(2) REVENUE TYPES. (a) General purpose revenues. “General purpose revenues” consist of general taxes, miscellaneous receipts and revenues collected by state agencies which are paid into a specific fund, lose their identity, and are then available for appropriation by the legislature. In this chapter, “general purpose revenues” refers to general purpose revenues in the general fund. General purpose revenues are identified by the abbreviation “GPR” in s. 20.005. They shall be deposited pursuant to s. 20.906.
(b) Program revenues. “Program revenues” consist of revenues which are paid into the general fund and are credited by law to an appropriation to finance a specified program or state agency. In this chapter, “program revenues” refers to program revenues in the general fund. Program revenues are identified by the abbreviation “PR” in s. 20.005. For any program revenue appropriation which is limited to the amounts in the schedule, no expenditures may be made exceeding the amounts in the schedule, except as provided in ss. 13.101 and 16.515, regardless of the amounts credited to that appropriation account. They shall be deposited pursuant to s. 20.906. Notwithstanding any other provision of this chapter, program revenues shall be used to reimburse the general fund for payments transferred under the appropriations made in s. 20.865 for the purposes of program revenue appropriations.

(c) Program revenues — service. “Program revenues — service”, indicated by the abbreviation “PR−S” in s. 20.005, consist of appropriated moneys in the general fund derived from any revenue source that are transferred between or within state agencies or miscellaneous appropriations. These moneys are shown as expenditures in the appropriation of the state agency or program from which the moneys are transferred and are also shown as program revenue in the appropriation of the agency or program to which the moneys are transferred. For any program revenue — service appropriation which is limited to the amounts in the schedule, no expenditure may be made exceeding the amounts in the schedule, except as provided in ss. 13.101 and 16.515, regardless of the amounts credited to the account from which the appropriation is made.

(d) Segregated fund revenues. “Segregated fund revenues”, indicated by the abbreviation “SEG” in s. 20.005 consist of revenues which, by law, are deposited into funds other than the general fund and are available for the purposes for which such funds are created. They shall be deposited pursuant to s. 20.906. Notwithstanding any other provision of this chapter segregated revenues shall be used to reimburse the appropriate funds for payments transferred under the appropriations made in s. 20.865 for the purposes of segregated revenue appropriations.

(da) Segregated fund revenues — service. “Segregated fund revenues — service”, indicated by the abbreviation “SEG−S” in s. 20.005, consist of appropriated moneys in a segregated fund derived from any revenue source that are transferred between or within state agencies or miscellaneous appropriations. These moneys are shown as expenditures in the appropriation of the state agency or program from which the moneys are transferred and also shown as segregated fund revenue in the appropriation of the agency or program to which the moneys are transferred.

(dm) Segregated fund revenues — local. “Segregated fund revenues — local”, indicated by the abbreviation “SEG−L” in s. 20.005, consist of revenues which are received from a local unit of government or other source for transportation purposes and are deposited in the transportation fund under s. 25.40(1)(e).

(e) Federal revenues. “Federal revenues” consist of moneys received from the federal government, except that under s. 20.437 (2) (md) “federal revenues” also include moneys treated as refunds of expenditures, and under s. 20.437 (2) (me) “federal revenues” consist only of moneys treated as received from the federal government. Federal revenues may be deposited as program revenue in the general fund or as segregated revenues in a segregated fund. In either case they are indicated in s. 20.005 by the addition of “−F” after the abbreviation assigned under pars. (b) and (d).

(f) Bond revenues. “Bond revenues”, indicated by the abbreviation “BR” in s. 20.005, consist of all moneys resulting from the contracting of public debt or revenue obligations in accordance with ch. 18.

(3) APPROPRIATION TYPES. The following types of appropriations may be made from any of the revenue types listed above. When an appropriation varies from these basic types, it is identified as the type which most nearly fits that appropriation and the variation is specifically stated in ss. 20.115 to 20.875.

(a) Annual appropriations. Annual appropriations, indicated by the abbreviation “A” in s. 20.005, are appropriations which are expendable only up to the amount shown in the schedule and only for the fiscal year for which made. At the end of the fiscal year the unencumbered balances shall revert to the fund from which appropriated unless the appropriation is a program revenue or program revenue — service appropriation and indicates the moneys are to be credited to the account for that appropriation, in which case all unencumbered balances shall be retained in that appropriation account. In ss. 20.115 to 20.875, all appropriations are annual unless otherwise indicated and the introductory phrase “annually” is used only when necessary to avoid confusion with other appropriation types.

(b) Biennial appropriations. Biennial appropriations, indicated by the abbreviation “B” in s. 20.005, are appropriations which are expendable only for the biennium for which made. Dollar amounts shown in the schedule under s. 20.005 represent the most reliable estimates of the amounts which will be expended in each fiscal year, the total for both years being the biennial appropriation. For accounting purposes and for the administration of s. 20.002 (1), the appropriation for the first year of a biennium shall be the sum of the expenditures for such year plus the outstanding encumbrances at the close of that year; the unencumbered balance at the close of the first year shall constitute the appropriation for the 2nd year of the biennium. At the end of the biennium the unencumbered balances shall revert to the fund from which appropriated unless the appropriation is a program revenue or program revenue — service appropriation and indicates the moneys are to be credited to the account for that appropriation, in which case all unencumbered balances shall be retained in that appropriation account. Biennial appropriations are indicated in ss. 20.115 to 20.875 by the introductory phrase “biennially”.

(c) Continuing appropriations. Continuing appropriations, indicated by the abbreviation “C” in s. 20.005, are appropriations which are expendable only up to the amount shown in the schedule under s. 20.005 for a continuing appropriation other than a sum certain appropriation represent the most reliable estimates of the amounts which will be expended during any fiscal year. Except as provided in ss. 20.002 (11) and 20.903 (2), expenditures made in accordance with ch. 16 under a continuing appropriation other than a sum certain appropriation are limited only by the available revenues from which the appropriation is made. Continuing appropriations are indicated in ss. 20.115 to 20.875 by the introductory phrase, “as a continuing appropriation,” “all moneys received from,” or “all moneys transferred from.”

(d) Sum sufficient appropriations. Sum sufficient appropriations, indicated by the abbreviation “S” in s. 20.005, are appropriations which are expendable only up to the outstanding balances of the moneys which are to be credited to the account for that appropriation. In ss. 20.115 to 20.875, all appropriations are sum certain appropriations which are expendable only up to the amount shown in the schedule. Notwithstanding any other provision of this chapter, moneys shown as program revenue — service appropriation which is limited to the amounts shown in the schedule and only for the fiscal year for which made. At the end of the fiscal year the unencumbered balances shall revert to the fund from which appropriated unless the appropriation is a program revenue or program revenue — service appropriation and indicates the moneys are to be credited to the account for that appropriation, in which case all unencumbered balances shall be retained in that appropriation account. In ss. 20.115 to 20.875, all appropriations are sum certain unless otherwise indicated and the introductory phrase “sum certain” is used only when necessary to avoid confusion with other appropriation types.

(e) Capital improvement authorizations. The appropriations in s. 20.866 (2) are authorizations to contract public debt in accordance with ch. 18. The amount of debt repaid under each authorization shall not be construed to represent new or additional authority even though the authority is not reduced by the amount of repayment. The limiting dollar amount contained in the lan-
guage of any appropriation under s. 20.866 (2) is the cumulative total authorization carried over from previous biennia plus any new authorization contained in the schedule.

(4) **GENERAL PURPOSE REVENUE — EARNED.** Revenue which is received by a state agency incidentally in connection with general purpose revenue appropriations in the course of accomplishing program objectives, which is not designated as a refund of an expenditure by the secretary of administration under sub. (5) and for which no program revenue appropriation is made shall be designated as general purpose revenue (GPR) — earned. This revenue shall be treated as a nonappropriated receipt and is not available for expenditure.

(5) **REFUNDS OF EXPENDITURES.** Any amount not otherwise appropriated under this chapter that is received by a state agency as a result of an adjustment made to a previously recorded expenditure from a sum certain appropriation to that agency due to activities that are of a temporary nature or activities that could not be anticipated during budget development and which serves to reduce or eliminate the previously recorded expenditure in the same fiscal year in which the previously recorded expenditure was made, except as provided in ss. 20.435 (4) (gm) and 20.437 (2) (md), may, upon request of the agency, be designated by the secretary of administration as a refund of an expenditure. Except as otherwise provided in this subsection, the secretary of administration may designate an amount received by a state agency as a refund of an expenditure only if the agency submits to the secretary a written explanation of the circumstances under which the amount was received that includes a specific reference in a statutory or nonstatutory law to a function of the agency under which the amount was received and the appropriation from which the previously recorded expenditure was made. A refund of an expenditure shall be deposited by the receiving state agency in the appropriation account from which the previously recorded expenditure was made. Except as otherwise provided in this subsection, a state agency which proposes to make an expenditure from monies designated as a refund of an expenditure shall submit to the secretary of administration a written explanation of the purpose of the expenditure, which is not designated as a refund of expenditure by the secretary of administration under sub. (5) and for which no program revenue appropriation is made shall be designated as general purpose revenue (GPR) — earned. This revenue shall be treated as a nonappropriated receipt and is not available for expenditure.

**20.002 General appropriation provisions.**

(1) **EFFECTIVE PERIOD OF APPROPRIATIONS.** Unless otherwise provided appropriations shall become effective on July 1 of the fiscal year shown in the schedule under s. 20.005 and shall be expendable until the following June 30. If the legislature does not amend or eliminate any existing appropriation or on before July 1 of the odd-numbered years, such existing appropriations provided for the previous fiscal year shall be in effect in the new fiscal year and all subsequent fiscal years until amended or eliminated by the legislature. If the biennial state budget has not been enacted on or before June 30 of the odd-numbered year, the department of administration may, for accounting purposes, adjust its appropriation account structure, beginning on July 1 of the odd-numbered year, to reflect the appropriation account structure in the biennial state budget.

(2) **ACCURED TAX RECEIPTS.** (a) Solely for purposes of relating annual taxes to estimated expenses, amounts withheld under s. 71.64 prior to July 1 and taxes imposed by subch. III of ch. 77 for periods ending prior to July 1 shall be deemed accrued tax receipts as of the close of the fiscal year but no revenue shall be deemed accrued tax receipts unless deposited by the state on or before the August 15 following the end of the fiscal year. Solely for purposes of relating annual taxes to estimated expenses, fees imposed under subch. II of ch. 77, taxes imposed under ss. 139.02, 139.03 (2m) and (2n), 139.31 and 139.76 and assessments imposed under s. 50.14 (2) shall be deemed accrued tax receipts as of the close of the fiscal year, but no revenue shall be deemed accrued tax receipts unless deposited by this state on or before July 31.

(b) Solely for purposes of relating annual taxes to estimated expenses, revenue received in July because of a cash purchase of stamps under s. 139.31 shall be deemed accrued tax receipts as of the close of the previous fiscal year, but no revenue shall be deemed accrued tax receipts unless it is deposited by this state on or before July 31.

(3) **PAYMENTS FROM REPEALED APPROPRIATIONS.** Where any appropriation is repealed or any balance of an appropriation is caused to revert, any indebtedness incurred under the authority of such appropriation or balance prior to the time as of which such repeal or reversion of balance is to take effect, shall be paid from the appropriation or balance thus repealed or reverted unless otherwise specifically provided by law.

(3m) **REPEALED APPROPRIATIONS.** Whenever an appropriation is repealed, on the effective date of the repeal the unencumbered balance of the appropriation lapses to the fund from which it was appropriated unless otherwise provided by law. If the act repealing an appropriation provides for any part of the balance in the appropriation account to be transferred to a different appropriation account on the same effective date as the repeal, the transfer shall be effected before the lapse.

(4) **PRIOR DEBTS PROHIBITED.** No appropriation shall be available for payment of any indebtedness incurred prior to the time such appropriation is to take effect unless otherwise specifically provided by law.

(5) **CONDITIONAL APPROPRIATIONS.** All appropriations to any department, expenditures from which, by law, may be made only with the approval of the governor or the secretary of administration, shall be construed to be conditional appropriations which shall become available only as contemplated expenditures therefrom are approved by these officers, as required by law.

(6) **UNUSED APPROPRIATIONS.** Whenever a continuing appropriation from any fund has accomplished its purpose or is no longer deemed necessary for such purpose, the secretary of administration is authorized to lapse such appropriation balance, in whole or in part, to the fund from which appropriated upon consultation with the director of the state agency concerned.

(7) **APPROPRIATION DETAIL.** The detailed explanation of the appropriations made to the several state agencies, including specific program purposes and restrictions, is contained in ss. 20.115 to 20.875. When the amounts in the schedule for a single appropriation are shown in 2 or more lines the portions of the total amount shown on separate lines are for informational purposes only and are not limiting. All appropriations shall be made from the general fund, unless otherwise indicated. Whenever the text in ss. 20.115 to 20.875 refers to “schedule” it means the appropriation schedule under s. 20.005 (3).

(8) **FEDERAL REDUCTION OR TERMINATION; EFFECT.** All appropriations made in this chapter are subject to the specific provision that when and if the federal government funding of any portion of
a program is reduced or terminated, state participation in the pro-
gram may be reduced by the governor in the same proportion as
such federal reduction, such state reduction to be implemented by
the responsible state agency. Notwithstanding any other provi-
sions of the statutes, local units of government are hereby autho-
rized to make similar proportionate reductions in their support of
such programs.

(9) FEDERAL REVENUE SHARING. Revenue received in July of
any year under the federal state and local fiscal assistance act,
relating to the revenue due for the quarter ending on the previous
June 30, shall be deemed accrued receipts as of the close of the fiscal
year.

(10) EXCESS STATE MATCHING FUNDS. If any appropriation that
is made to match or secure federal funds is in excess of the amount
required to match or secure federal funds, the state agency that is
responsible for the administration of such funds shall promptly
notify the federal aid management service of the department of
administration which shall promptly notify the governor and the
joint committee on finance. Such funds shall then be placed in
unallotted reserve and may not be released unless the release is
first approved by the joint committee on finance.

(11) TEMPORARY REALLOCATION OF SURPLUS MONEYS. (a) All
appropriations, special accounts and fund balances within the
general fund or any segregated fund may be made temporarily
available for the purpose of allowing encumbrances or financing
expenditures of other general or segregated fund activities or for
the purpose of financing unemployment insurance benefits from
the unemployment reserve fund under par. (b) 3m. whenever there
are insufficient moneys in the funds or accounts from which the
activities are financed or whenever there are insufficient moneys in
the unemployment reserve fund to pay unemployment insurance
benefit payments if there are accounts receivable balances or
moneys anticipated to be received from lottery proceeds, as
defined in s. 25.75 (1) (c), tax or contribution revenues, gifts,
grants, fees, sales of service, or interest earnings recorded under
s. 16.52 (2) that will be sufficient to repay the fund or account from
which moneys are transferred. The secretary of administration
shall determine the composition and allowability of the accounts
receivable balances and anticipated moneys to be received for this
purpose in accordance with s. 20.903 (2) and shall specifically
approve the use of surplus moneys from the general or segregated
funds after consultation with the appropriate state agency head for
use by specified accounts or programs. The secretary of adminis-
tration shall reallocate available moneys from the budget stabi-
лизation fund under s. 16.465 prior to reallocating moneys from
any other fund.

(b) 1. Except with respect to reallocations made under subd. 3m.,
the secretary of administration shall limit the total amount of
any temporary reallocations to a fund other than the general fund
to $400,000,000.

2. Except as provided in subd. 3, the secretary of administra-
tion shall limit the total amount of any temporary reallocations to
the general fund at any one time during a fiscal year to an amount
equal to 9 percent of the total amounts shown in the schedule
under s. 20.005 (3) of appropriations of general purpose revenues,
calculated by the secretary as of that time and for that fiscal year.

3. In addition to the amount permitted for temporary realloca-
tions in subd. 2., the secretary may permit an additional 3 percent
of the total amounts shown in the schedule under s. 20.005 (3) of
appropriations of general purpose revenues, calculated by the sec-
retary as of that time and for that fiscal year, to be used for tempo-
rary reallocations to the general fund but only if the reallocation
is for a period not to exceed 30 days. Reallocations may not be
made under this subdivision for consecutive periods.

3m. Upon request of the secretary of workforce development
under s. 108.16 (13), the secretary of administration may tempo-
rarily transfer moneys available under par. (a) to the unemploy-
ment reserve fund. The secretary of administration shall credit
repayments received from the unemployment reserve fund to the
funds or accounts from which the transfer was made. The trans-
fers outstanding under this subdivision may not exceed a total of
$50,000,000 at any time. No transfer may be made under this sub-
division unless the secretary of administration first submits writ-
ten notice to the cochairpersons of the joint committee on finance
that the transfer is proposed to be made. If the cochairpersons of
the committee do not notify the secretary of administration that the
committee has scheduled a meeting for the purpose of reviewing
the proposed transfer within 30 days after the date of the secre-
tary’s notification, the transfer may be made as proposed by the
secretary. If, within 30 days after the date of notification by the
secretary of administration, the cochairpersons of the committee
notify the secretary that the committee has scheduled a meeting
for the purpose of reviewing the proposed transfer, the transfer
may be made under this subdivision only upon approval of the
committee.

4. This paragraph does not apply to reallocations from the
budget stabilization fund to the general fund.

(c) The secretary may assess a special interest charge against
the programs or activities utilizing surplus moneys within the
same fund under this subsection in an amount not to exceed the
daily interest earnings rate of the state investment fund during the
period of transfer of surplus moneys to other accounts or pro-
grams. Except as provided in s. 16.465 and except with respect
to transfers made under par. (b) 3m., the secretary shall assess a
special interest charge against the fund utilizing surplus moneys
under this subsection in an amount equal to the rate of return
the state investment fund earnings would have created to the fund
from which the reallocation was made. This interest shall be cal-
culated and credited to the appropriate fund at the same time the
earnings from the state investment fund are distributed and shall
be considered an adjustment to those earnings.

(d) Except with respect to transfers made under par. (b) 3m.,
this subsection applies only to those funds participating in the
investment fund for purposes of temporary reallocation between
funds or accounts. No transfer may be made under this subsection
from any of the following funds or specified accounts in these funds:

1. The bond security and redemption fund under s. 18.09.
2. The capital improvement fund under s. 18.08.
3m. The election administration fund.
4. The industrial building construction loan fund under s.
560.10, 2005 stats.
5. All trust funds authorized under ch. 40.
6. The veterans trust fund under s. 25.36.
7. The state housing authority reserve fund under s. 25.41.
8. The fish and wildlife account within the conservation fund.

(e) The secretary of administration may not exercise the
authority granted in this subsection if a temporary reallocation
would jeopardize the cash flow of any fund or account from which
a temporary reallocation would be made.

(f) If the secretary of administration exercises or proposes to
exercise the authority granted in this subsection, he or she shall
publish and transmit a report to the chief clerk of each house of the
legislature, for distribution to the appropriate standing commit-
tees under s. 13.172 (3), on a monthly basis specifying the date,
amount, source and use of any outstanding temporary reallocation
or proposed reallocation of moneys for the period covered by the
report.

(12) SUSPENSION OF EXPENDITURES. No moneys may be
expended by any state agency, except the legislature or courts, for
permanent, project, part-time or limited term employment if the
funding for the position has been temporarily withheld under s.
16.50 (3).

(13) INDIAN GRANTS. Notwithstanding any statute to the con-
trary, wherever any law authorizes a grant of state funds to be
made by a state agency to any county, city, village or town for any
purpose, funds may also be granted by that state agency to any fed-
erally recognized tribal governing body for the same purpose. The
20.003 Appropriation acts and bills. (2) LEGISLATIVE REFERENCE BUREAU AUTHORITY. All appropriations made by the legislature shall be listed in this chapter. The legislative reference bureau shall assign numbers in this chapter to any appropriation not so numbered and if appropriation laws are enacted which are not numbered to correspond with the numbering system of this chapter as outlined in sub. (3), the legislative reference bureau shall renumber such laws accordingly.

(3) NUMBERING SYSTEM. (a) In the schedule of s. 20.005 and in the text in ss. 20.115 to 20.875, all state agencies shall be arranged within functional areas. Each functional area is assigned a subchapter and each state agency shall be assigned a section within that subchapter. Each subsection constitutes a program, and each constitutes an appropriation.

(b) Except as provided under par. (c), all appropriations are identified according to their source of funds, as defined in s. 20.001, by the paragraph letters assigned as follows:

1. Appropriations from general purpose revenues shall be assigned paragraph letters (a) to (f).

(c) All appropriations under ss. 20.370 and 20.395 shall be identified by 2 letters, the first letter indicating a subprogram and the 2nd letter indicating the source of funds, as defined in s. 20.001. To the extent feasible, the 2nd paragraph letters shall be assigned as follows:

1. Appropriations from general purpose revenues shall be shown with a 2nd paragraph letter of “a” to “f”.
2. Appropriations from program revenues shall be shown with a 2nd paragraph letter of “g” to “jz” and “L” to “pz”.

4. Appropriations from segregated revenues shall be shown with a 2nd paragraph letter of “m” to “p”.
5. Federal program revenues shall be shown with a 2nd paragraph letter of “q” to “z”.

(4) REQUIRED FUND BALANCE. No bill directly or indirectly affecting general purpose revenues as defined in s. 20.001 (2) (a) may be enacted by the legislature if the bill would cause the estimated general fund balance on June 30 of any fiscal year specified in this subsection, as projected under s. 20.005 (1), to be an amount equal to less than the following amounts for that fiscal year or percentage of the total general purpose revenue appropriations for that fiscal year plus any amount from general purpose revenue designated as “Compensation Reserves” for that fiscal year in the summary under s. 20.005 (1):

(h) For fiscal year 2007−08, $65,000,000.
(fy) For fiscal year 2008−09, $65,000,000.

SUBCHAPTER X

GENERAL ADMINISTRATIVE PROVISIONS

20.901 Departmental cooperation. (1) Interchange of information and services. (a) The state agencies shall cooperate in the performance and execution of state work and shall interchange such data, reports and other information, and, by proper arrangements between the state agencies directly interested, shall interchange such services of employees, or shall so jointly employ or make such assignments of employees as the best interests of the public service require. Except as authorized under par. (b), all interchanges of services and joint employments and assignments of employees for particular work shall be consistent with the qualifications and principal duties of such employees.

(b) Notwithstanding ss. 230.047 and 230.29, in the case of an emergency which is the result of natural or human causes, state agencies may cooperate to maintain required state services through the temporary interchange of employees. The interchange of employees may be of 2 types: where an appointing authority declares an emergency in writing to the governor; or where the governor or his or her designee declares an emergency. If an appointing authority declares an emergency, the interchange
of employees is voluntary on the part of those employees designated by the sending state agency as available for interchange. If the governor or his or her designee declares an emergency, the governor may require a temporary interchange of employees. An emergency which is declared by an appointing authority may not exceed 72 hours unless an extension is approved by the governor or his or her designee. An employee who is assigned temporary interchange duties may be required to perform work which is not normally performed by the employee or described in his or her position classification. An interchange employee shall be paid at the rate of pay for the employee’s permanent job unless otherwise authorized by the administrator of the division of personnel administration in the department of administration. State agencies receiving employees on interchanges shall keep appropriate records and reimburse the sending state agencies for authorized salaries and expenses. The administrator of the division of personnel management in the department of administration may institute temporary pay administration policies as required to facilitate the handling of such declared emergencies.

(2) **Employee Powers and Privileges.** Whenever the employees of any state agency are assigned or required hereunder to perform services for any other state agency, such employees are vested with all powers and may enjoy all privileges necessary to perform the duties and execute the functions imposed upon and delegated to them and may perform such services and exercise such powers in the same manner, to the same extent and with like effect as though regularly appointed therefor.

(3) **Records.** Each state agency shall keep a record of all work done for or in cooperation with any other state agency under this section.

(4) **Educational Inter-System Cooperation.** The board of regents of the University of Wisconsin System and the technical college system board shall establish arrangements for joint use of facilities and joint staffing of programs operated by either system, in such ways as to make their educational and public services programs as fully and economically available to the citizens of the state as possible. Such arrangements may include, but are not limited to, inter-system rental agreements, contracts for services provided by one system in support of programs of the other system, joint management of facilities and programs at specific locations, joint enrollment of students and joint employment of staff.

**History:** 1973 c. 98; 1977 c. 418; 1983 a. s. 27; 1993 a. s. 399; 2003 a. ss. 691, 9160; 2015 a. 55.

### 20.902 Fiscal year.

The fiscal year of the state commences on the first day of July in each year and closes on the next succeeding day. Joint accounts in the books and accounts of the department of administration and of the state treasurer shall be kept, and all their duties shall be performed with reference to the beginning and ending of the fiscal year. All officers and persons required to render annual accounts to the department of administration and treasurer shall close such accounts on June 30 in each year, and shall render such accounts as soon thereafter as may be practicable, and the fiscal year of all departments, boards and offices connected with the state government in any manner shall commence and close on the same dates as the fiscal year of the state. A fiscal year ending in an even-numbered calendar year may be designated as an even-numbered fiscal year, and a fiscal year ending in an odd-numbered calendar year may be designated as an odd-numbered fiscal year. For all fiscal purposes the entire summer session of any state educational institution or school under the supervision of the technical college system board shall be considered as occurring in the fiscal year in which such session terminates, and expenditures therefor and revenues thereof shall be charged or credited to the appropriation for such fiscal year. All bills for printing incurred prior to the beginning of such fiscal year for such summer sessions may be paid out of current funds and be replaced at the beginning of such fiscal year.

**History:** 1993 a. s. 399.

### 20.903 Forestalling appropriations.

(1) **Liabilities created only by authority of law.** Except as provided in s. 20.002 (11), no state agency, and no officer or employee thereof, may contract or create, directly or indirectly, any debt or liability against the state for or on account of any state agency, for any purpose, without authority of law therefor, or prior to an appropriation of money by the state to pay the debt or liability, or in excess of an appropriation of money by the state to pay such debt or liability. Any arrangement made by a state agency, or any officer or employee thereof, with a vendor or contractor to deliver merchandise or provide services and inordinately delay the billing for such merchandise or services for the purpose of circumventing budgetary intent is a violation of this subsection. Unless otherwise authorized by law, no state agency may authorize or approve the diversion, use or expenditure, directly or indirectly, of any money or property belonging to, or appropriated or set aside by law for a specific use, to or for any other purpose or object than that for which the same has been or may be so set apart. Nothing in this subsection may be construed to prevent the employment of the inmates or ordinary laborers at any institution to aid in the prosecution of work for which appropriations have been made. Whenever any state agency obtains information or evidence of a possible violation of this subsection, it shall provide the information or evidence to the joint committee on finance and the secretary of administration. Any person who violates this section may be required to forfeit not less than $200 nor more than $1,000.

(2) **Anticipation of accounts receivable.** (a) **Notwithstanding sub. (1), liabilities may be created and moneys expended from a program revenue appropriation or corresponding segregated revenue appropriation from program receipts:**

1. During the current fiscal year, in an amount not exceeding the total of the unexpended moneys in the appropriation account plus the value of accrued accounts receivable outstanding, inventories, work in process and estimated fee revenues. In this subdivision, “estimated fee revenues” are those revenues from fees anticipated to be charged during the current fiscal year which have not been assessed at the time of encumbrance or expenditure.

2. At the end of the current fiscal year, in an amount not exceeding the unexpended moneys in the appropriation account, plus the value of accrued accounts receivable outstanding, inventories and work in process.

(b) **Notwithstanding sub. (1), liabilities may be created and moneys expended from the appropriations under ss. 20.370 (8) (mt), 20.395 (4) (eq), (er) and (es) and 20.505 (1) (im) (ka), (kb), (kc), (kd), and (kl) in an additional amount not exceeding the depreciated value of equipment for operations financed under ss. 20.370 (8) (m), 20.395 (4) (eq), (er) and (es) and 20.505 (1) (im), (ka), (kb), (kc), (kd), and (kl).** The secretary of administration may require such statements of assets and liabilities as he or she deems necessary before approving expenditure estimates in excess of the unexpended moneys in the appropriation account.

(bn) **Notwithstanding sub. (1), liabilities may be created and moneys expended from the appropriations under s. 20.410 (1) (kf), (kk) and (km) in an additional amount not exceeding the value of the equipment and buildings for operations financed under s. 20.410 (1) (kf), (kk) and (km).**

(bp) **Notwithstanding sub. (1), liabilities may be created and moneys expended from the appropriations under s. 20.435 (2) (g), (gk), and (kx) in an additional amount not exceeding the value of the equipment and buildings for operations financed under s. 20.435 (2) (g), (gk), and (kx).**

(c) **All expenditures authorized by this subsection are subject to the estimate approval procedure provided in s. 16.50 (2). Notwithstanding pars. (a), (b), (bn), and (bp), the maximum amounts that may be expended from a program revenue or program revenue — service appropriation which is limited to the amounts in the schedule are the amounts in the schedule, except as authorized**
by the department of administration under s. 16.515 or the joint committee on finance under s. 13.101.

20.904 Transfer of appropriation charges. (1) CLEARING ACCOUNTS PERMITTED. Whenever for economy or convenience, any materials or services are purchased, or expense is incurred and the same is properly apportionable and chargeable to more than one appropriation, within a single state agency, the responsible state agency may, subject to the approval of the department of administration, direct payment of the same out of one of the appropriations chargeable with some part of such materials, services or expense or out of a separate clearing account.

(2) REIMBURSEMENT OF CLEARING ACCOUNTS. In any such case the state agency making the purchase or incurring the expense shall determine prior to the closing of the books for the fiscal year, and at such other times as may be determined by the secretary of administration, the amounts chargeable to the several appropriations and shall issue transfer vouchers, setting forth in each voucher the reason therefor. The department of administration shall credit the appropriation or account from which payment was originally made and shall debit the appropriation directed to be charged by the transfer voucher in the amount named therein.

(3) PENALTY FOR IMPROPER USE. Such charges and subsequent transfers shall not be construed as subjecting any person to the penalty provided in s. 20.903 (1), but in case the appropriation or account first charged is not fully reimbursed by such transfers, the penalty provided in s. 20.903 (1) shall be held to apply as in other cases.

History: 1979 c. 221.

20.9045 Department of natural resources; appropriations; program balances; revenues. (1) PROGRAM BALANCES. At the close of each fiscal year the unencumbered balances of appropriations financed by unassigned revenues of the conservation fund under s. 20.370 shall revert to the respective accounts under s. 20.370 in the ratio that revenues were allotted from such accounts and, together with the anticipated unassigned revenues by programs in the succeeding year, shall constitute the source of moneys available for appropriation to the programs under s. 20.370 in the succeeding year.

(2) REVENUES AND APPROPRIATIONS. All moneys received pursuant to the operation of programs under s. 20.370 shall be credited to the program which generated them. Revenues which are assigned by law to a particular purpose shall be credited to and may be expended for that purpose. Unassigned revenue shall be credited to the general purpose segregated revenue of the proper program, but the expenditure from such revenue shall be limited to the appropriation of general purpose segregated revenue appearing in the schedule. Whenever the estimated unassigned revenues and available unassigned revenue appropriation balances are insufficient to cover the appropriations of general purpose segregated revenue under each program, the department shall so inform the department of administration and shall indicate the portion which should be deducted from respective unassigned revenue appropriations to bring the appropriated amounts into agreement with the money available, and the department of administration shall adjust its records accordingly. Actual unassigned revenues in excess of estimated unassigned revenues appropriated may not be spent unless released by the joint committee on finance.

History: 1997 a. 27 ss. 454, 455, 744

20.905 Payments to state. (1) MANNER OF PAYMENT. Payments to the state may be made in legal tender, postal money order, express money order, bank draft, or certified check. Payments to the state may also be made by personal check or individual check drawn in the ordinary course of business unless otherwise required by individual state agencies. Payments to the state made by a debit or credit card approved by the secretary of administration or his or her designee may be accepted by state agencies. Prior to authorizing the use of a card, the secretary of administration or his or her designee shall determine how any charges associated with the use of the card shall be paid, unless the method of payment of such charges is specified by law. Unless otherwise specifically prohibited by law, payments to the state may be made by electronic funds transfers.

(2) PROTESTED PAYMENT. If a personal check tendered to make any payment to the state is not paid by the bank on which it is drawn, if an electronic funds transfer does not take place because of insufficient funds, or if a demand for payment under a debit or credit card transaction is not paid by the bank upon which demand is made, the person by whom the check has been tendered, the person whose funds were to be electronically transferred, or the person entering into the debit or credit card transaction shall remain liable for the payment of the amount for which the check was tendered, the amount that was to be electronically transferred, or the amount agreed to be paid by debit or credit card and for all legal penalties, additions and a charge set by the secretary of administration or his or her designee which is comparable to charges for unpaid drafts made by establishments in the private sector. In addition, the officer to whom the check was tendered, to whom the electronic funds transfer was promised, or to whom the debit or credit card was presented may, if there is probable cause to believe that a crime has been committed, provide any information or evidence relating to the crime to the district attorney of the county having jurisdiction over the offense for prosecution as provided by law. If any license has been granted upon any such check, any such electronic funds transfer, or any such debit or credit card transaction, the license shall be subject to cancellation for the non-payment of the check, the failure to make the electronic funds transfer, or failure of the bank to honor the demand for payment authorized by debit or credit card.

(3) OVERPAYMENTS AND UNDERPAYMENTS. Unless otherwise provided by law, state institutions and agencies, as defined in s. 227.01 (1) but also including the office of district attorney, may retain overpayments of fees, licenses, and similar charges when the overpayment is $2 or less, unless such refund is specifically requested in writing. Underpayments of not more than $2 may be waived when the administrative cost of collection would exceed the amount of underpayment.

20.906 Receipts and deposits of money. (1) FREQUENCY OF DEPOSITS. Unless otherwise provided by law, all moneys collected or received by any state agency for or in behalf of the state or which are required by law to be turned into the state treasury shall be deposited in or transmitted to the state treasury at least once a week and also at other times as required by the governor or the secretary of administration and shall be accompanied by a statement in such form as the secretary of administration may prescribe showing the amount of such collection and from whom and for what purpose or on what account the same was received. All moneys paid into the treasury shall be credited to the general purpose revenues of the general fund unless otherwise specifically provided by law.

(2) FORM OF RECEIPTS. The department of administration shall prescribe a form of official blank receipts to be issued by or for each state agency collecting or receiving any money for the state, or collecting any money required by law to be turned into the state treasury, and such state agency shall issue such official receipts to each person from whom money is received. All such official receipts shall be prenumbered consecutively. The secretary of administration may waive the issuance of official receipts in cases where the secretary prescribes other adequate collection control measures, but receipts shall be issued on demand.
improper use of receipts form. Any person who issues or delivers such official receipt or passes or utters the same, except as required by law, is guilty of a misdemeanor.

(4) Penalties. If any state agency fails to make such deposits of money, or to make such reports as are required by this section, the department of administration, with the approval of the governor, shall withhold all moneys due such state agency until this section is complied with; and upon such failure to make such deposits of money, the officer or employee so failing shall be liable to the secretary of administration for an amount equal to the interest upon the moneys so withheld from deposit at the same rate as that received by the state upon moneys held in the state investment fund, for the period for which such deposit is withheld; and such interest shall be a charge against the officer or employee and shall be deducted from that person’s compensation.

(5) Conditions precedent to release of appropriations. All appropriations from state revenues for any state agency are made on the express conditions that such state agency pays all moneys received by it into the state treasury within one week of receipt or as often as otherwise directed by the governor or secretary of administration, and conforms with ss. 16.53 (1) and 20.002, regardless of the type of appropriations made to the state agency. Upon failure to comply with this subsection, the department of administration shall prescribe a form, which the department may modify to the state agency from state revenues until the state agency complies with this subsection. Upon failure or refusal to so comply, after due notice received from the department of administration, any appropriations from state revenues to the state agency shall permanently revert to the fund from which appropriated.

(6) Direct deposits. The governor or the secretary of administration may require state agencies making deposits under this section to make direct deposits to any depository designated by the secretary of administration or his or her designee, if such a requirement is advantageous or beneficial to this state.

20.907 Receipts from gifts and other outside sources.

(1) Acceptance and investment. Unless otherwise provided by law, all gifts, grants, bequests, and devises to the state or to any state agency for the benefit or advantage of the state, whether made to trustees or otherwise, shall be legal and valid when approved by the joint committee on finance and shall be executed and enforced according to the provisions of the instrument making the same, including all provisions and directions in any such instrument for accumulation of the income of any fund or rents and profits of any real estate without being subject to the limitations and restrictions provided by law in other cases; but no such accumulation shall be allowed to produce a fund more than 20 times as great as that originally given.

(1m) Reporting. State agencies shall, by December 1 annually, submit a report to the joint committee on finance and the department of administration on expenditures made by the agency during the preceding fiscal year from nonfederal funds received as gifts, grants, bequests or devises. The department of administration shall prescribe a form, which the department may modify as appropriate for the various state agencies, that each state agency must use to report its expenditures as required under this subsection. The form shall require the expenditures to be reported in aggregate amounts as determined by the department of administration. The report shall also include a listing of in-kind contributions, including goods and services, received and used by the state agency during the preceding fiscal year.

(2) Custody and accounting. The secretary of administration shall have custody of all such gifts, grants, and bequests in the form of cash or securities. The department of administration shall keep a separate account for each state agency receiving such gifts, grants, and bequests, including therein investments, accumulations, payments, and any other transaction pertaining to such monies. If no state agency is designated by the donor to carry out the purposes of the conveyance, the joint committee on finance shall appoint a state agency to act as trustee.

(3) Other statutes. Nothing contained in this section or s. 20.855 (6) (g) shall be deemed to abrogate any other statutes pertaining to gifts, grants, bequests and devises to specifically named state officers or agencies or to or for the use of the state.

(4) Audit. All moneys received by any state agency as income on the principal of funds received by such state agency as gifts, legacies, and devises and from membership fees and sale of publications and duplicates shall be expended under the direction of the proper authorities and the audit of the department of administration shall be for the sole purpose of ascertaining that such expenditures are lawfully made and authorized by the proper authorities of such state agency.

(5) Custody accounts. (a) Except as provided in par. (b), all moneys that may come into the possession of any officer or employee of a state agency by virtue of his or her office or employment shall be deposited with the secretary of administration, regardless of the ownership thereof.

(b) Paragraph (a) does not apply whenever the disposition of moneys is otherwise provided by law or whenever a state agency receives moneys incident to an authorized activity that are not appropriated and not directed to be deposited with the secretary of administration and the agency promulgates a rule that prescribes procedures in accordance with ch. 34 for the deposit of the moneys.

(c) The secretary of administration shall establish an account for moneys received under par. (a) from each source and shall make payments and refunds from each account authorized under par. (e) as directed by the state agency depositing the moneys, unless otherwise provided by law. Each payment shall be made upon submission of a claim audited under s. 16.53 and paid by voucher from the appropriation under s. 20.855 (6) (j) in accordance with procedures established by the secretary of administration.

(d) Each account under this subsection shall be established in the appropriate fund, as determined by the secretary of administration.

(e) An account may be established and moneys expended therefrom under this subsection for any of the following purposes:

1. A trust account or deposit containing moneys which are owned or payable or may be determined to be owned by or payable to persons other than the state.

All such positions shall be subject to the same basic salary establishment, implementation, modification, administrative control and application procedures. The salary-setting mechanism contained in this section shall be directed to establishing salaries that are determined on a comprehensive systematic basis, bear equitable relationship to each other and to the salaries of classified service subordinates, and be reviewed and established with the same frequency as those of state employees in the classified service.

(1) Establishment of executive salary groups. To this end, a compensation plan consisting of 10 executive salary groups is established in schedule one of the state compensation plan for the classified service from ranges 18 through 27. No salary range established above salary range 23 may be utilized in the establishment and compensation of positions in the classified service without specific approval of the joint committee on employment relations. The dollar value of the salary range minimum and maximum for each executive salary group shall be reviewed and established in the same manner as that provided for positions in the classified service under s. 230.12 (3). The salary-setting authority of individual boards, commissions, elective and appointive officials elsewhere provided by law is subject to and limited by this section, and the salary rate for these positions upon appointment and subsequent thereto shall be set by the appointing authority pursuant to this section, except as otherwise required by article IV, section 26, of the constitution.

(3) Justices and judges. The annual salary for any supreme court justice or judge of the court of appeals or circuit court shall be established under sub. (2), except that any compensation adjustments granted under s. 230.12 shall not become effective until such time as any justice or judge takes the oath of office.

The joint committee on employment relations, by majority vote of the full committee, may amend recommendations for initial position
assignments and changes in assignments to the executive salary groups submitted by the administrator of the division of personnel management in the department of administration. All division administrator assignments and amendments to assignments of administrator positions approved by the committee shall become part of the compensation plan. Whenever a new unclassified division administrator position is created, the appointing authority may set the salary for the position until the joint committee on employment relations approves assignment of the position to an executive salary group. If the committee approves assignment of the position to an executive salary group having a salary range minimum or maximum inconsistent with the salary paid to the incumbent at the time of such approval, the incumbent’s salary shall be adjusted by the appointing authority to conform with the committee’s action, effective on the date of that action.
