CHAPTER 121
SCHOOL FINANCE

SUBCHAPTER I
DEFINITIONS AND GENERAL PROVISIONS

121.004 Definitions. In this chapter, unless the context clearly requires otherwise:

1. AVERAGE DAILY MEMBERSHIP. “Average daily membership” is the sum of all pupils enrolled in all schools of the school district for each day of the school term, divided by the number of days school is actually taught. If it contains a fraction, the quotient shall be expressed as the nearest whole number.

2. EQUALIZED VALUATION. The “equalized valuation” of a school district is the full value of the taxable property of the territory in the school district as certified for the prior year under s. 121.06 (2), excluding value adjustments made under s. 70.57 (1) resulting from appeals made under s. 70.995. The “equalized valuation” of any taxable property in a tax incremental district shall not exceed its equalized value determined for the purpose of obtaining the tax incremental base of that district under s. 66.1105. The “equalized valuation” of a school district shall be reduced by the amount of an environmental remediation value increment on a parcel of property that is certified under s. 66.1106 during the period of certification.

3. FUND. “Fund” is an independent accounting entity, as prescribed under s. 115.28 (13).

4. GROSS COST. The “gross cost” of a fund means the sum of all nonduplicative expenditures from and other financing uses of that fund.

5. MEMBERSHIP. “Membership” for any school district is the sum of pupils enrolled as reported under s. 121.05 (1) or (2), as appropriate, and the summer average daily membership equivalent for those academic summer classes, interim session classes, and laboratory periods approved for necessary academic purposes under s. 121.14 (1) (a) 1. and 2. and those online classes described in s. 121.14 (1) (a) 3.

6. NET COST. The “net cost” of a fund means the gross cost of that fund minus all nonduplicative revenues and other financing sources of that fund except property taxes, general aid, and aid received under ss. 79.095 (4) and 79.096. In this subsection, “nonduplicative revenues” includes federal financial assistance under 20 USC 236 to 245, to the extent permitted under federal law and regulations.

7. PUPILS ENROLLED. (a) “Pupils enrolled” is the total number of pupils, as expressed by official enrollments, in all schools of the school district, except as provided in pars. (b) to (f). If such total contains a fraction, it shall be expressed as the nearest whole number. The same method shall be used in computing the number of pupils enrolled for resident pupils, nonresident pupils or both.

(b) A first grade pupil may be counted only if the pupil attains the age permitted under s. 120.12 (25) or required under s. 118.14 for first grade admission.

(c) 1. A pupil enrolled in kindergarten may be counted only if the pupil attains the age permitted under s. 120.12 (25) or required under s. 118.14 for kindergarten admission. A kindergarten pupil, including a pupil enrolled in a 4-year-old kindergarten program being phased in under s. 118.14 (3) (b), shall be counted as one-half pupil except that:

a. A pupil enrolled in a 4-year-old kindergarten program that requires full-day attendance by the pupil for 5 days a week, but not on any day of the week that pupils enrolled in other grades in the school do not attend school, for an entire school term shall be counted as one pupil.

b. A pupil enrolled in a 5-year-old kindergarten program that requires full-day attendance by the pupil for less than 5 days a week for an entire school term shall be counted as the result of multiplying the number of school days attendance by the quotient of the pupil’s actual attendance divided by 5.
obtained by multiplying the number of hours in each day in which the pupil is enrolled by the total number of days for which the pupil is enrolled, and dividing the result by the total number of hours of attendance required of first grade pupils in the school district.

2. In subd. 1. a. and b., “full−day” means the length of the school day for pupils in the first grade of the school district operating the 5−year−old kindergarten program.

(cm) A pupil enrolled in a 4−year−old kindergarten program, including a 4−year−old kindergarten program being phased in under s. 118.14 (3) (b), that provides the required number of hours of direct pupil instruction under s. 121.02 (1) (f) shall be counted as 0.6 pupil if the program annually provides at least 87.5 additional hours of outreach activities.

(d) A pupil enrolled in a preschool program under subch. V of ch. 115 who is 3 years of age or older shall be counted as one−half pupil.

(e) A pupil attending public school under s. 118.145 (4) shall be counted as the result obtained by dividing the number of hours of direct pupil instruction scheduled for the pupil at the public school during the school year by the number of hours of direct pupil instruction that the school district scheduled for a pupil in the same grade during the school year.

(em) A pupil attending public school outside his or her school district of residence under s. 118.53 shall be counted as 0.25 pupil for each course the pupil attends at the public school during the school year. A pupil attending public school in his or her school district of residence under s. 118.53 shall be counted as the result obtained by dividing the number of hours of direct pupil instruction scheduled for the pupil at the public school during the school year by the number of hours of direct pupil instruction that the school district scheduled for a pupil in the same grade during the school year.

(f) A pupil who transfers from one school district to another under s. 121.85 (3) (a) shall be counted by the school district in which the pupil resides as 0.75 pupil or, if appropriate, as a number equivalent to the result obtained by multiplying 0.75 by the appropriate fraction under par. (c), (cm) or (d).

(8) SUMMER AVERAGE DAILY MEMBERSHIP EQUIVALENT. “Summer average daily membership equivalent” is a number determined by dividing the sum of the following by 48,600:

(a) The total number of minutes in which pupils are enrolled in academic summer classes, interim session classes, or laboratory periods, as defined by the state superintendent under s. 121.14.

(b) The sum of the number of minutes of online class instruction completed per pupil for each high school pupil and each pupil in the 7th or 8th grade who completes an online summer class or an online interim session class offered by a school district if all of the following are satisfied:

1. The online class is offered by a school district.
2. The pupil receiving instruction in the online class resides in the school district under subd. 1. or is attending that school district under s. 118.51.
3. If the pupil receiving instruction in the online class is enrolled in a high school grade, the pupil receives credit for completion of the class.
4. If the pupil receiving instruction in the online class is enrolled in the 7th or 8th grade, the pupil successfully completed the class.

4. The school board of the school district under subd. 1. determines that the online class fulfills a requirement for high school graduation specified under s. 118.33 (1) (a) 1. or 2. or established by the school board under s. 118.33 (1) (am) or the authority of the department.

(9) TEACHER−PUPIL RATIO. “Teacher−pupil ratio” is the quotient of the number of pupils enrolled divided by the number of teachers employed.

(10) TEACHERS EMPLOYED. “Teacher” means a person holding a license or certificate under s. 115.28 (7), but does not include any person under s. 115.29 (3). In computing the number of teachers employed, professional workers who devote less than full time to their professional duties shall be counted in proportion to the time devoted to such duties. Teachers who devote full time to children with disabilities shall not be counted.

121.006 State aid withheld. (1) (a) The state superintendent may withhold state aid from any school district in which the scope and character of the work are not maintained in such manner as to meet the state superintendent’s approval.

(b) No state aid may be paid in any year under this chapter to a school district which fails to meet the requirements under sub. (2).

(c) If the state superintendent withholds state aid from a school district under this subsection, the school board may request a hearing under s. 227.42.

(2) Unless the state superintendent is satisfied that the failure to meet the requirements of pars. (a) and (b) was occasioned by some extraordinary cause not arising from intention or neglect on the part of the responsible officers, every school district shall:

(a) Hold school for the minimum number of hours of direct pupil instruction required for the grade in which a pupil is enrolled as specified in s. 121.02 (1) (f).

(b) Employ teachers qualified under s. 118.19.

(c) File all reports as required by state law.

(d) Comply with a directive issued by the state superintendent under s. 118.42 (3) (a) or (b).

(5) In the event of a school district labor dispute, s. 121.23 shall apply.

Moneys paid to a school district under s. 20.255 (2) (ac), (bc), (eg), and (cr), shall be used by the school district solely for the purposes for which paid. Such moneys are exempt from execution, attachment, garnishment, or other process in favor of creditors, except as to claims for salaries or wages of teachers and other school employees and as to claims for school materials, supplies, fuel, and current repairs.

SUBCHAPTER II

GENERAL AID

121.01 Purpose. It is declared to be the policy of this state that education is a state function and that some relief should be afforded from the local general property tax as a source of public school revenue where such tax is excessive, and that other sources of revenue should contribute a larger percentage of the total funds needed. It is further declared that in order to provide reasonable equality of educational opportunity for all the children of this state, the state must guarantee that a basic educational opportunity be available to each pupil, but that the state should be obligated to contribute to the educational program only if the school district provides a program which meets state standards. It is the purpose of the state aid formula set forth in this subchapter to cause the state to assume a greater proportion of the costs of public education and to relieve the general property of some of its tax burden.

The school finance system under ch. 121 is constitutional under both Art. I, sec. 1 and Art. X, s. 3. Students have a fundamental right to an equal educational opportunity for a sound basic education. Uniform revenue−raising capacity among districts is not required. Vincent v. Vought, 2000 WI 93, 236 Wis. 2d 588, 614 NW 2d 388, 97−3174.
121.02 School district standards. (1) Except as provided in s. 118.40 (2r) (d), each school board shall:

(a) 1. Ensure that every teacher, supervisor, administrator and professional staff member holds a certificate, license or permit to teach issued by the department before entering on duties for such position.

2. Subject to s. 118.40 (8) (b) 1., 2., and 3., ensure that all instructional staff of charter schools located in the school district hold a license or permit to teach issued by the department. For purposes of this subdivision, a virtual charter school is located in the school district specified in s. 118.40 (8) (a) and a charter school established under s. 118.40 (3) (c) 1. c. is located in the school district specified in s. 118.40 (3) (c) 1. c. The state superintendent shall promulgate rules defining “instructional staff” for purposes of this subdivision.

3. Ensure that an individual who provides instruction in a subject and level through an online course offered from another state to pupils enrolled in a school in the school district holds a valid license or permit to teach the subject and level in the state from which the online course is provided.

(b) Annually, establish with school board employees a professional staff development plan designed to meet the needs of individuals or curriculum areas in each school.

(c) Provide interventions or remedial reading services for a pupil in grades kindergarten to 4 if any of the following occurs:

1. The pupil fails to meet the reading objectives specified in the reading curriculum plan maintained by the school board under par. (k).

2. The pupil fails to score above the state minimum performance standard on the reading test under par. (r) and:

a. A teacher in the school district and the pupil’s parent or guardian agree that the pupil’s test performance accurately reflects the pupil’s reading ability; or

b. A teacher in the school district determines, based on other objective evidence of the pupil’s reading comprehension, that the pupil’s test performance accurately reflects the pupil’s reading ability.

3. The pupil’s reading assessment under s. 118.016 indicates that the pupil is at risk of reading difficulty. If this subdivision applies, the interventions or services provided the pupil shall be scientifically based and shall address all areas in which the pupil is deficient in a manner consistent with the state standards in reading and language arts.

(d) Operate a 5-year-old kindergarten program, except in union high school districts.

(e) Provide guidance and counseling services.

(f) Annually, schedule at least 437 hours of direct pupil instruction in kindergarten, at least 1,050 hours of direct pupil instruction in grades 1 to 6 and at least 1,137 hours of direct pupil instruction in grades 7 to 12. Scheduled hours under this paragraph include recess and time for pupils to transfer between classes but do not include the lunch period. Scheduled hours under this paragraph do not include hours of direct pupil instruction offered during an interim session. Scheduled hours under this paragraph may include hours on Saturdays. A school board operating a 4-year-old kindergarten program may use up to 87.5 of the scheduled hours for outreach activities.

(g) Provide for emergency nursing services.

(h) Provide adequate instructional materials, texts and library services which reflect the cultural diversity and pluralistic nature of American society.

(i) Provide safe and healthful facilities. The facilities shall comply with ss. 254.11 to 254.178 and any rule promulgated under those sections.
(r) Except as provided in s. 118.40 (2r) (d), annually administer a standardized reading test developed by the department to all pupils enrolled in the school district in grade 3, including pupils enrolled in charter schools located in the school district, except that if a charter school is established under s. 118.40 (3) (c) 1. c., the school board specified in s. 118.40 (3) (c) 1. c. shall administer the test to pupils enrolled in the charter school regardless of the location of the charter school.

(s) Administer the examinations as required under s. 118.30.

(t) Provide access to an appropriate program for pupils identified as gifted or talented.

(1m) A school district may provide for scoring the test administered under sub. (1) (r) or have it scored by the department. If the school district provides for scoring the test, the department shall reimburse the school district for the cost of scoring the test, not exceeding what the department’s cost would be to score the test. The results of scoring the tests and reimbursing school districts for scoring the tests shall be paid from the appropriation under s. 20.255 (1) (a).

(2) In order to ensure compliance with the standards under sub. (1), the department shall conduct an inquiry into compliance with the standards upon receipt of a complaint and may, on its own initiative, conduct an audit of a school district.

(3) Prior to any finding that a school district is not in compliance with the standards under sub. (1), the state superintendent shall, upon request of the school board or upon receipt of a petition signed by the maximum number of electors allowed for nomination papers of school district officers under s. 8.10 (3) (i), (km) or (ks), conduct a public hearing in the school district. If the state superintendent, after the hearing, finds that the district is not in compliance with the standards, the state superintendent may develop with the school board a plan which describes methods of achieving compliance. The plan shall specify the time within which compliance shall be achieved. The state superintendent shall withhold up to 25 percent of state aid from any school district that fails to achieve compliance within the specified period.

(4) Any school district which is completely surrounded by water may meet the requirements of this section by being in substantial compliance with the standards in sub. (1). Annually by August 15, the school district shall submit to the state superintendent for approval a report describing the methods by which the school district intends to substantially comply with the standards. The state superintendent shall allow any such school district maximum flexibility in the school district’s substantial compliance plans.

(5) The state superintendent shall promulgate rules to implement and administer this section, including rules defining “regular instruction” for the purpose of sub. (1) (L) 1. and 2.

121.07 General provisions; state aid computation. In this subchapter:

(1) BASIS FOR STATISTICS. (a) The membership of the school district in the previous school year and the shared cost for the previous school year shall be used in computing general aid. If a school district has a state trust fund loan as a result of s. 120.135, the estimated shared cost for the previous school year shall be used in computing general aid. If a school district makes an expenditure from a capital improvement fund created under s. 120.135 or a capital improvement trust fund created under s. 120.137, excludes any debt service costs associated with an environmental remediation project under s. 67.05 (7) (er), and excludes the costs of transporting those transfer pupils for whom the school district operating under ch. 119 does not receive intra−district transfer aid under s. 121.85 (6) as a result of s. 121.85 (6) (am).

In this paragraph:

1m. “Net cost of the debt service fund” includes all of the following amounts:

(a) If a school board makes an expenditure from a capital expansion fund created under s. 120.10 (10m), an amount determined by dividing the expenditure by the number of years in which the school district levied a tax for the capital project. This subd. 1m. a. applies for the number of years equal to the number of years in which the school district levied a tax for the capital project.

(b) The annual cost of leasing a school or other school district facility if the lease provides for construction of the school or facility and the lease either provides that ownership of the school or facility transfers to the school district at the termination of the lease or provides an option for such a transfer.

2m. “Net cost of the general fund” includes money deposited in a long−term capital improvement trust fund created under s. 120.137.

(am) In par. (a), for the purpose of calculating state aid paid to a school district in the 2006−07 and 2007−08 school years, “shared cost” excludes any amount expended in the previous school year from the school district’s fund balance to pay the school district’s unfunded pension liability under the Wisconsin Retirement System or to pay debt service for debt issued to refinance the balance of the unfunded pension liability if the result of excluding such expenditures is an increase in state aid paid to the school district under s. 121.08.

(b) The “primary ceiling cost per member” is $1,000.

(c) The “primary shared cost” is that portion of a district’s shared cost which is less than or equal to the primary ceiling cost per member multiplied by its membership.

(d) The “secondary ceiling cost per member” in the 2001−02 school year and in each school year thereafter is an amount determined by dividing the state total shared cost in the previous school year by the state total membership in the previous school year and multiplying the result by 0.90.

(dg) The “secondary shared cost” is that portion of a school district’s shared cost which is greater than the primary ceiling cost per member multiplied by its membership and less than or equal to the secondary ceiling cost per member multiplied by its membership.

(dr) The “tertiary shared cost” is that portion of a school district’s shared cost which is greater than the secondary ceiling cost per member multiplied by its membership.

(e) The “additional shared cost” is the amount by which the previous school year’s actual state aid is less than the prior year’s state aid plus the shared cost for the previous school year calculated under sub. (2) for purposes of computing state aid under s. 121.08, 121.09, 121.095, 121.105, and 121.137, a school district’s membership is the sum of all of the following:

(a) The school district’s membership, as defined in s. 121.004 (5), in the previous school year.

(b) The number of pupils residing in the school district in the previous school year who were incoming choice pupils, as defined in s. 118.60 (4d) (a), and for whom a payment was made under s. 118.60 (4) (bg) in the previous school year.

(c) The number of pupils residing in the school district in the previous school year for whom a payment was made under s. 115.7915 (4m) (a) or (e) in the previous school year.

(d) The number of pupils residing in the school district in the previous school year for whom a payment was made under s. 118.40 (2r) (e) to an operator of a charter school established under contract with an entity under s. 118.40 (2r) (b) 1. e. to h. in the previous school year.

(f) The number of pupils residing in the school district in the previous school year for whom a payment was made under s. 118.40 (2x) (e) in the previous school year.

(6) SHARED COST. (a) “Shared cost” is the sum of the net cost of the general fund and the net cost of the debt service fund, except that “shared cost” excludes any costs, including attorney fees, incurred by a school district as a result of its participation in a lawsuit commenced against the state, beginning with such costs incurred in the fiscal year in which the lawsuit is commenced, excludes any expenditures from a capital improvement fund created under s. 120.135 or a capital improvement trust fund created under s. 120.137, excludes any debt service costs associated with an environmental remediation project under s. 67.05 (7) (er), and excludes the costs of transporting those transfer pupils for whom the school district operating under ch. 119 does not receive intra−district transfer aid under s. 121.85 (6) as a result of s. 121.85 (6) (am).
2. For a school district from which territory was detached to create a school district under s. 117.105, in each of the 3 school years beginning on the July 1 following the effective date of the reorganization under s. 117.105, the amounts under paras. (b) and (d) shall be multiplied by 1.05 and rounded to the next lower dollar.

(7) GUARANTEED VALUATION PER MEMBER. (a) The “primary guaranteed valuation per member” is $1,930,000.

(b) The “secondary guaranteed valuation per member” is an amount, rounded to the next lower dollar, that, after subtraction of payments under ss. 121.09 and 121.85 (6) (b) 2. and 3. and (c), fully distributes an amount equal to the amount remaining in the appropriation under s. 20.255 (2) (ac).

(bm) The “tertiary guaranteed valuation per member” is the amount rounded to the next lower dollar determined by dividing the equalized valuation of the state by the state total membership.

(c) For districts operating only high school grades, the amounts in paras. (a) to (bm) shall be multiplied by 3 and rounded to the next lower dollar.

(d) For districts operating only elementary grades, the amounts in paras. (a) to (bm) shall be multiplied by 1.5 and rounded to the next lower dollar.

(e) 1. For a school district created by a consolidation under s. 117.08 or 117.09 that takes effect before July 1, 2019, in the school year in which the consolidation takes effect and in each of the subsequent 4 school years, the amounts under paras. (a) to (bm) shall be multiplied by 1.15 and rounded to the next lower dollar.

2. For a school district from which territory was detached to create a school district under s. 117.105, in each of the 3 school years beginning on the July 1 following the effective date of the reorganization under s. 117.105, the amounts under paras. (a) to (bm) shall be multiplied by 1.05 and rounded to the next lower dollar.

(8) GUARANTEED VALUATION. A school district’s primary, secondary and tertiary guaranteed valuations are determined by multiplying the amounts in sub. (7) by the district’s membership.

(10) REQUIRED LEVY RATE. (a) The “required levy rate” is the sum of the rates derived in paras. (b) to (d).

(b) The “primary required levy rate” is the primary shared cost divided by the primary guaranteed valuation.

(c) The “secondary required levy rate” is the secondary shared cost divided by the secondary guaranteed valuation.

(d) The “tertiary required levy rate” is the tertiary shared cost divided by the tertiary guaranteed valuation.

(3) The aid computed under sub. (1) shall be reduced by the amount by which the aid that the school district is receiving under sub. (1) as a result of the number of pupils reported as enrolled in the school district under s. 121.05 (1) (a) 7. exceeds the amount paid by the school district for tuition for those pupils.

(4) (b) The amount of state aid that the school district operating under ch. 119 is eligible to be paid from the appropriation under s. 20.255 (2) (ac) shall be reduced by the amount calculated as follows:

1. Multiply the amounts paid under s. 119.23 (4) and (4m) in the 2009–10 school year by 41.6 percent, and multiply the amounts paid under s. 119.23 (4) and (4m) in the 2010–11 to 2012–13 school years by 38.4 percent. Beginning in the 2013–14 school year, multiply the amounts paid under s. 119.23 (4) and (4m) in the current school year by a percentage determined by subtracting 3.2 percentage points from the percentage that was applied under this subdivision in the previous school year. This subdivision does not apply after the 2024–25 school year.

2. Multiply the amounts paid under s. 119.23 (4) and (4m) in the 2009–10 school year by 3.4 percent, and multiply the amounts paid under s. 119.23 (4) and (4m) in the 2010–11 school year and in each school year thereafter by 6.6 percent.

3. Add the amounts determined under subs. 1. and 2.

The state superintendent shall ensure that the total amount of aid reduction under par. (b) lapses to the general fund.

121.08 Payment of state aids; reductions. (1) The state shall pay to the school district the sum of the following amounts:

(a) The amount by which the primary guaranteed valuation exceeds the school district equalized valuation, multiplied by the primary required levy rate.

(b) The amount by which the secondary guaranteed valuation exceeds the school district equalized valuation multiplied by the secondary required levy rate.

(c) The amount by which the tertiary guaranteed valuation exceeds the school district equalized valuation multiplied by the tertiary required levy rate.

(2) The aid computed under sub. (1) shall be reduced by the amount by which the school district equalized valuation exceeds the secondary guaranteed valuation, multiplied by the secondary required levy rate, and the amount by which the school district equalized valuation exceeds the tertiary guaranteed valuation, multiplied by the tertiary required levy rate. In no case may the aid under this section be less than the amount under sub. (1) (a).

121.09 State aid adjustment; redistribution of assessment. (1) If, on or after July 1, 1980, the tax appeals commission or a court makes a final determination in the assessment of property subject to taxation under s. 70.995 that is lower than the previous assessment, the school board of the school district in which the property is located may, within 4 years after the date of the determination, decision, or judgment, file the determination of the state board of assessors, the decision of the tax appeals commission, or the judgment of the court with the state superintendent, requesting an adjustment in state aid to the school district. If the state superintendent determines that the determination, decision, or judgment is final and that it has been filed within the 4–year period, the state shall pay to the school district in the subsequent fiscal year, from the appropriation under s. 20.255 (2) (ac), an amount equal to the difference between the state aid computed under s. 121.08 for the school year commencing after the year subject to the valuation recertification, using the school district’s equalized valuation as originally certified, and the state aid computed under s. 121.08 for that school year using the school district’s equalized valuation as recertified under s. 70.57 (2).

(2) If, on or after May 3, 1984, the state board of assessors, the tax appeals commission or a court makes a final determination in the assessment of property subject to taxation under s. 70.995
that is higher than the previous assessment, the state superintendent shall notify the school district in which the property is located of the recertification by the department of revenue under s. 70.57 (2). The state superintendent shall, in the subsequent fiscal year, withhold from the school district’s state aid entitlement under s. 121.08 an amount equal to the difference between the state aid computed under s. 121.08 for the school year commencing after the year subject to the valuation recertification, using the school district’s equalized valuation as originally certified, and the state aid computed under s. 121.08 for the school year commencing after the year subject to the valuation recertification, using the school district’s equalized valuation as recertified under s. 70.57 (2).

(2m) If after June 30, 1995, and before July 26, 2003, the state board of assessors, the tax appeals commission, or a court makes a final redetermination on the assessment of telephone company property subject to taxation under s. 70.112 (4) and subch. IV of ch. 76 that is lower than the previous assessment, the school board of the school district in which the property is located may, within 4 years after July 26, 2003, file the redetermination with the state superintendent, requesting an adjustment in state aid to the school district.

If the state superintendent determines that the redetermination is final and that it has been filed within the 4−year period, the state shall pay to the school district in the subsequent fiscal year, from the appropriation under s. 20.255 (2) (ac), an amount equal to the difference between the state aid computed under s. 121.08 for the school year commencing after the year subject to the valuation recertification, using the school district’s equalized valuation as originally certified, and the state aid computed under s. 121.08 for that school year using the school district’s equalized valuation as recertified under s. 70.57 (2).

(2r) If after July 26, 2003, the state board of assessors, the tax appeals commission, or a court makes a final redetermination on the assessment of telephone company property subject to taxation under s. 70.112 (4) and subch. IV of ch. 76 that is lower than the previous assessment, the school board of the school district in which the property is located may, within 4 years after the redetermination, file the redetermination with the state superintendent, requesting an adjustment in state aid to the school district. If the state superintendent determines that the redetermination is final and that it has been filed within the 4−year period, the state shall pay to the school district in the subsequent fiscal year, from the appropriation under s. 20.255 (2) (ac), an amount equal to the difference between the state aid computed under s. 121.08 for the school year commencing after the year subject to the valuation recertification, using the school district’s equalized valuation as originally certified, and the state aid computed under s. 121.08 for that school year using the school district’s equalized valuation as recertified under s. 70.57 (2).

(3) In the school year in which a school district consolidation takes effect under s. 117.08 or 117.09 and in each of the subsequent 4 school years, the consolidated school district’s state aid shall be an amount that is not less than the aggregate state aid to which the consolidating school districts were eligible in the school year prior to the school year in which the consolidation takes effect.

The additional state aid shall be paid from the appropriation under s. 20.255 (2) (ac).

(4) In the school year in which a whole grade sharing agreement under s. 118.50 first takes effect and in each of the subsequent school years, the department shall pay additional aid to each school district that is participating in the agreement to ensure that the school district receives no less state aid than the amount of state aid to which the school district was eligible in the school year prior to the school year in which the whole grade sharing agreement took effect. In the 5th school year following the school year in which a whole grade sharing agreement first takes effect, the department shall pay additional aid to each school district that is participating in the agreement in an amount that is equal to 66 percent of the payment that the school district received under this subsection in the prior school year. In the 6th school year following the school year in which the whole grade sharing agreement first takes effect, the department shall pay additional aid to each school district that is participating in the whole grade sharing agreement in an amount that is equal to 33 percent of the payment that the school district received in the 5th school year following the school year in which the whole grade sharing agreement took effect.

The department shall pay additional aid under this paragraph from the appropriation under s. 20.255 (2) (ac). This subsection does not apply to the renewal of an existing whole grade sharing agreement under s. 118.50.

(a) Determine the number of pupils counted in the school district’s membership who are attending the Challenge Academy program under s. 321.03 (1) (c).

(b) Multiply the result under par. (a) by the lesser of the following:

1. The amount determined by the department of military affairs under s. 321.03 (1) (c) 1.

2. The amount determined for the school district under s. 121.91 (2m) (e) 3. for the current school year.

(2) From the appropriation under s. 20.255 (2) (ac), annually the department of public instruction shall pay to the department of military affairs an amount equal to the sum of the reductions under sub. (1). The department of public instruction shall ensure that the aid adjustment under sub. (1) does not affect the amount determined to be received by a school district as state aid under s. 121.08 or for any other purpose.

121.105 Special adjustment aids. (1) In this section “state aid” means the sum of the payments provided to a school district under this section and ss. 121.08, 121.85 and 121.86.

(2) (am) 1. Except as provided in subd. 2., if a school district would receive less in state aid in the current school year than the amount determined as follows, its state aid in the school year beginning on the first July 1 following the effective date of the reorganization shall be increased to an amount equal to 85 percent of the amount determined as follows:

a. Divide the school district’s membership in the preceding school year by the school district’s membership in the 2nd preceding school year.

b. Multiply the amount of state aid received by the school district in the preceding school year, as adjusted under s. 121.15 (4) (b) in the current school year, by the quotient under subd. 2. a.

(2m) A school district is eligible to receive additional aid under par. (am) only if additional aid does not result in a state aid payment greater than the school district’s shared cost in the current school year.

(3) In the school year in which a school district consolidation takes effect under s. 117.08 or 117.09 and in each of the subsequent 4 school years, the consolidated school district’s state aid shall be an amount that is not less than the aggregate state aid to which the consolidating school districts were eligible in the school year prior to the school year in which the consolidation takes effect. The additional state aid shall be paid from the appropriation under s. 20.255 (2) (ac).

(4) In the school year in which a whole grade sharing agreement under s. 118.50 first takes effect and in each of the subsequent school years, the department shall pay additional aid to each school district that is participating in the agreement to ensure that the school district receives no less state aid than the amount of state aid to which the school district was eligible in the school year prior to the school year in which the whole grade sharing agreement took effect. In the 5th school year following the school year in which a whole grade sharing agreement first takes effect, the department shall pay additional aid to each school district that is participating in the whole grade sharing agreement in an amount that is equal to 66 percent of the payment that the school district received under this subsection in the prior school year. In the 6th school year following the school year in which the whole grade sharing agreement first takes effect, the department shall pay additional aid to each school district that is participating in the whole grade sharing agreement in an amount that is equal to 33 percent of the payment that the school district received in the 5th school year following the school year in which the whole grade sharing agreement took effect.

The department shall pay additional aid under this paragraph from the appropriation under s. 20.255 (2) (ac). This subsection does not apply to the renewal of an existing whole grade sharing agreement under s. 118.50.

county children with disabilities education board, the state superintendent shall certify to the department of administration from the appropriation under s. 20.255 (2) (bh) in favor of the county children with disabilities education board the amount determined under sub. (2), except as provided under sub. (3).

(2) (a) In this subsection:
1. “Additional general aid” means the amount determined by calculating the percentage of a school district’s shared costs that would be paid under s. 121.08 if its membership included each pupil who is a resident of the school district or is attending the school district under s. 118.51 and solely enrolled in a special education program provided by the county children with disabilities education board that includes the school district in its program under s. 118.17 (2) and the school district’s shared costs were increased by the costs of the county children with disabilities education board program for all pupils participating in the county children with disabilities education board program who are residents of the school district or attending the school district under s. 118.51, and multiplying the costs of the county children with disabilities education board program by that percentage.

2. “Costs of the county children with disabilities education board program” means the gross cost of the county children with disabilities education board program minus all nonduplicative revenues and other financing sources except property taxes and state aid paid under this section in the previous school year.

(c) The state superintendent shall pay the additional general aid to the county children with disabilities education board.

(3) This section does not apply beginning on the effective date of a resolution adopted under s. 115.817 (9) (c), except that in the school year beginning July 1 of the year prior to the effective date of the resolution, the state superintendent shall certify to the department of administration from the appropriation under s. 20.255 (2) (bh) in favor of the county children with disabilities education board an amount equal to one-half the amount specified under sub. 2) If a school district fails to provide the number of hours of direct pupil instruction specified under s. 121.02 (1) (f) as the result of a strike by school district employees, for the purposes of computing general aid, the state superintendent shall compute the school district’s primary and secondary ceiling costs per member in accordance with the procedure specified in pars. (a) to (e). In making the calculation, the state superintendent shall:

SUBCHAPTER IV

TRANSPORTATION AID

121.51 Definitions. In this subchapter:

1) “Attendance area” is the geographic area designated by the governing body of a private school as the area from which its pupils attend and approved by the school board of the district in which the private school is located. If the private school and the school board cannot agree on the attendance area, the state superintendent shall, upon the request of the private school and the board, make a final determination of the attendance area. The attendance areas of private schools affiliated with the same religious denomination shall not overlap unless one school limits its enrollment to pupils of the same sex and the other school limits its enrollment to pupils of the opposite sex or admits pupils of both sexes.

3) “School board” has the meaning designated in s. 115.001 (7) and includes any governmental agency transporting children to and from public schools.

4) “School bus” has the meaning designated in s. 340.01 (56).

History: 1975 c. 120; 1983 a. 189 ss. 185, 329 (17); 1983 a. 512; 1989 a. 31; 1995 a. 27 ss. 9145 (1); 1997 a. 27.

The provision for the transportation, at public expense, of students to and from private schools on an attendance area basis is constitutional. Vanko v. Kahl, 52 Wis. 2d 206, 188 N.W.2d 460 (1971).

For purposes of sub. (4) (now sub. (1)), in the absence of fraud or collusion, when a religious school demonstrates by its corporate charter and bylaws that it is independent of, and unaffiliated with, a religious denomination, further inquiry by the state would violate Art. I, sec. 18. Holy Trinity Community School, Inc. v. Kahl, 82 Wis. 2d 139, 262 N.W.2d 210 (1978).

As construed by the Wisconsin Supreme Court, sub. (1) is a facially neutral and generally applicable law that deprives all private schools—religious and secular alike—of receiving transportation funding already claimed by another school affiliated with the same group or organization. Therefore, the defendants did not violate the free exercise clause of the 1st amendment when they denied a Catholic private school’s busing application in reliance on sub. (1) because another school shared its

121.51 SCHOOL FINANCE

(1) (a) Rules governing the design, construction, inspection and operation of school buses adopted by the secretary of transportation under s. 110.06 (2) shall by reference be made part of any contract for the transportation of pupils.

(b) The school board may adopt additional rules, not inconsistent with law or with rules of the secretary of transportation or the state superintendent, for the protection of the pupils or to govern the conduct of the person in charge of the motor vehicle used for transportation of pupils for compensation.

(2) (a) All drivers of motor vehicles owned by the school district and used for the transportation of pupils shall be under written contract with the school board of the district.

(b) The owner or lessee of all privately owned motor vehicles transporting pupils for compensation shall be under written contract with the school board of the district for which such transportation is provided. The contract shall require the owner or lessee to perform any action necessary for the owner or lessee or the school board to fulfill any obligation specified in sub. (5) or s. 121.555.

(c) The form of contract shall be prescribed by the department and shall provide that all parties to the contract are subject at all times to rules adopted by the secretary of transportation under s. 110.06 (2) and by the department.

(3) (a) If the contract is made under sub. (2) (b), the contract shall provide that the owner or lessee require his or her bus drivers, as a condition of employment, to take a physical examination, including a chest X-ray or tuberculosis test, and to submit the physical examination report to the school board. If the reaction to the tuberculosis test is positive, a chest X-ray shall be required. Freedom from tuberculosis in a communicable form is a condition of employment as a bus driver. Additional physical examinations shall be required thereafter at intervals determined by the school board.

(b) The contract shall provide that a physical examination report may be submitted on forms prescribed by the federal authority regulating motor carriers or the department and that a copy of a physical examination report obtained for other purposes within one year of the date of the contract may be substituted for the examination, if the report contains substantially the same information required by the department.

(c) Such physical examinations, chest X-rays or tuberculosis tests shall not be required of a bus driver who files with the school board an affidavit setting forth that the bus driver depends exclusively upon prayer or spiritual means for healing in accordance with the teachings of a bona fide religious sect, denomination or organization and that the bus driver is to the best of the bus driver’s knowledge and belief in good health and that the bus driver claims exemption from health examinations on these grounds. Notwithstanding the filing of such affidavit, if there is reasonable cause to believe that the bus driver is suffering from an illness detrimental to the health of the pupils, the school board may require a health examination of the bus driver sufficient to indicate whether or not the bus driver is suffering from such an illness. No bus driver may be discriminated against by reason of filing such affidavit.

(4) The use of any motor vehicle to transport pupils shall be discontinued upon receipt of an order signed by the state superintendent or the secretary of transportation ordering such discontinuance. Personnel under the state superintendent or the secretary of transportation may ride any school bus at any time for the purpose of inspection.

(5) Upon written request of a parent or guardian of a pupil for whom the school district provides transportation, the school board shall disclose the name of each driver who transports the pupil under sub. (2) (a) or (b).

121.52 Vehicle, operator and driver requirements.

(c) The form of contract shall be prescribed by the department and shall provide that all parties to the contract are subject at all times to rules adopted by the secretary of transportation under s. 110.06 (2) and by the department.

(2) (a) All drivers of motor vehicles owned by the school district and used for the transportation of pupils shall be under written contract with the school board of the district.

(b) The owner or lessee of all privately owned motor vehicles transporting pupils for compensation shall be under written contract with the school board of the district for which such transportation is provided. The contract shall require the owner or lessee to perform any action necessary for the owner or lessee or the school board to fulfill any obligation specified in sub. (5) or s. 121.555.

(c) The form of contract shall be prescribed by the department and shall provide that all parties to the contract are subject at all times to rules adopted by the secretary of transportation under s. 110.06 (2) and by the department.

(3) (a) If the contract is made under sub. (2) (b), the contract shall provide that the owner or lessee require his or her bus drivers, as a condition of employment, to take a physical examination, including a chest X-ray or tuberculosis test, and to submit the physical examination report to the school board. If the reaction to the tuberculosis test is positive, a chest X-ray shall be required. Freedom from tuberculosis in a communicable form is a condition of employment as a bus driver. Additional physical examinations shall be required thereafter at intervals determined by the school board.

(b) The contract shall provide that a physical examination report may be submitted on forms prescribed by the federal authority regulating motor carriers or the department and that a copy of a physical examination report obtained for other purposes within one year of the date of the contract may be substituted for the examination, if the report contains substantially the same information required by the department.

(5) Upon written request of a parent or guardian of a pupil for whom the school district provides transportation, the school board shall disclose the name of each driver who transports the pupil under sub. (2) (a) or (b).

Sub. (1) (b) is permissive. It neither governs driver conduct nor requires school districts to adopt rules to that end. It merely allows districts to do so. Reuter v. Murphy, 2000 WI App 276, 240 Wis. 2d 110, 622 N.W.2d 464, 99−3349.

121.53 School bus insurance.

(1) No motor vehicle may operate as a school bus unless a policy of bodily injury and property damage liability insurance, issued by an insurer authorized to transact business in this state, is maintained thereon. The policy shall provide property damage liability coverage with a limit of not less than $10,000. The policy also shall provide bodily injury liability coverage with limits of not less than $75,000 for each person and, subject to such limit for each person, total limits as follows:

(a) $150,000 for each accident for each such motor vehicle having a seating capacity of 7 passengers or less.

(b) $200,000 for each accident for each such motor vehicle having a seating capacity of 8 to 15 passengers.

(c) $250,000 for each accident for each such motor vehicle having a seating capacity of 16 to 24 passengers.

(d) $375,000 for each accident for each such motor vehicle having a seating capacity of 25 to 36 passengers.

(e) $1,000,000 for each accident for each such motor vehicle having a seating capacity of 37 or more passengers.

(2) The policy under this section shall cover the transportation of pupils, their parents or guardians, authorized chaperones, school district officers, faculty and employees and school doctors, dentists and nurses:

(a) To and from the school or school district which operates the school bus or contracts for its operation.

(b) In connection with any extracurricular school activity authorized by and made in compliance with s. 121.54 (7).

(c) An insurer issuing a policy under this section may exclude coverage for public or livery use of the school bus, but any such exclusion does not apply:

(a) When the school bus, while regularly used as such, also is used to transport pupils of another public or private school, whether or not a charge is made for such transportation.

(b) When used in accordance with sub. (2), whether or not any person lawfully transported is required to pay a charge therefor.

(c) When the school bus is used as specified in s. 340.01 (56) (am) for the purpose of transporting seniors or individuals with disabilities in connection with a transportation assistance program for such persons.

(4) Every school board shall require that there be filed with it and with the department of transportation a certificate of insurance showing that an insurance policy has been procured and is in effect which covers the owner and operator of the school bus and the school board or shall procure an insurance policy and file such certificate with the department of transportation. Unless such certificate is on file with the department of transportation, no registration plates for a school bus may be issued by the department of transportation. No such policy may be terminated prior to its expiration or canceled for any reason, unless a notice thereof is filed with the department of transportation and with the school board by the insurer at least 10 days prior to the date of termination or cancellation. The department of transportation shall revoke the registration of a school bus on which the policy has been terminated or canceled, effective on the date of termination or cancellation.

(5) Subsections (1) to (4) do not apply to:

(a) A motor vehicle owned or operated by a parent or guardian transporting only the parent’s or guardian’s own children, whether...
121.54 Transportation by school districts. (1) CITY OPTION. (a) Subsections (2) and (6) and s. 121.57 do not apply to pupils who reside in a school district that contains all or part of a city unless the school board extends the notification deadline. (b) If a school district elects to provide transportation under par. (c) to provide transportation for pupils attending private schools under s. 121.58 and there shall be reasonable uniformity in the transportation furnished to the pupils, whether they attend public or private schools.

(2) GENERAL TRANSPORTATION. (a) Except as provided in sub. (1), every school board shall provide transportation to and from public school for all pupils who reside in the school district 2 miles or more from the nearest public school they are entitled to attend.

(b) In lieu of transporting a pupil who is eligible for transportation under par. (a) and from his or her residence, a school district may transport the pupil to and from, or both, a before- and after-school child care program under s. 120.125, a child care program under s. 120.13 (14), or any other child care program, family child care home, or child care provider.

4. No later than May 15 in each year, each private school shall notify each school board of the names, grade levels and locations of all pupils, if any, eligible to have transportation provided by such school board under this paragraph and planning to attend any private school during the forthcoming school term. The school board may extend the notification deadline.

Cross-reference: See also s. 35.19, Wis. adm. code.

(c) An annual or special meeting of a common or union high school district, or the school board of a unified school district, may elect to provide transportation for pupils who are not required to be transported under this section, including pupils attending public school under s. 118.145 (4) or s. 118.53. Transportation may be provided for all or some of the pupils who reside in the school district to and from the public school they are entitled to attend or the private school, within or outside the school district, within whose attendance area they reside. If transportation is provided for less than all such pupils there shall be reasonable uniformity in the minimum distance that pupils attending public and private schools will be transported. Except for elementary school districts electing to furnish transportation under par. (b) 2., this paragraph does not permit a school district operating only elementary grades to provide transportation for pupils attending private schools.

(d) A school board may provide transportation for teachers to and from public school, subject to the same controls and limitations as apply to the transportation of pupils.

(e) Notwithstanding par. (a), if a pupil is living outside the school district in which he or she is enrolled because the pupil’s parents or guardians have joint legal custody, as defined in s. 767.001 (1s), of the pupil, upon the request of the pupil’s parent or guardian the school district shall transport the pupil to and from an agreed-upon location within the school district.

(3) TRANSPORTATION FOR CHILDREN WITH DISABILITIES. Every school board shall provide transportation for children with disabilities, as defined in s. 115.76 (5), to any public or private elementary or high school, to the school operated by the Wisconsin Center for the Blind and Visually Impaired or the school operated by the Wisconsin Educational Services Program for the Deaf and Hard of Hearing or to any special education program for children with disabilities sponsored by a state tax–supported institution of higher education, including a technical college, regardless of distance. The cost of the transportation shall be paid by the district in which the pupil resides. Approval shall be based on whether or not the child can walk to school with safety and comfort. Section 121.53 shall apply to transportation provided under this subsection.

(4) SUMMER CLASS TRANSPORTATION. A school board may provide transportation for pupils residing in the school district and attending summer classes. If the school board provides transportation for less than all pupils, there shall be reasonable uniformity in the minimum and maximum distances pupils are transported.

(5) TRANSPORTATION TO TECHNICAL COLLEGES. The school board of a district operating high school grades may provide for the transportation of board and lodging of residents of the school district attending technical colleges outside the school district unless the school district is one of the districts that has been designated under s. 121.58 and attend such colleges full time. The school board of such a district may also provide transportation for residents of the district participating in vocational education programs organized cooperatively between school districts under s. 66.0301. The school district shall be paid state aid for such transportation or board and lodging in accordance with s. 121.58. This subsection does not apply if the distance between a pupil's home and the technical college along the usually traveled public highway is more than 5 miles, unless the pupil resides on an approved bus route or board and lodging are provided.

(6) TRANSPORTATION IN SPECIAL CASES. The school board of a district operating high school grades which, under s. 121.78 (2) (a), must permit a pupil to attend high school outside the school district operating high school grades may provide transportation for the pupil to and from his or her residence, a school within the school district, subject to the same controls and limitations as apply to the transportation of pupils.
district shall provide transportation for such pupil if the pupil resides 2 or more miles from the high school that the pupil attends.

(7) **TRANSPORTATION FOR EXTRACURRICULAR ACTIVITIES.** (a) A school board may provide transportation for pupils attending public or private schools, their parents or guardians, authorized chaperones, school officers, faculty and employees and school doctors, dentists and nurses in connection with any extracurricular activity of the public or private school, such as a school athletic contest, school game, after school practice, late activity, school outing or school field trip or any other similar trip when:

1. A school bus or motor bus or a motor vehicle under s. 121.555 (1) (a) is used and such transportation is under the immediate supervision of a competent adult.

2. A school operated by the school district or the private school has an actual interest in the safety and welfare of the children transported to the activity.

3. The school principal or other person with comparable authority authorizes such use.

(b) 1. If transportation is provided to pupils and other persons in connection with any extracurricular activity of a public school under par. (a), the school board may make a charge for such transportation, to be paid by the persons transported, sufficient to reimburse it for the cost of providing the transportation. If transportation is provided to pupils and other persons in connection with any extracurricular activity of a private school under par. (a), the school board shall make a charge for such transportation, to be paid by the private school or the persons transported, sufficient to reimburse it for the cost of providing the transportation.

2. The school board may contract under s. 121.52 (2) (b) for transportation authorized under par. (a) for pupils attending public schools. The school board may authorize a charge for the transportation, to be paid by the persons transported, sufficient to make reimbursement for the cost of providing the transportation.

(8) **PAYMENT OF TRANSPORTATION COSTS.** (a) The cost of providing transportation for pupils under subs. (1) to (6) and s. 121.57 shall be paid by the school district in which they reside, and no part of such cost may be charged to the pupils or their parents or guardians.

(b) At the end of the school term, every union high school district shall submit to each of its underlying school districts operating an elementary grades a certified statement of the actual cost for the school year, less the amount to be paid for such pupils for that school year under s. 121.58 (2), of transporting the private school pupils residing in the underlying school district under sub. (2) (b).

On or before June 30 in each year each underlying school district shall reimburse the union high school district for the net cost of transporting its resident private school pupils as so reported in the statement.

(9) **TRANSPORTATION IN AREAS OF UNUSUAL HAZARDS.** (a) In school districts in which unusual hazards exist for pupils in walking to and from the school where they are enrolled, the school board shall adopt a plan which shall show by map and explanation the nature of the unusual hazards to pupil travel and propose a plan of transportation if such transportation is necessary, which will provide proper safeguards for the school attendance of such pupils. Copies of the plan shall be filed with the sheriff of the county in which the principal office of the school district is located. The sheriff shall review the plan and may make suggestions for revision deemed appropriate. The sheriff shall investigate the site and plan and make a determination as to whether unusual hazards exist which cannot be corrected by local government and shall report the findings in writing to the state superintendent and the school board concerned. Within 60, but not less than 30, days from the day on which the state superintendent receives the sheriff’s report, the state superintendent shall determine whether unusual hazards to pupil travel exist and whether the plan provides proper safeguards for such pupils. If the state superintendent makes findings which support the plan and the determination that unusual hazards exist which seriously jeopardize the safety of the pupils in their travel to and from school, the school board shall put the plan into effect and state aid shall be paid under s. 121.58 (2) (c) for any transportation of pupils under this subsection. Any city, village or town may reimburse, in whole or in part, a school district for costs incurred in providing transportation under this subsection for pupils who reside in the city, village or town.

(9m) Any person aggrieved by the failure of a school board to file a plan with the sheriff as provided in par. (a) may notify the school board in writing that an area of unusual hazard exists. The school board shall reply to the aggrieved person in writing within 30 days of receipt of the aggrieved person’s notice. The school board shall send a copy of the board’s reply to the sheriff of the county in which the principal office of the school district is located and to the state superintendent. Upon receipt of the school board’s reply, the aggrieved person may request a hearing before the state superintendent for a determination as to whether an area of unusual hazard exists. If the state superintendent determines that an area of unusual hazard exists, the state superintendent shall direct the school board to proceed as provided in par. (a).

(b) Within 30 days after the sheriff’s report is received by the state superintendent, any aggrieved person may request a hearing before the state superintendent on the determination by the sheriff for the plan. After such a hearing, the state superintendent shall proceed as provided in par. (a).

(c) The state superintendent and the department of transportation shall establish a definition of “unusual hazards” and “area of unusual hazards” for the implementation of this subsection. Such definition shall be promulgated, as a rule, by the state superintendent.

**10 ATTENDANCE IN NONRESIDENT SCHOOL DISTRICT.** Subject to s. 118.51 (14) (a) 2., a school board may elect to provide transportation, including transportation to and from summer classes, for nonresident pupils who are attending public school in the school district under s. 118.51 or 121.84 (4), or its resident pupils who are attending public school in another school district under s. 118.51 or 121.84 (4), or both, except that a school board may not provide transportation under this subsection for a nonresident pupil to or from a location within the boundaries of the school district in which the pupil resides unless the school board of that school district approves.

The provisions of the mandatory provision of transportation should be narrowly construed. The exception for children who “reside in cities” should be confined to its common and approved usage. Morrissette v. DeZonia, 63 Wis. 2d 429, 217 N.W.2d 370 (1974).

**Section 121.51 (4) [now s. 121.51 (1)] and sub. (2) (b) 1., as enacted in 1969, are constitutional. Vanko v. Kahl, 52 Wis. 2d 206, 188 N.W.2d 460 (1971).**

Although a private school was only 127 feet beyond the 5-mile limit of sub. (2) (b) 1., statutory construction was not available to extend the limit. Young v. Mukwonago Board of Education, 74 Wis. 2d 146, 246 N.W.2d 230 (1976).

A public school board’s refusal to transport parochial pupils during a public school vacation violated sub. (2) (b) 1. Hahner v. Wisconsin Rapids Board of Education, 89 Wis. 2d 180, 278 N.W.2d 474 (Ct. App. 1979).

Exception carrier service need not be available to all city pupils for school board to possess the option under sub. (1). The “reasonable uniformity” requirement was directed at the distance that pupils are transported, not at the means of transportation that is chosen. St. John Vianney School v. Janesville Board of Education, 114 Wis. 2d 140, 336 N.W.2d 387 (Ct. App. 1983).

Students within a private school’s attendance area under s. 121.51 (1) were entitled to transportation under sub. (2) (b) 1., although the camps they attended was not within the public school’s 5-mile transportation radius, but another campus to which they could be transported was. Providence Catholic School v. Bristol School District No. 1, 231 Wis. 2d 159, 605 N.W.2d 238 (Ct. App. 1999), 392 P.2d 390 (1964).

Reading sub. (2) (b) 2. with s. 121.55, elementary schools are not restricted to providing transportation vehicles owned, operated, or contracted for by the district, but they still have the alternatives available under s. 121.55. Under sub. (1) (b) 1., the Milwaukee Public School District offered free transporta-
tion to public school students who attended certain schools outside of their neighbor-

That restriction does not violate the equal protection clause. St. Joan Antida High School Inc. v. Milwaukee Public School District, 919 F.3d 1003 (2019).

City school busing policies adopted pursuant to subs. (1) and (2) (b) 1. were with-

tation solely because the school was located farther outside the city and school district boundaries. Deutsch v. Teel, 400 F. Supp. 598 (1975).

121.545 Additional transportation. (1) The parent or
guardian of a pupil who attends a public or private school and who
is not required to be transported under s. 121.54 may contract with
the school board of the district for transportation under this sub-
section. The school board of the district may provide transporta-
tion under this subsection to a pupil not required to be transported
under s. 121.54, if requested to do so by the parent or guardian
of the pupil. The school board may charge a fee for the cost of pro-
viding transportation under this subsection and may waive the fee
or any portion of the fee for any person who is unable to pay the
fee. State aid shall not be provided for transportation under this subsection.

(2) A school board may provide transportation for children
residing in the school district whom the school district is not
required to transport under s. 121.54 to or from, or both, before−
and after−school child care program under s. 120.125, a prekin-
dergarten class under s. 120.13 (13), a child care program under
s. 120.13 (14), or any other child care program, family child care
home, child care provider, or prekindergarten class. The school
board may charge a fee for the cost of providing such transporta-
tion. The school board may waive the fee or any portion of the fee
for any person who is unable to pay the fee. State aid shall not be
provided for transportation under this subsection.

121.55 Methods of providing transportation. (1) School boards may provide transportation by any of the fol-
lowing methods:

(a) By contract with a common carrier, a taxi company or other
parties.

(b) By contract with the parent or guardian of the pupil to be
transported. If the school board and the parent or guardian cannot
agree upon the amount of compensation, the department shall
determine the amount of compensation to be designated in the
contract.

(c) By contract with another school board, board of control of
a cooperative educational service agency or the proper officials of
any private school or private school association.

(d) By contract between 2 or more school boards and an indi-
vidual or a common carrier.

(e) By the purchase and operation of a motor vehicle.

(3) (a) If the estimated cost of transporting a pupil under s.
121.54 (2) (b) 1. is more than 1.5 times the school district’s aver-
age cost per pupil for bus transportation in the previous year,
exclusive of transportation for kindergarten pupils during the
noon hour and for pupils with disabilities, the school board may
fully use the obligation to transport a pupil under s. 121.54 (2) (b) 1.
by offering to contract with the parent or guardian of the pupil.
Except as provided in pars. (b) and (c), the contract shall provide for
an annual payment for each pupil of not less than $5 times the
distance in miles between the pupil’s residence and the private school
he or she attends, or the school district’s average cost per pupil
for bus transportation in the previous year exclusive of transpor-
tation for kindergarten pupils during the noon hour and for
pupils with disabilities, whichever is greater.

(b) Except as provided in par. (c), if 2 or more pupils reside in
the same household and attend the same private school, the con-
tract under par. (a) may, at the discretion of the school board of the
school district operating under ch. 119, provide for a total annual
payment for all such pupils of not less than $5 times the distance
in miles between the pupils’ residence and the private school they
attend, or the school district’s average cost per pupil for bus trans-
portation in the previous year exclusive of transportation for kin-
dergarten pupils during the noon hour and for pupils with disabili-
ties, whichever is greater.

(c) The payment under this subsection shall not exceed the
actual cost nor may the aids paid under s. 121.58 (2) (a) for the
pupil exceed the cost thereof. A school board which intends to
offer a contract under par. (a) shall notify the parent or guardian
of the private school pupil of its intention at least 30 days before
the commencement of the school term of the public school district.

121.555 Alternative methods of providing transporta-
tion. (1) A school board or the governing body of a private
school may provide pupil transportation services by the following
alternative methods:

(a) A motor vehicle transporting 9 or less passengers in addi-
tion to the operator.

(b) A motor vehicle transporting 10 or more passengers in
addition to the operator and used temporarily to provide trans-
portation for purposes specified under s. 340.01 (56) (a) when
the school board or the governing body requests the secretary of
transportation to determine that an emergency exists because no regu-
lar transportation is available. The secretary of transportation
shall approve or deny the request in writing. Any authorization
granted under this paragraph shall specify the purpose and need
for the emergency transportation service.

(2) The school board or governing body of a private school
shall determine that any motor vehicle used under sub. (1) com-
plies with the following conditions:

(a) Insurance. If the vehicle is owned or leased by a school or
a school bus contractor, or is a vehicle authorized under sub. (1)
(b) it shall comply with s. 121.53. If the vehicle is transporting
9 or fewer persons in addition to the operator and is not owned or
leased by a school or by a school bus contractor, it shall be insured by
a policy providing property damage coverage with a limit of not less
than $10,000 and bodily injury liability coverage with limits of not less than $25,000 for
each person, and, subject to the limit for each person, a total limit of not less than

(cm) Waiver of operator requirement. Notwithstanding par. (e) 3., with respect to the operator of a vehicle under sub. 2. Request the individual’s operating record from the department of transportation under s. 343.24 or, if the operating record has already been obtained by another entity, from that entity if there are reasonable grounds to believe that the operating record obtained from that entity is accurate and was furnished by the department of transportation to that entity not more than 2 months previously. 3. Obtain a background information form, prescribed by the department under sub. (6) (b), completed by the individual.

(b) Any person that employs or contracts with an individual to operate a motor vehicle under sub. The department of justice may provide for the submission of the fingerprint cards or fingerprints by other technologies to the federal bureau of investigation for the purpose of verifying the identity of the individual fingerprinted and obtaining records of his or her criminal arrests and convictions. Except as provided in this paragraph, fingerprints obtained under this paragraph shall be kept confidential.

2. The person knows or should know that the individual has been convicted of a violation of sub. (4) (b).

2. Notwithstanding ss. 111.321, 111.322, and 111.335, any conviction or operating privilege revocation that, under sub. (3) (c), makes the individual ineligible to operate a motor vehicle under sub. (1) to transport pupils or, if the individual holds a valid school bus endorsement issued under s. 343.12, that disqualifies the individual from issuance or renewal of a school bus endorsement under s. 343.12 (7) and rules promulgated by the department of transportation under s. 343.12 (7) and (8).

3. Any suspension or revocation of the individual’s operating privilege, or cancellation of a school bus endorsement, by this state or another jurisdiction.

121.56 School bus routes. The school board of each district shall make and be responsible for all necessary provisions for the transportation of pupils, including establishment, administration and scheduling of school bus routes. Upon the request of any school board, the state superintendent shall provide advice and counsel on problems of school transportation. Any private school shall, upon the request of the public school officials, supply all necessary information and reports. The transportation of public and private school pupils shall be effectively coordinated to insure the safety and welfare of the pupils. Upon receipt of a signed order
from the state superintendent, the school board shall discontinue any route specified by the state superintendent.

History: 1993 a. 492; 1995 a. 27; 1997 a. 27.

The refusal by a public school board to transport parochial pupils during a public school vacation violated s. 121.54 (2) (b) 1. Huhn v. Wisconsin Rapids Board of Education, 89 Wis. 2d 180, 278 N.W.2d 474 (Ct. App. 1979).

121.57 Board and lodging or house rental in lieu of transportation. (1) (a) If a school board determines it is to the advantage of the school district and if the parent or guardian determines it is to the advantage of the pupil that board and lodging in lieu of transportation be provided for all or part of the time for a pupil of the school district required to be transported or for whom it has been authorized under s. 121.54, the school board shall enter into a written contract under which the pupil shall be properly boarded and lodged and the school board shall pay for such board and lodging. The pupil’s parent or guardian may select the home in which the pupil is boarded and lodged. If a school board determines it is in the interest of the school district, it may pay the tuition of a pupil in a school in another school district in lieu of providing transportation to a school in the school district of residence of the pupil to serve his or her educational purposes. The pupil’s home to the school in another school district is 2 miles or more, the school board of the district of residence shall provide transportation.

(b) This subsection also applies to children with disabilities. The state superintendent may grant permission for a child with a disability to be transported to a school in another school district if an acceptable form of transportation is provided and if such school offers equal or better educational opportunities for the child.

(2) If a school board determines it is in the interest of the school district to rent a house for the family of children required to be transported in lieu of providing such transportation, it may enter into a written lease for such housing and pay as rental therefore not more than the amount which otherwise would be paid for transportation.

(3) This section does not apply to pupils who attend private schools.

121.575 School transportation bio−diesel fuel cost assistance. (1) In this section:

(a) “Bio−diesel fuel” has the meaning given in s. 16.045 (1) (c).

(b) “Petroleum−diesel fuel” has the meaning given for “diesel fuel” in s. 78.005 (5), but does not include bio−diesel fuel.

121.577 School transportation bio−diesel fuel cost assistance. (1) Any school district that utilizes bio−diesel fuel for school bus transportation may apply to the department for state assistance to finance the costs of utilizing that fuel. Except as provided in sub. (5), the department shall apportion assistance to school districts on the basis of the increased costs incurred by each school district in utilizing bio−diesel fuel as compared to the cost that the school district would have incurred in utilizing petroleum−diesel fuel for school bus transportation in the fiscal year preceding the fiscal year for which aids are paid, as adjusted to reflect any change in the statewide average cost of bio−diesel fuel for the current fiscal year as compared to the statewide average cost of such fuel for the preceding fiscal year.

(b) For purposes of par. (a), if a school district does not utilize bio−diesel fuel for some or all of the school bus transportation provided by the school district in any fiscal year, the department shall compute and utilize, for purposes of this subsection, the cost differential that the school district would have incurred in utilizing bio−diesel fuel on the basis of statewide average costs.

(c) The department shall annually determine the statewide average cost of bio−diesel fuel and petroleum−diesel fuel for purposes of administration of this subsection.

(d) If in any fiscal year there are insufficient moneys available to reimburse all school districts that apply for state assistance under par. (a) for the full amount of reimbursable costs under this subsection, the department shall, after making any required deduction under sub. (5), prorate the available moneys among the school districts entitled thereto on a per pupil basis.

(2) If a pupil so transported whose residence is more than 2 miles and not more than 5 miles from the school attended, $30 per school year in the 2005 school year and $110 per school year thereafter.

(3) If in any fiscal year there are insufficient moneys available to reimburse all school districts that apply for state assistance under par. (a) for the full amount of reimbursable costs under this subsection, the department shall, after making any required deduction under sub. (5), prorate the available moneys among the school districts entitled thereto on a per pupil basis.

(4) Any school district that utilizes bio−diesel fuel for school bus transportation may apply to the department for state assistance to finance the costs of utilizing that fuel. Except as provided in sub. (5), the department shall apportion assistance to school districts on the basis of the increased costs incurred by each school district in utilizing bio−diesel fuel as compared to the cost that the school district would have incurred in utilizing petroleum−diesel fuel for school bus transportation in the fiscal year preceding the fiscal year for which aids are paid, as adjusted to reflect any change in the statewide average cost of bio−diesel fuel for the current fiscal year as compared to the statewide average cost of such fuel for the preceding fiscal year.

(b) For purposes of par. (a), if a school district does not utilize bio−diesel fuel for some or all of the school bus transportation provided by the school district in any fiscal year, the department shall compute and utilize, for purposes of this subsection, the cost differential that the school district would have incurred in utilizing bio−diesel fuel on the basis of statewide average costs.

(c) The department shall annually determine the statewide average cost of bio−diesel fuel and petroleum−diesel fuel for purposes of administration of this subsection.

(d) If in any fiscal year there are insufficient moneys available to reimburse all school districts that apply for state assistance under par. (a) for the full amount of reimbursable costs under this subsection, the department shall, after making any required deduction under sub. (5), prorate the available moneys among the school districts entitled thereto on a per pupil basis.

(5) Each school district that receives aids under sub. (2) (a) for any fiscal year shall report to the department, in the form prescribed by the department, a statement of its actual costs incurred in utilizing bio−diesel fuel for school bus transportation in that fiscal year. If the actual increased costs incurred by a school district in utilizing bio−diesel fuel for school bus transportation in any fiscal year, as compared to the costs that the school district would have incurred in utilizing petroleum−diesel fuel for school bus transportation, are less than the amount of the aids received by the school district under sub. (2) (a) for that fiscal year, the department shall deduct the amount of the difference from the amount of the aids payable to the school district under sub. (2) (a) for the current fiscal year.

History: 2005 a. 43.
(am) State aid for transportation shall not exceed the actual cost thereof. No state aid of any kind may be paid to a school district which charges the pupil transported or his or her parent or guardian any part of the cost of transportation provided under ss. 121.54 (1) to (3), (5), (6) and (10) and 121.57 or which willfully or negligently fails to transport all pupils for whom transportation is required under s. 121.54.

(b) A school board that provides transportation under s. 121.54 (2) (am) shall be paid state aid for such transportation at the rates specified and according to the conditions established under pars. (a) and (am), except that the amount of state aid may not exceed the amount which the school district would receive for transporting the child between the child’s residence and school attended under s. 121.54 (1) to (3), (5), (6) or (9) or 121.57.

(c) A school district which provides transportation to and from a school under s. 121.54 (9) shall be paid state aid for such transportation at the rate of $12 per school year per pupil so transported in the 2005–06 school year and $15 per school year per pupil so transported thereafter. Such state aid shall be reduced proportionately in the case of a pupil transported for less than a full year because of nonenrollment. State aid for such transportation shall not exceed the actual cost thereof.

(d) In addition to any other payments made under this section, the department shall allocate $35,000 annually to reimburse school districts for 75 percent of the costs incurred to transport pupils over ice from their residence on an island to school on the mainland and back to their residence on the island, including the costs of maintaining and storing equipment. If in any school year the amount to which such school districts are entitled under this paragraph exceeds $35,000, the department shall prorate the payments among the eligible school districts.

(3) STATE AID FOR BOARD AND LODGING. A school district which provides board and lodging or housing under s. 121.57 (2) in lieu of transportation shall be paid state aid for such board and lodging or housing at the rate of not more than $6 per week of 5 days for each pupil so boarded and lodged or housed, but not to exceed 60 percent of the cost. For children with disabilities, as defined in s. 115.76 (5), such state aid shall be supplemented by the state aid under s. 115.88 in an amount not to exceed the full cost of such board and lodging.

(4) STATE AID FOR SUMMER CLASS TRANSPORTATION. Annually on or before October 1 of the year in which transportation is provided under s. 118.50 (3) (b) or 121.54 (4), or under s. 121.54 (10) if the transportation is provided by the nonresident school district that a pupil attends under s. 118.51 or 121.84 (4), the school district clerk shall file with the department a report, containing such information as the department requires, on transportation provided by the school board to and from summer classes. Upon receipt of such report and if the summer classes meet the requirements of s. 121.14 (1) (a) 1. or 2., state aid shall be paid for such transportation. A school district that provides such transportation shall be paid state aid for such transportation at the rate of $10 per pupil transported to and from public school whose residence is at least 2 miles and not more than 5 miles by the nearest traveled route from the public school attended, and $20 per pupil transported to and from public school whose residence is more than 5 miles by the nearest traveled route from the public school attended.

(5) STATE SUPERINTENDENT APPROVAL. If the state superintendent is satisfied that transportation or board and lodging was provided in compliance with law, the state superintendent shall certify to the department of administration the sum due the school district. The state superintendent may not certify payment of state aid under sub. (2) for the number of pupils calculated under s. 121.85 (6) (am). In case of differences concerning the character and sufficiency of the transportation or board and lodging, the state superintendent may determine such matter and his or her decision is final.

(6) APPROPRIATION; PRORATATION; DISTRIBUTION OF BALANCE. (a) If the appropriation under s. 20.255 (2) (cr) in any one year is insufficient to pay the full amount of approved claims under this section, state aid payments for school districts not participating in the program under s. 121.575 shall be prorated as though the minimum amount under s. 121.575 (3) had not been made and state aid payments for school districts participating in the program under s. 121.575 shall be prorated after deducting the minimum amount under s. 121.575 (3).

(b) If the appropriation under s. 20.255 (2) (cr) in any fiscal year exceeds the amount of approved claims paid in full under this section and s. 121.575, the department shall distribute the balance to those school districts and charter school operators entitled to state aid under this section, with each entitled recipient receiving a percentage of the balance equal to its percentage of the total approved claims.

(7) PAYMENT. Each school district and charter school operator entitled to state aid under this section shall receive its total aid entitlement in January.

121.59 High cost transportation aid. (1) In this section:

(a) “Eligible school district” means a school district the membership of which in the previous school year, when divided by the school district’s area in square miles, is 50 or less.

(b) “Transportation costs” means costs that are eligible for reimbursement under s. 121.58.

(2) Annually the department shall pay to each eligible school district the amount determined as follows:

(a) Divide the statewide school district transportation costs in the previous school year by the statewide membership in the previous school year and multiply the quotient by 1.4.

(b) Divide the school district’s transportation costs in the previous school year by the school district’s membership in the previous school year.

(c) Subtract the product under par. (a) from the quotient under par. (b).

(d) If the remainder under par. (c) is a positive number, multiply it by the school district’s membership.

(e) Divide the product under par. (d) for the school district by the product under par. (d) for all eligible school districts.

(f) Multiply the quotient under par. (e) by the amount appropriated under s. 20.255 (2) (cq).

(2m) (a) Beginning in the 2017–18 school year and in any school year thereafter, if a school district was eligible to receive aid under sub. (2) in the immediately preceding school year but is ineligible to receive aid in the current school year because the number under sub. (2) (d) is not a positive number, the state superintendent shall, subject to par. (b), pay to that school district the amount determined as follows:

1. Determine the amount paid to the school district under sub. (2) (f) in the immediately preceding school year.

2. Multiply the amount under subd. 1. by 0.5.

(b) The sum of all payments under par. (a) may not exceed $200,000 in any fiscal year. If in any school year the amount to which school districts are entitled under par. (a) exceeds $200,000, the state superintendent shall prorate the payments among the eligible school districts.

(3) Aid under this section shall be paid from the appropriation under s. 20.255 (2) (cq).

Within 10 days after adopting the resolution, the school board shall notify the department that it will schedule a referendum for the purpose of submitting the resolution to the voters of the school district for approval or rejection and shall submit a copy of the resolution to the department. Except as provided in subd. 2., the school board shall schedule the referendum to be held at the next regularly scheduled spring primary or election or partisan primary or general election, provided such election is to be held not sooner than 70 days after the filing of the resolution of the school board. A school board may proceed under this subdivision otherwise applicable to the school district in any school year, except as follows:

2. If territory is detached from a school district to create a new school district under s. 117.105, the following adjustments to the calculations under pars. (i) to (j) apply for the school district from which territory is detached for the 2 school years beginning on the July 1 following the effective date of the reorganization:

a. For the school year beginning on the first July 1 following the effective date of the reorganization, the number of pupils in the previous school year shall be used under pars. (i) 1., (im) 1., and (j) 1. instead of the average of the number of pupils in the 3 previous school years.
amount of the excess revenue specified in par. (a) and a copy of the resolution under par. (a). Section 5.01 (1) applies in the event of failure to comply with the notice requirements of this paragraph.

(c) A referendum under this subsection shall be held in accordance with chs. 5 to 12. The school district clerk shall provide the election officials with all necessary election supplies. The form of the ballot shall correspond substantially with the standard form for referendum ballots prescribed by the elections commission under ss. 5.64 (2) and 7.08 (1) (a). The question submitted shall be whether the limit under sub. (2m) may be exceeded by a specified amount. If the resolution provides that any of the excess revenue be used for a nonrecurring purpose, the ballot in the election shall so state and shall specify the amount that will be used for a nonrecurring purpose. The limit otherwise applicable to the school district under sub. (2m) is increased by the amount approved by a majority of those voting on the question.

(4) (a) 1. If a school board transfers to another governmental unit responsibility for providing any service that it provided in the preceding school year, the limit otherwise applicable under sub. (2m) in the current school year is decreased by the cost of the service that it would have incurred to provide that service, as determined by the state superintendent.

2. If a school board increases the services that it provides by adding responsibility for providing a service transferred to it from another governmental unit in the previous school year, the limit otherwise applicable under sub. (2m) in the current school year is increased by the product of the cost of that service, as determined by the state superintendent.

3. Notwithstanding subd. 2., if a school board increases the services that it provides by adding responsibility for providing a service that is transferred to it from another governmental unit for a child with a disability, as defined in s. 115.76 (5), or for a limited−English proficient pupil, as defined in s. 115.955 (7), the limit otherwise applicable under sub. (2m) in the current school year is increased by an amount equal to the estimated cost of providing the service less the estimated amount of aid that the school district will receive for the child or pupil in the following school year under s. 115.88 (1m) to (6) and (8), 115.995 or 118.255, as determined by the state superintendent.

A school board that transfers or receives responsibility for providing a service under this subdivision shall notify the state superintendent. A school board that transfers responsibility for providing a service under this subdivision shall provide the state superintendent with an estimate of the reduction in cost attributable to the transfer, even if that estimate is zero. The state superintendent shall notify the transferring school district when a receiving school district notifies the state superintendent that it has received responsibility for providing a service transferred to it under this subdivision.

(b) 1. If a school district increases its territory by a boundary change under s. 117.10, 117.11, 117.12, 117.13 or 117.132, the limit otherwise applicable in the school year beginning on the effective date of the boundary change under sub. (2m) is increased by an amount equal to the cost of extending services to the attached territory in the school year to which the limit applies, as determined by the state superintendent.

2. If a school district decreases its territory due to a boundary change under s. 117.11, 117.12, 117.13 or 117.132, the limit otherwise applicable in the school year beginning on the effective date of the boundary change under sub. (2m) is decreased by an amount equal to the cost of services that it provided to the detached territory in the school year to which the limit applies, as determined by the state superintendent.

(c) The limit under sub. (2m) is increased by the following amount:

1. Funds needed for the payment of any general obligation debt service, including debt service on debt issued or reissued to fund or refund outstanding municipal obligations, interest on outstanding municipal obligations or the payment of related issuance costs or redemption premiums, authorized prior to August 12, 1993, by a resolution of the school board or by a referendum and secured by the full faith and credit of the school district.

2. Funds needed for the payment of any general obligation debt service, including debt service on debt issued or reissued to fund or refund outstanding municipal obligations, interest on outstanding municipal obligations or the payment of related issuance costs or redemption premiums, authorized on or after August 12, 1993, by a referendum and secured by the full faith and credit of the school district.

3. Funds needed for the payment of any general obligation debt service, including debt service on debt issued or reissued to fund or refund outstanding municipal obligations, interest on outstanding municipal obligations or the payment of related issuance costs or redemption premiums, authorized by a resolution of the school board and secured by the full faith and credit of the school district if the issuance of the debt was not subject to a referendum as a result of s. 67.05 (6a) (bg) or (7) (j) or 67.12 (12) (e) 2r. or (h).

(d) If a school district’s revenue in the preceding school year was less than the limit under sub. (2m) in the preceding school year, the limit otherwise applicable to the school district’s revenue in the current school year under sub. (2m) is increased by an amount equal to the difference between the amount of its revenue in the preceding school year and the amount of the limit in the preceding school year under sub. (2m).

(e) If a school district receives less aid under 20 USC 7701 to 7705 in the 1994−95 school year or in any school year thereafter than it received in the previous school year, the limit otherwise applicable to the school district’s revenue in the following school year under sub. (2m) is increased by an amount equal to the reduction in such aid.

(f) 1. Except as provided in subd. 1m., for the 2007−08 school year or any school year thereafter, if the average of the number of pupils enrolled in the current and the 2 preceding school years is less than the average of the number of pupils enrolled in the 3 previous school years, the limit otherwise applicable under sub. (2m) is increased by the additional amount that would have been calculated had there been no decline in average enrollment.

1m. If territory is detached from a school district to create a new school district under s. 117.105, all of the following apply to the school district from which territory was detached and to the new school district:

a. In the school year in which the school district reorganization takes effect, subd. 1. does not apply.

b. For the school year beginning on the first July 1 following the effective date of the school district reorganization, if the number of pupils enrolled in that school year is less than the number of pupils enrolled in the previous school year, the limit otherwise applicable under sub. (2m) is increased by the additional amount that would have been calculated had there been no decline in enrollment.

c. For the school year beginning on the 2nd July 1 following the effective date of the school district reorganization, if the average of the number of pupils enrolled in that school year and the 2 previous school years is less than the average of the number of pupils enrolled in the 2 previous school years, the limit otherwise applicable under sub. (2m) is increased by the additional amount that would have been calculated had there been no decline in average enrollment.

2. Any additional revenue received by a school district as a result of subds. 1. and 1m. shall not be included in the base for determining the school district’s limit under sub. (2m) for the following school year.

(g) The limit otherwise applicable to a school district from which territory is detached to create a school district under s. 117.105 is increased for the school year beginning with the effective date of the reorganization under s. 117.105 by an amount equal to 5 percent of the school district’s state aid.

(j) If a school board implemented an intradistrict pupil transfer program to reduce racial imbalance in the school district after June 30, 1993, but before September 1, 2001, the limit otherwise applicable to the school district under sub. (2m) in the 2001–02, 2002–03, and 2003–04 school years is increased by an amount equal to one-third of the amount received in the 1994–95 school year under s. 121.85 as a result of implementing the program.

(k) The limit otherwise applicable under sub. (2m) to a school district that is at least 275 square miles in area and in which the number of pupils enrolled in the 2000–01 school year was less than 450 is increased for the 2001–02 school year by the following amount:

1. If the number of pupils enrolled in the school district declined between the 1996–97 school year and the 2000–01 school year, but the decline was less than 10 percent, $100,000.

2. If the decline in the number of pupils enrolled between the 1996–97 school year and the 2000–01 school year was at least 10 percent but not more than 20 percent, $175,000.

3. If the decline in the number of pupils enrolled between the 1996–97 school year and the 2000–01 school year was more than 20 percent, $250,000.

(L) For a school district created by a consolidation under s. 117.08 or 117.09, beginning with the limit for the 2016–17 school year, the limit otherwise applicable under sub. (2m) for the 5th school year following the school year in which the consolidation took effect is increased by an amount equal to 75 percent of any additional aid that the school district received as a result of ss. 121.07 (6) (e) 1. and (7) (e) 1. and 121.105 (3) in the 4th school year following the school year in which the consolidation took effect.

(n) 1. The limit otherwise applicable to a school district under sub. (2m) in any school year is increased by an amount equal to the amount determined for that school district under ss. 115.7915 (4m) (f) and 118.60 (4d) (b) 1.

2. Any additional revenue received by a school district under this paragraph shall not be included in the base for determining the school district’s limit under sub. (2m) for the following school year.

(o) 1. Except as provided in subd. 1m., if a school board adopts a resolution to do so, the limit otherwise applicable to a school district under sub. (2m) in any school year is increased by the amount spent by the school district in that school year on a project to implement energy efficiency measures or to purchase energy efficiency products, including the payment of debt service on a bond or note issued, or state trust fund loan obtained, to finance the project, if the project results in a savings of efficiency products, including the payment of debt service on a bond or note issued, or state trust fund loan obtained, to finance the project, if the project results in the avoidance of, or reduction in, energy costs or operational costs, the project is governed by a performance contract entered into under s. 66.0133, and the bond or note issued or state trust fund loan obtained to finance the project is issued for a term not exceeding 20 years. If a school board issues a bond or note or obtains a state trust fund loan to finance a project described in this subdivision, a resolution adopted by a school board under this subdivision is valid for each school year in which the school board pays debt service on the bond, note, or state trust fund loan.

1m. If a school district issues a bond or note or obtains a state trust fund loan to finance a project described in subd. 1., the amount of debt service included in the amount spent by the school district under subd. 1. is the amount paid in the calendar year that begins on January 1 of the school year in which the school district’s revenue limit is increased under this paragraph.

2. Any additional revenue received by a school district under this paragraph shall not be included in the base for determining the school district’s limit under sub. (2m) for the following school year.

3. If a school district issues a bond or note or obtains a state trust fund loan to finance a project described in subd. 1. and the school district’s utility costs are measurably reduced as a result of the project, the school board shall use the savings to retire the bond, note, or state trust fund loan.

4. Unless the resolution is adopted before January 1, 2018, subd. 1. applies only to a resolution adopted after December 3018. (p) 1. The limit otherwise applicable to a school district under sub. (2m) in any school year is increased by the amount of any reduction to that school district’s state aid payment made under s. 118.51 (16) (b) 2. and (c) or (17) (c) 2. or (cm) 2. in the previous school year for a pupil who was not included in the calculation of the number of pupils enrolled in that school district in the previous school year.

The amount of the decrease under this paragraph shall not be deducted from the base for determining the school district’s limit under sub. (2m) for the following school year.

(5) Upon request by a school board, the state superintendent may increase the school district’s limit under s. 121.91 (1), 1995 stats., by the amount necessary to allow the school district to avoid increasing its level of short-term borrowing over the amount of short-term borrowing incurred by the school district in the 1992–93 school year if the school district presents clear and convincing evidence of the need for the increase in the limit. The school board shall provide the state superintendent with any information that the state superintendent requires to make the determination.

(6) In determining a school district’s limit under sub. (2m) (c) for the 1997–98 school year, if the average of the number of pupils enrolled in the current and the 2 preceding school years, as calculated under sub. (2m) (c) 4., is more than 2 percent less than the average of the number of pupils enrolled in the 3 previous school years, as calculated under sub. 121.91 SCHOOL FINANCE

(7) Except as provided in subs. (4) (f) 2. and (n) to (qe) and (8), if an excess revenue is approved under sub. (3) for a recurring purpose or allowed under sub. (4), the excess revenue shall be included in the base for determining the limit for the next school year for purposes of this section. If an excess revenue is approved under sub. (3) for a nonrecurring purpose, the excess revenue shall not be included in the base for determining the limit for the next school year for purposes of this section.

(8) If a school district’s initial revenue limit for the current school year, as calculated under s. 121.905 or sub. (2m), whichever is appropriate, before making any adjustments under sub. (3) or (4), is less than the amount determined by multiplying the amount under sub. (2m) (i) 1. by the average of the number of pupils enrolled in the 3 preceding school years, the school district’s initial revenue limit for the current school year, before making any adjustments under sub. (3) or (4), is the amount determined by multiplying the amount under sub. (2m) (i) 1. by the average of the number of pupils enrolled in the 3 preceding school years. Any additional revenue received by a school district as a result of this subsection shall not be included in the base for determining the school district’s limit under sub. (2m) for the following school year. This subsection does not apply to a school district’s revenue limit calculated for the 2011−12 and 2012−13 school years.

121.92 Penalty for exceeding revenue ceiling or limit. (1) In this section, “excess revenue” means the amount by which a school district’s revenue exceeds its ceiling under s. 121.905 or its limit under s. 121.91.

(2) The state superintendent shall do all of the following:

(a) Deduct from the state aid payment to a school district under s. 121.08 in the school year in which the school district exceeded the revenue ceiling or limit an amount equal to the excess revenue for the school district or the amount of those aids, whichever is less.

(b) If the amount of the deduction under par. (a) is insufficient to cover the excess revenue, deduct from the other state aid payments to the school district in the school year in which the school district exceeded the revenue ceiling or limit an amount equal to the remaining excess revenue or the amount of those payments, whichever is less.

(c) If the amount of the deductions under pars. (a) and (b) is insufficient to cover the excess revenue, order the school board to reduce the property tax obligations of its taxpayers by an amount that represents the remainder of the excess revenue. The school district’s refunds to taxpayers who have already paid their taxes shall be increased by interest at the rate of 0.5 percent per month. If the school board violates the order, any resident of the school district may seek injunctive relief. This paragraph does not apply to property taxes levied for the purpose of paying the principal and interest on a valid bond or note issued or state trust fund loan obtained by the school board.

(d) Ensure that the amount of state aid reduction under pars. (a) and (b) lapses to the general fund.

(e) Ensure that the amount of the excess revenue is not included in determining the school district’s ceiling or limit in the succeeding school year.
