The value of the assistance offered by the alternative provider may not be less than the value of the assistance which the individual would have received from the religious organization.

(5) EMPLOYMENT PRACTICES. To the extent permitted under federal law, a religious organization's exemption provided under [42 USC 2000e-1a](#) regarding employment practices is not affected by its participation in, or receipt of funds from, programs administered by the department.

III of ch. 49; community-based juvenile delinquency-related services; juvenile correctional services; services provided to courts; and outreach, information, and referral services; or when, as determined by the department, a fee is administratively unfeasible or would significantly prevent accomplishing the purpose of the service. A county department under s. 46.215, 46.22, 51.42, or 51.437 shall apply the fees that it collects under this program to cover the cost of those services.

(am) Paragraph (a) also does not prevent a county department under s. 51.42 or 51.437 from charging and collecting the cost of an examination ordered under s. 938.295 (2) (a) as authorized under s. 938.295 (2) (c).

(a). If a minor receives services without consent of a parent or guardian under s. 51.138 or 51.47, the department or, if applicable, the county department shall base the fee solely on the minor's ability to pay.

(c) The department shall make collections from the person who in the opinion of the department is best able to pay, giving due regard to the present needs of the person or of his or her lawful dependents. The department may bring action in the name of the department to enforce the liability established under par. (b). A county may allow the person to pay the assessment fee in 1, 2, 3 or 4 equal installments. The fee for the airman or driver safety plan may be reduced or waived if the person is unable to pay the complete fee, but no fee for assessment or attendance at a traffic safety school under s. 345.60 may be reduced or waived. Nonpayment of the assessment fee is noncompliance with the court order that required completion of an assessment and airman or driver safety plan. Upon a finding that the person has the ability to pay, nonpayment of the airman or driver safety plan fee is noncompliance with the court order that required completion of an assessment and airman or driver safety plan.

(fm) Notwithstanding par. (a), any person who submits to an assessment under s. 961.472 shall pay a fee to the appropriate county department under s. 51.42. The department of health services shall set fees for each county department under s. 51.42 designed to offset all the costs to the county in providing the assessment program. The county department under s. 46.215, 46.22 or 46.23 shall provide the department all necessary information in the manner prescribed by the department.

(d) The department shall disburse from state or federal funds or both the entire amount and charge the county for its share under s. 46.495.

(2) ASSESSMENT OF NEEDS. Before developing and submitting a proposed budget to the county executive or county administrator or the county board or the Milwaukee County mental health board, the county departments listed in sub. (1) shall assess needs and inventory resources and services, using an open public participation process.

(2g) CONTRACT. (a) The department shall annually submit to the county board of supervisors in a county with a single-county department, the Milwaukee County mental health board in Milwaukee County for matters related to mental health, or the county boards of supervisors in counties with a multicounty department a proposed written contract containing the allocation of funds and such administrative requirements as necessary. The contract as approved may contain conditions of participation consistent with federal and state law. The contract may also include provisions necessary to ensure uniform cost accounting of services. Any changes to the proposed contract shall be mutually agreed upon. The county board of supervisors in a county with a single-county department, the Milwaukee County mental health board in Milwaukee County for matters related to mental health, or the county boards of supervisors in counties with a multicounty department shall approve the contract before January 1 of the year in which it takes effect unless the department grants an extension. The county board of supervisors in a county with a single-county department, the Milwaukee County mental health board in Milwaukee County, or the county boards of supervisors in counties with a multicounty department may designate an agent to approve addenda to any contract after the contract has been approved.

(b) The department may not approve contracts for amounts in excess of available revenues. The county board of supervisors in a county with a single-county department, the Milwaukee County mental health board in Milwaukee County for matters related to mental health, or the county boards of supervisors in counties with a multicounty department may appropriate funds not used to match state funds under ss. 46.495 (1) (d) and 51.423. 1. Is for services which duplicate or are inconsistent with services being provided or purchased by the department or other county departments receiving grants-in-aid or reimbursement from the department.

2. Is inconsistent with state or federal statutes, rules or regulations, in which case the department may also arrange for provision of services by an alternate agency. The department may not arrange for provision of services by an alternate agency unless the joint committee on finance or a review body designated by the committee reviews and approves the department's determination.

3. Is for the treatment of alcoholics or persons who are drug dependent in treatment facilities which have not been approved by the department in accordance with s. 51.45 (8).

The department and local governmental bodies may establish such departments, boards, committees, organizational structures, and procedures as may be needed to implement the pilot programs. The departments, boards, committees, and organizational structures may assume responsibilities currently assigned by statute to the departments, boards, committees, or organizational structures that are replaced.

The budget under s. 46.031 (1) shall be the vehicle for expressing the proposed use of the single consolidated fund by the county board of supervisors in a county with a single-county department, the Milwaukee County mental health board, as applicable, or county boards of supervisors in counties with a multicounty department. Approval by the department of this use of the fund shall be in the contract under s. 46.031 (2g). 46.036 Purchase of care and services. (1) All care and services purchased by the department or by a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437, except as provided under subch. III of ch. 49 and s. 301.08 (2), shall be authorized and contracted for under the standards established under this section. The department may require the county departments to submit the contracts to the department for review and approval. For purchases of \$10,000 or less the requirement for a written contract may be waived by the department. When the department directly contracts for services, it shall follow the procedures in this section in addition to meeting purchasing requirements established in s. 16.75.

(2) All care and services purchased shall meet standards established by the department and other requirements specified by purchaser in the contract. Based on these standards the department shall establish standards for cost accounting and management information systems that shall monitor the utilization of such services, and document the specific services in meeting the service plan for the client and the objective of the service.

(3) (a) Purchase of service contracts shall be written in accordance with rules promulgated and procedures established by

9 Updated 23-24 Wis. Stats.**SOCIAL SERVICES****46.036**

the department. Contracts for client services shall show the total dollar amount to be purchased and for each service the number of clients to be served, number of client service units, the unit rate per client service and the total dollar amount for each service.

(b) Payments under a contract may be made on the basis of actual allowable costs or on the basis of a unit rate per client service multiplied by the actual client units furnished each month. The contract may be renegotiated when units vary from the contracted number. The purchaser shall determine actual marginal costs for each service unit less than or in addition to the contracted number.

(c) For proprietary agencies, contracts may include a percentage add-on for profit according to rules promulgated by the department.

(d) Reimbursement to an agency may be based on total costs agreed to by the parties regardless of the actual number of service units to be furnished, when the agency is entering into a contract for a new or expanded service that the purchaser recognizes will require a start-up period not to exceed 180 days. Such reimbursement applies only if identified client needs necessitate the establishment of a new service or expansion of an existing service.

(e) If the purchaser finds it necessary to terminate a contract prior to the contract expiration date for reasons other than nonperformance by the provider, actual cost incurred by the provider may be reimbursed for an amount determined by mutual agreement of the parties.

(f) Advance payments of up to one-twelfth of an annual contract may be allowed under the contract. If the advance payment exceeds \$10,000, the provider shall supply a surety bond for an amount equal to the amount of the advance payment applied for. No surety bond is required if the provider is a state agency. The cost of the surety bond shall be allowable as an expense.

(g) Notwithstanding pars. (b) and (d), if a county has an existing system, approved by the department, to monitor and assess the outcomes of a contract and if the county is so authorized by the department, the county may contract with providers to pay in advance or after provision of services a fixed amount for each person served by the provider in return for a defined set of expected outcomes that are determined by the county.

(4) For purposes of this section and as a condition of reimbursement, each provider under contract shall:

(a) Except as provided in this paragraph, maintain a uniform double entry accounting system and a management information system which are compatible with cost accounting and control systems prescribed by the department.

(b) Cooperate with the department and purchaser in establishing costs for reimbursement purposes.

(c) Unless waived by the department, biennially, or annually if required under federal law, provide the purchaser with a certified financial and compliance audit report if the care and services purchased exceed \$100,000. The audit shall follow standards that the department prescribes.

(d) Transfer a client from one category of care or service to another only with the approval of the purchaser.

(e) Charge a uniform schedule of fees as defined under s. 46.03 (18) unless waived by the purchaser with approval of the department. Whenever providers recover funds attributed to the client, such funds shall offset the amount paid under the contract.

(5) Except as provided under sub. (5m), the purchaser shall recover from provider agencies money paid in excess of the conditions of the contract from subsequent payments made to the provider.

(5m) (a) In this subsection:

1. "Provider" means a nonstock corporation organized under

ch. 181 that is a nonprofit corporation, as defined in s. 181.0103 (17), and that contracts under this section to provide client services on the basis of a unit rate per client service or a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437 that contracts under this section to provide client services on the basis of a unit rate per client service.

2. "Rate-based service" means a service or a group of services, as determined by the department, that is reimbursed through a prospectively set rate and that is distinguishable from other services or groups of services by the purpose for which funds are provided for that service or group of services and by the source of funding for that service or group of services.

(b) 1. If revenue under a contract for the provision of a rate-based service exceeds allowable costs incurred in the contract period, the contract shall allow the provider to retain from the surplus up to 5 percent of the revenue received under the contract unless a uniform rate is established by rule under subd. 4., in which case the contract shall allow the provider to retain the uniform percentage rate established by the rule. The retained surplus is the property of the provider.

3. If on December 31 of any year the provider's accumulated surplus from all contract periods ending during that year for a rate-based service exceeds the allowable retention rate under subd. 1., the provider shall provide written notice of that excess to all purchasers of the rate-based service. Upon the written request of such a purchaser received no later than 6 months after the date of the notice, the provider shall refund the purchaser's proportional share of that excess. If the department determines based on an audit or fiscal review that the amount of the excess identified by the provider was incorrect, the department may seek to recover funds after the 6-month period has expired. The department shall commence any audit or fiscal review under this subdivision within 6 years after the end of the contract period.

4. The department, in consultation with the department of children and families and the department of corrections, shall promulgate rules to implement this subsection including all of the following:

a. Requiring that contracts for rate-based services under this subsection allow a provider to retain from any surplus revenue up to 5 percent of the total revenue received under the contract, or a different percentage rate determined by the department. The percentage rate established under this subd. 4. a. shall apply uniformly to all rate-based service contracts under this subsection.

b. Establishing a procedure for reviewing rate-based service contracts to determine whether a contract complies with the provisions of this subsection.

(e) Notwithstanding par. (b), the department or a county department under s. 46.215, 46.22, 46.23, 51.42, or 51.437 that purchases care and services from an inpatient alcohol and other drug abuse treatment program that is not affiliated with a hospital and that is licensed as a community-based residential facility may allocate to the program an amount that is equal to the amount of revenues received by the program that are in excess of the allowable costs incurred in the period of a contract between the program and the department or the county department for purchase of care and services under this section. The department or the county department may make the allocation under this paragraph only if the funds so allocated do not reduce any amount of unencumbered state aid to the department or the county department that otherwise would lapse to the general fund.

(em) Notwithstanding pars. (b) and (e), a county department under s. 46.215, 51.42, or 51.437 providing client services in a county having a population of 750,000 or more or a nonstock, nonprofit corporation providing client services in such a county may not retain a surplus under par. (b) or allocate an amount un-

der par. (e) from revenues that are used to meet the maintenance-of-effort requirement under the federal temporary assistance for needy families program under 42 USC 601 to 619.

(f) All providers that are subject to this subsection shall comply with any financial reporting and auditing requirements that the department may prescribe. Those requirements shall include a requirement that a provider provide to any purchaser and the department any information that the department needs to claim federal reimbursement for the cost of any services purchased from the provider and a requirement that a provider provide audit reports to any purchaser and the department according to standards specified in the provider's contract and any other standards that the department may prescribe.

(6) Contracts may be renegotiated by the purchaser under conditions specified in the contract.

(7) The service provider under this section may appeal decisions of the purchaser in accordance with terms and conditions of the contract and ch. 68 or 227.

(2) Except as provided in subs. (2m) and (14) (b) and (c), any person, including but not limited to a person admitted, committed, protected, or placed under s. 975.01, 1977 stats., s. 975.02, 1977 stats., s. 975.17, 1977 stats., s. 55.05 (5), 2003 stats., and s. 55.06, 2003 stats., and ss. 51.10, 51.13, 51.15, 51.20, 51.35 (3), 51.37 (5), 51.45 (10), (11), (12) and (13), 55.05, 55.055, 55.12, 55.13, 55.135, 971.14 (2) and (5), 971.17 (1), 975.06 and 980.06, receiving care, maintenance, services and supplies provided by any institution in this state including University of Wisconsin Hospitals and Clinics, in which the state is chargeable with all or part of the person's care, maintenance, services and supplies, any person receiving care and services from a county department established under s. 51.42 or 51.437 or from a facility established under s. 49.73, and any person receiving treatment and services from a public or private agency under s. 980.06 (2) (c), 1997 stats., s. 980.08 (5), 2003 stats., or s. 971.17 (3) (d) or (4) (e) or 980.08 (4) (g) and the person's property and estate, including the homestead, and the spouse of the person, and the spouse's property and estate, including the homestead, and, in the case of a minor child, the parents of the person, and their property and estates, including their homestead, and, in the case of a foreign child described in s. 48.839 (1) who became dependent on public funds for his or her primary support before an order granting his or her adoption, the resident of this state appointed guardian of the child by a foreign court who brought the child into this state for the purpose of adoption, and his or her property and estate, including his or her homestead, shall be liable for the cost of the care, maintenance, services and supplies in accordance with the fee schedule established by the department under s. 46.03 (18). If a spouse, widow or minor, or an incapacitated person may be lawfully dependent upon the property for their support, the court shall release all or such part of the property and estate from the charges that may be necessary to provide for those persons. The department shall make every reasonable effort to notify the liable persons as soon as possible after the beginning of the maintenance, but the notice or the receipt thereof is not a condition of liability.

(2m) The liability specified in sub. (2) shall not apply to tuberculosis patients receiving care, maintenance, services and supplies under ss. 252.07 to 252.10, to persons 18 and older receiving care, maintenance, services and supplies provided by prisons named in s. 302.01 or to parents of a minor who receives care for alcohol or drug abuse under s. 51.47 (1) without consent of the minor's parent or guardian.

(3) After investigation of the liable persons' ability to pay, the department shall make collection from the person who in the opinion of the department under all of the circumstances is best able to pay, giving due regard to relationship and the present needs of the person or of the lawful dependents. However, the liability of relatives for maintenance shall be in the following order: first, the spouse of the patient; then, in the case of a minor, the parent or parents.

(4) (a) If a person liable under sub. (2) fails to make payment or enter into or comply with an agreement for payment, the department may bring an action to enforce the liability or may issue an order to compel payment of the liability. Any person aggrieved by an order issued by the department under this paragraph may appeal the order as a contested case under ch. 227 by filing with the department a request for a hearing within 30 days after the date of the order.

(b) If judgment is rendered in an action brought under par. (a)

for any balance that is 90 or more days past due, interest at the rate of 12 percent per year shall be computed by the clerk and added to the liable person's costs. That interest shall begin on the date on which payment was due and shall end on the day before the date of any interest that is computed under s. 814.04 (4).

(c) If the department issues an order to compel payment under par. (a), interest at the rate of 12 percent per year shall be computed by the department and added at the time of payment to the person's liability. That interest shall begin on the date on which payment was due and shall end on the day before the date of final payment.

(5) If any person named in an order to compel payment issued under sub. (4) (a) fails to pay the department any amount due under the terms of the order and no contested case to review the order is pending and the time for filing for a contested case review has expired, the department may present a certified copy of the order to the circuit court for any county. The circuit court shall, without notice, render judgment in accordance with the order. A judgment rendered under this subsection shall have the same effect and shall be entered in the judgment and lien docket and may be enforced in the same manner as if the judgment had been rendered in an action tried and determined by the circuit court.

(6) The sworn statement of the collection and deportation counsel, or of the secretary, shall be evidence of the fee and of the care and services received by the patient.

(7) The department shall administer and enforce this section. It shall appoint an attorney to be designated "collection and deportation counsel" and other necessary assistants. The department may delegate to the collection and deportation counsel such other powers and duties as it considers advisable. The collection and deportation counsel or any of the assistants may administer oaths, take affidavits and testimony, examine public records, subpoena witnesses and the production of books, papers, records, and documents material to any matter of proceeding relating to payments for the cost of maintenance. The department shall encourage agreements or settlements with the liable person, having due regard to ability to pay and the present needs of lawful dependents.

(8) The department may:

(a) Appear for the state in any and all collection and deportation matters arising in the several courts, and may commence suit in the name of the department to recover the cost of maintenance against the person liable therefor.

(b) Determine whether any patients are subject to deportation; and on behalf of this state enter into reciprocal agreements with other states for deportation and importation of persons who are public charges, upon such terms as will protect the state's interests and promote mutual amicable relations with other states.

(c) From time to time investigate the financial condition and needs of persons liable under sub. (2), their ability to presently maintain themselves, the persons legally dependent upon them for support, the protection of the property and investments from which they derive their living and their care and protection, for the purpose of ascertaining the person's ability to make payment in whole or in part.

(d) After due regard to the case and to a spouse and minor children who are lawfully dependent on the property for support, compromise or waive any portion of any claim of the state or county for which a person specified under sub. (2) is liable, but not any claim payable by an insurer under s. 632.89 (2) or (4m) or by any other 3rd party.

(e) Make an agreement with a person who is liable under sub. (2), or who may be willing to assume the cost of maintenance of any patient, providing for the payment of such costs at a specified rate or amount.

(b) If a person who is liable under this section is deceased, a claim may be filed against the decedent's estate and the statute of limitations specified in s. 859.02 shall be exclusively applicable. This paragraph applies to liability incurred on or after July 20, 1985.

(12) The district attorney or his or her assistants in a county having a population of 750,000 or more shall, in matters pertaining to the recovery of the cost of maintenance of persons in county institutions in that county, have the same authority as granted in this section to the department.

(c) Upon request by a parent, the court may modify the amount of child support payments determined under par. (b), subject to par. 1. The needs of the child.
2. The physical, mental and emotional health needs of the child, including any costs for the child's health insurance provided by a parent.

11. Any other factors that the court in each case determines are relevant.

15 Updated 23-24 Wis. Stats.**SOCIAL SERVICES****46.14**

(cm) 1. Except as provided in subd. 2., if a parent who is required to pay child support under par. (b) or (c) is receiving adoption assistance under s. 48.975 for the child for whom support is ordered, the amount of the child support payments determined under par. (b) or (c) may not exceed the amount of the adoption assistance maintenance payments under s. 48.975 (3) (a). If an agreement under s. 48.975 (4) is in effect that provides for a payment of \$0 under s. 48.975 (3) (a), the payment of \$0 shall be considered to be an adoption assistance maintenance payment for purposes of this subdivision.

2. Subdivision 1. does not apply if, after considering the factors under par. (c) 1. to 11., the court finds by the greater weight of the credible evidence that limiting the amount of the child support payments to the amount of the adoption assistance maintenance payments under s. 48.975 (3) (a) is unfair to the child or to either of the parents.

(d) If the court finds under par. (c) that use of the percentage standard is unfair to the minor child or either of the parents, the court shall state in writing or on the record the amount of support that would be required by using the percentage standard, the amount by which the court's order deviates from that amount, its reasons for finding that use of the percentage standard is unfair to the child or the parent, its reasons for the amount of the modification and the basis for the modification.

(e) 1. An order issued under s. 48.355 (2) (b) 4. or (4g) (a), 48.357 (5m) (a), or 48.363 (2) for support determined under this subsection constitutes an assignment of all commissions, earnings, salaries, wages, pension benefits, income continuation insurance benefits under s. 40.62, duty disability benefits under s. 40.65, benefits under ch. 102 or 108, and other money due or to be due in the future to the county department under s. 46.22 or 46.23 in the county where the order was entered or to the department, depending upon the placement of the child as specified by rules promulgated under subd. 5. The assignment shall be for an amount sufficient to ensure payment under the order.

2. Except as provided in subd. 3., for each payment made under the assignment, the person from whom the payer under the order receives money shall receive an amount equal to the person's necessary disbursements, not to exceed \$3, which shall be deducted from the money to be paid to the payer.

3. Benefits under ch. 108 may be assigned and withheld only in the manner provided in s. 108.13 (4). Any order to withhold benefits under ch. 108 shall be for an amount certain. When money is to be withheld from these benefits, no fee may be deducted from the amount withheld and no fine may be levied for failure to withhold the money.

4. No employer may use an assignment under this paragraph as a basis for the denial of employment to a person, the discharge of an employee or any disciplinary action against an employee. An employer who denies employment or discharges or disciplines an employee in violation of this subdivision may be fined not more than \$500 and may be required to make full restitution to the aggrieved person, including reinstatement and back pay. Except as provided in this subdivision, restitution shall be in accordance with s. 973.20. An aggrieved person may apply to the district attorney or to the department of workforce development for enforcement of this subdivision.

5. The department shall promulgate rules for the operation and implementation of assignments under this paragraph.

(f) If the amount of the child support determined under this subsection is greater than the cost for the care and maintenance of the minor child in the residential, nonmedical facility, the assignee under par. (e) 1. shall expend or otherwise dispose of any funds that are collected in excess of the cost of such care and

maintenance in a manner that the assignee determines will serve the best interests of the minor child.

(g) For purposes of determining child support under par. (b), the department shall promulgate rules related to the application of the standard established by the department of children and families under s. 49.22 (9) to a child support obligation for the care and maintenance of a child who is placed by a court order under s. 48.32, 48.355, or 48.357 in a residential, nonmedical facility. The rules shall take into account the needs of any person, including dependent children other than the child, whom either parent is legally obligated to support.

(16) The department shall delegate to county departments under ss. 51.42 and 51.437 or the local providers of care and services meeting the standards established by the department under s. 46.036, the responsibilities vested in the department under this section for collection of patient fees for services other than those provided at state facilities, those provided to children that are reimbursed under a waiver under s. 46.275, 46.278, or 46.2785, or those provided under the disabled children's long-term support program if the county departments or providers meet the conditions that the department determines are appropriate. The department may delegate to county departments under ss. 51.42 and 51.437 the responsibilities vested in the department under this section for collection of patient fees for services provided at the state facilities if the necessary conditions are met.

(c) The department may release funds to counties acting jointly, if the counties sign a contract approved by the secretary that explains the plans for joint sponsorship.

(d) If the department determines that a county demonstrates a pattern of failure to serve clients whose cost of care significantly exceeds the average cost of care for children's long-term community support services provided under this section, the department may require that county to reserve a portion of funds allocated under this subsection for provision of service to those clients.

(e) The department shall, at the request of a county, carry forward up to 5 percent of the amount allocated under this subsection to the county for a calendar year if up to 5 percent of the amount so allocated has not been spent or encumbered by the county by December 31 of that year, for use by the county in the following calendar year, except that the amount carried forward shall be reduced by the amount of funds that the county has notified the department that the county wishes to place in a risk reserve under par. (f). The department may transfer funds within s. 20.435 (4) (bd) to accomplish this purpose. An allocation under this paragraph does not affect a county's base allocation under

this subsection and shall lapse to the general fund unless expended within the calendar year to which the funds are carried forward. A county may not expend funds carried forward under this paragraph for administrative or staff costs, except administrative or staff costs that are associated with implementation of the waiver under sub. (14) and approved by the department.

(f) 1. Notwithstanding s. 46.036 (3) and (5m), a county may place in a risk reserve funds that are allocated under par. (a) or sub. (14) (b) 1. and are not expended or encumbered for services under this subsection or sub. (14). The county shall notify the department of this decision and of the amount to be placed in the risk reserve. All interest from the principal shall be reinvested in the escrow account.

2. The annual amount of a county's expenditure for a risk reserve, as specified in subd. 1., may not exceed 10 percent of the county's most recent allocation under par. (a) and sub. (14) (b) 1. or \$750,000, whichever is less. The total amount of the risk reserve, including interest, may not exceed 15 percent of the county's most recent allocation under this subsection.

3. A county may expend funds maintained in a risk reserve, as specified in subd. 1., for any of the following purposes:

a. To defray costs of children's long-term community support services under this section.

b. If approved by the department, for administrative or staff costs under this section.

4. A county that maintains a risk reserve, as specified in subd. 1., shall annually, on a form prescribed by the department, submit to the department a record of the status of the risk reserve, including revenues and disbursements.

The department may transfer moneys within s. 20.435 (4) (bd) to accomplish this purpose. An allocation under this paragraph shall not affect a county's base allocation for the program. The department may allocate these transferred moneys during the next fiscal year to counties for the improvement or expansion of long-term community support services for clients whose cost of care significantly exceeds the average cost of care provided under this section, including any of the following:

1. Specialized training for providers of services under this section.

2. Start-up costs for developing needed services.

3. Home modifications.

4. Purchase of medical equipment or other specially adapted equipment.

ments made under sub. (13) (a) may be used as the state share for purposes of Medical Assistance reimbursement.

3. The department may contract for services under this subsection with a county or a private nonprofit agency.

4. No county or private nonprofit agency may use funds received under this subsection to provide residential services in a group home, as defined in s. 48.02 (7), that has more than 5 beds, unless the department approves the provision of services in a group home that has 6 to 8 beds.

(c) If a county department or private nonprofit agency providing services under this subsection is certified under s. 49.45 (37) (a), the waiver under s. 49.45 (37), if in effect, applies to plans of care for children receiving services under this subsection.

(15) RIGHT TO HEARING. A child who is denied eligibility for services or whose services are reduced or terminated under this section may request a hearing from the department under s. 227.44, except that lack of adequate funding may not serve as the basis for a request under this subsection.

The intent of the program is also to minimize its impact on state employees through redeployment of employees into vacant positions.

(1m) DEFINITIONS. In this section:

(a) “Medical assistance” means aid provided under subch. IV of ch. 49, except ss. 49.468 and 49.471.

(c) Fund home or community-based services provided by any county or by the department that meet the requirements of this section.

(d) Unless s. 49.45 (37) applies, review and approve or disapprove each plan of care developed under sub. (3) (c) 2.

(e) Submit to the governor and to the chief clerk of each house of the legislature, for distribution to appropriate legislative standing committees under s. 13.172 (3), annual progress reports on the program plus any other information requested.

(3) COUNTY PARTICIPATION. (a) Any county may participate

in the program, if it meets the conditions specified in this subsection and the requirements established by the department, including requirements concerning the qualifications and levels of staff for home or community-based service providers.

(b) The board of supervisors of any county that participates in the program shall designate one of the following county departments to administer the program, subject to departmental review and approval:

1. The services substitute for care provided at a state center for the developmentally disabled.

2. The services are provided to each recipient under a written plan of care designed for that recipient and, unless s. 49.45 (37) applies, approved by the department.

(d) Any county participating in the program shall provide case management services, including the responsibility for locating, coordinating and monitoring all services and informal supports needed by eligible persons and their families.

(3g) DUTIES OF THE DEPARTMENT. The department shall provide fair and equitable arrangements to protect the interests of all state employees affected by the program, including arrangements designed to preserve employee rights and benefits.

(3r) RELOCATION BY THE DEPARTMENT. (a) The department may, without county participation under sub. (3) or county reimbursement under sub. (5) (a), relocate a person eligible for program services under sub. (4) from a state center for the developmentally disabled into a community setting in any of the following situations:

1. The person’s county of residence when the person entered the state center for the developmentally disabled cannot be determined with reasonable certainty.

(c) Prior to relocating a person under this subsection, the department shall ensure delivery of any necessary education, habilitation, vocational, medical and therapy services through contracting with community-based service providers. If any service is not available, the department may provide it directly.

(4) ELIGIBILITY OF RECIPIENTS. (a) Any medical assistance recipient living in a state center for the developmentally disabled is eligible to participate in the program. Such a recipient may apply, or any person may apply on behalf of such a recipient, for participation in the program.

(b) The department in conjunction with the county shall review any application for participation in the program as to eligibility and the appropriateness of planned services. The county department administering the program for the county in which

If a person who has been relocated from a state center for the developmentally disabled under this program seeks to return to the center within 365 days after relocating because the person or the county department administering the program, or the department under sub. (3r), finds that the services available are inappropriate, the center shall accept the person as a patient to fill the bed that the person vacated. After this 365-day period, the person may only be readmitted into a bed not left vacant because of relocation under this section.

(f) To the extent provided in 42 USC 1396n, if a person who has been relocated from a state center for the developmentally disabled under this program discontinues participating in the program for any reason other than institutional placement, the department may reallocate on a case-by-case basis the funding within the relocating county to another medical assistance recipient who is developmentally disabled and who, but for this program, would require the level of care provided in a state center for the developmentally disabled.

(4m) WORKER'S COMPENSATION COVERAGE. An individual who is performing services for a person receiving long-term care benefits under this section on a self-directed basis and who does not otherwise have worker's compensation coverage for those services is considered, for purposes of worker's compensation coverage, to be an employee of the entity that is providing financial management services for that person.

(c) The total allocation under s. 20.435 (4) (b), (gm), (o), and (w) to counties and to the department under sub. (3r) for services provided under this section may not exceed the amount approved by the federal department of health and human services. A county may use funds received under this section only to provide services to persons who meet the requirements under sub. (4) and may not use unexpended funds received under this section to serve other developmentally disabled persons residing in the county.

(d) The department may, from the appropriation under s. 20.435 (4) (o), provide reimbursement for services provided under this section by counties that are in excess of the current average annual per person rate, as established by the department, and are less than the average amount approved in the waiver received under sub. (2).

(5m) REPORT. By March 1 of each year, the department shall submit a report to the joint committee on finance and to the chief clerk of each house of the legislature, for distribution to the appropriate standing committees under s. 13.172 (3), describing the program's impact during the preceding calendar year on state employees, including the department's efforts to redeploy employees into vacant positions and the number of employees laid off.

(6) EFFECTIVE PERIOD. This section takes effect on the date approved by the secretary of the U.S. department of health and human services as the beginning date of the period of waiver received under sub. (2). This section remains in effect for 3 years following that date and, if the secretary of the U.S. department of health and human services approves a waiver extension, shall continue an additional 3 years.

a. The services are provided to the person in a community-based residential facility that entirely consists of independent apartments, each of which has an individual lockable independent entrance and exit and individual separate kitchen, bathroom, sleeping and living areas.

b. The person suffers from Alzheimer’s disease or related dementia and the services are provided to the person in a community-based residential facility that has a dementia care program.

c. The services are provided to the person in a residential care apartment complex, as defined in s. 50.01 (6d).

1n. A county may also use funds received under this section, subject to the limitations under subds. 2., 3., and 4. and par. (e), to provide services to a person who does not live in his or her own home or apartment if the services are provided to the person in a community-based residential facility and the county department or aging unit has determined that all of the following conditions have been met:

e. The county department or aging unit determines that placement in the community-based residential facility is cost-effective compared to other options, including home care and nursing home care.

1p. a. Subject to the approval of the department, a county may establish and implement more restrictive conditions than those imposed under subd. 1m. on the use of funds received under this section for the provision of services to a person in a community-based residential facility. 3. If subd. 2. applies, no county may use funds received under this section to pay for services provided to a person who resides or intends to reside in a community-based residential facility and who is initially applying for the services, if the projected cost of services for the person, plus the cost of services for existing participants, would cause the county to exceed the limitation under sub. (3) (c). The department may grant an exception to the requirement under this subdivision, under the conditions specified by rule, to avoid hardship to the person.

4. No county may use funds received under this section to provide residential services in a group home, as defined in s. 48.02 (7), that has more than 5 beds, unless the department approves the provision of services in a group home that has 6 to 8 beds.

The number of individuals served under this paragraph may not exceed the number of nursing home beds that are delicensed as part of plans submitted by nursing homes and approved by the department.

The department shall also develop and utilize criteria for determining imminent entry into a nursing home under subd. 1. that shall include an imminent loss of current living arrangements and an imminent risk of a long-term nursing home stay. The department need not promulgate as rules under ch. 227 the criteria required to be developed and utilized under this subdivision.

(5g) LIMITATIONS ON SERVICE. (a) The number of persons served under this section may not exceed the number of nursing home beds that are delicensed as part of a plan submitted by the facility and approved by the department.

Second, the contract between the resource center and the department did not include the owner as a party or grant the owner a property interest. *Makhsous v. Daye*, 980 F.3d 1181 (2020).

The person shall indicate the facts and circumstances of the situation as part of the report.

(b) 1. a. No person may discharge or otherwise retaliate or discriminate against any person for reporting in good faith under this subsection.

cm. This presumption may be rebutted by a preponderance of evidence that the discharge or act was not made in response to the report.

2. b. Any employee who is discharged or otherwise discriminated against may file a complaint with the department of workforce development under s. 106.54 (5).

The department shall coordinate its investigatory efforts with other investigative agencies or authorities as appropriate. An elder-adult-at-risk agency's response to or another investigative agency's investigation of a report of alleged abuse, financial exploitation, neglect, or self-neglect that is not referred to the department shall be commenced within 24 hours after a report is received, excluding Saturdays, Sundays and legal holidays.

2. If an agent or employee of an elder-adult-at-risk agency required to respond under this subsection is the subject of a report, or if the elder-adult-at-risk agency or an agency under contract with the county department determines that the relationship between the elder-adult-at-risk agency and the agency under contract with the county department would not allow for an unbiased response, the elder-adult-at-risk agency shall, after taking any action necessary to protect the elder adult at risk, notify the department. Upon receipt of the notice, the department or a county department under s. 46.215, 46.22, 51.42, or 51.437 designated by the department shall conduct an independent investigation. The powers and duties of a county department making an independent investigation are those given to an elder-adult-at-risk agency under pars. (b) to (f) and sub. (6).

(br) The elder-adult-at-risk agency or other investigative agency may transport the elder adult at risk for performance of a medical examination by a physician if any of the following applies:

If the request is made, a sheriff or police officer shall accompany the elder-adult-at-risk agency investigator or worker to the residence of the elder adult at risk and shall provide other assistance as requested or necessary.

(d) If a person interferes with the response or investigation under this subsection or interferes with the delivery of protective services under ch. 55 to the elder adult at risk, the elder-adult-at-risk agency investigator or worker may apply for an order under s. 813.123 prohibiting the interference.

(f) If the elder-adult-at-risk agency worker or investigator or other agency investigator has reason to believe that substantial physical harm, irreparable injury, or death may occur to an elder adult at risk, the worker or investigator shall request immediate assistance in either initiating a protective services action under ch. 55 or contact law enforcement or another public agency, as appropriate.

(h) No person may be held civilly or criminally liable or be found guilty of unprofessional conduct for responding to a report or for participating in or conducting an investigation under this subsection, including the taking of photographs or the conducting of a medical examination, if the response or investigation was performed in good faith and within the scope of his or her authority.

(5m) OFFER OF SERVICES AND REFERRAL OF CASES. (a) Upon responding to a report, the elder-adult-at-risk agency or the investigative agency shall determine whether the elder adult at risk or any other individual involved in the alleged abuse, financial exploitation, neglect, or self-neglect is in need of services under this chapter or ch. 47, 49, 51, 54, or 55. From the appropriation under s. 20.435 (1) (dh), the department shall allocate to selected counties not less than \$25,000 in each fiscal year, and within the limits of these funds and of available state and federal funds and of county funds appropriated to match the state and federal funds, the elder-adult-at-risk agency shall provide the necessary direct services to the elder adult at risk or other individual or arrange for the provision of the direct services with other agencies or individuals. Those direct services provided shall be rendered under the least restrictive conditions necessary to achieve their objective.

(b) If the elder-adult-at-risk agency is not the aging unit, the elder-adult-at-risk agency in each county shall consult with and accept advice from the aging unit with respect to the distribution of the funds for direct services that are allocated under par. (a).

(br) If, after responding to a report, the elder-adult-at-risk agency has reason to believe that the elder adult at risk has been the subject of abuse, financial exploitation, neglect, or self-neglect, the elder-adult-at-risk agency may do any of the following:

1. Request immediate assistance in initiating a protective services action under ch. 55 or contact an investigative agency, as appropriate.
2. Take appropriate emergency action, including emergency

protective placement under s. 55.135, if the elder-adult-at-risk agency determines that the emergency action is in the best interests of the elder adult at risk and the emergency action is the least restrictive appropriate intervention.

3. Refer the case to law enforcement officials, as specified in sub. (3) (a), for further investigation or to the district attorney, if the elder-adult-at-risk agency has reason to believe that a crime has been committed.

4. Refer the case to the licensing, permitting, registration, or certification authorities of the department or to other regulatory bodies if the residence, facility, or program for the elder adult at risk is or should be licensed, permitted, registered, or certified or is otherwise regulated.

6. Bring a petition for a guardianship and protective services or protective placement under ch. 55 or a review of an existing guardianship if necessary to prevent financial exploitation, neglect, self-neglect, or abuse and if the elder adult at risk would otherwise be at risk of serious harm because of an inability to arrange for necessary food, clothing, shelter, or services.

(c) An elder adult at risk may refuse to accept services unless a guardian authorizes the services. The elder-adult-at-risk agency or other provider agency shall notify the elder adult at risk of this right to refuse before providing services.

Failure of a defamation plaintiff to assert any facts to support a finding of bad faith on the part of a person who reported possible material abuse resulted in a concession that the reporter was acting in good faith at the time the reporter made the elder abuse report, and thus the reporter's statements were entitled to protection or privilege under sub. (4) (c). A ruling finding good faith did not resolve a counterclaim under sub. (4) (b) 2. c. that the lawsuit was retaliatory.
