Duties and powers of school boards; construction of statutes.  

118.01  Statutory duties and powers of school boards shall be broadly construed to authorize any school board action that is consistent with the comprehensive meaning of the terms of the duties and powers, if the action is not prohibited by the laws of the federal government or of this state.  

History: 1995 a. 27.

This section expresses the legislature's intent to give school boards broader powers and with less governmental oversight while exercising those powers, but it does not mean that, when the legislature had previously authorized a board to take particular actions using specified procedures, the board has the authority to follow other procedures in taking those particular actions.  Madison Metropolitan School District v. Burmaster, 2006 WI App 17, 288 Wis. 2d 771, 709 N.W.2d 73, 05-0875.

The duties and powers under this section and ss. 120.12 (1) and 120.13 extend to individual teachers as employees of the school board.  It would be absurd to require teachers to obtain special permission from the school board with respect to every detail of their teaching.  Summer homework, particularly for an honors class for which students receive additional credit, fits comfortably within the range of what is reasonable and is not unconstitutional.  Larson v. Burmaster, 2006 WI App 142, 295 Wis. 2d 333, 720 N.W.2d 134, 05-1433.

Together, this section and ss. 120.12 (1) and 120.13 provide that a school board has the power to do all things reasonable to promote the cause of education and the duty to care for, control, and manage the property and affairs of the school district, and courts are required to broadly construe such already broad powers and duties so as to authorize any school board action that is within the comprehensive meaning of the terms of such powers and duties, so long as the action is not prohibited by state or federal laws.  The powers of a school board include the power to authorize a ban from district property of an individual whose presence on district property the board determines would unnecessarily expose students to potentially dangerous behavior.

118.01 Educational goals and expectations.  (1) PURPOSE. Public education is a fundamental responsibility of the state. The constitution vests in the state superintendent the supervision of public instruction and directs the legislature to provide for the establishment of district schools. The effective operation of the public schools is dependent upon a common understanding of what public schools should be and do. Establishing such goals and expectations is a necessary and proper complement to the state's financial contribution to education. Each school board should...
provide curriculum, course requirements and instruction consistent with the goals and expectations established under sub. (2). Parents and guardians of pupils enrolled in the school district share with the state and school board the responsibility for pupils meeting the goals and expectations under sub. (2).

(2) Educational goals. (a) Academic skills and knowledge. Since the development of academic skills and knowledge is the most important goal for schools, each school board shall provide an instructional program designed to give pupils:

(d) Personal development. Each school board shall provide an instructional program designed to give pupils:

1. The skills needed to cope with social change.

2. Knowledge of the human body and the means to maintain lifelong health, including:

   a. Knowledge of the theory and practice of physical education, including the development and maintenance of physical fitness;

   b. Knowledge of the nutritive value of foods, as outlined in the Dietary Guidelines for Americans, a publication of the federal departments of health and human services and agriculture, and knowledge of the role of a nutritious diet in promoting health, preventing chronic disease, and maintaining a healthy weight.

   c. Knowledge of physiology and hygiene, sanitation, the effects of controlled substances under ch. 961 and alcohol upon the human system, symptoms of disease and the proper care of the body. No pupil may be required to take instruction in these subjects if his or her parent files with the teacher a written objection thereto. If a pupil does not take instruction in these subjects as a result of parental objection, the pupil may not be required to be examined in the subjects and may not be penalized in any way for not taking such instruction, but if the subjects receive credit toward graduation, the school board may require the pupil to complete an alternative assignment that is similar to the subjects in the length of time necessary to complete. Instruction in physiology and hygiene shall include instruction on sexually transmitted diseases and shall be offered in every high school.

   d. Awareness about drug abuse, including prescription drug abuse, and prevention.

3. An appreciation of artistic and creative expression and the capacity for self-expression.

4. The ability to construct personal ethics and goals.

5. Knowledge of morality and the individual’s responsibility as a social being, including the responsibility and morality of family living and the value of frugality and other basic qualities and principles referred to in article I, section 22, of the constitution insofar as such qualities and principles affect family and consumer education.

Instruction shall be designed to help prevent suicides by pupils by promoting the positive emotional development of pupils.

8. Knowledge of effective means by which pupils may recognize, avoid, prevent and halt physically or psychologically intrusive or abusive situations which may be harmful to pupils, including child abuse, sexual abuse and child enticement. Instruction shall be designed to help pupils develop positive psychological, emotional and problem-solving responses to such situations and avoid relying on negative, fearful or solely reactive methods of dealing with such situations. Instruction shall include information on available school and community prevention and intervention assistance or services and shall be provided to pupils in elementary schools.

(c) The information is required to be reported under s. 48.981 or 175.32.

(2) A school psychologist, counselor, social worker, nurse, or any teacher or administrator designated by the school board who engages in alcohol or drug abuse program activities, who in good faith discloses or fails to disclose information under sub. In addition, if that information relates to a pupil of the school board or governing body of the private school or tribal school to receive that information for the purpose of providing treatment programs for pupils enrolled in the school district, private school, or tribal school. A school district may not use law enforcement officers’ records obtained under s. 938.396 (1) (c) 3. as the sole basis for expelling or suspending a pupil or as the sole basis for taking any other disciplinary action against a pupil, but may use law enforcement officers’ records obtained under s. 938.396 (1) (c) 3. as the sole basis for taking action against a pupil under the school district’s athletic code.

118.13 Pupil discrimination prohibited. If the division of hearings and appeals finds that the use of the race–based nickname, logo, mascot, or team name does not promote discrimination, pupil harassment, or stereotyping, the division of hearings and appeals shall dismiss the complaint. Except as provided in pars. (b) and (d), if the division of hearings and appeals finds that the use of the race–based nickname, logo, mascot, or team name promotes discrimination, pupil harassment, or stereotyping, the division of hearings and appeals shall order the school board to terminate its use of the race–based nickname, logo, mascot, or team name within 12 months after issuance of the order.

(b) 1. In this paragraph, “extenuating circumstances” includes circumstances in which the costs of compliance with an order issued under par. (a) pose an undue financial burden on the school district and circumstances in which the work or the requirements for bidding a contract to complete the work required to bring the school district into compliance with the order issued under par. (a) cannot be completed within 12 months after the issuance of the order.

2. a. If, at the hearing under sub. (2) or after a decision and order have been issued under par. (a), the school board presents evidence to the division of hearings and appeals that extenuating circumstances render full compliance with the decision and order within 12 months after the issuance of that decision and order impossible or impracticable, the division of hearings and appeals may issue an order to extend the time within which the school board must terminate its use of the race–based nickname, logo, mascot, or team name. Except as provided in subd. 2. b., the extension may not exceed 24 months and shall apply only to those portions of the decision and order to which extenuating circumstances apply.

b. The division of hearings and appeals may extend the time granted to a school board under subd. 2. a. if the school board presents evidence to the division of hearings and appeals that compliance with a portion of the decision and order issued under par. (a) may be accomplished through a regularly scheduled maintenance program and that the cost of compliance with that portion of the decision and order exceeds $5,000. The extension granted under this subd. 2. b. may not exceed 96 months and applies only to that portion of the decision and order with which compliance will be accomplished through the regularly scheduled maintenance program and that costs more than $5,000.

Such certificate or diploma or a certified copy thereof or a certified copy of a list of graduates shall be filed with the school district clerk of the school district operating the high school.

(3) If the superintendent of a private school or of a tribal school files with the department the course of study for elementary grades prescribed by such school and if such course of study is substantially equivalent to the course of study prepared for elementary grades by the department, a certificate or diploma or other written evidence issued by the superintendent of the private school or tribal school showing that the pupil has completed such course of study shall entitle the pupil to admission to a public high school. The certificate or diploma or a certified copy thereof or a certified copy of a list of graduates shall be filed with the school district clerk of the school district operating the high school.

(4) The school board of a school district operating high school grades shall allow a pupil enrolled in a private school or a pupil enrolled in a tribal school, who has met the standards for admission to high school under sub. The district board of the technical college district in which the child resides shall admit the child. Every technical college district board shall offer day class programs satisfactory to meet the requirements of this paragraph and s. 118.33 (3m) as a condition to the receipt of any state aid.

(c) 1. Upon the child’s request and with the written approval of the child’s parent or guardian, any child who is 16 years of age may be excused by the school board from regular school attendance if the child and his or her parent or guardian agree, in writing, that the child will participate in a program or curriculum modification under par. The agreement shall specify that the child is excused from regular school attendance while he or she is enrolled in the program and making progress toward completion of the program, or successfully completes the program. If the agency providing the program determines that the child is not making progress toward completion of the program, the agency shall notify the child and his or her parent or guardian that the agreement may be suspended within 30 days. If the agency suspends the agreement, the agency shall notify the child, his or her parent or guardian and the school board.

5. Homebound study, including nonsectarian correspondence courses or other courses of study approved by the school board or nonsectarian tutoring provided by the school in which the child is enrolled.

6. Enrollment in any public educational program located outside the school district in which the child resides. Enrollment of a child under this subdivision may be pursuant to a contractual agreement between school districts.

3. Multiply the quotient under subd. 1. by any additional costs associated with direct student support services, as determined jointly by the state superintendent and the state director of the technical college system.

4. Add the product under subd. 2. to the product under subd. 3.

(c) Pupils attending a technical college under this subsection may receive general education subjects at the technical college. Payments by the school district under par. (a) shall be deemed costs of operation and maintenance.

(d) Transportation, or board and lodging under s. 121.57 (1) (a), for pupils attending a technical college under this subsection shall be provided by the school district, and state aids shall be paid therefor, on the same basis as is transportation for pupils attending high school.

5. A school attendance officer, but only if the school attendance officer meets the criteria specified in subds. 1., 2., or 3.

(b) A designation under par. (a) shall be in writing and shall specifically identify the child whom the individual is authorized to take into custody.

(c) A school district administrator may not designate an individual under par. (a) unless the individual agrees to the designation in writing.

(d) A school district administrator who makes a designation under par. (a) shall provide each individual so designated with an identification card of a form determined by the school board. The designee shall carry the identification card on his or her person at all times while the designee is on official duty under s. 938.19 (1m) and shall exhibit the identification card to any person to whom the designee represents himself or herself as a person authorized to take a child into custody under s. 938.19 (1m).

(e) A school district administrator who makes a designation under par. (a) or the individual designated under par. (a) shall immediately attempt to notify, by personal contact or telephone call, the child’s parent, guardian and legal custodian that the designation has been made and that the child may be taken into custody under s. 938.19 (1m). The school district administrator, or the designee, is not required to notify a parent, guardian or legal custodian under this paragraph if the parent, guardian or legal custodian is the person who requested that the child be taken into custody under s. 938.19 (1m).

(3) All private schools shall keep a record containing the information required under ss. 115.30 (2) and 120.18. The record shall be open to the inspection of school attendance officers at all reasonable times. When called upon by any school attendance officer, the school shall furnish, on forms supplied by the school attendance officer, the information required under ss. 115.30 (2) and 120.18 in regard to any child between the ages of 6 and 18 who is a resident of the school district or who claims or is claimed to be in attendance at the school.

(4) (a) The school board shall establish a written attendance policy specifying the reasons for custody when pupils may be permitted to be absent from a public school under s. 118.15 and shall require the teachers employed in the school district to submit to the school attendance officer daily attendance reports on all pupils under their charge.

(b) No public school may deny a pupil credit in a course or subject solely because of the pupil’s unexcused absences or suspensions from school. The attendance policy under par. (a) shall specify the conditions under which a pupil may be permitted to take examinations missed during absences, other than suspensions, and the conditions under which a pupil shall be permitted to take any quarterly, semester or grading period examinations and complete any course work missed during a period of suspension.

(c) The school board may establish policies which provide that as a consequence of a pupil’s truancy the pupil may be assigned to detention or to a supervised, directed study program. The program need not be held during the regular school day. The policies under this paragraph shall specify the conditions under which credit may be given for work completed during the period of detention or assignment to a supervised, directed study program. A pupil shall be permitted to take any examinations missed during a period of assignment to a supervised, directed study program.

(cm) 1. The school board may establish policies which provide that a pupil of an age eligible for high school enrollment in the school district, as determined by the school board, may be assigned to a period of assessment as a consequence of the pupil’s truancy or upon the pupil’s return to school from placement in a correctional facility, mental health treatment facility, alcohol and other drug abuse treatment facility or other out-of-school placement. The policies shall specify the conditions under which a pupil may participate in the assessment without being in violation of s. 118.15 and the maximum length of time that a pupil may be assigned to an assessment period.

2. A school board may not assign a pupil to an assessment period without the written approval of the pupil’s parent or guardian.

A school board may not assign a pupil to an assessment period for longer than the time necessary to complete the assessment and place the pupil in an appropriate education program or 8 weeks, whichever is less. A school board may not assign a pupil to an assessment period more than once and may not assign a pupil to an assessment period if the school district has an alternative education program, as defined in s. 115.28 (7) (e) 1., available for the pupil that is appropriate for the pupil’s needs. An assessment need not be conducted during the regular school day.

3. The goals of an assessment period are to develop an educational plan for the pupil, implement an appropriate transitional plan and facilitate the pupil’s placement in an educational program in which the pupil will be able to succeed. The school board shall provide pupils who are assigned to an assessment period with information on other education programs that the school district or other community providers have available for the pupil. The assessment may include any of the following new or previously completed activities:

a. An assessment for problems with alcohol or other drugs.

b. An assessment of individual educational needs.

c. An assessment of whether the pupil is encountering problems in the community or at home that require intervention by a social worker.

d. A vocational assessment, which may include career counseling.

e. A medical assessment.

(e) Except as provided under s. 119.55, a school board may establish one or more youth service centers for the counseling of children who are taken into custody under s. 938.19 (1) (d) 10. for being absent from school without an acceptable excuse under s. 118.15.

(5) Except as provided in sub. (5m), before any proceeding may be brought against a child under s. 938.13 (6) for habitual truancy or under s. 938.125 (2) or 938.17 (2) for a violation of an ordinance enacted under s. 118.163 (2) or against the child’s parent or guardian under s. 118.15 for failure to cause the child to attend school regularly, the school attendance officer shall provide evidence that appropriate school personnel in the school or school district in which the child is enrolled have, within the
school year during which the truancy occurred, done all of the following:

(a) Met with the child’s parent or guardian to discuss the child’s truancy or attempted to meet with the child’s parent or guardian and received no response or were refused.

(b) Provided an opportunity for educational counseling to the child to determine whether a change in the child’s curriculum would resolve the child’s truancy and have considered curriculum modifications under s. 118.15 (1) (d).

(c) Evaluated the child to determine whether learning problems may be a cause of the child’s truancy and, if so, have taken steps to overcome the learning problems, except that the child need not be evaluated if tests administered to the child within the previous year indicate that the child is performing at his or her grade level.

(d) Conducted an evaluation to determine whether social problems may be a cause of the child’s truancy and, if so, have taken appropriate action or made appropriate referrals.

(5m) Subsection (5) (a) does not apply if a meeting under sub. (2) (cg) 3. is not held within 10 school days after the date that the notice under sub. (2) (cg) is sent. Subsection (5) (b), (c) and (d) does not apply if the school attendance officer provides evidence that appropriate school personnel were unable to carry out the activity due to the child’s absences from school.

(6) (a) If the school attendance officer receives evidence that activities under sub. (5) have been completed or were not required to be completed as provided in sub. (5m), the school attendance officer may do any of the following:

1. File information on any child who continues to be truant with the court assigned to exercise jurisdiction under chs. 48 and 938 in accordance with s. 938.24. Filing information on a child under this subdivision does not preclude concurrent prosecution of the child’s parent or guardian under s. 118.15 (5).

2. Refer the child to a teen court program if all of the following conditions apply:

a. The chief judge of the judicial administrative district has approved a teen court program established in the child’s county of residence and has authorized the school attendance officer to refer children to the teen court program and the school attendance officer determines that participation in the teen court program will likely benefit the child and the community.

b. The child and the child’s parent, guardian and legal custodian consent to the child’s participation in the teen court program.

c. The child has not successfully completed participation in a teen court program during the 2 years before the date on which the school attendance officer received evidence that activities under sub. (5) have been completed or were not completed due to the child’s absence from school as provided in sub. (5m).

(b) If a child who is referred to a teen court program under par. (a) 2. is not eligible for participation in the teen court program or does not successfully complete participation in the teen court program, the person administering the teen court program shall file information on the child with the court assigned to exercise jurisdiction under chs. 48 and 938 in accordance with s. 938.24. Filing information on a child under this paragraph does not preclude concurrent prosecution of the child’s parent or guardian under s. 118.15 (5).

(7) Any school district administrator, principal, teacher or school attendance officer who violates this section shall forfeit not less than $5 nor more than $25.

NOTE: 1993 Wis. Act 339, which created sub. (4) (cm), contains explanatory notes.

A court must consider evidence under sub. (5) prior to entering a finding of contempt based on truancy from school.

The order is violated. By its terms, sub. (5) is limited to children who are habitual truants and therefore in need of protection and services. State v. Jason R.N., 201 Wis. 2d 646, 549 N.W.2d 752 (Ct. App. 1996), 95–1728.

When under school board policy a suspension is not an excused absence, an absence as a result of the suspension is not an “acceptable excuse” under sub. (1) (a) or “legal cause” under sub. (1) (c) and may result in a finding of habitual truancy. State v. Isaac J.R., 220 Wis. 2d 251, 582 N.W.2d 476 (Ct. App. 1998), 97–1611.

(4m). The committee shall consist of the following members:

(g) A representative of the juvenile court intake unit, designated by the county social services director, or, if the duties of the department under s. 46.22 have been transferred to a department under s. 46.23, designated by the county human services director, or designated by the chief judge of the judicial administrative district.

(h) If a county department of human services has not been established under s. 46.23, a representative of a county department established under s. 51.42 or 51.437, designated by the director of the department established under s. 51.42 or 51.437.

(4) Not later than September 1, 1989, each school board shall adopt a truancy plan which shall include all of the following:

(5) A circuit court judge hearing a municipal truancy case is acting as a juvenile court, and the case is governed by ch. 938. 2. The organization has been operating an alternative teacher certification program for at least 10 years.
3. The organization requires candidates to pass a subject area exam and the pedagogy exam known as the Professional Teaching Exam and the pedagogy exam known as the Professional Teaching Exam.

(2) A license under sub. (1) authorizes an individual to teach the subject and educational levels for which the individual has successfully completed an alternative teacher certification program. The department shall treat an initial license to teach granted under sub. (1) in the same manner the state superintendent treats an initial license to teach granted in accordance with s. 118.19.

History: 2017 a. 59; s. 35.17 correction in (1) (intro.).

118.20 Teacher discrimination prohibited. (1) No discrimination because of sex, except where sex is a bona fide occupational qualification as defined in s. 111.36 (2), race, nationality or political or religious affiliation may be practiced in the employment of teachers or administrative personnel in public schools or in their assignment or reassignment. No questions of any nature or form relative to sex, except where sex is a bona fide occupational qualification as defined in s. 111.36 (2), race, nationality or political or religious affiliation may be asked applicants for teaching or administrative positions in the public schools either by public school officials or employees or by teachers agencies or placement bureaus.

(2) The state superintendent or a person designated by the state superintendent may receive and investigate complaints charging discrimination in employment, assignment or reassignment of teachers or administrative personnel in the public schools and the state superintendent or designee may hold hearings, subpoena witnesses and take testimony to effectuate the purposes of this section.

(3) If the state superintendent finds probable cause to believe that any discrimination prohibited by this section has been or is being practiced, the state superintendent shall immediately endeavor to eliminate the practice by conference, conciliation or persuasion. In case of failure to eliminate the discrimination, the state superintendent shall issue and serve a written notice of hearing, specifying the nature of the discrimination which appears to have been committed, and requiring the public school official, employee, teacher agency or placement bureau named, hereinafter called the “respondent” to answer the complaint at a hearing before the state superintendent. The notice shall specify a time of hearing not less than 10 days after service of the complaint, and a place of hearing within the county in which the discrimination is alleged to have occurred.

(4) After hearing, if the state superintendent finds that the respondent has engaged in discrimination prohibited by this section the state superintendent shall make written findings and recommend such action by the respondent as shall satisfy the purposes of this section and serve a certified copy of the findings and recommendations on the respondent together with an order requiring the respondent to comply with the recommendations. Any person aggrieved by noncompliance with the order shall be entitled to have the order enforced specifically by suit in equity. If the state superintendent finds that the respondent has not engaged in the alleged discrimination, the state superintendent shall serve a copy of the state superintendent’s findings on the complainant together with an order dismissing the complaint.

(5) If any public school official, employee, teachers agency or placement bureau violates sub. (1) or fails or refuses to obey any lawful order made by the state superintendent pursuant to this section, such person shall forfeit and pay into the state treasury not less than $25 nor more than $50, or be imprisoned not less than 5 nor more than 30 days. Such violation or failure or refusal to obey an order shall be grounds for the removal of any school district administrator, member of a school board or other public school official. Findings and orders of the state superintendent under this section shall be subject to judicial review under ch. 227.

(6) Upon request of the state superintendent, the attorney general or district attorney of the county in which any investigation, hearing or trial under this section is pending, shall aid and prosecute under supervision of the state superintendent, all necessary actions or proceedings for the enforcement of this section and for the punishment of all violations thereof.

This section is not the exclusive remedy of a wronged teacher; it is supplementary to the Fair Employment Act, ch. 111. Kurtz v. City of Waukesha, 91 Wis. 2d 103, 280 N.W.2d 757 (1979).

118.21 Teacher contracts. (1) The school board shall contract in writing with qualified teachers. The contract, with a copy of the teacher’s authority to teach attached, shall be filed with the school district clerk. Such contract, in addition to fixing the teacher’s wage, may provide for compensating the teacher for necessary travel expense. A teaching contract with any person not legally authorized to teach the named subject or at the named school shall be void. All teaching contracts shall terminate if, and when, the authority to teach terminates.

(2) Any person who contracts to teach in any public school shall file in the office of the school district administrator, within 10 days after entering into such contract, a statement showing the date of expiration, if any, and the grade and character of certificate or license held. In any school district not having a school district administrator, the statement shall be filed with the school district clerk. Teachers employed by a cooperative educational service agency shall file the statement in the office of the agency coordi-
nator. No order or warrant may be issued by the school district clerk in payment of the salary of any teacher, unless the teacher has complied with this subsection.

(3) School boards may provide in the contracts of teachers of agricultural and homemaking courses for payment out of school district funds for services performed outside the school district and connected with the performance of their regular teaching duties, and for travel expenses connected with such services.

(4) School boards may give to any teacher, without deduction from the teacher’s wages, the whole or part of any time spent by the teacher in attending a teachers’ educational convention, upon the teacher’s filing with the school district clerk a certificate of attendance at the convention, signed by the person or secretary of the association conducting the convention.

Cross-reference: See s. 118.22 (2) for requirement that majority vote of full board membership is required for employment of a teacher.

A collective bargaining provision that releases only teacher members of a majority union from in-service days to attend, with pay, a state convention of the union is discriminatory, but the school board can deny compensation to minority union members who attend a regional convention of their union if they do so in good faith. Board of Education v. WERC, 52 Wis. 2d 625, 191 N.W.2d 242 (1971).

A teacher’s lack of legal authority to teach assigned courses, although known to the school board at the time of hiring and subsequent assignments, was sufficient ground for dismissal despite the fact that the school superintendent mistakenly assured the teacher that the certification problem was an administrative omission that would be cured by the board. Grams v. Melrose−Mindoro Joint School District No. 1, 78 Wis. 2d 969, 254 N.W.2d 730 (1977).

An individual teacher’s contract under this section and s. 118.22 is subordinate to a collective bargaining contract under s. 111.70. 60 Atty. Gen. 342.

School boards have authority to contract with teachers to provide for an increment or sum in addition to their regular salary in return for the teacher choosing an early retirement option. 63 Atty. Gen. 16.

Even though a teacher was properly dismissed for an admitted violation of school rules, the teacher should have been entitled to a due process hearing on other charges affecting the teacher’s reputation as a teacher. Carpenter v. City of Greenfield School District No. 6, 358 F. Supp. 220 (1973).

118.22 Renewal of teacher contracts. (1) In this section:

(a) “Board” means a school board, technical college district board, board of control of a cooperative educational service agency or county children with disabilities education board, but does not include any board of school directors in a city of the 1st class.

(b) “Teacher” means any person who holds a teacher’s certificate or license issued by the state superintendent or a classification status under the technical college system board and whose legal employment requires such certificate, license or classification status, but does not include part−time teachers or teachers employed by any board of school directors in a city of the 1st class.

(2) On or before May 15 of the school year during which a teacher holds a contract, the board by which the teacher is employed at the direction of the board shall give the teacher written notice of renewal or refusal to renew the teacher’s contract for the ensuing school year. If no such notice is given on or before May 15, the contract shall then for force continue for the ensuing school year. A teacher who receives a notice of renewal of contract for the ensuing school year, or a teacher who does not receive a notice of renewal or refusal to renew the teacher’s contract for the ensuing school year on or before May 15, shall accept or reject in writing such contract not later than the following June 15. No teacher may be employed or dismissed except by a majority vote of the full membership of the board.

Nothing in this section prevents the modification or termination of a contract by mutual agreement of the teacher and the board. No such board may enter into a contract of employment with a teacher for any period of time as to which the teacher is then under a contract of employment with another board.

(3) At least 15 days prior to giving written notice of refusal to renew a teacher’s contract for the ensuing school year, the employing board shall inform the teacher by preliminary notice in writing that the board is considering nonrenewal of the teacher’s contract and that, if the teacher files a request therefor with the board within 5 days after receiving the preliminary notice, the teacher has the right to a private conference with the board prior to being given written notice of refusal to renew the teacher’s contract.

A contract of employment with another board, or governing body of any school operating under chs. 114 or 115, or a contract of employment with another board, or governing body of any school operating under chs. 114 or 115, shall not be construed as a waiver of rights granted by this section. There is no implied waiver as a result of a contract of employment with another board.

(4) An employment contract that recites that a teacher’s employment will not be renewed cannot be construed as a waiver of rights granted by this section. There is a presumption of good faith applicable to a board’s decision to refuse to renew a teacher’s contract. Mack v. Joint School District No. 3, 89 Wis. 2d 104, 250 N.W.2d 723 (1977).

Arbitration was proper under a “discharge and nonrenewal” clause in a collective bargaining agreement when the school board did not offer a teacher a second contract after rejecting a contract that was signed and returned by the teacher with the title “probationary contract” crossed out. (2) All teachers shall be employed on probation, but after continuous and successful probation for 3 years and the gaining of the 4th contract in the same school system or school, their employment shall be permanent except as provided in sub. (3). All principals shall be employed on probation, but after continuous and successful probation for 3 years and the gaining of a 4th contract in the same school system or school, their employment shall be permanent except as provided in sub. (3). Upon accepting employment in another school system or school to which this section applies, a teacher who has acquired permanent employment under this section shall be on probation therein for 2 years. After continuous and successful probation for 2 years and gaining the 3rd contract in such school system or school, employment therein shall be permanent except as provided in sub. (3). A person who acquired tenure as a teacher under this section shall not be deprived of tenure as a teacher by reason of the person’s employment as a principal.

(3) No teacher who has become permanently employed under this section may be refused employment, dismissed, removed or discharged, except for inefficiency or immorality, for willful and persistent violation of reasonable regulations of the governing body of the school system or school or for other good cause, upon written charges based on fact preferred by the governing body or other proper officer of the school system or school in which the teacher is employed. Upon the teacher’s written request and no less than 10 nor more than 30 days after receipt of notice by the teacher, the charges shall be heard and determined by the governing body of the school system or school by which the teacher is employed. Hearings shall be public when requested by the teacher and all proceedings thereat shall be taken by a court reporter. All parties entitled to be represented by counsel at the hearing. The action of the governing body is final.

(4) If necessary to decrease the number of permanently employed teachers by reason of a substantial decrease of pupil population within the school district, the governing body of the school system or school may lay off the necessary number of teachers, but only in the inverse order of the appointment of such teachers. No permanently employed teacher may be prevented from securing other employment during the period that the teacher is laid off under this subsection. Such teachers shall be reinstated in inverse order of their being laid off, if qualified to fill the vacancies. Such reinstatement shall not result in a loss of credit for previous years’ service. No new permanent or substitute appointments may be made while there are laid off permanent teachers available who are qualified to fill the vacancies.

(6) This section does not apply after December 21, 1995. Any person whose employment is permanent under sub. (3) on December 21, 1995, shall retain all of the rights and privileges of such permanent employment after that date.

Layoff and reinstatement provisions in this section are to be applied separately to classroom teachers and principals. 70 Atty. Gen. 6.

118.235 Lunch period for teachers. Every school board shall grant daily a duty-free lunch period to each of its teachers, except that a school district may contract with any teacher employed by it for services during such period. Such period shall be not less than 30 minutes and shall be provided at or near the time of the regular school lunch period.

118.24 School district administrator. (1) A school board may employ a school district administrator, a business manager and school principals and assistants to such persons. The term of each employment contract may not exceed 2 years. A contract for a term of 2 years may provide for one or more extensions of one year each.
request, the reasons upon which the board is considering nonrenewal may also be requested and the board shall furnish such reasons before the hearing in writing.

(8) Personnel administrators and supervisors, curriculum administrators and assistants to such administrative personnel, when employed by the school board of any school district to perform administrative duties only, may be employed for a term that does not exceed 2 years. A contract for a term of 2 years may provide for one or more extensions of one year each. Subsections (5) to (7) are applicable to such persons when they are employed to perform administrative duties only.

(9) Nothing in this section shall be construed:

(a) To prohibit the school board of any district from hiring part-time administrative personnel; or

(b) To prohibit the employment relations commission from making a determination that persons hired as part-time administrative personnel shall be included in the collective bargaining unit of persons hired as teachers and shall be covered by the terms of a collective bargaining agreement which exists pursuant to s. 111.70.

(10) No principal or assistant principal may be granted tenure or permanent employment.

The school board and district under sub. (3) can require a principal to perform administrative responsibilities as long as their performance does not modify the terms of a collective bargaining contract. Kubes v. School District, 2004 WI App 55, 250 Wis. 2d 502, 677 N.W.2d 667, 03-0522.

Due process does not require that an outside decisionmaker conduct the hearing provided for under sub. (7). Beischel v. Stone Bank School District, 362 F.3d 430 (2004).

118.245 Referendum; increase in employee wages.

(1) If a school board wishes to increase the total base wages of its employees in an amount that exceeds the limit under s. 111.70 (4) (mb) 2., the school board shall adopt a resolution to that effect. The resolution shall specify the amount by which the proposed total base wages increase will exceed the limit under s. 111.70 (4) (mb) 2. The resolution may not take effect unless it is approved in a referendum called for that purpose. The referendum shall occur in April for collective bargaining agreements that begin in July of that year. The results of a referendum apply to the total base wages only in the next collective bargaining agreement.

(2) The question submitted in the referendum shall be substantially as follows: “Shall the employees in the ... [school district] receive a total increase on wages from...[current total base wages] to $...[proposed total base wages], which is a percentage wage increase that is ...% percent higher than the percent of the consumer price index increase, for a total percentage increase in wages of ...%?”

History: 2011 a. 10.

This section does not violate the plaintiffs’ association rights. No matter the limitation, a legislature may enact laws that protect the state’s interest in providing a quality education, even if the law reduces the rights of the association.

118.285 Health examinations.

(a) “Practitioner” means a person licensed as a physician, naturopathic doctor, or physician assistant in any state or licensed or certified as an advanced practice nurse prescriber in any state. In this paragraph, “physician” has the meaning given in s. 448.01 (5).

(b) “School employee” means a person employed by a school board who comes in contact with children or who handles or prepares food for children while they are under the supervision of school authorities.

(2) (a) 1. Subject to par. (b), a school board shall, as a condition of employment, require a physical examination of every school employee of the school district. The school board shall ensure that the physical examination includes a screening questionnaire for tuberculosis approved by the department of health services and, if indicated, a test to determine the presence or absence of tuberculosis in a communicable form. Freedom from tuberculosis in a communicable form is a condition of employment. The school employee shall be examined by a practitioner in the employ of or under contract with the school district, but if a practitioner is not employed or under contract, the examination shall be made by a practitioner selected by the school employee.

2. The school board may require a school employee to complete additional health examinations, including physical examinations and an examination to obtain the best of a school employee’s knowledge for tuberculosis approved by the department of health services, at intervals determined by the school board. A screening questionnaire administered as permitted under this subdivision may be administered by a school nurse or by a registered nurse who is selected by the school employee and who is licensed under s. 441.06 or holds a multistate license, as defined in s. 441.51 (2) (h), issued in a party state, as defined in s. 441.51 (2) (k).

(b) The school board may not require physical examinations of any school employee who files with the school board an affidavit setting forth that the employee depends exclusively upon prayer or spiritual means for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization and that the employee is free from tuberculosis in a communicable form.

1. A practitioner performing a physical examination under par. (a) shall complete a report of the examination upon a standard form prepared by the department of health services. The practitioner shall retain a copy of the report in his or her files and shall make confidential recommendations therefor to the school board and to the school employee on a form prepared by the department of health services. The recommendation form shall contain space for a certificate that the person examined by the practitioner appears to be free from tuberculosis in a communicable form.

2. A registered nurse or school nurse administering a screening questionnaire under par. (a) shall complete a report of the examination upon a standard form prepared by the department of health services. The practitioner shall retain a copy of the report in his or her files and shall make confidential recommendations therefor to the school board and to the school employee on a form prepared by the department of health services.

The screening questionnaire shall contain space for a certificate that the person examined by the registered nurse or school nurse does not have risk factors for tuberculosis. If tuberculosis risk factors are identified on the screening questionnaire, the registered nurse or school nurse shall recommend that the person receive a test from a practitioner to determine the presence or absence of tuberculosis in a communicable form. If a test to determine the presence or absence of tuberculosis in a communicable form is recommended of the person, and if the test indicates the presence of tuberculosis in a communicable form, the practitioner who administers the test shall certify, on a form prepared by the department of health services, that the person appears to be free from tuberculosis in a communicable form.

3. The school board shall pay the cost of the examinations required under par. (a), including X-rays and tuberculin tests if needed, out of school district funds.
(3) In counties having a population of less than 750,000, the school board may require periodic health examinations of pupils by physicians, under the supervision of local health departments and the department of health services, and may pay the cost of the examinations out of school district funds.

(4) If a health or physical examination made under this section includes the testing of vision, such test may be made by an optometrist. Forms used for reporting such vision tests shall so indicate.

(5) As a condition of employment, special teachers, school psychologists, school social workers, cooperative educational service agency personnel and other personnel working in public schools shall have physical examinations under sub. (2). The employing school district or agency shall pay the cost of such examinations.

(6) As a condition of employment, employees of the state superintendent whose work brings them into contact with school children or with school employees shall have physical examinations under sub. (2).

There shall be no charge for health treatment services provided to any pupils unless public school students or their parents are charged for similar services. For purposes of state aid, as it is provided under s. 115.88 to the public school district, for the health treatment service program, private school and tribal school pupils receiving such health treatment services shall be counted among the pupils of the public school district receiving such services, although each child may receive health treatment services within the child’s own school facilities, whether public, private, or tribal.

(b) A school board, cooperative educational service agency, or county children with disabilities education agency providing services under this section may enter into agreements with the administrator of a private school or tribal school on the scheduling, space, and other necessary arrangements for performance of such health treatment services. A school board, cooperative educational service agency, or county children with disabilities education board shall not pay any private school or tribal school for any services or facilities provided under this section. Control of the health treatment services program shall rest with the public school board, cooperative educational service agency, or county children with disabilities education board.

(c) A school board, cooperative educational service agency, or county children with disabilities education board may provide health treatment services only within private school or tribal school facilities located within the boundaries of the school district, cooperative educational service agency, or county.

(3) The school board, cooperative educational service agency or county children with disabilities education board maintaining health treatment services shall report annually to the department, and at such other times as the department directs, such information as the department requires.

(4) If the state superintendent is satisfied that the health treatment services program has been maintained during the preceding school year in accordance with law, the state superintendent shall certify to the department of administration in favor of each school board, cooperative educational service agency and county children with disabilities education board maintaining such health treatment services, an amount equal to the amount expended for items listed in s. 115.88 (1m) by the school board, cooperative educational service agency and county children with disabilities education board during the preceding year for these health treatment services as costs eligible for reimbursement from the appropriation under s. 20.255 (2) (b).

118.258 Electronic communication devices prohibited. (1) Each school board may adopt rules prohibiting a pupil from using or possessing an electronic communication device while on premises owned or rented by or under the control of a public school.

(15) (a), to the school board of the nonresident school district that the pupil wishes to attend, not earlier than the first Monday in February and not later than the last weekday in April of the school year immediately preceding the school year in which the pupil wishes to attend. Except as provided in subd. 1d. applications may be submitted to no more than 3 nonresident school boards in any school year. The nonresident school board shall send a copy of the application to the pupil’s resident school board and the department by the end of the first weekday following the last weekday in April. The application may include a request to attend a specific school or program and offered by the nonresident school district.

1d. For purposes of determining whether applications have been submitted to more than 3 nonresident school boards, the department may not count an application submitted to a nonresident school board for a pupil to attend a virtual charter school.

1m. By the first Friday following the first Monday in May, the resident school board shall send to the nonresident school district a copy of the individualized education program developed under s. 115.787 (2) for a child with a disability whose parent submitted an application under subd. 1. 2. A nonresident school board may not act on any application received under subd. 1. before May 1. If a nonresident school board receives more applications for a particular grade or program than there are spaces available in the grade or program in the nonresident school board shall determine which pupils to accept, including pupils accepted from a waiting list under sub. (5) (d), on a random basis, after giving preference to pupils and to siblings of pupils who are already attending the nonresident school district and, if the nonresident school district is a union high school district, to pupils who are attending an underlying elementary school district of the nonresident school district. If a nonresident school board determines that space is not otherwise available for open enrollment pupils in the grade or program to which an individual has applied, the school board may nevertheless accept a pupil or the sibling of a pupil who is already attending the nonresident school district and, if the nonresident school district is a union high school district, a pupil who is attending an underlying elementary school district of the nonresident school district under this section.

3. Except as provided under sub. (5) (d) 1., on or before the first Friday following the first Monday in June following receipt of the application, the nonresident school board shall notify the applicant, in writing, whether it has accepted the application. If the nonresident school board has accepted the applicant, the school board shall identify the specific school or program that the applicant may attend in the following school year. If the nonresident school board rejects an application, it shall include in the notice the reason for the rejection.

4. On or before the 2nd Friday following the first Monday in June following receipt of a copy of the application, if a resident school board denies a pupil’s enrollment in a nonresident school district, the resident school board shall notify the applicant and the nonresident school board, in writing, that the application has been denied and include in the notice the reason for the denial.

5. Except as provided in sub. (5) (d) 2., if an application is accepted, on or before the last Friday in June following receipt of a notice of acceptance, or within 10 days of receiving a notice of acceptance if a pupil is selected from a waiting list under sub. (5) (d), the pupil’s parent shall notify the nonresident school board of the pupil’s intent to attend school in that school district in the following school year.

(b) **Notice to resident school district.** Annually by July 7, each nonresident school board that has accepted a pupil under this section for attendance in the following school year shall report the name of the pupil to the pupil’s resident school board.

(c) **Subsequent reapplication; when required.** 1. If a pupil’s parent notifies a nonresident school board, under par. (a) 6., that the pupil intends to attend school in that school district in the following school year, the pupil may attend that school district in the following school year and may continue to attend that school district in succeeding school years without reapplying, except that the nonresident school board may require that the pupil reapply, no more than once, when the pupil enters middle school, junior high school or high school.

2. If at any time a pupil who is attending school in a nonresident school district under this section wishes to attend school in a different nonresident school district under this section, the pupil’s parent shall follow the application procedures under par. (a).

(3m) **ALTERNATIVE APPLICATION PROCEDURES UNDER CERTAIN CIRCUMSTANCES.** (a) **Notwithstanding sub. (3), the parent of a pupil who wishes to attend a public school in a nonresident school district under this section may, in lieu of applying under sub. (3), submit an application under this subsection, on a form provided by the department under sub. (15) (a), to the school board of the nonresident school district that the pupil wants to attend if the pupil satisfies at least one of the criteria under par. (b). Applications may be submitted to no more than 3 nonresident school boards in any school year. For purposes of determining whether applications have been submitted to more than 3 nonresident school boards, the department may not count an application submitted to a nonresident school board for a pupil to attend a virtual charter school.

(b) The parent of a pupil may apply under this subsection only if the pupil meets one of the following criteria, and shall describe the criteria that the pupil meets in the application:

1. The resident school board determines that the pupil has been the victim of a violent criminal offense, as defined by the department by rule. An application made on the basis of this criteria is not valid unless the nonresident school board receives the application within 30 days after the determination of the resident school board.

2. The pupil is or has been a homeless pupil in the current or immediately preceding school year. In this subdivision, “homeless pupil” means an individual who is included in the category of homeless children and youths, as defined in 42 USC 11434a (2).

3. The pupil has been the victim of repeated bullying or harassment and all of the following apply:
   a. The pupil’s parent has reported the bullying or harassment to the resident school board.
   b. Despite action taken under subd. 3. a., the repeated bullying and harassment continues.
4. The place of residence of the pupil’s parent or guardian and of the pupil has changed as a result of military orders. An application made on the basis of this criteria is not valid unless the nonresident school board receives the application no later than 30 days after the date on which the military orders changing the place of residence were issued.

5. The pupil moved into this state. An application made on the basis of this criteria is not valid unless the nonresident school board receives the application no later than 30 days after moving into this state.

6. The place of residence of the pupil has changed as a result of a court order or custody agreement or because the pupil was placed in a foster home or with a person other than the pupil’s parent, or removed from a foster home or from the home of a person other than the pupil’s parent. An application made on the basis of this criteria is not valid unless the nonresident school board receives the application no later than 30 days after the pupil’s change in residence.

7. The parent of the pupil, the resident school board, and the nonresident school board agree that attending school in the nonresident school district is in the best interests of the pupil.

8. The parent of the pupil and the nonresident school board agree that attending school in the nonresident school district is in the best interests of the pupil. If the resident school board notifies the parent of the pupil who applies under this subdivision that the pupil may not attend the nonresident school district, the parent may appeal the resident school district’s decision to the department and must explain in the appeal why the pupil applied to attend school in the nonresident school district. The resident school district must respond to the appeal and provide an explanation for rejecting the pupil’s transfer into the nonresident school district. If the department determines that the resident school district’s decision to deny the pupil’s transfer into the nonresident school district is not in the best interests of the pupil, the department shall notify the resident and nonresident school districts and the pupil’s parent that the pupil may attend the nonresident school district. The department’s determination under this subdivision is final.

(c) If a nonresident school board receives an application under par. (a), the nonresident school board shall immediately forward a copy of the application to the resident school board, and shall notify the applicant, in writing, whether it has accepted the application no later than 20 days after receiving the application. If the nonresident school board has accepted the application, the nonresident school board shall identify the specific school or program that the pupil may attend.

(d) A resident school district may notify an applicant under par. (a) that the pupil may not attend a school or program in the nonresident school district only if the resident school district determines that the criteria relied on by the applicant under par. (b) does not apply to the pupil.

(e) If an application is accepted by the nonresident school board under par. (c), the pupil may immediately begin attending the school or program in the nonresident school district and shall be attending the school or program no later than the 15th day following receipt by the parent of the pupil of notice of acceptance under par. (c). If the pupil has not enrolled in or attended school in the nonresident school district by the day specified in this paragraph, the nonresident school district may notify the pupil’s parent, in writing, that the pupil is no longer authorized to attend the school or program in the nonresident school district.

(4) ADOPTION OF POLICIES AND CRITERIA. (a) By February 1, 1998, each school board shall adopt a resolution specifying all of the following:

1. Its reapplication requirements, if any, under sub. (3) (c) 1.
2. Its acceptance and rejection criteria under sub. (5) (a) and (b).
3. A statement of the preference required under sub. (3) (a) 2.

5. If the school district is eligible for aid under subch. VI of ch. 121, the limitation on transfers into or out of the school district imposed by the school board under sub. (7).

6. Whether it will provide transportation under s. 121.54 (10) for some or all of the pupils who reside in the school district and attend school in a nonresident school district under this section or for some or all of the pupils who reside in other school districts and attend its schools under this section, and the means, under s. 121.55, by which it will provide such transportation.

(b) If the school board revises its criteria or policies under par. (a), it shall do so by resolution.

(5) NONRESIDENT SCHOOL DISTRICT ACCEPTANCE CRITERIA. (a) Permissible criteria. Except as provided in sub. (3) (a) 2, the criteria for accepting and rejecting applications from nonresident pupils under subs. (3) (a) and (3m) (a) may include only the following:

1. The availability of space in the schools, programs, classes, or grades within the nonresident school district. The nonresident school board shall determine the number of regular education and special education spaces available within the school district in the January meeting of the school board, except that for the 2011–12 school year the board shall determine the number of regular education and special education spaces available within the school district in the February meeting of the school board. In determining the availability of space, the nonresident school board may consider criteria such as class size limits, pupil–teacher ratios, or enrollment projections established by the nonresident school board and may include in its count of occupied spaces all of the following:
   a. Pupils attending the school district for whom tuition is paid under s. 121.78 (1) (a).
   b. Pupils and siblings of pupils who have applied under sub. (3) (a) or (3m) (a) and are currently attending an underlying elementary school district of the nonresident school district under this section.

   b. Engaging in conduct while at school or while under supervision of a school authority that endangered the health, safety or property of others.
   c. Engaging in conduct while not at school or while not under the supervision of a school authority that endangered the health, safety or property of others.
   d. Possessing a dangerous weapon, as defined in s. 939.22 (10), while at school or while under the supervision of a school authority.

3. Whether the nonresident school board determined that the pupil was habitually truant from the nonresident school district during any semester of attendance at the nonresident school district in the current or previous school year.

4. Whether the special education or related services described in the child’s individualized education program under s. 115.787 (2) are available in the nonresident school district or whether there is space available to provide the special education or related services identified in the child’s individualized education program, including any class size limits, pupil–teacher ratios or enrollment projections established by the nonresident school board.
6. Whether the child has been referred to his or her resident school board under s. 115.777 (1) or identified by his or her resident school board under s. 115.77 (1m) (a) but not yet evaluated by an individualized education program team appointed by his or her resident school board under s. 115.78 (1).

(b) Rejection after initial acceptance. The criteria under par. (a) may provide that, notwithstanding the nonresident school board’s acceptance of an application under sub. (3) (a) 3., at any time prior to the beginning of the school year in which the pupil will first attend school in the school district under this section, the school board may notify the pupil that he or she may not attend school in the school district if the school board determines that any of the criteria under par. (a) 2. are met.

(d) Waiting list. 1. The school board of a nonresident school district may create a waiting list of pupils whose applications were rejected under sub. (3) (a) 3. The nonresident school board may accept pupils from a waiting list created under this paragraph until the 3rd Thursday in September but only if the pupil will be in attendance at the school or program in the nonresident school district on the 3rd Friday in September. Notwithstanding sub. (3) (a) 6., if a pupil is accepted from a waiting list created under this paragraph after the start of the school term, the parent shall immediately notify the resident school district of the pupil’s intent to attend school in the nonresident school district for the current school term.

2. A pupil accepted from a waiting list created under this paragraph may attend the school or program in the nonresident school district even if the pupil has attended a school or program in a nonresident school district in the current school year. If such notice is provided, the pupil may attend school in the school district of the pupil’s district attended by the pupil.

3. The department shall promulgate rules to implement and administer this paragraph.

(7) Racial balance. The school board of a school district that receives applications for transfer into the school district under subch. VI of ch. 121 and this section may not accept applications made under this section until it has accepted or rejected all applications made under subch. VI of ch. 121.

(8) Disciplinary records. Notwithstanding s. 118.125, for an application submitted under sub. (3) (a), by the first Friday following the first Monday in May, and within 10 days of receiving a copy of an application under sub. (3m) (c), the resident school board shall provide to the nonresident school board to which a pupil has applied under this section a copy of any expulsion findings and orders pertaining to the pupil, a copy of records of any pending disciplinary proceeding involving the pupil, a written explanation of the reasons for the expulsion or pending disciplinary proceeding and the length of the term of the expulsion or the possible outcomes of the pending disciplinary proceeding.

(9) Appeal of rejection. If the nonresident school board rejects an application under sub. (3) (a) or (7), the resident school board prohibits a pupil from attending public school in a nonresident school district under sub. (3m) (d) or the nonresident school board prohibits a pupil from attending public school in the nonresident school district under sub. (11), the pupil’s parent may appeal the decision to the department within 30 days after receipt of the notice. If the nonresident school board provides notice that the special education or related service is not available under sub. (12) (b), the pupil’s parent may appeal the required transfer to the department within 30 days after receipt of the notice. The department shall affirm the school board’s decision unless the department finds that the decision was arbitrary or unreasonable.

(10) Pupil assignment. A nonresident school district may assign pupils accepted to attend public school in the school district under this section to a school or program within the school district. The school board may give preference in attendance at a school, program, class or grade to residents of the school district who live outside the school’s attendance area.

If the appropriation under s. 20.255 (2) (cy) in any one year is insufficient to pay the full amount of approved claims under this paragraph, payments shall be prorated among the parents entitled thereto. By the 2nd Friday following the first Monday in May following receipt of the parent’s application under sub. (3) (a), the department shall provide to each parent requesting reimbursement under this paragraph an estimate of the amount of reimbursement that the parent will receive if the pupil attends public school in the nonresident school district in the following school year.

(15) DEPARTMENT DUTIES. The department shall do all of the following:

(a) Application form. Prepare, distribute to school districts, and make available to parents an application form to be used by parents under sub. (3) (a) and an application form to be used by parents under sub. (3m) (a). The form shall include provisions that permit a parent to apply for transportation reimbursement under sub. (14) (b). The form shall require an applicant who is applying to attend a virtual charter school to indicate that he or she is attending to attend a virtual charter school, the number of virtual charter schools to which he or she is applying, and whether he or she is a sibling of a pupil currently enrolled in a virtual charter school through the open enrollment program.

(b) Information and assistance. Develop and implement an outreach program to educate parents about the open enrollment program under this section, including activities specifically designed to educate low-income parents, and services to answer parents’ questions about the program and assist them in exercising the open enrollment option provided under this section.

(c) Annual report. Annually submit a report to the governor and to the appropriate standing committees of the legislature under s. 13.172 (3). The report under this paragraph shall include all of the following information:

1. The number of pupils who applied to attend public school in a nonresident school district under this section.

2. The number of applications received under subs. (3) (a) and (3m) (a) and, for the applications received under sub. (3m) (a), the number of applications received under each of the criteria listed in sub. (3m) (b).

3. The number of applications denied and the bases for the denials.

4. The number of pupils attending public school in a nonresident school district under this section. The department shall specify, separately, the number of pupils attending public school in a nonresident school district whose applications were accepted under subs. (3) (a) 3. and (3m) (c), and, for the applications accepted under sub. (3m) (c), the number of pupils attending under each of the criteria listed in sub. (3m) (b).

(16) STATE AID ADJUSTMENTS. (a) Annually, the department shall determine all of the following:

1. For each school district, the number of nonresident pupils attending public school in the school district under this section, other than pupils for whom a payment is made under sub. (17) (a), (c), or (cm).

2. For each school district, the number of resident pupils attending public school in a nonresident school district under this section, other than pupils for whom a payment is made under sub. (17) (a), (c), or (cm).

3. a. For the amount in the 2013–14 and 2014–15 school years, the amount determined under this subdivision for the previous school year plus $150.

2. If the number determined in par. (a) 1. is less than the number determined in par. (a) 3. If the state aid payment under s. 121.08 is insufficient to cover the reduction, the department shall decrease other state aid payments made by the department to the school district by the remaining amount. If the state aid payment under s. 121.08 and other state aid payments made by the department to the school district are insufficient to cover the reduction, the department shall use the moneys appropriated under s. 20.255 (2) (cg) to pay the balance to school districts under subd. 1.

(c) If a pupil attends public school in a nonresident school district under this section for less than a full school term, the department shall prorate the state aid adjustments under this subsection and sub. (17) (c) and (cm) based on the number of days that school is in session and the pupil attends public school in the nonresident school district.

(d) The department shall ensure that the aid adjustments under par. (b) and sub. (17) (c) and (cm) do not affect the amount determined to be received by a school district as state aid under s. 121.08 for any other purpose.

(17) PUPIL TRANSFER AMOUNT AND PAYMENTS TO NONRESIDENT SCHOOL BOARD; CHILDREN WITH DISABILITIES. (a) In the 2015–16 school year, the resident school board shall pay to the nonresident school board, for each child who is attending public school in the nonresident school district under this section and is receiving special education or related services under subch. V of ch. 115, tuition calculated using the daily tuition rate under s. 121.83 for such children enrolled in the nonresident school district, or an amount agreed to by the school boards of the 2 school districts.

(b) 1. Beginning in the 2016–17 school year, the department shall determine all of the following:

b. For each school district, the number of resident pupils attending public school in a nonresident school district under this section who are receiving special education or related services under subch. V of ch. 115.

2. a. In the 2016–17 school year, the per pupil transfer amount is $12,000.

b. In the 2017–18 school year, the per pupil transfer amount is the sum of the per pupil transfer amount for the previous school year; the amount of the per pupil revenue limit adjustment under s. 121.91 (2m) for the current school year, if positive; and the change in the amount of statewide categorical aid per pupil between the previous school year and the current school year, as determined under s. 118.40 (2r) (e) 2p., if positive.

(bm) 1. Beginning in the 2019–20 school year, the department shall determine all of the following for each school district:  
   a. The number of nonresident pupils attending public school in the school district under this section who are receiving special education or related services under subch. V of ch. 115 and for whom no financial statement was submitted under sub. (12) (a) in that school year.  
   b. The amount shown on each financial statement submitted in that school year under sub. If the amount shown on any financial statement described in this subd. 1. d. exceeds $30,000, for the purpose of subd. 2. e., the department shall identify the amount shown as $30,000.  

2. Beginning in the 2019–20 school year, for each school district, the department shall do all of the following:  
   a. Multiply the number under subd. 1. a. by the per pupil transfer amount under par. (b) 2. d.  
   b. Determine the sum of the amounts shown on the financial statements submitted as described under subd. 1. b.  
   c. Determine the sum of the product under subd. 2. a. and the sum under subd. 2. b.  
   d. Multiply the number under subd. 1. c. by the per pupil transfer amount under par. (b) 2. c.  
   e. Determine the sum of the amounts shown on the financial statements submitted as described under subd. 1. d.  
   f. Determine the sum of the product under subd. 2. d. and the sum under subd. 2. e.  

   (c) 1. If the number determined in par. (b) 1. a. is greater than the number determined in par. 2. If the number determined in par. (b) 1. a. is less than the number determined in par. (b) 1. b. for a school district, in the 2016–17, 2017–18, and 2018–19 school years, the department shall decrease that school district’s state aid payment under s. 121.08 by an amount equal to the difference multiplied by an amount under par. (b) 2. a., b., or c. If the state aid payment under s. 121.08 is insufficient to cover the reduction, the department shall decrease other state aid payments made by the department to the school district by the remaining amount. If the state aid payment under s. 121.08 and other state aid payments made by the department to the school district are insufficient to cover the reduction, the department shall use the moneys appropriated under s. 20.255 (2) (cg) to pay the balance to school districts under subd. 1.  

(cm) 1. If the amount determined under par. (bm) 2. c. is greater than the amount determined under par. (18) LOCATION OF VIRTUAL CHARTER SCHOOLS. For purposes of this section, a virtual charter school is located in the school district specified in s. 118.40 (8) (a).

Cross-reference: See also ch. PI 36, Wis. adm. code. Sub. (6) provides no authority to limit resident student transfers, or open enrollment, provided for in sub. (2) after the 2005–06 school year. Because there are no express provisions for any school year beyond 2005–06 and no indication that the application of the 2005–06 percentage limits would be ongoing, the application of the percentage limits must end in 2005-06. School District v. Evers, 2010 WI App 144, 330 Wis. 2d 80, 792 N.W.2d 615, 10–0829.

While this section imposes application requirements and some limitations, for example relating to racial balance and special education students under subs. (7) and (12) (b) 1., there are no restrictions on resident transfers based on the overall financial health of the resident district. School District v. Evers, 2010 WI App 144, 330 Wis. 2d 80, 792 N.W.2d 615, 10–0829.

The portion of sub. (7) (a) that requires a school district eligible for aid under subch. VI of ch. 121 to reject an open enrollment application if the requested transfer into or out of the district would increase the district’s racial imbalance is inconsistent with the equal protection guarantees of the U.S. Constitution, as those guarantees were applied in Seattle School District No. 1, 535 U.S. 701 (2007). OAG 4–07. See also N.N. v. Madison Metropolitan School District, 709 F. Supp. 2d 927 (2009).

Differential treatment of special needs students doesn’t make the open enrollment program unlawful. Federal law forbids discrimination based on stereotypes about a handicap, but it does not forbid decisions based on the actual attributes of the handicap. The program makes decisions based on the actual needs of students with disabilities, so it complies with the federal Americans with Disabilities Act, 42 USC 12132, and the federal Rehabilitation Act. 29 USC 794 (a). (b) If a nonresident school board receives more applications for a particular course than there are spaces available in the course, the nonresident school board shall determine which pupils to accept on a random basis.

(c) No later than one week prior to the date on which the course is scheduled to commence, the nonresident school board shall notify the applicant and the resident school board, in writing, whether the application has been accepted and, if the application is accepted, the school at which the pupil may attend the course. (d) No later than one week prior to the date on which the course is scheduled to commence, the resident school board, or, in the case of a pupil attending school in a school district other than the pupil’s resident school district pursuant to a whole grade sharing agreement under s. 118.50, the school board of the district in which the pupil is attending school, shall do all of the following:

1. If it denies an application to attend public school in a nonresident school district under sub. (6), notify the applicant and the nonresident school board, in writing, that the application has been denied and include in the notice the reason for the rejection.

2. If it determines that the course does not satisfy high school graduation requirements under s. 118.33 in the resident school district, notify the applicant in writing.

(6) RESIDENT SCHOOL DISTRICT REJECTION CRITERIA. (a) Individualized education program requirements. (b) Undue financial burden. The school board of a pupil’s resident school district may reject an application to attend a course in a public school in a nonresident school district if the cost of the course would impose upon the resident school district an undue financial burden in light of the resident school district’s total economic circumstances, including its revenue limit under subch. VII of ch. 121, its ability to pay tuition costs for the pupil, and the per pupil cost for children continuing to be served by the resident school district.

(8) APPEAL OF REJECTION. If an application is rejected under sub. (3) (c) or a pupil is prohibited from attending a course in a public school in a nonresident school district under sub. (6), the pupil’s parent may appeal the decision to the department within 30 days after the decision. The department shall determine the reimbursement amount and shall pay the amount from the appropriation under s. 20.255 (2) (cy). The department shall give preference under this paragraph to those pupils who satisfy the income eligibility criteria for a free or reduced−price lunch under 42 USC 1758 (b) (1).

(12) TUITION. The resident school board shall pay to the nonresident school board, for each pupil attending a course in a public school in the nonresident school district under this section, an amount equal to the cost of providing the course to the pupil, calculated in a manner determined by the department.

section during the agreement year or the school year following the
agreement year.

(3) (a) The pupil or the pupil’s parent or guardian shall submit
an application, on a form provided by the state superintendent, to
the participating private school that the pupil wishes to attend. If

which an application is received and subject to par. (ar), the private
school shall notify each applicant, in writing, whether his or her
application has been accepted. If the private school rejects an

Annually, upon receipt of the information under subd. 2., the department shall, for each school district, determine the sum of all applicants for pupils residing in that school district under this paragraph. In determining the sum, the department shall count a pupil who has applied to attend more than one private school under the program only once. After determining the sum of all applicants for pupils residing in a school district, the department shall determine which applications to accept on a random basis, except that the department shall give preference to the applications of pupils described in par. (a) 1m. to 5., in the order of preference listed in that paragraph.

   (b) If a participating private school rejects an applicant who resides within an eligible school district because the private school has too few available spaces, the applicant may transfer his or her application to a participating private school that has space available. An applicant rejected under this paragraph may be admitted to a private school participating in the program under this section for the following school year, provided that the applicant continues to reside within an eligible school district. The department may not require, in that following school year, the private school to submit financial information regarding the applicant or to verify the eligibility of the applicant to participate in the program under this section on the basis of family income.
   (d) By the 3rd Friday in September, a pupil or a pupil’s parent or guardian shall notify, using a form provided by the department, the department that the pupil is currently participating in the program under this section. The form provided by the department under this paragraph shall require a pupil or a pupil’s parent or guardian to indicate the school year during which the pupil first began participating in the program under this section.

(3m) (a) A private school participating in the program under this section may not charge or receive any additional tuition payments for a pupil participating in the program under this section other than the payment the school receives under sub.    (b) Beginning in the 2011–12 school year, a private school participating in the program under this section may, in addition to the payment it receives for a pupil under sub. (4) and, if applicable, sub. (4m), charge the pupil tuition in an amount determined by the school if both of the following apply:
      1. The pupil is enrolled in grades from 9 to 12.

In the 2015–16 school year and in each school year thereafter, upon receipt from the pupil’s parent or guardian of proof of the pupil’s enrollment in the private school during a school term, except as provided in subd. 5., the state superintendent shall pay to the private school in which the pupil is enrolled on behalf of the pupil’s parent or guardian, from the appropriation under s. 20.255 (2) (fr), an amount equal to the sum of the maximum amount per pupil the state superintendent paid a private school under this section in the previous school year for the grade in which the pupil is enrolled; in the 2023–24 school year, if the pupil is enrolled in a grade from kindergarten to 8, 10 percent of the revenue ceiling, as defined in s. 121.905 (1), for that school year; the amount of the per pupil revenue adjustment under s. 121.91 (2m) for the current school year, if positive; 90 percent of the change in the revenue ceiling, as defined in s. 121.905 (1), between the previous school year and current school year, if positive; the change in the amount of statewide categorical aid per pupil between the previous school year and the current school year, as determined under s. 118.40 (2r) (e) 2p., if positive; and in the 2023–24 school year, 10 percent of the revenue ceiling, as defined in s. 121.905 (1), for that school year.

NOTE: Subdpar. a. is shown as amended eff. 7−1−24 by 2023 Wis. Act 11. Prior to 7−1−24 it reads:

4. a. include the entire amount under sub. (4m) in the November installment, but the payment shall be made in a separate check from the payment under this subsection.

(4d) (a) In this subsection, “incoming choice pupil” means a pupil who resides in a school district, other than a 1st class city school district, who begins participating in the program under this section in the 2015–16 school year or any school year thereafter, and who is enrolled in a private school under this section.

(b) 1. Beginning in the 2015–16 school year, subject to s. 121.085 (1), the department shall decrease a school district’s state aid payment under s. 121.08 by an amount calculated as follows:

(a) Identify the incoming choice pupils residing in the school district for whom a payment is made under sub. (4) (bg) in that school year.

(b) Sum the payments made under sub. (4) (bg) for all of the pupils identified under subd. 1. a. for that school year.

(c) Identify the incoming choice pupils residing in the school district for whom a payment is made under sub. (4m) in that school year.

d. Sum the payments made under sub. (4m) (a) for all of the pupils identified under subd. 1. c. for that school year.

e. Sum the amounts calculated under subd. 1. b. and d.

2. If a school district’s state aid payment under s. 121.08 is insufficient to cover the reduction under subd. 1., as determined under s. 121.085 (2), the department shall decrease other state aid payments made by the department to the school district by the remaining amount.

3. The department shall ensure that the aid adjustment under subd. 1. does not affect the amount determined to be received by a school district as state aid under s. 121.08 for any other purpose.

(4m) (a) In addition to the payment under sub. (4), the state superintendent shall, subject to par. (b), pay to each private school participating in the program under this section, on behalf of the parent or guardian of each pupil attending summer school in the private school under this section during a summer and in the manner described in sub. (4) (c), an amount determined as follows:

1. Determine the maximum amount that could have been paid, at the end of the immediately preceding school term, per pupil under sub. (4) (bg) for the grade in which the pupil is attending summer school under this section.

2. If the pupil attended summer school for at least 15 days of summer instruction at the private school during that summer, multiply the amount under subd. 1. by 0.05.

3. If the pupil attended summer school for less than 15 days of summer instruction at the private school during that summer, multiply the amount under subd. 1. by 0.05 by the quotient determined by dividing the number of days of summer instruction the pupil attended during that summer by 15.

(b) A participating private school may receive a per pupil payment under par. (a) if all of the following are satisfied:

1. The private school offers no fewer than 19 summer days of instruction during that summer.

2. Each summer day of instruction offered by the private school under subd. 1. is comprised of no fewer than 270 minutes of instruction.

(4f) If, after the 3rd Friday in September in any school year, a private school participating in the program under this section closes, for each installment under sub. (4) (c) that was not paid to the private school in that school year, the state superintendent shall pay to the board of the school district within which the pupil resides, from the appropriation under s. 20.255 (2) (fv), the amount determined, for each pupil who had been attending the private school under this section in that school year and who enrolls in the school district within which the pupil resides in that school year, as follows:

(a) Multiply the amount determined under sub. (4) (bg) by 0.616.

(b) Multiply the product under par. (a) by 0.25.
participated in the program under this section, to the extent permitted under 20 USC 1232g and 43 CFR part 99, pupil scores on all standardized tests administered under s. 118.30 (11).

(bn) Upon request of the department, provide a copy of any policy described in par. (a) and the academic standards adopted under sub. (7) (b) 2.

(c) Upon an individual joining the private school’s governing body, provide to the department a signed statement from the individual verifying that the individual is a member of the governing body.

(d) Upon request by any pupil, or the parent or guardian of any minor pupil, who is attending or who applies to attend the private school, provide the material specified in pars. (a) and (b).

(6p) In addition to the requirements under sub. (6m), a private school that is not a new private school and that did not participate in the program under this section or s. 119.23 in the previous school year shall submit to the department all of the following:

(a) By January 10 of the school year immediately preceding the school year in which the private school intends to participate in the program under this section, a copy of the academic standards adopted under sub. (7) (b) 2.

(7) (ad) 1. If a private school participating in the program under this section or s. 119.23 and accredited under sub. (2) (a) 7, to offer instruction in any elementary grade, but not any high school grade, seeks to offer instruction in any high school grade, the private school shall apply for and achieve accreditation to offer instruction in the additional grades in the manner established under sub. (2) (a) 7. c.

2. If a private school participating in the program under this section or s. 119.23 and accredited under sub. (2) (a) 7 to offer instruction in any high school grade, but not any elementary grade, seeks to offer instruction in any elementary grade, the private school shall apply for and achieve accreditation to offer instruction in the additional grades in the manner established under sub. (2) (a) 7. c.

3. The governing body of a private school participating in the program under this section and accredited as required under subds. 1. and 2. and sub. (2) (a) 7. shall ensure that the private school continuously maintains accreditation from an accrediting entity as long as the private school continues to participate in the program under this section.

(Ag) If a participating private school learns that an accrediting organization with which the private school is maintaining accreditation, as required under par. (ad), is a disqualified organization, the private school shall immediately notify the department in writing of this fact and shall obtain accreditation from an accrediting entity no later than 3 years from the date on which the private school learned that the accrediting organization is a disqualified organization.

(aam) 1m. In this paragraph, “eligible education expenses” means all direct and indirect costs associated with a private school’s educational programming for pupils enrolled in grades kindergarten to 12 that are reasonable for the private school to achieve its educational purposes, as determined by the governing body of the private school in a written policy and tested by an independent auditor. “Eligible education expenses” include expenses related to management, insurance, transportation, extracurricular programming and activities, facility and equipment costs, development expenses, and programming that provides child care services before school, after school, or both before and after school. A cost is not an “eligible education expense” if an independent auditor determines, after testing, that the cost is not a cost associated with the private school’s educational programming for pupils.

2m. Each private school participating in the program under this section is subject to uniform financial accounting standards established by the department. Annually by October 15 following a school year in which a private school participated in the program under this section, the private school shall submit to the department all of the following:

a. An independent financial audit of the private school conducted by an independent certified public accountant, accompanied by the auditor’s statement that the report is free of material misstatements and fairly presents the private school’s eligible education expenses, and beginning in the 2nd school year a private school participates in the program under this section, a copy of a management letter prepared by the auditor. If the private school annually received a total of at least $100,000 under this section and ss. 115.7915 and 119.23 in any school year, the audit shall be prepared in accordance with generally accepted accounting principles with allowable modifications for long-term fixed assets. If the private school has not annually received a total of at least $100,000 under this section and ss. 115.7915 and 119.23 in any school year, the audit shall be prepared as prescribed by the department by rule. The audit shall include a calculation of the private school’s net eligible education expenses and a calculation of the balance of the private school’s fund for future eligible education expenses. The auditor shall conduct his or her audit, including determining sample sizes and evaluating financial viability, in accordance with the auditing standards established by the American Institute of Certified Public Accountants. The department may not require an auditor to comply with standards that exceed the scope of the standards established by the American Institute of Certified Public Accountants. If a private school participating in a program under this section is part of an organization and the private school and the organization share assets, liabilities, or eligible education expenses, the private school may submit an audit of the private school of the or of the organization of which it is a part. If a private school that is part of an organization with which it shares assets, liabilities, or eligible education expenses submits an audit of only the private school, the independent auditor shall use his or her professional judgment to allocate any shared assets, liabilities, and eligible education expenses between the organization and the private school. If a private school participating in the program under this section also accepts pupils under s. 115.7915 or 119.23, the private school may submit one comprehensive financial audit to satisfy the requirements of this subdivision and ss. 115.7915 (6) (e) and 119.23 (7) (am) 2m., whichever are applicable. The private school shall include in the comprehensive financial audit the information specified under s. 119.23 (7) (am) 2m.

b. Evidence of sound fiscal and internal control practices, as prescribed by the department by rule. An independent auditor engaged to evaluate the private school’s fiscal and internal control practices shall conduct his or her evaluation, including determining sample sizes, in accordance with attestation standards established by the American Institute of Certified Public Accountants. The independent auditor engaged to evaluate the private school’s fiscal and internal control practices shall also review any concerns raised in the private school’s management letter submitted under subd. 2m. a. The fact that a private school reports a negative reserve balance alone is not evidence that the private school does not have the financial ability to continue operating or that the private school does not follow sound fiscal and internal control practices.

c. If an independent auditor engaged to evaluate the private school’s fiscal and internal control practices determines that the governing body of the private school has not taken reasonable actions to remedy any concerns raised in the management letter submitted under subd. 2m. a. in the previous school year, a report prepared by the independent auditor that includes the auditor’s findings related to the governing body’s actions to remedy any
concerns raised in the management letter for the previous school year.

3. a. By no later than February 15 or 120 days after the date on which the audit under subd. 2m. a. is received by the department, whichever is later, the department shall notify a private school participating in the program under this section whether or not additional information is required for the department to complete its review of the audit. Subject to subd. 3. b., the department may request that an auditor provide additional information if the request is related to the department reviewing the audit. The department shall determine whether a private school participating in the program under this section has provided the information and met the requirements required under subd. 2m. a. by April 1.

b. Before April 1, the department may contact the auditor who prepared the audit under subd. 2m. a. only regarding matters that may impact the private school’s financial statement by an amount that is greater than 1 percent of the total amount the private school received under this section for the previous school year and any items or information the department determines are missing from the audit.

c. Notwithstanding subd. 3. a. and b., the department may communicate with an auditor as necessary for the purpose of assessing the financial viability of a private school participating in the program under this section.

d. An auditor who receives a written communication under this subdivision shall respond to the department within 10 school days of receiving the written communication.

(a) 1. A private school participating in the program under this section shall maintain a cash and investment balance that is at least equal to its reserve balance. If a private school does not maintain a cash and investment balance that is at least equal to its reserve balance, the private school shall refund the reserve balance to the department. This subdivision does not apply to a school year that occurs during the public health emergency declared on March 12, 2020, by executive order 72.

2. If a private school participating in the program under this section has a reserve balance that is greater than 50 percent of the total amount the private school received under this section in the previous school year, the governing body of the private school shall approve a plan for how it will use the amount of the reserve balance that exceeds 50 percent of the total amount the private school received under this section in the previous school year.

3. If a private school ceases to participate in or is barred from the program under this section and s. 119.23 and the private school’s reserve balance is positive, the private school shall refund the reserve balance to the department.

(b) Each private school participating in the program under this section shall do all of the following:

1. Administer to any pupils attending the 3rd grade in the private school under this section a standardized reading test developed by the department.

2. Adopt the pupil academic standards required under s. 118.30 (1g) (a) 4.

2m. Develop a written policy governing visitors and visits to the private school.

3. Ensure that any teacher’s aide employed by the private school has graduated from high school, been granted a declaration of equivalency of high school graduation, been granted a high school diploma by the administrator of a home-based private educational program, or been issued a general educational development certificate of high school equivalency, or has obtained a degree or educational credential higher than a high school diploma, declaration of equivalency of high school graduation, or general educational development certificate of high school equivalency.

3m. Annually, schedule 2 meetings at which members of the governing body of the private school will be present and at which pupils, and the parents or guardians of pupils, applying to attend the private school or attending the private school may meet and communicate with the members of the governing body. The private school shall, within 30 days after the start of the school term, notify the department in writing of the scheduled meeting dates and shall, at least 30 days before the scheduled meeting date, notify in writing each pupil, or the parent or guardian of each minor pupil, applying to attend the private school or attending the private school of the meeting date, time, and place.

4. Maintain progress records for each pupil attending the private school under this section while the pupil attends the school and, except as provided under subd. 7., for at least 5 years after the pupil ceases to attend the school.

5. Upon request, provide a pupil or the parent or guardian of a minor pupil who is attending the private school under this section with a copy of the pupil’s progress records.

6. Issue a high school diploma or certificate to each pupil who attends the private school under this section and satisfactorily completes the course of instruction and any other requirements necessary for high school graduation.

7. a. Except as provided in subd. 7. b., if the private school ceases operating as a private school, immediately transfer all of the progress records of each pupil who attended the school under this section to the school board of the school district within which the pupil resides. The private school shall send written notice to each pupil, or to the parent or guardian of a minor pupil, of the transfer of progress records under this subd. 7. a.

b. If the private school is affiliated with an organization that will maintain the progress records of each pupil who attended the school under this section for at least 5 years after the private school ceases operation as a private school, the private school may transfer a pupil’s records to the organization if the pupil, or the parent or guardian of a minor pupil, consents in writing to the release of the progress records to the affiliated organization. The private school shall send to the department a copy of the consent form for each pupil who consents to the transfer of progress records under this subd. 7. b. The written notice shall be signed by the pupil, the parent or guardian of a minor pupil, and shall include the name, phone number, mailing address, and other relevant contact information of the organization that will maintain the progress records, and a declaration by the affiliated organization that the organization agrees to maintain the progress records for at least 5 years after the private school ceases operation as a private school.

(c) A private school may not require a pupil attending the private school under this section to participate in any religious activity if the pupil’s parent or guardian submits to the pupil’s teacher or the private school’s principal a written request that the pupil be exempt from such activities.

(d) By August 1 before the first school term of participation in the program that begins in the 2014–15 school year or any school year thereafter, or by May 1 if the private school begins participating in the program during summer school, each private school participating in the program under this section shall submit to the department all of the following:

1. a. In this subdivision, “municipality” has the meaning given in s. 5.02 (11).

b. A copy of the school’s current certificate of occupancy issued by the municipality within which the school is located. If the private school moves to a new location, the private school shall submit a copy of the new certificate of occupancy issued by the municipality within which the school is located to the department before the attendance of pupils at the new location and before the next succeeding date specified in s. 121.05 (1) (a). If the municipality within which the private school is located does not issue certificates of occupancy, the private school may submit a certificate of occupancy issued by the local or regional governmental unit with authority to issue certificates of occupancy or a letter or form from the municipality within which the private school is located that explains that the municipality does not issue certificates of occupancy.
occupancy. A temporary certificate of occupancy does not meet the requirement of this subdivision. This subdivision applies only to a private school located in an eligible school district.

3. Proof that the private school’s administrator has participated in a fiscal management training program approved by the department.

(dr) A private school participating in the program under this section may elect to maintain an electronic copy of any application submitted on behalf of and any correspondence to or about a pupil attending the private school under this section instead of a paper copy of the application and correspondence. The private school shall maintain electronic copies of pupil applications and correspondence for a period of at least 5 years.

(e) Each private school participating in the program under this section shall administer the examinations required under s. 118.30 (1) or examinations permitted under s. 118.301 (3) to pupils attending the school under the program. The private school may administer additional standardized tests to such pupils.

(em) 1. The governing body of each private school participating in the program under this section shall, subject to subd. 2., annually, by August 1, provide the department with evidence demonstrating that the private school remains accredited for the current school year as required under par. (ad). The governing board shall include as evidence of accreditation a notice prepared by an accrediting entity that confirms that the private school is accredited by that entity as of the date of the notice.

2. The governing body shall immediately notify the department if its accreditation status changes.

(g) 1. By the first day of the 3rd month beginning after the month in which the department establishes the model management plan and practices for maintaining indoor environmental quality in public and private schools under s. 118.075 (3), or by October 1 of a private school’s first school year of participation in the program under this section, whichever is later, the private school shall provide for the development of a plan for maintaining indoor environmental quality in the private school.

2. 3. Each private school participating in the program under this section shall provide a copy of the plan implemented under subd. 2. to any person upon request.

(h) Beginning in the 2018–19 school year, each private school participating in the program under this section shall conduct criminal background investigations of its employees and exclude from employment any person not permitted to hold a teaching license as the result of an offense and any person who might reasonably be believed to pose a threat to the safety of others.

(7m) (a) By May 1 before the first school term that a private school participates in the program under this section or s. 119.23, a private school shall submit to the department one of the following:

1. A surety bond payable to the state in an amount equal to 25 percent of the total amount of payments the private school expects to receive under this section and s. 119.23 during the first school year the private school participates in the program under this section.

2. A complete anticipated budget, on a form provided by the department, for the first fiscal period of participation in the program under this section and evidence of financial viability, as prescribed by the department by rule. The private school shall include in the budget the anticipated enrollments for all pupils enrolled in the private school and for pupils enrolled in the private school under this section; estimated revenues and costs; a schedule of anticipated beginning and ending net choice program assets; and a schedule of monthly cash flow requirements. The private school shall include in the budget contingent funding sources the private school will use in the event that actual enrollments are less than expected.

(b) 1. If a private school submits a surety bond under par. (a) 1., the private school shall annually provide, by May 1, a surety bond payable to the state until the private school submits all of the following to the department:

a. A financial audit prepared in accordance with generally accepted accounting principles with allowable modifications for long-term fixed assets that does not contain any indicators that the private school is not financially viable.

b. Evidence of sound fiscal and internal control practices under sub. (7) (am) 2m. b. for the school year in the financial audit submitted under subd. 1. a. and for the subsequent school year, neither of which indicates that the private school is not financially viable.

2. A private school shall provide a surety bond under this paragraph in an amount equal to 25 percent of the total amount of payments the private school expects to receive under this section and s. 119.23 during the following school year.
