CHAPTER 443
EXAMINING BOARD OF ARCHITECTS, LANDSCAPE ARCHITECTS, PROFESSIONAL ENGINEERS, DESIGNERS, AND PROFESSIONAL LAND SURVEYORS

443.01 Definitions. In this chapter, unless the context provides otherwise:

(1) “Architect” means a person who is legally qualified to practice architecture.

(1m) “Construction surveying” means surveying or mapping that is performed in support of infrastructure design, in support of improvements related to private and public boundary lines, or in support of construction layout or historic preservation, and establishing any postconstruction documentation related to that surveying or mapping.

(2) “Engineer—in—training” means a person who is a graduate in an engineering curriculum of 4 years or more from a school or college approved by the professional engineer section of the examining board as of satisfactory standing, or a person who has had 4 years or more of experience in engineering work of a character satisfactory to the professional engineer section; and who, in addition, has successfully passed the examination in the fundamental engineering subjects prior to the completion of the requisite years in engineering work, as provided in s. 443.05, and who has been granted a certificate of record by the professional engineer section stating that the person has successfully passed this portion of the professional examinations.

(3) “Examining board” means the examining board of architects, landscape architects, professional engineers, designers, and professional land surveyors.

(3b) “Geodetic surveying” means surveying to determine the size and shape of the earth or the precise positions of points on the surface of the earth.

(3g) “Landscape architect” means a person who practices landscape architecture.

(3r) “Landscape architecture” means the performance of a professional service involving conceptual land planning and conceptual design for integrated land development based on the analysis of environmental characteristics, operational requirements, land use or commensurate land values. “Landscape architecture” includes the investigation, selection or allocation of land or water resources for appropriate uses; the formulation of graphic or written criteria for a land planning or land construction program; the preparation, review or analysis of a master plan for land use or development; the production of a graphic land area, grading, drainage, planting or land construction plan; and the planning of a road, bridge or other structure with respect to the aesthetic requirements of the area on which it will be constructed, except that “landscape architecture” does not include any of the following:

(a) Professional services performed by a registered architect or by a person who has in effect a permit under s. 443.10 (1) (d).

(b) Professional services performed by a professional engineer or by a person who has in effect a permit under s. 443.10 (1) (d).

(c) Professional services performed by a professional land surveyor.

(d) The practice of planning as is customarily done by a regional, park, or urban planner, or by a person participating on a planning board or commission, within the scope of that practice.

(e) The practice of a natural resource professional, including a biologist, professional geologist, as defined in s. 470.01 (5), or professional soil scientist, as defined in s. 470.01 (7).

(f) The actions of a person who is under the supervision of a licensed landscape architect or an employee of a licensed landscape architect, unless the person assumes responsible charge, design, or supervision.

(g) Work performed on property by an individual who owns or has control over the property, or work performed by a person hired by an individual who owns or has control of the property.

(h) Making plans or drawings for the selection, placement, or use of plants or site features.

(5) “Practice of architecture” includes any professional service, such as consultation, investigation, evaluation, planning, architectural and structural design, or responsible supervision of construction, in connection with the construction of any private or public buildings, structures, projects, or the equipment thereof, or addition to or alterations thereof, in which the public welfare or the safeguarding of life, health or property is concerned or involved.

(6) “Practice of professional engineering” includes any professional service requiring the application of engineering principles and data, in which the public welfare or the safeguarding of life, health or property is concerned and involved, such as consultation, investigation, evaluation, planning, design, or responsible supervision of construction, alteration, or operation, in connection with any public or private utilities, structures, projects, bridges, plants and buildings, machines, equipment, processes and works. A person offers to practice professional engineering if the person by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself or herself to be a professional engineer; or who through the use of some other title implies that he or she is a professional engineer; or who holds himself or herself out as able to practice professional engineering.

(6s) “Practice of professional land surveying” means any of the following:

(a) Professional services performed by a registered architect or by a person who has in effect a permit under s. 443.10 (1) (d).

(b) Professional services performed by a professional engineer or by a person who has in effect a permit under s. 443.10 (1) (d).

(c) Professional services performed by a professional land surveyor.

(d) The practice of planning as is customarily done by a regional, park, or urban planner, or by a person participating on a planning board or commission, within the scope of that practice.

(e) The practice of a natural resource professional, including a biologist, professional geologist, as defined in s. 470.01 (5), or professional soil scientist, as defined in s. 470.01 (7).

(f) The actions of a person who is under the supervision of a licensed landscape architect or an employee of a licensed landscape architect, unless the person assumes responsible charge, design, or supervision.

(g) Work performed on property by an individual who owns or has control over the property, or work performed by a person hired by an individual who owns or has control of the property.

(h) Making plans or drawings for the selection, placement, or use of plants or site features.

(5) “Practice of architecture” includes any professional service, such as consultation, investigation, evaluation, planning, architectural and structural design, or responsible supervision of construction, in connection with the construction of any private or public buildings, structures, projects, or the equipment thereof, or addition to or alterations thereof, in which the public welfare or the safeguarding of life, health or property is concerned or involved.

(6) “Practice of professional engineering” includes any professional service requiring the application of engineering principles and data, in which the public welfare or the safeguarding of life, health or property is concerned and involved, such as consultation, investigation, evaluation, planning, design, or responsible supervision of construction, alteration, or operation, in connection with any public or private utilities, structures, projects, bridges, plants and buildings, machines, equipment, processes and works. A person offers to practice professional engineering if the person by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself or herself to be a professional engineer; or who through the use of some other title implies that he or she is a professional engineer; or who holds himself or herself out as able to practice professional engineering.

(6s) “Practice of professional land surveying” means any of the following:
(a) Any service comprising the establishment or reestab-
ishment of the boundaries of one or more tracts of land or the
boundaries of any of the following interests in real property:
1. The rights-of-way of roads or streets.
2. Air or subsurface property rights.
3. Public or private easements.

(b) Designing or coordinating designs for the purpose of plat-
ting or subdividing land into smaller tracts.

(c) Placing, replacing, restoring, or perpetuating monuments
in or on the ground to evidence the location of a point that is neces-
sary to establish boundaries of one or more tracts of land or the
subdivision or consolidation of one or more tracts of land or to
describe the boundaries of any interest in real property identified
in par. (a).

(d) Preparing maps that depict any interest in real property
identified in par. (a) for the purpose of establishing the boundaries
of any such interest in real property.

(e) Preparing any of the following:
1. An official map established or amended under s. 62.23 (6),
established or amended under the authority of s. 61.35, or adopted
under s. 60.61.
2. An assessor’s plat under s. 70.27.
3. A map or plat of cemetery lands under s. 157.07.
4. A subdivision plat, certified survey map, or correction
instrument under ch. 236.
5. A condominium plat or correction instrument under ch.
703.
6. A project and time-share property plat under s. 707.215.

(f) Performing construction surveying or geodetic surveying
in connection with any of the practices specified in pars. (a) to (e).

(7) “Professional engineer” means a person who by reason of
his or her knowledge of mathematics, the physical sciences and
the principles of engineering, acquired by professional education
and practical experience, is qualified to engage in engineering
practice as defined in sub. (6).

(7m) “Professional land surveyor” means a person who, by
reason of his or her knowledge of law, mathematics, physical sci-
ences, and measurement techniques, acquired by education and
practical experience, is qualified to engage in land surveying
practice as distinguished from superfintining of construc-
tion, and means the performance, or the supervision thereof,
of reasonable and ordinary on-site observations to determine
that the construction is in substantial compliance with the approved
drawings, plans and specifications.

History: 1971 c. 42, 215, 307; 1975 c. 9, 199, 200, 334, 421; 1977 c. 29, 125,
418, 1979 c. 34, 98, 1979 c. 162, 38 (7); 1979 c. 167, 1979 c. 221, 785; 1979 c.
355; 1983 a. 189 ss. 274, 329 (18); 1993 a. 463, 465, 491; 1997 a. 300; 2009 a. 123;
2011 a. 146; 2013 a. 358.

The duties of county surveyors and other land surveyors and minimum standards
for property surveys are discussed. 69 Atty. Gen. 160.

443.015 Examining board to establish continuing edu-
cation requirements; promulgate rules. 1 Each section
of the examining board may establish continuing education
requirements for renewal of a credential issued by that section
under this chapter.

1m) (a) 1. Each section of the examining board shall pro-
mulgate rules to do all of the following:
   a. Allow the holder of a credential under this chapter who is
   at least 65 years of age or has actively maintained that credential
   for at least 20 years, which need not be consecutive, and who certi-
   fies that he or she has retired from and no longer engages in
   the practice for which he or she previously held the creden-
   tial, and pays the fee under par. (d). Section 440.08 (3) (a) and
   (b) does not apply to the renewal of such a credential.
   b. Allow an individual who previously held a credential under
   this chapter, and failed to renew that credential prior to the renewal
date, to apply to the board to renew the credential with retired sta-

tus if the individual is at least 65 years of age or had actively main-
tained that credential for at least 20 years, which need not be con-
secutive, certifies that he or she has retired from and no longer
engages in the practice for which he or she previously held the cre-
dential, and pays the fee under par. (d). Section 440.08 (3) (a) and
(b) does not apply to the renewal of such a credential.
   c. Allow the holder of a credential classified as retired status
as described under subd. 1. a. or b. to apply to the appropriate sec-
tion of the examining board to remove the retired status classifica-
tion if he or she satisfies reinstatement requirements established
by the appropriate section of the examining board by rule.
   2. Rules promulgated under subd. 1. may not require a certifi-
cation to be notarized.
   (b) Any rules a section of the examining board promulgates
under sub. (1) shall exempt a credential holder whose credential is
classified as retired status under par. (a) from continuing educa-
tion requirements.
   (c) 1. A credential holder whose credential is classified as
retired status under par. (a) may not engage in the practice for
which he or she holds that credential.
   2. A credential holder whose credential is classified as retired
status under par. (a) may continue to use a title in connection with
that credential if he or she clearly indicates to the public that he or
she is retired, including placing the abbreviation “Ret.” or similar
appellation after his or her title.
   (d) The renewal fee for a credential holder whose credential is
classified as retired status under par. (a) shall be one-half of the
usual renewal fee that otherwise applies.

NOTE: Sub. (1m) is created eff. 12−1−20 by 2019 Wis. Act 94.

(2) Each section of the examining board may promulgate rules
governing the professional conduct of individuals, firms, partners-
ships, and corporations registered, permitted, certified, or granted
a certificate of authorization by that section.

History: 2007 a. 47; 2011 a. 146; 2019 a. 94.

Cross-reference: See also chs. A−E 10, 13, Wis. adm. code.

443.02 Practice requirements and registration: gener-
al provisions. 1 Any person practicing or offering to prac-
tice architecture or professional engineering in this state shall
comply with this chapter.

2. No person may practice architecture, landscape archi-
tecture, or professional engineering in this state unless the person
has been duly registered, is exempt under s. 443.14 or has in effect
a permit under s. 443.10 (1) (d).

3. Except as provided under s. 443.015 (1m) (c), no person
may offer to practice architecture, landscape architecture, or
professional engineering or use in connection with the person’s name
or otherwise assume, use or advertise any title or description tend-
ing to convey the impression that he or she is an architect, land-
scape architect, or professional engineer or advertise to furnish
architectural, landscape architectural, or professional engineering
services unless the person has been duly registered or has in effect
a permit under s. 443.10 (1) (d).

NOTE: Sub. (3) is shown as amended eff. 12−1−20 by 2019 Wis. Act 94. Prior
to 12−1−20 it reads:

2. No person may offer to practice architecture, landscape architecture, or
professional engineering or use in connection with the person’s name or other-
wise assume, use or advertise any title or description tending to convey the
impression that he or she is an architect, landscape architect, or professional
engineer or advertise to furnish architectural, landscape architectural, or pro-
fessional engineering services unless the person has been duly registered or has in effect
a permit under s. 443.10 (1) (d).

4. Except as provided under s. 443.015 (1m) (c), no person
may engage in or offer to engage in the practice of professional
land surveying in this state or use or advertise any title or descrip-
tion tending to convey the impression that he is a profes-
sional land surveyor unless the person has been granted a license
under this chapter to engage in the practice of professional land surveying.

NOTE: Sub. (4) is shown as amended eff. 12−1−20 by 2019 Wis. Act 94. Prior
to 12−1−20 it reads:
(4) No person may engage in or offer to engage in the practice of professional land surveying in this state or use or advertise any title or description tending to convey the impression that the person is a professional land surveyor unless the person has been granted a license under this chapter to engage in the practice of professional land surveying.

443.03 Registration requirements for landscape architects. (1) An applicant for registration as an architect shall submit as satisfactory evidence to the architect section of the examining board all of the following:

(a) That he or she has acquired a thorough knowledge of sound construction, building hygiene, architectural design and mathematics.

(b) One of the following:

1m. A diploma of graduation, or a certificate, from an architectural school or college approved by the architect section as of satisfactory standing, together with at least 2 years’ practical experience of a character satisfactory to the architect section in the design and construction of buildings.

2. A specific record of 7 or more years of experience in architectural work of a character satisfactory to the architect section in the design and construction of buildings.

(2) Graduation in architecture from a school or college approved by the architect section as of satisfactory standing shall be considered as equivalent to 5 years of experience, and the completion satisfactory to the architect section of each year of work in architecture in such school or college without graduation shall be considered equivalent to one year of experience. Graduation in a course other than architecture from a school or college approved by the architect section as of satisfactory standing shall be considered as equivalent to not more than 4 years of experience.

History: 1979 c. 167; 2011 a. 146.

Cross-reference: See also ch. A−E 3, Wis. adm. code.

443.035 Registration requirements for landscape architects. The landscape architect section of the examining board shall register as a landscape architect an individual who does all of the following:

(1) Submits to the department evidence satisfactory to the landscape architect section of any of the following:

(a) That he or she has a bachelor’s degree in landscape architecture, or a master’s degree in landscape architecture, from a curriculum approved by the landscape architect section and has at least 2 years of practical experience in landscape architecture of a character satisfactory to the landscape architect section.

(b) That he or she has a specific record of at least 7 years of training and experience in the practice of landscape architecture including at least 2 years of courses in landscape architecture approved by the landscape architect section, and 4 years of practical experience in landscape architecture of a character satisfactory to the landscape architect section.

(2) Satisfies the applicable requirements under s. 443.09.

Cross-reference: See also ch. A−E 9, Wis. adm. code.

443.04 Registration requirements for professional engineers. An applicant for registration as a professional engineer shall submit satisfactory evidence to the professional engineer section of the examining board of all of the following:

(1m) A diploma of graduation, or a certificate, from an engineering school or college approved by the professional engineer section as of satisfactory standing in an engineering course of not less than 4 years or a diploma of graduation or degree from a technical college approved by the professional engineer section as of satisfactory standing in an engineering–related course of study of not less than 2 years.

(2m) (a) For an applicant possessing a diploma or certificate from a course of study of not less than 4 years as specified in sub. (1m), a specific record of 4 or more years of experience in engineering work of a character satisfactory to the professional engineer section and indicating that the applicant is competent to be placed in responsible charge of engineering work.

(b) For an applicant possessing a diploma or degree from a course of study of not less than 2 years as specified in sub. (1m), a specific record of 6 or more years of experience in engineering work of a character satisfactory to the professional engineer section and indicating that the applicant is competent to be placed in responsible charge of engineering work.

Cross-reference: See also ch. A−E 4, Wis. adm. code.

The authority of the examining board is discussed. 70 Atty. Gen. 156.

443.05 Certification of engineers—trainees. (1) An applicant for certification as an engineer—trainee shall submit as satisfactory evidence to the professional engineer section of the examining board one of the following:

(a) A diploma of graduation in engineering or a certificate in engineering from a school or college approved by the professional engineer section as of satisfactory standing.

(b) A specific record of 4 years or more of experience in engineering work of a character satisfactory to the professional engineer section.

(2) Graduation in engineering from a school or college approved by the professional engineer section as of satisfactory standing shall be considered as equivalent to 4 years of experience and the completion satisfactory to the professional engineer section of each year of work in engineering in such school or college without graduation shall be considered equivalent to one year of experience. Graduation in a course other than engineering from a school or college approved by the professional engineer section as of satisfactory standing shall be considered as equivalent to 2 years of experience. No applicant may receive credit for more than 4 years of experience under this subsection.

History: 1979 c. 167; 2011 a. 146.

Cross-reference: See also ch. A−E 4, Wis. adm. code.

443.06 Licensure requirements for professional land surveyors. (1) LICENSURE, APPLICATION, QUALIFYING EXPERIENCE. (a) Application for a license to engage in the practice of professional land surveying shall be made to the professional land surveyor section of the examining board under oath, on forms provided by the department, which shall require the applicant to submit such information as the professional land surveyor section deems necessary. The professional land surveyor section may require applicants to pass written or oral examinations or both.

 Applicants who do not have an arrest or conviction record, subject to ss. 111.321, 111.322, and 111.335., shall be entitled to be granted a license to engage in the practice of professional land surveying when satisfactory evidence is submitted that the applicant has met one or more of the requirements of sub. (2).

(b) Each year, but not more than 4 years, of work or training completed in a curriculum in the practice of professional land surveying approved by the professional land surveyor section, or of responsible charge of teaching the practice of professional land surveying may be considered as equivalent to one year of qualifying experience in the practice of professional land surveying, and each year, but not more than 4 years, completed in a curriculum other than the practice of professional land surveying approved by the professional land surveyor section, may be considered as equivalent to one–half year of qualifying experience.

(2) REQUIREMENTS; LICENSE. The professional land surveyor section may grant a license to engage in the practice of professional land surveying to any person who has submitted to it an application, the required fees, and one or more of the following:

(a) Evidence satisfactory to the professional land surveyor section that he or she has received a bachelor’s degree in a course...
in the practice of professional land surveying or a related field that has a duration of not less than 4 years and is approved by the professional land surveyor section, and that he or she has engaged in the practice of professional land surveying for at least 2 years and has demonstrated practice of satisfactory character that indicates that the applicant is competent to engage in the practice of professional land surveying, if the applicant has passed an oral and written examination administered by the professional land surveyor section.

(bm) Evidence satisfactory to the professional land surveyor section that he or she has engaged in the practice of professional land surveying or a related field that has a duration of not less than 2 years and is approved by the professional land surveyor section, and that he or she has engaged in the practice of professional land surveying for at least 4 years and has demonstrated practice of satisfactory character that indicates that the applicant is competent to engage in the practice of professional land surveying, if the applicant has passed an oral and written examination administered by the professional land surveyor section.

(cm) Evidence satisfactory to the professional land surveyor section that he or she has engaged in the practice of professional land surveying for at least 10 years and has demonstrated practice of satisfactory character that indicates that the applicant is competent to engage in the practice of professional land surveying, if the applicant has passed an oral and written examination administered by the professional land surveyor section. This paragraph applies to applications for licenses to engage in the practice of professional land surveying that are submitted to the professional land surveyor section after June 30, 2000 and before July 1, 2019.

(d) An unexpired certificate of registration, certificate of certification, or license as a land surveyor to engage in the practice of professional land surveying issued to the applicant by the proper authority of a foreign country in the practice of professional land surveying or a related field that has a duration of not less than 2 years and is approved by the professional land surveyor section, and that he or she has engaged in the practice of professional land surveying for at least 4 years and has demonstrated practice of satisfactory character that indicates that the applicant is competent to engage in the practice of professional land surveying, if the applicant has passed an oral and written examination administered by the professional land surveyor section.

Although designer of plumbing systems permits must be issued to applicants who are licensed master plumbers, the examining board has wide discretion to establish design of engineering systems classifications in fields and subfields of technology required in an engineering design practice and to determine the competence of applicants who hold restricted or temporary master plumber’s licenses. 60 Atty. Gen. 37.

443.07 Permit requirements: designers of engineering systems. (1) An applicant for a permit as a designer shall submit as evidence satisfactory to the designer section of the examining board one of the following to indicate that he or she is competent to perform the scope of work:

(a) A specific record of 8 years or more of experience in specialized engineering design work and the satisfactory completion of a written examination in the field or branch, as determined by the designer section, in which certification is sought.

(b) A specific record of 12 years of experience by any person at least 35 years of age who was actively engaged in this state in the preparation of plans, specifications, designs and layouts in specific fields or branches as designated under sub. (3). Such a person may be granted a permit to offer and perform services in the designated field or branch.

(2) Completion of technological academic training or apprenticeship program approved by the board may be considered equivalent to experience, but should not exceed a total of 4 years. The successful completion of each year of academic work without graduation shall be equivalent to one year of experience. Graduation from a course other than engineering technology shall be equivalent to 2 years of experience under this subsection.

(3) Permits shall be granted, designated, and limited to the fields and subfields of technology as are determined by the designer section and recognized in engineering design practice. Any person holding a permit may prepare plans and specifications and perform consultation, investigation, and evaluation in connection with the making of plans and specifications, within the scope of the permit, notwithstanding that such activity constitutes the practice of architecture or professional engineering under this chapter.

(4) A master plumber’s license under ch. 145 shall be considered equivalent to the work experience and satisfactory completion of a written examination in the field of plumbing systems, and the holder of a master plumber’s license shall be issued a permit as a designer of plumbing systems upon the making of an application and the payment of the permit fee.

(5) The permit shall, on its face, restrict the holder thereof to the specific field and subfields of designing in which the permittee acquired his or her experience in designing. If qualified in more than one type of designing, persons may receive permits for more than one field or subfield of designing as may be determined by the designer section.

(6) The renewal date for permits under this section is specified under s. 440.08 (2) (a), and the fee for renewal of such permits is determined by the department under s. 440.03 (9) (a).

443.08 Registration requirement: firms, partnerships and corporations. (1) (a) The practice of architecture pertaining to the internal operations of a firm, partnership, or corporation may be performed by employees if the architectural services are performed by or under the direct supervision of architects registered under this chapter, or persons exempt from registration under s. 443.14. Registered or exempt architectural employees may provide architectural data with respect to the manufacture, sale, and utilization of the products of the firm, partnership, or corporation to other registered or exempt architects. (b) The practice of professional engineering pertaining to the internal operations of a firm, partnership, or corporation may be performed by employees if the professional engineering services are performed by or under the direct supervision of professional engineers registered under this chapter, or persons exempt from registration under s. 443.14. Registered or exempt professional engineering employees may provide professional engineering data with respect to the manufacture, sale, and utilization of the products of the firm, partnership, or corporation to other registered or exempt professional engineers.

(2) (a) No individual architect registered under this chapter may practice or offer to practice architecture, as a principal, officer, employee, or agent of a firm, partnership, or corporation unless all of the following are satisfied:

1. All personnel who practice or offer to practice in its behalf as architects are registered under this chapter.

2. The firm, partnership, or corporation has been issued a certificate of authorization under sub. (3) (a) 1.

(b) No individual professional engineer registered under this chapter may practice or offer to practice professional engineering as a principal, officer, employee, or agent of a firm, partnership, or corporation unless all of the following are satisfied:

1. All personnel who practice or offer to practice in its behalf as professional engineers are registered under this chapter.

2. The firm, partnership, or corporation has been issued a certificate of authorization under sub. (3) (a) 2.

(c) No individual designer granted a permit under this chapter may practice or offer to practice designing as a principal, officer, employee, or agent of a firm, partnership, or corporation unless all of the following are satisfied:

1. All personnel who practice or offer to practice in its behalf as designers are granted a permit under this chapter.
2. The firm, partnership, or corporation has been issued a certificate of authorization under sub. (3) (a) 3.

(3) (a) 1. A firm, partnership, or corporation desiring a certificate of authorization shall submit an application to the department on forms provided by the department, listing the names and addresses of all officers and directors, and all individuals in its employment registered to practice architecture in this state who will be in responsible charge of architecture being practiced in this state through the firm, partnership, or corporation and other relevant information required by the architect section of the examining board. A similar type of form shall also accompany the renewal fee. If there is a change in any of these persons, the change shall be reported on the same type of form, and filed with the department within 30 days after the effective date of the change. The architect section shall grant a certificate of authorization to a firm, partnership, or corporation complying with this subsection upon payment of the initial credential fee determined by the department under s. 440.03 (9) (a). This subsection does not apply to firms, partnerships, or corporations exempt under s. 443.14 (3) or (5).

2. A firm, partnership, or corporation desiring a certificate of authorization shall submit an application to the department on forms provided by the department, listing the names and addresses of all officers and directors, and all individuals in its employment registered to practice professional engineering in this state who will be in responsible charge of professional engineering being practiced in this state through the firm, partnership, or corporation and other relevant information required by the professional engineer section of the examining board. A similar type of form shall also accompany the renewal fee. If there is a change in any of these persons, the change shall be reported on the same type of form, and filed with the department within 30 days after the effective date of the change. The professional engineer section shall grant a certificate of authorization to a firm, partnership, or corporation complying with this subsection upon payment of the initial credential fee determined by the department under s. 440.03 (9) (a). This subsection does not apply to firms, partnerships, or corporations exempt under s. 443.14 (3) or (5).

3. A firm, partnership, or corporation desiring a certificate of authorization shall submit an application to the department on forms provided by the department, listing the names and addresses of all officers and directors, and all individuals in its employment granted a permit to practice design in this state who will be in responsible charge of designing being practiced in this state through the firm, partnership, or corporation and other relevant information required by the designer section of the examining board. A similar type of form shall also accompany the renewal fee. If there is a change in any of these persons, the change shall be reported on the same type of form, and filed with the department within 30 days after the effective date of the change. The designer section shall grant a certificate of authorization to a firm, partnership, or corporation complying with this subsection upon payment of the initial credential fee determined by the department under s. 440.03 (9) (a). This subsection does not apply to firms, partnerships, or corporations exempt under s. 443.14 (3) or (5).

4. A firm, partnership, or corporation desiring a certificate of authorization shall submit an application to the department on forms provided by the department, listing the names and addresses of all officers and directors, and all individuals in its employment held a permit to practice architecture, prepared for the use of a firm, partnership, or corporation, for delivery by it to any person, or for public record within the state shall be dated and bear the signature and seal of the architect who was in responsible charge of their preparation. This paragraph does not apply to persons exempt under s. 443.14 (3), (4), or (5).

5. All final drawings, specifications, plans, reports, or other landscape architectural papers or documents prepared by the landscape architect registered under this chapter, prepared for the use of a firm, partnership, or corporation, for delivery by it to any person, or for public record within the state shall be dated and bear the signature and seal of the landscape architect who was in responsible charge of their preparation. This paragraph does not apply to persons exempt under s. 443.14 (3), (4), or (5).
engaged in the practice of designing, nor may it advertise or offer

to furnish a designing service, unless the firm, partnership, or cor-

poration has complied with this chapter.

(6) Any firm, partnership or corporation using the word “engi-

neering” or any of its derivatives in its name prior to April 24,
1964, shall be permitted to continue to do so and shall be permitted
to use such word in any new firm, partnership or corporation

formed as a result of a reorganization of the firm, partnership or cor-

poration, if the firm, partnership or corporation does not prac-
tice or offer to practice architecture, professional engineering or
designing unless it complies with all other applicable provisions of
this chapter.

Whether the use of “engineer” or “engineering” in a business title violates this
chapter requires a case-by-case analysis. 70 Atty. Gen. 131.

443.09 Examinations and experience requirements for

architect, landscape architect and engineer appli-
cants. (1) In considering the qualifications of an applicant as an

architect, landscape architect or professional engineer, responsi-

ble charge of architectural, landscape architectural or engineering

teaching may be construed as experience.

(2) Subject to ss. 111.321, 111.322 and 111.335, no person

who has an arrest or conviction record is eligible for registration

as an architect, a landscape architect or a professional engineer, or
certification as an engineer-in-training.

History: 1979 c. 167; 1981 c. 380; 1981 c. 391 s. 211; 1983 a. 328; 1993 a. 463,
465, 491; 1995 a. 27 ss. 6606, 9116 (5); 1997 a. 300; 2009 a. 350; 2011 a. 146.

Written or written and oral examinations shall be held at

such time and place as the landscape architect section of the exam-

ining board determines. The scope of the examinations and the

methods of procedure shall be prescribed by the landscape archi-

tect section with special reference to the applicant’s ability to
design and supervise architectural, landscape architectural, or

engineering work, which shall promote the public welfare and

and shall contain statements made under oath showing the appli-
cant who, in the opinion of the professional engineer section,

has satisfactorily met all the applicable requirements of this chapter.

No person may be registered as a landscape architect

under this chapter unless he or she has passed a written examination

written and oral examinations conducted or approved by the

landscape architect section of the examining board under sub. (5).

(5) Written or written and oral examinations shall be held at

such time and place as the landscape architect section of the exam-

ining board determines. The scope of the examinations and the

methods of procedure shall be prescribed by the landscape archi-

tect section with special reference to the applicant’s ability to
design and supervise architectural, landscape architectural, or

engineering work, which shall promote the public welfare and

and shall contain statements made under oath showing the appli-
cant who, in the opinion of the professional engineer section,

has satisfactorily met all the applicable requirements of this chapter.

The certificate shall authorize the practice of architecture, land-

scape architecture, or professional engineering, as appropriate.

The granting of a certificate of registration by the appropri-

cate section of the examining board may, upon application therefor, and the payment of the required fee, grant a certificate of registration as an architect, as a landscape architect, or as a professional engineer to any person who has held an unrevoked card or cer-
tificate of national reciprocal registration, issued by any state, ter-

tority, or possession of the United States or by any country, which is

in conformity with the regulations of the national council of
state board of architectural, or engineering examiners, or council of
landscape architectural registration boards, and who complies

with the regulations of the appropriate section, except as to qual-
ifications and registration fee.

(c) The professional engineer section of the examining board

may, upon application therefor, and the payment of the required fee, grant a certificate-of-record as engineer-in-training to any

person who holds an unexpired certificate of similar certification

issued to the person by the proper authority in any state or territory

or possession of the United States or in any country in which the

requirements for the certification of engineers-in-training are of

a standard not lower than specified in this chapter.

(d) The applicant for the examining board may, upon

application and payment of the required fee, grant a certificate-of-record as engineer-in-training to any person who holds an

unexpired certificate of similar registration issued to the person

by the proper authority in any state or territory or possession of

the United States or in any country in which the requirements for

the registration of architects, landscape architects, or professional

engineers are of a standard not lower than specified in this chapter.

(2) APPLICATIONS FOR REGISTRATION, FEES, CONTENTS OF CERTI-

FICATION, EXPIRATION. (a) Applications for registration or for a
certificate of record shall be on forms provided by the department and shall contain statements made under oath showing the appli-
cant’s education and detail summary of the applicant’s technical
work and not less than 5 references, of whom 3 or more shall have
personal knowledge of the applicant’s architectural, landscape
architectural or engineering experience in the case of an applica-
tion for registration or of the applicant’s technical education or

engineering work in the case of an application for a certificate of
record.

(b) The fees for examinations and credentials, as defined in s.

440.01 (2) (a), granted under this chapter are specified in s.

440.08 (2) (a), and the fee for renewal of such credentials is determined

by the department under s. 440.03 (9) (a).

(c) The professional engineer section of the examining board

shall grant a certificate of registration upon payment of the registration fee to any applicant who, in the opinion of the appropriate section, has satisfactorily met all the applicable requirements of this chapter.

The certificate shall authorize the practice of architecture, land-

scape architecture, or professional engineering, as appropriate.

(d) The granting of a certificate of registration by the appro-

priate section of the examining board shall be evidence that the per-

son named in the certificate is entitled to all the rights and privi-

leges of a registered architect, a registered landscape architect, or a registered professional engineer under the classification stated

on the certificate. See also chs. A-E 3, 4, and 9. Wis. adm. code.

443.10 Applications, certificates, licenses, rules, and

roster. (1) CERTIFICATE OF REGISTRATION OR RECORD; PERMIT;

RECIPROCITY PROVISIONS. (a) The appropriate section of the exam-

ining board may, upon application and the payment of the required fee, grant a certificate of registration as an architect, as a landscape architect, or as a professional engineer to any person who holds an unexpired certificate of similar registration issued to the person by the proper authority in any state or territory or possession of the United States or in any country in which the requirements for the registration of architects, landscape architects, or professional engineers are of a standard not lower than specified in this chapter.

(b) The appropriate section of the examining board may, upon

application and payment of the required fee, grant a certificate of registration as an architect, as a landscape architect, or as a professional engineer to any person who holds an unrevoked card or certificate of national reciprocal registration, issued by any state, territory, or possession of the United States or by any country, which is in conformity with the regulations of the national council of state board of architectural, or engineering examiners, or council of landscape architectural registration boards, and who complies with the regulations of the appropriate section, except as to qualifications and registration fee.

(c) The professional engineer section of the examining board

may, upon application therefor, and the payment of the required fee, grant a certificate-of-record as engineer-in-training to any

person who holds an unexpired certificate of similar certification

issued to the person by the proper authority in any state or territory

or possession of the United States or in any country in which the

requirements for the certification of engineers-in-training are of

a standard not lower than specified in this chapter.

(d) The appropriate section of the examining board may, upon

application and payment of the required fee, grant a certificate-of-record as engineer-in-training to any person who holds an

unexpired certificate of similar registration issued to the person

by the proper authority in any state or territory or possession of

the United States or in any country in which the requirements for

the registration of architects, landscape architects, or professional

engineers are of a standard not lower than specified in this chapter.

(e) The renewal date for certificates of registration for archi-

tects, landscape architects, and professional engineers is specified

under s. 440.08 (2) (a), and the fee for renewal of such certificates is determined by the department under s. 440.03 (9) (a).

(f) The professional engineer section of the examining board

shall grant a certificate of record as engineer-in-training to any

applicant who, in the opinion of the professional engineer section,

has satisfactorily met all the requirements of this section pertain-

ing to engineers-in-training.

(g) A certificate of record as engineer-in-training is evidence

that the engineer-in-training to whom it is issued has successfully
passed the portion of the examinations in the fundamental engineering subjects required of an applicant for registration as a professional engineer.

(h) Certificates of record as engineers-in-training shall expire on July 31st of the 10th year after their issuance unless extended by the professional engineer section of the examining board. An application for extension shall contain evidence satisfactory to the professional engineer section that the applicant’s professional experience has been delayed.

(3) EMERGENCY RULES; LIMITATION. No section of the examining board may adopt or change, by emergency rule, any requirement for the registration of or issuance of a permit to any applicant under this chapter.

(4) ROSTER; RECORDS. (a) A list, showing the names and addresses of all engineers-in-training certified by the professional engineer section of the examining board during the period from July 1 to June 30, shall be prepared each year by the professional engineer section. The list shall be obtainable by purchase at cost.

(b) Each section of the examining board shall keep a record of its proceedings together with a record of all other information pertaining to its proceedings as may be deemed necessary by that section of the examining board. The records of each section of the examining board shall be prima facie evidence of the proceedings of that section of the examining board set forth in the records, and a transcript thereof, duly certified by the secretary of that section of the examining board under seal, shall be admissible in evidence with the same effect as if the original were produced.

(5) FEES; RENEWALS. The professional land surveyor section shall grant a license to engage in the practice of professional land surveying to any applicant who has met the applicable requirements of this chapter. The renewal date for the license is specified under s. 440.08 (2) (a), and the renewal fee for the license is determined by the department under s. 440.03 (9) (a).

(6) ROSTER. A roster showing the names and mailing addresses of all registered surveyors shall be prepared annually by the secretary and made available for purchase at cost, and a copy shall be placed on file with the department of financial institutions.

443.11 Disciplinary proceedings against architects, landscape architects and engineers. (1) The appropriate section of the examining board may reprimand an architect, landscape architect, or professional engineer or limit, suspend, or revoke the certificate of registration of any registrant, and the certificate of record of any engineer-in-training, who is found guilty of:

(a) Fraud or deceit in obtaining a certificate of registration or a certificate of record.

(b) Signing or impressing his or her seal or stamp upon documents not prepared by him or her or under his or her control or knowingly permitting his or her seal or stamp to be used by any other person.

(c) Knowingly aiding or abetting the unauthorized practice of architecture or professional engineering by persons not registered under this chapter.

(d) Any gross negligence, incompetency or misconduct in the practice of architecture as a registered architect, of landscape architecture as a registered landscape architect or of professional engineering as a registered professional engineer, or in the professional activity of a holder of a certificate of record as engineer-in-training.

(e) Any violation of the rules of professional conduct adopted and promulgated by that section of the examining board.

(f) Conviction of a felony, subject to ss. 111.321, 111.322 and 111.335, or adjudication of mental incompetency by a court of competent jurisdiction, a certified copy of the record of conviction or adjudication of incompetency to be conclusive evidence of such conviction or incompetency.

(2) The appropriate section of the examining board may reprimand a firm, partnership, or corporation holding a certificate of authorization issued under this chapter or may limit, suspend, or revoke such a certificate if any of the agents, employees, or officers of the firm, partnership, or corporation has committed any act or has been guilty of any conduct which would authorize a reprimand or a limitation, suspension, or revocation of the certificate of registration of a registrant or the certificate of record of an engineer-in-training under this chapter, unless the firm, partnership, or corporation submits evidence satisfactory to the appropriate section of the examining board that the agent, employee, or officer is not now practicing or offering to practice architecture, landscape architecture, or professional engineering in its behalf.

(3) Any person may make charges that any registrant, holder of a certificate of record as engineer-in-training or corporate holder of a certificate of authorization has committed an act for which a reprimand or limitation, suspension, or revocation of registration is authorized under sub. (1). Such charges shall be in writing, shall be sworn to by the person making them and shall be submitted to the appropriate section of the examining board.

The appropriate section of the examining board may, on its own motion, make such charges. All charges, unless dismissed by the appropriate section of the examining board as unfounded or trivial, shall be heard by the appropriate section of the examining board, subject to the rules promulgated under s. 440.03 (1).

(4) If after a hearing under sub. (3), 3 members of a section of the examining board vote in favor of sustaining charges specified in sub. (3), the appropriate section of the examining board shall reprimand or limit, suspend, or revoke the certificate of registration of the registered architect, registered landscape architect, or registered professional engineer, the certificate of record of the holder of a certificate as engineer-in-training, or the certificate of authorization of a firm, partnership, or corporation.

(5) The actions of each section of the examining board under this section shall be subject to review in the manner provided in ch. 227.

(6) The appropriate section of the examining board, for reasons it considers sufficient, may reissue a certificate of registration or a certificate of record of any person, or a certificate of authorization to any firm, partnership, corporation, whose certificate has been revoked under this section if 3 members of the section of the examining board vote in favor of such reissuance.

Subject to the rules of the examining board, the appropriate section of the examining board may, upon payment of the required fee, issue a new certificate of registration, certificate of record or certificate of authorization, to replace any certificate that is revoked, lost, destroyed or mutilated.

443.12 Disciplinary proceedings against professional land surveyors. (1) The professional land surveyor section may reprimand a professional land surveyor, or limit, suspend, or revoke the license of any professional land surveyor, for the practice of any fraud or deceit in obtaining the license, or any gross negligence, incompetency, or misconduct in the practice of professional land surveying.

(2) Charges of fraud, deceit, gross negligence, incompetency, or misconduct may be made against any professional land sur-

Sveyor by the professional land surveyor section or any person. Such charges may be made on information and belief, but shall be in writing, stating the specific acts, be signed by the complainant and be submitted to the examining board. All charges shall be heard according to the rules promulgated under s. 440.03 (1).

(3) If after a hearing 3 members vote in favor of reprimand or limiting, suspending, or revoking the license of a professional land surveyor, the professional land surveyor section shall notify the surveyor to that effect. The surveyor shall return the license to the examining board immediately on receipt of notice of a revocation. The action of the professional land surveyor section may be reviewed under ch. 227.

(4) The professional land surveyor section, for reasons it deems sufficient, may reinstate a license to engage in the practice of professional land surveying that has been revoked, if 3 members vote in favor of such reinstatement. This subsection does not apply to a license that is revoked under s. 440.12.

443.13 **Disciplinary proceedings against designers of engineering systems.** (1) The designers' section of the examining board may limit, suspend, or revoke a permit or reprimand the permittee if the permittee is guilty of any of the following:

(a) Fraud or deceit in obtaining the permit.

(b) Gross negligence, incompetency, or misconduct in practice.

(c) Signing documents not prepared by the permittee or under the permittee's control.

(d) Knowingly aiding or abetting unauthorized designing of engineering systems as stated in s. 443.07 (3) by persons not granted permits under this chapter.

(e) Conviction of a felony, subject to ss. 111.321, 111.322, and 111.335, or adjudication of mental incompetency by a court of competent jurisdiction.

(2) If, after a hearing conducted under the rules promulgated under s. 440.03 (1) before the designers' section of the examining board, two-thirds of the members of the section vote in favor of sustaining the charges, the designers' section of the examining board shall reprimand the permittee or limit, suspend, or revoke the permit. The action of the designers' section of the examining board under this section is subject to review under ch. 227.

443.134 **Exception for photogrammetry and construction surveying.** Nothing in this chapter may be construed to prohibit a person who has not been granted a license to engage in the practice of professional land surveying under this chapter from utilizing photogrammetry or remote sensing techniques or performing topographic surveying, construction surveying, or geodetic surveying for purposes other than a boundary establishment or reestablishment specified in s. 443.01 (6). Updated 1979 c. 167; 1981 c. 334 s. 25 (1); 2011 a. 146; 2013 a. 358.

443.14 **Exempt persons.** The following persons, while practicing within the scope of their respective exemptions, shall be exempt from this chapter:

(1) (a) An employee of a person holding a certificate of registration in architecture under s. 443.10 who is engaged in the practice of architecture and an employee of a person temporarily exempted from registration in architecture under this section, if the practice of the employee does not include responsible charge of architecture practice.

(b) An employee of a person holding a certificate of registration in professional engineering under s. 443.10 who is engaged in the practice of professional engineering and an employee of a person temporarily exempted from registration in professional engineering under this section, if the practice of the employee does not include responsible charge of professional engineering practice.

(2) Officers and employees of the federal government while engaged within this state in the practice of architecture, landscape architecture or professional engineering for the federal government.

(3) A public service company and its regular employees acting in its behalf where the professional engineering services rendered are in connection with its facilities which are subject to regulation, supervision and control by a commission of this state or of the federal government.

(4) (a) Any person who practices architecture, exclusively as a regular employee of a private company or corporation, by rendering to the company or corporation architectural services in connection with its operations, so long as the person is thus actually and exclusively employed and no longer, if the company or corporation has at least one architect who is registered under this chapter in responsible charge of the company's or corporation's architectural work in this state.

(b) Any person who practices professional engineering, exclusively as a regular employee of a private company or corporation, by rendering to the company or corporation professional engineering services in connection with its operations, so long as the person is thus actually and exclusively employed and no longer, if the company or corporation has at least one professional engineer who is registered under this chapter in responsible charge of the company’s or corporation’s professional engineering work in this state.

(5) A person engaged in the manufacture of a product or unit, including laboratory research affiliates of the person, where the services performed are the design, assembly, manufacture, sale or installation of that product or unit. “Product or unit” does not include any building.

(6) Notwithstanding any other provision of this chapter, contractors, subcontractors or construction material or equipment suppliers are not required to register under this chapter to perform or undertake those activities which historically and customarily have been performed by them in their respective trades and specialties, including, but not limited to, the preparation and use of drawings, specifications or layouts within a construction firm or in construction operations, superintending of construction, installation and alteration of equipment, cost estimating, consultation with architects, professional engineers or owners concerning materials, equipment, methods and techniques, and investigations or consultation with respect to construction sites, provided all such activities are performed solely with respect to the performance of their work on buildings or with respect to supplies or materials furnished by them for buildings or structures or their appurtenances which are, or which are to be, erected, enlarged or materially altered in accordance with plans and specifications prepared by architects or professional engineers, or by persons exempt under subs. (1) to (5) while practicing within the scope of their exemption.

(7) This chapter does not require manufacturers or their materials or equipment suppliers to register under this chapter in order to enable them to perform engineering in the design, assembly, manufacture, sale or installation of their respective products.

(8) An employee of a professional land surveyor, while doing surveying work under the supervision of the employer, if the employee is not in responsible charge of the practice of professional land surveying.

(bm) (a) Subject to par. (b), an employee or contractor of any of the following while engaged in land surveying is exempt from the provisions of this chapter:

1. The provider of a broadcast service, as defined in s. 196.01 (1m).

2. The provider of a cable service, as defined in s. 196.01 (1p).
3. A commercial mobile radio service provider, as defined in s. 196.01 (2g).
4. A public utility, as defined in s. 196.01 (5).
5. A telecommunications provider, as defined in s. 196.01 (8p).
6. A video service provider, as defined in s. 196.01 (12r).
7. A cooperative association organized under ch. 185 for the purpose of producing or furnishing heat, light, power, or water to its members only.

(b) The exemption under par. (a) applies only if the employee or contractor is engaged in services described in s. 443.01 (6s) (a) 3., (c), (d), or (f) for or on behalf of the provider or cooperative.

(9) A license shall not be required for an owner to survey his or her own land for purposes other than for sale.

(10) Any person employed by a county or this state who is engaged in the planning, design, installation or regulation of land and water conservation activities under ch. 92 or s. 281.65 and who is certified under s. 92.18.

(11) Any professional land surveyor licensed under s. 443.06 who is engaged in the planning, design, installation, or regulation of land and water conservation activities under ch. 92 or s. 281.65.

(12m) A driller who is licensed under s. 280.15 (2m), or an employee of a drilling business that is registered under s. 280.15 (1), who is engaged in well drilling, as defined in s. 280.01 (8), or heat exchange drilling, as defined in s. 280.01 (2c).

(13) A professional engineer who, while engaged in the practice of professional engineering in accordance with this chapter, collects, investigates, interprets or evaluates data relating to soil, rock, groundwater, surface water, gases or other earth conditions, or uses that data for analysis, consultation, planning, design or construction.

(14) A person who, while engaged in the practice of professional geology, hydrology or soil science as defined in s. 470.01 (2), (3) or (4), practices professional engineering, if the acts that involve the practice of professional engineering are also part of the practice of professional geology, hydrology or soil science.

(15) A person employed by the federal government who is engaged in this state in the practice of landscape architecture for the federal government.

(16) A person who performs services related to natural resources management if any map that is prepared as a part of those services contains the following statement: “This map is not a survey of the actual boundary of any property this map depicts.”

In this subsection, “natural resources management” includes all of the following:

(a) The management of state lands under ss. 23.09, 23.11, 27.01, and 28.04.

(b) The control of invasive species, as defined in s. 23.22 (1c).

(c) The cultivation or harvesting of raw forest products, as defined in s. 26.05 (1).

(d) The management of county forests under s. 28.11.

(e) The practice of forestry, as defined in s. 77.81 (2), including sustainable forestry, as defined in s. 28.04 (1) (e); any services provided in connection with an order, or the preparation of an application for an order, under subch. I or VI of ch. 77; and any forestry operation, as defined in s. 823.075 (1) (c).

(17) A person who prepares a map that depicts temporary trails, easements, or other uses of lands if the map contains the following statement: “This map is not a survey of the actual boundary of any property this map depicts.”

(18) An employee or agent of the department of natural resources, department of agriculture, trade and consumer protection, department of transportation, public service commission, board of commissioners of public lands, or department of military affairs who creates a geographic information systems map if done within the scope of his or her employment or agency.

443.15 Exempt buildings. (1) Nothing in this chapter prevents any person, firm or corporation from making plans and specifications for or supervising the erection, enlargement or alterations of any of the following buildings:

(a) Dwellings for single families, and outbuildings in connection with single-family dwellings, including, but not limited to, barns and private garages.

(b) Apartment buildings used exclusively as the residence of not more than 2 families.

(c) Buildings used exclusively for agricultural purposes.

(d) Temporary buildings or sheds used exclusively for construction purposes, not exceeding 2 stories in height, and not used for living quarters.

(2) Nothing in this chapter prevents any person, firm or corporation from making plans and specifications for or supervising the erection, enlargement or alteration of any new building containing less than 50,000 cubic feet total volume or addition to a building which by reason of such addition results in a building containing less than 50,000 cubic feet total volume or structural alteration to a building containing less than 50,000 cubic feet total volume. Nothing in this chapter prevents any person, firm or corporation from making repairs or interior alterations to buildings which do not affect health or safety.

(3) Any multiple family building having a common roof and party walls shall be deemed a single building for purposes of this section.

(4) This section does not apply to inspection and service work done by employees of insurance rating bureaus, insurance service bureaus, insurance companies or insurance agents.

History: 1979 c. 167.

443.16 Change of name. No person may practice architecture, landscape architecture, or professional engineering in this state under any other given name or any other surname than that under which the person was originally licensed or registered to practice in this or any other state, in any instance in which the examining board, after a hearing, finds that practicing under the changed name operates to unfairly compete with another practitioner or to mislead the public as to identity or to otherwise result in detriment to the profession or the public. This section does not apply to a change of name resulting from marriage or divorce.

History: 1979 c. 98 s. 1; 1979 c. 167 s. 20; 1979 c. 337 s. 15; 1979 c. 355; 1993 a. 463, 465, 491; 1997 a. 300; 2009 a. 123.

443.17 Seal or stamp; aiding unauthorized practice. No person who is registered under this chapter to practice architecture, landscape architecture or professional engineering may impress his or her seal or stamp upon documents which have not been prepared by the person or under his or her direction and control, knowingly permit his or her seal or stamp to be used by any other person or in any other manner knowingly aid or abet the unauthorized practice of architecture or professional engineering or the unauthorized use of the title “landscape architect” by persons not authorized under this chapter.

443.18 Penalties; law enforcement. (1) Unauthorized practice, penalty. (a) Any person who practices or offers to practice architecture, landscape architecture, or professional engineering in this state, or who uses the term “architect,” “landscape architect,” or “professional engineer” as part of the person’s business name or title, except as provided in s. 443.08 (6), or in any

way represents himself or herself as an architect, landscape architect, or a professional engineer unless the person is registered or exempted in accordance with this chapter, or unless the person is the holder of an unexpired permit issued under s. 443.10 (1) (d), or any person presenting or attempting to use as his or her own the certificate of registration of another, or any person who gives any false or forged evidence of any kind to the examining board or to any section of the examining board or to any member of the examining board or to any member of any section of the examining board in obtaining a certificate of registration, or any person who falsely impersonates any other registrant of like or different name, or any person who attempts to use an expired or revoked certificate of registration, or violates any of the provisions of this section, may be fined not less than $100 nor more than $500 or imprisoned for not more than 3 months or both.

(b) All duly constituted officers of the law of this state or any political subdivision shall enforce this chapter and prosecute any persons violating this chapter.

(2) INJUNCTION. (a) If it appears upon complaint to the examining board or to any section of the examining board by any person, or is known to the examining board or to any section of the examining board that any person who is neither registered nor exempt under this chapter nor the holder of an unexpired permit under s. 443.10 (1) (d) is practicing or offering to practice, or is about to practice or to offer to practice, architecture, landscape architecture, or professional engineering in this state, the appropriate section of the examining board or the attorney general or the district attorney of the proper county may investigate and may, in addition to any other remedies, bring action in the name and on behalf of this state against any such person to enjoin the person from practicing or offering to practice architecture, landscape architecture, or professional engineering.

(b) If it appears upon complaint to the examining board by any person, or is known to the examining board that any person who does not have a license to engage in the practice of professional land surveying in this state, or who is not exempt or excepted from the licensure requirements under this chapter, is engaging in or offering to engage in the practice of professional land surveying in this state, the professional land surveyor section, the examining board, the department, the department of justice, or the district attorney of the proper county may investigate and may, in addition to any other remedies, bring action in the name and on behalf of the state to enjoin the person from engaging in or offering to engage in the practice of professional land surveying.

(3) PENALTIES; LAW ENFORCEMENT. Any person who violates this chapter shall be fined not more than $500 or imprisoned not more than 3 months or both.
