62.05 CITIES

(2) Population of cities shall be determined by the last federal census, including a special federal census taken of such city, except in newly incorporated cities when a census is taken as provided by law. Cities shall pass from one class to another when such census shows that the change in population so requires, when provisions for any necessary changes in government are duly made, and when a proclamation of the mayor, declaring the fact, is published according to law.

History: 1985 c. 225; 1997 a. 35.

Cross-reference: See s. 990.001 (15), which provides that "If a statute refers to a class of city specified under s. 62.05 (1), such reference does not include any city with a population which makes the city eligible to be in that class unless the city has taken the actions necessary to pass into the class under s. 62.05 (2)."

62.071 Annexations to cities of the first class. (1) Except as provided in subs. (3) and (4), no petition for annexation to a city operating its schools under ch. 119 shall be considered which will result in detachment of more than 20 percent of the equalized value of a school district. Upon receipt of a petition for annexation the city clerk shall determine in the following manner whether the proposed annexation will result in such detachment. The equalized value of the school district shall be determined as of the date of filing the petition for annexation. The city clerk shall add to the equalized value of the territory proposed to be annexed, as of the date of filing the petition for annexation, the equalized value as of the date of such detachment of any territory detached within the 3 years previous to the filing of the annexation petition from the district in any manner, and the city clerk shall certify a copy of his or her determination to the school district clerk and the secretary of the school district boundary appeal board. If the total of such value exceeds 20 percent of the equalized value of the district as of the date of filing the annexation petition, the proposed annexation shall not occur except as provided in subs. (3) and (4). All equalized values shall be determined by the department of revenue upon application by the city clerk. When more than one school district is involved in a proposed annexation, a separate determination shall be made for each district involved.

(2) If the common council wishes to consider the annexation petition, it shall direct the city clerk to notify the clerk of each school district concerned and the secretary of the school district boundary appeal board that a petition for annexation, which will result in detachment of more than 20 percent of a school district, has been filed. Such notice shall be in writing and shall describe the territory proposed to be annexed and name the school district or districts from which it will be detached.

(3) If the area to be annexed by such proposal includes more than 20 percent of the equalized valuation of a district, as determined by sub. (1), then the electors residing in the remainder of such school district not included in the annexation petition shall be afforded an opportunity to determine whether such remaining area of the district shall be included with the area proposed to be annexed in the following manner. The school district clerk shall, within 20 days of receipt of the report from the city clerk, call a special meeting of the district according to s. 120.08 (2) for the purpose of voting on the question: "Shall the remainder of .... School District No. .... of the .... be included in the territory and petition for annexation to the City of ....?".

YES ☐ NO ☐

If the referendum at the special district meeting is decided in the affirmative, such remaining school district area shall be included within the coverage of the description in the annexation proposal and the annexation petition shall thereupon, without further notice, be considered amended to include all territory of the school district and s. 66.0217 shall be complied with for the entire area.

(4) If the vote at the school district referendum is negative, the annexation proceedings on the original petition may continue in the same manner as if less than 20 percent of the district had been involved in the original petition.

History: 1975 c. 200; 1983 a. 27; 1983 a. 275 s. 15 (2); 1999 a. 150 s. 672; 2009 a. 177.
to the town or towns the area, if the facts required by the subsections are proved by a preponderance of the evidence. If the facts are not so proved, the petition shall be dismissed. In the event of a contest, costs may be awarded to the successful party.

(5) NOTICE OF ENTRY OF JUDGMENT. UPON WHOM SERVED. A certified copy of every such order shall be filed with the town and city clerk and with the county clerk and 4 copies with the secretary of administration. The secretary of administration shall forward 2 copies to the department of transportation and one copy to the department of revenue.

62.08 Alteration of aldermanic districts. (1) Within 60 days after the wards have been readjusted under s. 5.15 (1) and (2) the common council of every city, including every 1st class city, shall redistrict the boundaries of its aldermanic districts, by an ordinance introduced at a regular meeting of the council, published as a class 2 notice, under ch. 985, and thereafter adopted by a majority vote of all the members of the council, so that all aldermanic districts are as compact in area as possible and contain, as nearly as practicable by combining contiguous whole wards, an equal number of inhabitants according to the most recent decennial federal census of population. Territory within each aldermanic district to be created under the plan shall be contiguous, except that territory within the city that is wholly surrounded by another city or water, or both, may be combined with noncontiguous territory, or island territory, as defined in s. 5.15 (2) (f) 3., may be combined with noncontiguous territory within the same municipality to form an aldermanic district. The aldermanic district plan shall not include provision for division of any census block unless the block is bisected by a municipal boundary or the division is made as required under s. 5.15 (2) (c). The populations of the aldermanic districts shall be determined on the basis of the federal decennial census and any official corrections to the census to reflect the correct populations of the municipality and the blocks within the municipality on April 1 of the year of the census, if the corrections are issued prior to division of the municipality into wards under s. 5.15. Within 60 days after enactment or adoption of a revised division ordinance or resolution under s. 5.15 (4) (a), the common council shall amend the aldermanic district plan to reflect the renumbering of the wards specified in the plan.

(2) If territory becomes a part of any city after April 1 of the year of the federal decennial census, the limitations of s. 5.15 relating to population or area do not apply to the creation of new wards in the attached territory, or to the addition of the territory to an existing ward, but no ward line adjustment may cross the boundary of a congressional, assembly, or supervisory district.

(3) Whenever the boundaries of aldermanic districts are altered, or new aldermanic districts created, every aldermanic district or ward officer residing within the territory of a new or altered aldermanic district shall hold the same respective office therein for the remainder of the officer’s term; and all other vacancies shall be filled as provided by law for the filling of such vacancies.

(4) The common council of any city may, by a two-thirds vote of all its members but not more frequently than once in 2 years, increase or decrease the number of aldermanic districts or the number of members of the city council, and in that case shall redistrict, readjust and change the boundaries of aldermanic districts, so that they are as nearly in population according to the most recent city-wide federal census as practicable by combining contiguous whole wards. In redistricting such cities the original numbers of the aldermanic districts in their geographic outlines shall as far as possible be retained, and the aldermanic districts so created and those the boundaries of which are changed shall be in as compact form as possible. This subsection does not apply to changes in aldermanic districts authorized under sub. (4m).

(4m) If in a city that is solely contained within one county the aldermanic districts are coterminous with the supervisory districts of the county and the county board decreases the number of supervisors in the county after enactment of a redistricting plan under s. 59.10 (3) (cm), the common council of the city may, by a majority vote of all of the members of the council, no later than November 15 immediately preceding the expiration of the terms of office of members of the council, decrease the number of aldermanic districts and the corresponding number of members of the council in the city to maintain coterminous boundaries between the aldermanic and supervisory districts and may change the expiration date of the term of any council member to an earlier date than the date provided under the current ordinance if required to implement the redistricting or to maintain classes of members. Any amended aldermanic district plan that is adopted under this subsection is subject to the same procedures and requirements that apply to decennial plans adopted under sub. (1).

(5) If a city fails to comply with sub. (1), any elector of the city may submit to the circuit court for any county in which the city is located within 14 days from the expiration of the 60−day period under sub. (1) a proposed plan for creation of aldermanic districts in compliance with this section. If the court finds that the existing division of the city into aldermanic districts fails to comply with this section, it shall review the plan submitted by the petitioner and on reasonable notice to the city may promulgate the plan, or any other plan in compliance with this section, as a temporary aldermanic district plan until superseded by a districting plan adopted by the council in compliance with this section.

If the board determines that the charges are sustained, the accused, by order of the board, may be suspended or reduced in rank, or suspended and reduced in rank, or removed, as the good of the service may require.

(em) No subordinate may be suspended, reduced in rank, suspended and reduced in rank, or removed by the board under par. Within 5 days after receiving written notice of the appeal, the board shall certify to the clerk of the circuit court the record of the proceeding, including all documents, testimony and minutes. The action shall then be at issue and shall have precedence over any other cause of a different nature pending in the court, which shall always be open to the trial thereof. The court shall upon application of the accused or of the board fix a date of trial, which shall not be later than 15 days after such application except by agreement. The trial shall be by the court and upon the return of the board, except that the court may require further return or the taking and return of further evidence by the board. The question to be determined by the court shall be: Upon the evidence is there just cause, as described under par. (em), to sustain the charges against the accused? No costs shall be allowed either party and the clerk’s fees shall be paid by the city. If the order of the board is sustained it shall be final and conclusive.

(j) The provisions of pars. (a) to (i) shall apply to disciplinary actions against the chiefs where applicable. In addition thereto, the board may suspend a chief pending disposition of charges filed by the board or by the mayor of the city.

The provisions of this subsection apply to a person designated as primarily a fire fighter who is employed by a police department, as described in sub. (2e).

In cities of the 2nd class the commissioners shall be appointed by the mayor and confirmed by the council at their first regular meeting or as soon thereafter as may be. The members of the first board shall hold their offices, 1, 2 and 3 years, respectively, and thereafter for 3 years or until their successors are qualified. In all other cities the board shall consist of the city attorney, city comptroller and city engineer. The council, by a two-thirds vote, may determine that the board of public works shall consist of other public officers or persons and that no provisions hereinof shall be construed to prevent the council from so doing, provided, however, that the officers or persons so employed shall be paid for their services.
(3) COMPENSATION. The commissioners of public works in cities of the second class shall receive a salary, but in all other cities the salaries of the attorney, comptroller and engineer respectively shall be in full for their services as members of such board.

(4) RULES FOR, BY COUNCIL. The council may make such rules as the council deems proper, not contravening this subchapter, for the government of the board of public works and the manner in which the business of said board shall be conducted.

(5) QUORUM; RECORD; REPORT. A majority of the board shall constitute a quorum for doing business. They shall keep a record of all their proceedings, which shall be open at all reasonable times to the inspection of any elector of such city, and shall make a report to the council on or before the first day of March in each year, and oftener if required.

(6) DUTIES AND POWERS. (a) In general. It shall be the duty of the board, under the direction of the council, to superintend all public works and keep the streets, alleys, sewers and public works and places in repair.

(b) Unusual use of streets. No building shall be moved through the streets without a written permit therefor granted by the board of public works, except in cities where the council shall, by ordinance authorize some other officer or officers to issue a permit therefor; said board shall determine the time and manner of using the streets for laying or changing water or gas pipes, or placing and maintaining electric light, telegraph and telephone poles therein; provided, that its decision in this regard may be reviewed by the council.

(c) Restoring streets. In case any corporation or individual shall neglect to repair or restore to its former condition any street, alley or sidewalk excavated, altered or taken up, within the time and in the manner directed by the board, said board shall cause the same to be done at the expense of said corporation or individual. History: 1977 c. 151; 1991 a. 316.

62.15 Public works. (1) CONTRACTS. How let; exception for donated materials and labor. All public construction, the estimated cost of which exceeds $25,000, shall be let by contract to the lowest responsible bidder; all other public construction shall be let as the council may direct. If the estimated cost of any public construction exceeds $5,000 but is not greater than $25,000, the board of public works shall give a class 1 notice, under ch. 985, of the proposed construction before the contract for the construction is executed. This provision does not apply to public construction if the materials for such a project are donated or if the labor for such a project is provided by volunteers. The council may also by a vote of three-fourths of all the members—elect provide by ordinance that any class of public construction or any part thereof may be done directly by the city without submitting the same for bids.

(1a) ESCALATOR CLAUSES. Contracts may include escalator clauses providing for additional charges for labor and materials if as a result of general inflation the rates and prices of the same to the contractor increase during performance of the contract. Such escalator provision shall be applicable to all bidders and shall not exceed 15 percent of the amount of the firm bid nor the amount of the increase paid by the contractor. Each bid on a contract that is to include an escalator provision shall be accompanied by a schedule enumerating the estimated rates and prices of items of labor and materials used in arriving at the bid. Only as to such items as are enumerated shall an increased charge be allowed the contractor.

(1b) EXCEPTION AS TO PUBLIC EMERGENCY. The provisions of sub. (1) and s. 281.41 are not mandatory for the repair and reconstruction of public facilities when damage or threatened damage thereto creates an emergency, as determined by resolution of the board of public works or board of public utility commissioners, in which the public health or welfare of the city is endangered. Whenever the city council determines by majority vote at a regular or special meeting that an emergency no longer exists, this subsection no longer applies.

(1c) INCREASED QUANTITY CLAUSES. Contracts may include clauses providing for increasing the quantity of construction required in the original contract by an amount not to exceed 15 percent of the original contract price.

(1d) LIMITATION ON HIGHWAY WORK PERFORMED BY A COUNTY. Notwithstanding ss. 66.0131, 66.0301, and 83.035, a city having a population of 5,000 or more may not have a highway improvement project performed by a county workforce except as provided under s. 86.31 (2) (b).

(1e) DONATED IMPROVEMENT. Subsection (1) does not apply to the construction by a private person of an improvement that is donated to the city after the completion of construction.

(2) PLANS; CONTRACT; BOND. When the work is required or directed to be let to the lowest responsible bidder, the board of public works shall prepare plans and specifications for the same, containing a description of the work, the materials to be used and such other matters as will give an intelligent idea of the work required and file the same with the city clerk for the inspection of bidders, and shall also prepare a form of contract and bond with sureties required, and furnish a copy of the same to all persons desiring to bid on the work.

(3) ADVERTISEMENT FOR BIDS. After the plans, specifications and form of contract have been prepared, the board of public works shall advertise for proposals for doing such work by publishing a class 2 notice, under ch. 985. No bid shall be received unless accompanied by a certified check or a bid bond, each equal to at least 5 percent but not more than 10 percent of the bid payable to the city as a guaranty that if the bid is accepted the bidder will execute and file the proper contract and bond within the time limited by the city. If the successful bidder so files the contract and bond, upon the execution of the contract by the city the check shall be returned. In case the successful bidder fails to file such contract and bond the amount of the check or bid bond shall be forfeited to the city as liquidated damages. The notice published shall inform bidders of this requirement.

(4) SURETIES; JUSTIFICATION. The sureties shall justify as to their responsibility and by their several affidavits show that they are worth in the aggregate at least the amount mentioned in the contract in property not by law exempt from execution. A certified check in amount equal to 5 percent of the bid, and a provision in the contract for the retention by the city of 20 percent of the estimates made from time to time may be accepted in place of sureties.

(4m) SUBSTANTIAL COMPLIANCE. If any certified check or bid bond is in substantial compliance with the minimum guaranty requirements of subs. (3) or (4), the letting authority may, in its discretion, accept such check or bid bond and allow such bidder 30 days to furnish such additional guaranty as may be required by said authority. Substantial compliance hereunder may be found if said check or bond is insufficient by not more than one-fourth of one percent of the bid.
(5) REJECTION OF BIDS; PERFORMANCE OF WORK BY CITY. (a) Unless the power has been expressly waived, the city may reject any bid. The board of public works may reject any bid, if, in its opinion, any combination has been entered into to prevent free competition.

(b) If the council finds that any of the bids are fraudulent, collusive, excessive, or against the best interests of the city, it may, by resolution adopted by two-thirds of its members, reject any bids received and order the work done directly by the city under the supervision of the board of public works.

(c) If a city performs any work under par. (b), it may secure all necessary materials to perform the work.

(d) The city shall collect the cost of all work performed under par. (b) in the same manner as if done by any other person under contract with the city and may, subject to par. (e), defray such costs by special assessment.

(e) If the city imposes a special assessment under par. (d), it may not assess against any property an amount that is greater than would have been assessed against the property had the lowest bid received under this section been accepted. The city shall bear any costs in excess of that bid.

(6) INCOMPETENT BIDDERS. Whenever any bidder shall be, in the judgment of said board, incompetent or otherwise unreliable for the performance of the work on which the bidder bids, the board shall report to the council a schedule of all the bids for such work, together with a recommendation to accept the bid of the lowest responsible bidder, with their reasons; and thereafter the council may direct said board either to let the work to such competent and reliable bidder or to readvertise the same; and the failure to let such contract to the lowest bidder in compliance with this provision shall not invalidate such contract or any special assessment made to pay the liability incurred thereunder.

(7) PATENTED MATERIAL OR PROCESS. Any public work, whether chargeable in whole or in part to the city, or to any lot or lots or parcels of land therein, may be done by the use of a patented article, materials or process, in whole or in part, or in combination with articles, materials, or processes not patented, when the city shall have obtained from the owner of the patented article, materials or process, before advertising for bids for such work, an agreement to furnish to any contractor, desiring to bid upon such work as a whole, the right to use the patented article, materials and processes in the construction of said work, and also to furnish to any contractor the patented article itself upon the payment of what the contractor may reasonably charge therefor, which price shall be publicly stated and furnished upon application to any contractor desiring to bid on said work.

(8) ALTERNATIVE PLANS AND SPECIFICATIONS. Different plans and specifications for any public work may be prepared by the proper authorities requiring the use of different kinds of materials, whether patented or not, thereby bringing one kind of article, material or process in competition with one or more other kinds of articles, materials or processes designed to accomplish the same general purpose, and bids received for each such kind of article, material or process, and thereafter a contract let for one kind of article, material or process; provided, that before any contract is let all the bids received shall be opened, and thereafter the kind of article or process to be used in such work shall be decided upon by the proper city authorities, and thereupon the proper city authorities shall first determine which kind of article, material or process shall be used in the work, and the contract shall be let to the lowest responsible bidder for the kind of article, material or process so selected for use in the proposed public work.

(9) GUARANTEE. (a) Any contract for doing public work may contain a provision requiring the contractor to keep the work done under the contract in good order or repair for not to exceed 5 years.

(b) The inclusion in the contract of a provision described in par. (a) shall not invalidate any special assessment or certificate thereof or tax certificate based thereon.

(10) ESTIMATES; DEPOSIT; DEFAULT; COMPLETION. As the work progresses under any contract for the performance of which a surety bond has been furnished, s. 66.0901 (9) (b) shall apply. All contracts shall contain a provision authorizing such board, in case the work under any contract is defaulted or not completed within the time required, to take charge of or authorize the surety to take charge of the work and finish it at the expense of the contractor and the sureties, and to apply the amounts retained from estimates to the completion of the work. In no case shall the 5 percent deposit described in sub. (4) be returned to a successful bidder until the contract is performed; but it, together with the retained amounts, shall be used in whole or in part to complete the work. Any amount remaining from the deposit or from retained estimates after the completion of a contract shall be paid to the contractor.

(11) STREET OBSTRUCTION. All contractors doing any work which shall in any manner obstruct the streets or sidewalks shall put up and maintain barriers conforming to the standards for traffic control devices in the manual adopted by the department of transportation under s. 84.02 (4) (e) to prevent accidents, and be liable for all damages caused by failure so to do. All contractors shall contain a provision covering this liability, and also a provision making the contractor liable for all damages caused by the negligent digging up of streets, alleys or public grounds, or which may result from the contractor’s carelessness in the prosecution of such work.

(12) CONTRACTS, HOW EXECUTED. All contracts shall be signed by the mayor and clerk, unless otherwise provided by resolution or ordinance, and approved as to form by the city attorney. No contract shall be executed on the part of the city until the comptroller shall have countersigned the same and made an endorsement thereon showing that sufficient funds are in the treasury to meet the expense thereof, or that provision has been made to pay the liability that will accrue thereunder.

(14) REPORT TO COUNCIL OF NONBID CONTRACTS. (a) Whenever the council of any city shall have provided by ordinance that any class of public work or any part thereof may be done directly by the city without submitting the same for bids as provided in sub. (1), and the public work shall be done in accordance with the ordinance, the board of public works shall keep an accurate account of the cost of the public work, including the necessary overhead expense.

(b) Upon the completion of the work described in par. (a), the board of public works shall make a complete report of the work to the council, stating in detail the items of cost and the total cost of doing the work. The city clerk shall publish the report as a part of the proceedings of the council.

(c) Any member of the board of public works who fails to comply with the provisions of this subsection shall be liable to a forfeiture of $50 to be recovered as in the case of other penalties.

When work has been performed for a municipality under a contract that is void or unenforceable, a cause of action for unjust enrichment can be maintained with damages limited to the actual cost to the plaintiff and not exceeding the unit cost of the original contract; any recovery being limited to the value of the actual benefit conferred.

When a contract establishes a “unit price” for work done, with only an estimate of the total, excess work may be paid for without regard to the 15 percent limitation in sub. (1). If, on completion, the municipality finds that the contractor did not use the highest quality materials or the most skilled labor, liquidated damages may be assessed against the property had the lowest bid received under this section been accepted. The city shall bear any costs in excess of that bid.

A mayor may not veto council action or inaction on public works contracts. smoothly.

62.155 Acquisition of facilities without bids. 62.16 Street grades; service pipes. (1) GRADE. (a) Establishment; damage. The council shall have authority to establish the grade of all streets and alleys in the city, and to change and reestablish the same as it deems expedient. Whenever it changes or alters the permanently established grade of any street any person thereby sustaining damages to that person’s property on the affected street may have such damages set off against any special assessment levied against the person’s property for any public improvement made in conjunction with such grade change or may maintain an action to recover such damages.

(b) 1. In this paragraph:
   a. “Company” has the meaning given in s. 76.02.
   b. “Operating real property” does not include poles, towers, wires, equipment, mains, lines, tracks and other service structures located within the limits of public highways or constructed and maintained on private rights-of-way, and conduits, cables, devices, equipment and other facilities located upon or in the operating real property.

2. The tax under par. (a) is declared to be a special tax for local improvement, as defined in s. 76.23. When any company owns operating real property within a sewer district described in par. (a), the assessor in the sewer district shall determine the value of the operating real property of all companies located within the district. The value of the operating real property shall be determined on the same basis as is the value of other real property subject to the special tax. The valuation of the operating real property shall be placed upon the tax roll for the purposes of the special tax only. The tax so assessed to the companies owning operating real property within the district shall be collected as other special sewer district taxes of the district are collected.

62.185 Sewer district bonds. Whenever a city is divided into sewer districts, bonds may be issued against any such district for the purpose of paying the district’s portion of any sewer. Said bonds shall be issued in the manner authorized and provided by ch. 67. Such bonds shall not be a general city obligation but shall be payable both as to principal and interest, solely out of the special sewer district tax provided by s. 62.18 (16). Any bonds here-tofore authorized to be issued in accordance with this section shall be legal, valid and binding, to the same extent as if such district, at the time of authorizing such bonds, had the power to issue the same.
62.19 Water and heat pipe extensions. The expense of laying water and heat mains which are extensions to mains of a private utility under written contract with a city to lay or extend mains on order of the council, shall be defrayed by the city at large, or by the abutting property as the council determines.

62.22 Acquiring property; opening or changing streets. (1) PURPOSES. (a) Except as provided in par. (b), the governing body of any city may by gift, purchase or condemnation acquire property, real or personal, within or without the city, for parks, recreation, water systems, sewage or waste disposal, airports or approaches thereto, cemeteries, vehicle parking areas, and for any other public purpose; may acquire real property within or contiguous to the city, by means other than condemnation, and for any other public purpose; may acquire real property by gift outside the city boundaries for industrial sites; may acquire real property by gift, purchase or condemnation for the purpose of donating, conveying, selling or leasing the same to nonprofit private corporations for public purposes; or may sell and convey such property. The power of condemnation for any such purpose shall be as provided by s. 32.32.

(b) The governing body of any city may not use the power of condemnation to acquire property for the purpose of establishing or extending a recreational trail; a bicycle way, as defined in s. 340.01 (5s); a bicycle lane, as defined in s. 340.01 (5e); or a pedestrian way, as defined in s. 346.02 (8) (a).

(1e) CERTAIN INDUSTRIAL SITES. The governing body of a 2nd class city which is adjacent to Lake Michigan and which is located in a county with a population of less than 110,000, according to the most recent estimate by the department of administration, may acquire real property by gift outside the city boundaries for industrial sites; may improve and beautify the same; may construct, own, lease and maintain buildings on such property for public purposes; and may sell and convey such property.

(1m) ACQUISITION OF EASEMENTS AND LIMITED PROPERTY INTERESTS. Confirming all powers granted to it and in furtherance thereof, the governing body of any city is expressly authorized to acquire by gift, purchase or condemnation under ch. 32 any and all property rights in lands or waters, including rights of access and use, negative or positive easements, restrictive covenants, covenants running with the land, scenic easements and any rights for use of property of any nature whatsoever, however denominated, which may be lawfully acquired for the benefit of the public or for any public purpose, including the exercise of powers granted under s. 62.23; and may sell and convey such easements or property rights when no longer needed for public use or protection.

(2) DONATION OF PROPERTY TO NONPROFIT PRIVATE CORPORATIONS. The governing body of any city may donate, convey, sell or lease property owned by such city to any nonprofit private corporation for public purposes and may acquire property for the purpose of donating, conveying, selling or leasing the same to nonprofit private corporations for public purposes.

(3) RIPARIAN RIGHTS. The city may by gift, purchase or condemnation take, injure or destroy any riparian rights or privileges appurtenant to land abutting upon Lake Michigan whenever it shall become necessary for the proper construction and use of any highway, street, boulevard, park or other public improvement without taking the lands or any portion thereof to which said riparian rights are appurtenant.

(4) PROCEDURE. (a) Petition to open streets. As to streets it shall be competent for any 10 resident freeholders in any aldermanic district to petition the council for the opening, widening, extension or change of any street in such aldermanic district, and if the land proposed to be taken for that purpose shall lie in 2 or more aldermanic districts, then 10 resident freeholders of each of the aldermanic districts shall be required to join in the petition. Such petition shall be addressed to the council and shall designate in general terms the location, extent of the proposed laying out, widening, extension or change, but need not contain a particular description of the land proposed to be taken. For the purposes of such petition a person in possession of land under a contract of purchase and sale or a bond for a deed shall be deemed a freeholder.

(b) Petition as to alleys. As to alleys, a petition for the opening, widening, extension or change of an alley may be made to the council by the owner or owners of one-third or more of the land in the block in which the alley or proposed alley is situated, whether such owner or owners shall be residents of the city or not. Land held under a land contract or bond for a deed shall, for the purpose of such petition, be deemed to be owned by the person so holding it; infants and others under guardianship may petition by their guardians.

(c) Action on. When the petition shall be presented to the council, it shall be referred to the board of public works, and said board shall make a report to the council stating whether or not such petition is sufficiently signed, and if so, giving a particular description of each lot, parcel or subdivision of land proposed to be taken, and a plat of the proposed alley or street, widening, extension or change. Upon the coming in of such report the council may, if the petition be reported sufficiently signed, by a vote of a majority of its members adopt a resolution declaring that it is necessary to condemn the land designated in such petition and report, referring to said report, for the purpose named in the petition, and direct the city attorney to commence and prosecute condemnation proceedings. Such petition shall, before any resolution upon it shall be adopted, be referred to the board of public works, who shall thereupon make a report to the council stating whether or not it is sufficiently signed, and if so, giving a particular description of each lot, parcel or subdivision of land proposed to be taken, and a plat of the proposed alley as the same will be when laid out, widened, extended or changed. Upon the coming in of such report, if it shall appear thereby that the petition is signed by the owner or owners of one-third or more of the land in the block, the council may adopt a resolution by a vote of a majority of its members, the same as in the case of a petition for the opening, widening, extension or change of a street, and like proceedings shall be had thereon. If it shall afterwards appear that the petition was not sufficiently signed, that fact shall not, in the absence of fraud, vitiate the petition or the subsequent proceedings thereon.

(d) Proceedings without petition. The council may, without a petition, by resolution declare it necessary to condemn land, describing it, for any authorized purpose, and direct the city attorney to prosecute condemnation proceedings therefor. If the purpose is the opening, widening, extension, or change of a street or alley, the resolution must be adopted by a vote of four-fifths of all the members. Before adopting the resolution it shall be referred to the board of public works, who shall make a particular description of each lot, parcel or subdivision of land proposed to be taken, and a plat of the proposed street or alley, drain or water pipe, or land to be used for other authorized purposes, and report the same to the council.

(e) Abandoned portion vacated. When a street or alley shall be changed by proceedings under this section so much of the original street or alley as shall be left out of it as changed shall be deemed vacated without any other proceeding, and the fact of such vacation shall be taken into account in assessing benefits and damages by reason of the condemnation proceedings.

62.225 Recycling or resource recovery facilities. A city may establish and require use of facilities for the recycling of solid waste or for the recovery of resources from solid waste as provided under s. 287.13.

CITIES 62.225
62.23 City planning. (1) Commission. (a) The council of any city may by ordinance create a “City Plan Commission,” to consist of 7 members. The commission shall also include, as a nonvoting member, a representative from a military base or installation, with at least 200 assigned military personnel or that contains at least 2,000 acres, that is located in the city, if the base’s or installation’s commanding officer appoints such a representative. All members of the commission, other than the representative appointed by the commanding officer of a military base or installation, shall be appointed by the mayor, who shall also choose the presiding officer. The mayor may appoint himself or herself to the commission and may appoint other city elected or appointed officials, except that the commission shall always have at least 3 citizen members who are not city officials. Citizen members shall be persons of recognized experience and qualifications. The council may by ordinance provide that the membership of the commission shall be as provided hereunder.

(b) The members of the commission shall be appointed to hold office for a period of 3 years. Appointments shall be made by the mayor during the month of April for terms that expire in April or at any other time if a vacancy occurs during the middle of a term.

(e) The city plan commission shall have power and authority to employ experts and a staff, and to pay for their services and such other expenses as may be necessary and proper, not exceeding, in all, the appropriation that may be made for such commission by the legislative body, or placed at its disposal through gift, and subject to any ordinance or resolution enacted by the governing body.

(f) Any city may by ordinance increase the number of members of the city plan commission so as to provide that the building commissioner or building inspector shall serve as a member thereof.

(2) Functions. It shall be the function and duty of the commission to make and adopt a master plan for the physical development of the city, including any areas outside of its boundaries that in the commission’s judgment bear relation to the development of the city provided, however, that in any county where a regional planning department has been established, areas outside the boundaries of a city may not be included in the master plan without the consent of the county board of supervisors. The master plan, with the accompanying maps, plats, charts, and descriptive and explanatory matter, shall show the commission’s recommendations for such physical development, and shall, as described in sub. (3) (b), contain at least the elements described in s. 66.1001 (2). The commission may from time to time amend, extend, or add to the master plan or carry any part or subject matter into greater detail. The commission may adopt rules for the transaction of business and shall keep a record of its resolutions, transactions, findings, and determinations, which record shall be a public record.

(3) The Master Plan. (a) The master plan shall be made with the general purpose of guiding and accomplishing a coordinated, adjusted and harmonious development of the municipality which will, in accordance with existing and future needs, best promote public health, safety, morals, order, convenience, prosperity or the general welfare, as well as efficiency and economy in the process of development.

(b) The commission may adopt the master plan as a whole by a single resolution, or, as the work of making the whole master plan progresses, may from time to time by resolution adopt a part or parts of a master plan. Beginning on January 1, 2010, or, if the city is exempt under s. 66.1001 (3m), the date under s. 66.1001 (3m) a, if the city engages in any program or action described in s. 66.1001 (3), the master plan shall contain at least all of the elements specified in s. 66.1001 (2). The adoption of the plan or any part, amendment, or addition, shall be by resolution carried by the affirmative votes of not less than a majority of all the members of the city plan commission. The resolution shall refer expressly to the elements under s. 66.1001 and other matters intended by the commission to form the whole or any part of the plan, and the action taken shall be recorded on the adopted plan or part of the plan by the identifying signature of the secretary of the commission, and a copy of the plan or part of the plan shall be certified to the common council, and also to the commanding officer, or the officer’s designee, of any military base or installation, with at least 200 assigned military personnel or that contains at least 2,000 acres, that is located in or near the city. The purpose and effect of the adoption and certifying of the master plan or part of the plan shall be solely to aid the city plan commission and the council in the performance of their duties.

(4) Miscellaneous Powers of the Commission. The commission may make reports and recommendations relating to the plan and development of the city to public officials and agencies, utility companies, civic, educational, financial and other organizations, and citizens. It may recommend to the mayor or council, programs for public improvements and the financing thereof. All public officials shall, upon request, furnish to the commission, within a reasonable time, such available information as it may require for its work. The commission, its members and employees, in the performance of its functions, may enter upon any land, make examinations and surveys, and place and maintain monuments and markers. The commission shall have such powers as may be necessary to enable it to perform its functions and promote municipal planning.

(5) Matters Referred to City Plan Commission. The council, or other public body or officer of the city having final authority thereon, shall refer to the city plan commission, for its consideration and report before final action is taken by the council, public body or officer, the following matters: The location and architectural design of any public building; the location of any statue or other memorial; the location, acceptance, extension, alteration, vacation, abandonment, change of use, sale, acquisition of land for or lease of land for any street, alley or other public way, park, playground, airport, area for parking vehicles, or other memorial or public grounds; the location, extension, abandonment or authorization for any public utility whether publicly or privately owned; all plats of lands in the city or within the territory over which the city is granted jurisdiction by ch. 236; the location, character and extent or acquisition, leasing or sale of lands for public or semipublic housing, slum clearance, relief of congestion, or vacation camps for children; and the amendment or repeal of any ordinance adopted pursuant to this section. Unless such report is made within 30 days, or such longer period as may be stipulated by the common council, the council or other public body or officer, may take final action without it.

(6) Official map. (a) As used in this subsection, “waterways” includes rivers, streams, creeks, ditches, drainage channels, watercourses, lakes, bays, ponds, impoundment reservoirs, retention and detention basins, marshes and other surface water areas, regardless of whether the areas are natural or artificial.

1. In this paragraph:

a. “Airport” means an airport as defined under s. 114.002 (7) which is owned or operated by a county, city, village or town either singly or jointly with one or more counties, cities, villages or towns.

b. “Airport affected area” means the area established by an agreement under s. 66.1009. If a county, city, village or town has not established such an agreement, “airport affected area” in that county, city, village or town means the area located within 3 miles of the boundaries of an airport.

2. If the council of any city which is not located in whole or in part in a county with a population of 750,000 or more has established an official map under par. (b), the map shall show the location of any part of an airport located within the area subject to zoning by the city and any part of an airport affected area located within the area subject to zoning by the city.

(b) The council of any city may by ordinance or resolution establish an official map of the city or any part thereof showing the streets, highways, historic districts, parkways, parks and playgrounds laid out, adopted and established by law. The city may
also include the location of railroad rights−of−way, waterways and public transit facilities on its map. A city may include a water-way on its map only if the waterway is included in a comprehensive surface water drainage plan. The map is conclusive with respect to the location and width of streets, highways, waterways and parkways, and the location and extent of railroad rights−of−way, public transit facilities, parks and playgrounds shown on the map. The official map is declared to be established to conserve and promote the public health, safety, convenience or general welfare. The ordinance or resolution shall require the city clerk at one time to record with the register of deeds of the county or counties in which the city is situated a certificate showing that the city has established an official map. An ordinance or resolution establishing any part of an official map enacted prior to June 16, 1965, which would be valid under this paragraph is hereby validated.

(c) The city council may amend the official map of the city so as to establish the exterior lines of planned new streets, highways, historic districts, parkways, railroad rights−of−way, public transit facilities, waterways, parks or playgrounds, or to widen, narrow, extend or close existing streets, highways, historic districts, parkways, railroad rights−of−way, public transit facilities, waterways, parks or playgrounds. No such change may become effective until after a public hearing concerning the proposed change before the city council or a committee appointed by the city council from its members, at which parties in interest and citizens shall have an opportunity to be heard. Notice of the public hearing shall be published as a class 2 notice under ch. 985. Before amending the map, the council shall refer the matter to the city plan commission for report, but if the city plan commission does not make its report within 60 days of reference, it forfeits the right to further suspend action. When adopted, amendments become a part of the official map of the city, and are conclusive with respect to the location and width of the streets, highways, historic districts, waterways and parkways and the location and extent of railroad rights−of−way, public transit facilities, parks and playgrounds shown on the map. The placing of any street, highway, waterway, railroad right−of−way, public transit facility, park or playground line or lines upon the official map does not constitute the opening or establishment of any street, parkway, railroad right−of−way, public transit facility, park or playground or alteration of any water-way, or the taking or acceptance of any land for these purposes.

(d) The locating, widening or closing, or the approval of the locating, widening or closing of streets, highways, waterways, parkways, railroad rights−of−way, public transit facilities, parks or playgrounds by the city under provisions of law other than this section shall be deemed to amend the official map, and are subject to this section, except that changes or additions made by a subdivision plat approved by the city under ch. 236 do not require the public hearing specified in paragraphs (b) and (c) if the changes or additions do not affect any land outside the platted area.

(e) No permit may be issued to construct or enlarge any building within the limits of any street, highway, waterway, railroad right−of−way, public transit facility or parkway, shown or laid out on the map except as provided in this section. The street, highway, waterway, railroad right−of−way, public transit facility or parkway system shown on the official map may be shown on the official map as extending beyond the boundaries of a city or village a distance equal to that within which the approval of land subdivision plats by the city council or village board is required as provided by s. 236.10 (1) (b) 2. Any person desiring to construct or enlarge a building within the limits of a street, highway, waterway, railroad right−of−way, public transit facility or parkway shown or laid out on the map as required by a subdivision plat may apply to the city council or village council for a building permit. Any person desiring to construct or enlarge a building within the limits of a street, highway, waterway, railroad right−of−way, public transit facility or parkway shown on the official map within the incorporated limits of the municipality shall apply to the authorized official of the city or village for a building permit. Unless an application is made, and the building permit granted or not denied within 30 days, the person is not entitled to compensation for damage to the building in the course of construction of the street, highway, railroad right−of−way, public transit facility or parkway shown on the official map. Unless an application is made, and the building permit granted or not denied within 30 days, the person is not entitled to compensation for damage to the building in the course of construction or alteration of the waterway shown on the official map in the incorporated limits of the municipality. If the land within the mapped street, highway, waterway, railroad right−of−way, public transit facility or parkway is not yielding a fair return, the board of appeals in any municipality which has established such a board having power to make variances or exceptions in zoning regulations may, by the vote of a majority of its members, grant a permit for a building or addition in the path of the street, highway, waterway, railroad right−of−way, public transit facility or parkway, which will as little as practicable increase the cost of opening the street, highway, waterway, railroad right−of−way, public transit facility or parkway or tend to cause a change of the official map. The board may impose reasonable requirements as a condition of granting the permit to promote the health, convenience, safety or general welfare of the community. The board shall refuse a permit where the applicant will not be substantially affected by not constructing the addition or by placing the building outside the mapped street, highway, waterway, railroad right−of−way, public transit facility or parkway.

(f) In any city in which there is no such board of appeals, the city council shall have the same powers and shall be subject to the same restrictions. For this purpose such council is authorized to act as a discretionary administrative or quasi−judicial body. When so acting it shall not sit as a legislative body but in a separate meeting with separate minutes kept.

(g) Before taking any action authorized in this subsection, the board of appeals or city council shall hold a hearing at which parties in interest and others shall have an opportunity to be heard. At least 15 days before the hearing notice of the time and place of the hearing shall be published as a class 1 notice, under ch. 985. Such notice shall be subject to review by certiorari issued by a court of record in the same manner and pursuant to the same provisions as in appeals from the decisions of a board of appeals upon zoning regulations.

(h) In any city which has established an official map as herein authorized no public sewer or other municipal street utility or improvement shall be constructed in any street, highway or parkway until such street, highway or parkway is duly placed on the official map. No permit for the erection of any building shall be issued unless a street, highway or parkway giving access to such proposed structure has been duly placed on the official map. Where the enforcement of the provisions of this section would entail practical difficulty or unnecessary hardship, and where the circumstances of the case do not require the structure to be related to existing or proposed streets, highways or parkways, the applicant for such a permit may appeal from the decision of the administrative officer having charge of the issue of permits to the board of appeals in any city which has established a board having power to make variances or exceptions in zoning regulations, and the same provisions are applied to such appeals and to such boards as are provided in cases of appeals on zoning regulations. The board may in passing on such appeal make any reasonable exception, and issue the permit subject to conditions that will protect any future street, highway or parkway layout. Any such decision shall be subject to review by certiorari issued by a court of record in the same manner and pursuant to the same provisions as in appeals from the decision of such board upon zoning regulations. In any city in which there is no such board of appeals the city council shall have the same powers and subject to the same restrictions, and the same method of court review shall be available. For such purpose such council is authorized to act as a discretionary administrative or quasi−judicial body. When so acting it shall not sit as a legislative body, but in a separate meeting and with separate minutes kept.
(i) In those counties where the county maintains and operates parks, playgrounds, bathing beaches and other recreational facilities within the limits of any city, such city shall not include said facilities in the master plan without the approval of the county board of supervisors.

(7) ZONING. (ab) Definition. In this subsection “non-conforming use” means a use of land, a dwelling, or a building that existed lawfully before the current zoning ordinance was enacted or amended, but that does not conform with the use restrictions in the current ordinance.

(am) Grant of power. For the purpose of promoting health, safety, morals or the general welfare of the community, the council may regulate and restrict by ordinance, subject to par. (hm), the height, number of stories and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, subject to s. 66.10015 (3) the density of population, and the location and use of buildings, structures and land for trade, industry, mining, residence or other purposes if there is no discrimination against temporary structures. This subsection and any ordinance, resolution or regulation enacted or adopted under this section, shall be liberally construed in favor of the city and as minimum requirements adopted for the purposes stated. This subsection may not be deemed a limitation of any power granted elsewhere.

(b) Districts. For any and all of said purposes the council may divide the city into districts of such number, shape, and area as may best suit to carry out the purposes of this section; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration or use of buildings, structures or land. All such regulations shall be uniform for each class or kind of buildings and for the use of land throughout each district, but the regulations in one district may differ from those in other districts. No ordinance enacted or regulation adopted under this subsection may prohibit forestry operations that are in accordance with generally accepted forestry management practices, as defined under s. 823.075 (1) (d).

Such regulations shall provide for a safe and efficient system for pedestrian and vehicular traffic, attractive recreation and landscaped open spaces, stormwater management systems, fish and wildlife habitat; and shall provide for the protection of open spaces, scenic and historic values; and shall promote the health, safety, morals, and general welfare of the community in accordance with the comprehensive plan of the city, as required in s. 66.10010 (1). Such regulations shall also provide for the protection of the environment; the proper use and development of land, structures and environment; and shall be in accordance with the comprehensive plan of the city, as required in s. 66.10010 (1). Such regulations shall also provide for the protection of the environment; the proper use and development of land, structures and environment; and shall be in accordance with the comprehensive plan of the city, as required in s. 66.10010 (1).

(c) Purposes in view. Such regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to promote health and the general welfare; to provide adequate light and air, including access to sunlight for solar collectors and to wind for wind energy systems; to encourage the protection of groundwater resources; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; and to preserve burial sites, as defined in s. 157.70 (1) (b). Such regulations shall be made with reasonable consideration, among other things, of the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such city.

(d) Method of procedure. 1. a. Upon the request of the city council, the city plan commission, the board of public land commissioners, or if the city has neither, the city plan committee of the city council shall prepare and recommend a district plan and regulations for the city. Following the formulation of tentative recommendations a public hearing shall be held by, at the council’s option, the council, the plan commission, the board of public land commissioners or the plan committee. The entity holding the hearing shall consider any comments made, or submitted, by the commanding officer, or the officer’s designee, of a military base or installation, with at least 200 assigned military personnel or that contains at least 2,000 acres, that is located in or near the city at least 20 days prior written notice of any such hearings shall be given to the clerk of any municipality whose boundaries are within 1,000 feet of any lands included in the proposed plan and regulations, and to the commanding officer, or the officer’s designee, of any military base or installation, with at least 200 assigned military personnel or that contains at least 2,000 acres, that is located in or near the city, but failure to give such notice shall not invalidate such district plan or regulations. Publication of a class 1 notice, under ch. 985., of the tentative recommendations and hearings thereon must be made once during each of the 2 weeks prior to such hearing. If the proposed district plan or regulations shall have the effect of changing the allowable use of any property within the city, the notice shall include either a map showing the property affected by the plan and regulations or a description of the property affected by the plan and regulations and a statement that a map may be obtained from the city council.

b. The council may make changes in the tentative recommendations after first submitting the proposed changes to the plan commission, board of public land commissioners or plan committee for recommendation and report and after publishing a class 2 notice, under ch. 985, of the proposed changes and hearings thereon as well as the notice to the clerk of any contiguous municipality and to the commanding officer, or the officer’s designee, of any military base or installation, with at least 200 assigned military personnel or that contains at least 2,000 acres, that is located in or near the city. If the proposed changes to the proposed plan and regulations shall have the effect of changing the allowable use of any property within the city, the notice shall include either a map showing the property affected by the changes or a description of the property affected by the changes and a statement that a map may be obtained from the city council.

2. The council may adopt amendments to an existing zoning ordinance after first submitting the proposed amendments to the city plan commission, board of public land commissioners or plan committee for recommendation and report and after providing the notices as required in subd. 1. b. of the proposed amendments and hearings thereon. In any city which is not located in whole or in part in a county with a population of 750,000 or more, if the proposed amendments would make any change in an airport affected area, as defined in sub. (6) (am) 1. b., the council shall mail a copy of such notice to the owner or operator of the airport bordered by the airport affected area. A hearing shall be held on the proposed amendments by, at the council’s option, the council, the plan commission, the board of public land commissioners or the plan committee. The entity holding the hearing shall consider any comments made, or submitted, by the commanding officer, or the officer’s designee, of a military base or installation, with at least 200 assigned military personnel or that contains at least 2,000 acres, that is located in or near the city. If the proposed amend-
ments have the effect of changing the allowable use of any property within the city, the notice shall include either a map showing the property affected by the amendments or a description of the property affected by the amendments and a statement that a map may be obtained from the city council. If the council does not receive recommendations and a report from the plan commission, board of public land commissioners or plan committee within 60 days of submitting the proposed amendments, the council may hold hearings without first receiving the recommendations and report.

2m. In any city which is not located in whole or in part in a county with a population of 750,000 or more, if a proposed amendment, proposed change, or proposed changes to a proposed district plan and regulations in accordance with subds. 2. and 2m.

4. The city council shall maintain a list of persons who submit a written or electronic request to receive notice of any proposed zoning action that may be taken under subd. 1. a. or b. or 2. that affects the allowable use of the person’s property. Annually, the city council shall inform residents of the city that they may add their names to the list. The city council may satisfy this requirement to provide such information by any of the following means: publishing a 1st class notice under ch. 985; publishing on the city’s Internet site; 1st class mail; or including the information in a mailing that is sent to all property owners. If the plan commission, the board of public land commissioners, or city plan committee of the city council completes action on any tentative recommendations that are noticed under subd. 1. a. or 1m. or 2., and the owner or operator of the airport bordered by the airport affected area protests against the amendment, the amendment shall not become effective except by the favorable vote of two-thirds of the members of the council voting on the proposed change.

3. The council may repeal or repeal and reenact the entire district plan and all zoning regulations in accordance with subd. 1. The council may repeal or repeal and reenact a part or parts of the district plan and regulations in accordance with subds. 2. and 2m.

4. The city council shall maintain a list of persons who submit a written or electronic request to receive notice of any proposed zoning action that may be taken under subd. 1. a. or b. or 2. that affects the allowable use of the person’s property. Annually, the city council shall inform residents of the city that they may add their names to the list. (a) Extraterritorial zoning jurisdiction means the unincorporated area within 3 miles of the corporate limits of a first, second or third class city, or 1 1/2 miles of a fourth class city or a village. Wherever extraterritorial zoning jurisdictions overlap, the provisions of s. 66.0105 shall apply and any subsequent alteration of the corporate limits of the city by annexation, detachment or consolidation proceedings shall not affect the dividing line as initially determined under s. 66.0105. The governing body of the city shall specify by resolution the description of the area to be zoned within its extraterritorial zoning jurisdiction sufficiently accurate to determine its location and such area shall be contiguous to the city. The boundary line of such area shall follow government lot or survey section or fractional section lines or public roads, but need not extend to the limits of the extraterritorial zoning jurisdiction. Within 15 days of the adoption of the resolution the governing body shall declare its intention to prepare a comprehensive zoning ordinance for all or part of its extraterritorial zoning jurisdiction by the publication of the resolution in a newspaper having general circulation in the area proposed to be zoned, as a class 1 notice, under ch. 985. The city clerk shall mail a certified copy of the resolution and a scale map reasonably showing the boundaries of the extraterritorial jurisdiction to the clerk of the county in which the extraterritorial jurisdiction area is located and to the town clerk of each town, any part of which is included in such area.

(b) The governing body may enact, without referring the matter to the plan commission, an interim zoning ordinance to preserve existing zoning or uses in all or part of the extraterritorial zoning jurisdiction while the comprehensive zoning plan is being prepared. Such ordinance may be enacted as is an ordinary ordinance but shall be effective for no longer than 2 years after its enactment, unless extended as provided in this paragraph. Within 15 days of its passage, the governing body of the city shall publish a notice having general circulation in the area proposed to be zoned as a class 1 notice, under ch. 985, or as a notice, as described under s. 62.11 (4) (c), and the city clerk shall mail a certified copy of the ordinance to the clerk of the county in which the extraterritorial jurisdiction is located and to the clerk of each town affected by the interim zoning ordinance and shall file a copy of the ordinance with the city plan commission. The governing body of the city may extend the interim zoning ordinance for no longer than one year, upon the recommendation of the joint extraterritorial zoning committee established under par. (c). No other interim zoning ordinance shall be enacted affecting the same area or part thereof until 2 years after the date of the expiration of the interim zoning ordinance or the one year extension thereof. While the interim zoning ordinance is in effect, the governing body of the city may amend the districts and regulations of the ordinance according to the procedure set forth in par. (f).

(c) If the governing body of the city adopts a resolution under par. (a), it shall direct the plan commission to formulate tentative recommendations for the district plan and regulations within or part of the extraterritorial zoning jurisdiction as described in the resolution adopted under par. (a). When the plan commission is engaged in the preparation of such district plan and regulations, or amendments thereto, a joint extraterritorial zoning committee shall be established. Such joint committee shall consist of 3 citizen members of the plan commission, or 3 members of the plan commission designated by the mayor if there are no citizen members of the commission, and 3 town members from each town affected by the proposed plan and regulations, or amendments thereto. The 3 town members shall be appointed by the town board for 3 year terms and shall be residents of the town and persons of recognized experience and qualifications. Town board members are eligible to serve. If the town board fails to appoint the 3 members within 30 days following receipt of the certified resolution under par. (a), the board shall be subject to a mandamus proceeding which may be instituted by any resident of the area to be zoned or by the city adopting such resolution. The entire plan commission shall participate with the joint committee in the preparation of the plan and regulations, or amendments thereto. Only the members of the joint committee shall vote on matters relating to the extraterritorial plan and regulations, or amendments thereto. A separate vote shall be taken on the plan and regulations for each town and the town members of the joint committee shall vote only on matters affecting the particular town which they represent. The governing body shall not adopt the proposed plan and regulations, or amendments thereto, unless the proposed plan and regulations, or amendments thereto, receive a favorable vote of a majority of the 6 members of the joint committee. Such vote shall be deemed action taken by the entire plan commission.
(d) The joint committee shall formulate tentative recommendations for the district plan and regulations and shall hold a public hearing thereon. Notice of a hearing shall be given by publication in a newspaper having general circulation in the area to be zoned, as a class 2 notice, under ch. 985, during the preceding 30 days, and by mailing the notice to the town clerk of the town for which the plan and regulations are proposed. The notice shall contain the layout of tentative districts either by maps or words of description, and may contain the street names and house lot numbers for purposes of identification if the joint committee so directs the governing body so determines. At a public hearing an opportunity to be heard shall be afforded to representatives of the town board of the town and to any person in the town for which the plan and regulations are proposed.

(e) The governing body of the city may adopt by ordinance the proposed district plan and regulations recommended by the joint committee after giving notice and holding a hearing as provided in par. (d), or the governing body may change the proposed districts and regulations after first submitting the proposed changes to the joint committee for recommendation and report. The procedure set forth in pars. (d) and (e) shall apply to amendments to the extraterritorial zoning ordinance. In the case of a protest against an amendment, the permit or extension applicant may appeal the denial to the common council of the city to which the application relates. Following a hearing on the fire district chief’s or authorized individual’s denial, the common council may approve the applicant’s temporary use permit or extension application.

(f) The governing body of the city may amend the districts and regulations of the extraterritorial zoning ordinance after first submitting the proposed amendment to the joint committee for recommendation and report. The procedure set forth in pars. (c), (d), and (e) shall apply to amendments to the extraterritorial zoning ordinance. In the case of a protest against an amendment the applicable provisions under sub. (7) (d) shall be followed.

(g) Insofar as applicable the provisions of subs. (7) (e), (f), (8) and (9) shall apply. The governing body of a city which adopts an extraterritorial zoning ordinance under this subsection may specifically provide in the ordinance for the enforcement and administration of this subsection. A town which has been issuing building permits may continue to do so, but the city building inspector shall approve such permits as to zoning prior to their issuance.

(8) OTHER MEASURES OF ENFORCEMENT AND REMEDIES: PENALTY. Any building erected, constructed or reconstructed in violation of this section or regulations adopted pursuant thereto shall be deemed an unlawful structure, and the building inspector or city attorney or other official designated by the council may bring action to enjoin such erection, construction or reconstruction, or cause such structure to be vacated or removed. It shall be unlawful to erect, construct or reconstruct any building or structure in violation of this section or regulations adopted pursuant thereto. Any person, firm or corporation violating such provisions shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not more than $500. Each and every day during which said illegal erection, construction or reconstruction continues shall be deemed a separate offense. In case any building or structure is or is proposed to be erected, constructed or reconstructed, or any land is or is proposed to be used in violation of this section or regulations adopted pursuant thereto, the building inspector or the city attorney or any adjacent or neighboring property owner who would be specially damaged by such violation, may, in addition to other remedies provided by law, institute injunction, mandamus, abatement or any other appropriate action, or proceeding to prevent or enjoin or abate or remove such unlawful erection, construction or reconstruction.

(9) BUILDING INSPECTION: APPEAL PROCESS. (a) The city council may provide for the enforcement of this section and all other laws and ordinances relating to buildings by means of the withholding of building permits, imposition of forfeitures and injunctive action, and for such purposes may establish and fill the position of building inspector. From and after the establishment of such position and the filling of the same, it shall be unlawful to erect, construct or reconstruct any building or other structure without obtaining a building permit from such building inspector; and such building inspector shall not issue any permit unless the requirements of this section are complied with.

(b) The council may by ordinance designate general fire limits and regulate for safety and fire prevention the construction, alteration, enlargement and repair of buildings and structures within such limits, and may designate special fire limits within the general limits, and prescribe additional regulations therein. Any such proposed ordinance or amendment thereto shall be referred to the city plan commission, if such commission exists, for consideration and report, before final action is taken thereon by the council. However, no such ordinance or amendment thereto shall be adopted or become effective until after a public hearing in relation thereto, which may be held by the city plan commission or council, at which parties in interest and citizens shall have an opportunity to be heard. Notice of the time and place of the hearing shall be published as a class 2 notice, under ch. 985.

(c) If an applicant is denied a temporary use permit or an extension of a temporary use permit and the individual denying the permit or extension is the chief of a fire district, or an authorized individual acting on the chief’s behalf, and if the basis of the denial is discretionary determination by the chief or individual, the permit or extension applicant may appeal the denial to the common council of the city to which the application relates. Following a hearing on the fire district chief’s or authorized individual’s denial, the common council may approve the applicant’s temporary use permit or extension application.

(9a) MAY EXERCISE POWERS OF BOARD OF PUBLIC LAND COMMISSIONERS. In cities of the first class, said city plan commission may exercise all of the powers conferred on board of public land commissioners under s. 27.11.

(10) WIDENING STREETS. (a) When the council by resolution declares it necessary for the public use to widen any street or a part thereof, it may proceed as prescribed in ch. 32, except as herein modified. The determination of necessity by the council shall not be a taking, but shall be an establishment of new future boundary lines.

(b) After such establishment no one shall erect any new structure within the new lines, nor rebuild or alter the front or add to the height of any existing structure without receding the structure to conform to the new lines. No damages shall be received for any construction in violation hereof.

(c) The council may at any time after the establishment of new lines provide compensation for any of the lands to be taken, whereupon such lands shall be deemed taken, and the required further proceedings shall be commenced.

(d) If a structure on lands taken under this subsection is not removed after 3 months’ written notice served in the manner directed by the council, the city may cause it to be removed, and may dispose of it and apply the proceeds to the expense of removal. Excess proceeds shall be paid to the owner. Excess expenses shall be a lien on the rest of the owner’s land abutting on the street to be widened under this subsection. If the excess expenses are not paid, they shall be assessed against the owner’s land abutting on the street and collected as are other real estate taxes. If the owner does not own the adjoining piece of land abutting on the new line, the owner shall be personally liable to the city for the expense of removal.

(e) Until the city has taken all of the lands within the new lines, it may lease any taken lands, to the person owning the taken lands at the time of the taking, at an annual rental of not more than 5 percent of the amount paid for the taken lands by the city or of the market value, if the lands were donated. Improvements may be maintained on the leased lands until all lands within the new lines are taken, whereupon the improvements shall be removed as provided in par. (d). No damages shall be had for improvements made under a lease entered into under this paragraph.

(11) BUILDING LINES. (a) The council may by ordinance, in districts consisting of one side of a block or more, establish the dis-
tance from the street that structures may be erected. The city engineer shall thereupon make a survey and plat, and report the same, with description of any structure then situated contrary to such ordinance, to the council.

(b) The council may by ordinance make such regulation or prohibition of construction on any parts of lots or parcels of land or on any specified part of any particular realty, as shall be for the public health, safety or welfare.

(c) Whenever to carry out any ordinance under this subsection it is necessary to take property for public use, the procedure of ch. 32 shall be followed.

(13) FUNDS. Funds to carry out the purposes of this section may be raised by taxation or by bonds issued as provided in ss. 67.05, 67.06, 67.07, 67.08 and 67.10.

(14) ASSESSMENTS. The expense of acquiring, establishing, laying out, widening, enlarging, extending, paving, repaving and improving streets, arterial highways, parkways, boulevards, memorial grounds, squares, parks and playgrounds, and erecting bridges under any plan adopted by the common council pursuant to this section or s. 27.11, including the cost of all lands and improvements thereon which it is necessary to acquire to carry out such plan, whether acquired by direct purchase or lease, or through condemnation, and also including the cost of constructing any bridge, viaduct or other improvement which is a part of the plan adopted by the common council, may be assessed, in whole or in part, to the real estate benefited thereby, in the same manner in which under existing law in such city benefits and damages are assessable for improvements of streets. Whenever plans are adopted which are supplementary to each other the common council may by ordinance combine such plans into a single plan within the meaning of this section. Section 66.0713 shall apply to all assessments made under this subsection.

(15) EXCESS CONDEMNATION. Whenever any of the purposes of sub. (14) are planned to be carried out by excess condemnation, benefits may be assessed in the manner provided in said subsection.

(16) BENEFITS FROM PUBLIC BUILDINGS. Any benefits of public buildings and groups thereof may be assessed in the manner provided in sub. (14).

(17) ACQUIRING LAND. (a) Except as provided in par. (am), cities may acquire by gift, lease, purchase, or condemnation any lands within its corporate limits for establishing, laying out, widening, enlarging, extending, and maintaining memorial grounds, streets, squares, parkways, boulevards, parks, playgrounds, sites for public buildings, and reservations in and about and along and leading to any or all of the same or any lands adjoining or near to such city for use, sublease, or sale for any of the following purposes:

1. To release congested sections by providing housing facilities suitable to the needs of such city;
2. To provide garden suburbs at reasonable cost to the residents of such city;
3. To establish city owned vacation camps for school children and minors up to 20 years of age, such camps to be equipped to give academic and vocational opportunities, including physical training.

(am) Cities may not use the power of condemnation to acquire property for the purpose of establishing or extending a recreational trail; a bicycle way, as defined in s. 340.01 (5s); a bicycle lane, as defined in s. 340.01 (5e); or a pedestrian way, as defined in s. 346.02 (8) (a).

(b) After the establishment, layout and completion of such improvements, such city may convey or lease any such real estate thus acquired and not necessary for such improvements, with reservations concerning the future use and occupation of such real estate, so as to protect such public works and improvements, and their environs, and to preserve the view, appearance, light, air and usefulness of such public works, and to promote the public health and welfare.

(c) The acquisition and conveyance of lands for such purpose is a public purpose and is for public health and welfare.

(18) LAKES AND RIVERS. The city may improve lakes and rivers within the city and establish the shorelines thereof so far as existing shores are marsh, and where a navigable stream traverses or runs along the border of a city, such city may make improvements therein throughout the county in which such city shall be located in aid of navigation, and for the protection and welfare of public health and wildlife.

A contract made by a zoning authority to zone, rezone, or not to zone is illegal. An ordinance made pursuant to the contract is void as a municipality may not surrender its governmental powers and functions or thus inhibit the exercise of its police or legislative powers. When a zoning authority does not make an agreement to zone but in other respects has acted to zone by agreements as to use of the land made by others or by voluntary restrictions running with the land, although suggested by the authority, the zoning ordinance is valid and not considered to be declaratory of no zoning when the public welfare is a public purpose and is for public health and welfare.

A certiorari action exists only to test the validity of judicial or quasi-judicial determinations. It does not allow for answers, denials, or defenses by the respondent. Merkel v. Village of Germantown, 218 Wis. 2d 572, 581 N.W.2d 552 (Ct. App. 1998), 97−847.

It is within the power of the court to deny a municipality’s request for injunctive relief when a zoning ordinance violation is proven. The court should take evidence of such equitable interests including those of the state’s citizens. Forest County v. Goode, 219 Wis. 2d 654, 579 N.W.2d 715 (1998), 96−3592.

Sub. (7) (e) 6. does not mandate a hearing for each variance application—only those that satisfy the legal requirements for applications. A city rule that a variance request would be served unless accompanied by evidence of a substantial change of circumstances did not violate due process or equal protection guarantees. A denial of a variance based on the rule was not arbitrary and capricious. Tateson v. Village of Waukegan Board of Zoning Appeals, 220 Wis. 2d 656, 583 N.W.2d 871 (Ct. App. 1998), 97−1802.

Construction in violation of zoning, even when authorized by a voluntarily issued permit, is unlawful. Those who construct in violation of a permit after the cease and desist order is issued from razing under sub. (8) because construction was completed before the lawfulness of the zoning was determined. In rare cases, there may be compelling equitable reasons when a requested order of abatement is not filed. Lake Bluff Housing v. City of South Milwaukee, 222 Wis. 2d 222, 588 N.W.2d 45 (Ct. App. 1998), 97−4833.

The burden is on the applicant for a variance to demonstrate through evidence that without the variance he or she is prevented from enjoying any reasonable use of the property. State ex rel. Spinner v. Kenosha County Board of Adjustment, 223 Wis. 2d 99, 588 N.W.2d 662 (Ct. App. 1998), 97−2094.

A conditional use permit must not impose a condition that the use not be conducted outside the permitted area. It was improper to require the permit based on that use. An enforcement action in relation to the parcel where the use was not conducted, was an appropriate remedy. Territory v. St. Cloud Board of Adjustment, 224 Wis. 2d 735, 591 N.W.2d 916 (Ct. App. 1999), 98−2327.

Once a municipality has shown an illegal change in use to a nonconforming use, the municipality is entitled to terminate the entire nonconformity. The municipality is not within the discretion of the court reviewing the ruling. Village of Menomonee Falls v. Preuss, 225 Wis. 2d 746, 593 N.W.2d 496 (Ct. App. 1999), 98−0384.

To violate substantive due process guarantees, a zoning decision must involve making simple errors in law or in the exercise of discretion. It is not due to the conscience. The city’s violation of a purported agreement regarding zoning was not a violation. A court cannot compel a political body to adhere to an agreement regarding zoning if it has legitimate reasons for breaching. Eternalist Foundation v. City of Platteville, 225 Wis. 2d 759, 593 N.W.2d 84 (Ct. App. 1999), 98−1944.

Review of a certiorari action is limited to determining: 1) whether the board kept within its jurisdiction; 2) whether the board acted arbitrarily, oppressively, or unreasonably; and 3) whether the board’s action was arbitrary, oppressive, or unreasonable; and 4) whether the evidence was such that the board might reasonably make its order. Kapcheski v. City of Walworth, 226 Wis. 2d 615, 589 N.W.2d 32 (Ct. App. 1999), 98−0976.

Zoning may not be legislated or modified by initiative under s 9.20. An ordinance constituting a pervasive regulation of, or prohibition on, the use of land is zoning. Riechel v. City of Manitou, 226 Wis. 2d 542, 595 N.W.2d 450 (Ct. App. 1999), 98−3133.

A town with village powers has the authority to adopt ordinances authorizing its plan commission to review and approve industrial site plans before issuing a building permit. An ordinance regulating development need not be created with a particular degree of specificity other than is necessary to give developers reasonable notice of the areas of inquiry that the town will examine in approving or disapproving proposed developments. A city cannot compel a political body to adhere to an agreement regarding zoning if it has legitimate reasons for breaching. Eternalist Foundation v. City of Platteville, 225 Wis. 2d 759, 593 N.W.2d 84 (Ct. App. 1999), 98−1944.

The DNR has the authority to regulate the operation of farm games, its authority does not negate the power of the board of health to impose health ordinances against farm games. Both are applicable. Willow Creek Ranch v. Town of Shelby, 200 WI 56, 235 Wis. 2d 409, 611 N.W.2d 693, 97−2077.

A certiorari review exists to test the validity of agency decisions by reviewing the record, and the court has jurisdiction only for that limited purpose. An action to enforce a variance is an entirely different matter. It is coercive, and personal jurisdiction must be established by serving a summons on the original or original substitute and a certificate of service. Winkelman v. Town of Delafield, 2000 WI App 254, 239 Wis. 2d 542, 620 N.W.2d 438, 99−3158.

A county council committee, without notice, of a duplicate file of matters then under consideration by the city’s zoning committee was not void. Oliveira v. City of Milwaukee, 2001 WI 27, 242 Wis. 2d 1, 624 N.W.2d 117, 99−0374.

Financial investment is a factor to consider when determining whether a zoning violation must be abated, but it does not outweigh all other equitable factors to be considered. Lake Bluff Housing Partners v. City of South Milwaukee, 2001 WI App 150, 248 Wis. 2d 785, 632 N.W.2d 484 (Ct. App. 1999), 98−1958.

A variance authorizes a landowner to establish or maintain a use prohibited by zoning regulations. A special exception allows the landowner to put the property to a use that is not permitted but that conflict with some requirement of the ordinance. A grant of a special exception does not require the showing of hardship required for a variance. Fabyan v. Waukesha County Board of Adjustment, 2001 WI App 162, 264 Wis. 4th 155, 632 N.W.2d 116, 100−0103.

Residents who were not living in a proposed community living arrangement because of disabilities, although some may have disabilities, a municipality is not required to make reasonable accommodations in the application of the sub. (7) (i) 2. 2500 foot requirement. State ex rel. Bruskewitz v. City of Madison, 2001 WI App 233, 248 Wis. 2d 297, 635 N.W.2d 797, 00−2563.
A change in method or quantity of production of a nonconforming use is not a new use when the original character of the use remains the same. The incorporation of modern technology into the business of the operator of a nonconforming use is allowed in Gacine County v. Cape, 2002 WI App 19, 250 Wis. 2d 44, 639 N.W.2d 782, 01–0740.

The public policy of promoting confidence in impartial tribunals may justify expanding a final plat before the rezoning even outside of the record demonstrates procedural unfairness. Having a vested interest in the continuation of a use is fundamental to protection of a nonconforming use. There can be no estoppel of the law of estoppel by active occurrence when the active occurrence is occurring at the time the ordinance amendment takes effect. However, it does not follow that any use that is actually occurring on the effective date of the ordinance can be protected by estoppel. It means that there has been a substantial investment of money, the very essence of a vested interest. It means that the use is being actively used at the time the ordinance is adopted. A court may not estop a vested owner in the exercise of his use if the use is not actually occurring at the time the ordinance is adopted.

The line distinguishing general police power regulation from zoning ordinances is often a matter of degree. Broad statements of the purposes of zoning and a more specific and analytically helpful formulation of the purpose of zoning, at least in the present case, is to separate incompatible land uses. Zoning ordinances are in derogation of the common law and are to be construed in favor of the free use of private property. A municipality has the flexibility to regulate land use through zoning up until the point when a developer obtains a building permit. Once a building permit has been obtained, a developer may make expenditures in reliance on a zoning classification. Wisconsin follows the bright-line building permit rule that a property owner’s rights do not vest until the developer has submitted an application for a building permit that conforms to the zoning or building code requirements in effect at the time of application. McKee Family L.L.C. v. City of Fitchburg, 2017 WI 34, 374 Wis. 2d 487, 933 N.W.2d 12, 14–1914.

The building permit rule is a bright-line rule vesting the right to use property consistent with current zoning at the time a building permit application that strictly conforms to all applicable zoning regulations is filed. The rule extends to all land specifically identified in a building permit application part as of the project. Golden Sands Diary L.L.C. v. Town of Saratoga, 2018 WI 61, 381 Wis. 2d 704, 913 N.W.2d 118, 15–1258.

Zoning ordinances may be applied to land held by the U.S. for an Indian tribe so long as they do not conflict with a federal treaty, agreement, or statute and so long as the land use prescribed is not a federal governmental function. 58 Att’y Gen. 91.

County shoreland zoning of unincorporated areas adopted under s. 59.971 [now s. 59.692] is not superseded by municipal extraterritorial zoning under s. 62.23 (7a). Municipal extraterritorial zoning within shorelands is effective insofar as it is consistent with, or more restrictive than, the county shoreland zoning regulations. 63 Att’y Gen. 69.

Extraterritorial zoning under sub. (7a) is discussed. 67 Att’y Gen. 238.

Nonquosa, 195 F.3d 905 (1999).

(5) REPAIR AND EXPANSION OF EXISTING STRUCTURES PERMITTED. Notwithstanding s. 62.23 (7) (h), an ordinance adopted under this section may not prohibit the repair, reconstruction, renovation, remodeling or expansion of a nonconforming structure in existence on the effective date of an ordinance adopted under this section or any environmental control facility in existence on May 7, 1982 related to that structure.

(5m) RESTORATION OF CERTAIN NONCONFORMING STRUCTURES. (3) within 6 months after receipt of final wetland inventory maps prepared by the department of natural resources for the city under s. 23.32, or if the department of natural resources, after notice and hearing, determines that a city adopted an ordinance which fails to meet the restoration of a nonconforming structure if the structure will be restored to the size, subject to par. (b), location, and use that it had immediately before the damage or destruction occurred, or impose any limits on the costs of the repair, reconstruction, or improvement if all of the following apply:

1. The nonconforming structure was damaged or destroyed on or after March 2, 2006.

2. The damage or destruction was caused by violent wind, vandalism, fire, flood, ice, snow, mold, or infestation.

(a) Restrictions that are applicable to damaged or destroyed nonconforming structures and that are contained in an ordinance enacted under this section or any environmental control facility in existence on the effective date of an ordinance adopted under this section or any environmental control facility in existence on May 7, 1982 related to that structure.

For an amendment to an ordinance enacted under this section that affects an activity that meets all of the requirements under s. 281.165 (2), (3) (a), or (4) (a), the department of natural resources may not proceed under sub. (6), or otherwise review the amendment, to determine whether the ordinance, as amended, fails to meet reasonable minimum standards.

tective ground cover or vegetation, or excavating, filling, cover-
ing, or grading land.

(3) Each notice shall contain the following language: “YOU

66.0203, 66.0211, 66.0213, or 66.0215, a shoreland that before
incorporation was part of a town that was subject to a county
shoreland zoning ordinance under s. 59.692.

(3) A city ordinance enacted under this section shall accord
and be consistent with the requirements and limitations under s.
59.692 (1d), (1f), and (1k) and shall include at least all of the fol-

50 feet from the ordinary high−water mark, except as provided in
par. (b).

62.234 Construction site erosion control and storm
water management zoning. (1) Definition. As used in this
section, “department” means the department of natural resources.

(2) Authority to enact ordinance. To effect the purposes of s.
281.33 and to promote the public health, safety and general
welfare, a city may enact a zoning ordinance, that is applicable to
all of its incorporated area, for construction site erosion control at
sites described in s. 281.33 (3) (a) 1. a. and b. and for storm water
management. This ordinance may be enacted separately from
ordinances enacted under s. 62.23. An ordinance enacted under
this subsection is subject to the strict conformity requirements
under s. 281.33 (3m).

(4) Applicability of city zoning provisions. (a) Except as
otherwise specified in this section, s. 62.23 applies to any ordi-
nance or amendment to an ordinance enacted under this section.

(b) Variances and appeals regarding construction site erosion
control or storm water management regulations under this section
are to be determined by the board of appeals for that city. Proce-
dures under s. 62.23 (7) (e) apply to these determinations.

(c) An ordinance enacted under this section supersedes all pro-
nvisions of an ordinance enacted under s. 62.23 that relate to
construction site erosion control at sites described in s. 281.33 (3)
(3) (a) 1. a. and b. or to storm water management regulation.

(5) Applicability of comprehensive zoning plan or gen-
eral zoning ordinance. Ordinances enacted under this section
shall be consistent with any comprehensive zoning plan or
general zoning ordinance applicable to the enacting cities, as
far as practicable.

(6) Applicability of local subdivision regulation. All
powers granted to a city under s. 236.45 may be exercised by it
with respect to construction site erosion control at sites described
in s. 281.33 (3) (a) 1. a. and b. or with respect to storm water
management regulation, if the city has or provides a planning commis-

(7) Applicability to local governments and agencies. An
ordinance enacted under this section is applicable to activities
conducted by a unit of local government and an agency of that unit
of government. An ordinance enacted under this section is not
applicable to activities conducted by an agency, as defined under
s. 227.01 (1) but also including the office of district attorney,
which is subject to the state plan promulgated or a memorandum
of understanding entered into under s. 281.33 (2).

(8) Intergovernmental cooperation. (a) Except as pro-
vided in par. (c), s. 66.0301 applies to this section, but for the pur-
poses of this section any agreement under s. 66.0301 shall be
enforced by ordinance.

(b) If a city is served by a regional planning commission under
s. 66.0309 and if the commission consents, the city may empower
the commission by ordinance to administer the ordinance enacted under this section throughout the city, whether or not the area otherwise served by the commission includes all of that city.

(c) If a city is served by the Dane County Lakes and Watershed Commission, and if the commission consents, the city may empower the commission by ordinance to administer the ordinance enacted under this section throughout the city, whether or not the area otherwise served by the commission includes all of that city. Section 66.0301 does not apply to this paragraph.

This section contains no prohibition against imposing municipal fees for services in connection with erosion control projects. It does not mandate that fees be listed "within four corners" of the ordinance. The statute does not mention fees. Sub. (4) (c) states that an ordinance adopted under s. 62.23 that relates to construction site erosion control at sites where the construction activities do not include the construction of a building or to storm water management regulation is superseded by an ordinance adopted under s. 62.234. A fee schedule adopted via resolution was not an ordinance enacted under s. 62.23 and was not superseded by the city's erosion control ordinance. Edgerton Contractors, Inc. v. City of Wauwatosa, 2010 WI App 45, 324 Wis. 2d 256, 781 N.W.2d 228, 09-1042.

1. Issue mortgage loans with an interest rate less than the lowest rate available at lending institutions within the municipality, for the purchase or construction of any owner-occupied dwelling located within an area described in sub. (3). Financing for rehabilitation or home improvements may be made available as part of these loans.

2. Issue loans to any lending institution within the municipality that agrees to loan the money at designated terms for the purchase, purchase and rehabilitation or construction of any owner-occupied dwelling located within an area described in sub. (3).

3. Foreclose any mortgage and sell the mortgaged property for collection purposes if the mortgagee defaults on the payment of principal and interest of a loan issued under this section.

(b) The resolution shall designate each area in which dwellings are eligible for loans.

(c) No loan may be issued to purchase, purchase and rehabilitate or construct a dwelling that violates applicable provisions of the one- and 2-family dwelling code under ss. 101.60 to 101.66, or that violates any ordinance the municipality adopts regulating the dwelling if the dwelling is found to be violating the dwelling code or any ordinance after issuance of the loan, the loan shall default. The municipality may require the full loan to become due or may increase the interest rate to the maximum allowable. The municipality may defer imposing a penalty for up to one year after the violation is found to exist.

(3) Eligible areas. Owner-occupied dwellings in any area of the municipality are eligible for loans under this section if any 2 of the following conditions exist:

(a) The median assessed property value of one- and 2-family dwellings in the area is less than or equal to 80 percent of the median assessed property value of one- and 2-family dwellings in the municipality.

(4) Revenue bonding. (a) The governing body of any municipality may issue revenue bonds by resolution, to finance low-interest mortgage loans under this section. The resolution shall state the maximum dollar amount of authorized bonds and the purpose for which the municipality may issue the bonds. The resolution shall state the terms, form and content of the bonds. These bonds may be registered under s. 67.09.

(b) Debt service is payable solely from revenues received from the loans issued under this section. No mortgage revenue bond or revenue bond issued under this section is a debt of the municipality or a charge against the city’s general credit or taxing powers. The municipality shall plainly state the provisions of this paragraph on the face of each mortgage revenue bond or revenue bond.

(c) The municipality shall use revenues from payment of the principal and interest of loans issued under this section to pay debt service. The municipality shall use any excess revenues to pay other costs accruing from the issuance of the loans. The municipality shall deposit any remaining revenues in a revolving fund of the municipal treasury, to use for additional loans under this section.

(d) The resolution may authorize appointment of a receiver to collect interest and principal on loans issued under this section for paying debt service, if the municipality defaults on paying debt service.

62.25 Claims and actions.

(1) Claims. No action may be brought or maintained against a city upon a claim or cause of action unless the claimant complies with s. 893.80. This subsection does not apply to actions commenced under s. 19.37, 19.97 or 281.09.

(2) Actions. (a) Damages, if any, in an action against a city officer in the officer’s official capacity, except the action directly involve the title to the officer’s office, shall not be awarded against such officer, but may be awarded against the city.

(b) In an action to restrain payment by a city for work performed or material furnished, the plaintiff shall give a bond conditioned for payment to the claimant, if the action is finally determined in the claimant’s favor, of damages caused by the delay, including expense incurred in the action, and interest. The bond shall be with 2 sureties to be approved by the court, and in an amount fixed by the court and sufficient to cover all probable damages.

(d) No person shall be ineligible to sit as judge, justice or juror in an action to which the city is a party, by reason of being an inhabitant of the city.

Cross-reference: See s. 62.12 (8) as to filing claims and demands against the city.

Cross-reference: See s. 66.009 for an alternative system of approving claims.

An action against a municipality based on a filed “claim” that did not state a dollar amount must be dismissed. The fact that the city council denied the claim did not bar the defense. By purchasing liability insurance the city did not waive the protection of the statute. Sambo v. Nowak, 47 Wis. 2d 158, 177 N.W.2d 144 (1970).

Nothing in either ch. 62 or ch. 120 precludes a school board from qualifying as a proper “claimant” under this section. Joint School Dist. No. 1 v. City of Chilton, 78 Wis. 2d 52, 253 N.W.2d 879 (1977).

This section does not apply to a claim for equitable relief. Kaiser v. City of Mauston, 99 Wis. 2d 345, 299 N.W.2d 259 (CI. App. 1980).

62.26 General provisions.

(1) Laws in force. The general laws for the government of cities, villages and towns, the assess-

(2) EQUITY IN LAND. The acquisition or retention by a city of an equity of redemption in lands shall not create any liability on the part of the city to pay any bonds issued or mortgage or trust deed upon such lands executed prior to the acquisition by the city of such equity.

(3) FORMS. The use of any forms prescribed by the statutes of this state, as far as the same are applicable, shall be as legal and of the same force and effect as the use of the forms prescribed by this subchapter.

(a) Accused persons may be put in custody of an officer or committed to the jail of the city or of the county where the offense was committed.

(b) Officers of the city, who by law have the powers of constables in the county in which the city is located, shall have such powers in either county.

(7) CHANGE OF CITY NAME. The name of any city of the fourth class shall be changed if a majority of the electors shall address a written petition therefor to the council designating the new name, and the council shall by a two-thirds vote of all the members adopt an ordinance changing to such new name. SUBCHAPTER II

FIRST CLASS CITIES

62.50 Police and fire departments in 1st class cities. (1e) DEFINITION. In this section, “offense” means any felony or Class A or Class B misdemeanor violation of any of the following:

(a) Chapters 940 and 941.

A 3-member panel of the board may conduct, and decide by majority vote, a trial described under sub. (12) or may hear and decide, by majority vote, charges filed by an aggrieved person under sub. Every person appointed a member of the board shall be subject to confirmation by the common council and every appointed member shall, before entering upon the duties of the office take and subscribe the oath of office prescribed by article IV, section 28, of the constitution, and file the same duly certified by the officer administering it, with the clerk of the city. Not later than the first day of the 7th month beginning after a member appointed by the mayor is confirmed by the common council, the member shall enroll in a training class that is related to the mission of the board and, not later than the first day of the 13th month beginning after a member appointed by the mayor is confirmed by the common council, the member shall complete the class. The training class shall be conducted by the city. Appointments made prior to the time this subchapter first applies to a 1st class city shall not be subject to confirmation by the common council.

(1m) POLICY REVIEW. The board shall conduct at least once each year a policy review of all aspects of the operations of the police and fire departments of the city. The board may prescribe general policies and standards for the departments. The board may inspect any property of the departments, including but not limited to books and records, required for a review under this section.

"Control of appointments. No person may be appointed to any position either on the police force or in the fire department of the city, except with the approval of the board.

(b) The board shall adopt rules to govern the selection and appointment of persons employed in the police and fire departments of the city. The rules shall be designed to secure the best service for the public in each department. The rules shall provide for ascertaining, as far as possible, physical qualifications, standing and experience of all applicants for positions, and may provide for the competitive examination of some or all applicants in such subjects as are deemed proper for the purpose of best determining the applicants' qualifications for the position sought. The rules may provide for the classification of positions in the service and for a special course of inquiry and examination for candidates for each class.

(c) The rules of each department shall be available to the public at a cost not to exceed the actual copying costs.

(4) PRINTING AND DISTRIBUTION OF REGULATIONS. The board shall cause the rules and regulations prepared and adopted under this section, and all changes therein, to be printed and distributed as the board deems necessary, and the expense thereof shall be certified by the board to the city comptroller and shall be paid by the city. The rules and regulations shall specify the date when they take effect, and thereafter all selections of persons for employment, appointment or promotion, either in the police force or the fire department of such cities except of the chief of police, the inspector of police, the chief engineer and the first assistant of the fire department, shall be made in accordance with such rules and regulations.

(5) EXAMINATIONS. The examinations which the rules and regulations provide for shall be public and free to all U.S. citizens with proper limitations as to age, health and, subject to ss. 111.321, 111.322 and 111.335, arrest and conviction record. The examinations shall be practical in their character and shall relate to those matters which fairly test the relative capacity of the candidates to
discharge the duties of the positions in which they seek employment or to which they seek to be appointed and may include tests of manual skill and physical strength. The board shall control all examinations and may designate suitable persons, either in the official service of the city or not, to conduct such examinations and may change such examiners at any time, as seems best.

(6) APPOINTMENT OF CHIEFS. If a vacancy exists in the office of chief of police or in the office of chief engineer of the fire department, the board by a majority vote shall appoint proper persons to fill such offices respectively. When filling a vacancy in the office of chief of police or in the office of chief engineer of the fire department occurring after June 15, 1977, the board shall appoint the person to a term of office the number of years and commencement date of which shall be set by the city of the 1st class by ordinance and which may not exceed 10 years, or for the remainder of an unexpired term.

(7) ASSISTANT CHIEFS, INSPECTORS AND CAPTAINS: VACANCIES. (a) If a vacancy exists in the office of assistant chief, the chief of police shall nominate and, with the approval of the board, shall appoint a person to a term of office coinciding with the term of the chief making the appointment, subject thereafter to reinstatement to a previously held position on the force in accordance with rules prescribed by the board. Removal of the assistant chief shall be pursuant to s. 17.12 (1) (c). The chief may summarily suspend the assistant chief whose removal is sought by the chief.

(b) If a vacancy exists in the office of inspector of police or captain of police, the chief of police shall nominate and, with the approval of the board, shall appoint a person to the office subject to suspension and removal under this section.

(9) MEMBERS OF FORCE: VACANCIES. All of the members of the force in either department named, at the time when the rules and regulations go into effect, shall continue to hold their respective positions at the pleasure of their respective chiefs, subject to trial under this section, and all persons subsequently appointed shall so hold. All vacancies in either department shall be filled and all new appointments shall be made by the respective chiefs with the approval of the board. Where vacancies in old offices or newly created offices can, with safety to the department, be filled by the promotion of officers or persons already in the service and who have proved their fitness for the promotion, the vacancies in newly created offices shall be so filled by promotion by the respective chiefs with the approval of the board.

(10) SALARIES: PENSIONS. Provision may be made by the common council of a city by general ordinance that the salaries of the members of the force in the police and fire department of the city shall increase with the length of term of service. The salary and compensation of all members of the force in the police and fire department of the city created offices shall be so filled by promotion by the respective chiefs with the approval of the board.

(11) DISCHARGE OR SUSPENSION. No member of the police force or fire department may be discharged or suspended for a term exceeding 30 days by the chief of either of the departments except for cause and after trial under this section.

(12) TRIAL TO BE ORDERED. Whenever complaint against any member of the force of either department is made to the chief thereof, the chief shall immediately communicate the same to the board of fire and police commissioners and a trial shall be ordered by the board under this section.

(13) NOTICE OF DISCHARGE OR SUSPENSION: APPEALS. The chief discharging or suspending for a period exceeding 5 days any member of the force shall give written notice of the discharge or suspension to the member and, at the same time that the notice is given, shall also give the member any exculpatory evidence in the chief’s possession related to the discharge or suspension. The chief shall also immediately report the notice of the discharge or suspension to the secretary of the board of fire and police commissioners together with a complaint setting forth the reasons for the discharge or suspension and the name of the complainant if other than the chief. Within 10 days after the date of service of the notice of a discharge or suspension order the members so discharged or suspended may appeal from the order of discharge or suspension or discipline to the board of fire and police commissioners, by filing with the board a notice of appeal in the following or similar form:

To the honorable board of fire and police commissioners:

Please take notice that I appeal from the order or decision of the chief of the .... department, discharging (or suspending) me from service, which order of discharge (or suspension) was made on the .... day of ...., .... (year).

(14) COMPLAINT. The board, after receiving the notice of appeal shall, within 5 days, serve the appellant with a copy of the complaint and a notice fixing the time and place of trial, which time of trial may not be less than 60 days nor more than 120 days after service of the notice and a copy of the complaint.

(15) NOTICE OF TRIAL. Notice of the time and place of the trial, together with a copy of the charges preferred shall be served upon the accused in the same manner that a summons is served in this state.

(16) TRIAL: ADJOURNMENT. The board may grant the accused or the chief an adjournment of the trial or investigation of the charges, for cause, not to exceed 15 days. In the course of any trial or investigation under this section each member of the fire and police commission may administer oaths, secure by its subpoenas both the attendance of witnesses and the production of records relevant to the trial and investigation, and compel witnesses to answer and may punish for contempt in the same manner provided by law in trials before municipal judges for failure to answer or to produce records necessary for the trial. The trial shall be public and all witnesses shall be under oath. The accused shall have full opportunity to be heard in defense and shall be entitled to secure the attendance of all witnesses necessary for the defense at the expense of the city. The accused may appear in person and by attorney. The city in which the department is located may be represented by the city attorney. All evidence shall be taken by a stenographic reporter who first shall be sworn to perform the duties of a stenographic reporter in taking evidence in the matter fully and fairly to the best of his or her ability.

(17) DECISION, STANDARD TO APPLY. (a) Within 3 days after hearing the matter the board, or a 3−member panel of the board, shall, by a majority vote of its members and subject to par. (b), determine whether by a preponderance of the evidence the charges are sustained. If the board or panel determines that the charges are sustained, the board shall at once determine whether the good of the service requires that the accused be permanently
discharged or be suspended without pay for a period not exceeding 60 days or reduced in rank. If the charges are not sustained the accused shall be immediately reinstated in his or her former position, without prejudice. The decision and findings of the board, or panel, shall be in writing and shall be filed, together with a transcript of the evidence, with the secretary of the board.

(b) No police officer may be suspended, reduced in rank, suspended and reduced in rank, or discharged by the board under sub. (11), (13) or (19), or under par. (a), based on charges filed by the board, members of the board, an aggrieved person or the chief under sub. (11), (13) or (19), or under par. (a), unless the board determines whether there is just cause, as described in this paragraph, to sustain the charges. In making its determination, the board shall apply the following standards, to the extent applicable:

1. Whether the subordinate could reasonably be expected to have had knowledge of the probable consequences of the alleged conduct.
2. Whether the rule or order that the subordinate allegedly violated is reasonable.
3. Whether the chief, before filing the charge against the subordinate, made a reasonable effort to discover whether the subordinate did in fact violate a rule or order.
4. Whether the effort described under sub. 3. was fair and objective.
5. Whether the chief discovered substantial evidence that the subordinate violated the rule or order as described in the charges filed against the subordinate.
6. Whether the chief is applying the rule or order fairly and without discrimination against the subordinate.
7. Whether the proposed discipline reasonably relates to the seriousness of the alleged violation and to the subordinate’s record of service with the chief’s department.

(18) SALARY DURING SUSPENSION. No chief officer of either department or member of the fire department may be deprived of any salary or wages for the period of time suspended preceding an investigation or trial, unless the charge is sustained. No member of the police force may be suspended under sub. (11), (13) or (19) without pay or benefits until the matter that is the subject of the suspension is disposed of by the board or the time for appeal under sub. (13) passes without an appeal being made.

(19) CHARGES BY AGGRIEVED PERSON. In cases where duly verified charges are filed by any aggrieved person with the board of fire and police commissioners, setting forth sufficient cause for the removal of any member of either of the departments, including the chief, of the police assistants, the board may suspend such member or officer pending disposition of such charges. The board shall cause notice of the filing of the charges with a copy to be served upon the accused and shall set a date for the trial and investigation of the charges, following the procedure under this section. The board, or a 3-member panel of the board, shall decide by a majority vote and subject to the just cause standard described in sub. (17) (b) whether the charges are sustained. If sustained, the board shall immediately determine whether the good of the service requires that the accused be removed, suspended from office, without pay for a period not exceeding 60 days or reduced in rank. If the charges are not sustained, the accused shall be immediately reinstated without prejudice. The secretary of the board shall make the decision public.

(20) CIRCUIT COURT REVIEW; NOTICE. Any officer or member of either department discharged, suspended or reduced, may, within 10 days after the decision and findings under this section are filed with the secretary of the board, bring an action in the circuit court of the county in which the city is located to review the order. Such action shall begin by the serving of a notice on the secretary of the board making such order and on the city attorney of such city, which notice may be in the following or similar form:

In Circuit Court, .... County.
To .... Board of Fire and Police Commissioners.

To .... City Attorney:

Please take notice that I hereby demand that the circuit court of .... County review the order made by the Board of Fire and Police Commissioners on the ... day of ... A.D. ... discharging, (or suspending) ... from the .... department.

(Signed) ....

(21) CERTIFICATION AND RETURN OF RECORDS; HEARING. Upon the service of the demand under sub. (20), the board upon which the service is made shall within 5 days thereafter certify to the clerk of the circuit court of the county all charges, testimony, and everything relative to the trial and discharge, suspension or reduction in rank of the member. Upon the filing of the return with the clerk of court, actions for review shall be given preference. Upon application of the discharged member or the board, the court shall fix a date for the trial which shall be no later than 15 days after the date of the application except upon agreement between the board and the discharged or suspended member. The action shall be tried by the court without a jury and shall be tried upon the return made by the board. In determining the question of fact presented, the court shall be limited in the review thereof to the question: “Under the evidence is there just cause, as described in sub. (17) (b), to sustain the charges against the accused?” The court may require additional return to be made by the board, and may also require the board to take additional testimony and make return thereof.

(22) COSTS; REINSTATEMENT. No costs may be allowed in the action to either party and the clerks’ fees shall be paid by the city in which the department is located. If the decision of the board is reversed, the discharged or suspended member shall forthwith be reinstated in his or her former position in the department and shall be entitled to the same as if not discharged or suspended. If the decision of the board is sustained, the order of discharge, suspension or reduction shall be final and conclusive in all cases.

(23) DUTIES OF CHIEF. The chief engineer of the fire department and the chief of police of a 1st class city, shall be the head of their respective departments. The chief of police shall preserve the public peace and enforce all laws and ordinances of the city. The chiefs shall be responsible for the efficiency and general good conduct of the department under their control. The board may review the efficiency and general good conduct of the departments. A chief shall act as an adviser to the board when the board reviews his or her department. The board may issue written directives to a chief based on a review of the chief’s department. The chief receiving a directive shall implement the directive unless the directive is overruled in writing by the mayor. Each of the chiefs shall maintain and have custody of all property of their respective departments, including but not limited to, all books and records, which shall be available and subject to inspection by the board.

(24) SIGNAL SERVICE DEPARTMENT. All apparatus and all mechanical appliances requiring the use of telegraph or telephone wire or other wire for signaling purposes, with the consequent use of the public highways, together with such wire and all appurtenances to such apparatus and the constructional work therefor, may be placed under the management and control of a separate department. Such department shall be established and the compensation of the superintendent and all employees of such department shall be fixed by ordinance of the common council. The superintendent of the department shall be appointed by the board, and all other employees of the department shall be appointed in the same manner, and shall be subject to removal upon the same conditions as the members of the fire and police departments, and wherever applicable this section shall apply to such department the same as to the fire and police departments.

(25) CHIEF EXAMINER. The board may appoint a chief examiner. The board shall prescribe the chief examiner’s duties and compensation, which shall be paid by the city on the certificate of the board. Such examiner is subject to removal at any time by a majority of the board, and the board may change such duties and compensation at any time as it deems proper. The board may fix
and alter compensation for any other examiners appointed by the board, and such compensation shall be paid by the city on certificate of the board.

(26) RESERVATION OF EXISTING TERMS. Nothing contained in this section may be construed to affect the term of office of any person who is a member of any police or fire commission in any city of the 1st class nor to affect the term of office of any member appointed to fill out the unexpired term of any person who is a member of such commission at the time this section first applies to such city.

(27) MAYOR TO APPOINT ADDITIONAL MEMBERS. A mayor of a city of the 1st class, whether acting under a general or special charter, shall appoint a sufficient number of members for the police and fire commission of such city so that the commission shall conform with this section, and such additional members and their successors shall be appointed for a term of 5 years.

(28) ENGAGING IN POLITICAL ACTIVITY. Subject to the requirements of ch. 164, the common council of any 1st class city may enact an ordinance which regulates the political activities of its law enforcement officers, as defined in s. 165.85 (2) (c), including, but not limited to, providing for leaves of absence for members who are candidates for or who are elected to public office.

(29) OFFICERS’ RIGHTS. In case of a conflict with ch. 164, the provisions of ch. 164 supersede the provisions of this section.

Circuit court review of a decision of the Milwaukee Board of Fire and Police Commissioners by a writ of certiorari was proper. Edmonds v. Board of Fire & Police Commissioners, 66 Wis. 2d 337, 224 N.W.2d 575 (1975).

The finding of the City of Milwaukee Board of Fire and Police Commissioners was insufficient in failing to specify what particular wrongful acts the officers performed or why those acts constituted conduct unbecoming an officer under the circumstances, not withstanding the Mayor’s directive to make separate findings to each officer, because it makes its determination the board is required to state specific findings of fact and conclusions of law in the manner required of state agencies under this section. State ex rel. Henschke v. Milwaukee, 177 Wis. 777, 178 N.W.2d 447 (1970). An arbitrator exceeded his power by directing that the grievant be transferred when the grievant was employed by the city in four capacities, that is, member of the Milwaukee Fire Department, chief of the fire department, member and chief of police. Milwaukee v. Milwaukee Police Association, 97 Wis. 2d 15, 292 N.W.2d 841 (1980).

Discharges based solely on coerced confessions were improper. Odsmen v. Board of Fire & Police Commissioners, 108 Wis. 2d 143, 321 N.W.2d 161 (1982).

A circuit court may sua sponte address constitutional issues not presented by the parties, but must allow the parties to develop a factual record pursuant to sub. (21). Slade v. Milwaukee Board of Fire & Police Commission, 212 Wis. 2d 777, 569 N.W.2d 740 (Ct. App. 1997), 96−1347.

When multiple disciplinary charges and suspensions arise from a single transaction, no suspension for purposes of sub. (13) must be assessed by aggregating the suspensions. Parker v. Jones, 226 Wis. 2d 310, 595 N.W.2d 92 (Ct. App. 1999), 98−3218.

It is unconstitutional to condition continued public employment upon a waiver of the privilege against self-incrimination. An employee may be required to answer questions in a disciplinary hearing when granted immunity from criminal prosecution, but not where immunity for uncoerced false statements made during a disciplinary investigation. There is no requirement for Miranda−like warnings, which in their absence would require the suppression of all statements made in disciplinary proceedings. Herck v. Police & Fire Commission of Menomonee Falls, 226 Wis. 2d 504, 595 N.W.2d 113 (Ct. App. 1999), 98−1927.

The 60−day period in sub. (17) refers to working days. Balcerzak v. Board of Fire & Police Commissioners, 328 Wis. 2d 644, 608 N.W.2d 382, 288−2899.

Sub. (9) only designates who must fill vacancies and new appointments in the department, not withstanding the vacancies must be filled. It does not create a positive duty for fill vacancies as they occur. If the chief determines that vacancies can be filled by promotion with safety to the department, the chief must fill those positions at any certain time. Pasko v. City of Milwaukee, 2002 WI 33, 252 Wis. 2d 1, 643 N.W.2d 72, 99−2355.

The board of fire and police commissioners has express and implied authority to promulgate rules under sub. (19)(b). Subsequent to sub. (19) pertaining to complaints by aggrieved persons against a member. Under sub. (3) (a), the board may prescribe rules for the authorization of direction or control of its members. While sub. (19) affects how complaints from members of the general public will be processed, it also deals with the discipline of members. Sub. (19) implicitly conveys some powers to the board because it leaves open some of the methods by which the board should operate. Milwaukee Police & Fire Commission v. City of Wauwatosa, 2007 WI 101, 304 Wis. 2d 53, 735 N.W.2d 156, 05−1160.

Police officers who are discharged have a right to a trial before the board that complies with due process. The legitimacy of a discharge of the “board” under sub. (18) until the board provides such a trial. Milwaukee Police Association v. City of Milwaukee, 2008 WI App 119, 313 Wis. 2d 253, 757 N.W.2d 76, 07−2437.

Subsections (11) to (19) require a just cause due process hearing only when a police officer or firefighter has been disciplined. There is nothing in the statute’s language or context that suggests that this section applies to an office placed on unpaid Family Medical Leave Act leave. Milwaukee Police Association v. Flynn, 2011 WI App 112, 335 Wis. 2d 495, 801 N.W.2d 466, 10−2254.

Finding a mistake of law is neither specifically authorized nor specifically prohibited, but compliance with the specific standards imposed on the board by statute is certainly expected by the legislature. A board must be quasi−judicial body and was found acting as such when it held hearings into the alleged infractions. 62.62(4) and regulations of the Milwaukee Police Department in this case. The authority to reconsider a decision based on an error was implicit in the grant of authority to the board as a quasi−judicial body. Schoen v. Board of Fire and Police Commissioners of the City of Milwaukee, 2015 WI App 95, 366 Wis. 2d 279, 873 N.W.2d 232, 14−2821.

A board does not have original rule−making authority under sub. (23). A board can suspend rules prescribed by the chief of the Fire and Police departments and can enact rules to replace suspended rules. 71 Atty. Gen. 60.

A property interest in employment with the police department is recognized in sub. (1); therefore there is no property interest in a particular job assignment. Without a pro−

II of ch. 119 to be an agent of the board of school directors in charge of the public schools under ch. 119 upon transfer under s. 119.9002 (3) of the school using the land, buildings, and facilities to the opportunity schools and partnership program under subch. 62.55 Requirements for surety bonds of officers and employees in 1st class cities. If an office or position in the service of a 1st class city involves fiduciary responsibility or the handling of money, the appointing officer may require the appointee to furnish a bond or other security to the officer and the city for the faithful performance of the appointee's duty. The amount of the bond or security shall be fixed by the appointing officer, with the approval of the mayor. Notice of the mayor's approval shall be given to the city clerk by the mayor. Each bond shall be approved by the city attorney as to form and execution and by the common council as to sufficiency of sureties. Any surety company, the bonds of which are accepted by the judge of any court of record in this state, or which is approved by the comptroller of the city, is sufficient security on the bond. The premium on a bond under this section, within the limits fixed by law, shall be paid out of the city treasury. The appointing officer shall immediately after the execution of the bond file the bond with the city clerk. The city clerk shall require compliance with the terms of this section requiring the filing of bonds with the city clerk by officers and employees. Bonds of city officers and employees under this section, duly witnessed and acknowledged, after being approved by the common council, shall be delivered to the city comptroller, who shall have them recorded in the office of the register of deeds. After the bonds are recorded, the bonds shall be returned to the city clerk, who shall keep them on file in the city clerk's office; except that after the recording of the bond of the city clerk by the city comptroller, that bond shall remain on file in the office of the city comptroller. Each bond filed by any surety company shall be accompanied by a duplicate of the bond. The duplicate shall be filed by the clerk with the city comptroller.

62.57 Uniform salaries in 1st class cities. The common council of a 1st class city may adopt a uniform and comprehensive salary or wage ordinance, or both, based on a classification of officers, employees and positions in the city service, whether previously so classified or not, if provision has been made in the budget of the current year for the total sum of money required for the payment of the salaries and wages and a tax levied to fund the wages and salaries. Wages under this section may be fixed by resolution. The common council may, at any time, determine a cost-of-living increment or deduction, to be paid in addition to wages or salaries under this section, based on a proper finding of the United States bureau of labor statistics. The common council may provide for overtime pay and compensatory time under s. 103.025 for employees who work in excess of 40 hours per week.

62.59 Police authority to alderpersons in 1st class cities repealed. No common council in a 1st class city by ordinance may give alderpersons the powers of city police officers.

62.61 Health insurance; 1st class cities. The common council of a 1st class city may, by ordinance or resolution, provide for, including the payment of premiums of, general hospital, surgical and group insurance for both active and retired city officers and city employees and their respective dependents in private companies, or may, by ordinance or resolution, elect to offer to all of its employees a health care coverage plan through a program offered by the group insurance board under ch. 498. Municipalities which elect to participate under s. 40.51 (7) are subject to the applicable sections of ch. 40 instead of this section. Contracts for insurance under this section may be entered into for active officers and employees separately from contracts for retired officers and employees. Appropriations may be made for the purpose of financing insurance under this section. Moneys accruing to a fund to finance insurance under this section, by investment or otherwise, may not be diverted for any other purpose than those for which the fund was set up or to defray management expenses of the fund or to partially pay premiums to reduce costs to the city or to persons covered by the insurance, or both.

62.62 Appropriation bonds for payment of employee retirement system liability in 1st class cities. (1) Definitions. In this section:

(a) "Appropriation bond" means a bond issued by a city to evidence its obligation to repay a certain amount of borrowed money that is payable from all of the following:

1. Moneys annually appropriated by law for debt service due with respect to such appropriation bond in that year.
2. Proceeds of the sale of such appropriation bonds.
3. Payments received for that purpose under agreements and ancillary arrangements described in s. 62.621.
4. Investment earnings on amounts in subds. 1. to 3.

(b) "Bond" means any bond, note, or other obligation of a city issued under this section.

(c) "City" means a 1st class city.

(d) "Common Council" means the common council of a city.

(e) "Refunding bond" means an appropriation bond issued to fund or refund all or any part of one or more outstanding pension-related bonds.

1m Legislative finding and determination. Recognizing that a city, by preparing part or all of the city's unfunded prior service liability with respect to an employee retirement system of the city, may reduce its costs and better ensure the timely and full payment of retirement benefit packages to its employees, the legislature finds and determines that it is in the public interest for the city to issue appropriation bonds to obtain proceeds to pay its unfunded prior service liability.

(2) Authorization of appropriation bonds. (a) A common council shall have all powers necessary and convenient to carry out its duties, and to exercise its authority, under this section.

(b) Subject to pars. (c) and (d), a common council may issue appropriation bonds under this section to pay all or any part of the city's unfunded prior service liability with respect to an employee retirement system of the city, or to fund or refund outstanding appropriation bonds issued under this section. A city may use proceeds of appropriation bonds to pay issuance or administrative expenses, to make deposits to reserve funds, to pay accrued or funded interest, to pay the costs of credit enhancement, to make payments under other agreements entered into under s. 62.621, or to make deposits to stabilization funds established under s. 62.621.

(c) Other than refunding bonds issued under sub. (6), all bonds must be issued simultaneously.

(d) 1. Before a city may issue appropriation bonds under par. (b), its common council shall enact an ordinance that establishes a 5-year strategic and financial plan related to the payment of all
or any part of the city’s unfunded prior service liability with respect to an employee retirement system of the city. The strategic and financial plan shall provide that future annual pension liabilities are funded on a current basis. The strategic and financial plan shall contain quantifiable benchmarks to measure compliance with the plan. The common council shall make a determination that the ordinance meets the requirements of this subdivision and, absent manifest error, the common council’s determination shall be conclusive. The common council shall submit to the governor and to the chief clerk of each house of the legislature, for distribution to the legislature under s. 13.172 (2), a copy of the strategic and financial plan.

2. Annually, the city shall submit to the governor, the department of revenue, and the department of administration, and to the chief clerk of each house of the legislature, for distribution to the legislature under s. 13.172 (2), a report that includes all of the following:
   a. The city’s progress in meeting the benchmarks in the strategic and financial plan.
   b. Any proposed modifications to the plan.
   c. The status of any stabilization fund that is established under s. 62.622 (3).
   d. The most current actuarial report related to the city’s employee retirement system.
   e. The amount, if any, by which the city’s contributions to the employee retirement system for the prior year is less than the normal cost contribution for that year as specified in the initial actuarial report for the city’s employee retirement system for that year.
   f. The amount that the actuary determines is the city’s required contribution to the employee retirement system for that year.

2m PENALTY FOR INADEQUATE CONTRIBUTION. If the city’s contributions to the employee retirement system for the prior year is less than the lower of the required contribution for that year, as described in sub. (2) (d) 2.f., or the normal cost for that year, the department of revenue shall reduce and withhold the amount of the shared revenue payments to the city under subch. I of ch. 79, in the following year, by an amount equal to the difference between the required cost contribution for that prior year and the city’s actual contribution in that prior year. The department of revenue shall deposit the amount of the reduced and withheld shared revenue payment into the city’s employee retirement system.

3 TERMS. (a) A city may borrow moneys and issue appropriation bonds in evidence of the borrowing pursuant to one or more written authorizing resolutions under sub. (4). Unless otherwise provided in an authorizing resolution, the city may issue appropriation bonds at any time, in any specific amounts, at any rates of interest, for any term, payable at any intervals, at any place, in any manner, and having any other terms or conditions that the common council considers necessary or desirable. Appropriation bonds may bear interest at variable or fixed rates, bear no interest, or be of any other term or conditions that the common council considers necessary or desirable. (7) (d).

(f) A city shall not be generally liable on appropriation bonds, and appropriation bonds shall not be a debt of the city for any purpose whatsoever. Appropriation bonds, including the principal thereof and interest thereon, shall be payable only from amounts that the common council may, from year to year, appropriate for the payment thereof.

4 PROCEDURES. (a) No appropriation bonds may be issued by a city unless the issuance is pursuant to a written authorizing resolution adopted by a majority of a quorum of the common council. The resolution may be in the form of a resolution or trust indenture, and, shall set forth the aggregate principal amount of appropriation bonds authorized thereby, the manner of their sale, and the form and terms thereof. The resolution or trust indenture may establish such funds and accounts, including a reserve fund, as the common council determines.

(b) Appropriation bonds may be sold at either public or private sale and may be sold at any price or percentage of par value. All appropriation bonds sold at public sale shall be noticed as provided in the authorizing resolution. Any bid received at public sale may be rejected.

5 FORM. (a) As determined by the common council, appropriation bonds may be issued in book-entry form or in certificated form. Notwithstanding s. 403.104 (1), every evidence of appropriation bond is a negotiable instrument.

(b) Every appropriation bond shall be executed in the name of and for the city by the president of the common council and city clerk, and shall be sealed with the seal of the city, if any. Facsimile signatures of either officer may be imprinted in lieu of manual signatures, but the signature of at least one such officer shall be manual. An appropriation bond bearing the manual or facsimile signature of a person in office at the same time the signature was signed or imprinted shall be fully valid notwithstanding that before or after the delivery of such appropriation bond the person ceased to hold such office.

(c) Every appropriation bond shall be dated not later than the date it is issued, shall contain a reference by date to the appropriate authorizing resolution, shall state the limitation established in sub. (3) (f), and shall be in accordance with the appropriate authorizing resolution in all respects.

(d) An appropriation bond shall be substantially in such form and contain such statements or terms as determined by the common council, and may not conflict with law or with the appropriate authorizing resolution.

6 REFUNDING BONDS. (a) 1. A common council may authorize the issuance of refunding appropriation bonds. Refunding appropriation bonds may be issued, subject to any contract rights vested in owners of the appropriation bonds being refunded, to refund all or any part of one or more issues of appropriation bonds notwithstanding that the appropriation bonds may have been issued at different times or issues of general obligation promissory notes under s. 67.12 (12) were issued to pay unfunded prior service liability with respect to an employee retirement system. The principal amount of the refunding appropriation bonds may not exceed the sum of: the principal amount of the appropriation bonds or general obligation promissory notes being refunded; applicable redemption premiums; unpaid interest on the refunded appropriation bonds or general obligation promissory notes to the date of delivery or exchange of the refunding appropriation bonds; in the event the proceeds are to be deposited in trust as provided in par. (c), interest to accrue on the appropriation bonds or general obligation promissory notes to be refunded from the date of delivery to the date of maturity or to the redemption date selected by the common council, whichever is earlier; and the expenses incurred in the issuance of the refunding appropriation bonds and the payment of the refunded appropriation bonds or general obligation promissory notes.
A common council may authorize the issuance of general obligation promissory notes under s. 67.12 (12) (a) to refund appropriation bonds, notwithstanding s. 67.01 (9) (intro.).

(b) If a common council determines to exchange refunding appropriation bonds, they may be exchanged privately for, and in payment and discharge of, any of the outstanding appropriation bonds being refunded. Refunding appropriation bonds may be exchanged for such principal amount of the appropriation bonds being exchanged therewith as may be determined by the common council to be necessary or desirable. The owners of the appropriation bonds being refunded who elect to exchange need not pay accrued interest on the refunding appropriation bonds if and to the extent that interest is accrued and unpaid on the appropriation bonds being refunded and to be surrendered. If any of the appropriation bonds to be refunded are to be called for redemption, the common council shall determine which redemption dates are to be used, if more than one date is applicable and shall, prior to the issuance of the refunding appropriation bonds, provide for notice of redemption to be given in the manner and at the times required by the resolution authorizing the appropriation bonds to be refunded.

(c) 1. The principal proceeds from the sale of any refunding appropriation bonds shall be applied either to the immediate payment and retirement of the appropriation bonds or general obligation promissory notes being refunded or, if the bonds or general obligation promissory notes have not matured and are not presently redeemable, to the creation of a trust for, and shall be pledged to the payment of, the appropriation bonds or general obligation promissory notes being refunded.

2. If a trust is created, a separate deposit shall be made for each issue of appropriation bonds or general obligation promissory notes being refunded. Each deposit shall be with a bank or trust company authorized by the laws of the United States or of a state in which it is located to conduct banking or trust company business. If the total amount of any deposit, including moneys other than sale proceeds but legally available for such purpose, is less than the principal amount of the appropriation bonds or general obligation promissory notes being refunded and for the payment of which the deposit has been created and pledged, together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption, then the application of the sale proceeds shall be legally sufficient only if the moneys deposited are invested in securities issued by the United States or one of its agencies, or securities fully guaranteed by the United States, and only if the principal amount of the securities at maturity and the interest thereon to maturity will be sufficient and available, without the need for any further investment or reinvestment, to pay at maturity or upon redemption the principal amount of the appropriation bonds or general obligation promissory notes being refunded together with applicable redemption premiums and interest accrued and to accrue to maturity or to the date of redemption. The income from the proceeds of the securities shall be applied solely to the payment of the principal of and interest and redemption premiums on the appropriation bonds or general obligation promissory notes being refunded, but provision may be made for the pledging and disposition of any surplus.

3. Nothing in this paragraph may be construed as a limitation on the duration of any deposit in trust for the retirement of appropriation bonds or general obligation promissory notes being refunded that have not matured and that are not presently redeemable. Nothing in this paragraph may be construed to prohibit reinvestment of the income of a trust if the reinvestments will mature at such times that sufficient moneys will be available to pay interest, applicable premiums, and principal on the appropriation bonds or general obligation promissory notes being refunded.

(7) Fiscal regulations. (a) All appropriation bonds shall be registered by the city clerk or city treasurer of the city issuing the appropriation bonds, or such other officers or agents, including fiscal agents, as the common council may determine. After registration, no transfer of an appropriation bond is valid unless made by the registered owner’s duly authorized attorney, on the records of the city and similarly noted on the appropriation bond. The city may treat the registered owner as the owner of the appropriation bond for all purposes. Payments of principal and interest shall be by electronic funds transfer, check, share draft, or other draft to the registered owner at the owner’s address as it appears on the register, unless the common council has otherwise provided. Information in the register is not available for inspection and copying under s. 19.35 (1). The common council may make any other provision respecting registration as it considers necessary or desirable.

(b) The common council may appoint one or more trustees or fiscal agents for each issue of appropriation bonds. The city treasurer may be designated as the trustee and the sole fiscal agent or as cofiscal agent for any issue of appropriation bonds. Every other fiscal agent shall be an incorporated bank or trust company authorized by the laws of the United States or of the state in which it is located to conduct banking or trust company business. There may be deposited with a trustee, in a special account, moneys to be used only for the purposes expressly provided in the resolution authorizing the issuance of appropriation bonds or an agreement between the city and the trustee. The common council may make other provisions respecting trustees and fiscal agents as the common council considers necessary or desirable and may enter into contracts with any trustee or fiscal agent containing such terms, including compensation, and conditions in regard to the trustee or fiscal agent as the common council considers necessary or desirable.

(c) If any appropriation bond is destroyed, lost, or stolen, the city shall execute and deliver a new appropriation bond, upon filing with the common council evidence satisfactory to the common council that the appropriation bond has been destroyed, lost, or stolen, upon providing proof of ownership thereof, and upon furnishing the common council with indemnity satisfactory to it and complying with such other rules of the city and paying any expenses that the city may incur. The common council shall cancel the appropriation bond surrendered to the city.

(d) Unless otherwise directed by the common council, every appropriation bond paid or otherwise retired shall be marked “canceled” and delivered to the city treasurer, or to such other fiscal agent as applicable with respect to the appropriation bond, who shall destroy them and deliver a certificate to that effect to the city clerk.

(8) Appropriation bonds as legal investments. Any of the following may legally invest any sinking funds, moneys, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

(a) The state, the investment board, public officers, municipal corporations, political subdivisions, and public bodies.

(b) Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business.

(c) Personal representatives, guardians, trustees, and other fiduciaries.

(9) Moral obligation pledge. If the common council considers it necessary or desirable to do so, it may express in a resolution authorizing appropriation bonds its expectation and aspiration to make timely appropriations sufficient to pay the principal and interest due with respect to such appropriation bonds, to make deposits into a reserve fund created under sub. (4) (a) with respect to such appropriation bonds, to make payments under any agreement or ancillary arrangement entered into under s. 62.621 with respect to such appropriation bonds, to make deposits into any stabilization fund established or continued under s. 62.622 with respect to such appropriation bonds, or to pay related issuance or administrative expenses.

(3) STABILIZATION FUNDS. (a) To facilitate a pension funding plan a common council may establish a stabilization fund. This section concerns a matter of primarily statewide concern, and, accordingly, survives the plaintiffs’ home rule challenge under Article XI, section 3 (1) of the Wisconsin Constitution. Madison Teachers, Inc. v. Walker, 2014 WI 99, 358 Wis. 2d 1, 851 N.W.2d 337, 12–2067. This section does not violate Article I, section 12, the Contract Clause of the Wisconsin Constitution. Nothing in 2011 Wis. Act 10 purports to reduce, impair, or affect in any way benefits that have already accrued to plan members. This section modifies only the method by which the Milwaukee ERS is funded; the pension, disability, and death benefits that accrue to plan members pursuant to the terms and conditions in the Milwaukee Retirement System ordinance remain unaffected. Madison Teachers, Inc. v. Walker, 2014 WI 99, 358 Wis. 2d 1, 851 N.W.2d 337, 12–2067.

(2) Retirement Board. By a majority vote of its members, the common council of a 1st class city may create a retirement board to administer an annuity and benefit fund under this section. The retirement board may make rules and regulations under which all participants contribute to and receive benefits from the fund. Members of the board shall serve without compensation. Three members of the board shall be city employees elected by the members of the retirement system and shall serve 4-year terms and 5 members shall be appointed under s. 62.51 and shall serve 3-year terms. The common council may provide for contribution by the city to the annuity and benefit fund. The executive director of the retirement board shall be appointed under s. 62.51.

(3) Investment of Retirement Funds. The board of a retirement system of a 1st class city, whose funds are independent of the retirement system of a 1st class city, which are presumed abandoned under s. 62.51, and shall serve 3-year terms. The retirement board may make rules and regulations under which funds in the abandoned employee retirement accounts are presumed abandoned and for the protection of its officer’s personal insurers. Millers National Ins. Co. v. Milwaukee, 148 Wis. 2d 280, 355 N.W.2d 280 (Cl. App. 1988).

(4) Exemption of Funds and Benefits from Taxation, Execution and Assignment. Except as provided in s. 49.852 and subject to s. 767.75, all moneys and assets of a retirement system of a 1st class city and all benefits and allowances, both before and after payment to any beneficiary, granted under the retirement system are exempt from any state, county or municipal tax or from attachment or garnishment process. The benefits and allowances may not be seized, taken, detained or levied upon by virtue of any executions, or any process or proceeding issued out of or by any court, process, order or thing for the payment and ratification in whole or in part of any debt, claim, damage, demand or judgment against any member of or beneficiary under the retirement system. No member of or beneficiary under the retirement system may assign any benefit or allowance either by way of mortgage or otherwise. The board may determine the manner in which funds in the abandoned employee retirement accounts are presumed abandoned and for the payment of any retirement allowance, pension or proceeds of a 1st class city’s retirement system no beneficiary may be designated for the payment of any retirement allowance, pension or proceeds of a 1st class city's retirement system, whose funds are independent of the retirement system of a 1st class city, which are presumed abandoned under s. 62.51, and shall serve 3-year terms. The board may make rules and regulations under which funds in the abandoned employee retirement accounts are presumed abandoned and for the protection of its officer’s personal insurers. Millers National Ins. Co. v. Milwaukee, 148 Wis. 2d 280, 355 N.W.2d 280 (Cl. App. 1988).

(5) Treatment of Abandoned Retirement Accounts. Funds in abandoned retirement accounts of a retirement system of a 1st class city, which are presumed abandoned under s. 177.13, are not subject to the custody of the state as unclaimed property under ch. 177, but shall be retained by the retirement system and used to reduce employer funding obligations to the retirement system. The board of a retirement system of a 1st class city shall devise rules and regulations for determining the conditions under which employee retirement accounts are presumed abandoned and for determining the manner in which funds in the abandoned employee retirement accounts may be used to reduce employer funding obligations to the retirement system.

Sub. (4) bars a court from directly dividing the pension. However, the pension is a marital asset accumulated during the course of the marriage. The court has discretion to order the employee spouse to make a specific payment election or order other orders in the event a selection is made that is counter to the nonemployee spouse’s interests. Sub. (4) does not usurp the court’s ability to effectuate an equitable division of the parties’ assets, including the pension. Waln v. Waln, 2005 WI App 54, 280 Wis. 2d 253, 694 N.W.2d 452, 04–1271.

62.65 Death benefit payments to foreign beneficiaries. The common council of a 1st class city may provide that under the city’s retirement system no beneficiary may be designated for the payment of any retirement allowance, pension or proceeds of a 1st class city's retirement system, whose funds are independent of the United States or Canada. If a beneficiary is designated who is neither a resident of the United States or Canada, any contributions or retirement allowance which would have been paid to the beneficiary had the beneficiary been a resident of either the United States or Canada is payable to the estate of the deceased member of the retirement system. The common council may also provide that if a death benefit would be payable because of the death of a member of the retirement system and the designated beneficiary of the death benefit is not a resident of either the United States or Canada, the death benefit which would have been paid had the designated beneficiary been a resident of either the United States or Canada is payable to the estate of the deceased member.

62.67 Uninsured motorist coverage; 1st class cities. A 1st class city shall provide uninsured motorist motor vehicle liability insurance coverage for motor vehicles owned by the city and operated by city employees in the course of employment. The coverage required by this section shall have at least the limits prescribed for uninsured motorist coverage under s. 62.32 (4) (a) 1. History: 1983 a. 537; Stats. 1983 s. 66.187; 1983 a. 538 s. 97; Stats. 1983 s. 66.189; 1999 a. 150 s. 309; Stats. 1999 s. 62.67; 2009 a. 28.

This section requires the city to provide uninsured motorist coverage for its vehicles regardless of whether it is able to obtain coverage from an insurance carrier. American Family Insurance Co. v. Milwaukee, 148 Wis. 2d 280, 355 N.W.2d 280 (Cl. App. 1988).

This section requires the city to be the primary provider of uninsured motorist coverage.Woworth v. City of Milwaukee, 198 Wis. 2d 98, 542 N.W.2d 473 (Cl. App. 1995), 95–0009.

A self–insured city is not an insurer within the meaning of s. 62.32 (4m) (a) 1, and is not subject to the requirement to provide underinsured motorist coverage. Van Erden v. Sobczak, 2004 WI App 40, 271 Wis. 2d 163, 677 N.W.2d 718, 02–1595.

62.69 First class city utilities. (1) Application. This section applies to 1st class cities.

(2) Water systems. (a) In this subsection, “commissioner of public works” includes any board of public works, or commissioner of public works, or other officer of the city having control of the city’s public works.

(b) In this subsection, all acts authorized to be done by the commissioner of public works, except enforcement of regulations approved by the common council, shall be approved by the common council before the acts may take effect.

(c) Water rates shall be collected in the manner and by whom the common council prescribes, and shall be accounted for and paid to the other officials in the manner and at the times that the council prescribes. Persons collecting water rates shall give a bond to cover all the duties in an amount prescribed by the council. Final accounting shall be made to the comptroller and final disposition of money shall be made to the city treasurer.

(d) When the city owns its water system, the commissioner of public works may make and enforce bylaws, rules and regulations in relation to the water system, and, before the actual introduction of water, the commissioner shall make bylaws, rules and regulations, fixing uniform water rates to be paid for the use of water furnished by the water system, and fixing the manner of distributing and supplying water for use or consumption, and for withholding or turning off water for cause. The commissioner may alter, modify or repeal the bylaws, rules and regulations.

(e) Water rates are due as the common council provides. To all water rates remaining unpaid 20 days after the due date, there shall be added a penalty of 5 percent of the amount due, and if the rates remain unpaid for 10 additional days, water may be turned off the premises. If the supply of water is turned off, water may not be turned on to the premises until all delinquent rates and penalties, and a sum not exceeding $2 for turning the water off and on, are paid. The penalty and charge may be made when payment is made to a collector sent to the premises. On or before the date on which rates become due, a written or printed notice or bill shall be mailed or personally delivered to the occupant or, upon written request, to the owner at the location the owner states, of all premises subject to the payment of water rates, stating the amount due, the date which the rates became due, and the amount for which the water supply is to be turned off. The notice or bill shall be mailed or delivered by the collector to the premises in question, or if the premises are not occupied, by personal service or posted to the premises.
the time and the place where the rates can be paid and the
penalty for neglect of payment.

(f) All water rates for water furnished to any building or
premises, all payments owing on loans provided as financial
assistance under s. 196.372 (2) to the owner of any building or
premises, and the cost of repairing meters, service pipes, stops or
stop boxes, are a lien on the lot, part of lot or parcel of land on
which the building or premises is located. If any water rates, those
loan payments, or bills for the repairing of meters, service pipes,
stops or stop boxes remain unpaid on October 1, the unpaid rates,
loan payments, or bills shall be certified to the city comptroller
on or before November 1, and shall be placed by the comptroller
upon the tax roll and collected in the same manner as other taxes
on real estate are collected in the city. The charge for water sup-
plied by the city in all premises where meters are attached and con-
ected shall be at rates fixed by the commissioner of public works
and for the quantity indicated by the meter. If the commissioner
of public works determines that the quantity indicated by the
meter is materially incorrect or if a meter has been off temporarily
due to repairs, the commissioner shall estimate the quantity used,
and the determination is conclusive. No water rates or rates
assessed against any property may be remitted or changed except
by the common council. Under this paragraph, if an unpaid charge
or bill is for utility service furnished and metered by the water-
works directly to a mobile home unit in a licensed mobile home
park, the delinquent amount is a lien on the mobile home unit
rather than a lien on the parcel of real estate on which the mobile
home unit is located. A lien on a mobile home unit may be
enforced using the procedures under s. 779.48 (2).

(h) The city commissioner of public works may issue a permit
to the county in which the city is located, to any national home for
disabled soldiers, to any other applicant to obtain water from
the city’s water system for use outside of the limits of the city and
for that purpose to connect any pipe that is laid outside of the city
limits with water pipe in the city. No permit may be issued until
the applicant files with the commissioner of public works a bond
in the sum and with the surety that the commissioner approves on
the condition: that the applicant will obey the rules and regula-
tions prescribed by the commissioner for the use of the water; that
the applicant will pay all charges fixed by the commissioner for
the use of the water as measured by a meter to be approved by the
commissioner, including the proportionate cost of fluoridating the
water and, except as to water furnished directly to county or other
municipal properties, which may not be less than one−quarter
more than those charged to the inhabitants of the city for like use
of water; that the applicant will pay to the city a water pipe assess-
ment if the property to be supplied with water has frontage on any
thoroughfare forming the city boundary line in which a water
main has been or shall be laid, and at the rate prescribed by the
commissioner; if the property to be supplied does not front on a
city boundary but is distant from a boundary, that a main pipe of
the same size, class and standard as terminates at the city boundary
shall be extended, and the entire cost shall be paid by the applicant
for the extension; that the water main shall be laid according to
city specifications and under city inspection; that the water main
and appliances shall become the property of the city, without any
compensation for the main or appliances, if the property supplied
with water by the extension or any part of the property is annexed
to or in any manner becomes a part of the city; and that the appli-
cant will pay to the city all damages out of the manner in which the
connection is made or water supply is used. In granting a permit to a county or to a national home for
disabled soldiers, the commissioner of public works may waive
the giving of a bond. Every permit shall be issued upon the under-
standing that the city is not liable for any damage in case of failure
to supply water by reason of any condition beyond its control.

(i) The commissioner of public works shall prescribe and regu-
late the kind of water meters to be used in the city and the manner
of attaching and connecting the water meters, and make other
rules for the use and control of water meters as are necessary to
secure reliable and just measurement of the quantity of water
used; and may alter and amend the rules as necessary for the pur-
poses named. If the owner or occupant of any premises, where the
attaching and connection of a water meter may lawfully be
required, neglects or fails to attach and connect a water meter, as
is required according to the rules established by the commissioner
of public works, for 30 days after the expiration of the time within
which the owner or occupant is notified by the commissioner of
public works to attach and connect a meter, the commissioner of
public works may cause the water supplied by the city to be cut off
from the premises, and it shall not be restored except upon the
terms and conditions prescribed by the commissioner of public
works.

(j) The commissioner of public works may prescribe and regu-
late the size of connections made with the distribution mains for
supplying automatic sprinkler systems and fix an annual charge
for such service.

(k) The commissioner of public works may make rules and
regulations for the proper ventilating and trapping of all drains,
soil pipes and fixtures constructed to connect with or be used in
connection with the sewerage or water supply of the city. The
common council may provide by ordinance for the enforcement
of the rules and regulations, including penalties. The commis-
ioner may make rules to regulate the use of vent, soil, drain, sewer
or water pipes in all buildings in the city proposed to be connected
with the city water supply or sewerage, specifying the dimensions,
strength and material. The commissioner may prohibit the intro-
duction into any building of any style of water fixture, tap or con-
nection determined to be dangerous to health or unfit to be used.
The commissioner shall require a rigid inspection by a skilled and
competent inspector under the direction of the commissioner of all
plumbing and draining work and water and sewer connections in
any building in the city, and unless the work and connections are
done or made according to rules of and approved by the commis-
ioner, no connection of the premises with the city sewerage or
water supply may be made.

(L) The commissioner of public works shall make an annual
report to the council of the commissioner’s doings under this sec-
tion, the state of the water fund and the general condition of the
water system. The report, after being submitted to the council,
shall be filed in the office of the comptroller.

3) Utility Directors. (a) In this subsection, “electric plant”
means a plant for the production, transmission, delivery and fur-
ishing of electric light, heat or power directly to the public.

(b) If the city decides to acquire an electric plant or any other
public utility in accordance with the provisions of this section, the
mayor, prior to the city taking possession of the property, shall

(3) ACQUISITION, IMPROVEMENT AND ESTABLISHMENT OF PEDESTRIAN MALLS. (a) Upon petition of a community development advisory body or upon its own motion, the council may by resolution designate lands to be acquired, improved and operated as pedestrian malls or may by ordinance designate streets, including a federal, state, county or any other highway system with the approval of the jurisdiction responsible for maintaining that highway system, in or adjacent to business districts to be improved for primarily pedestrian uses. The council may acquire by gift, purchase, eminent domain, or otherwise, land, real property or rights-of-way for inclusion in a pedestrian mall district or for use in connection with pedestrian mall purposes. The council may make improvements on mall intersections, intersecting streets or upon facilities acquired for parking and other related purposes, if the improvements are necessary or convenient to the operation of the mall.

(b) In establishing or improving a pedestrian mall, the council may narrow any street designated a part of a pedestrian mall, reconstruct or remove any street vaults or hollow sidewalks existing by virtue of a permit issued by the city, construct crosswalks at any point on the pedestrian mall, or cause the roadway to curve and meander within the limits of the street without regard to the uniformity of width of the street or curve or absence of curve in the center line of the street.

(c) 1. Subject to subd. 2., the council may authorize the payment of the entire cost of any pedestrian mall improvement established under this section by appropriation from the general fund, by taxation or special assessments, and by the issuance of municipal bonds, general or particular special improvement bonds, revenue bonds, mortgages or certificates, or by any combination of these financing methods.

2. If a pedestrian mall improvement is financed by special assessments and special improvement bonds are not issued, the special assessments, when collected, shall be applied to the payment of the principal and interest on any general obligation bonds issued or to the reduction of general taxes if general obligation bonds or the general tax levy is used to finance the improvement.

(d) The council may exercise the powers granted by this subsection only if it makes the findings required under sub. (4) and complies with the procedures and requirements under subs. (5), (6) and (8).

(4) PRELIMINARY FINDINGS. No pedestrian mall may be established under sub. (3) unless the council finds all of the following:

(a) That the proposed pedestrian mall will be located primarily in or adjacent to a business district.

(b) That there exist reasonably convenient alternate routes for private vehicles to other parts of the city and state.

(c) That the continued unlimited use by private vehicles of all or part of the streets in the proposed mall district endangers pedestrian safety.

(d) That properties abutting the proposed mall can be reasonably and adequately provided with emergency vehicle services and delivery and receiving of merchandise or materials either from other streets or alleys or by the limited use of the pedestrian mall for these purposes.
(e) That it is in the public interest to use all or part of the street
in the proposed mall district primarily for pedestrian purposes.

(5) PROCEDURES. (a) Before establishing a pedestrian mall or
undertaking any pedestrian mall improvement, the council shall
by resolution authorize the commissioner of public works and the
local planning agency to make studies and prepare preliminary
plans for the proposed project. The local planning agency shall
hold a public hearing on these studies and preliminary plans.

(b) Upon receiving the authority under par. (a) and upon com-
pletion of the public hearing, the commissioner of public works
shall prepare a report which shall include all of the following:
1. A plat and survey showing the character, course and extent
of the proposed pedestrian mall.
2. A description of any proposed alterations of any street and
of any public or private utilities running under or over any public
way.
3. A description of the methods to be used in completing the
project, including information on grading, drainage, planting,
street lighting, paving, curbing, sidewalks, the types of construc-
tion materials and the proposed initial distribution and location of
any movable furniture, sculptures, pedestrian or vehicle traffic
control devices, flowers and plantings and any other structures or
facilities.
4. A description of the property necessary to be acquired or
interfered with and the identity of the owner of each parcel if the
owner can be readily ascertained by the commissioner.
5. An estimate of the cost of each item in the proposed project,
described separately or in reasonable classifications detailed to
the council’s satisfaction.
6. In preparing the report under par. (b), the commissioner of
public works shall consult with any community development
advisory body which has been organized in the proposed pedes-
trian mall district.

(d) After referring the report described in par. (b) to the city
plan commission for review and recommendations, the commis-
sioner of public works shall submit the report, with the city plan
commission’s recommendations, if any, to the council and shall
file a copy in the office of the city clerk. The council may refer
the report and recommendations, with any necessary modific-
tions, to the board of assessment for action pursuant to subch. II
of ch. 32.

(e) Notwithstanding any other provision of this section, if a
petition protesting the establishment of a pedestrian mall or a
pedestrian mall improvement, duly signed and acknowledged by
the owners of 51 percent or more of the front footage of lands abut-
ting all or part of a street proposed as a pedestrian mall, is filed
with the city clerk at any time prior to the conclusion of all pro-
ceedings required under this section, the council shall terminate
its proceedings, and no proposal for the establishment of the
pedestrian mall or substantially the same pedestrian mall may be
introduced or adopted within one year after termination of pro-
ceedings under this paragraph.

(f) Proceedings governing the establishment of a pedestrian
mall or the undertaking of a pedestrian mall improvement are gov-
erned by subch. II of ch. 32.

(6) ORDINANCES. REQUIRED PROVISIONS. An ordinance estab-
lishing a pedestrian mall shall accomplish all of the following:
(a) Contain the findings required under sub. (4).
(b) Designate the streets, including intersecting streets, or parts
of streets to be used as a pedestrian mall.
(c) Limit the use of the surface of all or part of a street used as
a pedestrian mall to pedestrian users and to emergency, public
works, maintenance and utility transportation vehicles during
times that the council determines appropriate to enhance the pur-
poses and function of the pedestrian mall.

(7) USE BY PUBLIC CARRIERS. If the council finds that all or part
of a street which is designated as a pedestrian mall is served by a
common carrier engaged in mass transportation of persons within
the city and that continued use of all or part of the street by the
common carrier will benefit the city, the public and adjacent prop-
erty, the council may permit the carrier to use all or part of the
street for these purposes to the same extent and subject to the same
obligations and restrictions that are applicable to the carrier in the
use of other streets of the city. Upon like findings, the council may
permit use of all or part of the street by taxicabs or other public
passenger carriers.

(8) PERMITS. (a) If, at the time an ordinance establishing a
pedestrian mall is enacted, any property abutting all or part of the
pedestrian mall does not have access to some other street or alley
for the delivery or receiving of merchandise or materials, the ordi-
nance shall provide for one of the following:
1. The issuance of special access permits to the affected own-
ers for these purposes.
2. The designation of the hours or days on which the pedes-
trian mall may be used for these purposes without unreasonable
interference with the use of all or part of the mall by pedestrians
and other authorized vehicles.

(b) The council may issue temporary permits for closing all or
part of a pedestrian mall to all vehicular traffic for the promotion
and conduct of sidewalk art fairs, sidewalk sales, craft shows,
entertainment programs, special promotions and for other special
activities consistent with the ordinary purposes and functions of
the pedestrian mall.

(a) If, after the completion of any pedestrian mall improvement, the
commissioner of public works certifies that the actual cost is less
than the estimated cost upon which any aggregate assessment is
based, the aggregate assessment shall be reduced, subject to par.
(c), by a percentage amount of the excess estimated cost which is
equal to the percentage of the estimated cost financed by the
aggregate assessment. The city comptroller shall certify to the
city treasurer the amount that is refundable under this subsection.

(b) If the aggregate assessment described in par. (a) has been
fully collected, the city treasurer shall refund the excess assess-
ment to the affected property owners on a proportional basis.

(c) If the aggregate assessment described in par. (a) has not
been fully collected the amount of the refundable assessment shall
be reduced by a sum determined by the council to be sufficient to
cover anticipated assessment collection deficiencies and the bal-
ance, if any, shall be refunded to the affected owners on a propor-
tional basis. The treasurer shall deduct the appropriate amount
from installments due after the receipt of the certificate from the
city comptroller.

(10) ANNUAL COSTS. SPECIAL ACCOUNT. (a) Concurrently
with the submission of the plan, and annually thereafter by June 15 of
each year, the city comptroller and the commissioner of public
works, with the assistance of a community development advisory
body, if any, shall furnish the council with a report estimating the
cost of improving, operating and maintaining any pedestrian mall
district for the next fiscal year. Under the plan in effect, the report
shall include itemized cost estimates of any proposed changes in
the plan under consideration by the council and also a detailed
summary of the estimated costs chargeable to all of the following
categories:
1. The amount of the annual costs chargeable to the general
fund. The amount may not exceed that amount which the city nor-
mally allocates from the general fund for maintenance and opera-
tion of a street of similar size and location not improved as a pedes-
trian mall.
2. The amount of the annual costs chargeable to owners of
property in the district who are benefited by annual mall improve-
ments. The aggregate amount assessed against the owners may
not exceed the aggregate benefits accruing to all assessable prop-
erty.
3. The amount of the annual costs, if any, to be specially taxed
against taxable property in the district. The amount shall be deter-
mined by deducting from the estimated annual costs the amounts

2017–18 Wisconsin Statutes updated through 2019 Wis. Act 186 and through all Supreme Court and Controlled Substances Board Orders filed before and in effect on May 1, 2020. Published and certified under s. 35.18. Changes effective after May 1, 2020, are designated by NOTES. (Published 5–1–20)
under subs. 1. and 2., and the amount of anticipated rentals received from vendors using pedestrian mall facilities.

(b) Moneys appropriated and collected for annual pedestrian mall improvement costs shall be credited to a special account. The council may incur necessary annual costs, whether or not they have been included in the budget for that fiscal year, except that such nonbudgeted expenditures shall be included in the estimate required under par. (a) for the next following fiscal year. Any unexpended balances in the special account remaining at the end of a fiscal year shall be carried over to the appropriate category of the estimate required under par. (a) for the following fiscal year.

11. Nuisances; limitation of liability. (a) The installation of any furniture, structure or facility or the permitting of any use in a pedestrian mall district under a final plan adopted under this section is not a nuisance or unlawful obstruction or condition by reason of the location of the installation or use.

(b) The city or any person acting under permit is not liable for injury to persons or property in the absence of negligence in the construction, maintenance, operation or conduct of the installation or use under par. (a).

12. Interpretation; amendment and repeal. No action by the council establishing a pedestrian mall or undertaking a pedestrian mall improvement under this section may be construed as a vacation, abandonment or discontinuance of any street or public way. This section may not be construed to prevent the city from abandoning the establishment or operation of a pedestrian mall, changing the extent of a pedestrian mall, amending the description of the district to be assessed or taxed for annual improvement costs, or changing or repealing any limitations on the use of a pedestrian mall by private vehicles or any plan, rule or regulation adopted for the operation of a pedestrian mall.

13. Substantial compliance; validity. Substantial compliance with the requirements of this section is sufficient to give effect to any proceedings conducted under this section and any error, irregularity or informality not affecting substantial justice does not affect the validity of the proceedings.

(1) The common council of a 1st class city may vacate in whole or in part highways, streets, alleys, grounds, waterways, public walks and other public grounds within the corporate limits of the city that it determines the public interest requires to be vacated or are of no public utility, subject to s. 66.1005 (2). Proceedings under this section shall be commenced either by a petition presented to the common council signed by the owners of all property which abuts the portion of the public facilities proposed to be vacated, or by a resolution adopted by the common council. The requirements of s. 840.11 apply to proceedings under this section.

1m) Upon receiving a petition under this section or upon introduction of a resolution under this section, the common council shall deliver a copy of the petition or resolution to the commissioner of railroads if there is a railroad highway crossing within the public facilities proposed to be vacated.

2) All petitions or resolutions shall be referred to a committee of the common council for a public hearing on the proposed discontinuance and at least 7 days shall elapse between the date of the last service and the date of the hearing. A notice of hearing shall be served on the owners of record of all property which abuts the portion of the public facilities proposed to be vacated, in the manner provided for service of a summons.

3) If the common council initiates a discontinuance proceeding by resolution without a petition signed by all of the owners of the property which abuts the public facility proposed to be discontinued, any owner of property abutting the public facility whose property is damaged by the discontinuance may recover damages as provided in ch. 32.

4) The common council may order that an assessment of benefits be made and when so ordered the assessment shall be made as provided in s. 66.0703.
