subsection, in an electronic–based format prescribed by the department.

3. Forward to the department any revisions to the ordinance specified in par. (b) 4.
101.12 REGULATION OF INDUSTRY, BUILDINGS AND SAFETY

1. “Plans” means construction plans, designs, specifications and related materials filed with the department, city, village, town or county concerning a structure.

2. “Secure structure” means a building or other structure of a type which the department, city, village, town or county determines to have extraordinary security requirements, including but not limited to structures used:
   a. For the safekeeping of large sums of money, negotiable instruments, securities or other valuables;
   b. As a jail, correctional facility or other secure facility for persons in detention;
   c. For the safekeeping or evaluation of evidence in criminal proceedings or investigations;
   d. For the safekeeping of weapons, ordinance or explosives; or
   e. In the generation, transmission or distribution of electric power, fuels or communications.

(b) A person requesting to inspect or copy plans shall submit a written application identifying the structure or proposed structure whose plans are sought to be inspected or copied, providing the full name and address of the requester and stating that any information obtained from the inspection or copying will not be used for any unlawful or unfair competitive purpose and that the information set forth in the application is true and correct.

(c) If an application submitted under par. (b) requests inspection or copying of plans for a secure structure or proposed secure structure that is or is anticipated to be owned by or leased to the state, the plans are not subject to the right of inspection or copying except as the department of administration otherwise provides by rule. If an application submitted under par. (b) requests inspection or copying of plans for any other secure structure or proposed secure structure, the department, city, village, town or county shall consider the information supplied in the application and weigh the possible harm to the public interest which may result from permitting inspection and copying of the plans against the benefits of allowing such inspection or copying. If the department, city, village, town or county determines that the possible harm to the public interest outweighs the benefit to the requester and to the public interest of allowing such inspection or copying, it may deny the application or grant it upon such conditions as it determines are necessary to protect the public interest. This paragraph does not apply to an application submitted by a law enforcement agency or person authorized to have access to the plans by lawful subpoena.

(d) The department, city, village, town or county may charge a reasonable amount to defray its costs in providing copies of the plans.

(6) The department shall promulgate rules relating to the enforcement of this subchapter and subch. IV and ch. 145 for public schools constructed before 1930 and establishing life-safety plans for all public schools.

(2) Any person who knowingly makes a false statement in an application for a certificate of title is guilty of a Class H felony.

101.9205 When department to issue certificate and to whom; maintenance of records. (1) The department shall maintain a record of each application for certificate of title received by it and, when satisfied as to its genuineness and regularity and that the applicant is entitled to the issuance of a certificate of title, shall issue and deliver a certificate to the owner of the manufactured home.

(2) The department shall maintain a record of all applications, and all certificates of title issued by the department, indexed in the following manners:

(a) According to title number.

(b) Alphabetically, according to the name of the owner.

(c) In any other manner that the department determines to be desirable.

(3) The department shall establish, by rule under s. 101.19, a fee of not less than $2 for conducting a file search of manufactured home title records.

History: 1999 a. 9, 53, 185; 2005 a. 45.

(a) The name and address of the owner.

(b) The names of any secured parties in the order of priority as shown on the application or, if the application is based on another certificate of title, as shown on that certificate.

(c) The title number assigned to the manufactured home.

(d) A description of the manufactured home, including make, model and identification number.

(e) Any other data that the department considers pertinent and desirable.

(2) (a) The certificate of title shall contain spaces for all of the following:

1. Assignment and warranty of title by the owner.

2. Reassignment and warranty of title by a manufactured home dealer.

(b) The certificate of title may contain spaces for application for a certificate of title by a transferee and for the naming of a secured party and the assignment or release of a security interest.

(3) (a) Unless the applicant fulfills the requirements of par. (b), the department shall issue a distinctive certificate of title for a manufactured home last previously registered in another jurisdiction if the laws of the other jurisdiction do not require that secured parties be named on a certificate of title to perfect their security interests. The certificate shall contain the legend “This manufactured home may be subject to an undisclosed security interest” and may contain any other information that the department prescribes. If the department receives no notice of a security interest in the manufactured home within 4 months from the issuance of the distinctive certificate of title, the department shall, upon application and surrender of the distinctive certificate, issue a certificate of title in ordinary form.

(b) The department may issue a nondistinctive certificate of title if the applicant fulfills either of the following requirements:

1. The applicant is a manufactured home dealer and is financially responsible as substantiated by the last financial statement on file with the department, a finance company licensed under s. 138.19, a bank organized under the laws of this state, or a national bank located in this state.

2. The applicant has filed with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to 1.5 times the value of the manufactured home as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the manufactured home acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the manufactured home or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the manufactured home. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of 5 years or prior thereto if, apart from this section, a nondistinctive certificate of title could then be issued for the manufactured home.

(4) A certificate of title issued by the department is prima facie evidence of the facts appearing on it.

(5) The department may issue a certificate of title in an automated format.

History: 1999 a. 9, 53, 185.

101.9207 Lost, stolen or mutilated certificates. (1) If a certificate of title is lost, stolen, mutilated or becomes illegible, the owner or legal representative of the owner named in the certificate, as shown by the records of the department, shall promptly make application for and may obtain a replacement upon furnishing information satisfactory to the department. The replacement certificate of title shall contain the legend “This is a replacement certificate and may be subject to the rights of a person under the original certificate”.

(2) A person recovering an original certificate of title for which a replacement has been issued shall promptly surrender the original certificate to the department.

(2m) Upon filing an application under sub. (1) or (4), a manufactured housing rehabilitation and recycling fee, to be paid by the person filing the application.

(3) For the original notation and subsequent release of each security interest noted upon a certificate of title, a single fee to be paid by the owner of the manufactured home.

(4) For a certificate of title after a transfer, to be paid by the owner of the manufactured home.

(4m) Upon filing an application under sub. (1) or (4), a supplemental title fee to be paid by the owner of the manufactured home, except that this fee shall be waived with respect to an appli-
(1) If an owner transfers an interest in a manufactured home, other than by the creation of a security interest, the owner shall, at the time of the delivery of the manufactured home, execute an assignment and warranty of title to the transferee in the space provided thereon the certificate, and cause the certificate to be mailed or delivered to the transferee. This paragraph does not apply if the owner has no certificate of title as a result of the exemption under s. 101.9203 (4).

(b) Any person who holds legal title of a manufactured home with one or more other persons may transfer ownership of the manufactured home under this subsection if legal title to the manufactured home is held in the names of such persons in the alternative, including a manufactured home held in a form designating the holder by the words “(name of one person) or (name of other person)”.

(2) Except as otherwise provided in this subsection, promptly after delivery to him or her of the manufactured home, the transferee shall execute the application for a new certificate of title in the space provided thereon the certificate or as the department prescribes, and cause the certificate and application to be mailed or delivered to the department. This subsection does not apply to a transferee who is exempt from making application for a certificate of title under s. 101.9203 (4).

(3) A transfer by an owner is not effective until the applicable provisions of this section have been complied with. An owner who has delivered possession of the manufactured home to the transferee and has complied with the provisions of this section requiring action by him or her is not liable as owner for any damages thereafter resulting from use of the mobile home.

(4) Any owner of a manufactured home for which a certificate of title has been issued, who upon transfer of the manufactured home fails to execute and deliver the assignment and warranty of title required by sub. (1), may be required to forfeit not more than $500.

(5) (a) Any transferee of a manufactured home who fails to make application for a new certificate of title immediately upon transfer to him or her of a manufactured home as required under sub. (2) may be required to forfeit not more than $200.

(b) Any transferee of a manufactured home who, with intent to defraud, fails to make application for a new certificate of title immediately upon transfer to him or her of a manufactured home as required under sub. (2) may be fined not more than $1,000 or imprisoned for not more than 30 days or both.

(c) A certificate is considered under this subsection to have been applied for when the application accompanied by the required fee has been delivered to the department or deposited in the mail properly addressed with postage prepaid.

101.921 Transfer to or from dealer. (1) Except as provided in par. (b), if a manufactured home dealer acquires a manufactured home and holds it for resale or accepts a manufactured home for sale on consignment, the manufactured home dealer may not submit to the department the certificate of title or application for certificate of title naming the manufactured home dealer as owner of the manufactured home. Upon transferring the manufactured home to another person, the manufactured home dealer shall immediately give the transferee, on a form prescribed by the department, a receipt for all title, security interest and sales tax money paid to the manufactured home dealer for transmittal to the department when required. Unless the manufactured home has no certificate of title as a result of the exemption under s. 101.9203 (4), the manufactured home dealer shall promptly execute the assignment and warranty of title, showing the name and address of the transferee and of any secured party holding a security interest created or reserved at the time of the resale or sale on consignment, in the spaces provided thereon the certificate or as the department prescribes. Within 7 business days following the sale or transfer, the manufactured home dealer shall mail or deliver the certificate or application for certificate to the department with the transferee’s application for a new certificate, unless the transferee is exempt from making application for a certificate of title under s. 101.9203 (4). A nonresident who purchases a manufactured home from a manufactured home dealer in this state may not, unless otherwise authorized by rule of the department, apply for a certificate of title issued for the manufactured home in this state unless the manufactured home dealer determines that a certificate of title is necessary to protect the interests of a secured party. The manufactured home dealer is responsible for determining whether a certificate of title and perfection of security interest is required. The manufactured home dealer is liable for any damages incurred by the department or any secured party for the manufactured home dealer’s failure to perfect a security interest that the manufactured home dealer had knowledge of at the time of sale.

(b) Except when all available spaces for a manufactured home dealer’s reassignment on a certificate of title have been completed or as otherwise authorized by rules of the department, a manufactured home dealer who acquires a manufactured home and holds it for resale or accepts a manufactured home for sale on consignment may not apply for a certificate of title naming the manufactured home dealer as owner of the manufactured home when all of the available spaces for a manufactured home dealer’s reassignment on the certificate of title for such manufactured home have been completed.

(2) Every manufactured home dealer shall maintain for 5 years a record of every manufactured home bought, sold or exchanged, or received for sale or exchange. The record shall be open to inspection by a representative of the department or by a peace officer during reasonable business hours. The dealer shall maintain the record in the form prescribed by the department.

History: 1999 a. 9, 53; 2001 a. 16.

101.9211 Involuntary transfers. (1) If the interest of an owner in a manufactured home passes to another other than by voluntary transfer, the transferee shall, except as provided in sub. (2), promptly mail or deliver to the department the last certificate of title, if available, and any documents required by the department to legally effect such transfer. The transferee shall also promptly mail or deliver to the department an application for a new certificate in the form that the department prescribes, unless the transferee is exempt from making application for a certificate of title under s. 101.9203 (4).

(2) If the interest of the owner is terminated or the manufactured home is sold under a security agreement by a secured party named in the certificate of title, the transferee shall promptly mail or deliver to the department the last certificate of title, unless there...
is no certificate of title as a result of the exemption under s. 101.9203 (4), an application for a new certificate in the form that the department prescribes, unless the transferee is exempt from making application for a certificate of title under s. 101.9203 (4), and a statement made by or on behalf of the secured party that the manufactured home was repossessed and that the interest of the owner was lawfully terminated or sold under the terms of the security agreement.

(3) A person holding a certificate of title whose interest in the manufactured home has been extinguished or transferred other than by voluntary transfer shall mail or deliver the certificate to the department upon request of the department. The delivery of the certificate pursuant to the request of the department does not affect the rights of the person surrendering the certificate, and the action of the department in issuing a new certificate of title is not conclusive upon the rights of an owner or secured party named in the old certificate.

(4) (a) In all cases of the transfer of a manufactured home owned by a decedent, except under par. (b), ward, trustee or bankrupt, the department shall accept as sufficient evidence of the transfer of ownership all of the following:

1. Evidence satisfactory to the department of the appointment of a trustee in bankruptcy or of the issuance of letters testamentary or other letters authorizing the administration of a decedent’s estate, letters of guardianship, or letters of trust.
2. The title executed by the personal representative, guardian, or trustee, except that this subdivision does not apply if there is no certificate of title as a result of the exemption under s. 101.9203 (4).

(b) 1. Except as provided under subd. 1m., the department shall transfer the decedent’s interest in any manufactured home to his or her surviving spouse upon receipt of the title executed by the surviving spouse and a statement by the spouse that states all of the following:
   a. The date of death of the decedent.
   b. The approximate value and description of the manufactured home.
   c. That the spouse is personally liable for the decedent’s debts and charges to the extent of the value of the manufactured home, subject to s. 859.25.

1m. The department may not require a surviving spouse to provide an executed title to a manufactured home under subd. 1, if the manufactured home has no certificate of title as a result of the exemption under s. 101.9203 (4).

2. The transfer of a manufactured home under this paragraph shall not affect any liens upon the manufactured home.

3. Except as provided in subd. 4., this paragraph is limited to no more than 5 manufactured homes titled in this state that are less than 20 years old at the time of the transfer under this paragraph. There is no limit on transfer under this paragraph of manufactured homes titled in this state that are 20 or more years old at the time of transfer under this paragraph.

4. The limit in subd. 3. does not apply if the surviving spouse is proceeding under s. 867.03 (1g) and the total value of the decedent’s property subject to administration in the state, including the manufactured homes transferred under this paragraph, does not exceed $50,000.

(c) Upon compliance with this subsection, the department shall bear neither liability nor responsibility for the transfer of such manufactured homes in accordance with this section.

(d) This subsection does not apply to transfer of interest in a manufactured home under s. 101.9209 (1) (b).

101.9212 When department to issue a new certificate. (1) Except as otherwise provided in this subsection, the department, upon receipt of a properly assigned certificate of title, with an application for a new certificate of title, the required fee and any other transfer documents required by law, to support the transfer, shall issue a new certificate of title in the name of the transferee as owner. The department may not require a person to provide a properly assigned certificate of title if the manufactured home for which the new certificate of title is requested has no certificate of title as a result of the exemption under s. 101.9203 (4).

(2) The department, upon receipt of an application for a new certificate of title by a transferee other than by voluntary transfer, with proof of the transfer, the required fee and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner. If the transfer constituted a termination of the owner’s interest or a sale under a security agreement by a secured party named in the certificate, under s. 101.9211 (2), the new certificate shall be issued free of the names and addresses of the secured party which terminated the owner’s interest and of all secured parties subordinate under s. 101.9213 to such secured party. If the outstanding certificate of title is not delivered to it, the department shall make demand therefor from the holder of such certificate.

(3) The department shall retain for 5 years a record of every surrendered certificate of title, the record to be maintained so as to permit the tracing of title for the manufactured home designated therein.

History: 1999 a. 9, 53, 185; 2001 a. 16.

101.9213 Perfection of security interests. (1) Unless excepted by s. 101.9202, a security interest in a manufactured home of a type for which a certificate of title is required is not valid against creditors of the owner or subsequent transferees or secured parties of the manufactured home unless perfected as provided in ss. 101.9202 to 101.9218.

(2) Except as provided in sub. (3), a security interest is perfected by the delivery to the department of the existing certificate of title, if any, an application for a certificate of title containing the name and address of the secured party, and the required fee. The security interest is perfected as of the later of the time of its delivery or the time of the attachment of the security interest.

(3) If a secured party whose name and address is contained on the certificate of title for a manufactured home acquires a new or additional security interest in the manufactured home, such security interest is perfected at the time of its attachment under s. 409.203.

(4) An unperfected security interest is subordinate to the rights of persons described in s. 409.317.

(5) The rules of priority stated in s. 409.322, the other sections therein referred to, and subch. III of ch. 409 shall, to the extent appropriate, apply to conflicting security interests in a manufactured home of a type for which a certificate of title is required, or in a previously certificated manufactured home, as defined in s. 101.9222 (1). A security interest perfected under this section or under s. 101.9222 (4) or (5) is a security interest perfected otherwise than by filing for purposes of s. 409.322.

(6) The rules stated in subch. VI of ch. 409 governing the rights and duties of secured parties and debtors and the requirements for, and effect of, disposition of a manufactured home by a secured party, upon default shall, to the extent appropriate, govern the rights of secured parties and owners with respect to security interests in manufactured homes perfected under ss. 101.9202 to 101.9218.

(7) If a manufactured home is subject to a security interest when brought into this state, s. 409.316 states the rules that apply to determine the validity and perfection of the security interest in this state.

(8) Upon request of a person who has perfected a security interest under this section, as shown by the records of the department, in a manufactured home titled in this state, whenever the department receives information from another state that the manufactured home is being titled in the other state and the information does not show that the security interest has been satisfied, the department shall notify the person. The department shall estab-
lish, by rule under s. 101.19, a fee of not less than $2 for each noti-

vided therefor on the certificate of title or on a separate form or in an automated format prescribed by the department, an application
to name the secured party on the certificate, showing the name and
address of the secured party, and cause the certificate, application
and the required fee to be delivered to the secured party.

(2) The secured party shall immediately cause the certificate,
the application and the required fee to be mailed or delivered to the
department.

(3) Upon receipt of the certificate of title, the application and
the required fee, the department shall issue to the owner a new cer-
tificate containing the name and address of the new secured party.
The department shall deliver to the new secured party and to the
register of deeds of the county of the owner’s residence memora-
danda, in such form as the department prescribes, evidencing the
notation of the security interest upon the certificate; and there-
after, upon any assignment, termination or release of the security
interest, additional memoranda evidencing such action.

(4) The register of deeds may record, and maintain a file of, all
memoranda received from the department under sub. (3). Such
recording, however, is not required for perfection, release or
assignment of security interests, which shall be effective upon com-
pliance with ss. 101.9213 (2), 101.9215 and 101.9216 (1) and
(2).

cate of title to any secured party who is named on it or who has a security interest in the manufactured home described in it under
any other applicable prior law of this state, upon receipt of a notice
