CHAPTER 110
MOTOR VEHICLES

110.001 Definitions. In this chapter:
(1) “Department” means department of transportation.
(1m) “Law enforcement officer” has the meaning given in s. 967.02 (5).
(2) “Secretary” means secretary of transportation.
History: 1977 c. 29; 1993 a. 25.

110.01 Definitions. Words and phrases defined in chs. 340 to 349 have the same meaning in this chapter unless a different meaning is expressly provided or the context clearly indicates a different meaning.
History: 1975 c. 120.

110.015 Facsimile signature. The secretary and division administrators of the department of transportation, through their authorized employees, may execute or affix their signature, by facsimile signature with a stamp, reproduction print or other similar process to all licenses, notices, orders, administrative letters, contracts, permits, offers to purchase, appraisals, certifications of records, service of legal papers or process on the administrators, and other legal instruments under the statutes which the secretary and division administrators are authorized or required to administer.

110.05 Inspection of human service vehicles. (1) The department shall adopt and enforce such rules as the department deems necessary in the interests of safety of persons being transported to cover the design, construction, equipment, inspection and operation of human service vehicles.
(2) The owner of the human service vehicle shall have the vehicle inspected at least annually by the department or a certified law enforcement officer for compliance with the requirements of s. 110.075, ch. 347 and any rules promulgated under this section.
(3) Vehicles required to be inspected under sub. (2) which were in service prior to March 28, 1984, need only be in compliance with the requirements of ch. 347, 1981 stats.
(4) Any person violating this section, or rules promulgated pursuant thereto, may be required to forfeit not less than $50 nor more than $200.
History: 1983 a. 175 ss. 2, 25.
Cross-reference: See also ch. Trans 301, Wis. adm. code.

110.06 Rules; school bus presale inspection; penalties. (2) The secretary shall adopt and enforce such rules as he or she deems necessary in the interests of safety to cover the design, construction, inspection and operation of school buses. Such rules may, but need not, be uniform for each type of bus designated in s. 340.01 (56) (a) and (am).
(3) (a) Any person intending to purchase a motor vehicle to be used as a school bus shall prior to purchase give the seller notice in writing of the intended use.
(b) Prior to the use of a motor vehicle as a school bus, the seller shall obtain a presale inspection of the vehicle by the department verifying compliance with the rules relating to design and construction prescribed by the department under sub. (2). A copy of the presale inspection report shall be provided to the purchaser at the time of delivery.
(c) The seller of any such vehicle who fails to obtain a presale inspection prior to delivery shall be liable to the purchaser for all repairs and improvements required by the department to bring the vehicle into compliance with the rules relating to design and construction prescribed by the department under sub. (2) for a period of one year after the delivery.
(d) Notwithstanding par. (b), the purchaser may agree to obtain the presale inspection provided that notice of the agreement is included in the offer to purchase and is agreed to by the seller. The seller is liable for any repairs and improvements necessary to comply with the rules relating to design and construction prescribed by the department under sub. (2).
(e) Any person violating par. (b) shall forfeit $100 for the first offense and $200 for the 2nd and each subsequent offense.
(4) Violations of those orders, determinations and rules pertaining to chs. 115 to 118, 120, 121 and 341 to 349 shall be punished as provided by s. 341.04 (3) and those pertaining to ch. 194 as provided by s. 194.17.
(5) The orders, determinations and rules made by the secretary are subject to review in the manner provided in ch. 227.
History: 1975 c. 429; 1977 c. 29 ss. 1047, 1654 (7) (a), (c); 1977 c. 325; 1979 c. 154; 1983 a. 175, 538; 1985 a. 267.

110.063 Inspection of motor buses. (1) The department shall promulgate and enforce such rules as the department deems necessary in the interests of safety of persons being transported to cover the design, construction, equipment, inspection and operation of motor buses.
(2) (a) Except as provided in par. (c), the owner of the motor bus shall have it inspected annually by the department for compliance with the requirements of s. 110.075 and ch. 347 and rules promulgated thereunder and any rules promulgated under this section.
(b) The department shall specify by rule a fee for the inspection required under this subsection equal to the cost of the inspection.
(c) Paragraph (a) does not apply to a motor bus which is operated by an urban mass transit system, as defined in s. 85.20 (1) (L), if all of the following conditions are satisfied:
1. The urban mass transit system regularly inspects the motor bus at least annually.
2. The urban mass transit system submits the record of inspection of the motor bus to the department annually for examination.
3. Review of the record of inspection of the motor bus by the department indicates that the motor bus is in compliance with the requirements of s. 110.075 and ch. 347 and rules promulgated thereunder and any rules promulgated under this section.
(3) Any person who violates this section or rules promulgated under this section may be required to forfeit not less than $50 nor more than $200.

110.064 Motor vehicles used for pupil transportation. (1) (a) Notwithstanding s. 340.01 (56) (b) 4., no motor bus operated under contract as provided in s. 121.55 (1) (a) or (d) may be used for the purpose of transporting pupils to or from a public or private school as provided in s. 340.01 (56) (a) 1. and no motor bus otherwise operated on a special route for the purpose of transporting pupils to or from a public or private school as provided in s. 340.01 (56) (a) 1. may be used for that purpose unless the motor bus satisfies safety and operation standards specified by the department under par. (b).

(b) The department shall promulgate and enforce a rule requiring that a motor bus under par. (a) satisfy safety standards provided by the department for a school bus having the same gross vehicle weight rating and operation standards specifying that the rear door of a motor bus under par. (a) may not be used for the entry or exit of pupils, except in an emergency, except that the department may not promulgate a rule which is in conflict with federal law, which requires the motor bus to be painted in accordance with s. 347.44 (1), or which requires the motor bus to be equipped with flashing red or flashing red and amber warning lights as specified in s. 347.25 (5) (2).

(2) Any person who violates this section or rules promulgated under this section may be required to forfeit not less than $50 nor more than $200.

110.065 Traffic academy. The secretary may establish and operate an academy for the training of state, county and local traffic patrol officers and other related personnel and make rules and regulations for the conduct thereof. The secretary shall establish and periodically review a reasonable scale of tuition charges. The tuition for personnel other than employees of the department shall be deposited in the appropriation account under s. 20.395 (5) (dh). The secretary shall consult appropriate state, county and local authorities concerning the establishment and operation of the academy and the determination of tuition charges. State agencies shall cooperate with the secretary in providing information and instructional services for the academy.

History: 1977 c. 29 s. 1654 (1), (7) (a), (c); 1997 a. 27.

110.07 Traffic officers; powers and duties. (1) (a) The secretary shall employ not more than 399 traffic officers. The state traffic patrol consists of the traffic officers, the person designated to head them whose position shall be in the classified service and, if certified under s. 165.85 (4) (a) 1. as qualified to be a law enforcement officer, the division administrator who is counted under s. 230.08 (2) (e) 12. and whose duties include supervising the state traffic patrol. The division administrator may not be counted under this paragraph. Members of the state traffic patrol shall:

1. Enforce and assist in the administration of this chapter and chs. 194, 218, 341 to 349 and 351, and ss. 23.33, 23.335, 125.07 (4) (b), 125.085 (3) (b), 167.31 (2) (b) to (d) and 287.81 and ch. 351, where applicable to highways, or orders or rules issued pursuant thereto.

2. Have the powers of sheriff in enforcing the laws specified in subd. 1. and orders or rules issued pursuant thereto.

3. Have authority to enter any place where vehicles subject to this chapter, ss. 167.31 (2) (b) to (d) and 287.81 and chs. 194, 218 and 341 to 350 are stored or parked at any time to examine such vehicles, or to stop such vehicles while en route at any time upon the public highways to examine the same and make arrests for all violations thereof.

(b) All municipal judges, judges, district attorneys and law enforcement officers shall assist in enforcing this chapter, ss. 167.31 (2) (b) to (d) and 287.81 and chs. 194, 218 and 341 to 351, and orders or rules issued pursuant thereto and shall report to the department the disposition of every uniform traffic citation issued for cases involving those chapters.

(2) The traffic officers employed pursuant to this section shall constitute a state traffic patrol to assist local enforcement officers wherever possible in the regulation of traffic and the prevention of accidents upon the public highways.

(2m) In addition to the primary powers granted by sub. (1) and (2), any officer of the state traffic patrol shall have the powers of a peace officer under s. 59.28, except that the officer shall have the arrest powers of a law enforcement officer under s. 968.07, regardless of whether the violation is punishable by forfeiture or criminal penalty. A state traffic officer shall at all times be available as a witness for the state but may not conduct investigations for crimes under chs. 939 to 948 other than crimes relating to the use or operation of vehicles. The primary duty of a state traffic officer shall be the enforcement of chs. 340 to 351 or of any other law relating to the use or operation of vehicles upon the highway. No state traffic officer shall be used in or take part in any dispute or controversy between employer or employee concerning wages, hours, labor or working conditions; nor shall any such officer be required to serve civil process. The department may assign state traffic officers to safeguard state officers or other persons.

(3) The secretary may employ inspectors who may not wear the uniform of the state patrol, whose duties shall be to enforce and assist in administering ss. 23.33, 23.335, and 346.63, this chapter and chs. 194, 218, 340 to 345 and 347 to 351, the inspection requirements of s. 121.555 (2) (b) and the requirements under s. 340.01 (56) (a) for vehicles being used to transport hazardous materials. Such inspectors, in the performance of these duties, shall have the powers and authority of state traffic officers. For the purpose of death, disability and retirement coverage, such inspectors shall be subject to ch. 40 as is the state traffic patrol. Subject to sub. (5), the secretary may clothe and equip inspectors as the interest of public safety and their duties require.

(4) In addition to the primary powers granted by sub. (3), any inspector shall have the powers of a peace officer under s. 59.28, except that the inspector shall have the arrest powers of a law enforcement officer under s. 968.07, regardless of whether the violation is punishable by forfeiture or criminal penalty. An inspector shall at all times be available as a witness for the state but may not conduct investigations for crimes under chs. 939 to 948 other than crimes relating to the use or operation of vehicles. The primary duty of an inspector shall be the enforcement of the provisions specified in sub. (3). No inspector may be used in or take part in any dispute or controversy between employer or employee concerning wages, hours, labor or working conditions; nor may an inspector be required to serve civil process. The department may assign inspectors to safeguard state officers or other persons.

(5) (a) In this subsection, “bulletproof garment” means a vest or other garment designed, redesigned, or adapted to prevent bullets from penetrating through the garment.

(b) Upon request of an officer of the state traffic patrol under sub. (1) or inspector under sub. (3), the department shall make available to the traffic officer or inspector a bulletproof garment that may be used in the performance of his or her duties under this section. The department shall equip a traffic officer or inspector with a bulletproof garment as soon as practicable after receipt of the request from the traffic officer or inspector under this paragraph.

(6) The division administrator who is counted under s. 230.08 (2) (e) 12. and whose duties include supervising the state traffic patrol shall be designated superintendent of the state traffic patrol, if he or she is certified under s. 165.85 (4) (a) 1. as qualified to be a law enforcement officer.
110.08 State operator’s license examiner system. (1) The department shall employ a sufficient number of opera-
tor’s license examiners. The department may contract for special-
ists in driver’s license examining to augment the department’s training program for examiners. 

(1m) Each operator’s license examiner shall receive information
training on the powers and duties of the department relating to
organ donor information under s. 343.175 once every 2 years
and, for operator’s license examiners hired after January 1, 1997,
prior to initial assignment to operator’s license examining activi-
ties. The informational training under this subsection shall be
developed by all organ procurement organizations, as defined in
s. 343.01 (41k), in cooperation with the department.

(2) Except as provided under sub. (5) (b) and s. 343.16 (1) (b)
to (c), all examinations for operator’s licenses and permits shall be
given by state examiners.

(3) The department shall employ state examiners, driver
improvement personnel and clerical personnel at local examining
centers, under the classified service.

(4) The department shall employ, train and assign sufficient
operator’s license examiners to carry out an intensive driver
improvement program including the reexamination and personal
interview of problem drivers.

(5) (a) The department shall provide in each county, directly
or by contract as described in par. (b), at least 20 hours per week
of services relating to operator’s licenses and identification cards.

(b) The department shall provide the services required under par. (a) by the most cost-effective means possible, which may
include contracting with counties or other local governments to
provide these services. Notwithstanding any provision of ss.
343.14 and 343.16, a contract between the department and a
county or other local government under this paragraph may author-
ize an employee of the county or local government to conduct any
examination for an operator’s license except a driving skills test.
The department may require any employee of a county or local
government who provides services under a contract entered into
under this paragraph to satisfy any requirement under s. 110.09
that would be required of an employee of the department.

History: 1971 c. 164; 1977 c. 29 ss. 1050, 1654 (71) (a); 1989 a. 31; 1991 a. 32;
1995 a. 113, 446; 2007 a. 20; 2009 a. 28; 2011 a. 32.

110.09 Background investigations of certain persons. (a) Notwithstanding ss. 111.321, 111.322, and 111.335,
the department of transportation, with the assistance of the depart-
ment of justice, shall conduct a background investigation of any
person who has been selected to fill a position within the division of
the department of transportation responsible for issuing opera-
tor’s licenses and identification cards. This background inves-
tigation may include requiring the person to be fingerprinted on
2 fingerprint cards each bearing a complete set of the person’s fin-
gerprints, or by other technologies approved by law enforcement
agencies. The department of justice shall submit any such finger-
print cards to the federal bureau of investigation for the purposes
of verifying the identity of the person fingerprinted and obtaining
records of his or her criminal arrests and convictions.

(b) Notwithstanding ss. 111.321, 111.322, and 111.335, at any
interval determined appropriate by the department, the depart-
ment may conduct, in the manner specified in par. (a), additional
background investigations of any person for whom an initial back-
ground investigation has been conducted under par. (a) and
background investigations of other persons employed by the depart-
ment within the division of the department responsible for issuing
operator’s licenses and identification cards.

(c) The department shall promulgate rules governing confi-
dentiality of information obtained under this subsection.

(2) Notwithstanding ss. 111.321, 111.322, and 111.335, the
department shall require, as a precondition to allowing access to
the

MOTOR VEHICLES 110.09

110.075 Motor vehicle inspection. (1) No person shall drive or move, or cause or knowingly permit to be driven or
moved, on any highway any vehicle or combination of vehicles
which is not in conformity with the requirements of this section.

(2) When directed by any traffic officer or motor vehicle
inspector, the operator of any motor vehicle shall stop and submit
such motor vehicle to an inspection and such tests as are necessary
to determine whether it meets the requirements of this section, or
that its equipment is not in proper adjustment or repair, or in viola-
tion of the equipment provisions of ss. 110.05, 110.06, 110.063
and 110.064, ch. 347, or rules issued pursuant thereto. Such
inspection shall be made with respect to the brakes, lights, turn
signals, steering, horns and warning devices, glass, mirrors,
exhaust system, windshield wipers, tires, and other items of
equipment designated by the secretary.

(3) Upon determining that a motor vehicle is in conformity
with traffic officers or motor vehicle inspectors shall issue to the operator an official inspection sticker which shall be
in such form as the secretary prescribes. The official inspection
sticker issued following an inspection shall exempt the inspected
vehicle from vehicle inspection for a period of one year.

(4) When any motor vehicle is found to be unsafe for opera-
tion, traffic officers or motor vehicle inspectors may order it
removed from the highway and not operated, except for purposes
of removal and repair, until it has been repaired pursuant to a
repair order as provided in sub. (5).

(5) When any motor vehicle is not in compliance with sub. (2)
a repair order may be issued, in such form and containing such
information as the secretary prescribes, to the owner or driver of
the motor vehicle. The owner or driver shall thereupon obtain
such repairs as are required.

(6) The secretary shall set standards and adopt rules to estab-
lish a plan of inspection to implement the inspection program pro-
vided by this section. Nothing in this section shall permit the
department to promulgate any rule under which the provisions of
49 CFR 393 and 396 are applicable to, or enforceable with respect
to, any farm truck or dual purpose farm truck combined with any
semitrailer or farm trailer, or any vehicle combined with a horse
tractor, if the vehicle combination’s gross combination weight rat-
ing, registered weight, and actual gross weight do not exceed
26,000 pounds, the vehicle combination does not include a com-
mercial motor vehicle described in s. 340.01 (8) (c) or (d), and
the vehicle combination is operated solely in intrastate commerce.

(7) Any person producing, manufacturing or using an inspec-
tion sticker or causing the same to be done to subvert the provi-
sions of this section shall forfeit not less than $100 nor more than
$500. Any persons otherwise violating this section, s. 110.06, ch.
347 or rules issued pursuant thereto, unless otherwise provided by
statute, shall forfeit not less than $10 nor more than $200.

any information system in which is stored information maintained by the
division of the department responsible for issuing operator’s licenses and
identification cards, that any person to whom access is granted submit to a background investigation as
provided in this subsection. Notwithstanding ss. 111.321, 111.322, and
111.335, the department shall require the employer, including
any state agency, of any person to whom the information will be
made available to conduct the background investigation in a man-
ner prescribed by the department. The department may require,
as part of this background investigation, that the person be finger-
printed in the manner described in sub. (1) (a) and that these finger-
prints be provided to the department of justice for submission to
the federal bureau of investigation for the purposes of verifying the
identity of the person fingerprinted and obtaining records of his or
her criminal arrests and convictions. Notwithstanding ss.
111.321, 111.322, and 111.335, the department shall require that
the employer certify the results of the background investigation
and, based upon these results, may deny or restrict access to any
information requested. In addition to the initial background
investigation required under this subsection, the department may
require on a periodic basis subsequent background investigations
consistent with this subsection for persons with ongoing access to
information. Any cost associated with the requirements under this
subsection is the responsibility of the employer. For purposes of
this subsection, “employer” includes a self-employed person.
The department shall promulgate rules governing background
investigations, and confidentiality of information obtained, under
this subsection.

110.10 Ignition interlock device program. The depart-
ment shall promulgate rules providing for the implementation of
an ignition interlock device program that will be conveniently
available to persons throughout this state. The rules shall include
provisions regarding all of the following:
(1) The selection of persons to install, service and remove
ignition interlock devices from motor vehicles.
(2) The periodic review of the fees charged to the owner of a
vehicle for the installation, service and removal of an ignition
interlock device.
(3) Requiring ignition interlock device providers operating in
this state to establish pilot programs involving the voluntary use of
ignition interlock devices.
(4) Requiring ignition interlock device providers operating in
this state to provide the department and law enforcement agencies
designated by the department with installation, service, tampering
and failure reports in a timely manner.
(4m) Requiring ignition interlock device providers operating in
this state to accept, as payment in full for equipping a motor
vehicle with an ignition interlock device and for maintaining the
ignition interlock device, the amount ordered by the court under
s. 343.301 (3) (b), if applicable.
(5) Requiring ignition interlock device providers to notify the
department of any ignition interlock device tampering, circum-
vention, bypass or violation resets, including all relevant data
recorded in the device’s memory. Upon receiving notice described
in this subsection, the department shall immediately provide the
notice and data to the assessment agency that is admin-
istering the violator’s driver safety plan.

110.20 Motor vehicle emission inspection and main-
tenance program. (1) DEFINITIONS. In this section, unless
the context requires otherwise:
(ac) “Air pollution control equipment” has the meaning given
in s. 285.30 (6) (a) 1.
(3) “Federal act” means the federal clean air act, 42 USC
7401 et seq., and regulations issued by the federal environmental
protection agency under that act.
(b) “Nonexempt vehicle” means any motor vehicle as defined
under s. 340.01 (35) which is owned by the United States or which
is required to be registered in this state and to which one or more
emission limitations adopted under s. 285.30 (2) applies.
(c) “Non transient emissions inspection” means an emissions
inspection conducted on a vehicle without the use of a chassis
dynamometer to vary vehicle engine loads.
(2) PROGRAM ESTABLISHED. The department shall establish an
inspection and maintenance program as provided in this section.
(3) PURPOSE. (a) The inspection and maintenance program
shall be designed to determine compliance with the emission limita-
tions promulgated under s. 285.30 (2) and compliance with s.
285.30 (6).
(b) The inspection and maintenance program may be designed
to provide information on the fuel efficiency of nonexempt vehi-
cles.
(d) The inspection and maintenance program shall be designed
and operated to comply with the requirements of the federal act.
(4) DEPARTMENTAL COOPERATION. The department shall con-
sult and cooperate with the department of natural resources in
order to efficiently and fairly establish and administer the program
established under this section.
(5) COUNTIES. The department shall operate the inspection
and maintenance program in each of the following counties:
(a) Any county identified in a certification under s. 285.30 (3).
The department shall terminate the program in the county when
the county is withdrawn under s. 285.30 (4). If the program is
being operated under contract, termination shall occur at the end
of the contractual period in effect.
(b) Any county whose board of supervisors has adopted a reso-
lution requesting the department to establish an inspection and
maintenance program in the county for the purpose of improving
ambient air quality beyond the standards mandated by section
7409 of the federal act. The department shall terminate the pro-
gram in the county when the county board adopts a resolution
requesting termination of the program. If the program is being
operated under contract, termination shall occur at the end of
the contractual period in effect.
(6) MANDATORY INSPECTION. (a) The program shall require an
emissions inspection under sub. (11) of any nonexempt vehicle
customarily kept in a county identified in sub. (5) as follows:
1. For a nonexempt vehicle required to be registered on an
annual or other periodic basis in this state, within the period of
time specified by the department under sub. (9) (d) prior to
registration in the 4th year after the nonexempt vehicle’s
model year and every 2 years thereafter, except as provided in
sub. (9) (j).
2. For a nonexempt vehicle required to be registered on an
annual or other periodic basis in this state, within the period of
time specified by the department under sub. (9) (d) of registration
other than renewal if the year of registration is at least 6 years after
the nonexempt vehicle’s model year.
3. For a nonexempt vehicle that is registered under s. 341.26
(2m), owned by the United States or subject to one-time registra-
tion, at any time during the 4th year following the nonexempt
vehicle’s model year and every 2 years thereafter.
4. For a nonexempt vehicle, whenever the owner of the vehicle
is notified under sub. (9) (g) that an emissions inspection must
be performed.
(b) The program shall require an air pollution control equip-
ment inspection to determine compliance with s. 285.30 (6) of any
nonexempt vehicle customarily kept in a county identified in sub.
(5) whenever a non transient emissions inspection is performed or
at the time of application for a waiver under sub. (13).
(6m) PROHIBITED INSPECTIONS. The department may not
require an emissions inspection of any vehicle prior to the inspec-
tion of the vehicle scheduled under sub. (6) (a) 1. or (9) (d) or (j)
if an interest in the vehicle is transferred to a surviving spouse under s. 342.17 (4).

(7) VOLUNTARY INSPECTIONS. The inspection and maintenance program shall require inspection of any nonexempt vehicle which a person presents for inspection at an inspection station or at any other location where, as established under sub. (8) (bm), the vehicle may be inspected.

(8) CONTRACTORS AND OTHER INSPECTION METHODS. (am) 1. The emissions test and equipment inspection of nonexempt vehicles may be performed by persons under contract with the department. Each such contract shall require the contractor to operate inspection stations, which may be permanent or mobile, for a minimum of 3 years and shall provide for equitable compensation to the contractor if the operation of an inspection and maintenance program within any county is terminated within 3 years after the inspection and maintenance program in the county is begun. No officer, director or employee of the contractor may be an employee of the department. The department may contract with any person, including any person engaged in the business of selling, maintaining, or repairing motor vehicles or of selling motor vehicle replacement or repair parts. The department shall require the contractor to operate a sufficient number of inspection stations, permanent or mobile, to ensure public convenience in those counties identified under sub. (5).

1m. Each contract under subd. 1. may authorize or require the contractor to install and operate self–service inspection stations and may allow the use of different methods for emissions testing and equipment inspection, consistent with methods established under par. (bm), than those used at inspection stations that are not self–service.

2. The department may require the contractor to test the fuel efficiency of nonexempt vehicles during emission inspections.

3. The department may delegate to the contractor specified registration functions of the department under ch. 341. The department may direct the contractor to perform specified registration functions under ch. 341.

4. The department may delegate to the contractor functions associated with the issuance of a temporary operating permit under sub. (10) (b) or the waiver of compliance under sub. (13) (a) or both.

6. The contractor shall collect, maintain and report data as the department requires. The department shall reserve the right to enter and inspect test station premises, equipment and records at all reasonable times in the discharge of its administrative duties.

7. Each contract under subd. 1. may authorize the contractor to enter into subcontracts for the performance of any of the contractor’s functions or duties under the contract. In performing any such function or duty, a subcontractor shall comply with all requirements applicable to the contractor. With the department’s approval, the contractor may subcontract with any person engaged in the business of selling, maintaining or repairing motor vehicles or of selling motor vehicle replacement or repair parts.

8. Each contract under subd. 1. shall require that, if an emissions inspection is performed by a contractor or subcontractor engaged in the business of selling, maintaining, or repairing motor vehicles or of selling motor vehicle replacement or repair parts and the inspection shows that the vehicle does not comply with applicable emission limitations, the contractor or subcontractor shall advise the vehicle owner as specified in sub. (12).

(bm) The emissions test and equipment inspection of nonexempt vehicles may be performed by the department or by persons who are not under contract with the department but who are otherwise authorized by the department to perform such testing and inspection. The department may establish methods for emissions testing and equipment inspection by the department or other authorized persons of nonexempt vehicles, in addition to testing and inspection by contractors. These methods may include the installation and operation by the department or other authorized persons of self–service inspection stations and the utilization of any technology related to emissions or data transmission with which motor vehicles may be equipped, including reading and reporting diagnostic codes stored in any on–board diagnostic system capable of monitoring all emission–related engine systems or components. The department may establish methods for emissions testing and equipment inspection specifically applicable to self–service inspection stations, which methods shall apply equally to self–service inspection stations operated by contractors under par. (am) 1m. and self–service inspection stations operated under this paragraph.

(e) 1. Notwithstanding subs. (5), (6), and (9) (d), the department of transportation may, with concurrence of the department of natural resources, grant a temporary exemption for nonexempt vehicles during any period in which the department of transportation is unable to operate an inspection and maintenance program. An exemption granted under this subdivision is valid until the next required inspection of the vehicle required under sub. (6), or until the time given by the department of transportation to complete inspection of the vehicle, whichever occurs first. Notwithstanding subs. (7) and (10m), the department of transportation may deny requests for inspection during any period in which exemptions are granted under this subdivision.

2. For purposes of ss. 341.04 (1), 341.09 (2m) (a) 1. b. and 2., and 341.65 (2) (e) 2m., an inspection under this section is not required during any period in which a temporary exemption is granted under subd. 1. For purposes of ss. 341.09 (5), 341.10 (10) (intro.), 341.26 (2m) (am), and 341.63 (1) (e), a vehicle does not require inspection under sub. (6) during any period in which a temporary exemption is granted under subd. 1.

(9) RULES. The department shall promulgate rules which:

(a) Specify procedures for the inspection of vehicles, including the method of measuring emissions, the types of equipment which may be used in performing the measurements and the calibration requirements for the equipment. The procedures and methods shall be capable of being correlated with the federal test procedures established under section 7525 of the federal act.

(b) Prescribe a procedure for determining whether the cost of necessary repairs and adjustments exceeds the limit under sub. (13).

(c) Specify procedures under which a vehicle may be refused inspection for safety reasons or for defects which would result in inaccurate measurement of emissions.

(d) Specify a period of time during which an emissions inspection must be performed for a nonexempt vehicle subject to sub. (6) (a) 1. or 2.

(e) Prescribe a procedure for conducting all federally required performance audits of inspection and maintenance program operations and personnel and all enforcement against contractors, and other persons authorized by the department to perform testing and inspection, required by 40 CFR 51.364.

(f) Establish a performance monitoring system to inform the public regarding repair efficacy.

(g) Prescribe a procedure for remote sensing of not less than 0.5 percent of nonexempt vehicles and, for such vehicles that grossly exceed applicable emission limitations, as determined by the department, notifying vehicle owners by mail that an emissions inspection must be performed under sub. (6) (a) 4.

(h) Provide procedures for identifying any nonexempt vehicle subject to a recall by the manufacturer of the vehicle that is related to emissions and ensuring motorist compliance with the recall.

(i) Provide a procedure for detecting and preventing the fraudulent classification of any nonexempt vehicle as a vehicle that is not a nonexempt vehicle.

(j) Prescribe an annual frequency for inspection for any model year subset of nonexempt vehicles if the department determines annual inspection to be appropriate after additional program evaluation.

(k) Prescribe a procedure for any method for emissions testing and equipment inspection established under sub. (8) (bm).
(L) Prescribe procedures for authorizing persons other than contractors, subcontractors of contractors, or the department to perform emission testing and equipment inspection as provided under sub. (8) (bm).

(m) Require each person engaged in the business of selling, maintaining, or repairing motor vehicles or of selling motor vehicle replacement or repair parts, in a county identified in sub. (5), that performs emissions inspections to collect and periodically report to the department information related to vehicle repairs and reinspections after the vehicle has failed an inspection test, including the repairs performed, any technician recommended repairs not performed at the owner’s request, the name and address of the facility that performed the repairs, the name of the individual who performed the repairs, and, if applicable, the identification number of the recognized repair facility or recognized automotive emission repair technician, or both, that performed the repairs. The reports shall also include compiled information containing the number of vehicles submitted for reinspection and percentages indicating the number of vehicles that passed, failed, and received waivers after repair following a failed inspection test. The department shall make information gathered from these reports available to the public.

(n) Prescribe procedures for granting temporary exemptions under sub. (8) (c) 1.

(10) RECIPROCITY; TEMPORARY OPERATING PERMIT AND EXEMPTIONS. The department may promulgate rules which:

(a) Authorize the acceptance of an inspection performed in another state instead of an inspection required under this section if the inspection in the other state was performed under procedures, requirements and standards comparable to those required under this section and it satisfies the requirements of the federal act.

(b) Authorize the issuance of a temporary operating permit, valid for not more than 30 days, to allow time for inspection and necessary repairs and adjustments of any motor vehicle subject to inspection under sub. (6).

(c) Permit a temporary exemption for nonexempt vehicles absent from an emissions inspection area.

(d) Authorize the issuance of a certificate of compliance for nonexempt vehicles that fail the inspection tests under sub. (11) (a) for applicable emission limitations but complete a comprehensive physical and functional diagnostic inspection which indicates that no adjustments or repairs will bring the vehicle into compliance with applicable emissions limitations.

(10m) REINSPECTION. The owner of a nonexempt vehicle inspected under this section is entitled, if the inspection determines that any applicable emission limitation is exceeded, to one reinspection of the same vehicle at any inspection station within this state operated by a contractor under sub. (8) (am), or at any other location where, as established under sub. (8) (bm), the vehicle was initially inspected, if the reinspection takes place within 30 days after the initial inspection or the owner presents satisfactory evidence that the repairs and adjustments which were performed on the vehicle could not have been made within 30 days of the initial inspection.

(11) INSPECTION TESTS; RESULTS. (a) A contractor shall perform the tests required under the federal act, and any testing and inspection method established under sub. (8) (bm) shall include the tests required under the federal act. The tests shall include one of the approved short tests required by the federal act to determine compliance with applicable emission limitations for carbon monoxide, hydrocarbons and oxides of nitrogen. The department may require contractors to provide information on the fuel efficiency of the motor vehicle.

(b) The department shall require each contractor to furnish the results of the emissions inspection in writing to the person presenting the vehicle for inspection before he or she departs from the inspection station. For emissions inspections not conducted by a contractor, the department shall require any testing and inspection method established under sub. (8) (bm) to include the contemporaneous furnishing of the results of the emissions inspection in writing to the person having the vehicle inspected. If the inspection shows that the vehicle does not comply with one or more applicable emissions limitations, the results shall include, to the extent possible, a description of the noncompliance and the adjustments or repairs likely to be needed for compliance.

(c) No person may knowingly do any of the following:

1. Alter data from an inspection test under sub. (6).

2. Submit a false report of data from an inspection test required under sub. (6).

3. Attribute data from an inspection test under sub. (6) to a vehicle other than the vehicle tested.

(12) REPAIRS. Repairs or adjustments necessary to bring a vehicle into compliance with applicable emissions limitations are the responsibility of the vehicle owner and may be made by the owner or any person selected by the owner. If the emissions inspection is performed in a county identified in sub. (5) by a person engaged in the business of selling, maintaining, or repairing motor vehicles or of selling motor vehicle replacement or repair parts and the vehicle fails the inspection test, then after the failed test the person shall advise the vehicle owner that the owner is not required to have any repair or adjustment necessary to bring the vehicle into compliance made by, or to purchase any necessary service or part from, the person and has the right to select a vendor of the owner’s own choice. For a nonexempt vehicle with a model year of 1981 or later, only repairs performed by automotive repair technicians, as defined by the department by rule, shall be valid for the issuance of a waiver of compliance under sub. (13).

(13) REPAIR COST LIMIT. (a) The department shall issue a waiver of compliance valid until the next required inspection of the vehicle under sub. (6) if the owner presents satisfactory evidence to the department that the actual costs of repairs performed on a vehicle in accordance with an inspection report under sub. (11) (b) exceeded the repair cost limit established under par. (b).

(b) The department shall issue a waiver of compliance if the amount of the repair cost limit to equal the amount required under 42 USC 7511a (b) 4, or (c) (3) (c).

(c) In determining the costs of repairs and adjustments included in the repair cost limit, the following costs shall be excluded:

1. Costs covered by any warranty.

2. Costs necessary to repair or replace any emissions control system or mechanism which has been removed, dismantled or rendered inoperative in violation of s. 285.30 (6) or rules promulgated under that section.

(14g) USE OF STATE SUPPORTED REVENUE BORROWING. The department may not use state supported revenue borrowing for the inspection and maintenance program without the approval of the joint committee on finance.

(15) PENALTY. (a) Except as provided in par. (b), any person who violates this section or rules promulgated under this section may be required to forfeit not more than $500.

(b) 1. An individual who performs a test under sub. (11) (a) and violates sub. (11) (c) is guilty of a Class H felony.

2. The employer of an individual who performs a test under sub. (11) (a) who violates sub. (11) (c) may be required to forfeit not more than $500.

110.21 Education and training related to motor vehicle emissions. The department and its contractors under s. 110.20 (8) (am) shall conduct a program of public education related to the motor vehicle emission and equipment inspection and maintenance program established under s. 110.20 (6). The program
under s. 110.20 (6) may include a pilot project of motor vehicle emissions inspections for those owners who elect to present their motor vehicles for inspection.

110.22 Repaired salvage vehicle inspector training.
From the appropriation under s. 20.395 (5) (cq), the department shall provide training on the examination of repaired salvage vehicles to inspectors or persons eligible to be authorized as inspectors by the department under s. 342.07 (2).
