The department can constitutionally license and regulate community–based residential facilities operated by religious organizations that are not exempt under s. 50.01 (1), 1985 stats. [now s. 50.01 (1g)] or s. 50.03 (9). 71. Atty. Gen. 112.

50.02 Department; powers and duties. (1) DEPARTMENTAL AUTHORITY. The department shall certify, inspect, and otherwise regulate adult family homes, as specified under s. 50.032 and shall license adult family homes, as specified under s. 50.033. Nothing in this subchapter may be construed to limit the authority of the department of safety and professional services or of municipalities to set standards of building safety and hygiene, but any local orders of municipalities shall be consistent with uniform, statewide regulation of community–based residential facilities. The department may not prohibit any nursing homes from distributing over–the–counter drugs from bulk supply. The department may consult with nursing homes as needed and may provide specialized consultations when requested by any nursing home, separate from its inspection process, to scrutinize any particular questions the nursing home raises. The department shall, by rule, define “specialized consultation”.

(2) STANDARDS. (a) The department, by rule, shall develop, establish and enforce regulations and standards for the care, treatment, health, safety, rights, welfare and comfort of residents in community–based residential facilities and nursing homes and for the construction, general hygiene, maintenance and operation of those facilities which, in the light of advancing knowledge, will promote safe and adequate accommodation, care and treatment of residents in those facilities; and promulgate and enforce rules consistent with this section. Such standards and rules shall provide that intermediate care facilities, which have 16 or fewer beds may, if exempted from meeting certain physical plant, staffing and other requirements of the federal regulations, be exempted from meeting the corresponding provisions of the department’s standards and rules. The department shall consult with the department of safety and professional services when developing exemptions relating to physical plant requirements.

(ad) The department shall promulgate rules that require each facility licensed under this subchapter to provide information necessary for the department to assess the facility’s compliance with s. 55.14.

(ag) The department shall, by rule, define “Class A” and “Class C” community–based residential facilities for the purposes of s. 50.035 (3).

(aman) The department shall promulgate all of the following rules with respect to adult family homes:

1. For the purposes of s. 50.032, defining the term “permanent basis” and establishing minimum requirements for certification, certification application procedures and forms, standards for operation and procedures for monitoring, inspection, decertification and appeal of decertification. The rules shall be designed to protect and promote the health, safety and welfare of the disabled adults receiving care and maintenance in certified adult family homes.

2. For the purposes of s. 50.033, establishing minimum requirements for licensure, licensure application procedures and forms, standards for operation and procedures for monitoring, inspection, revocation and appeal of revocation.

(b) 1. The department shall conduct plan reviews of all capital construction and remodeling of nursing homes to ensure that the plans comply with building code requirements under ch. 101 and with life safety code and physical plant requirements under s. 49.498, this chapter or under rules promulgated under this chapter.

2. The department shall promulgate rules that establish a fee schedule for its services under subd. 1. in conducting the plan reviews. The schedule established under these rules shall set fees for nursing home plan reviews in amounts that are less than the sum of the amounts required on September 30, 1995, for fees under this paragraph and for fees for examination of nursing home plans under s. 101.19 (1) (a), 1993 stats.

(bm) The department shall, by rule, define “intermediate nursing care”, “limited nursing care” and “skilled nursing services” for use in regulating minimum hours of service provided to residents of nursing homes.

(bn) The department may, by rule, increase the minimum hours of nursing home care per day that are specified in s. 50.04 (2) (d) 1. to 3.

(bc) If a nursing home is certified as a provider of services under s. 49.45 (2) (a) 11. and is named in a verified complaint filed with the department stating that staffing requirements imposed on the nursing home are not being met, the department shall, in order to verify the staffing requirements, randomly inspect payroll records at the nursing home that indicate the actual hours worked by personnel and the number of personnel on duty. The department may not limit its inspection to schedules of work assignments prepared by the nursing home.

(d) The department shall promulgate rules that prescribe all of the following:

1. The method by which community–based residential facilities shall make referrals to resource centers or county departments under s. 50.035 (4n) and the method by which residential care apartment complexes shall make referrals to resource centers under s. 50.034 (5n).

2. The time period for nursing homes to provide information to prospective residents under s. 50.04 (2g) (a) and the time period and method by which nursing homes shall make referrals to resource centers under s. 50.04 (2h) (a).

(a) The department shall establish several levels and types of community–based residential facilities and nursing homes as provided in par. (b), including a category or categories designed to enable facilities to qualify for federal funds.

(b) In setting standards and regulations, the department shall consider the residents’ needs and abilities, the increased cost in relation to proposed benefits to be received, the services to be provided by the facility, the relationship between the physical structure and the objectives of the program conducted in the facility and the primary functions of the facility. Recognizing that size and structure will influence the ability of community–based residential facilities to provide a homelike environment, the legislature encourages the department to develop rules which facilitate in particular the development of: small facilities, small living units in larger facilities, individual residential units, independent living to the extent possible, and integration of residents into the community.
50.02 UNIFORM LICENSURE

(c) The department shall promulgate rules to establish a procedure for waiver of and variance from standards developed under this section. The department may limit the duration of the waiver or variance.

(d) The department shall promulgate rules to provide for a procedure for the admission, evaluation and care of short-term care nursing home residents. These rules shall specify that the nursing home or community-based residential facility shall be required to provide to the department as documentation of this admission, evaluation and care only that amount of information commensurate with the length of stay and the medical needs, if any, of the particular resident.

(4) REPORTS TO THE BOARD ON AGING AND LONG-TERM CARE. The department shall submit at least one report quarterly to the board on aging and long-term care regarding enforcement actions, consultation, staff training programs, new procedures and policies, complaint investigation and consumer participation in enforcement under this subchapter and changes that may be needed under this subchapter. The department shall submit at least one report annually to the board on aging and long-term care regarding implementation of rules under sub. (3) (d).

History:

Cross-reference: See also ch. DHS 132 and 134, Wis. adm. code.

A municipal ordinance that required registration of nursing homes was in direct conflict with sub. (1) and, therefore, invalid. Volunteers of America v. Village of Brown Deer, 97 Wis. 2d 619, 294 N.W.2d 44 (Ct. App. 1980).

Sub. (2) (am) 2. provides that the rules for appealing the revocation of an adult family home operating license are determined by DHS. Pursuant to this authority, DHS promulgated a rule that states that an appeal from a license revocation must be received within 10 days after the date of the notice. Section 801.15 (1) (b), which provides that when a deadline is less than eleven days, weekends and holidays are excluded from the counting period, only applies to proceedings before a circuit court and has no application to an appeal before an administrative agency. The state has given the department preemptive authority over community-based residential facilities and nursing homes. 68 Atty. Gen. 45.

50.025 Plan reviews. The department may conduct plan reviews of all capital construction and remodeling of community-based residential facilities. The department shall promulgate rules that establish a fee schedule for its services in conducting the plan reviews.

Any person convicted of a subsequent offense under this subsection may be fined not more than $5,000 for each day of unlicensed operation or imprisoned not more than one year in the county jail or both.

(1m) DISTINCT PART OR SEPARATE LICENSURE FOR INSTITUTIONS FOR MENTAL DISEASES. (c) The department shall conduct both announced and unannounced inspections. Inspections of records not directly related to resident health, welfare or safety shall be made between the hours of 8 a.m. and 5 p.m. unless specifically authorized by the department. Any employee of the department who is authorized to give or cause to be given advance notice of an unannounced inspection to any unauthorized person is subject to disciplinary action ranging from a 5-day suspension without pay to termination of employment.

(d) Any holder of a license or applicant for a license shall be deemed to have given consent to any authorized officer, employee or agent of the department to enter and inspect the facility in accordance with this subsection. Refusal to permit such entry or inspection shall constitute grounds for initial licensure denial, as provided in sub. (4), or suspension or revocation of license, as provided in sub. (5).

(e) The applicant or licensee may review inspection reports and may submit additional information to the department. Portions of the record may be withheld to protect the confidentiality of residents or the identity of any person who has given information subject to the condition that his or her identity remain confidential.

(f) 1. If a complaint is received by a community-based residential facility, the licensee shall attempt to resolve the complaint informally. Failing such resolution, the licensee shall inform the complaining party of the procedure for filing a formal complaint under this section.

2. Any individual may file a formal complaint under this section regarding the general operation of a community-based residential facility and shall not be subject to reprisals for doing so. The county department designates the department of health services to receive a formal complaint. The county department shall investigate or cause to be investigated each formal complaint. Records of the results of each investigation and the disposition of each formal complaint shall be kept by the county department and filed with the unit within the department of health services which licenses community-based residential facilities.

Upon receipt of a formal complaint, the county department may investigate the premises and records, and question the licensee, staff and residents of the community-based residential facility involved. The county department shall attempt to resolve the situation through negotiation or other appropriate means.

4. If no resolution is reached, the county department shall forward the formal complaint, the results of the investigation, and any other pertinent information to the unit within the department which may take further action under this chapter against the community-based residential facility. The unit shall review the complaint and may conduct further investigations, take enforcement action under this chapter or dismiss the complaint. The department shall notify the complainant in writing of the formal disposition of the complaint and the reasons therefor. If the complaint is dismissed, the complainant is entitled to an administrative hearing conducted by the department to determine the reasonableness of the dismissal.

5. If the county department designates the department to receive formal complaints, the subunit under s. 46.03 (22) (c) shall...
receive the complaints and the department shall have all the pow-

registration by the department under this subchapter shall file with
the department the name and address of a person authorized to

   f. Any lease or sublease of the land on which or the building
      in which the facility is located.

3. If any person named in response to subd. 1. or 2. is a part-

(d) The licensee shall promptly report any changes which
affect the continuing accuracy and completeness of the informa-

(e) Failure by a nursing home to provide the information
required under this subsection shall constitute a class “C” viola-

(f) Community–based residential facilities shall report all for-
mal complaints regarding their operation filed under sub. (2) (f)
and the disposition of each when reporting under sub. (4) (c) 1.

(4) ISSUANCE OF LICENSE. (a) 1. a. Except as provided in sub.
(4m) (a), the department shall issue a license for a nursing home
if it finds the applicant to be fit and qualified and if it finds that the
nursing home meets the requirements established by this sub-
chapter and, as applicable, requirements under 42 CFR 483
related to the operation of a nursing home. The department, or its
designee, shall make such inspections and investigations as are
necessary to determine the conditions existing in each case and
shall file written reports. The department shall promulgate rules
defining “fit and qualified” for the purposes of this subd. 1. a.

b. Except as provided in sub. (4m) (b), the department shall
issue a license for a community–based residential facility if it
finds the applicant to be fit and qualified, if it finds that the com-
munity–based residential facility meets the requirements estab-

facility has paid the license fee under s. 50.037 (2) (a). In deter-

department may deny licensure to or revoke licensure for any person who con-

3. Within 10 working days after receipt of an application for
initial licensure of a community–based residential facility, the
department shall notify the city, town or village planning commis-

department shall request that the planning commission or agency
send to the department, within 30 days, a description of any spe-

be granted to a community–based residential facility until the

a warning to the licensee. The department may revoke a commu-
nity–based residential facility license for failure to timely and
completely report within 60 days after the report date established under the schedule determined by the department.

2. A nursing home license is valid until it is revoked or suspended under this section. Every 12 months, on a schedule determined by the department, a nursing home licensee shall submit a report in the form and containing the information that the department requires, including payment of the fee required under s. 50.135 (2) (a). If a complete report is not timely filed, the department shall issue a warning to the licensee. The department may revoke a nursing home license for failure to timely and completely report within 60 days after the report date established under the schedule determined by the department.

(d) Immediately upon the denial of any application for a license under this section, the department shall notify the applicant in writing. Notice of denial shall include a clear and concise statement of the violations on which denial is based and notice of the opportunity for a hearing under s. 227.44. If the applicant desires to contest the denial of a license it shall provide written notice to the department of a request for a hearing within 10 days after receipt of the notice of denial.

(e) Each license shall be issued only for the premises and persons named in the application and is not transferable or assignable. The license shall be posted in a place readily visible to residents and visitors, such as the lobby or reception area of the facility. Any license granted shall state the number of the facility’s beds that are licensed by the department, the person to whom the license is granted, the date of issuance, the maximum level of care for which the facility is licensed as a condition of its licensure and such additional information and special conditions as the department may prescribe.

(f) The issuance or continuance of a license after notice of a violation has been sent shall not constitute a waiver by the department of its power to rely on the violation as the basis for subsequent license revocation or other enforcement action under this subchapter arising out of the notice of violation.

(g) Prior to initial licensure of a community–based residential facility, the applicant for licensure shall make a good faith effort to establish a community advisory committee consisting of representatives from the proposed community–based residential facility, the neighborhood in which the proposed community–based residential facility will be located and a local unit of government. The community advisory committee shall provide a forum for communication for those persons interested in the proposed community–based residential facility. Any committee established under this paragraph shall continue in existence after licensure to make recommendations to the licensee regarding the impact of the community–based residential facility on the neighborhood. The department shall determine compliance with this paragraph both prior to and after initial licensure.

(4m) Probationary license. (a) If the applicant for licensure as a nursing home has not been previously licensed under this subchapter or if the nursing home is not in operation at the time application is made, the department shall issue a probationary license. A probationary license shall be valid for 12 months from the date of issuance unless sooner suspended or revoked under sub. (5). Prior to the expiration of a probationary license, the department shall inspect the nursing home and, if the nursing home meets the applicable requirements for licensure and, if applicable, substantially complies with requirements under 42 CFR 483 related to the operation of a nursing home, shall issue a regular license under sub. (4) (a) 1. A. If the department finds that the nursing home does not meet the requirements for licensure or does not substantially comply with requirements under 42 CFR 483 related to the operation of a nursing home, the department may not issue a regular license under sub. (4) (a) 1. A.

(b) If the applicant for licensure as a community–based residential facility has not been previously licensed under this subchapter or if the community–based residential facility is not in operation at the time application is made, the department shall issue a probationary license, except that the department may deny licensure to any person who conducted, maintained, operated or permitted to be maintained or operated a community–based residential facility for which licensure was revoked within 5 years before application is made. A probationary license shall be valid for up to 12 months from the date of issuance unless sooner suspended or revoked under sub. (5g). Prior to the expiration of a probationary license, the department shall evaluate the community–based residential facility. In evaluating the community–based residential facility, the department may conduct an inspection of the community–based residential facility. If, after the department evaluates the community–based residential facility, the department finds that the community–based residential facility meets the applicable requirements for licensure, the department shall issue a regular license under sub. (4) (a) 1. B. If the department finds that the community–based residential facility does not meet the requirements for licensure, the department may not issue a regular license under sub. (4) (a) 1. B.

(5) Suspension and Revocation of Nursing Home Licenses. (a) Power of department. The department, after notice to a nursing home applicant or licensee, may suspend or revoke a license in any case in which the department finds that the nursing home has substantially failed to comply with the applicable requirements of this subchapter and the rules promulgated under this subchapter, with s. 49.498, or with requirements under 42 CFR 483 related to the operation of a nursing home. No state or federal funds passing through the state treasury may be paid to a nursing home that does not have a valid license issued under this section.

(b) Form of notice. Notice under this subsection shall include a clear and concise statement of the violations on which the revocation is based, the statute, rule, or federal requirement violated and notice of the opportunity for an evidentiary hearing under par. (c).

(c) Contest of revocation. If a nursing home desires to contest the revocation of a license, the nursing home shall, within 10 days after receipt of notice under par. (b), notify the department in writing of its request for a hearing under s. 227.44. The department shall hold the hearing within 30 days of receipt of such notice and shall send notice to the nursing home of the hearing as provided under s. 227.44 (2).

(d) Effective date of revocation. 1. Subject to s. 227.51 (3), revocation under this subsection shall become effective on the date set by the department in the notice of revocation, or upon final action after hearing under ch. 227, or after court action if a stay is granted under sub. (11), whichever is later.

3. The department may extend the effective date of license revocation in any case in order to permit orderly removal and relocation of residents of the nursing home.

(5g) Sanctions and Penalties for Community–Based Residential Facilities. (a) In this subsection, “licensee” means a community–based residential facility that is licensed under sub. (4) or (4m) (b).

(b) If, based on an investigation made by the department, the department provides to a community–based residential facility written notice of the grounds for a sanction, an explanation of the types of sanctions that the department may impose under this subsection and an explanation of the process for appealing a sanction imposed under this subsection, the department may impose any of the following sanctions:

1. That a person stop conducting, maintaining or operating the community–based residential facility if the community–based residential facility is without a valid license or probationary license in violation of sub. (1).

2. That, within 30 days after the date of the order, the community–based residential facility terminate the employment of any employed person who conducted, maintained, operated or permitted to be maintained or operated a community–based residential facility for which licensure was revoked before issuance of the
department’s order. This subdivision includes employment of a person in any capacity, whether as an officer, director, agent or employee of the community—based residential facility.

3. That a licensee stop violating any provision of licensure applicable to a community—based residential facility under sub. (4) or (4m) or of rules relating to community—based residential facilities promulgated by the department under sub. (4) or (4m).

4. That a licensee submit a plan of correction for violation of any provision of licensure applicable to a community—based residential facility under sub. (4) or (4m) or of a rule relating to community—based residential facilities promulgated by the department under sub. (4) or (4m).

5. That a licensee implement and comply with a plan of correction previously submitted by the licensee and approved by the department.

6. That a licensee implement and comply with a plan of correction that is developed by the department.

7. That a licensee accept no additional residents until all violations are corrected.

8. That a licensee provide training in one or more specific areas for all of the licensee’s staff or for specific staff members.

(c) If the department provides to a community—based residential facility written notice of the grounds for a sanction or penalty, an explanation of the types of sanctions or penalties that the department may impose under this subsection and an explanation of the process for appealing a sanction or penalty imposed under this subsection, the department may impose any of the following against a licensee or other person who violates the applicable provisions of this section or rules promulgated under the applicable provisions of this section or who fails to comply with an order issued under par. (b) by the time specified in the order:

1. A daily forfeiture amount per violation of not less than $10 nor more than $1,000 for each violation, with each day of violation constituting a separate offense. All of the following apply to a forfeiture under this subdivision:

   a. Within the limits specified in this subdivision, the department may, by rule, set daily forfeiture amounts and payment deadlines based on the size and type of community—based residential facility and the seriousness of the violation. The department may set daily forfeiture amounts that increase periodically within the statutory limits if there is continued failure to comply with an order issued under par. (b).

   b. The department may directly assess a forfeiture imposed under this subdivision by specifying the amount of that forfeiture in the notice provided under this paragraph.

   c. All forfeitures shall be paid to the department within 10 days after receipt of notice of assessment or, if the forfeiture is contested under par. (f), within 10 days after receipt of the final decision after exhaustion of administrative review, unless the final decision is appealed and the order is stayed by court order under sub. (11). The department shall remit all forfeitures paid under this subdivision to the secretary of administration for deposit in the school fund.

   d. The attorney general may bring an action in the name of the state to collect any forfeiture imposed under this subdivision by the department if the forfeiture has not been paid following the exhaustion of all administrative and judicial reviews. The only issue to be contested in any such action shall be whether the forfeiture has been paid.

2. Suspension of licensure for the community—based residential facility for 14 days.

3. Revocation of licensure, as specified in pars. (d) to (g).

(cm) If the department imposes a sanction on or takes other enforcement action against a community—based residential facility for a violation of this subchapter or rules promulgated under it, and the department subsequently conducts an on—site inspection of the community—based residential facility to review the community—based residential facility’s action to correct the violation, the department may impose a $200 inspection fee on the community—based residential facility.

(d) Under the procedure specified in par. (e), the department may revoke a license for a licensee for any of the following reasons:

1. The department has imposed a sanction or penalty on the licensee under par. (c) and the licensee continues to violate or resumes violation of a provision of licensure under sub. (4) or (4m), a rule promulgated under this subchapter or an order issued under par. (b) that forms any part of the basis for the penalty.

2. The licensee or a person under the supervision of the licensee has substantially violated a provision of licensure applicable to a community—based residential facility under sub. (4) or (4m), a rule relating to community—based residential facilities promulgated under this subchapter or an order issued under par. (b).

3. The licensee or a person under the supervision of the licensee has acted in relation to or has created a condition relating to the operation or maintenance of the community—based residential facility that directly threatens the health, safety or welfare of a resident of the community—based residential facility.

4. The licensee or a person under the supervision of the licensee has repeatedly violated the same or similar provisions of licensure under sub. (4) or (4m), rules promulgated under this subchapter or orders issued under par. (b).

(e) 1. The department may revoke a license for a licensee for the reason specified in par. (d) 1., 2., 3., or 4. if the department provides the licensee with written notice of revocation, the grounds for the revocation and an explanation of the process for appealing the revocation, at least 30 days before the date of revocation. The department may revoke the license only if the violation remains substantially uncorrected on the date of revocation or license expiration.

2. The department may revoke a license for a licensee for the reason specified in par. (d) 2. or 3. immediately if the department provides the licensee with written notice of revocation, the grounds for the revocation and an explanation of the process for appealing the revocation.

3. The department may deny a license for a licensee whose license was revoked under this paragraph.

(f) If a community—based residential facility desires to contest the revocation of a license or to contest the imposing of a sanction under this subsection, the community—based residential facility shall, within 10 days after receipt of notice under par. (e), notify the department in writing of its request for a hearing under ch. 227.

(g) 1. Subject to s. 227.51 (3), revocation shall become effective on the date set by the department in the notice of revocation, or upon final action after hearing under ch. 227, or after court action if a stay is granted under sub. (11), whichever is later.

3. The department may extend the effective date of license revocation in any case in order to permit orderly removal and relocation of residents.

(5m) RESIDENT REMOVAL. (a) DEPARTMENTAL AUTHORITY. The department may remove any resident from any facility required to be licensed under this chapter when any of the following conditions exist:

1. Such facility is operating without a license.

2. The department has suspended or revoked the existing license of the facility as provided under sub. (5).

3. The department has initiated revocation procedures under sub. (5) and has determined that the lives, health, safety, or welfare of the resident cannot be adequately assured pending a full hearing on license revocation under sub. (5).
4. The facility has requested the aid of the department in the removal of the resident and the department finds that the resident consents to removal or that the removal is made for valid medical reasons or for the welfare of the resident or of other residents.

5. The facility is closing, intends to close or is changing its type or level of services or means of reimbursement accepted and will relocate at least 5 residents or 5 percent of the residents, whichever is greater.

6. The department determines that an emergency exists which requires immediate removal of the resident. An emergency is a situation, physical condition or one or more practices, methods or operations which presents imminent danger of death or serious physical or mental harm to a resident of a facility.

(b) Removal decision. In deciding to remove a resident from a facility under this subsection, the department shall balance the likelihood of serious harm to the resident which may result from the removal against the likelihood of serious harm which may result if the resident remains in the facility.

(c) Relocation. The department shall offer removal and relocation assistance to residents removed under this section, including information on available alternative placements. Residents shall be involved in planning the removal and shall choose among the available alternative placements, except that where an emergency situation makes prior resident involvement impossible the department may make a temporary placement until a final placement can be arranged. Residents may choose their final alternative placement and shall be given assistance in transferring to such place. No resident may be forced to remain in a temporary or permanent placement except pursuant under s. 55.06, 2003 stats., or an order under s. 55.12 for protective placement. Where the department makes or participates in making the relocation decision, consideration shall be given to proximity to residents’ relatives and friends.

(d) Transfer trauma mitigation. The department shall prepare resident removal plans and transfer trauma mitigation care plans to assure safe and orderly removals and protect residents’ health, safety, welfare and rights. In nonemergency situations, and where possible in emergency situations, the department shall design transfer trauma mitigation care plans for the individual resident and implement such care in advance of removal. The resident shall be provided with opportunity for 3 visits to potential alternative placements prior to removal, except where medically contraindicated or where the need for immediate removal requires reduction in the number of visits.

(e) Relocation teams. The department may place relocation teams in any facility from which residents are being removed, discharged or transferred for any reason, for the purpose of implementing removal plans and training the staffs of transferring and receiving facilities in transfer trauma mitigation.

(f) Nonemergency removal procedures. In any removal conducted under par. (a) 1. to 5., the department shall provide written notice to the facility and to any resident sought to be removed, to the resident’s guardian, if any, and to a member of the resident’s family, where practicable, prior to the removal. The notice shall state the basis for the order of removal and shall inform the facility and the resident or the resident’s guardian, if any, of their right to a hearing prior to removal. The facility and the resident or the resident’s guardian, if any, shall advise the department in writing within 10 working days following receipt of notice if a hearing is requested.

(g) Emergency removal procedures. In any removal conducted under par. (a) 6., the department shall notify the facility and any resident to be removed that an emergency situation has been found to exist and removal has been ordered, and shall involve the residents in removal planning if possible. Following emergency removal, the department shall provide written notice to the facility, to the resident, to the resident’s guardian, if any, and to a member of the resident’s family, where practicable, of the basis for the finding that an emergency existed and of the right to challenge removal under par. (b).

(h) Hearing. Within 10 days following removal under par. (g), the facility may send a written request for a hearing to challenge the removal to the department. The department shall hold the hearing within 30 days of receipt of the request. Where the challenge is by a resident, the hearing shall be held prior to removal at a location convenient to the resident. At the hearing, the burden of proving that a factual basis existed for removal under par. (a) shall rest on the department. If the facility prevails, it shall be reimbursed by the department for payments lost less expenses saved as a result of the removal and the department shall assist the resident in returning to the facility, if assistance is requested. No resident removed may be held liable for the charge for care which would have been made had the resident remained in the facility. The department shall assume this liability, if any. If a resident prevails after hearing, the department shall reimburse the resident for any excess expenses directly caused by the order to remove.

(i) County as agent. The department may authorize the county in which the facility is located to carry out, under the department’s supervision, any powers and duties conferred upon the department in this subsection.

(7) Right of injunction. (a) Licensed facility. Notwithstanding the existence or pursuit of any other remedy, the department may, upon the advice of the attorney general, maintain an action in the name of the state in the circuit court for injunction or other process against any licensee, owner, operator, administrator or representative of any owner of a facility to restrain and enjoin the repeated violation of any of the provisions of this subchapter, rules promulgated by the department under this subchapter, or requirements under 42 CFR 483 related to the operation of a nursing home where the violation affects the health, safety or welfare of the residents.

(b) Unlicensed facility. Notwithstanding the existence or pursuit of any other remedy, the department may, upon the advice of the attorney general, maintain an action in the name of the state for injunctive or other process against any person, agency or representative, to restrain or prevent the establishment, management or operation of any facility required to be licensed under this section without a license.

(c) Enforcement by counties maintaining inspection programs. The county board of any county conducting inspections under sub. (2) (b) may, upon notifying the department that a facility is in violation of this subchapter or the rules promulgated under this subchapter, authorize the district attorney to maintain an action in the name of the state in circuit court for injunction or other process against the facility, its owner, operator, administrator or representative, to restrain and enjoin repeated violations where the violations affect the health, safety or welfare of the residents.

(9) Exception for churches opposed to medical treatment. Nothing in this section shall be so construed as to give authority to supervise or regulate church medical care or treatment of individual patients who are adherents of a church or religious denomination which subscribes to the act of healing by prayer and the principles of which are opposed to medical treatment and who are residents in any facility operated by a member or members, or by an association or corporation composed of members of such church or religious denomination, if the facility admits only adherents of such church or denomination and is so designated; nor shall the existence of any of the above conditions alone militate against the licensing of such a home or institution. Such facility shall comply with all rules and regulations relating to sanitation and safety of the premises and be subject to inspection thereof. Nothing in this subsection shall modify or repeal any laws, rules and regulations governing the control of communicable diseases.

(10) Uniform accounting system. The department shall establish a uniform classification of accounts and accounting procedures for each level of licensure which shall be based on generally accepted accounting principles and which reflect the alloca-
tion of revenues and expenses by primary functions, to be used by the department in carrying out this subsection and s. 49.45. Each facility subject to this subsection or s. 49.45 shall satisfactorily establish with the department by a date set by the department that it has instituted the uniform accounting system as required in this subsection or is making suitable progress in the establishment of each system.

(11) Judicial review. (a) All administrative remedies shall be exhausted before an agency determination under this subchapter shall be subject to judicial review. Final decisions after hearing shall be subject to judicial review exclusively as provided in s. 227.52, except that any petition for review of department action under this chapter shall be filed within 15 days after receipt of notice of the final agency determination.

(b) The court may stay enforcement under s. 227.54 of the department’s final decision if a showing is made that there is a substantial probability that the party seeking review will prevail on the merits and will suffer irreparable harm if a stay is not granted, and that the facility will meet the requirements of this subchapter and the rules promulgated under this subchapter during such stay. Where a stay is granted the court may impose such conditions on the granting of the stay as may be necessary to safeguard the lives, health, rights, safety and welfare of residents, and to assure compliance by the facility with the requirements of this subchapter.

(d) The attorney general may delegate to the department the authority to represent the state in any action brought to challenge department decisions prior to exhaustion of administrative remedies and final disposition by the department.

(15) Transfer of ownership. (a) New license. Whenever ownership of a facility is transferred from the person or persons named in the license to any other person or persons, the transferee must obtain a new license. The license may be a probationary license. Penalties under sub. (1) shall apply to violations of this subsection. The transferee shall notify the department of the transfer, file an application under sub. (3) (b), and apply for a new license at least 30 days prior to final transfer. Retention of any interest required to be disclosed under sub. (3) (b) after transfer by any person who held such an interest prior to transfer may constitute grounds for denial of a license where violations of this subchapter, or of requirements of 42 CFR 483 related to the operation of a nursing home, for which notice had been given to the transferor are outstanding and uncorrected, if the department determines that effective control over operation of the facility has not been transferred. If the transferor was a provider under s. 49.43 (10), the transferee and transferor shall comply with s. 49.45 (21).

(b) Duty of transferor. The transferor shall notify the department at least 30 days prior to final transfer. The transferor shall remain responsible for the operation of the home until such time as a license is issued to the transferee, unless the facility is voluntarily closed as provided under sub. (14). The transferor shall also disclose to the transferee the existence of any outstanding waiver or variance and the conditions attached to such waiver or variance.

(c) Outstanding violations. Violations reported in departmental inspection reports prior to the transfer of ownership shall be corrected, with corrections verified by departmental survey, prior to the issuance of a full license to the transferee. The license granted to the transferee shall be subject to the plan of correction submitted by the previous owner and approved by the department and any conditions contained in a conditional license issued to the previous owner. In the case of a nursing home, if there are outstanding violations and no approved plan of correction has been implemented, the department may issue a conditional license and plan of correction as provided in s. 50.04 (6).

(d) Forfeitures. The transferor shall remain liable for all forfeitures assessed against the facility which are imposed for violations occurring prior to transfer of ownership.

(14) Closing of a facility. If any facility acts as specified under sub. (5m) (a) 5., (a) The department may provide, direct or arrange for relocation planning, placement and implementation services in order to minimize the trauma associated with the relocation of residents and to ensure the orderly relocation of residents.

(b) The county departments of the county in which the facility is located that are responsible for providing services under s. 46.215 (1) (L), 46.22 (1) (b) 1. c., 51.42 or 51.437 shall participate in the development and implementation of individual relocation plans. Any county department of another county shall participate in the development and implementation of individual relocation plans in place of the county departments of the county in which the facility is located, if the county department accepts responsibility for the resident or is delegated responsibility for the resident by the department or by a court.

(c) The facility shall:
1. Provide at least 30 days’ written notice prior to relocation to each resident who is to be relocated, to the resident’s guardian, if any, and to a member of the resident’s family, if practicable, unless the resident requests that notice to the family be withheld.
2. Attempt to resolve complaints from residents under this section.
3. Identify and, to the greatest extent practicable, attempt to secure an appropriate alternate placement for each resident to be relocated.
4. Consult the resident’s physician on the proposed relocation’s effect on the resident’s health.
5. Hold a planning conference at which an individual relocation plan will be developed with the resident, the resident’s guardian, if any, and with a member of the resident’s family, if practicable, unless the resident requests that a family member not be present.
6. Implement the individual relocation plan developed under subd. 5.
7. Notify the department of its intention to relocate residents. The notice shall state the facts requiring the proposed relocation of residents and the proposed date of closing or changing of the type or level of services or means of reimbursement.
8. At the time the facility notifies the department under subd. 7., submit to the department a preliminary plan that includes:
   a. The proposed timetable for planning and implementation of relocations and the resources, policies and procedures that the facility will provide or arrange in order to plan and implement the relocations.
   b. A list of the residents to be relocated and their current levels of care and a brief description of any special needs or conditions.
   c. An indication of which residents have guardians and the names and addresses of the guardians.
   d. A list of which residents have been protectively placed under ch. 55.
   e. A list of the residents whom the facility believes to meet the requirements of s. 54.10 (3).
   (d) The department shall notify the facility within 10 days after receiving the preliminary plan under par. (c) 8., if it disapproves the plan. If the department does not notify the facility of disapproval, the plan is deemed approved. If the department disapproves the preliminary plan it shall, within 10 days of notifying the facility, begin working with the facility to modify the disapproved plan. No residents may be relocated until the department approves the preliminary plan or until a modified plan is agreed upon. If a plan is not approved or agreed upon within 30 days of receipt of the notice of relocation, the department may impose a plan that the facility shall carry out. Failure to submit, gain approval for or implement a plan in a timely fashion is not a basis for a facility to declare an emergency under sub. (5m) (a) 6. or to relocate any resident under sub. (5m) (g).
   e. Upon approval of, agreement to or imposition of a plan for relocation, the facility shall establish a date of closing or changing
of the type or level of services or means of reimbursement and shall notify the department of the date. The date may not be earlier than 90 days from the date of approval, agreement or imposition if 5 to 50 residents will be relocated, or 120 days from the date of approval, agreement or imposition if more than 50 residents will be relocated.

The department can constitutionally license and regulate community-based residential facilities that are operated by religious organizations and that are not exempt from permits or similar facilities under s. 50.01 (1) (now s. 50.01 (1g)) or s. 50.03 (9). 71 Atty. Gen. 112.

50.032 Certification of certain adult family homes. (1g) DEFINITION. In this section, “adult family home” has the meaning given in s. 50.01 (1) (a).

(1m) CERTIFICATION. (a) No person may operate an adult family home unless the adult family home is certified under this section.

(b) A county department under s. 46.215, 46.22, 46.23, 51.42 or 51.437 may certify an adult family home that is located in the county. The department shall certify an adult family home in a county that elects not to certify adult family homes.

(2) REGULATION. Except as provided in sub. (2d), standards for certification of adult family homes and procedures for application for certification, monitoring, inspection, decertification and appeal of decertification under this section shall be under rules promulgated by the department under s. 50.02 (2) (am) 1. An adult family home certification is valid until decertified under this section. Certification is not transferable.

(2d) ACCOMPANIMENT OR VISITATION. If an adult family home has a policy on who may accompany or visit a patient, the adult family home shall extend the same right of accompaniment or visitation to a patient’s domestic partner under ch. 770 as is accorded the spouse of a patient under the policy.

(2m) EXCEPTION. Notwithstanding s. 50.01 (1g) (b), if an individual served in an adult family home attains 18 years of age and leaves the adult family home on a permanent basis, as defined in rules promulgated by the department, he or she may be replaced for receipt of service by an individual who has a developmental disability, as defined in s. 51.01 (5).

(2r) REPORTING. Every 12 months, on a schedule determined by the department, a certified adult family home shall submit an annual report in the form and containing the information that the department requires, including payment of a fee, if any is required under rules promulgated under s. 50.02 (2) (am) 1. If a complete annual report is not timely filed, the department shall issue a warning to the operator of the certified adult family home. The department may decertify a certified adult family home for failure to timely and completely report within 60 days after the report date established under the schedule determined by the department.

(3) INVESTIGATION OF ALLEGED VIOLATIONS. If the department or a certifying county department under sub. (1m) (b) is advised or has reason to believe that any person is violating this section or the rules promulgated under s. 50.02 (2) (am) 1., the department or the certifying county department shall make an investigation to determine the facts. For the purposes of this investigation, the department or the certifying county department shall have the power to enter into any place where the violation is alleged to occur. (b) Failure to comply with this subsection is a class “C” violation under sub. (4) (b) 3.

(2r) Admissions requiring approval. Except in an emergency, a nursing home that is not certified as a provider of medical assistance or that is an intermediate care facility for persons with an intellectual disability, as defined in s. 46.278 (1m) (am), or an institution for mental diseases, as defined under 42 CFR 435.1009, may not admit as a resident an individual who has a developmental disability, as defined in s. 51.01 (5), or who is both under age 65 and has mental illness, as defined in s. 51.01 (13), unless the county department under s. 46.23, 51.42 or 51.437 of the individual’s county of residence has recommended the admission.

(2t) Reports of death required. (a) In this subsection:

1. “Physical restraint” includes all of the following:

a. A locked room.

b. A device or garment that interferes with an individual’s freedom of movement and that the individual is unable to remove easily.

c. Restraint by a facility staff member of a resident by use of physical force.

2. “Psychotropic medication” means an antipsychotic, antidepressant, lithium carbonate or a tranquilizer.

(b) No later than 24 hours after the death of a resident of a nursing home, the nursing home shall report the death to the department if one of the following applies:

1. There is reasonable cause to believe that the death was related to the use of physical restraint or a psychotropic medication.

2. There is reasonable cause to believe that the death was a suicide.

3. There is reasonable cause to believe that the death was a homicide.

(2v) Posting of notice required. A nursing home shall post in a conspicuous location in the nursing home all of the following:

(a) A notice, provided by the board on aging and long-term care, of the name, address and telephone number of the long-term care ombudsman program under s. 16.009 (2) (b).

(b) The most recent copy of the report for the nursing home that is specified under s. 50.095 (3).

(3) Inspection reports. (a) Inspection. The department shall make or cause to be made at least one inspection biennially of each nursing home. The department may determine if conditions and practices comply with applicable standards by examining only a portion of the residents, records or physical plant when it conducts an inspection.

(b) Biennial report. The department shall make at least one report on each nursing home in the state biennially. All conditions and practices not in compliance with applicable standards within the last 2 years shall be specifically stated. If a violation is corrected, is contested or is subject to an approved plan of correction, the same shall be specified in the biennial report. The department shall send a copy of the report to the nursing home and shall provide a copy to any person on request. The department may charge a reasonable fee to cover copying costs.

(c) Posting of notice. The nursing home administrator shall retain a copy of the most recent biennial report prepared by the department under par. (b) and shall post in a place readily visible to residents and visitors, such as the lobby or reception area of the facility, a notice stating that a copy of the report is available for public inspection on request to the administrator and that a copy will be provided by the department upon request for a minimal fee.

(d) Survey of institutions for mental diseases. During inspections conducted under par. (a), the department shall conduct a survey to determine whether any nursing home that is licensed under this section is an institution for mental diseases, as defined under 42 CFR 435.1009.

(4) Notice of violation: correction. (a) Notice of violation: exceptions. 1. Except as provided in par. (am) 2., if upon inspection or investigation the department determines that a nurs-
ing home is in violation of this subchapter or the rules promul-
gated under it and the violation is a class “A” or “B” violation, it
shall promptly serve a notice of violation upon the licensee. Each
notice of violation shall be prepared in writing and shall specify
the nature of the violation, and the statutory provision or rule
alleged to have been violated. The notice shall inform the licensee
of the right to a hearing under par. (e). The written notice of a class
“A” violation may be written and served by an agent of the depart-
ment at the time of the inspection.

1g. a. If upon inspection or investigation the department
determines that a nursing home is in violation of this subchapter
or the rules promulgated under it and the violation is a class “C”
violation, the department may serve a correction order upon the
licensee unless the nursing home corrects the violation before
the completion of the inspection or investigation. If the correction
is made before the completion of the inspection or investigation, the
department may make a notation in the report under sub. (3) (b)
that shall specify the nature of the violation and the statute or rule
alleged to have been violated.

b. If upon inspection or investigation the department deter-
mines that a nursing home is in violation of this subchapter or
the rules promulgated under it and the violation is a class “C” repeat
violation, the department may serve a correction order or notice
of violation upon the nursing home. If the nursing home corrects
the violation before completion of the inspection or investigation,
the department may, as an alternative to serving a correction order
or notice of violation, make a notation in the report under sub. (3)
(b) that shall specify the nature of the violation and the statute or
rule alleged to have been violated.

1m. A correction order shall be prepared in writing and shall
specify the nature of the violation, the statutory provision or rule
alleged to have been violated and the date by which the violation
shall be corrected. The department may grant an extension of the
date for correction specified in the correction order. The nursing
home shall correct the class “C” violation by the date specified in
the correction order or the extended date, if granted.

1r. The department may serve a notice of violation on a nurs-
ing home determined to be in violation of this subchapter or the
rules promulgated under it for a class “C” violation if either of the
following conditions apply:

a. The nursing home fails to make a correction by the date
specified in a correction order served under subd. 1g. b. or by an
extension of the date, if granted.

b. The violation is a class “C” repeat violation, regardless of
whether a correction order has first been served.

2. The department is not required to serve a notice of violation
if each of the following conditions exists:

a. The nursing home brings the violation to the department’s
attention.

b. The nursing home has made every reasonable effort to pre-
vent and correct the violation, but the violation occurred and
remains uncorrected due to circumstances beyond the nursing
home’s control, or the nursing home has corrected the violation.

3. The department is not required to serve a notice of a class
“C” violation if it finds that the nursing home is in substantial com-
pliance with the specific rule violated.

(am) Dual federal and state violations. 1. Notwithstanding s.
50.01 (3), in this paragraph, “nursing home” does not include a facility
serving people with developmental disabilities.

2. If an act or omission constitutes a violation of this sub-
chapter or the rules promulgated under this subchapter, s. 49.498,
or requirements under 42 CFR 483 related to the operation of a
nursing home, the department may not issue under par. (a) a notice
of violation of this subchapter, the rules promulgated under this
subchapter, or s. 49.498 if the department has, in a statement of
deficiency, cited the nursing home for the violation under require-
ments under 42 CFR 483 related to the operation of a nursing home.

(b) Classification of violations. 1. A class “A” violation is a
violation of this subchapter or of the rules promulgated thereunder
which creates a condition or occurrence relating to the operation
and maintenance of a nursing home presenting a substantial prob-
ability that death or serious mental or physical harm to a resident
will result therefrom.

2. A class “B” violation is a violation of this subchapter or
of the rules promulgated thereunder which creates a condition or
occurrence relating to the operation and maintenance of a nursing
home directly threatening to the health, safety or welfare of a resi-
dent.

3. A class “C” violation is a violation of this subchapter or of
the rules promulgated thereunder which creates a condition or
occurrence relating to the operation and maintenance of a nursing
home which does not directly threaten the health, safety or welfare
of a resident.

4. Each day of violation constitutes a separate violation.
Except as provided in sub. (5) (a) 4., the department shall have
the burden of showing that a violation existed on each day for which
a forfeiture is assessed. No forfeiture may be assessed for a condi-
tion for which the nursing home has received a variance or waiver
of a standard.

(c) Correction. 1. The situation, condition or practice consti-
tuting a class “A” violation or immediate jeopardy shall be abated
or eliminated immediately unless a fixed period of time, as deter-
mined by the department and specified in the notice of violation,
is required for correction. If the class “A” violation or immediate
jeopardy is not abated or eliminated within the specified time
period, the department shall maintain an action in circuit court for
injunction or other process against the licensee, owner, operator,
administrator or representative of the facility to restrain and enjoin
violation of applicable rules, regulations and statutes.

2. At the time of issuance of a notice of a class “B” or “C” vi-
olation, the department shall request a plan of correction which is
subject to the department’s approval. The nursing home shall have
10 days after receipt of notice of violation in which to prepare
and submit a plan of correction but the department may extend this
period up to 30 days where correction involves substantial capital
improvement. The plan shall include a fixed time period within
which violations are to be corrected. If the nursing home plan of
correction is substantially in compliance, it may be modified upon
agreement between the department and the nursing home to
achieve full compliance. If it rejects a plan of correction, the
department shall send notice of the rejection and the reason for the
rejection to the nursing home and impose a plan of correction. The
imposed plan of correction may be modified upon agreement
between the department and the nursing home.

3. If the violation has been corrected prior to submission
and approval of a plan of correction, the nursing home may submit
a report of correction in place of a plan of correction. Such report
shall be signed by the administrator under oath.

4. Upon a licensee’s petition, the department shall determine
whether to grant a licensee’s request for an extended correction
time. Such petition must be served on the department prior to
expiration of the correction time originally approved. The burden
of proof is on the petitioner to show good cause for not being able
to comply with the original correction time approved.

5. This paragraph does not apply to notices of violation served
under par. (a) 1r.

(d) Suspension of admissions. 1. The department shall sus-
pend new admissions to a nursing home if all of the following apply:

a. In the previous 15 months, the nursing home received writ-
ten notice of a violation of a state statute or rule or a federal statute
or regulation that involved immediate jeopardy to a resident; a
class “A” violation; or 3 or more class “B” violations or violations
that constituted actual harm not involving immediate jeopardy to a
resident.

2017–18 Wisconsin Statutes updated through 2019 Wis. Act 186 and through all Supreme Court and Controlled Substances Board Orders filed before and in effect on May 1, 2020. Published and certified under s. 35.18. Changes effective after May 1, 2020, are designated by NOTES. (Published 5–1–20)
b. In any 15-month period during the 36 months immediately preceding the period specified in subd. 1. a., the nursing home received written notice of a violation of a state statute or rule or a federal statute or regulation that involved immediate jeopardy to a resident; a class “A” violation; or 3 or more class “B” violations or violations that constituted actual harm not involving immediate jeopardy to a resident.

2. A suspension of admissions under subd. 1. shall begin 90 days after a nursing home received its last notice of violation for a violation specified in subd. 1. a. if the department determines that the violation remains uncorrected 90 days after the nursing home received the last notice of the violation. A suspension of admissions under subd. 1. shall remain in effect until the department determines that the nursing home has corrected the violation. Admission of a new resident during the period for which admissions have been suspended constitutes a class “B” violation.

3. In determining whether subd. 1. applies, the department may not consider a notice of violation found to be unjustified after hearing.

4. If the department suspends new admissions to a nursing home under this paragraph, the department shall publish a class 1 notice under ch. 985 in a newspaper likely to give notice in the area where the nursing home is located.

(d) Inspection fee. If the department takes enforcement action against a nursing home, including an intermediate care facility for persons with an intellectual disability, as defined in s. 50.14 (1) (b), for a violation of this subchapter or rules promulgated under it or for a violation of a requirement under 42 USC 1396c, and the department subsequently conducts an on-site inspection of the nursing home to review the nursing home’s action to correct the violation, the department may, unless the nursing home is operated by the state, impose a $200 inspection fee on the nursing home.

(e) Hearings. 1. If a nursing home desires to contest any department action under this subsection, it shall send a written request for a hearing under s. 227.44 to the division of hearings and appeals created under s. 15.103 (1) within 60 days of receipt of notice of the contested action. Department action that is subject to a hearing under this subsection includes service of a notice of a violation of this subchapter or rules promulgated under this subchapter, a notification in the report under sub. (3) (b), imposition of a plan of correction, and rejection of a nursing home’s plan of correction, but does not include a correction order. Upon the request of the nursing home, the division shall grant a stay of the hearing under this paragraph until the department assesses a forfeiture, so that its hearing under this paragraph is consolidated with the forfeiture appeal hearing held under sub. (5) (e). All agency action under this subsection arising out of a violation, deficiency, or rejection and imposition of a plan of correction shall be subject of a single hearing. Unless a stay is granted under this paragraph, the division shall commence the hearing within 30 days of the request for hearing, within 30 days of the department’s acceptance of a nursing home’s plan of correction, or within 30 days of the department’s imposition of a plan of correction, whichever is later. The division shall send notice to the nursing home in conformance with s. 227.44. Issues litigated at the hearing may not be relitigated at subsequent hearings under this paragraph arising out of the same violation or deficiency.

2. The division shall notify the nursing home of its decision to reverse, modify or uphold the contested action within 15 days after the close of the hearing.

3. In any petition for judicial review of a decision by the division under subd. 2., the department, if not the petitioner who was in the proceeding before the division under subd. 1., shall be the named respondent.

(f) forfeitures. (a) Amounts. Any operator or owner of a nursing home which is in violation of this subchapter or any rule promulgated thereunder may be subject to the forfeitures specified in this section.

1. A class “A” violation may be subject to a forfeiture of not more than $10,000 for each violation.

2. A class “B” violation may be subject to a forfeiture of not more than $5,000 for each violation.

3. A class “C” violation may be subject to a forfeiture of not more than $500. No forfeiture may be assessed for a class “C” violation unless at least one of the following applies:

a. The department serves the nursing home a notice of violation following the nursing home’s failure to correct a class “C” violation by the date specified in a correction order or an extended date set by the department, if granted.

b. The department serves the nursing home a notice of violation for a class “C” repeat violation.

4. Notwithstanding subs. 1., 2. and 3., if the violation or group of violations results from inadequate staffing, the amount of the forfeiture that the department may assess shall be no less than the difference between the cost of the staff actually employed and the estimated cost of the staff required. The number of staff required shall be determined by the provider contract, court order or the department, by rule, whichever is greatest. The inadequate staff shall be presumed to exist from the date of the notice of violation.

5. A nursing home that violates a statute or rule resulting in a class “A” violation and that has received a notice of violation for a class “A” violation within the previous 3-year period involving the same situation shall be subject to a forfeiture 3 times the amount authorized for a class “A” violation.

b. Except as provided in subd. 5.a., a nursing home that violates a statute or rule resulting in a class “A” or class “B” violation and that has received a notice of a class “A” or class “B” violation of the same statute or rule within the previous 3-year period may subject to a forfeiture 3 times the amount authorized for the most recent class of violation involved.

c. A notice of violation found to be unjustified after hearing may not be considered in applying this subdivision.

d. The forfeiture amount that is tripled under this subdivision shall be the amount assessed after all appeals have been exhausted. If an assessment of forfeiture is not contested and the forfeiture is paid as provided in par. (fm), the forfeiture amount that is tripled is the amount assessed after the reduction specified in par. (fm).

6. If a licensee fails to correct a violation within the time specified in the notice of violation or approved plan of correction, or within the extended correction time granted under sub. (4) (c), or if a violation continues after a report of correction, the department may assess the licensee a separate forfeiture of not more than $10,000 for class “A” violations, and may assess a separate forfeiture of not more than $5,000 for class “B” violations, for each day of continuing violation.

(b) Factors in assessment of forfeitures. In determining whether a forfeiture is to be imposed and in fixing the amount of the forfeiture to be imposed, if any, for a violation, the following factors shall be considered:

1. The gravity of the violation, including the probability that death or serious physical or psychological harm to a resident will result or has resulted; the severity of the actual or potential harm; and the extent to which the provisions of the applicable statutes or rules were violated.

2. “Good faith” exercised by the licensee. Indications of good faith include, but are not limited to, awareness of the applicable statutes and regulation and reasonable diligence in complying with such requirements, prior accomplishments manifesting the licensee’s desire to comply with the requirements, efforts to correct and any other mitigating factors in favor of the licensee.

3. Any previous violations committed by the licensee.

4. The financial benefit to the nursing home of committing or continuing the violation.
(c) Assessment of forfeitures; powers and duties of department. The department may directly assess forfeitures provided for under par. (a). If the department determines that a forfeiture should be assessed for a particular violation or for failure to correct it, the department shall send a notice of assessment of forfeiture to the nursing home. The notice shall specify the amount of the forfeiture assessed, the violation, and the statute or rule alleged to have been violated and shall inform the licensee of the right to hearing under par. (e). If the department does not issue a notice of forfeiture within 120 days after the date on which a nursing home receives the notice of a violation, the department may not assess a forfeiture for the violation.

(d) Forfeiture period. 1. In the case of a class “B” violation, no forfeiture may be assessed for the violation from the day following the date of discovery until the date of notification. If the department fails to approve or reject a plan of correction within 15 days after its receipt of a complete plan, no forfeiture may be imposed for the period beginning with the 15th day after receipt and ending when notice of approval or rejection is received by the home. If a plan of correction is approved and carried out, no forfeiture may be assessed during the time period specified in the approved plan of correction, commencing on the day the plan of correction is received by the department.

2. In the case of a class “C” violation for which a notice of violation has been served, a forfeiture may be assessed:
   a. Under par. (a) 3. a., for the period beginning on the date for correction set forth in the correction order or an extended date set by the department, if granted, and ending on the date on which the violation is corrected.
   b. Under par. (a) 3. b., for each day of the period during which the violation occurred.

(dm) Forfeiture assessment date. In the case of a class “B” violation, the department may not assess a forfeiture upon a nursing home until:
   1. The home fails to submit a plan of correction under sub. (4) (e) 2.;
   2. The department has issued an order imposing an approved plan under sub. (4) (e) 2.; or
   3. The time set for the correction of the violation by the home under sub. (4) (c) 2. has expired.

(e) Forfeiture appeal hearing. A nursing home may contest an assessment of a forfeiture by sending, within 60 days after receipt of notice of the assessment of the forfeiture, a written request for hearing under s. 227.44 to the division of hearings and appeals created under s. 15.103 (1). The administrator of the division may designate a hearing examiner to preside over the case and recommend a decision to the administrator under s. 227.46. The decision of the administrator of the division shall be the final administrative decision. The division shall commence the hearing within 30 days of receipt of the request for hearing and shall issue a final decision within 15 days after the close of the hearing. Proceedings before the division are governed by ch. 227. In any petition for judicial review of a decision by the division, the party, other than the petitioner, who was in the proceeding before the division shall be the named respondent. If, after receipt of notice of assessment of a forfeiture, a nursing home that has timely requested a hearing under sub. (4) (e) on the notice of violation under sub. (4) for which the forfeiture was assessed requests a hearing under this paragraph on the assessment of the forfeiture, the hearing on the notice of violation under sub. (4) and the hearing on the assessment of the forfeiture shall be consolidated.

(f) Forfeitures paid within 60 days. All forfeitures shall be paid to the department within 60 days of receipt of notice of assessment of the forfeiture or, if the forfeiture is contested under par. (e), within 60 days of receipt of the final decision after exhaustion of administrative review, unless the final decision is appealed and the order is stayed by court order under s. 50.03 (11). The department shall remit all forfeitures paid to the secretary of administration for deposit in the school fund.

(g) Enforcement by attorney general. The attorney general may bring an action in the name of the state to collect any forfeiture imposed under this section if the forfeiture has not been paid following the exhaustion of all administrative and judicial reviews. The only issue to be contested in any such action shall be whether the forfeiture has been paid.

(6) Conditional license. (a) Power of department. 1. In addition to the right to impose forfeitures under sub. (5), the department may issue a conditional license to any nursing home if the department finds that any of the following is true:
   a. A class “A” or class “B” violation, as defined in sub. (4), continues to exist in the nursing home.
   b. A federal violation continues to exist that constitutes immediate jeopardy or actual harm not involving immediate jeopardy to a resident.
   2. The issuance of a conditional license shall revoke any outstanding license held by the nursing home.
   3. The nursing home may seek review of a decision to issue a conditional license as provided in s. 50.03 (5).

(b) Violation correction plan. Prior to the issuance of a conditional license, the department shall establish a written plan of correction. The plan shall specify the violations which prevent full licensure and shall establish a time schedule for correction of the deficiencies. Retention of the license shall be conditional on meeting the requirements of the plan of correction.

(c) Notice. Written notice of the decision to issue a conditional license shall be sent to the facility together with the proposed plan of correction. The notice shall inform the facility of its right to a case conference prior to issuance of the conditional license under par. (d) and of its right to a full hearing under par. (e).

(d) Case conference. If the facility desires to have a case conference it shall, within 4 working days of receipt of the notice under par. (c), send a written request for a case conference to the department. The department shall, within 4 working days from the receipt of the request, hold a case conference in the county in which the facility is located. Following this conference the department may affirm or overrule its previous decision, or modify the terms of the conditional license and plan of correction. The conditional license may be issued after the case conference, or after the time for requesting a case conference has expired, prior to any further hearing.

(e) Hearing. If after the case conference the licensee desires to contest the basis for issuance of a conditional license, or the terms of the license or plan of correction, the licensee shall send a written request for hearing to the department within 4 working days after issuance of the conditional license. The department shall hold the hearing within 30 days of receipt of such notice and shall immediately notify the licensee of the date and location of the hearing.

(f) Term; inspection. A conditional license shall be issued for a period specified by the department, but in no event for more than one year. The department shall periodically inspect any nursing home operating under a conditional license. If the department finds substantial failure by the nursing home to follow the plan of...
correction, the conditional license may be revoked as provided under s. 50.03 (5). The licensee is entitled to a hearing on the revocation under s. 50.03 (5), but the department may rely on facts found in a hearing under par. (e) as grounds for revocation.

(g) Expiration. If the department determines that a conditional license shall expire without renewal or replacement of the conditional license by a regular license, the department shall notify the licensee at least 30 days prior to expiration of the license. The notice shall comply with notice requirements under s. 50.03 (5). The licensee is entitled to a hearing under s. 50.03 (5) prior to expiration of the license.

(7) Violations. If an act forms the basis for a violation of this section and s. 49.498, the department or the attorney general may impose sanctions in conformity with this section or under s. 49.498, but not both.

(8) Protection and cost effectiveness programs; quality assurance. (a) The department may distribute moneys from the appropriation account under s. 20.435 (6) (g) for innovative projects designed to protect the property and the health, safety, and welfare of residents in nursing homes and to improve the efficiency and cost effectiveness of the operation of facilities so as to improve the quality of life, care, and treatment of residents.

(b) The department shall establish and maintain a quality assurance and improvement committee to review proposals and award moneys for innovative projects, as described in par. (a), that are approved by the committee. The department shall promulgate rules to guide the actions of the quality assurance and improvement committee.

A state nursing home is not subject to the forfeiture provisions of ch. 50. Wisconsin Veterans Home v. Division of Nursing Home Forfeiture Appeals, 104 Wis. 2d 106, 310 N.W.2d 616 (Ct. App. 1981).

A county-operated nursing home was subject to forfeitures under sub. (5). Lake−Land Home v. Nursing Home Appeals Division, 118 Wis. 2d 636, 348 N.W.2d 523 (1984).

The sub. (5) (e) 30−day limit for commencing a hearing is directory, not mandatory. St. Michael’s Church v. DOA, 137 Wis. 2d 326, 404 N.W.2d 114 (Ct. App. 1987).

The requirement under sub. (2r) that an individual may not be admitted to an intermediate care facility unless the county department of the individual’s county of residence has recommended admission is a residency requirement, which in the case of a private facility is an unconstitutional restriction on travel. 50.045 Therapeutic alternate drug selections in nursing homes. (1) A nursing home that does not maintain a quality assessment and assurance committee under s. 49.498 (2) (a) 2. may maintain a committee that consists of the director of nursing services, a pharmacist, as defined in s. 450.01 (15), and at least 2 other members of the nursing home staff.

(2) A committee with the members specified under sub. (1) may establish written guidelines or procedures for making therapeutic alternate drug selections for the purposes of s. 450.01 (16) (h).

(2) Conditions for placement of a monitor or appointment of a receiver. The department may place a monitor in a facility and the secretary, as specified in sub. (4), may petition for appointment of a receiver for a facility when any of the following conditions exist:

(a) The facility is operating without a license.

(b) The department has suspended or revoked the existing license of the facility.

(c) The department has initiated revocation procedures under s. 50.03 (5) and has determined that the lives, health, safety, or welfare of the residents cannot be adequately assured pending a full hearing on license revocation.

(d) The facility is closing or intends to close and adequate arrangements for relocation of residents have not been made at least 30 days prior to closure.

(3) Monitor. In any situation described in sub. (2), the department may place a person to act as monitor in the facility. The monitor shall observe operation of the facility, assist the facility by advising it on how to comply with state regulations, and shall submit a written report periodically to the department on the operation of the facility. The department may require payment by the operator or controlling person of the facility for the costs of placement of a person to act as monitor in the facility.

(4) Appointment of receiver. Only the secretary, represented by the department of justice, may apply for a court order appointing the secretary or the secretary’s designee receiver of the facility. The secretary, as represented, may apply by verified petition to the circuit court for Dane County for the order. The court shall hold a hearing on the petition within 5 days of the filing of the petition. The petition and notice of the hearing shall be served on the operator, administrator or designated agent of the facility as provided under ch. 801 or shall be posted in a conspicuous place in the facility not later than 3 days before the time specified for the hearing, unless a different period is fixed by order of the court.
Uniform Licensure

Notwithstanding ss. 803.01 to 803.09 and 844.18, the only persons who may appear as a party at a hearing under this subsection or sub. (5) are the secretary or the secretary’s designee and the operator of the facility. The court shall appoint a receiver for a specified time period requested by the secretary up to 120 days, if it finds that any ground exists which would authorize the appointment of a receiver under sub. (2) and that appointment of a receiver will contribute to the continuity of care or the orderly and safe transfer of residents in the facility. The court may extend the period of receivership in 30-day increments only on the petition of the department and if the court finds that the department has been unable to transfer all of the residents to another suitable location or the department has determined that it is necessary for the receivership to be extended for the continued health, safety and welfare of the residents. Notwithstanding s. 808.03 (1), any order issued at the hearing on the petition for receivership under this subsection or sub. (5) or at a subsequent hearing concerning matters arising under the receivership or concerning termination of the receivership under sub. (14) may be appealed as a matter of right.

5. Emergency Procedure. If it appears from the petition filed under sub. (4), or from an affidavit or affidavits filed with the petition, or from testimony of witnesses under oath when the court determines that this is necessary, that there is probable cause to believe that an emergency exists in the facility, the court shall immediately issue the requested order for appointment of a receiver, ex parte and without further hearing. An appearance by the secretary or the secretary’s designee to obtain the order is not a hearing of any preliminary contested matter for the purposes of s. 801.55 (1). Notice of the petition and order shall be served on the operator, administrator, or designated agent of the facility as provided under ch. 801 or shall be posted in a conspicuous place in the facility within 24 hours after issuance of the order and a hearing on the petition shall be held within 3 days after notice is served or posted unless the operator consents to a later date. After the hearing, the court may terminate, continue or modify the temporary order.

6. Objective. The receiver shall with all reasonable speed, but in any event by the date receivership ends under sub. (4), provide for the orderly transfer of all residents in the facility to other suitable facilities or make other provisions for their continued health, safety and welfare.

7. Powers and Duties of Receiver. A receiver appointed under this chapter:

(a) May exercise those powers and shall perform those duties set out by the court.

(b) Shall operate the facility in such a manner as to assure safety and adequate health care for the residents.

(c) Shall have the same rights to possession of the building in which the facility is located and of all goods and fixtures in the building at the time the petition for receivership is filed as the operator would have had if the receiver had not been appointed. The receiver shall take such action as is reasonably necessary to protect or conserve the tangible assets or property of which the receiver takes possession, or the proceeds of any transfer thereof, and may use them only in the performance of the powers and duties set forth in this section and by order of the court.

(d) May use the building, fixtures, furnishings, and any accompanying consumable goods in the provision of care and services to residents and to any other persons receiving services from the facility at the time the petition for receivership was filed. The receiver shall collect payments for all goods and services provided to residents or others during the period of the receivership, at the same rate of payment as was charged by the operators at the time the petition for receivership was filed, unless a different rate is set by the court.

(e) May correct or eliminate any deficiency in the structure or furnishings of the facility which presents an immediate or serious danger to the health or safety of residents while they remain in the facility, provided the total cost of correction does not exceed $3,000. The court may order expenditures for this purpose in excess of $3,000 only on application from the receiver.

(f) May let contracts and hire agents and employees to carry out the powers and duties created under this section. Competitive bidding requirements under s. 16.75 do not apply to contracts for services or materials let by the receiver.

(g) Except as specified in sub. (9), shall honor all leases, mortgages and secured transactions governing the building in which the facility is located and all goods and fixtures in the building of which the receiver has taken possession, but only to the extent of payments which, in the case of a rental agreement, are for the use of the property during the period of the receivership, or which, in the case of a purchase agreement, come due during the period of the receivership.

(h) Shall have full power to direct and manage and to discharge employees of the facility, subject to any contractual rights they may have. The receiver shall pay employees at the same rate of compensation, including benefits, that the employees would have received from the operator, except that the receiver shall compensate employees for time actually worked during the period of receivership and may reimburse for vacations or periods of sick leave. The receiver may grant salary increases and fringe benefits to employees of a nursing home, in accord with the facility payment formula under s. 49.45 (6m). Receivership does not relieve the operator of any obligation to employees not carried out by the receiver.

(i) Shall, if any resident is transferred or discharged, provide for:

1. Transportation of the resident and the resident’s belongings and medical records to the place to which the resident is being transferred or discharged.

2. Aid in location of an alternative placement and in discharge planning.

3. If the patient is being transferred, preparation for transfer to mitigate transfer trauma.

(j) Shall, if any resident is to be transferred, permit participation by the resident or the resident’s guardian in the selection of the resident’s alternative placement.

(k) Shall, unless emergency transfer is necessary, prepare a resident under pars. (i) 3. and (j) by explaining alternative placements, and by providing orientation to the placement chosen by the resident or the resident’s guardian.

(L) Shall be entitled to and shall take possession of all property or assets of residents which are in the possession of an owner, operator or controlling person of the facility. The receiver shall preserve all property, assets and records of residents of which the receiver takes possession and shall provide for the prompt transfer of the property, assets and records to the alternative placement of any transferred resident.

(m) May restrict admissions to the facility.

8. Payment to Receiver. A person who is served with notice of an order of the court appointing a receiver and of the receiver’s name and address shall be liable to pay the receiver for any goods or services provided by the receiver after the date of the order if the person would have been liable for the goods or services supplied by the operator. The receiver shall give a receipt for each payment and shall keep a copy of each receipt on file. The receiver shall deposit amounts received in a special account and shall use this account for all disbursements.

(b) The receiver may bring an action to enforce the liability created by par. (a). Proof of payment to the receiver is as effective in favor of the person making the payment as payment of the amount to the person who would, but for this subsection, have been entitled to receive the sum so paid.

(c) A resident may not be discharged, nor may any contract or rights be forfeited or impaired, nor may forfeiture or liability be

increased, by reason of an omission to pay an owner, operator or other person a sum paid to the receiver.

(9) AVOIDANCE OF PREEXISTING LEASES, MORTGAGES AND CONTRACTS. (a) A receiver may not be required to honor any lease, mortgage, secured transaction or other wholly or partially executory contract entered into by the owners or operators of the facility if any of the following is applicable:

1. The person seeking payment under the lease, mortgage, secured transaction or other wholly or partially executory contract was an operator or controlling person of the facility or was an affiliate of an operator or controlling person at the time the lease, mortgage, secured transaction or other wholly or partially executory contract was made.

2. The rental, price or rate of interest required to be paid under the lease, mortgage, secured transaction or other wholly or partially executory contract was in excess of a reasonable rental, price or rate of interest at the time the contract was entered into.

3. Payment under the lease, mortgage, secured transaction or other wholly or partially executory contract has been modified by the parties’ subsequent oral or written agreement or constructive waiver.

(b) If the receiver is in possession of real estate or goods subject to a lease, mortgage or security interest which the receiver is permitted to avoid under par. (a), and if the real estate or goods are necessary for the continued operation of the facility under this section, the receiver may apply to the court to set a reasonable rental, price or rate of interest to be paid by the receiver during the duration of the receivership. The court shall hold a hearing on the application within 15 days. The receiver shall send notice of the application to any known owners of the property involved at least 10 days prior to the hearing. Payment by the receiver of the amount determined by the court to be reasonable is a defense to any action against the receiver for payment or for possession of the goods or real estate subject to the lease or mortgage involved by any person who received such notice, but the payment does not relieve the owner or operator of the facility of any liability for the difference between the amount paid by the receiver and the amount due under the original lease or mortgage involved.

(c) During the period of appointment of a receiver, there may be no foreclosure of a mortgage entered into by the owner or operator of the facility or eviction of facility residents if the foreclosure or eviction serves to defeat the purpose of the appointment.

(9m) IMPEDING RECEIVERSHIP PROHIBITED; AUTOMATIC STAY. No person may impede the operation of a receivership established under this section. After the appointment of a receiver, any action that interferes with the functioning of the facility, including cancellation of an insurance policy executed on behalf of the facility, repossession of equipment used in the facility or termination of utility services or other services or goods that are necessary to protect the health, safety or welfare of the nursing home residents, is automatically stayed for a period of not more than 60 days.

(10) CONTINGENCY FUND. If funds collected under subs. (3), (7) and (8) are insufficient to meet the expenses of performing the powers and duties conferred on the receiver by this section, or if there are insufficient funds on hand to meet those expenses, the department may draw from the supplemental fund created under s. 49.498(4) and (6) to pay the expenses associated with the placement of a monitor, if any, in a nursing home and the receivership of a nursing home. Operating funds collected under this section and not applied to the expenses of the placement of a monitor, if any, and the receivership, except for the amount of a security, if any is required under sub. (14m), shall be used to reimburse the fund for advances made under this section.

(11) COMPENSATION OF MONITOR OR RECEIVER. The court shall set the compensation of a person placed as a monitor, if any, and of the receiver, which will be considered necessary expenses of a receivership.

(12) LIABILITY OF RECEIVER, STATUS AS PUBLIC EMPLOYEE. (a) In any action or special proceeding brought against a receiver in the receiver’s official capacity for acts committed while carrying out the powers and duties created under this section, the receiver shall be considered a public employee for purposes of s. 895.46.

(b) A receiver may be held liable in a personal capacity only for the receiver’s own gross negligence, intentional acts or breach of fiduciary duty.

(c) A receiver may not be required to post any bond.

(13) LICENSING OF FACILITY UNDER RECEIVERSHIP. Other provisions of this chapter notwithstanding, the department may issue a license to a facility placed in receivership under this section. The duration of a license issued under this section is limited to the duration of the receivership.

(14) TERMINATION OF RECEIVERSHIP. (a) Except as provided under par. (b), the court may not terminate a receivership for any reason other than as specified under subs. 1. to 3. and shall, after the department determines and notifies the court that the facility is able to ensure continued compliance with federal and state laws, terminate the receivership:

1. If the time period specified in the order appointing the receiver elapses and the department has not petitioned for an extension;

2. If the department grants the facility a new license, whether the structure of the facility, the right to operate the facility, or the land on which it is located is under the same or different ownership;

3. If all of the residents in the facility have been provided alternative modes of health care, either in another facility or otherwise.

(b) The court may terminate a receivership of a nursing facility imposed because of a violation of s. 49.498(4) or a rule promulgated under s. 49.498 if the department submits testimony to the satisfaction of the court that the nursing facility has the management capability to ensure continued compliance with the requirements of s. 49.498 or a rule promulgated under s. 49.498.

(14m) BOND UPON TERMINATION: REAPPOINTMENT. If the court terminates a receivership under sub. (14) and the department grants a license for the facility to the same applicant under which the facility was licensed immediately prior to appointment of a receiver under sub. (4) or (5), the court may request that person to post a bond for a period of not less than 120 days in an amount fixed by the court as security for maintaining compliance with this subchapter and the rules promulgated under this subchapter. If the court, after notice to the parties in the receivership proceeding and after a hearing, finds that the standards for appointment under sub. (4) are met, the court may reappoint the receiver. If the court reappoints the receiver, the receiver may use the security, if any has been required under this subsection, in addition to funds under subs. (7), (8) and (10), for purposes of payment of the placement of a monitor, if any, and for the receivership.

(15) ACCOUNTING: LIEN FOR EXPENSES. (a) Within 30 days after termination, the receiver shall give the court a complete accounting of all property of which the receiver has taken possession, of all funds collected under this section and of the expenses of the monitor, if any is placed in a nursing home, and the receivership.

(b) If the operating funds collected by the receiver under subs. (7) and (8) exceed the reasonable expenses of the placement of a monitor in a nursing home, if any, and of the receivership, the court shall order payment of the surplus to the operator or controlling person, after reimbursement of funds drawn from the contingency fund under sub. (10). If the operating funds are insufficient to cover the reasonable expenses of the placement of a monitor in a nursing home, if any, and of the receivership, the operator or controlling person shall be liable for the deficiency. The operator or controlling person may apply to the court to determine the reasonableness of any expense of the placement of a monitor in a nursing home, if any, and of the receivership. The operator or controlling person shall not be responsible for expenses in excess of what the court finds to be reasonable. Payment recovered from the operator.
or controlling person shall be used to reimburse the contingency fund for amounts drawn by the receiver under sub. (10).

(c) The department has a lien for any deficiency under par. (b) upon any beneficial interest, direct or indirect, of any operator or controlling person in the following property:

1. The building in which the facility is located.
2. The land on which the facility is located.
3. Any fixtures, equipment or goods used in the operation of the facility.
4. The proceeds from any conveyance of property described in subd. 1., 2. or 3., made by the operator or controlling person within one year prior to the filing of the petition for receivership.
5. Any other property or assets of the operator or controlling person if no property or proceeds exist under subds. 1. to 4.

(d) The lien provided by this subsection is prior to any lien or other interest which originates subsequent to the filing of a petition for receivership under this section, except for a construction or mechanic’s lien arising out of work performed with the express consent of the receiver or a lien under s. 292.31 (8) (i) or 292.81.

(e) The clerk of circuit court for the county in which the facility is located shall record the filing of the petition for receivership in the judgment and lien docket kept under s. 779.07 opposite the names of the operators and controlling persons named in the petition.

(f) The receiver shall, within 60 days after termination of the receivership, file a notice of any lien created under this subsection.

50.053 Case conference. The department may hold a case conference with the parties to any contested action under this subchapter to resolve any or all issues prior to formal hearing. Unless any party to the contested case objects, the department may delay the commencement of the formal hearing in order to hold the case conference.

50.06 Certain admissions to facilities. (1) In this section, “incapacitated” means unable to receive and evaluate information effectively or to communicate decisions to such an extent that the individual lacks the capacity to manage his or her health care decisions, including decisions about his or her post–hospital care.

(2) An individual under sub. (3) may consent to admission, directly from a hospital to a facility, of an incapacitated individual who does not have a valid power of attorney for health care and who has not been adjudicated incompetent in this state, if all of the following apply:

(a) No person who is listed under sub. (3) in the same order of priority as, or higher in priority than, the individual who is consenting to the proposed admission disagrees with the proposed admission.

(b) The individual for whom admission is sought is not diagnosed as developmentally disabled or as having a mental illness at the time of the proposed admission.

(d) The incapacitated individual does not verbally object to or otherwise actively protest the admission. If he or she makes such an objection or protest, he or she may be admitted to the facility, but the person in charge of the facility shall immediately notify the county department under s. 55.02 (2) for the county in which the individual is living or the agency with which the county department contracts. Representatives of the county department or agency shall visit the individual as soon as possible, but no later than 72 hours after notification, and do all of the following:

1. Determine whether the protest persists or has been voluntarily withdrawn and consult with the person who consented to the admission regarding the reasons for the admission.

2. Attempt to have the incapacitated individual released within 72 hours if the protest is not withdrawn and the individual does not satisfy all of the criteria under s. 55.08 (1) or 55.135 (1), and provide assistance in identifying appropriate alternative living arrangements.

3. Comply with s. 55.135 if the requirements of s. 55.135 (1) are met and emergency protective placement in that facility or another facility is necessary. The court, with the permission of the facility, may order the incapacitated individual to remain in the facility pending the outcome of the protective placement proceedings.

4. A determination that an individual is incapacitated for purposes of sub. (2) shall be made by 2 physicians, as defined in s. 448.01 (5), or by one physician and one licensed psychologist, as

Mere old age, eccentricity or physical disability, either singly or together, are insufficient to make a finding that an individual is incapacitated. Neither of the individuals who make a finding that an individual is incapacitated may be a relative, as defined in s. 242.01 (11), of the individual or have knowledge that he or she is entitled to or has a claim on any portion of the individual’s estate. A copy of the statement shall be included in the individual’s records in the facility to which he or she is admitted. (5) (a) Except as provided in par. (b), an individual who consents to an admission under this section may, for the incapacitated individual, make health care decisions to the same extent as a guardian of the person may and authorize expenditures related to health care to the same extent as a guardian of the estate may, until the earliest of the following:

1. Sixty days after the admission to the facility of the incapacitated individual.
2. Discharge of the incapacitated individual from the facility.
3. Appointment of a guardian for the incapacitated individual.
(b) An individual who consents to an admission under this section may not authorize expenditures related to health care if the incapacitated individual has an agent under a durable power of attorney, as defined in s. 244.02 (3), who may authorize expenditures related to health care.

(6) If the incapacitated individual is in the facility after 60 days after admission and a guardian has not been appointed, the authority of the person who consented to the admission to make decisions and, if sub. (5) (a) applies, to authorize expenditures is extended for 30 days for the purpose of allowing the facility to initiate discharge planning for the incapacitated individual.

(7) An individual who consents to an admission under this section may request a functional screening and a financial and cost-sharing screening to determine eligibility for the family care section may request a functional screening and a financial and cost-sharing screening to determine eligibility for the family care program. 1. Except as provided in par. (b), disclose to the client or the client’s guardian in writing all information obtained under sub. (2) (b) 1. or (bb) regarding any conviction of the caregiver for a crime that is specified by rule under par. (d), and, if the caregiver has demonstrated that he or she has been rehabilitated under sub. (5), notice of that fact.

(b) If a caregiver whom an entity has placed in a client’s residence to provide personal care services is not available to provide the services and the entity assigns a substitute caregiver to provide personal care services to the client, the entity is not required to provide the disclosures under subd. 1. or 2. for the substitute caregiver.

(3) (a) Every 4 years or at any time within that period that the department considers appropriate, the department shall request the information specified in sub. (2) (am) 1. to 5. for all persons who are licensed to operate an entity and for all persons who are nonresident clients of an entity.

4. That a final determination has been made under s. 48.981 (3) (c) 5m. or, if a contested case hearing is held on such a determination, a final decision has been made under s. 48.981 (3) (c) 5p. that the person has abused or neglected a child.

5. That, in the case of a position for which the person must be credentialed by the department of safety and professional services, the person’s credential is not current or is limited so as to restrict the person from providing adequate care to a client.

(b) Notwithstanding s. 111.335, and except as provided in sub. (5), an entity may not employ or contract with a caregiver or permit to reside at the entity a nonclient resident, if the entity knows or should have known any of the following:

2. That a unit of government or a state agency, as defined in s. 16.61 (2) (d), has made a finding that the person has abused or neglected any client or misappropriated the property of any client.

(c) If the background information form completed by a person under sub. (6) (am), or a person’s response or lack of response to a disclosure policy described under sub. (6) (am), indicates that the person is not eligible to be employed or contracted with for a reason specified in par. (b) 1. to 5., an entity may employ or contract with the person for not more than 60 days pending the receipt of the information sought under sub. (2) (b). If the background information form completed by a person under sub. (6) (am), or a person’s response or lack of response to a disclosure policy described under sub. (6) (am), indicates that the person is not eligible to be permitted to reside at an entity for a reason specified in par. (b) 1. to 5., and if an entity otherwise has no reason to believe that the person is ineligible to be permitted to reside at an entity for any of those reasons, the entity may permit the person to reside at the entity for not more than 60 days pending receipt of the information sought under sub. (2) (am). An entity shall provide supervision for a person who is employed or contracted with or permitted to reside as permitted under this paragraph.

(d) If the department may license, certify, issue a certificate of approval to or register to operate an entity a person who otherwise may not be licensed, certified, issued a certificate of approval or registered for a reason specified in sub. (4m) (a) 1. to 5., and an entity may employ, contract with or permit to reside at the entity a person who otherwise may not be employed, contracted with or permitted to reside at the entity for a reason specified in sub. (4m) (b) 1. to 5., if the person demonstrates to the department, or, in the case of an entity that is located within the boundaries of a reservation, to the person or body designated by the tribe under sub. (5d) (a) 3., by clear and convincing evidence and in accordance with procedures established by the department by rule, or by the tribe, that he or she has been rehabilitated. The department shall permit any person who has been convicted of a crime specified by rule under sub. (2m) (d) and who wishes to provide personal care services to demonstrate to the department or, if the person wishes to provide personal care services only within the boundaries of a reservation and the department has approved a plan for the tribe to conduct rehabilitation reviews under sub. (5d), to the tribe that he or she has been rehabilitated.

(5c) Any person who is permitted but fails under sub. (5) to demonstrate to the department that he or she has been rehabilitated may appeal to the secretary of health services or his or her designee.
50.065 **UNIFORM LICENSURE**

nee. Any person who is adversely affected by a decision of the secretary or his or her designee under this subsection has a right to a contested case hearing under ch. 227.

(5d) (a) Any tribe that chooses to conduct rehabilitation reviews under sub. (5) shall submit to the department a rehabilitation review plan that includes all of the following:

1. The criteria to be used to determine if a person has been rehabilitated.
2. The title of the person or body designated by the tribe to whom a request for review must be made.
3. The title of the person or body designated by the tribe to determine whether a person has been rehabilitated.
4. The manner in which the tribe will submit information relating to a rehabilitation review to the department so that the department may include that information in its report to the legislature required under sub. (5g).

5. A copy of the form to be used to request a review and a copy of the form on which a written decision is to be made regarding whether a person has demonstrated rehabilitation.

(b) If, within 90 days after receiving the plan, the department does not disapprove the plan, the plan shall be considered approved. If, within 90 days after receiving the plan, the department disapproves the plan, the department shall provide notice of that disapproval to the tribe in writing, together with the reasons for the disapproval. The department may not disapprove a plan unless the department finds that the plan is not rationally related to the protection of clients. If the department disapproves the plan, the tribe may, within 30 days after receiving notice of the disapproval, request that the secretary review the department’s decision. A final decision under this paragraph is not subject to further review under ch. 227.

(5g) Beginning on January 1, 1999, and annually thereafter, the department shall submit a report to the legislature under s. 13.172 (2) that specifies the number of persons in the previous year who have requested to demonstrate to the department that they have been rehabilitated under sub. (5), the number of persons who successfully demonstrated that they have been rehabilitated under sub. (5) and the reasons for the success or failure of a person who has attempted to demonstrate that he or she has been rehabilitated.

(5m) Notwithstanding s. 111.335, the department may refuse to license, certify or register, or issue a certificate of approval to, a caregiver or an entity that fails to agree to permit a nonresident to reside at the entity, if the caregiver or nonclient resident has been convicted of an offense that is not a serious crime, but that is, in the estimation of the department or entity, substantially related to the care of a client.

(6) (a) The department shall require any person who applies for issuance or continuation of a license, certification, certificate of approval or registration to operate an entity to complete a background information form that is provided by the department.

(am) Every 4 years an entity shall require its caregivers and nonclient residents to complete a background information form that is provided to the entity by the department, except that an entity need not require those caregivers to whom sub. (b) does not apply to complete the form if the entity requires the caregivers to disclose to the entity, in writing, all information requested on the form and notifies the caregivers annually of the disclosure requirement.

(b) For caregivers who are licensed, issued a certificate of approval or certified by, or registered with, the department, for nonclient residents, and for other persons specified by the department by rule, the entity shall send the background information form to the department.

(c) A person who provides false information on a background information form required under this subsection or a caregiver who fails to report information as required under a disclosure policy described under par. (am) may be required to forfeit not more than $1,000 and may be subject to other sanctions specified by the department by rule.

(7) The department shall do all of the following:

(a) Conduct throughout the state periodic training sessions that cover criminal background investigations; reporting and investigating misappropriation of property or abuse or neglect of a client; and any other material that will better enable entities to comply with the requirements of this section.

(b) Provide a background information form that requires the person completing the form to include his or her date of birth on the form.

(8) The department may charge a fee for obtaining the information required under sub. (2) (am) or (3) (a) or for providing information to an entity to enable the entity to comply with sub. (2) (b) or (3) (b). No fee may be charged to a nurse aide, as defined in s. 146.40 (1) (d), for obtaining or maintaining the information if to do so would be inconsistent with federal law.

When a collective bargaining agreement required just cause for termination and provided the right to grieve any termination decision, a county did not have sole discretion under sub. (5m) to decide whether to terminate an employee for the commission of a non-serious crime substantially related to the care of a client. As the county had the authority under sub. (5m) to retain the employee despite a conviction, nothing prevented it from agreeing to do so in a manner consistent with the collective bargaining agreement. Brown County v. Wisconsin Employment Relations Commission, 2007 WI App 247, 306 Wis. 2d 213, 742 N.W.2d 916, 07−0135.

50.07 **Prohibited acts.** (1) No person may:

(a) Intentionally fail to correct or interfere with the correction of a class “A” or class “B” violation within the time specified on the notice of violation or approved plan of correction under s. 50.04 as the maximum period given for correction, unless an extension is granted and the corrections are made before expiration of the extension.

(b) Intentionally prevent, interfere with, or attempt to impede in any way the work of any duly authorized representative of the department in the investigation and enforcement of any provision of this subchapter.

(c) Intentionally prevent or attempt to prevent any such representative from examining any relevant books or records in the conduct of official duties under this subchapter.

(d) Intentionally prevent or interfere with any such representative in the preserving of evidence of any violation of any of the provisions of this subchapter or the rules promulgated under this subchapter.

(e) Intentionally retaliate or discriminate against any resident or employee for contacting or providing information to any state official, including any representative of the office of the long−term care ombudsman under s. 16.009 (4), or for initiating, participating in, or testifying in an action for any remedy authorized under this subchapter.

(f) Intentionally destroy, change or otherwise modify an information form required under this subchapter or a caregiver who fails to report information as required under a disclosure policy described under par. (am) may be required to forfeit not more than $1,000 and may be subject to other sanctions specified by the department by rule.

(2) Violators of this section may be imprisoned up to 6 months or fined not more than $1,000 or both for each violation.

(3) (b) Any employee who is discharged or otherwise retaliated or discriminated against in violation of sub. (1) (e) or (em) may file a complaint with the department of workforce development under s. 106.54 (5).

2017−18 Wisconsin Statutes published by the Department of Administration. July 1, 2017. Changes effective after May 1, 2020, are designated by NOTES. (Published 5−1−20)
(c) Any person not described in par. (b) who is retaliated or discriminated against in violation of sub. (1) (e) or (em) may commence an action in circuit court for damages incurred as a result of the violation.

Sub. (1) (e) does not provide a remedy to a terminated employee and does not preclude a private action for wrongful termination to an employee who reports abuse. There is a public policy exception to the employment—at—will doctrine in this case. Hausman v. St. Croix Care Center, Inc. 214 Wis. 2d 655, 571 N.W.2d 393 (1997), 96−0866.

This section is similar to a patient’s bill of rights. Sub. (1) (e) protects both patients and employees. An insurance policy providing coverage to a nursing home for personal injuries interfering with rights provided by a patient’s bill of rights was applicable to a wrongful discharge claim alleging interference with the plaintiff’s rights under sub. (1) (e). St. Paul Fire and Marine Insurance Co. v. Hausman, 231 Wis. 2d 23, 604 N.W.2d 908 (Ct. App. 1999), 99−1125.

50.08 Informed consent for psychotropic medications. (1) In this section:

(a) “Degenerative brain disorder” has the meaning given in s. 55.01 (1v).

(b) “Incapacitated” has the meaning given in s. 50.06 (1).

(c) “Person acting on behalf of the resident” means a guardian of the person, as defined in s. 54.01 (12), or a health care agent, as defined in s. 155.01 (4).

(d) “Psychotropic medication” means an antipsychotic, an antidepressant, lithium carbonate, or a tranquilizer.

(2) A physician, an advanced practice nurse prescriber certified under s. 441.16 (2), or a physician assistant licensed under ch. 448, who prescribes a psychotropic medication to a nursing home resident who has degenerative brain disorder shall notify the nursing home if the prescribed medication has a boxed warning under 21 CFR 201.57.

(3) (a) Except as provided in sub. (3m) or (4), before administering a psychotropic medication that has a boxed warning under 21 CFR 201.57 to a resident who has degenerative brain disorder, a nursing home shall obtain written informed consent from the resident or, if the resident is incapacitated, a person acting on behalf of the resident, on a form provided by the department under par. (b) or on a form that contains the same information as the form under par. (b).

(b) The department shall make available on its website or by mail multiple, drug−specific forms for obtaining informed consent under par. (a) for the administration of psychotropic medication that contain all of the following:

1. A space for a description of the benefits of the proposed treatment and the way the medication will be administered.

2. A description, using the most recently issued information from the federal food and drug administration, of the side effects or risks of side effects of the medication and any warnings about the medication.

3. A space for a description of any alternative treatment modes or medications.

4. A space for a description of the probable consequences of not receiving the medication.

5. A space for indicating the period for which the informed consent is effective, which shall be no longer than 15 months from the time the consent is given.

6. A statement that the resident or a person acting on behalf of the resident may withdraw informed consent, in writing, at any time.

7. A declaration that the resident or the person acting on behalf of the resident has been provided with specific, complete, and accurate information, and time to study the information or to seek additional information concerning the medication.

8. A space for the signature of the resident or the person acting on behalf of the resident.

(c) Written informed consent provided by a guardian is subject to s. 54.25 (2) (d) 2. ab. and ac.

(cm) If a health care agent is acting on behalf of a resident, the health care agent shall give informed consent in accordance with the desires of the resident as expressed in the power of attorney for health care instrument under ch. 155 or, if the resident’s desires are unknown, in accordance with s. 155.20 (5).

(d) Upon request, the nursing home shall give the resident, or a person acting on behalf of the resident, a copy of the completed informed consent form.

(e) Unless consent is withdrawn sooner, written informed consent obtained under this subsection is valid for the period specified on the informed consent form but not for longer than 15 months from the date the resident, or a person acting on behalf of the resident, signed the form.

(f) A resident, or a person acting on behalf of the resident, may withdraw consent, in writing, at any time.

(fm) At the time a resident, or a person acting on behalf of the resident, signs the informed consent form, the nursing home shall orally inform the resident, or the person acting on behalf of the resident, of all of the following:

1. That the resident, or the person on behalf of the resident, may withdraw consent, in writing, at any time.

2. That, unless consent is withdrawn sooner, the informed consent is valid for the period specified on the informed consent form or for 15 months from the date on which the resident, or the person acting on behalf of the resident, signs the form, whichever is shorter.

(g) No person may retaliate against or threaten to retaliate against a resident or person acting on behalf of a resident for refusing to provide or withdrawing consent.

(h) The nursing home shall use the most current written informed consent forms available from the department or shall update its own forms with the most current information about the medications available from the department.

(3m) A nursing home is not required to obtain written informed consent before administering a psychotropic medication to a resident under sub. (3) if the prescription for the psychotropic medication is written or reauthorized while the resident is off of the nursing home’s premises.

(4) (a) A nursing home is not required to obtain written informed consent before administering a psychotropic medication to a resident under sub. (3) if all of the following apply:

1. The resident is not the subject of a court order to administer psychotropic medications under s. 55.14.

2. There is an emergency in which a resident is at significant risk of physical or emotional harm or the resident puts others at significant risk of physical harm and in which time and distance preclude obtaining written informed consent before administering psychotropic medication.

3. A physician has determined that the resident or others will be harmed if the psychotropic medication is not administered before written informed consent is obtained.

(b) If par. (a) applies, the nursing home shall obtain oral consent from the resident or, if the resident is incapacitated, a person acting on behalf of the resident, before administering the psychotropic medication, except as provided in par. (c). The oral consent shall be entered in the resident’s medical record. The oral consent shall be valid for 10 days, after which time the nursing home may not continue to administer the psychotropic medication unless it has obtained written informed consent under sub. (3).

(c) If par. (a) applies, the resident is incapacitated, and the nursing home has made a good faith effort to obtain oral consent, under par. (b), of a person acting on behalf of the resident but has been unable to contact such a person, the nursing home may administer the psychotropic medication to the resident for up to 24 hours before obtaining consent under par. (a) or sub. (3).

(5) This section does not abridge any rights that a resident has under s. 51.61 (1) (g).

History: 2009 a. 281; 2017 a. 365 s. 112.
50.085 UNIFORM LICENSURE

In this section:

(a) “Adult child” means an individual who is at least 18 years of age and who is related to a resident biologically, through adoption, through the marriage or former marriage of the resident to the biological parent of the adult child, or by a judgment of parentage entered by a court of competent jurisdiction.

(b) “Family member” means any spouse, adult child, adult grandchild, parent, or sibling of a resident.

4. A community–based residential facility, as defined in s. 50.01 (1g).

5. Any home or other residential dwelling in which the resident is receiving care and services from any person.

(2) PETITION FOR VISITATION. If a family member is being denied visitation with a resident, the family member may petition a court to compel visitation with the resident. The court may not issue an order compelling visitation if the court finds any of the following:

(a) The resident, while having the capacity to evaluate and communicate decisions regarding visitation, expresses a desire to not have visitation with that family member.

(b) Visitation between the petitioning family member and the resident is not in the best interest of the resident.

(3) EXPEDITED HEARING. If the petition under sub. (2) states that the resident’s health is in significant decline or that the resident’s death may be imminent, the court shall conduct an emergency hearing on the petition under sub. (2) as soon as practicable and no later than 10 days after the date the petition is filed with the court.

(4) SANCTIONS; REMEDIES. Upon a motion or on the court’s own motion, if the court finds during a hearing on a petition under sub. (2) that a person is knowingly isolating a resident, the court shall order the person to pay court costs and reasonable attorney fees of the petitioner under sub. History: 2015 a. 343.

50.09 Rights of residents in certain facilities. (1) RESIDENTS’ RIGHTS. Every resident in a nursing home or community–based residential facility shall, except as provided in sub. (5), have the right to:

(a) Private and unrestricted communications with the resident’s family, physician, physician assistant, advanced practice nurse prescriber, attorney, and any other person, unless medically contraindicated as documented by the resident’s physician, physician assistant, or advanced practice nurse prescriber. Communications with public officials or with the resident’s attorney shall not be restricted in any event. The right to private and unrestricted communications shall include, but is not limited to, the right to:

1. Receive, send and mail sealed, unopened correspondence, and no resident’s incoming or outgoing correspondence shall be opened, delayed, held or censored.
2. Reasonable access to a telephone for private communications.
3. Opportunity for private visits.

(b) Present grievances on the resident’s own behalf or others to the facility’s staff or administrator, to public officials or to any other person without justifiable fear of reprisal, and to join with other residents or individuals within or outside of the facility to work for improvements in resident care.

(c) Manage the resident’s own financial affairs, including any personal allowances under federal or state programs, unless the resident delegates, in writing, such responsibility to the facility and the facility accepts the responsibility or unless the resident delegates to someone else of the resident’s choosing and that person accepts the responsibility. The resident shall receive, upon written request by the resident or guardian, a written monthly account of any financial transactions made by the facility under such a delegation of responsibility.

(d) Be fully informed, in writing, prior to or at the time of admission of all services included in the per diem rate, other services available, the charges for such services, and be informed, in writing, during the resident’s stay of any changes in services available or in charges for services.

(e) Be treated with courtesy, respect and full recognition of the resident’s dignity and individuality, by all employees of the facility and licensed, certified or registered providers of health care and pharmacists with whom the resident comes in contact.

(f) Physical and emotional privacy in treatment, living arrangements and in caring for personal needs, including, but not limited to:

1. Privacy for visits by spouse or domestic partner. If both spouses or both domestic partners under ch. 770 are residents of the same facility, the spouses or domestic partners shall be permitted to share a room unless medically contraindicated as documented by the resident’s physician, physician assistant, or advanced practice nurse prescriber in the resident’s medical record.

2. Privacy concerning health care. Case discussion, consultation, examination and treatment are confidential and shall be conducted discreetly. Persons not directly involved in the resident’s care shall require the resident’s permission to authorize their presence.

3. Confidentiality of health and personal records, and the right to approve or refuse their release to any individual outside the facility, except in the case of the resident’s transfer to another facility or as required by law or 3rd–party payment contracts and except as provided in s. 146.82 (2) and (3).

(g) Not to be required to perform services for the facility that are not included for therapeutic purposes in the resident’s plan of care.

(i) Retain and use personal clothing and effects and to retain, as space permits, other personal possessions in a reasonably secure manner.

(j) Be transferred or discharged, and be given reasonable advance notice of any planned transfer or discharge, and an explanation of the need for and alternatives to the transfer or discharge. The facility to which the resident is to be transferred must have accepted the resident for transfer, except in a medical emergency or if the transfer or discharge is for nonpayment of charges following a reasonable opportunity to pay a deficiency. No person may be involuntarily discharged for nonpayment under this paragraph if the person meets all of the following conditions:

1. He or she is in need of ongoing care and treatment and has not been accepted for ongoing care and treatment by another facility or through community support services.

2. The funding of his or her care in the nursing home or community–based residential facility under s. 49.45 (6m) is reduced or terminated because of one of the following:

(k) Be free from mental and physical abuse, and be free from chemical and physical restraints except as authorized in writing by a physician, physician assistant, or advanced practice nurse prescriber for a specified and limited period of time and documented in the resident’s medical record. Physical restraints may be used in an emergency when necessary to protect the resident from injury to himself or herself or others or to property. However, authorization for continuing use of the physical restraints shall be secured from a physician, physician assistant, or advanced practice nurse prescriber within 12 hours. Any use of physical restraints shall be noted in the resident’s medical records. “Physical restraints” includes, but is not limited to, any article, device, or garment that interferes with the free movement of the resident and that the resident is unable to remove easily, and confinement in a locked room.

(L) Receive adequate and appropriate care within the capacity of the facility.

(m) Use the licensed, certified or registered provider of health care and pharmacist of the resident’s choice.

(n) Be fully informed of the resident’s treatment and care and participate in the planning of the resident’s treatment and care.

(2) The department, in establishing standards for nursing homes and community–based residential facilities may establish, by rule, rights in addition to those specified in sub. (1) for residents in such facilities.

(3) If the resident is adjudicated incompetent in this state and not restored to legal capacity, the rights and responsibilities established under this section which the resident is not competent to exercise shall devolve upon the resident’s guardian.

(4) Each facility shall make available a copy of the rights and responsibilities established under this section and the facility’s rules to each resident and each resident’s legal representative, if any, at or prior to the time of admission to the facility, to each person who is a resident of the facility and to each member of the facility’s staff. The rights, responsibilities and rules shall be posted in a prominent place in each facility. Each facility shall prepare a written plan and provide appropriate staff training to implement each resident’s rights established under this section.

(5) Rights established under this section shall not, except as determined by the department of corrections, be applicable to residents in such facilities, if the resident is in the legal custody of the department of corrections and is a correctional client in such a facility.

(6) (a) Each facility shall establish a system of reviewing complaints and allegations of violations of residents’ rights established under this section. The facility shall designate a specific individual who, for the purposes of effectuating this section, shall report to the administrator.

(b) Allegations of violations of such rights by persons licensed, certified or registered under chs. 441, 446 to 450, 455 and 456 shall be promptly reported by the facility to the appropriate licensing, examining or affiliated credentialing board and to the person against whom the allegation has been made. Any employee of the facility and any person licensed, certified or registered under chs. 441, 446 to 450, 455 and 456 may also report such allegations to the board. Such board may make further investigation and take such disciplinary action, within the board’s statutory authority, as the case requires.

(c) No person who files a report as required in par. (b) or who participates, in good faith, in the review system established under par. (a) shall be liable for civil damages for such acts.

(d) The facility shall attach a statement, which summarizes complaints or allegations of violations of rights established under this section, to the report required under s. 50.03 (4) (c) 1. or 2. The statement shall contain the date of the complaint or allegation, the name of the persons involved, the disposition of the matter and the date of disposition. The department shall consider the statement in reviewing the report.

A resident’s right under sub. (1) (e) to be treated with respect is not waived by misbehavior. Hacker v. DHSS, 189 Wis. 2d 328, 525 N.W.2d 364 (Ct. App. 1994).

50.095 Resident’s right to know; nursing home reports. (1) Every resident in or prospective resident of a nursing home has the right to know certain information from the nursing home which would aid an individual in assessing the quality of care provided by a nursing home.

(2) The department may request from a nursing home information necessary for preparation of a report under sub. (3), and the nursing home, if so requested, shall provide the information.

(3) By July 1, 1998, and annually thereafter, the department shall provide each nursing home and the office of the long–term care ombudsman with a report that includes the following information for the nursing home:

(a) The ratio of nursing staff available to residents per shift at each skill level for the previous year for the nursing home, under criteria that the department shall promulgate as rules.

(b) The staff replacement rates for full–time and part–time nursing staff, nurse aides, and administrators for the previous year for the nursing home and for all similar nursing homes in the same geographical area, as determined by the department.

(c) Violations of statutes or rules by the nursing home during the previous year for the nursing home and for all similar nursing homes in the same geographical area, as determined by the department.

(3m) The department shall prepare a simplified summary of the information required under sub. (3) (am) to (c), as specified by rule by the department. The summary shall be on one sheet of paper and shall be in language that is easily understood by laypersons. The summary shall state that a complete copy of the most recent report of inspection of the nursing home is available from the department, upon request, for a minimal fee.

(4) Upon receipt of a report under sub. (3), the nursing home shall make the report available to any person requesting the report. Upon receipt of a summary under sub. (3m), the nursing home shall provide a copy of the summary to every resident of the nursing home and his or her guardian, if any, to every prospective resident of the nursing home, if any, and to every person who accompanies a prospective resident or acts as the prospective resident’s representative, as defined in s. 655.001 (12), if any.

50.097 Registry. Any person may receive, upon specific written request to the department, requested information that is contained in the registry of individuals under s. 146.40 (4g) (a). History: 1989 a. 31; 1991 a. 39; 2007 a. 153.

50.098 Appeals of transfers or discharges. The department shall promulgate rules establishing a fair mechanism for hearing appeals on transfers and discharges of residents from nursing homes.

History: 1989 a. 31.

50.10 Private cause of action. (1) Any person residing in a nursing home has an independent cause of action to correct conditions in the nursing home or acts or omissions by the nursing home or by the department, that:
(a) The person alleges violate this subchapter or rules promulgated under this subchapter; and
(b) The person alleges are foreseeably related to impairing the person’s health, safety, personal care, rights or welfare.

(2) Actions under this section are for mandamus against the department or for injunctive relief against either the nursing home or the department.

History: 1981 c. 121, 391.
This section applies only to residents of a nursing home, which is different from a community-based residential facility. Residents of community-based residential facilities do not have a private cause of action for statutory or administrative code violations. Farr v. An individual seeking treatment for which a claim is submitted to an insurance company may pay to the pain clinic any insurance copayment, coinsurance, or deductible with cash or another payment method that is not traceable.

(4) Direct dispensing. A pain clinic may not directly dispense, as defined in s. 450.01 (7), a monitored prescription drug, as defined in s. 961.385 (1) (ag), that is administered orally, unless any of the following are true:

An initial licensing fee is $300, except that, for a hospice that is a nonprofit corporation and that is served entirely by uncompensated volunteers or employs persons in not more than 1.5 positions at 40 hours of employment per week, the initial licensing fee is $25. The annual fee thereafter is an amount equal to 0.15 percent of the net annual income of the hospice, based on the most recent annual report of the hospice under sub. (3m), or $200, whichever is greater, and if the amount equal to 0.15 percent of the net annual income of the hospice is greater than $1,000, the fee is $1,000, except that for a hospice that is a nonprofit corporation and that is served entirely by uncompensated volunteers or employs persons in not more than 1.5 positions at 40 hours of employment per week, the initial annual fee is $10. The amount of the provisional licensing fee shall be established under s. 50.95 (2). The initial licensing fee for a hospice, including the initial licensing fee for a hospice that is a nonprofit corporation and that is served entirely by uncompensated volunteers or employs persons in not more than 1.5 positions at 40 hours of employment per week, issued after September 1 may be prorated.

(c) Any license granted under special limitations prescribed by the department shall state the limitations.

(3) Provisional License. If the applicant has not been previously licensed under this subchapter or if the hospice is not in operation at the time that application is made, the department may issue a provisional license. Unless sooner suspended or revoked under sub. (4), a provisional license shall be valid for 24 months from the date of issuance. Within 30 days prior to the termination of a provisional license, the department shall fully and completely inspect the hospice and, if the hospice meets the applicable requirements for licensure, shall issue a regular license under sub. (2). If the department finds that the hospice does not meet the requirements for licensure, the department may not issue a regular license under sub. (2).

(3m) Reporting. Every 12 months, on a schedule determined by the department, a licensed hospice shall submit an annual report in the form and containing the information that the department requires, including payment of the fee required under sub. (1) (c), evidence of current certification as meeting the conditions for Medicare participation under 42 USC 1395 to 1395ccc and evidence of current compliance with the hospice requirements of the Joint Commission for the accreditation of health organizations. (4) Suspension and Revocation. (a) The department, after notice to the applicant or licensee, may suspend or revoke a license in any case in which the department finds that there has been a substantial failure to comply with the requirements of this subchapter or the rules promulgated under this subchapter. No state or federal funds passing through the state treasury may be paid to a hospice not having a valid license issued under this section.

(b) Notice under this subsection shall include a clear and concise statement of the violations on which the revocation is based, the statute or rule violated and notice of the opportunity for an evidentiary hearing under par. (c).

(c) If a hospice desires to contest the revocation of a license, the hospice shall, within 10 days after receipt of notice under par. (b), notify the department in writing of its request for a hearing under s. 227.44.

(d) 1. Subject to s. 227.51 (3), revocation shall become effective on the date set by the department in the notice of revocation, or upon final action after hearing under ch. 227, or after court action if a stay is granted under ch. 227, whichever is later.

2. The department may extend the effective date of license revocation in any case in order to permit orderly removal and relocation of individuals served by the hospice.

(5) Inspection Fee. If the department takes enforcement action against a hospice for a violation of this subchapter or rules promulgated under this subchapter, and the department subsequently conducts an on-site inspection of the hospice to review the hospice’s action to correct the violation, the department may impose a $200 inspection fee on the hospice.
