SUBCHAPTER I
GENERAL PROVISIONS
required certificate or that a physician has failed at least 6 times within a 6-month period to mail or present a medical certificate required under s. 69.18 (2) within 6 days after the pronouncement of death of the person who is the subject of the required certificate is an allegation of unprofessional conduct. Information contained in reports filed with the board under s. 49.45 (2) (a) 12r., 50.36 (3) (b), 609.17 or 632.715, or under 42 CFR 1001.2005, shall be investigated by the board. Information contained in a report filed with the board under s. 655.045 (1), as created by 1985 Wisconsin Act 29, which is not a finding of negligence or in a report filed with the board under examinaitons may be useful to the board in conducting its investigation. The board may require a person holding a license or certificate to undergo and may consider the results of one or more physical, mental or professional competency examinations if the board believes that the results of any such examinations may be useful to the board in conducting its investigation.

NOTE: Par. (a) is amended eff. 3–1–26 by 2023 Wis. Act 172 to read:
(a) The board shall investigate allegations of unprofessional conduct and negligence in treatment by persons holding a license or certificate granted by the board. An allegation that a physician has violated s. 253.10 (3), 448.30 or 450.13 (2) or has failed to present a medical certification required under s. 69.18 (2) within 6 days after the pronouncement of death of the person who is the subject of the required certificate or that a physician has failed at least 6 times within a 6-month period to present a medical certificate required under s. 69.18 (2) within 6 days after the pronouncement of death of the person who is the subject of the required certificate is an allegation of unprofessional conduct. Information contained in reports filed with the board under s. 49.45 (2) (a) 12r., 50.36 (3) (b), 609.17 or 632.715, or under 42 CFR 1001.2005, shall be investigated by the board. Information contained in a report filed with the board under s. 655.045 (1), as created by 1985 Wisconsin Act 29, which is not a finding of negligence or in a report filed with the board under s. 50.36 (3) (e) may, within the discretion of the board, be used as the basis of an investigation of a person named in the report. The board may require a person holding a license or certificate to undergo and may consider the results of one or more physical, mental or professional competency examinations if the board believes that the results of any such examinations may be useful to the board in conducting its investigation.

(b) After an investigation, if the board finds that there is probable cause to believe that the person is guilty of unprofessional conduct or negligence in treatment, the board shall hold a hearing on such conduct. The board may use any information obtained by the board or the department under s. 655.17 (7) (b), as created by 1985 Wisconsin Act 29, in an investigation or a disciplinary proceeding, including a public disciplinary proceeding, conducted under this subsection and the board may require a person holding a license or certificate to undergo and may consider the results of one or more physical, mental or professional competency examinations if the board believes that the results of any such examinations may be useful to the board in conducting its hearing. A unanimous finding by a panel established under s. 655.02, 1983 stats., or a finding by a court that a physician has acted negligently in treating a patient is conclusive evidence that the physician is guilty of negligence in treatment. A finding that is not a unanimous finding by a panel established under s. 655.02, 1983 stats., or a finding by a court that a physician has acted negligently in treating a patient is presumptive evidence that the physician is guilty of negligence in treatment. A certified copy of the findings of fact, conclusions of law and order of the panel or the order of a court is presumptive evidence that the finding of negligence in treatment was made. The board shall render a decision within 90 days after the date on which the hearing is held or, if subsequent proceedings are conducted under s. 227.46 (2), within 90 days after the date on which those proceedings are completed.

(c) Subject to par. (cm), after a disciplinary hearing, the board may, when it determines that a panel established under s. 655.02, 1983 stats., has unanimously found or a court has found that a person has been negligent in treating a patient or when it finds a person guilty of unprofessional conduct or negligence in treatment, do one or more of the following: warn or reprimand that person, or limit, suspend or revoke any license or certificate granted by the board to that person. The board may condition the removal of limitations on a license or certificate or the restoration of a suspended or revoked license or certificate upon obtaining minimum results specified by the board on one or more physical, mental or professional competency examinations if the board believes that obtaining the minimum results is related to correcting one or more of the bases upon which the limitation, suspension or revocation was imposed.

(cm) The board may initiate disciplinary action against a physician no later than one year after initiating an investigation of an allegation involving the death of a patient and no later than 3 years after initiating an investigation of any other allegation, unless the board shows to the satisfaction of the secretary that a specified extension of time is necessary for the board to determine whether a physician is guilty of unprofessional conduct or negligence in treatment. For purposes of this paragraph, the date that a matter is reopened under sub. (8) (c) is considered the date that an investigation of the matter is initiated.

A person whose license or certificate is limited under this subchapter shall be permitted to continue practice upon condition that the person will refrain from engaging in unprofessional conduct; that the person will appear before the board or its officers or agents at such times and places as may be designated by the board from time to time; that the person will fully disclose to the board or its officers or agents the nature of the person's practice and conduct; that the person will fully comply with the limits placed on his or her practice and conduct by the board; that the person will obtain additional training, education or supervision required by the board; and that the person will cooperate with the board.

(f) Unless a suspended license or certificate is revoked during the period of suspension, upon the expiration of the period of suspension the license or certificate shall again become operative and effective. However, the board may require the holder of any such suspended license or certificate to pass the examinations required for the original grant of the license or certificate before allowing such suspended license or certificate again to become operative and effective.

(g) The board shall comply with rules of procedure for the investigation, hearing and action promulgated under ss. 440.03 (1) and 448.40.

(h) Nothing in this subsection prohibits the board, in its discretion, from investigating and conducting disciplinary proceedings on allegations of unprofessional conduct by persons holding a license or certificate granted by the board when the allegations of unprofessional conduct may also constitute allegations of negligence in treatment.

Cross-reference: See also ch. Med 10, Wis. adm. code.

4 SUSPENSION OR LIMITATION PENDING HEARING.
(a) The board may summarily suspend or limit any license or certificate granted by the board when the board has in its possession evidence establishing probable cause to believe that the holder of the license or certificate has violated the provisions of this subchapter and that it is necessary to suspend or limit the license or certificate immediately to protect the public health, safety, or welfare. The holder of the license or certificate shall be granted an opportunity to be heard during the determination of probable cause. The board chair and 2 board members designated by the chair or, if the board chair is not available, the board vice–chair and 2 board members designated by the vice–chair, shall exercise the authority granted by this paragraph to summarily suspend or limit a license or certificate in the manner provided under par. (b).

(b) An order of summary suspension or limitation shall be served upon the holder of the license or certificate in the manner provided in s. 801.11 for service of summons. The order of summary suspension or limitation shall be effective upon service or upon actual notice of the summary suspension or limitation given to the holder of the license or certificate or to the attorney of the license or certificate holder, whichever is sooner. A notice of hearing commencing a disciplinary proceeding shall be issued no more than 10 days following the issuance of the order of summary suspension or limitation. The order of summary suspension or limitation remains in effect until the effective date of a final decision and order in the disciplinary proceeding against the holder or
until the order of summary suspension or limitation is discontinued by the board following a hearing to show cause. The holder of the license or certificate shall have the right to request a hearing to show cause why the order of summary suspension or limitation should not be continued and the order of summary suspension or limitation shall notify the holder of the license or certificate of that right. If a hearing to show cause is requested by the holder of the license or certificate, the hearing shall be scheduled on a date within 20 days of receipt by the board of the request for the hearing to show cause.

(4m) INTERNATIONAL PHYSICIANS. The board may suspend or revoke a license granted under s. 448.04 (1) (br) if a majority of the board determines that the holder of the license is no longer employed as a physician in this state by an employer described in s. 448.05 (2m) (a). The holder of the license shall be granted an opportunity to be heard prior to the board's determination.

NOTE: Sub. (4m) is created eff. 1-1-25 by 2023 Wis. Act 214.

(5) VOLUNTARY SURRENDER. The holder of any license or certificate granted by the board may voluntarily surrender the license or certificate to the secretary of the board, but the secretary may refuse to accept the surrender if the board has received allegations of unprofessional conduct against the holder of the license or certificate. The board may negotiate stipulations in consideration for accepting the surrender of licenses.

(6) RESTORATION OF LICENSE OR CERTIFICATE. The board may restore any license or certificate that has been voluntarily surrendered or revoked under any of the provisions of this subchapter, on such terms and conditions as it may deem appropriate.

(7) HOSPITAL REPORTS. (a) Within 30 days of receipt of a report under s. 50.36 (3) (c), the board shall notify the licensee, in writing, of the substance of the report. The licensee and the licensee's authorized representative may examine the report and may place into the record a statement, of reasonable length, of the licensee's view of the correctness or relevance of any information in the report. The licensee may institute an action in circuit court to amend or expunge any part of the licensee's record related to the report.

(b) If the board determines that a report submitted under s. 50.36 (3) (c) is without merit or that the licensee has sufficiently improved his or her conduct, the board shall remove the report from the licensee's record. If no report about a licensee is filed under s. 50.36 (3) (c) for 2 consecutive years, the licensee may petition the board to remove any prior reports, which did not result in disciplinary action, from his or her record.

(c) Upon the request of a hospital, the board shall provide the hospital with all information relating to a licensee's loss, reduction or suspension of staff privileges from other hospitals and all information relating to the licensee's being found guilty of unprofessional conduct. In this paragraph, “meaning" has the meaning specified under s. 50.33 (2).

(8) ADMINISTRATIVE WARNING. (a) After an investigation by the board under sub. (3) (a) or by the department under s. 440.03 (3m) or (5), the board may issue a private and confidential administrative warning to a holder of a license or certificate if the board determines that there is evidence of misconduct by him or her. The board may issue an administrative warning under this paragraph only if the board determines that no further action is warranted because the matter involves minor misconduct and the issuance of an administrative warning adequately protects the public by putting the holder of the license or certificate on notice that any subsequent misconduct may result in disciplinary action. The board shall review the determination if the holder of the license or certificate makes a personal appearance before the board. Following the review, the board may affirm, rescind or modify the administrative warning. A holder of a license or certificate may seek judicial review under ch. 227 of an affirmation or modification of an administrative warning by the board.

(b) An administrative warning issued under par. (a) does not constitute an adjudication of guilt or the imposition of discipline and may not be used as evidence that the holder of a license or certificate is guilty of misconduct.

(c) Notwithstanding par. (b), if the board receives a subsequent allegation of misconduct about a holder of a license or certificate to whom the board issued an administrative warning under par. (a), the board may reopen the matter that resulted in the issuance of the administrative warning or use the administrative warning in any subsequent disciplinary hearing under sub. (3) (b) as evidence that he or she had actual knowledge that the misconduct that was the basis for the administrative warning was contrary to law.

(d) The record that an administrative warning was issued under par. (a) shall be a public record. The contents of an administrative warning shall be private and confidential.

(8) JUDICIAL REVIEW. No injunction, temporary injunction, stay, restraining order or other order may be issued by a court in any proceeding for review that suspends or stays an order of the board to discipline a physician under sub. (3) (c) or to suspend or limit a physician's license under sub. (4), except upon application to the court and a determination by the court that all of the following conditions are met:

(a) The board has received notice of the application and the court has provided advance notice to the board of the date of the court hearing on the application.

(b) There is a substantial likelihood that the applicant will prevail in the proceeding for review.

(c) The applicant will suffer irreparable harm if the order is not suspended or stayed.

Reg. rel. sub. (3) (b) in conjunction with s. 227.46 (2), "hearing" for purposes of computing the time period for rendering a decision includes the taking of evidence and all subsequent proceedings. Sweet v. Medical Examining Board, 147 Wis. 2d 539, 433 N.W.2d 614 (Cl. App. 1988).

There is a five–prosecuting test to guide the Medical Examining Board in determining whether a physician improperly treated a patient. The board must provide a written decision that separately identifies the five elements and discusses the evidence that relates to each element and provides details of why the evidence supports the board's findings. Gimenez v. Medical Examining Board, 203 Wis. 2d 349, 552 N.W.2d 863 (Cl. App. 1996), 95–2641.

As used in this section, “negligence in treatment" means medical negligence, as defined by Wisconsin courts, which holds a doctor to the standard of reasonable care. The “reasonable physician" is not synonymous with the “average physician.” Department of Regulation & Licensing v. Medical Examining Board, 215 Wis. 2d 168, 572 N.W.2d 508 (Cl. App. 1997), 97–0452.

The five–prosecuting test of Gimenez, 203 Wis. 2d 349 (1996), does not apply to cases in which fraud and misrepresentation are alleged. Gimenez expressly limits the application of the test to cases in which the medical professional is charged with causing a serious or detrimental to the professional’s patient or the public. It does not apply to allegations of unprofessional conduct by perpetrating a fraud on a patient in an attempt to obtain compensation. Krahnenhul v. Dentistry Examining Board, 206 Wis. 2d 172, 552 N.W.2d 527 (Cl. App. 1997), 1997 a. 67, 175, 191, 311; 1999 a. 32, 180; 2001 a. 89, 2009 a. 382; 2011 a. 160; 2013 a. 240; 2017 a. 328; 2021 a. 23, 2023 a. 172, 214.

(3m) CERTIFICATE REQUIRED TO PRACTICE. No person may practice respiratory care, or attempt to do so or make a representation as authorized to do so, without a license to practice medicine and surgery granted by the board.

(c) No person may practice perfusion, attempt to do so, or make a representation as authorized to do so, without a license to practice perfusion granted by the board.

(d) No person may practice as an anesthesiologist assistant unless he or she is licensed by the board as an anesthesiologist assistant.

(4m) LICENSE OR CERTIFICATE REQUIRED TO PRACTICE; USE OF TITLES; CIVIL IMMUNITY; PRACTICE OF CHRISTIAN SCIENCE. (1) LICENSE REQUIRED TO PRACTICE. (a) No person may practice medicine and surgery, or attempt to do so or make a representation as authorized to do so, without a license to practice medicine and surgery granted by the board.

(c) No person may practice perfusion, attempt to do so, or make a representation as authorized to do so, without a license to practice perfusion granted by the board.

(d) No person may practice as an anesthesiologist assistant unless he or she is licensed by the board as an anesthesiologist assistant.
tion as authorized to do so, without a certificate as a respiratory care practitioner granted by the board. (2) EXCEPTIONS. Nothing in this subchapter shall be construed either to prohibit, or to require, a license or certificate under this subchapter for any of the following:

(a) Any person lawfully practicing within the scope of a license, permit, registration, certificate, or certification granted to practice midwifery under subch. XIII of ch. 440, to practice professional or practical nursing or nurse–midwifery under ch. 441, to practice chiropractic under ch. 446, to practice dentistry, dental therapy, or dental hygiene or as an expanded function dental auxiliary under ch. 447, to practice optometry under ch. 449, to practice as a physician assistant under subch. registration, and shall be deemed to fulfill any statutory require-
ment for renewal of license or certificate.

(d) No registration may be permitted by the secretary of the
board in the case of any physician or perfusionist who has failed to
meet the requirements of s. 448.13 or any person whose license
or certificate has been suspended or revoked and the registration
of any such person shall be deemed automatically annulled upon
receipt by the secretary of the board of a verified report of such
suspension or revocation, subject to the person’s right of appeal.
A person whose license or certificate has been suspended or

(2) FEES. Except as otherwise provided in s. 448.980, the fees for examination and licenses granted under this subchapter are specified in s. 440.05, and the renewal fee for such licenses is determined by the department under s. 440.03 (9) (a). Compact licenses shall be subject to additional fees and assessments, as established by the department, the board, or the interstate medical licensure compact commission, to cover any costs incurred by the department or the board for this state’s participation in the interstate medical licensure compact under s. 448.980 and costs incurred by the interstate medical licensure compact commission for its administration of the renewal process for the interstate medical licensure compact under s. 448.980.

If the license holder has been subject to professional discipline, the license holder shall submit to the board a description of the circumstances of the discipline.

Such hospitals may charge patients directly for the services of their employee nurses, nonphysician anesthetists, physical therapists and medical assistants other than physicians or dentists, and may engage on a salary basis interns and residents who are participating in an accredited training program under the supervision of the medical staff, and persons with a resident educational license issued under s. 448.04 (1) (bm).

(1m) FEE SPLITTING. Except as otherwise provided in this section, no person licensed or certified under this subchapter may give or receive, directly or indirectly, to or from any person, firm or corporation any fee, commission, rebate or other form of compensation or anything of value for sending, referring or otherwise inducing a person to communicate with a licensee in a professional capacity, or for any professional services not actually rendered personally or at his or her direction.

(2) SEPARATE BILLING REQUIRED. Any person licensed under this subchapter who renders any medical or surgical service or assistance whatever, or gives any medical, surgical or any similar advice or assistance whatever to any patient, physician or corporation, or to any other institution or organization of any kind, including a hospital, for which a charge is made to such patient receiving such service, advice or assistance, shall, except as authorized by Title 18 or Title 19 of the federal social security act, render an individual statement or account of the charges therefor directly to such patient, distinct and separate from any statement or account by any physician or other person, who has rendered or who may render any medical, surgical or any similar service whatever, or who has given or may give any medical, surgical or similar advice or assistance to such patient, physician, corporation, or to any other institution or organization of any kind, including a hospital.

(3) BILLING FOR TESTS PERFORMED BY THE STATE LABORATORY OF HYGIENE. A person other than a state or local government agency who charges a patient, other person or 3rd−party payer for services performed by the state laboratory of hygiene shall identify the actual amount charged by the state laboratory of hygiene and shall restrict charges for those services to that amount.

(4) PROFESSIONAL PARTNERSHIPS AND CORPORATIONS PERMITTED. Notwithstanding any other provision in this section, it is lawful for 2 or more physicians, who have entered into a bona fide partnership for the practice of medicine, to render a single bill for such services in the name of such partnership, and it also is lawful for a service corporation to render a single bill for services in the name of the corporation, provided that each individual licensed, registered or certified under this chapter, subch. 1 of ch. 457, or ch. 446, 449, 450, 455, or 459 that renders billed services is individually identified as having rendered such services.

(5) CONTRACT EXCEPTIONS; TERMS. Notwithstanding any other provision in this section, when a hospital and its medical staff or a medical education and research organization and its medical staff consider that it is in the public interest, a physician may contract with the hospital or organization as an employee or to provide consultation services for attending physicians as provided in this subsection.

(a) Contracts under this subsection shall:

1. Require the physician to be a member of or acceptable to and subject to the approval of the medical staff of the hospital or medical education and research organization.

2. Permit the physician to exercise professional judgment without supervision or interference by the hospital or medical education and research organization.

3. Establish the remuneration of the physician.

(b) If agreeable to the contracting parties, the hospital or medical education and research organization may charge the patient for services rendered by the physician, but the statement to the patient shall indicate that the services of the physician, who shall be designated by name, are included in the departmental charges.

(c) No hospital or medical education and research organization may limit staff membership to physicians employed under this subsection.

(d) The responsibility of physician to patient, particularly with respect to professional liability, shall not be altered by any employment contract under this subsection.

A medical professional service corporation may bill patients for services by both a physician and a physical therapist if billing states an accurate figure for the respective services. 71 Attty. Gen. 108.

448.09 Penalties; appeal.

448.30 Informed consent.

(1) Any physician who treats a patient shall inform the patient about the availability of reasonable alternate medical modes of treatment and about the benefits and risks of these treatments. The reasonable physician standard is the standard for informing a patient under this section. The reasonable physician standard requires disclosure only of information that a reasonable physician in the same or a similar medical specialty would know and disclose under the circumstances. The physician’s duty to inform the patient under this section does not require disclosure of:

(2) Detailed technical information that in all probability a patient would not understand.

(3) Risks apparent or known to the patient.

(4) Extremely remote possibilities that might falsely or detrimentally alarm the patient.

(5) Information in emergencies where failure to provide treatment would be more harmful to the patient than treatment.

(6) Information in cases where the patient is incapable of consenting.

(7) Information about alternate medical modes of treatment for any condition the physician has not included in his or her diagnosis at the time the physician informs the patient.

History: 1981 c. 375; 2013 a. 111.

Cross-reference: See also ch. Med 18, Wis. adm. code.

A one to three in 100 chance of a condition’s existence is not an “extremely remote possibility” under sub. (4) when very serious consequences are involved or when the condition is present. Martin v. Richards, 192 Wis. 2d 156, 531 N.W.2d 70 (1995).

A doctor has a duty under this section to advise of alternative modes of diagnosis and of alternative modes of treatment for diagnosed conditions. Martin v. Richards, 192 Wis. 2d 156, 531 N.W.2d 70 (1995).

What constitutes informed consent under former s. 448.30, 1993 stats., emanates from what a reasonable person in the patient’s position would want to know. What a reasonable person in the patient’s position must disclose is contingent on what a reasonable person in the patient’s position would need to make an informed decision. When different physicians have substantially different success rates with a procedure and a reasonable person would consider that information material, a court may have to weigh the doctor’s desire to protect the patient from risk. Johnson v. Kokemoor, 199 Wis. 2d 615, 545 N.W.2d 495 (1996), 93−3099.

A hospital does not have the duty to ensure that a patient has given informed consent to a procedure performed by an independent physician. Christians v. Catherine’s Hospital, Inc., 212 Wis. 2d 540, 569 N.W.2d 330 (Cl. App. 1997), 96−1632.

The onset of a procedure does not categorically foreclose withdrawal of a patient’s consent to the procedure. The withdrawal of consent removes the doctor’s authority to continue and obliges the doctor to conduct another informed consent discussion. In this type of informed consent case in which the issue is not whether the patient was given the pertinent information so that the patient’s choice was informed, but whether the patient was given an opportunity to have all of the pertinent information, the cause of action is, “What did the patient himself or herself want?” Schreiber v. Physicians Insurance Co. of Wisconsin, 223 Wis. 2d 417, 588 N.W.2d 26 (1999), 99−5676.

As a general rule, patients have a duty to exercise ordinary care for their own health. Under limited, enumerated circumstances, contributory negligence may be a defense in an informed consent case. A doctor is not restricted to only the defenses listed under this section, but a court should be cautious in giving instructions on non−statutory defenses. Brown v. Dibbell, 227 Wis. 2d 28, 595 N.W.2d 358 (1999), 99−3075.

In the absence of a persistent vegetative state, the right of a patient to withdraw life−sustaining treatment from a child does not exist, and the need for informed consent is not required when life−sustaining treatment is performed. Menard v. Berkovec, 2002 WI App 147, 256 Wis. 2d 472, 647 N.W.2d 413, 01−1933.

A patient’s consent to treatment is not categorically immutable once it has been given. A physician must initiate a new informed consent discussion when there is a substantial change in circumstances, be it medical or legal. Here, the decedent’s post−operative complications did not at some point become a substantial change in medical circumstances necessitating a second informed consent discussion because it was undisputed that the decedent was informed of the risks the decedent later faced. Haguey v. Bodenstein, 2009 WI App 10, 316 Wis. 2d 240, 762 N.W.2d 452, 09−0155.

Former s. 448.30, 2007 stats., requires any physician who treats a patient to inform the patient about the availability of all alternate, viable medical modes of treatment, including diagnosis, as well as the benefits and risks of such treatments. The physician would know and disclose under the circumstances. The jury determined a physician was not negligent in the physician’s standard of care, even if those diagnostic procedures are aimed at conditions that are unrelated to the condition that was the final diagnosis. Martin v. Richards, 192 Wis. 2d 156, 531 N.W.2d 70 (1995), 95−2181.

A physician must disclose is contingent on what a reasonable person would need to make an informed decision. It follows that a physician has an inherent responsibility under this section to assess whether the patient understands the proposed treatment. Martin v. Richards, 192 Wis. 2d 156, 531 N.W.2d 70 (1995).

When considered in the context of this section, the word “inform” means more than just informing the patient. The word conveys the information in a manner such that the patient can understand it and use it to make an informed decision. It follows that a physician has an inherent responsibility under this section to assess whether the patient understands the proposed treatment. Martin v. Richards, 192 Wis. 2d 156, 531 N.W.2d 70 (1995).

Wetterling v. Southard, 2023 WI App 51, 409 Wis. 2d 434, 997 N.W.2d 115, 21−1694.

When considered in the context of this section, the word “inform” means more than just informing the patient. The word conveys the information in a manner such that the patient can understand it and use it to make an informed decision. It follows that a physician has an inherent responsibility under this section to assess whether the patient understands the proposed treatment. Martin v. Richards, 192 Wis. 2d 156, 531 N.W.2d 70 (1995).

History: 1997 a. 175.
Cross-reference: See also ch. Pod 3, Wis. adm. code.

448.67 Practice requirements. (1) FEE SPLITTING. No licensee may give or receive, directly or indirectly, to or from any other person any fee, commission, rebate or other form of compensation or anything of value for sending, referring or otherwise inducing a person to communicate with a licensee in a professional capacity, or for any professional services not actually rendered personally by the licensee or at the licensee’s direction.

(2) SEPARATE BILLING REQUIRED. Except as provided in sub. (4), a licensee who renders any podiatric service or assistance, or gives any podiatric advice or any similar advice or assistance, to any patient, podiatrist, physician, physician assistant, advanced practice nurse prescriber certified under s. 441.16 (2), partnership, or any other individual or to any other institution, agent, or any other person, shall separately render and charge to any other podiatrist, physician, physician assistant, advanced practice nurse prescriber, or other person.

(3) BILLING FOR TESTS PERFORMED BY THE STATE LABORATORY OF HYGIENE. A licensee who charges a patient, other person or 3rd–party payer for services performed by the state laboratory of hygiene shall identify the actual amount charged by the state laboratory of hygiene and shall restrict charges for those services to that amount.

(4) BILLING BY PROFESSIONAL PARTNERSHIPS AND CORPORATIONS. If 2 or more podiatrists have entered into a bona fide partnership or formed a service corporation for the practice of podiatry, the partnership or corporation may not render a single bill for services provided by any other podiatrist, physician, physician assistant, advanced practice nurse prescriber, or other person.

448.675 Disciplinary proceedings and actions. (1) INVESTIGATION; HEARING; ACTION. (a) The affiliated credentialing board shall investigate allegations of unprofessional conduct and negligence in treatment by a licensee. Information contained in reports filed with the affiliated credentialing board under s. 49.45 (2) (a) 12r., 50.36 (3) (b), 609.17 or 632.715, or under 42 CFR 1001.205, shall be investigated by the affiliated credentialing board. Information contained in a report filed with the affiliated credentialing board under s. 50.36 (3) (c) may, within the discretion of the affiliated credentialing board, be used as the basis of an investigation of a person named in the report. The affiliated credentialing board may require a licensee to undergo and may consider the results of a physical, mental or professional competency examination if the affiliated credentialing board believes that the results of the examination may be useful to the affiliated credentialing board in conducting its investigation.

(b) After an investigation, if the affiliated credentialing board finds that there is probable cause to believe that the person is guilty of unprofessional conduct or negligence in treatment, the affiliated credentialing board shall hold a hearing on such conduct. The affiliated credentialing board may require a licensee to undergo and may consider the results of a physical, mental or professional competency examination if the affiliated credentialing board believes that the results of the examination may be useful to the affiliated credentialing board in conducting its hearing. A finding by a court that a podiatrist has acted negligently in treating a patient is conclusive evidence that the podiatrist is guilty of negligence in treatment. A certified copy of the order of a court is presumptive evidence that the finding of negligence in treatment was made. The affiliated credentialing board shall render a decision within 90 days after the date on which the hearing is held or, if subsequent proceedings are conducted under s. 227.46 (2), within 90 days after the date on which those proceedings are completed.

(c) After a disciplinary hearing, the affiliated credentialing board may, when it determines that a court has found that a person has been negligent in treating a patient or when it finds a person guilty of unprofessional conduct or negligence in treatment, do one or more of the following: warn or reprimand that person, or limit, suspend or revoke a license granted by the affiliated credentialing board to that person. The affiliated credentialing board may condition the removal of limitations on a license, or the restoration of a suspended or revoked license, upon obtaining minimum results specified by the affiliated credentialing board on a physical, mental or professional competency examination if the affiliated credentialing board believes that obtaining the minimum results is related to correcting one or more of the bases upon which the limitation, suspension or revocation was imposed.

(d) A person whose license is limited shall be permitted to continue practice if the person agrees to do all of the following:

1. Refrain from engaging in unprofessional conduct.
2. Appear before the affiliated credentialing board or its officers or agents at such times and places designated by the affiliated credentialing board.
3. Fully disclose to the affiliated credentialing board or its officers or agents the nature of the person’s practice and conduct.
4. Fully comply with the limits placed on his or her practice and conduct by the affiliated credentialing board.
5. Obtain additional training, education or supervision required by the affiliated credentialing board.
6. Cooperate with the affiliated credentialing board.

(e) Unless a suspended license is revoked during the period of suspension, upon expiration of the period of suspension the affiliated credentialing board shall reinstate the person’s license, except that the affiliated credentialing board may, as a condition precedent to the reinstatement of the license, require the person to pass the examinations required for the original grant of the license.

(f) The affiliated credentialing board shall comply with rules of procedure for the investigation, hearing and action promulgated by the department under s. 440.03 (1).

(g) Nothing in this subsection prohibits the affiliated credentialing board, in its discretion, from investigating and conducting disciplinary proceedings on allegations of unprofessional conduct by a licensee when the allegations of unprofessional conduct may also constitute allegations of negligence in treatment.

(2) SUSPENSION OR LIMITATION PENDING HEARING. The affiliated credentialing board may summarily suspend or limit a license granted by the affiliated credentialing board for a period not to exceed 30 days pending hearing if the affiliated credentialing board has in its possession evidence establishing probable cause to believe that the licensee has violated the provisions of this subchapter and that it is necessary to suspend or limit the license immediately to protect the public health, safety or welfare. The license shall be granted an opportunity to be heard during the determination of whether or not probable cause exists. The affiliated credentialing board may designate any of its officers to exercise the authority granted by this subsection to summarily suspend or limit a license, for a period not exceeding 72 hours. If a license has been summarily suspended or limited by the affiliated credentialing board or any of its officers, the affiliated credentialing board may, while the hearing is in progress, extend the initial period of suspension or limitation for not more than an additional
30 days. If the licensee has caused a delay in the hearing process, the affiliated credentialing board may subsequently suspend or limit the license from the time the hearing is commenced until a final decision is issued or may delegate such authority to the hearing examiner.

(3) VOLUNTARY SURRENDER. A licensee may voluntarily surrender his or her license to the secretary of the affiliated credentialing board, but the secretary may refuse to accept the surrender if the affiliated credentialing board has received an allegation of unprofessional conduct against the licensee. The affiliated credentialing board may negotiate stipulations in consideration for accepting the surrender of a license.

(4) RESTORATION OF LICENSE, CERTIFICATE OR LIMITED PERMIT. The affiliated credentialing board may restore a license which has been voluntarily surrendered or revoked under this subchapter on such terms and conditions as it considers appropriate.

Cross-reference: See also ch. Pod 2, Wis. adm. code.

448.68 Hospital reports. (1) Within 30 days after receipt of a report under s. 50.36 (3) (c), the affiliated credentialing board shall notify the licensee, in writing, of the substance of the report. The licensee and the licensee’s authorized representative may examine the report and may place into the record a statement, of reasonable length, of the licensee’s view of the correctness or relevance of any information in the report. The licensee may institute an action in circuit court to amend or expunge any part of the licensee’s record related to the report.

(2) If the affiliated credentialing board determines that a report submitted under s. 50.36 (3) (c) is without merit or that the licensee has sufficiently improved his or her conduct, the affiliated credentialing board shall remove the report from the licensee’s record. If no report about a licensee is filed under s. 50.36 (3) (c) for 2 consecutive years, the licensee may petition the affiliated credentialing board to remove any prior reports, which did not result in disciplinary action, from his or her record.

(3) Upon the request of a hospital, the affiliated credentialing board shall provide the hospital with all information relating to a licensee’s loss, reduction or suspension of staff privileges from other hospitals and all information relating to the licensee’s being found guilty of unprofessional conduct. In this subsection, “hospital” has the meaning specified under s. 50.33 (2).

History: 1997 a. 175.

448.685 Injunctive relief. If the affiliated credentialing board has reason to believe that a person is violating this subchapter or a rule promulgated under this subchapter, the affiliated credentialing board, the department, the attorney general or the chapter or a rule promulgated under this subchapter, the affiliated credentialing board shall remove the report from the licensee’s record. If no report about a licensee is filed under s. 50.36 (3) (c) for 2 consecutive years, the licensee may petition the affiliated credentialing board to remove any prior reports, which did not result in disciplinary action, from his or her record.

History: 1997 a. 175.

(2) APPEAL. A person aggrieved by an action taken under this subchapter by the affiliated credentialing board, its officers or its agents may apply for judicial review as provided in ch. 227, and shall file notice of such appeal with the secretary of the affiliated credentialing board within 30 days. No court of this state may enter an ex parte stay of an action taken by the affiliated credentialing board under this subchapter.

History: 1997 a. 175.

448.980 Interstate medical licensure compact. The following compact is hereby ratified and entered into:

(1) SECTION 1 — PURPOSE. In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the interstate medical licensure compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards, provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The compact creates another pathway for licensure and does not otherwise change a state’s existing medical practice act. The compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician—patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the compact.

(12) that is of general applicability, implements, interprets, or prescribes a policy or provision of the compact, or an organizational, procedural, or practice requirement of the interstate commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule.

(e) Any member state may investigate actual or alleged violations of the statutes authorizing the practice of medicine in any other member state in which a physician holds a license to practice medicine.

(10) **SECTION 10 — DISCIPLINARY ACTIONS.** (a) Any disciplinary action taken by any member board against a physician licensed through the compact shall be deemed unprofessional conduct which may be subject to discipline by other member boards, in addition to any violation of the medical practice act or regulations in that state.

(b) If a license granted to a physician by the member board in the state of principal license is revoked, surrendered or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician’s license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the medical practice act of that state.

(c) If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided, and:

1. Impose the same or lesser sanctions against the physician so long as such sanctions are consistent with the medical practice act of that state; or
2. Pursue separate disciplinary action against the physician under its respective medical practice act, regardless of the action taken in other member states.

(d) If a license granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any license issued to the physician by any other member board shall be suspended, automatically and immediately without further action necessary by any other member board, for 90 days upon entry of the order by the disciplining board, to permit the member board to investigate the basis for the action under the medical practice act of that state. A member board may terminate the automatic suspension of the license it issued prior to the respective member board's action to reinstate the license in a manner consistent with the medical practice act of that state.

(e) If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matters of law and fact decided, and:

1. Impose the same or lesser sanctions against the physician so long as such sanctions are consistent with the medical practice act of that state; or
2. Pursue separate disciplinary action against the physician under its respective medical practice act, regardless of the action taken in other member states.

(f) Any disciplinary action taken by any member board against a physician licensed through the compact shall be deemed unprofessional conduct which may be subject to discipline by other member boards, in addition to any violation of the medical practice act or regulations in that state.

(g) Each commissioner participating at a meeting of the interstate commission is entitled to one vote. A majority of commissioners shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission. A commissioner shall not delegate a vote to another commissioner. In the absence of its commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of par. (d).

(h) The interstate commission shall provide public notice of all meetings and all meetings shall be open to the public. The interstate commission may close a meeting, in full or in part, where it determines by a two-thirds vote of the commissioners present that an open meeting would be likely to:

1. Relate solely to the internal personnel practices and procedures of the interstate commission;
2. Discuss matters specifically exempted from disclosure by federal statute;
3. Discuss trade secrets, commercial, or financial information that is privileged or confidential;
4. Involve accusing a person of a crime, or formally censuring a person;
5. Discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
6. Discuss investigative records compiled for law enforcement purposes; or
7. Specifically relate to the participation in a civil action or other legal proceeding.

(i) The interstate commission shall keep minutes which shall fully describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including record of any roll call votes.

(j) The interstate commission shall make its information and official records, to the extent not otherwise designated in the compact or by its rules, available to the public for inspection.

(k) The interstate commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the interstate commission, with the exception of rule making, during periods when the interstate commission is not in session. When acting on behalf of the interstate commission, the executive committee shall oversee the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as necessary.

(L) The interstate commission may establish other committees for governance and administration of the compact.

(12) **SECTION 12 — POWERS AND DUTIES OF THE INTERSTATE COMMISSION.** The interstate commission shall have the duty and power to:

(a) Oversee and maintain the administration of the compact;
(b) Promulgate rules which shall be binding to the extent and in the manner provided for in the compact;
(c) Issue, upon the request of a member state or member board, advisory opinions concerning the meaning or interpretation of the compact, its bylaws, rules, and actions;
(d) Enforce compliance with compact provisions, the rules promulgated by the interstate commission, and the bylaws, using all necessary and proper means, including but not limited to the use of judicial process;
(e) Establish and appoint committees including, but not limited to, an executive committee as required by sub. (11), which shall have the power to act on behalf of the interstate commission in carrying out its powers and duties;
(f) Pay, or provide for the payment of the expenses related to the establishment, organization, and ongoing activities of the interstate commission;
(g) Establish and maintain one or more offices;
(h) Borrow, accept, hire, or contract for services of personnel;
(i) Purchase and maintain insurance and bonds;
(j) Employ an executive director who shall have such powers to employ, select, or appoint employees, agents, or consultants, and to determine their qualifications, define their duties, and fix their compensation;
(k) Establish personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;
(L) Accept donations and grants of money, equipment, supplies, materials and services, and to receive, utilize, and dispose of it in a manner consistent with the conflict of interest policies established by the interstate commission;
(m) Lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use, any property, real, personal, or mixed;
(n) Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;
(o) Establish a budget and make expenditures;
(p) Adopt a seal and bylaws governing the management and operation of the interstate commission;
(q) Report annually to the legislatures and governors of the member states concerning the activities of the interstate commission during the preceding year. Such reports shall also include reports of financial audits and any recommendations that may have been adopted by the interstate commission;
(r) Coordinate education, training, and public awareness regarding the compact, its implementation, and its operation;
(s) Maintain records in accordance with the bylaws;
(t) Seek and obtain trademarks, copyrights, and patents; and
(u) Perform such functions as may be necessary or appropriate to achieve the purposes of the compact.

(13) SECTION 13 — FINANCE POWERS. (a) The interstate commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the interstate commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states.
(b) The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same.
(c) The interstate commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.
(d) The interstate commission shall be subject to a yearly financial audit conducted by a certified or licensed public accountant and the report of the audit shall be included in the annual report of the interstate commission.

(14) SECTION 14 — ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION. (a) The interstate commission shall, by a majority of commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact within 12 months of the first interstate commission meeting.
(b) The interstate commission shall elect or appoint annually from among its commissioners a chairperson, a vice–chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson, or in the chairperson’s absence or disability, the vice–chairperson, shall preside at all meetings of the interstate commission.
(c) Officers selected in par. (b) shall serve without remuneration from the interstate commission.
(d) 1. The officers and employees of the interstate commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of interstate commission employment, duties, or responsibilities; provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.
   2. The liability of the executive director and employees of the interstate commission or representatives of the interstate commission, acting within the scope of such person’s employment or duties for acts, errors, or omissions occurring within such person’s state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this paragraph shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.
3. The interstate commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of interstate commission employment, duties, or responsibilities; or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.
4. To the extent not covered by the state involved, member state, or the interstate commission, the representatives or employees of the interstate commission shall be held harmless in the amount of a settlement or judgment, including attorney fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

(15) SECTION 15 — RULE-MAKING FUNCTIONS OF THE INTERSTATE COMMISSION. (a) The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the compact. Notwithstanding the foregoing, in the event the interstate commission exercises its rule–making authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action...
by the interstate commission shall be invalid and have no force or
effect.

(b) Rules deemed appropriate for the operations of the inter-
state commission shall be made pursuant to a rule–making process
that substantially conforms to the “Model State Administrative
Procedure Act” of 2010, and subsequent amendments thereto.

(c) Not later than 30 days after a rule is promulgated, any per-
son may file a petition for judicial review of the rule in the United
States District Court for the District of Columbia or the federal
district where the interstate commission has its principal offices,
provided that the filing of such a petition shall not stay or other-
wise prevent the rule from becoming effective unless the court
finds that the petitioner has a substantial likelihood of success.
The court shall give deference to the actions of the interstate com-
mission consistent with applicable law and shall not find the rule
to be unlawful if the rule represents a reasonable exercise of the
authority granted to the interstate commission.

(16) **SECTION 16 — OVERSIGHT OF INTERSTATE COMPACT.** (a)
The executive, legislative, and judicial branches of state govern-
ment in each member state shall enforce the compact and shall
take all actions necessary and appropriate to effectuate the com-
pact’s purposes and intent. The provisions of the compact and the
rules promulgated hereunder shall have standing as statutory law
but shall not override existing state authority to regulate the prac-
tice of medicine.

(b) All courts shall take judicial notice of the compact and the
rules in any judicial or administrative proceeding in a member
state pertaining to the subject matter of the compact which may
affect the powers, responsibilities or actions of the interstate com-
mission.

(c) The interstate commission shall be entitled to receive all
service of process in any such proceeding, and shall have standing
to intervene in the proceeding for all purposes. Failure to provide
service of process to the interstate commission shall render a judg-
ment or order void as to the interstate commission, the compact,
or promulgated rules.

(17) **SECTION 17 — ENFORCEMENT OF INTERSTATE COMPACT.** (a)
The interstate commission, in the reasonable exercise of its discre-
ption, shall enforce the provisions and rules of the compact.

(b) The interstate commission may, by majority vote of the
commissioners, initiate legal action in the United States District
Court for the District of Columbia or, at the discretion of the inter-
state commission, in the federal district where the interstate com-
mission has its principal offices, to enforce compliance with the
provisions of the compact, and its promulgated rules and bylaws,
against a member state in default. The relief sought may include
both injunctive relief and damages. In the event judicial enforce-
ment is necessary, the prevailing party shall be awarded all costs
of such litigation including reasonable attorney fees.

(c) The remedies herein shall not be the exclusive remedies of
the interstate commission. The interstate commission may avail
itself of any other remedies available under state law or the regula-
tion of a profession.

(18) **SECTION 18 — DEFAULT PROCEDURES.** (a) The grounds for
default include, but are not limited to, failure of a member state to
perform such obligations or responsibilities imposed upon it by
the compact, or the rules and bylaws of the interstate commission
promulgated under the compact.

(b) If the interstate commission determines that a member state
has defaulted in the performance of its obligations or respon-
sibilities under the compact, or the bylaws or promulgated rules,
the interstate commission shall:

1. Provide written notice to the defaulting state and other
member states, of the nature of the default, the means of curing
the default, and any action taken by the interstate commission. The
interstate commission shall specify the conditions by which the
defaulting state must cure its default; and

2. Provide remedial training and specific technical assistance
regarding the default.

(c) If the defaulting state fails to cure the default, the defaulting
state shall be terminated from the compact upon an affirmative
vote of a majority of the commissioners and all rights, privileges,
and benefits conferred by the compact shall terminate on the effec-
tive date of termination. A cure of the default does not relieve the
offending state of obligations or liabilities incurred during the
period of the default.

(d) Termination of membership in the compact shall be
imposed only after all other means of securing compliance have
been exhausted. Notice of intent to terminate shall be given by the
interstate commission to the governor, the majority and minority
leaders of the defaulting state’s legislature, and each of the mem-
ber states.

(e) The interstate commission shall establish rules and proce-
dures to address licenses and physicians that are materially
impacted by the termination of a member state, or the withdrawal
of a member state.

(f) The member state which has been terminated is responsible
for all dues, obligations, and liabilities incurred through the effec-
tive date of termination including obligations, the performance of
which extends beyond the effective date of termination.

(g) The interstate commission shall not bear any costs relating to
any state that has been found to be in default or which has been
terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the
defaulting state.

(h) The defaulting state may appeal the action of the interstate
commission by petitioning the United States District Court for
the District of Columbia or the federal district where the interstate
commission has its principal offices. The prevailing party shall be
awarded all costs of such litigation including reasonable attorney
fees.

(19) **SECTION 19 — DISPUTE RESOLUTION.** (a) The interstate
commission shall attempt, upon the request of a member state, to
resolve disputes which are subject to the compact and which may
arise among member states or member boards.

(b) The interstate commission shall promulgate rules providing
for both mediation and binding dispute resolution as appropri-
ate.

(20) **SECTION 20 — MEMBER STATES, EFFECTIVE DATE AND
AMENDMENT.** (a) Any state is eligible to become a member state of
the compact.

(b) The compact shall become effective and binding upon legis-
latively enacted into law by no less than 7 states. Thereafter, it shall become effective and binding on a state upon enactment of the compact into law by that state.

(c) The governors of non–member states, or their designees,
shall be invited to participate in the activities of the interstate com-
mission on a non–voting basis prior to adoption of the compact by
all states.

(d) The interstate commission may propose amendments to the
compact for enactment by the member states. No amendment
shall become effective and binding upon the interstate commis-
sion and the member states unless and until it is enacted into law
by unanimous consent of the member states.

(21) **SECTION 21 — WITHDRAWAL.** (a) Once effective, the
compact shall continue in force and remain binding upon each and
every member state; provided that a member state may withdraw
from the compact by specifically repealing the statute which
enacted the compact into law.

(b) Withdrawal from the compact shall be by the enactment of
a statute repealing the same, but shall not take effect until one year
after the effective date of such statute and until written notice of
the withdrawal has been given by the withdrawing state to the gov-
ernor of each other member state.

(c) The withdrawing state shall immediately notify the chair-
person of the interstate commission in writing upon the introduc-
tion of legislation repealing the compact in the withdrawing state.
(d) The interstate commission shall notify the other member states of the withdrawing state’s intent to withdraw within 60 days of its receipt of notice provided under par. (c).

(e) The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(f) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

(g) The interstate commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

**22** SECTION 22 — DISSOLUTION. (a) The compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

(b) Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

**23** SECTION 23 — SEVERABILITY AND CONSTRUCTION. (a) The provisions of the compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(b) The provisions of the compact shall be liberally construed to effectuate its purposes.

(c) Nothing in the compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

**24** SECTION 24 — BINDING EFFECT OF COMPACT AND OTHER LAWS. (a) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

(b) All laws in a member state in conflict with the compact are superseded to the extent of the conflict.

(c) All lawful actions of the interstate commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

(d) All agreements between the interstate commission and the member states are binding in accordance with their terms.

(e) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located.
   3. If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.
    (f) Joint investigations:
       1. In addition to the authority granted to a member state by its respective physical therapy practice act or other applicable state law, a member state may participate with other member states in joint investigations of licensees.

2. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person’s intentional or willful or wanton misconduct of that person.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(d) The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(e) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(f) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

(9) RULE MAKING. (a) The commission shall exercise its rule-making powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(d) Prior to promulgation and adoption of a final rule or rules by the commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rule making at all of the following:

4. All hearings will be recorded. A copy of the recording will be made available on request.

5. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(j) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(k) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rule-making record and the full text of the rule.

(L) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rule-making procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. 1. Meet an imminent threat to public health, safety, or welfare.

2. Prevent a loss of commission or member state funds.

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

4. Protect public health and safety.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(10) OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. (a) Oversight. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(b) Default, technical assistance, and termination. 1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall do all of the following:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission.

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state’s legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

(c) Dispute resolution. 1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) Enforcement. 1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

(11) DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES. WITHDRAWAL, AND AMENDMENTS. (a) The compact shall come into effect on the date on which the compact statute is enacted into law in the 10th member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rule-making powers necessary to the implementation and administration of the compact.

(b) Any state that joins the compact subsequent to the commission’s initial adoption of the rules shall be subject to the rules as
they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(c) 1. Any member state may withdraw from this compact by enacting a statute repealing the same.
2. A member state’s withdrawal shall not take effect until 6 months after enactment of the repealing statute.
3. Withdrawal shall not affect the continuing requirement of the withdrawing state’s physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(e) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

(12) CONSTRUCTION AND SEVERABILITY. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states.

  4. Notify the commission, in compliance with the terms of the compact and rules, of any adverse action or the availability of investigative information regarding a licensee;
  5. Implement or utilize procedures for considering the criminal history records of applicants for an initial compact privilege. These procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant’s criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state’s criminal records;
  a. A member state shall, within a time frame established by the commission, require a criminal background check for a licensee seeking/applying for a compact privilege whose primary state of residence is that member state, by receiving the results of the federal bureau of investigation criminal record search, and shall use the results in making licensure decisions.
  b. Communication between a member state, the commission or among member states regarding the verification of eligibility for licensure through the compact shall not include any information received from the federal bureau of investigation relating to a federal criminal records check performed by a member state under P.L. 92–544;
  6. Comply with the rules of the commission;
  7. Utilize only a recognized national examination as a requirement for licensure pursuant to the rules of the commission; and
  8. Have continuing competence/education requirements as a condition for license renewal.
  (b) A member state shall grant the compact privilege to a licensee holding a valid unencumbered license in another member state in accordance with the terms of the compact and rules.
  (c) Member states may charge a fee for granting a compact privilege.
  (d) A member state shall provide for the state’s delegate to attend all occupational therapy compact commission meetings.
  (e) Individuals not residing in a member state shall continue to be able to apply for a member state’s single-state license as provided under the laws of each member state. However, the single-state license granted to these individuals shall not be recognized as granting the compact privilege in any other member state.
  (f) Nothing in this compact shall affect the requirements established by a member state for the issuance of a single-state license.

(4) COMPACT PRIVILEGE. (a) To exercise the compact privilege under the terms and provisions of the compact, the licensee shall:
  1. Hold a license in the home state;
  2. Have a valid United States social security number or national practitioner identification number;
  3. Have no encumbrance on any state license;
  4. Be eligible for a compact privilege in any member state in accordance with pars. (d), (f), (g), and (h);
  5. Have paid all fines and completed all requirements resulting from any adverse action against any license or compact privilege, and 2 years have elapsed from the date of such completion;
  6. Notify the commission that the licensee is seeking the compact privilege within a remote state(s);
  7. Pay any applicable fees, including any state fee, for the compact privilege;
  8. Complete a criminal background check in accordance with sub. (3) (a) 5.:
    a. The licensee shall be responsible for the payment of any fee associated with the completion of a criminal background check.
  9. Meet any jurisprudence requirements established by the remote state(s) in which the licensee is seeking a compact privilege; and
10. Report to the commission adverse action taken by any non–member state within 30 days from the date the adverse action is taken.

(b) The compact privilege is valid until the expiration date of the home state license. The licensee must comply with the requirements of par. (a) to maintain the compact privilege in the remote state.

(c) A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(d) Occupational therapy assistants practicing in a remote state shall be supervised by an occupational therapist licensed or holding a compact privilege in that remote state.

(e) A licensee providing occupational therapy in a remote state is subject to that state’s regulatory authority. A remote state may, in accordance with due process and that state’s laws, remove a licensee’s compact privilege in the remote state for a specific period of time, impose fines, and/or take any other necessary actions to protect the health and safety of its citizens. The licensee may be ineligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.

(f) If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until the following occur:
   1. The home state license is no longer encumbered; and
   2. Two years have elapsed from the date on which the home state license is no longer encumbered in accordance with subd. 1.

(g) Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of par. (a) to obtain a compact privilege in any remote state.

(h) If a licensee’s compact privilege in any remote state is removed due to an erroneous charge, privileges shall be restored through the compact data system.

(i) If a licensee’s compact privilege in any remote state is removed due to an erroneous charge, privileges shall be restored through the compact data system.

(j) Once the requirements of par. (b) have been met, the license must meet the requirements in par. (a) to obtain a compact privilege in a remote state.

5. Obtaining a new home state license by virtue of compact privilege. (a) An occupational therapist or occupational therapy assistant may hold a home state license, which allows for compact privileges in member states, in only one member state at a time.

(b) If an occupational therapist or occupational therapy assistant changes primary state of residence by moving between two member states:
   1. The occupational therapist or occupational therapy assistant shall file an application for obtaining a new home state license by virtue of a compact privilege, pay all applicable fees, and notify the current and new home state in accordance with applicable rules adopted by the commission.
   2. Upon receipt of an application for obtaining a new home state license by virtue of compact privilege, the new home state shall verify that the occupational therapist or occupational therapy assistant meets the pertinent criteria outlined in sub. (4) via the data system, without need for primary source verification except for:
      a. An FBI fingerprint based criminal background check if not previously performed or updated pursuant to applicable rules adopted by the commission in accordance with P.L. 92–544;
      b. Other criminal background check as required by the new home state; and
      c. Submission of any requisite jurisprudence requirements of the new home state.
   3. The former home state shall convert the former home state license into a compact privilege once the new home state has activated the new home state license in accordance with applicable rules adopted by the commission.
   4. Notwithstanding any other provision of this compact, if the occupational therapist or occupational therapy assistant cannot meet the criteria in sub. (4), the new home state shall apply its requirements for issuing a new single–state license.
   5. The occupational therapist or the occupational therapy assistant shall pay all applicable fees to the new home state in order to be issued a new home state license.
   c. If an occupational therapist or occupational therapy assistant changes primary state of residence by moving from a member state to a non–member state, or from a non–member state to a member state, the state criteria shall apply for issuance of a single–state license in the new state.
   d. Nothing in this compact shall interfere with a licensee’s ability to hold a single–state license in multiple states; however, for the purposes of this compact, a licensee shall have only one home state license.
   e. Nothing in this compact shall affect the requirements established by a member state for the issuance of a single–state license.

6. Active duty military personnel or their spouses. (a) Active duty military personnel, or their spouses, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state or through the process described in sub. (5).

7. Adverse actions. (a) A home state shall have exclusive power to impose adverse action against an occupational therapist’s or occupational therapy assistant’s license issued by the home state.
   (b) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to:
      1. Take adverse action against an occupational therapist’s or occupational therapy assistant’s compact privilege within that member state.
      2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses, or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.
      c. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.
      d. The home state shall complete any pending investigations of an occupational therapist or occupational therapy assistant who changes primary state of residence during the course of the inves-
tions. The home state, where the investigations were initiated, shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the OT compact commission data system. The occupational therapy compact commission data system administrator shall promptly notify the new home state of any adverse actions.

(e) A member state, if otherwise permitted by state law, may recover from the affected occupational therapist or occupational therapy assistant the costs of investigations and disposition of cases resulting from any adverse action taken against that occupational therapist or occupational therapy assistant.

(f) A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action.

(g) Joint investigations. 1. In addition to the authority granted to a member state by its respective state occupational therapy laws and regulations or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(h) If an adverse action is taken by the home state against an occupational therapist’s or occupational therapy assistant’s license, the occupational therapist’s or occupational therapy assistant’s compact privilege in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse actions against an occupational therapist’s or occupational therapy assistant’s license shall include a statement that the occupational therapist’s or occupational therapy assistant’s compact privilege is deactivated in all member states during the pendency of the order.

(i) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

(j) Nothing in this compact shall override a member state’s decision that participation in an alternative program may be used in lieu of adverse action.

8 ESTABLISHMENT OF THE OCCUPATIONAL THERAPY COMPACT COMMISSION. (a) The compact member states hereby create and establish a joint public agency known as the occupational therapy compact commission:

1. The commission is an instrumentality of the compact states.

2. Venue is proper and judicial proceedings by or against commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this compact shall be construed to a waiver of sovereign immunity.

(b) Membership, voting, and meetings. 1. Each member state shall have and be limited to one delegate selected by that member state’s licensing board.

2. The delegate shall be either:

11. Accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and receive, utilize and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety and/or conflict of interest;

13. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property personal, or mixed;

14. Establish a budget and make expenditures;

15. Borrow money;

(e) 1. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in sub. (10).

2. The commission or the executive committee or other committees of the commission may convene in a closed, non-public meeting if the commission or executive committee or other committees of the commission must discuss:
   a. Non-compliance of a member state with its obligations under the compact;

4. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(f) Financing of the commission. 1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

4. The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

5. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(g) Qualified immunity, defense, and indemnification. 1. The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person’s intentional or willful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(9) Data system. (a) The commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure, adverse action,
and investigative information on all licensed individuals in member states.

(b) A member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable utilizing a unique identifier as required by the rules of the commission, including:
1. Identifying information;
2. Licensure data;
3. Adverse actions against a license or compact privilege;
4. Non-confidential information related to alternative program participation;

6. Other information that may facilitate the administration of this compact, as determined by the rules of the commission; and
7. Current significant investigative information.

(c) Current significant investigative information and other investigative information pertaining to a licensee in any member state will only be available to other member states.

(d) The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(e) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(f) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

**RULEMAKING.** (a) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this subsection and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) The commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect.

(c) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(d) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(e) Prior to promulgation and adoption of a final rule or rules by the commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:
1. On the website of the commission or other publicly accessible platform; and
2. On the website of each member state occupational therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules;

(f) The notice of proposed rulemaking shall include:
1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(g) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(h) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:
1. At least 25 persons;
2. A state or federal governmental subdivision or agency; or
3. An association or organization having at least 25 members.

(i) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than 5 business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this subsection shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this subsection.

(j) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(k) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(L) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(m) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this subsection shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that most be adopted immediately in order to:
1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

(n) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.
OVERTSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. (a) Oversight. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(b) Default, technical assistance, and termination. 1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state’s legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

(c) Dispute resolution. 1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and non-member states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) Enforcement. 1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws.

The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR OCCUPATIONAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT. (a) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

(b) Any state that joins the compact subsequent to the commission’s initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(c) Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state’s withdrawal shall not take effect until 6 months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state’s occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(e) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

CONSTRUCTION AND SEVERABILITY. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

BINDING EFFECT OF COMPACT AND OTHER LAWS. (a) A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(b) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

SUBCHAPTER XIII

PA LICENSURE COMPACT

448.988 PA licensure compact. (1) PURPOSE. In order to strengthen access to medical services, and in recognition of the advances in the delivery of medical services, the participating states of the PA licensure compact have allied in common purpose to develop a comprehensive process that complements the existing authority of state licensing boards to license and discipline PAs and seeks to enhance the portability of a license to practice as a PA while safeguarding the safety of patients. This compact allows medical services to be provided by PAs, via the mutual recognition of the licensee’s qualifying license by other compact participating states. This compact also adopts the prevailing standard for PA licensure and affirms that the practice and delivery of medical services by the PA occurs where the patient is located at the time of the patient encounter, and therefore requires the PA to be under the jurisdiction of the state licensing board where the patient is located. State licensing boards that participate in this compact retain the jurisdiction to impose adverse action against a compact privilege in that state issued to a PA through the procedures of this compact. The PA licensure compact will alleviate burdens for military families by allowing active duty military personnel and their spouses to obtain a compact privilege based on having an unrestricted license in good standing from a participating state.

(2) DEFINITIONS. In this compact:

(a) “Adverse action” means any administrative, civil, equitable, or criminal action permitted by a state’s laws which is imposed by a licensing board or other authority against a PA license or license application or compact privilege such as license denial, censure, revocation, suspension, probation, monitoring of the licensee, or restriction on the licensee’s practice.

(b) “Compact privilege” means the authorization granted by a remote state to allow a licensee from another participating state to practice as a PA to provide medical services and other licensed activity to a patient located in the remote state under the remote state’s laws and regulations.

(c) “Conviction” means a finding by a court that an individual is guilty of a felony or misdemeanor offense through adjudication or entry of a plea of guilt or no contest to the charge by the offender.

(d) “Criminal background check” means the submission of fingerprints or other biometric-based information for a license applicant for the purpose of obtaining that applicant’s criminal history record information, as defined in 28 CFR 20.3 (d), from the state’s criminal history record repository, as defined in 28 CFR 20.3 (f).

(e) “Data system” means the repository of information about licensees, including but not limited to license status and adverse actions, which is created and administered under the terms of this compact.

(f) “Executive committee” means a group of directors and ex officio individuals elected or appointed pursuant to sub. (7) (f) 2.

(g) “Impaired practitioner” means a PA whose practice is adversely affected by health-related condition(s) that impact their ability to practice.

(h) “Investigative information” means information, records, or documents received or generated by a licensing board pursuant to an investigation.

(i) “Jurisprudence requirement” means the assessment of an individual’s knowledge of the laws and rules governing the practice of a PA in a state.

(j) “License” means current authorization by a state, other than authorization pursuant to a compact privilege, for a PA to provide medical services, which would be unlawful without current authorization.

(k) “Licensee” means an individual who holds a license from a state to provide medical services as a PA.

(l) “Licensing board” means any state entity authorized to license and otherwise regulate PAs.

(n) “Model compact” means the model for the PA licensure compact on file with the Council of State Governments or other entity designated by the commission.

(o) “Participating state” means a state that has enacted this compact.

(p) “PA” means an individual who is licensed as a physician assistant in a state. For purposes of this compact, any other title or status adopted by a state to replace the term “physician assistant” shall be deemed synonymous with “physician assistant” and shall confer the same rights and responsibilities to the licensee under the provisions of this compact at the time of its enactment.

(q) “PA licensure compact commission,” “compact commission,” or “commission” mean the national administrative body created pursuant to sub. (7) (a).

(r) “Qualifying license” means an unrestricted license issued by a participating state to provide medical services as a PA.

(s) “Remote state” means a participating state where a licensee who is not licensed as a PA is exercising or seeking to exercise the compact privilege.

(t) “Rule” means a regulation promulgated by an entity that has the force and effect of law.

(u) “Significant investigative information” means investigative information that a licensing board, after an inquiry or investigation that includes notification and an opportunity for the PA to respond if required by state law, has reason to believe is not groundless and, if proven true, would indicate more than a minor infractions.

(v) “State” means any state, commonwealth, district, or territory of the United States.
(3) STATE PARTICIPATION IN THIS COMPACT.  (a) To participate in this compact, a participating state shall:

1. License PAs.
2. Participate in the compact commission’s data system.
3. Have a mechanism in place for receiving and investigating complaints against licensees and license applicants.
4. Notify the commission, in compliance with the terms of this compact and commission rules, of any adverse action against a licensee or license applicant and the existence of significant investigative information regarding a licensee or license applicant.
5. Fully implement a criminal background check requirement, within a time frame established by commission rule, by its licensing board receiving the results of a criminal background check and reporting to the commission whether the license applicant has been granted a license.
6. Comply with the rules of the compact commission.
7. Utilize passage of a recognized national exam such as the NCCPA PANCE as a requirement for PA licensure.
8. Grant the compact privilege to a holder of a qualifying license in a participating state.

(b) Nothing in this compact prohibits a participating state from charging a fee for granting the compact privilege.

(4) COMPACT PRIVILEGE.  (a) To exercise the compact privilege, a licensee must:

1. Have graduated from a PA program accredited by the Accreditation Review Commission on Education for the Physician Assistant, Inc. or other programs authorized by commission rule.
2. Hold current NCCPA certification.
3. Have no felony or misdemeanor conviction.
4. Have never had a controlled substance license, permit, or registration suspended or revoked by a state or by the United States Drug Enforcement Administration.
5. Have a unique identifier as determined by commission rule.
6. Hold a qualifying license.
7. Have had no revocation of a license or limitation or restriction on any license currently held due to an adverse action.
8. If a licensee has had a limitation or restriction on a license or compact privilege due to an adverse action, two years must have elapsed from the date on which the license or compact privilege is no longer limited or restricted due to the adverse action.
9. If a compact privilege has been revoked or is limited or restricted in a participating state for conduct that would not be a basis for disciplinary action in a participating state in which the licensee is practicing or applying to practice under a compact privilege, that participating state shall have the discretion not to consider such action as an adverse action requiring the denial or removal of a compact privilege in that state.
10. Notify the compact commission that the licensee is seeking the compact privilege in a remote state.
11. Meet any jurisprudence requirement of a remote state in which the licensee is seeking to practice under the compact privilege and pay any fees applicable to satisfying the jurisprudence requirement.
12. Report to the commission any adverse action taken by a nonparticipating state within thirty (30) days after the action is taken.

(b) The compact privilege is valid until the expiration or reversion of the qualifying license unless terminated pursuant to an adverse action. The licensee must also comply with all of the requirements of par. (a) above to maintain the compact privilege in a remote state. If the participating state takes adverse action against a qualifying license, the licensee shall lose the compact privilege in any remote state in which the licensee has a compact privilege until all of the following occur:

1. The license is no longer limited or restricted; and
2. Two (2) years have elapsed from the date on which the license is no longer limited or restricted due to another adverse action.
3. Once a restricted or limited license satisfies the requirements of par. (b) 1. and 2., the licensee must meet the requirements of par. (a) to obtain a compact privilege in any remote state.
4. For purposes of taking adverse action, the participating state which issued the qualifying license shall give the same priority and effect to reported conduct received from any other participating state as it would if the conduct had occurred within the participating state which issued the qualifying license. In so doing, that participating state shall apply its own state laws to determine appropriate action.

(d) A participating state, if otherwise permitted by state law, may recover from the affected PA the costs of investigations and disposition of cases resulting from any adverse action taken against that PA.
(e) A participating state may take adverse action based on the factual findings of a remote state, provided that the participating state follows its own procedures for taking the adverse action.

(f) Joint investigations. 1. In addition to the authority granted to a participating state by its respective state PA laws and regulations or other applicable state law, any participating state may participate with other participating states in joint investigations of licensees.

2. Participating states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this compact.

(g) If an adverse action is taken against a PA’s qualifying license, the PA’s compact privilege in all remote states shall be deactivated until two (2) years have elapsed after all restrictions have been removed from the state license. All disciplinary orders by the participating state which issued the qualifying license that impose adverse action against a PA’s license shall include a statement that the PA’s compact privilege is deactivated in all participating states during the pendency of the order.

(h) If any participating state takes adverse action, it promptly shall notify the administrator of the data system.

(7) Establishment of the PA Licensure Compact Commission. (a) The participating states hereby create and establish a joint government agency and national administrative body known as the PA licensure compact commission. The commission is an instrumentality of the compact states acting jointly and not an instrumentality of any one state. The commission shall come into existence on or after the effective date of the compact as set forth in sub. (11) (a).

(b) Membership, voting, and meetings. 1. Each participating state shall have and be limited to one (1) delegate selected by that participating state’s licensing board or, if the state has more than one licensing board, selected collectively by the participating state’s licensing boards.

2. The delegate shall be either:
   a. A current PA, physician or public member of a licensing board or PA council/committee; or
   b. An administrator of a licensing board.

4. The participating state licensing board shall fill any vacancy occurring in the commission within sixty (60) days.

5. Each delegate shall be entitled to one (1) vote on all matters voted on by the commission and shall otherwise have an opportunity to participate in the business and affairs of the commission.

6. The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in this compact and the bylaws.

7. The commission shall establish by rule a term of office for delegates.

(c) The commission shall have the following powers and duties:

1. Establish a code of ethics for the commission;
2. Establish the fiscal year of the commission;
3. Establish fees;
4. Establish bylaws;
5. Maintain its financial records in accordance with the bylaws;
6. Meet and take such actions as are consistent with the provisions of this compact and the bylaws;
7. Promulgate rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all participating states;
8. Bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state licensing board to sue or be sued under applicable law shall not be affected;
9. Purchase and maintain insurance and bonds;
10. Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a participating state;
11. Hire employees and engage contractors, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and establish the commission’s personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;
12. Accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and receive, utilize and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest;
13. Lease, purchase, accept appropriate gifts or donations of, or otherwise own, hold, improve or use, any property, real, personal or mixed; provided that at all times the commission shall avoid any appearance of impropriety;
14. Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;
15. Establish a budget and make expenditures;
16. Borrow money;
17. Appoint committees, including standing committees composed of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;
18. Provide and receive information from, and cooperate with, law enforcement agencies;
19. Elect a chair, vice chair, secretary and treasurer and such other officers of the commission as provided in the commission’s bylaws.
20. Reserve for itself, in addition to those reserved exclusively to the commission under the compact, powers that the executive committee may not exercise;
21. Approve or disapprove a state’s participation in the compact based upon its determination as to whether the state’s compact legislation departs in a material manner from the model compact language;
22. Prepare and provide to the participating states an annual report; and
23. Perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of PA licensure and practice.

(d) Meetings of the commission. 1. All meetings of the commission that are not closed pursuant to this paragraph shall be open to the public. Notice of public meetings shall be posted on the commission’s website at least thirty (30) days prior to the public meeting.

2. Notwithstanding subd. 1., the commission may convene a public meeting by providing at least twenty-four (24) hours prior notice on the commission’s website, and any other means as provided in the commission’s rules, for any of the reasons it may dispense with notice of proposed rulemaking under sub. (9) (L).

3. The commission may convene in a closed, nonpublic meeting or nonpublic part of a public meeting to receive legal advice or to discuss:
   a. Noncompliance of a participating state with its obligations under this compact;
   b. The employment, compensation, discipline or other matters, practices or procedures related to specific employees or other
medical practices

matters related to the commission’s internal personnel practices and procedures;

c. Current, threatened, or reasonably anticipated litigation;

f. Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

g. Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

h. Disclosure of investigative records compiled for law enforcement purposes;

i. Disclosure of information related to any investigative reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to this compact;

j. Legal advice; or

k. Matters specifically exempted from disclosure by federal or participating states’ statutes.

4. If a meeting, or portion of a meeting, is closed pursuant to this provision, the chair of the meeting or the chair’s designee shall certify that the meeting or portion of the meeting may be closed and shall reference each relevant exempting provision.

5. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to enforcement purposes;

6. All minutes and documents of a closed meeting shall remain under seal, subject to public meeting for the same reasons that the commission may convene in a nonpublic meeting as set forth in par. (d) and shall announce the closed meeting as the commission is required to under par. (d) and keep minutes of the closed meeting as the commission is required to under par. (d) 5.

7. All meeting of the executive committee at which it votes or plans to vote on matters in exercising the powers and duties of the commission shall be open to the public and public notice of such meetings shall be given as public meetings of the commission are given.

8. The executive committee may convene in a closed, nonpublic meeting for the same reasons that the commission may convene in a nonpublic meeting as set forth in par. (d) 3. and shall announce the closed meeting as the commission is required to under par. (d) 4. and keep minutes of the closed meeting as the commission is required to under par. (d) 5.

9. Qualified immunity, defense, and indemnification. 1. The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the commission shall not in any way compromise or limit the immunity granted hereunder.
2. The commission shall defend any member, officer, executive director, employee, and representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person’s intentional or willful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of antitrust or anticompetitive law or regulation.

5. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

6. Nothing herein shall be construed to designate the venue or jurisdiction to bring actions for alleged acts of malpractice, professional misconduct, negligence, or other such civil action pertaining to the practice of a PA. All such matters shall be determined exclusively by state law other than this compact.

7. Nothing in this compact shall be interpreted to waive or otherwise abrogate a participating state’s state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

8. Nothing in this compact shall be construed to be a waiver of sovereign immunity by the participating states or by the commission.

8 (data system. (a) The commission shall provide for the development, maintenance, operation, and utilization of a coordinated data and reporting system containing licensure, adverse action, and the reporting of the existence of significant investigative information on all licensed PAs and applicants denied a license in participating states.

(b) Notwithstanding any other state law to the contrary, a participating state shall submit a uniform data set to the data system on all PAs to whom this compact is applicable (utilizing a unique identifier) as required by the rules of the commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse actions against a license or compact privilege;
4. Any denial of application for licensure, and the reason(s) for such denial (excluding the reporting of any criminal history record information where prohibited by law);
5. The existence of significant investigative information; and
6. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

(c) Significant investigative information pertaining to a licensee in any participating state shall only be available to other participating states.

(d) The commission shall promptly notify all participating states of any adverse action taken against a licensee or an individual applying for a license that has been reported to it. This adverse action information shall be available to any other participating state.

(e) Participating states contributing information to the data system may, in accordance with state or federal law, designate information that may not be shared with the public without the express permission of the contributing state. Notwithstanding any such designation, such information shall be reported to the commission through the data system.

(f) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the participating state contributing the information shall be removed from the data system upon reporting of such by the participating state to the commission.

(g) The records and information provided to a participating state pursuant to this compact or through the data system, when certified by the commission or an agent thereof, shall constitute the authenticated business records of the commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a participating state.

9. rule making. (a) The commission shall exercise its rule-making powers pursuant to the criteria set forth in this subsection and the rules adopted thereunder. Commission rules shall become binding as of the date specified by the commission for each rule.

(b) The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer this compact and achieve its purposes. A commission rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rule-making authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, or based upon another applicable standard of review.

(c) The rules of the commission shall have the force of law in each participating state, provided however that where the rules of the commission conflict with the laws of the participating state that establish the medical services a PA may perform in the participating state, as held by a court of competent jurisdiction, the rules of the commission shall be ineffective in that state to the extent of the conflict.

(d) If a majority of the legislatures of the participating states rejects a commission rule, by enactment of a statute or resolution in the same manner used to adopt this compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or to any state applying to participate in the compact.

(e) Commission rules shall be adopted at a regular or special meeting of the commission.

(f) Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty (30) days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rule making:

1. On the website of the commission or other publicly accessible platform; and
2. To persons who have requested notice of the commission’s notices of proposed rule making, and
3. In such other way(s) as the commission may by rule specify.

(g) The notice of proposed rule making shall include:

1. The time, date, and location of the public hearing on the proposed rule and the proposed time, date and location of the meeting in which the proposed rule will be considered and voted upon;
2. The text of the proposed rule and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person and the date by which written comments must be received; and

4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing or provide any written comments.

(h) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(i) If the hearing is to be held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall as directed in the notice of proposed rule making, not less than five (5) business days before the scheduled date of the hearing, notify the commission of their desire to appear and testify at the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings shall be recorded. A copy of the recording and the written comments, data, facts, opinions, and arguments received in response to the proposed rule making shall be made available to a person upon request.

4. Nothing in this subsection shall be construed as requiring a separate hearing on each proposed rule. Proposed rules may be grouped for the convenience of the commission at hearings required by this subsection.

(j) Following the public hearing the commission shall consider all written and oral comments timely received.

(k) The commission shall, by majority vote of all delegates, take final action on the proposed rule and shall determine the effective date of the rule, if adopted, based on the rule-making record and the full text of the rule.

1. If adopted, the rule shall be posted on the commission’s website.

2. The commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

3. The commission shall provide on its website an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

4. The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in par. (L), the effective date of the rule shall be no sooner than thirty (30) days after the commission issued the notice that it adopted the rule.

(L) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with twenty-four (24) hours prior notice, without the opportunity for comment, or hearing, provided that the usual rule-making procedures provided in this compact and in this subsection shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately by the commission in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of commission or participating state funds;

3. Meet a deadline for the promulgation of a commission rule that is established by federal law or rule; or

4. Protect public health and safety.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted commission rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made as set forth in the notice of revisions and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(n) No participating state’s rule-making requirements shall apply under this compact.

10 OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. (a) Oversight. 1. The executive and judicial branches of state government in each participating state shall enforce this compact and take all actions necessary and appropriate to implement the compact.

2. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

1. The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact or the commission’s rules and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission with service of process shall render a judgment or order in such proceeding void as to the commission, this compact, or commission rules.

(b) Default, technical assistance, and termination. 1. If the commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this compact or the commission rules, the commission shall provide written notice to the defaulting state and other participating states. The notice shall describe the default, the proposed means of curing the default and any other action that the commission may take and shall offer remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from this compact upon an affirmative vote of a majority of the delegates of the participating states, and all rights, privileges and benefits conferred by this compact upon such state may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of participation in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state’s legislature, and to the licensing board(s) of each of the participating states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from this compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal its termination from the compact by the commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

7. Upon the termination of a state’s participation in the compact, the state shall immediately provide notice to all licensees within that state of such termination.
a. Licensees who have been granted a compact privilege in that state shall retain the compact privilege for one hundred eighty (180) days following the effective date of such termination.

b. Licensees who are licensed in that state who have been granted a compact privilege in a participating state shall retain the compact privilege for one hundred eighty (180) days unless the licensee also has a qualifying license in a participating state or obtains a qualifying license in a participating state before the one hundred eighty (180)−day period ends, in which case the compact privilege shall continue.

c. Dispute resolution. 1. Upon request by a participating state, the commission shall attempt to resolve disputes related to this compact that arise among participating states and between participating and nonparticipating states.
