CHAPTER 70

GENERAL PROPERTY TAXES

70.01 General property taxes; upon whom levied. Taxes shall be levied, under this chapter, upon all general property in this state except property that is exempt from taxation. Real estate taxes and personal property taxes are deemed to be levied when the tax roll in which they are included has been delivered to the local treasurer under s. 74.03. When so levied such taxes are a lien upon the property against which they are charged. That lien is superior to all other liens, except a lien under s. 292.31 (8) (i) or 292.81, and is effective as of January 1 in the year when the taxes are levied. Liens of special assessments of benefits for local improvements shall be in force as provided by the charter or general laws applicable to the cities that make the special assessments. In this chapter, unless the context requires otherwise, references to “this chapter” do not include ss. 70.37 to 70.395.

History: 1977 c. 29 s. 1646 (3); 1977 c. 31, 203; 1987 a. 378; 1993 a. 453; 1995 a. 227; 1997 a. 27.

The enactment of this chapter did not supersede the Milwaukee city charter, which exempts from taxation property leased by the city. Milwaukee v. Shoup Voting Machine Corp. 54 Wis. 2d 549, 196 N.W.2d 694 (1972).

Property held in trust by the federal government for the Menominee tribe and tribal members is not subject to state taxation. 66 Atty. Gen. 290.

70.02 Definition of general property. General property is all the taxable real and personal property defined in ss. 70.03 and 70.04 except that which is taxed under ss. 70.37 to 70.395 and ch.
76 and subchs. I and VI of ch. 77. General property includes manufacturing property subject to s. 70.995, but assessment of that property shall be made according to s. 70.995.

History: 1973 c. 90; 1977 c. 31; 1979 c. 221; 1985 a. 29 s. 3202 (39) (c).

70.03 Definition of real property. (1) In chs. 70 to 76, 78, and 79, “real property,” “real estate,” and “land” include not only the land itself but all buildings and improvements thereon, and all fixtures and rights appurtenant thereto, except as provided in sub. (2) and except that for the purpose of time-share property, as defined in s. 707.02 (32), real property does not include recurrent exclusive use and occupancy on a periodic basis or other rights, including, but not limited to, membership rights, vacation services, and club memberships.

(2) “Real property” and “real estate” do not include any permit or license required to place, operate, or maintain at a specific location one or more articles of personal property described under s. 70.04 (3) or any value associated with the permit or license.

Income that is attributable to land, rather than personal to the owner, is inextricably intertwined and is transferable to future owners. This income may be included in the land’s assessment because it appertains to the land. Income from managing separate off-site property may be inextricably intertwined with land and subject to assessment if the income is generated primarily on the assessed property itself.

70.04 Definition of personal property. In chs. 70 to 79, “personal property” includes all of the following:

(1g) All goods, wares, merchandise, chattels, and effects, of any nature or description, having any real or marketable value, and not included in the term “real property,” as defined in s. 70.03.

(1r) Toll bridges; private railroads and bridges; saw logs, timber, and lumber, either upon land or afloat; steamboats, ships, and other vessels, whether at home or abroad; ferry boats, including the franchise for running the same; ice cut and stored for use, sale, or shipment; beginning May 1, 1974, manufacturing machinery and equipment as defined in s. 70.11 (27), and entire property of companies defined in s. 76.28 (1), located entirely within one taxation district.

(2) Irrigation implements used by a farmer, including pumps, power units to drive the pumps, transmission units, sprinkler devices, and sectional piping.

(3) An off–premises advertising sign. In this subsection, “off–premises advertising sign” means a sign that does not advertise the business or activity that occurs at the site where the sign is located.

History: 1973 c. 90; 1973 c. 336 s. 36; 1979 c. 89; 1983 a. 27 s. 2202 (45); 1995 a. 225; 2013 a. 20; 2015 a. 196.

70.043 Mobile homes and manufactured homes. (1) A mobile home, as defined in s. 101.91 (10), or a manufactured home, as defined in s. 101.91 (2), is an improvement to real property if it is connected to utilities and is set upon a foundation upon land which is owned by the mobile home or manufactured home owner. In this section, a mobile home or manufactured home is “set upon a foundation” if it is off its wheels and is set upon some other support.

(2) A mobile home, as defined in s. 101.91 (10), or a manufactured home, as defined in s. 101.91 (2), is personal property if the land upon which it is located is not owned by the mobile home or manufactured home owner or if the mobile home or manufactured home is not set upon a foundation or connected to utilities.

History: 1983 c. 342; 1983 a. 332 s. 253; 1999 a. 150 s. 672; 2007 a. 11. Before 2007, a mobile home is an improvement to real property if the home is resting for more than a temporary time, in whole or in part, on some means of support other than its wheels. Ahrens v. Town of Fulton, 2002 WI 29, 251 Wis. 2d 135, 641 N.W.2d 423, 99–2466.

70.045 Taxation district defined. Except as provided in s. 70.114 (1) (e), in this chapter, “taxation district” means a town, village or city in which general property taxes are levied and collected.

70.05 Valuation of property; assessors in cities, towns and villages. (1) The assessment of general property for taxation in all the towns, cities and villages of this state shall be made according to this chapter unless otherwise specifically provided. There shall be elected at the spring election one assessor for each taxation district not subject to assessment by a county assessor under s. 70.99 if election of the assessor is provided. Commencing with the 1977 elections and appointments made on and after January 1, 1977, no person may assume the office of town, village, city or county assessor unless certified by the department of revenue under s. 73.09 as qualified to perform the functions of the office of assessor. If a person who has not been so certified is elected to the office, the office shall be vacant and the appointing authority shall fill the vacancy from a list of persons so certified by the department of revenue.

(2) The governing body of any town, city or village not subject to assessment by a county assessor under s. 70.99 may provide for the selection of one or more assistant assessors to assist the assessor in the discharge of the assessor’s duties.

(3) The assessment of property of manufacturing establishments subject to assessment under s. 70.995 shall be made according to that section.

(4) All assessment personnel, including personnel of a county assessor system under s. 70.99, appointed under this section on or after January 1, 1977, shall have passed an examination and have been certified by the department of revenue as qualified for performing the functions of the office.

(4m) A taxation district assessor may not enter upon a person’s real property for purposes of conducting an assessment under this chapter more than once in each year, except that an assessor may enter upon a person’s real property for purposes of conducting an assessment under this chapter more often if the property owner consents. A property owner may deny entry to an assessor of the interior of the owner’s residence if the owner has given prior notice to the assessor that the assessor may not enter the interior of the residence without the property owner’s permission. Each taxation district assessor shall create and maintain a database identifying all such property owners in the taxation district. A property owner’s refusal to allow the assessor to enter the interior of the owner’s residence shall not preclude the property owner from appearing before the board of review to object to the property’s valuation, as provided under s. 70.47 (7), and the city assessor may not increase the property’s valuation based solely on the property owner’s refusal to allow entry.

(4n) If a taxation district assessor is requesting to view the interior of a residence, the assessor shall provide written notice to the property owner of the property owner’s rights regarding the inspection of the interior of the owner’s residence. The notice shall be in substantially the following form:

PROPERTY OWNER RIGHTS

You have the right to refuse entry into your residence pursuant to section 70.05 (4m) of the Wisconsin statutes. Entry to view your property is prohibited unless voluntarily authorized by you. Pursuant to section 70.05 (4m) of the Wisconsin statutes, you have the right to refuse a visual inspection of the interior of your residence and your refusal to allow an interior inspection of your residence will not be used as the sole reason for increasing your property tax assessment. Refusing entry to your residence also does not prohibit you from objecting to your assessment pursuant to section 70.47 (7) of the Wisconsin statutes. Please indicate your consent or refusal to allow an interior visual inspection of your residence.

(5) (a) In this subsection:

1. “Assessed value” means with respect to each taxation district the total values established under ss. 70.32 and 70.34, but excluding manufacturing property subject to assessment under s. 70.995.

1m. “Class of property” means residential under s. 70.32 (2) (a) 1.; commercial under s. 70.32 (2) (a) 2.; personal property; or
the sum of undeveloped under s. 70.32 (2) (a) 5., agricultural forest under s. 70.32 (2) (a) 5m.; productive forest land under s. 70.32 (2) (a) 6. and other under s. 70.32 (2) (a) 7.

2. “Full value” means with respect to each taxation district the total value of property as determined under s. 70.57 (1), but excluding manufacturing property subject to assessment under s. 70.995.

3. “Major class of property” means any class of property that includes more than 10 percent of the full value of the taxation district.

(b) Each taxation district shall assess property at full value at least once in every 5−year period. Before a city, village, or town assessor conducts a revaluation of property under this paragraph, the city, village, or town shall publish a notice on its municipal website that a revaluation will occur and the approximate dates of the property revaluation. The notice shall also describe the authority of an assessor, under ss. 943.13 and 943.15, to enter land. If a municipality does not have a website, it shall post the required information in at least 3 public places within the city, village, or town.

(c) Annually beginning in 1992, the department of revenue shall determine the ratio of the assessed value to the full value of all taxable general property and of each major class of property of each taxation district and publish its findings in the report required under s. 73.06 (5).

(d) If the department of revenue determines that the assessed value of each major class of property of a taxation district, including 1st class cities, has not been established within 10 percent of the full value of the same major class of property during the same year at least once during the 4−year period consisting of the current year and the 3 preceding years, the department shall notify the clerk of the taxation district of its intention to proceed under par. (f).

(f) If the taxation district’s assessed value of each major class of property for the first year following the 4−year period is not within 10 percent of the full value of the same major class of property. The department’s notice shall be in writing and mailed to the clerk of the taxation district on or before November 1 of the year of the determination.

(g) If, in the 2nd year following the 4−year period under par. (d), the department of revenue determines that the assessed value of each major class of property of a taxation district, including 1st class cities, has not been established within 10 percent of the full value of the same major class of property, the department shall notify the clerk of the taxation district in writing on or before November 1 of the year of determination of the department’s intention to proceed under par. (g) if the taxation district’s assessed value of each major class of property for the 2nd year following the 4−year period under par. (d) is not within 10 percent of the full value of the same major class of property.

(h) If, in the 2nd year following the 4−year period under par. (d), the department of revenue determines that the assessed value of each major class of property is not within 10 percent of the full value of the same major class of property, the department shall order special supervision under s. 70.75 (3) for that taxation district for the assessments of the 3rd year following the 4−year period under par. (d). That order shall be in writing and shall be mailed to the clerk of the taxation district on or before November 1 of the year of the determination.

70.06 Assessments, where made; first class city districts; assessors; appointment, removal. (1) In cities of the 1st class the assessment of property for taxation shall be under the direction of the city commissioner of assessors, who shall perform such duties in relation thereto as are prescribed by the common council, and the assessment rolls of the city shall be made as the council directs, except where such city of the 1st class is under the jurisdiction of a county assessor under s. 70.99. Manufacturing property subject to s. 70.995 shall be assessed according to that section.

(2) The commissioner of assessments may, with the approval of the common council, appoint one chief assessor, one or more supervising assessors and supervising assessor assistants, one or more property appraisers, and other expert technical personnel that the commissioner of assessments considers to be necessary in order that all valuations throughout the city are uniformly made in accordance with the law. The chief assessor, supervising assessors, and supervising assessor assistants shall exercise the direction and supervision over assessment procedure and shall perform the duties in relation to the assessment of property that the commissioner of assessments determines. Together with the chief assessor and the assessment manager, they shall be members of the board of assessors and shall hold office in the same manner as assessors. Certification of the assessment roll shall be limited to the members of the board of assessors.

(3m) No person may assume the office of commissioner of assessments, chief assessor, assessment analysis manager, sys-
terms and administration supervisor, title records supervisor, supervising assessor, supervising assessor assistant, or property appraiser appointed under sub. (2), unless certified by the department of revenue under s. 73.09 as qualified to perform the functions of the office of assessor. If a person who has not been so certified is appointed to the office, the office shall be vacant and the appointing authority shall fill the vacancy from a list of persons so certified by the department of revenue.

(5) This section shall not apply to a city of the 1st class after it has come under a county assessor system.

70.07 Functions of board of assessors in first class cities. (1) In all 1st class cities the several assessors shall make their assessments available to the commissioner of assessments on or before the 2nd Monday in May in each year.

(2) The commissioner of assessments shall publish a class 3 notice, under ch. 985, that on the days named, the assessments for the city will be open for examination by the taxable inhabitants of the city. On the 2nd Monday of May the commissioner of assessments shall call together all of the assessors, the other members of the board of assessors as provided in s. 70.06 (2), and they together with the commissioner of assessments shall constitute an assessment board.

(3) To the end that all assessments throughout the city shall be made on a uniform basis, such board of assessors, under the direction and supervision of the commissioner of assessments, shall compare the valuations so secured, making all necessary corrections and all other just and necessary changes to arrive at the true value of property within the city; and the commissioner of assessments may direct that all objections to valuations filed under s. 70.06 (2), and they together with the commissioner of assessments shall constitute an assessment board.

(4) The concurrence of a majority of such board of assessors shall be necessary to determine any matter upon which the commissioner of assessments requires it to act. No notice need be given to the owners of the property assessed of any corrections or changes in assessments which are made prior to the day or days fixed in the notice mentioned in sub. (2) on which said assessments are to be open for examination, but any changes made thereafter and before the assessment roll is delivered to the board of review can only be made upon notice sent the person assessed if a resident of the city, or if a nonresident of the city, if the residence of the owner, agent or possessor is known to any member of said board of assessors.

(5) The commissioner of assessments may provide for such committees of the board of assessors, as the commissioner of assessments may think best, to make investigations including the investigations mentioned in sub. (3) and perform such other duties as are prescribed by the commissioner of assessments. The commissioner of assessments shall be chairperson of the board of assessors, and may appoint as a member or chairperson of the various committees, himself or herself, any assessor or other officer or employee in the commissioner’s department.

(6) The board of assessors shall remain in session until all corrections and changes have been made, including all those resulting from investigations by committees of objections to valuations filed with the commissioner of assessments as provided in this subsection, after which the commissioner of assessments shall prepare the assessment rolls as corrected by the board of assessors and submit them to the board of review not later than the 2nd Monday in October. The person assessed, having been notified of the determination of the board of assessors as required in sub. (4), shall be deemed to have accepted the determination unless the person notifies the commissioner of assessments in writing, within 15 days from the date that the notice of determination was issued under sub. (4), of the desire to present testimony before the board of review. After the board of review has met, the commissioner of assessments may appoint committees of the board of assessors to investigate any objections to the amount or valuation of any real or personal property which have been filed with the commissioner of assessments. The committees may at the direction of the commissioner of assessments report their investigation and recommendations to the board of review and any member of any such committee shall be a competent witness in any hearing before the board of review.

(7) This section shall not apply to a city of the 1st class after it has come under a county assessor system.

70.075 Functions of board of assessors in cities of the 2nd class. (1) In cities of the 2nd class the common council may by ordinance provide that objections to property tax assessments shall be processed through a board of assessors. In such cases, the city assessor shall publish a class 3 notice, under ch. 985, that on the days named in the notice, the assessments for the city will be open for examination by the taxable inhabitants of the city. On the 2nd Monday of May in each year the city assessor shall call together all of the members of the board of assessors as created in sub. (2) and they, together with the city assessor, shall constitute an assessment board.

(2) In cities of the 2nd class which have elected to have a board of assessors, the board shall have at least 3 members and no more than 7 members, and shall consist of the city assessor, assistant assessors, appraisers or other expert technical personnel appointed by the city assessor and approved by the common council.

(3) To the end that all assessments throughout the city shall be made on a uniform basis, such board of assessors, under the direction and supervision of the city assessor, shall compare the valuations so secured, making all necessary corrections and all other just and necessary changes to arrive at the true value of property within the city. The city assessor may direct that all objections to valuations filed with the city assessor in writing, in the manner provided in s. 70.47 (13), shall be investigated by the board.

(4) The concurrence of a majority of the board of assessors is necessary to determine any matter upon which the city assessor requires it to act. No notice need be given to the owners of the property assessed of any corrections or changes in assessments which are made prior to the day or days fixed in the notice specified under sub. (1) on which the assessments are to be open for examination, but any changes made thereafter and before the assessment roll is delivered to the board of review can only be made upon notice sent the person assessed if a resident of the city, or if a nonresident of the city, if the residence of the owner, agent or possessor is known to any member of the board of assessors.

(5) The city assessor may provide for committees of the board of assessors to make investigations including the investigations mentioned in sub. (3) and perform such other duties as may be prescribed. The city assessor shall chair the board of assessors, and may appoint as a member or chairperson of the various committees, himself or herself, an assistant assessor, or other officer or employee in the office of the city assessor.

(6) The board of assessors shall remain in session until all corrections and changes have been made, including all those resulting from investigations by committees of objections to valuations filed with the city assessor as provided in this section, after which the city assessor shall prepare the assessment rolls as corrected by the board of assessors and submit them to the board of review not later than the last Monday in July. A person assessed who has been notified of the determination of the board of assessors as required in sub. (4) is deemed to have accepted such determination unless the person notifies the city assessor in writing, within 15 days from the date that the notice of determination was issued under sub. (4), of a desire to present testimony before the board of
review. After the board of review meets, the city assessor may appoint committees of the board of assessors to investigate any objections to the amount or valuation of any real or personal property which are referred to the city assessor by the board of review. The committees so appointed may at the city assessor’s direction report their investigation and recommendations to the board of review and any member of any such committee shall be a competent witness in any hearing before the board of review.

(7) This section does not apply to a city of the 2nd class if it is contained within a county which adopts a county assessor system under s. 70.99.

History: 1977 c. 29; 1981 c. 20; 2005 a. 49.

70.08 Assessment district. The term “assessment district” is used to designate any subdivision of territory, whether the whole or any part of any municipality, in which by law a separate assessment of taxable property is made by an assessor or assessors elected or appointed therefor except that in cities of the first class such districts may be referred to as administrative districts.

70.09 Official real property lister; forms for officers. (1) LISTER, COUNTY BOARDS MAY PROVIDE FOR. Any county board may appoint a county real property lister and may appropriate funds for the operation of the department of such lister.

(b) To provide information on parcels of real property in the county for the use of taxation district assessors, city, village and town clerks and treasurers and county offices and any other persons requiring that information.

(c) To serve as the coordinator between the county and the taxation districts in the county for assessment and taxation purposes.

(d) To provide computer services related to assessment and taxation for the assessors, clerks and treasurers of the taxation districts in the county, including but not limited to data entry for the assessment roll, notice of assessments, summary reports, tax roll and tax bills.

(3) BASIC TAX FORMS. (a) The department of revenue shall prescribe basic uniform forms of assessment rolls, tax rolls, tax bills, tax receipts, tax roll settlement sheets and all other forms required for the assessment and collection of general property taxes throughout the state, and shall furnish each county designee a sample of the uniform forms.

(b) If any county has reason to use forms for assessment and collection of taxes in addition to those prescribed under par. (a), the county real property lister and treasurer jointly may prescribe such additional forms for use in their county, upon approval of the department of revenue.

(c) Each county designee who requires the forms prescribed in par. (a) and (c) shall procure them at county expense and shall furnish such forms to the assessors, clerks and treasurers of the taxation districts within the county, as needed in the discharge of their duties.

70.095 Assessment roll; time–share property. For the purpose of time–share property, as defined in s. 707.02 (32), a time–share instrument, as defined in s. 707.02 (28), shall provide a method for allocating real property taxes among the time–share owners, as defined in s. 707.02 (31), and a method for giving notice of an assessment and the amount of property tax to the owners. 70.10 Assessment, when made, exemption. The assessor shall assess all real and personal property as of the close of January 1 of each year. Except in cities of the 1st class and 2nd class cities that have a board of assessors under s. 70.075, the assessment shall be finally completed before the first Monday in April. All real property conveyed by condemnation or in any other manner to the state, any county, city, village or town by gift, purchase, tax deed or power of eminent domain before January 2 in such year shall not be included in the assessment. Assessment of manufacturing property subject to s. 70.995 shall be made according to that section.

History: 1973 c. 90; 1977 c. 29; 1981 c. 20.

70.109 Presumption of taxability. Exemptions under this chapter shall be strictly construed in every instance with a presumption that the property in question is taxable, and the burden of proof is on the person who claims the exemption.

History: 1997 a. 257.

70.11 Property exempted from taxation. The property described in this section is exempted from general property taxes if the property is exempt under sub. (1), (2), (18), (21), (27) or (30); if it was exempt for the previous year and its use, occupancy or ownership did not change in a way that makes it taxable; if the property was taxable for the previous year, the use, occupancy or ownership of the property changed in a way that makes it exempt and its owner, on or before March 1, files with the assessor of the taxation district where the property is located a form that the department of revenue prescribes or if the property did not exist in the previous year and its owner, on or before March 1, files with the assessor of the taxation district where the property is located a form that the department of revenue prescribes. Except as provided in subs. (3m) (c), (4) (b), (4a) (f), and (4d), leasing a part of the property described in this section does not render it taxable if the lessee uses all of the leasehold income for maintenance of the leased property or construction debt retirement of the leased property, or both, and, except for residential housing, if the lessee would be exempt from taxation under this chapter if it owned the property. Any lessor who claims that leased property is exempt from taxation under this chapter shall, upon request by the tax assessor, provide records relating to the lessor’s use of the income from the leased property. Property exempted from general property taxes is:

(1) PROPERTY OF THE STATE. Property owned by this state except land contracted to be sold by the state. This exemption shall not apply to land conveyed after September, 1933, to this state or for its benefit while the grantor or others for the grantor’s benefit are permitted to occupy the land or part thereof in consideration for the conveyance; nor shall it apply to land devised to the state or for its benefit while another person is permitted by the will to occupy the land or part thereof. This exemption shall not apply to any property acquired by the department of veterans affairs under s. 45.32 (5) and (7), 2017 stats., or to the property of insurers undergoing rehabilitation or liquidation under ch. 645. Property exempt under this subsection includes general property owned by the state and leased to a private, nonprofit corporation that oper-
a national ice training center, regardless of the use of the leasehold income.

(2) MUNICIPAL PROPERTY AND PROPERTY OF CERTAIN DISTRICTS. EXCEPTION. Property owned by any county, city, village, town, school district, technical college district, public inland lake protection and rehabilitation district, metropolitan sewerage district, municipal water district created under s. 198.22, joint local water authority created under s. 66.0823, long-term care district under s. 46.2895 or town sanitary district; lands belonging to cities of any other state used for public parks; land tax--deeded to any county or city before January 2; but any residence located upon property owned by the county for park purposes that is rented out by the county for a nonprofit purpose shall not be exempt from taxation. Except as to land acquired under s. 59.84 (2) (d), this exemption shall not apply to land conveyed after August 17, 1961, to any such governmental unit or for its benefit while the grantor or others for his or her benefit are permitted to occupy the land or part thereof in consideration for the conveyance. Leasing the property exempt under this subsection, regardless of the lessee and the use of the leasehold income, does not render that property taxable.

(2m) PROPERTY LEASED OR SUBLEASED TO SCHOOL DISTRICTS. All of the property that is owned or leased by a corporation, organization or association that is exempt from federal income taxation under section 501 (c) (3) of the Internal Revenue Code if all of that property is leased or subleased to a school district for no or nominal consideration for use by an educational institution that offers regular courses for 6 months in a year.

(3) COLLEGES AND UNIVERSITIES. (a) 1. Except as provided in subd. 2., grounds of any incorporated college or university, not exceeding 80 acres.

   a. It is a nonprofit organization.
   b. It was founded before January 1, 1900.
   c. Its total annual undergraduate enrollment is at least 5,000 students, not including students receiving online instruction only.

(b) The fact that college or university officers, faculty members, teachers, students or employees live on the grounds does not render them taxable. In addition to the exemption of leased property specified in the introductory phrase of this section, a university or college may also lease property for educational or charitable purposes without making it taxable if it uses the income derived from the lease for charitable purposes.

(c) All buildings, equipment and leasehold interests in lands described in s. 36.06, 1971 stats., and s. 37.02 (3), 1971 stats.

(3a) BUILDINGS AT THE WISCONSIN VETERANS HOMES. All buildings, equipment and leasehold interests in lands described in s. 45.03 (5).

(3m) STUDENT HOUSING FACILITIES. (a) All real and personal property of a housing facility, not including a housing facility owned or used by a university fraternity or sorority, college fraternity or sorority, or high school fraternity or sorority, for which all of the following applies:

1. The facility is owned by a nonprofit organization.

2. At least 90 percent of the facility’s residents are students enrolled at the University of Wisconsin–Madison and the facility houses no more than 300 such students.

3. The facility offers support services and outreach programs to its residents, the public or private institution of higher education at which the student residents are enrolled, and the public.

4. The facility is in existence and meets the requirements of this subsection on July 2, 2013, except that, if the facility is located in a municipally designated landmark, the facility is in existence and meets the requirements of this subsection on September 30, 2014.

"Interstate traffic" in sub. (3) means interstate commerce; what constitutes a boat in interstate commerce is discussed. Town of Lake Pointe v. Madeline Island Ferry, 179 Wis. 2d 726, 508 N.W.2d 440 (Cl. App. 1993).

Subsection (25) expresses the legislature’s clear intent to exempt rental property from taxation that is held for rental for one month or less and for property available for rental for more than one month to be taxed. There is no ambiguity in the statutory language such that it might possibly apply to property that is held for rental for one month or less and that is also available for rental for more than one month. United Rentals, Inc. v. City of Madison, 2007 WI App 131, 305 Wis. 2d 120, 741 N.W.2d 471, 05–1440.

(b) Towns, cities or villages shall be paid aids in lieu of taxes for real estate specified in par. (a). The first payment on an acquisition after July 1, 1969, shall be determined on the basis of the January 1 local assessment following the acquisition multiplied by the county, local and school tax rate levied against all January 1 assessments for that year. The payment to the town, city or village shall be made after April 20 following the tax levy. Subsequent payments shall be made after April 20 following the levy date according to the following schedule:

(3) The town, city or village authorized to receive payment under sub. (2) and the state may petition the department of revenue to review the assessment of the property upon which taxes were levied, the taxes now being the basis for payment under sub. (2). The petition to the department of revenue to review the assessment shall be due within 30 days of receipt of the assessment. In its review, the department of revenue shall determine if the assessment complained of is unreasonably out of proportion to the general average of assessment of all other property in the taxation district, and if it finds the assessment high or low it shall lower or raise the assessment. The department of revenue shall make its determination not later than 60 days after the petition is received, and its decision shall be final and not subject to review.

(4) For land acquired after December 31, 1991, aids shall be paid under s. 70.114 and not under this section.

70.114 Aids on certain state lands equivalent to property taxes. (1) Definitions. In this section:

(a) “Department” means the department of natural resources.

(b) 1. For land purchased before July 1 2011, “estimated value,” for the year during which land is purchased, means the purchase price and, for later years, means the value that was used for calculating the aid payment under this section for the prior year increased or decreased to reflect the annual percentage change in the equalized valuation of all property, excluding improvements, in the taxation district, as determined by comparing the most recent determination of equalized valuation under s. 70.57 for that property to the next preceding determination of equalized valuation under s. 70.57 for that property.

2. For land purchased on or after July 1, 2011, “estimated value,” for the year during which land is purchased, means the lesser of the purchase price or the determination of the land’s equalized valuation under s. 70.57 in the year before the year during which the land is purchased, increased or decreased to reflect the annual percentage change in the equalized valuation of all property, excluding improvements, in the taxation district, as determined by comparing the most recent determination of equalized valuation under s. 70.57 for that property, except that if the land was exempt from taxation in the year prior to the year during which the Department purchased the land, or enrolled in the forest cropland program under subch. 1 of ch. 77 or the managed forest land program under subch. VI of ch. 77 at the time of purchase, “estimated value,” for the year during which the land is purchased means the lesser of the purchase price or an amount that would result in a payment under sub. (4) that is equal to $10 per acre. “Estimated value,” for later years, means the value that used for calculating the aid payment under this section for the prior year increased or decreased to reflect the annual percentage change in the equalized valuation of all property, excluding improvements, in the taxation district, as determined by comparing the most recent determination of equalized valuation under s. 70.57 for that property to the next preceding determination of equalized valuation under s. 70.57 for that property.

(c) “Land” means state forests, as defined in s. 28.02 (1), that are acquired after December 31, 1991, state parks that are acquired after December 31, 1991, under s. 27.01 and other areas that are acquired after December 31, 1991, under s. 23.09 (2) (d), 23.091, 23.29, 23.293, 23.31 or 29.749 (1).

(d) “Purchase price” means the amount paid by the department for a fee simple interest in real property. “Purchase price” does not include administrative costs incurred by the department to acquire the land, such as legal fees, appraisal costs or recording fees. If real estate is transferred to the department by gift or is sold to the department for an amount that is less than the estimated fair market value of the property as shown on the property tax bill prepared for the prior year year under s. 74.09, “purchase price” means an amount equal to the estimated fair market value of the property as shown on that tax bill. If the real estate is exempt from taxation at the time that it is transferred or sold to the department and if the property was not sold at an arm’s-length sale, “purchase price” means the fair market value of the real estate at the time that the department takes title to it.

(e) “Taxation district” means a city, village or town, except that if a city or village lies in more than one county, the portions of that city or village that lie within each county are separate taxation districts.

(f) “Taxing jurisdiction” means any entity, not including the state, authorized by law to levy taxes on general property, as defined in s. 70.02, that are measured by the property’s value.

(2) APPLICATION. For all land acquired after December 31, 1991, the department shall pay aids in lieu of taxes under this section and not under s. 70.113.

(3) ASCERTAINING RATE. Each year, the department shall ascertain the aggregate net general property tax rate for taxation districts to which aids are paid under this section.

(4) PAYMENT REQUIRED. (a) Except as provided under par. (c), on or before January 31, the department shall pay to each treasurer of a taxation district, with respect to each parcel of land acquired by the department within the taxation district on or before January 1 of the preceding year, the greater of an amount determined by multiplying each parcel’s estimated value equated to the average level of assessment in the taxation district by the aggregate net general property tax rate that would apply to the parcel of land if it were taxable, as shown on property tax bills prepared for that year under s. 74.09, or three dollars and 50 cents per acre.
(b) On or before February 15, the taxation district treasurer shall pay to the treasurer of each taxing jurisdiction, from the amount received under par. (a), the taxing jurisdiction’s proportionate share of the tax that would be levied on the parcel if it were taxable.

(c) The department shall withhold from the payment amount determined under par. (a) the state’s proportionate share of the tax that would be levied on the parcel if it were taxable and shall deposit that amount into the conservation fund.

70.115 Taxation of real estate held by investment board. All real estate owned or held by any of the funds invested by the investment board, other than the constitutional trust funds, shall be assessed and taxed in the same manner as privately owned real estate. Such taxes shall be paid out of the fund to which the lands belong or for whose benefit they are held. If such taxes are not paid, the real estate shall be subject to inclusion in a tax certificate under s. 74.57 as are privately owned lands.

70.119 Payments for municipal services. (1) The state and the University of Wisconsin Hospitals and Clinics Authority shall make reasonable payments at established rates for water, sewer and electrical services and all other services directly provided by a municipality to state facilities and facilities of the University of Wisconsin Hospitals and Clinics Authority described in s. 70.11 (38), including garbage and trash disposal and collection, which are financed in whole or in part by special charges or fees. Such payments for services provided to state facilities shall be made from the appropriations to state agencies for the operation of the facilities. Each state agency making such payments shall annually report the payments to the department.

(2) The department shall make reasonable payments for municipal services pursuant to the procedures specified in subs. (4), (5) and (6), except as provided in sub. (9).

(3) In this section:

(a) “Committee” means the joint committee on finance.

(b) “Department” means the department of administration.

(c) “Municipality” means cities, villages, towns, counties and metropolitan sewerage districts with general taxing authority.

(d) “Municipal services” means police and fire protection, garbage and trash disposal and collection, which are financed in whole or in part by special charges or fees.

(dm) “State agency” has the meaning given under s. 20.001 (1).  

(e) “State facilities” means all property owned and operated by the state for the purpose of carrying out usual state functions, including the branch campuses of the university of Wisconsin system but not including land held for highway right-of-way purposes or acquired and held for purposes under s. 85.08 or 85.09.

(4) The department shall be responsible for negotiating with municipalities on payments for municipal services and may delegate certain responsibilities of negotiation to other state agencies or to the University of Wisconsin Hospitals and Clinics Authority. Prior to negotiating with municipalities the department shall submit guidelines for negotiation to the committee for approval.

(5) Upon approval of guidelines by the committee, the department shall proceed with negotiations. In no case may a municipality withhold services to the state or to the University of Wisconsin Hospitals and Clinics Authority during negotiations.

(6) No later than November 15 annually, the department shall report to the cochairpersons of the committee the results of its negotiations and the total payments proposed to be made in the subsequent calendar year. In computing the proposed payments to a municipality, the department shall base its calculations on the values of state facilities and facilities of the University of Wisconsin Hospitals and Clinics Authority described in s. 70.11 (38), as determined by the department for January 1 of the year preceding the year of the report, and the values of improvements to property in the municipality as determined under s. 70.57 (1) for January 1 of the year preceding the year of the report, and shall also base its calculations on revenues and expenditures of the municipality as reported under s. 73.10 (2) for the year preceding the year of the report.

(7) (a) The department shall make payment from the appropriation under s. 20.835 (5) (a) for municipal services provided by a municipality to state facilities. If the appropriation under s. 20.835 (5) (a) is insufficient to pay the full amount of payments for the year, the department shall prorate payments among the municipalities entitled thereto. The University of Wisconsin Hospitals and Clinics Authority shall make payment for municipal services provided by municipalities to facilities of the authority described in s. 70.11 (38).

(b) The department shall determine the proportionate cost of payments for municipal services provided by a municipality for each program financed from revenues other than general purpose revenues and revenues derived from academic student fees levied by the board of regents of the University of Wisconsin System, and for each appropriation made from such revenues which finances the cost of such a program.

(c) The department shall assess to the appropriate program revenue and program revenue-service accounts and segregated funds the costs of providing payments for municipal services for the administration of programs financed from program revenues or segregated revenues, except program revenues derived from academic student fees levied by the board of regents of the University of Wisconsin System. If payments are prorated under par. (a) in any year, the department shall assess costs under this paragraph as affected by the proration. The department shall transfer to the general fund an amount equal to the assessments in each year from the appropriate program revenue, program revenue-service and segregated revenue appropriations.

(8) This section supersedes other statutes relating to payments for municipal services. Extraordinary police services provided to state facilities are subject to reimbursement under s. 16.008.

(9) The department shall not make payments for municipal services at the parking ramp located at 1 West Wilson Street in the city of Madison.

70.12 Real property, where assessed. All real property not expressly exempt from taxation shall be entered upon the assessment roll in the assessment district where it lies.

History: 1981 c. 190.

70.13 Where personal property assessed. (1) All personal property shall be assessed in the assessment district where the same is located or customarily kept except as otherwise specifically provided. Personal property in transit within the state on the first day of January shall be assessed in the district in which the same is intended to be kept or located, and personal property having no fixed location shall be assessed in the district where the owner or the person in charge or possession thereof resides, except as provided in sub. (5).

(2) Saw logs or timber in transit, which are to be sawed or manufactured in any mill in this state, shall be deemed located and shall be assessed in the district in which such mill is located. Saw logs or timber shall be deemed in transit when the same are being transported either by water or rail, but when such logs or timber are banked, decked, piled or otherwise temporarily stored for transportation in any district, they shall be deemed located, and shall be assessed in such district.

(3) On or before the tenth day of January in each year the owner of logs or timber in transit shall furnish the assessor of the district in which the mill at which the logs or timber will be sawed

or manufactured is located a verified statement of the amount, character and value of all the logs and timber in transit on the first day of January preceding, and the owner of the logs or timber shall furnish to the assessor of the district in which the logs and timber were located on the first day of January preceding, a like verified statement of the amount, character and value thereof. Any assessment made in accordance with the owner’s statement shall be valid and binding on the owner notwithstanding any subsequent change as to the place where the same may be sawed or manufactured. If the owner of the logs or timber shall fail or refuse to furnish the statement herein provided for, or shall intentionally make a false statement, that owner shall be subject to the penalties prescribed by s. 70.36.

(5) As between school districts, the location of personal property for taxation shall be determined by the same rules as between assessment districts; provided, that whenever the owner or occupant shall reside upon any contiguous tracts or parcels of land which shall lie in 2 or more assessment districts, then the farm implements, livestock, and farm products of the owner or occupant used, kept, or being upon the contiguous tracts or parcels of land, shall be assessed in the assessment district where that personal property is customarily kept.

(6) No change of location or sale of any personal property after the first day of January in any year shall affect the assessment made in such year.

(7) Saw logs or timber removed from public lands during the year next preceding the first day of January or having been removed from such lands and in transit therefrom on the first day of January, shall be deemed located and assessed in the assessment district wherein such public lands are located and shall be assessed in no other assessment district. Saw logs or timber shall be deemed in transit when the same are being transported. On or before January 10 in each year the owner of such logs or timber shall furnish the assessor of the assessment district wherein they are assessable a verified statement of the amount, character and value of all such logs and timber. If the owner of any such logs or timber shall fail or refuse to furnish such statement or shall intentionally make a false statement, he or she is subject to the penalties prescribed by s. 70.36. This subsection shall supersede any provision of law in conflict therewith. The term “owner” as used in this subsection is deemed to mean the person owning the logs or timber at the time of severing. “Public lands” as used in this subsection shall mean lands owned by the United States of America, the state of Wisconsin or any political subdivision of this state.

The situs for taxation assessment purposes of a movable bituminous plant was not in the town where the plant was physically present during most of the tax year because the property was neither “located” in the town nor “customarily kept” there. Wm. J. Kennedy & Son, Inc. v. Town of Albany, 66 Wis. 2d 447, 225 N.W.2d 624 (1975).

70.14 Incorporated companies. The residence of an incorporated company, for the purposes of s. 70.13, shall be held to be in the assessment district where the principal office or place of business of such company shall be.

70.15 Assessment of vessels. (1) That in consideration of an annual payment into the treasury of any town, village or city where such property is assessable by the owner of any steam vessel, barge, boat or other water craft, owned within this state, or having from any port thereof, and employed regularly in interstate traffic, shall be assessed to the owner of such steam vessel, barge, boat or other water craft, and the treasurer shall thereupon issue a receipt. All vessels, boats or other water craft not regularly employed in interstate traffic and all private yachts or pleasure boats belonging to inhabitants of this state, whether at home or abroad, shall be taxed as personal property.

History: 1977 c. 29 s. 1646 (3); 1977 c. 273.

70.17 Lands, to whom assessed; buildings on exempt lands. (1) Real property shall be entered in the name of the owner, if known to the assessor, otherwise to the occupant thereof if ascertained, and otherwise without any name. The person holding the contract or certificate of sale of any real property contracted to be sold by the state, but not conveyed, shall be deemed the owner for such purposes. The undivided real estate of any deceased person may be entered to the heirs of such person without designating them by name. The real estate of an incorporated company shall be entered in the same manner as that of an individual. Improvements on leased lands may be assessed either as real property or personal property.

(2) All lands which have been or may be contracted for sale by any county shall be assessed and taxed to the parties contracting therefor.

The term “leased lands” shall be construed broadly to include a number of situations in which the occupier of land not owned by him or her places improvements on the land; a formal lease is not required. Town of Menominie v. Skubitz, 53 Wis. 2d 430, 192 N.W.2d 887 (1972).

The tax lister may, but is not required to, change the ownership designation on joint property on the basis of notification other than formal procedures. 80 Atty. Gen. 73.

70.174 Improvements on government-owned land. Improvements made by any person on land within this state owned by the United States may be assessed either as real or personal property to the person making the same, if ascertained, and otherwise to the occupant thereof or the person receiving benefits therefrom.

70.177 Federal property. Property the taxation of which the federal government has consented to is taxable under this chapter.

History: 1987 a. 10.

70.18 Personal property, to whom assessed. (1) Personal property shall be assessed to the owner thereof, except that when it is in the charge or possession of some person other than the owner it may be assessed to the person so in charge or possession of the same. Telegraph and telephone poles, posts, railroad ties, lumber and all other manufactured forest products shall be deemed to be in the charge or possession of the person in occupancy or possession of the premises upon which the same shall be stored or piled, and the same shall be assessed to such person, unless the owner or some other person residing in the same assessment district, shall be actually and actively in charge and possession thereof, in which case it shall be assessed to such resident owner or other person so in actual charge or possession; but nothing contained in this subsection shall affect or change the rules prescribed in s. 70.13 respecting the district in which such property shall be assessed.

(2) Goods, wares and merchandise in storage in a commercial storage warehouse or on a public wharf shall be assessed to the owner thereof and not to the warehouse or public wharf, if the operator of the warehouse or public wharf furnishes to the assessor the names and addresses of the owners of all goods, wares and merchandise not exempt from taxation.

Property whose title and most of the indicia of ownership is in the U.S. government may not be taxed under sub. (1) since the tax is on ownership, not use. State ex rel. General Motors Corp. v. Oak Creek, 49 Wis. 2d 299, 182 N.W.2d 481 (1971).

A trial court’s finding, on stipulated facts, that the U.S. government was the beneficiary and not subject to the personal property tax under sub. (1) constituted a conclusive determination of law; hence the supreme court was not limited in its review to the findings and conclusions of the trial court. Teledyne Industries, Inc. v. Milwaukee, 65 Wis. 2d 557, 223 N.W.2d 886 (1974).

2019–20 Wisconsin Statutes updated through 2021 Wis. Act 80 and through all Supreme Court and Controlled Substances Board Orders filed before and in effect on November 2, 2021. Published and certified under s. 35.18. Changes effective after November 2, 2021, are designated by NOTES. (Published 11–2–21)
70.19 *Assessment, how made; liability and rights of representative.* (1) When personal property is assessed under s. 70.18 (1) to a person in charge or possession of the personal property other than the owner, the assessment of that personal property shall be entered upon the assessment roll separately from the assessment of that person’s own personal property, adding to the person’s name upon the tax roll words briefly indicating that the assessment is made to the person as the person in charge or possession of the property. The failure to enter the assessment separately or to indicate the representative capacity or other relationship of the person assessed shall not affect the validity of the assessment.

(2) The person assessed under sub. (1) and s. 70.18 (1) is personally liable for the tax on the property. The person assessed under sub. (1) and s. 70.18 (1) has a personal right of action against the owner of the property for the amount of the taxes; has a lien for that amount upon the property with the rights and remedies for the preservation and enforcement of that lien as provided in ss. 779.45 and 779.48; and is entitled to retain possession of the property until the owner of the property pays the tax on the property or reimburses the person assessed for the tax. The lien and right of possession relate back and exist from the time that the assessment is made, but may be released and discharged by giving to the person assessed such undertaking or other indemnity as the person accepts or by giving the person assessed a bond in the amount and with the sureties as is directed and approved by the circuit court of the county in which the property is assessed, upon 8 days’ notice to the person assessed. The bond shall be conditioned to hold the person assessed free and harmless from all costs, expense, liability or damage by reason of the assessment.

*History:* 1975 c. 94 s. 91 (13); 1975 c. 199; 1977 c. 449; 1979 c. 32 s. 92 (9); 2001 a. 102.

70.20 *Owner’s liability when personally assessed to another; action to collect.* (1) When personal property shall be assessed to some person in charge or possession thereof, other than the owner, such owner as well as the person so in charge or possession shall be liable for the taxes levied pursuant to such assessment; and the liability of such owner may be enforced in a personal action as for a debt. Such action may be brought in the name of the town, city or village in which such assessment was made, if commenced before the time fixed by law for the return of delinquent taxes, by direction of the treasurer or tax collector or of such town, city or village. If commenced after such a return, it shall be brought in the name of the county or other municipality to the treasurer or other officer of which such return shall be made, by direction of such treasurer or other officer. Such action may be brought in any court of this state having jurisdiction of the amount involved and in which jurisdiction may be obtained of the person of such owner or by attachment of the property of such owner.

(2) The remedy of attachment may be allowed in such action upon filing an affidavit of the officer by whose direction such action shall be brought, showing the assessment of such property in the assessment district, the amount of tax levied pursuant thereto, that the defendant was the owner of such property at the time as of which the assessment thereof was made, and that such tax remains unpaid in whole or in part, and the amount remaining unpaid. The proceedings in such actions and for enforcement of the judgment obtained therein shall be the same as in ordinary actions for debt as near as may be, but no property shall be exempt from attachment or execution issued upon a judgment against the defendant in such action.

(3) The assessment and tax rolls in which such assessment and tax shall be entered shall be prima facie evidence of such assessment and tax and of the justice and regularity thereof; and the same, with proof of the ownership of such property by the defendant at the time as of which the assessment was made and of the nonpayment of such tax, shall be sufficient to establish the liability of the defendant. Such liability shall not be affected and such action shall not be defeated by any omission or irregularity in the assessment or tax proceedings not affecting the substantial justice and equity of the tax. The provisions of this section shall not impair or affect the remedies given by other provisions of law for the collection or enforcement of such tax against the person to whom the property was assessed.

70.21 *Partnership; estates in hands of personal representative; personal property, how assessed.* (1) Except as provided in sub. (2), the personal property of a partnership may be assessed in the names of the persons composing the partnership, so far as known or in the firm name or title under which the partnership business is conducted, and each partner shall be liable for the taxes levied on the partnership’s personal property.

(1m) Undistributed personal property belonging to the estate of a decedent shall be assessed as follows:

(a) If a personal representative has been appointed and qualified, on the first day of January in the year in which the assessment is made, the property may be assessed to the personal representative.

(b) If a personal representative has not been appointed and qualified, on the first day of January in the year in which the assessment is made, the property may be assessed to the decedent’s estate. The tax on the property shall be paid by the personal representative if one is subsequently appointed, or by the person or persons in possession of the property at the time of the assessment if a personal representative is not appointed.

(2) The personal property of a limited liability partnership shall be assessed in the name of the partnership, and each partner shall be liable for the taxes levied thereon only to the extent permitted under s. 178.0306.

*History:* 1977 c. 29 s. 1646 (3); 1995 a. 97; 2001 a. 102; 2015 a. 295.

70.22 *Personal property being administered, how assessed.* (1) In case one or more of 2 or more personal representatives or trustees of the estate of a decedent who died domiciled in this state are not residents of the state, the taxable personal property belonging to the estate shall be assessed to the personal representatives or trustees residing in this state. In case there are 2 or more personal representatives or trustees of the same estate residing in this state, but in different taxation districts, the assessment of the taxable personal property belonging to the estate shall be in the names of all of the personal representatives or trustees of the estate residing in this state. In case no personal representative or trustee resides in this state, the taxable personal property belonging to the estate may be assessed in the name of the personal representative or trustee, or in the names of all of the personal representatives or trustees if there are more than one, or in the name of the estate.

(2) (a) The taxes imposed pursuant to an assessment under sub. (1) may be enforced as a claim against the estate, upon presentation of a claim for the taxes by the treasurer of the taxation district to the court in which the proceedings for the probate of the estate are pending. Upon due proof, the court shall allow and order the claim to be paid.

(b) Before allowing the final account of a nonresident personal representative or trustee, the court shall ascertain whether there are or will be any taxes remaining unpaid or to be paid on account of personal property belonging to the estate, and shall make any order or direction that is necessary to provide for the payment of the taxes.

(3) The provisions of this section shall not impair or affect any remedy given by other provisions of law for the collection or enforcement of taxes upon personal property assessed to personal representatives or trustees.

70.23 *Duties of assessors; entry of parcels on assessment roll.* (1) The assessor shall enter upon the assessment roll opposite to the name of the person to whom assessed, if any, as before provided in regular order as to lots and blocks, sections and parts of sections, a correct and pertinent description of each parcel
of real property in the assessment district and the number of acres in each tract containing more than one acre.

(2) When 2 or more lots or tracts owned by the same person are considered by the assessor to be so improved or occupied with buildings as to be practically incapable of separate valuation, the lots or tracts may be entered as one parcel. Whenever any tract, parcel or lot of land has been surveyed and platted and a plat of the platted ground filed or recorded according to law, the assessor shall designate the several lots and subdivisions of the platted ground as the lots and subdivisions are fixed and designated by the plat.

70.24 Public lands and land mortgaged to state. The secretary of state shall annually, before January 1, make and transmit to the county clerk of each county an abstract containing a correct and full statement and description of all public lands sold and not patented by the state, and of all lands mortgaged to the state lying in the county; and immediately on receipt thereof the county clerk shall make and transmit to the county assessor and to the clerk of each town, village or city in the county not under the assessment jurisdiction of the county assessor a list from said abstract of such lands lying in such town, village or city. Every assessor shall enter on the assessment roll, in a separate column, under distinct headings, a list of all such public and mortgaged lands, and the same shall be assessed and taxed in the same manner as other lands, without regard to any balance of purchase money or loans remaining unpaid on the same.

History: 1977 c. 28 s. 1646 (3); 1977 c. 273.

70.25 Lands, described on rolls. In all assessments and tax rolls in all advertisements, certificates, papers, conveyances, or proceedings for the assessment and collection of taxes and in all related proceedings, except in tax bills, any descriptions of land that indicate the land intended with ordinary and reasonable certainty and that would be sufficient between grantor and grantee in an ordinary conveyance are sufficient. No description of land according to the United States survey is insufficient by reason of the omission of the word quarter or the figures or signs representing it in connection with the words or initial letters indicating any legal subdivision of lands according to government survey. Where a more complete description may not be practicable, and the deed or mortgage describing any piece of real property is recorded in the office of the register of deeds for the county, an abbreviated description including the document number of the deed or mortgage or the volume and page where the deed or mortgage is recorded, and the section, village, or city where the property is situated, is sufficient. Where a more complete description may not be practicable, and the piece of property is described in any certificate, order, or judgment of a court of record in the county, an abbreviated description including the document number of the court record or the volume and page where the court record is recorded, and the section, village, or city where the property is situated, is sufficient. Descriptions in property tax bills shall be as provided under s. 74.09 (3) (a).

70.27 Assessor’s plat. (1) WHO MAY ORDER. Whenever any area of platted or unplatted land is owned by 2 or more persons in severalty, and when in the judgment of the governing body having jurisdiction, the description of one or more of the different parcels thereof cannot be made sufficiently certain and accurate for the purposes of assessment, taxation or tax title procedures without noting the correct metes and bounds of the same, or when such gross errors exist in lot measurements or locations that difficulty is encountered in locating new structures, public utilities or streets, such governing body may cause a plat to be made for such purposes. Such plat shall be called “assessor’s plat,” and shall plainly define the boundary of each parcel, and each street, alley, lane or roadway, or dedication to public or special use, as is evidenced by the records of the register of deeds or a court of record. Such plats in cities may be ordered by the city council, in villages by the village board, in towns by the town board or the county board. A plat or part of a plat included in an assessor’s plat shall be deemed vacated to the extent it is included in or altered by an assessor’s plat. The actual and necessary costs and expenses of making assessor’s plats shall be paid out of the treasury of the city, village, town or county whose governing body ordered the plat, and all or any part of such cost may be charged to the land, without inclusion of improvements, so platted in the proportion that the last assessed valuation of each parcel bears to the assessed total valuation of all lands included in the assessor’s plat, and collected as a special assessment on such land, as provided by s. 66.0703.

(2) CERTIFICATION, APPROVAL, RECORDING. Such plat, when completed and certified as provided by this section, and when approved by the governing body, shall be acknowledged by the clerk thereof and recorded in the office of the register of deeds. No plat may be recorded in the office of the register of deeds unless it is produced on media that is acceptable to the register of deeds.

(3) ASSESSMENT, TAXATION, CONVEYANCING. (a) Reference to assessor’s plat. As it appears on a recorded assessor’s plat is deemed sufficient for purposes of assessment and taxation. Conveyance may be made by reference to such plat and shall be as effective to pass title to the land so described as it would be if the same premises had been described by metes and bounds. Such plat or record thereof shall be received in evidence in all courts and places as correctly describing the several parcels of land therein designated. After an assessor’s plat has been made and recorded with the register of deeds as provided by this section, all conveyances of lands included in such assessor’s plat shall be by reference to such plat. Any instrument dated and acknowledged after September 1, 1955, purporting to convey, mortgage, or otherwise give notice of an interest in land that is within or part of an assessor’s plat shall describe the affected land by the name of the assessor’s plat, lot, block, or outlot.

(b) Notwithstanding par. (a), lands within an assessor’s plat that are divided by a subdivision plat that is prepared, approved and recorded and filed in compliance with ch. 236 or a certified survey map that is prepared and recorded in compliance with ch. 236.34 shall be described for all purposes with reference to the subdivision plat or certified survey map, as provided in ss. 236.28 and 236.34 (3).

(4) AMENDMENTS. Amendments or corrections to an assessor’s plat may be made at any time by the governing body by recording with the register of deeds a plat of the area affected by such amendment or correction, made and authenticated as provided by this section. It shall not be necessary to refer to any amendment of the plat, but all assessments or instruments wherein any parcel of land is described as being in an assessor’s plat, shall be construed to plat the assessor’s plat of lands with its amendments or corrections as it stood on the date of making such assessment or instrument, or such plats may be identified by number. This subsection does not prohibit the division of lands that are included in an assessor’s plat by subdivision plat, as provided in s. 236.03, or by certified survey map, as provided in s. 236.34.

(5) SURVEYS, RECONCILIATIONS. The surveyor making the plat shall be a professional land surveyor licensed under ch. 443 and shall survey and lay out the boundaries of each parcel, street, alley, lane, road, or dedication to public or private use, according to the records of the register of deeds, and whatever evidence that may be available to show the intent of the buyer and seller, in the chronological order of their conveyance or dedication, and set temporary monuments to show the results of such survey which shall be made permanent upon recording of the plat as provided for in this section. The map shall be at a scale of not more than 100 feet per inch, unless waived in writing by the department of administration under s. 236.20 (2) (L). The owners of record of lands in the plat shall be notified by certified letter mailed to their last-known addresses, in order that they shall have opportunity to
examine the map, view the temporary monuments, and make known any disagreement with the boundaries as shown by the temporary monuments. It is the duty of the professional land surveyor making the plat to reconcile any discrepancies that may be revealed so that the plat as certified to the governing body is in conformity with the records of the register of deeds as nearly as is practicable. When boundary lines between adjacent parcels, as evidenced on the ground, are mutually agreed to in writing by the owners of record, those lines shall be the true boundaries for all purposes thereafter, even though they may vary from the metes and bounds descriptions previously of record. Such written agreements shall be recorded in the office of the register of deeds. On every assessor’s plat, as certified to the governing body, shall appear the document number of the record and, if given on the record, the volume and page where the record is recorded for the record that contains the metes and bounds description of each parcel, as recorded in the office of the register of deeds, which shall be identified with the number by which such parcel is designated on the plat, except that a lot that has been conveyed or otherwise acquired but upon which no deed is recorded in the office of register of deeds may be shown on an assessor’s plat and when so shown shall contain a full metes and bounds description.

(6) MONUMENTS. PLAT REQUIREMENTS. The provisions of s. 236.15 as to monuments, and the provisions of s. 236.20 as to form and procedure, insofar as they are applicable to the purposes of assessor’s plats, shall apply. Any stake or monument found and accepted as correct by a professional land surveyor laying out an assessor’s plat shall be indicated as “stake found” or “monument found” when mapping the plat and such stake or monument shall not be removed or replaced even though it is inconsistent with the standards of s. 236.15.

(7) CERTIFICATE. When completed, the assessor’s plat shall be filed with the clerk of the governing body that ordered the plat. On its title page shall appear the sworn certificate of the professional land surveyor who made the plat, which shall state and contain:

(a) The name of the governing body by whose order the plat was made, and the date of the order.

(b) A clear and concise description of the land so surveyed and mapped, by government lot, quarter quarter—section, township, range and county, or if located in a city or village or platted area, then according to the plat; otherwise by metes and bounds beginning with some corner marked and established in the United States land survey.

(c) A statement that the plat is a correct representation of all the exterior boundaries of the land surveyed and each parcel thereof.

(d) A statement that the professional land surveyor has fully complied with the provisions of this section in filing the same.

(8) PLAT FILED WITH GOVERNING BODY. Within 2 days after the assessor’s plat is filed with the governing body, it shall be transmitted to the department of administration by the clerk of the governing body which ordered the plat. The department of administration shall review the plat within 30 days of its receipt. No such plat may be given final approval by the local governing body until it has been reviewed by the department of administration. The temporary survey monuments required to be set in the field prior to the submission of an assessor’s plat for state level review are not made permanent until the recording of the assessor’s plat. 59 Atty. Gen. 262.

Section 236.205 does not apply to assessor’s plats. The amendment or correction of an assessor’s plat under sub. (a) is an exercise of the police power that is accomplished for the same purposes and in the same manner as the original assessor’s plat. The governing body involved is not required to conduct a public hearing concerning a proposed amendment or correction to an assessor’s plat. 61 Atty. Gen. 25.

70.28 Assessment as one parcel. No assessment of real property which has been or shall be made shall be held invalid or irregular for the reason that several lots, tracts or parcels of land have been assessed and valued together as one parcel and not separately, where the same are contiguous and owned by the same person or persons at the time of such assessment.

70.29 Personally, how entered. The assessor shall place in one distinct and continuous part of the assessment roll all the names of persons assessed for personal property, with a statement of such property in each village in the assessor’s assessment district, and foot up the valuation thereof separately; otherwise the assessor shall arrange all names of persons assessed for personal property on the roll alphabetically so far as convenient. The assessor shall also place upon the assessment roll, in a separate column and opposite the name of each person assessed for personal property, the number of the school district in which such personal property is subject to taxation.

History: 1991 a. 316.

70.30 Aggregate values. Every assessor shall ascertain and set down in separate columns prepared for that purpose on the assessment roll and opposite to the names of all persons assessed for personal property the number and value of the following named items of personal property assessed to such person, which shall constitute the assessed valuation of the several items of property therein described, to wit:

(9) The number and value of steam and other vessels.

(11) The value of machinery, tools and patterns.

(12) The value of furniture, fixture and equipment.

(13) The value of all other personal property except such as is exempt from taxation.

History: 1981 c. 20; 1983 a. 27; 2202 (45); 1983 a. 405; 1991 a. 39.

70.32 Real estate, how valued. (1) Real property shall be valued by the assessor in the manner specified in the Wisconsin property assessment manual provided under s. 73.03 (2a) from actual view or from the best information that the assessor can practically obtain, at the full value which could ordinarily be obtained.
therefor at private sale. In determining the value, the assessor shall consider recent arm's-length sales of the property to be assessed if according to professionally acceptable appraisal practices those sales conform to recent arm’s-length sales of reasonably comparable property; recent arm’s-length sales of reasonably comparable property; and all factors that, according to professionally acceptable appraisal practices, affect the value of the property to be assessed.

(1g) In addition to the factors set out in sub. (1), the assessor shall consider the effect on the value of the property of any zoning ordinance under s. 59.692, 61.351, 61.353, 62.231, or 62.233, any conservation easement under s. 70.04(4), any conservation restriction under an agreement with the federal government and any restrictions under ch. 91. Beginning with the property tax assessments as of January 1, 2000, the assessor may not consider the effect on the value of the property of any federal income tax credit that is extended to the property owner under section 42 of the Internal Revenue Code.

(1m) In addition to the factors set out in sub. (1), the assessor shall consider the impairment of the value of the property because of the presence of a solid or hazardous waste disposal facility or because of environmental pollution, as defined in s. 209.01(4).

(2) The assessor, having fixed a value, shall enter the same opposite the proper tract or lot in the assessment roll, following the instruction prescribed therein.

(a) The assessor shall segregate into the following classes on the basis of use and set down separately in proper columns the values of the land, exclusive of improvements, and, except for subs. 5., 5m., and 6., the improvements in each class:

1. Residential.
2. Commercial.
4. Agricultural.
5. Undeveloped.
5m. Agricultural forest.
6. Productive forest land.
7. Other.

(c) In this section:

1d. “Agricultural forest land” means land that is producing or is capable of producing commercial forest products, if the land satisfies any of the following conditions:

a. It is contiguous to a parcel that has been classified in whole as agricultural land under this subsection, if the contiguous parcel is owned by the same person that owns the land that is producing or is capable of producing commercial forest products. In this subdivision, “contiguous” includes separated only by a road.

b. It is located on a parcel that contains land that is classified as agricultural land in the property tax assessment on January 1, 2004, and on January 1 of the year of assessment.

c. It is located on a parcel at least 50 percent of which, by acreage, was converted to land that is classified as agricultural land in the property tax assessment on January 1, 2005, or thereafter.

1g. “Agricultural land” means land, exclusive of buildings and improvements and the land necessary for their location and convenience, that is devoted primarily to agricultural use.

1i. “Agricultural use” means agricultural use as defined by the department of revenue by rule and includes the growing of short rotation woody crops, including poplars and willows, using agronomic practices.

1k. “Agronomic practices” means agricultural practices generally associated with field crop production, including soil management, cultivation, and row cropping.

1m. “Other,” as it relates to par. (a) 7., means buildings and improvements; including any residence for the farm operator’s spouse, children, parents, or grandparents; and the land necessary for the location and convenience of those buildings and improvements.

2. “Productive forest land” means land that is producing or is capable of producing commercial forest products and is not otherwise classified under this subsection.

3. “Residential” includes any parcel or part of a parcel of untilled land that is not suitable for the production of row crops, on which a dwelling or other form of human abode is located and which is not otherwise classified under this subsection.

4. “Undeveloped land” means bog, marsh, lowland brush, uncultivated land zoned as shoreland under s. 59.692 and shown as a wetland on a final map under s. 23.32 or other nonproductive lands not otherwise classified under this subsection.

(2r) Agricultural land shall be assessed according to the income that could be generated from its rental for agricultural use.

(3) Manufacturing property subject to assessment under s. 70.995 shall be assessed according to that section.

(4) Beginning with the assessments as of January 1, 2004, agricultural forest land shall be assessed at 50 percent of its full value, as determined under sub. (1), and undeveloped land shall be assessed at 50 percent of its full value, as determined under sub. (1).

(5) Beginning with the assessments as of January 1, 2017, the assessor shall assess the land within a district corridor described under s. 88.74 in the same class under sub. (2) (a) as the land adjoining the corridor, if the adjoining land and the land within the corridor are owned by the same person.

The Assessment Manual and case law set forth a 3−tier system for determining the

fair market value of property. A recent arm’s−length sale of the property is the best

evidence of value, and is the basis for an assessment under tier one. If there has been no

recent sale, an assessor must consider sales of reasonably comparable properties, which

is the tier 2 approach. In the absence of comparable sales data, the assessor which permits consideration of all the factors col-

Comparing a taxpayer’s appraised value to lower values assigned to a relatively

small number of other properties has long been rejected as a claimed violation of the uniformity

clause. U.S. Oil Co., Inc. v. City of Milwaukee, 2011 WI App 4, 331 Wis. 2d 137, 776 N.W.2d 589, 07−0761.

A property’s assessed value is based on fair market value but a property’s assessed

value is not necessarily equal to its fair market value. Assessors must base assessments

of real property on the property’s fair market value. However, as the plain lan-

guage of the Property Assessment Manual makes clear, a property’s fair market value

is not synonymous with its assessed value. In most cases individual property assess-

ments are different than the property’s fair market value. Stupar River LLC v. Town of

Income that is attributable to land, rather than personal to the owner, is inextricably

intertwined with the land and is transferable to future owners. Income may be

An appraiser must not value federally regulated housing as if it were market−rate property. Doing so causes the assessor to pretend that the subject property is not hindered by federal restrictions. If the tax roll has been returned under s. 74.43, the taxation district treasurer shall forward the request to the county treasurer, who shall make the requested valuation.

(2) The appropriate treasurer shall, with the assistance of the assessor of the taxation district, attribute to each new parcel its value for the year of division. The value of each new parcel shall represent a reasonable apportionment of the valuation of the original undivided parcel, and the total of the new valuations shall equal the valuation of the original undivided parcel on January 1 of that year. The value of a new parcel as determined under this subsection is the value of that property for purposes of s. 70.32 for the year of division.

(3) The value determined under sub. (1) may be appealed by bringing an action in circuit court within 60 days after the determination is made. The court shall determine whether the value determined under sub. (1) represents a reasonable apportionment of the valuation of the original undivided parcel on January 1 of that year. If the court determines that the value does not represent a reasonable apportionment, the court shall determine the parcels’ values, the total of which shall equal the valuation of the original undivided parcel on January 1 of that year.

(4) The value of all real estate taxes based on the value determined under sub. (1) or (2) extinguishes the lien against the land created under s. 70.01.

(5) This section does not apply if there is a written agreement providing for the payment of real property taxes on the divided parcels in the year of division.

70.327 Valuation and assessment of property with contaminated wells. In determining the market value of real property with a contaminated well or water system, the assessor shall take into consideration the time and expense necessary to repair or replace the well or private water system in calculating the diminution of the market value of real property attributable to the contamination.

70.337 Tax exemption reports. (1) By March 31 of each even−numbered year, the owner of each parcel of property that is exempt under s. 70.11 shall file with the clerk of the taxation district in which the property is located a form containing the following information:

(a) The name and address of the owner of the property and, if applicable, the type of organization that owns the property.

(b) The legal description and parcel number of the property as shown on the assessment roll.

(c) The date of acquisition of the property.

(d) A description of any improvements on the land.

(e) A statement indicating whether or not any portion of the property was leased to another person during the preceding 2 years. If the property was leased, the statement shall identify the portion of the property that was leased, identify the lessee and describe the ways in which the lease payments were used by the owner of the property.

(f) The owner’s estimate of the fair market value of the property on January 1 of the even−numbered year. The owner shall provide this estimate by marking one of a number of value ranges provided on the form prepared under sub. (2). The assessor for the taxation district within which the property is located may review the owner’s estimate of the fair market value of the property and adjust it if necessary to reflect the correct fair market value.

(2) By July 1 of each even−numbered year, the clerk of each taxation district shall complete and deliver to the department of revenue a form on which the clerk estimates the value of tax−
exempt property, classified by type of owner, within the taxation district.

(3) The department of revenue shall prescribe the contents of the form for reporting the information required under sub. (1), including the categories of value of property that the department of revenue determines will result in the best estimate of the value of tax-exempt property in this state. The department of revenue shall also prescribe the contents of the form under sub. (2). The form under sub. (2) shall provide for estimates of the value of tax-exempt property in the taxation district that is owned by various categories of owners, including property that is owned by the benevolent and educational associations; fraternal and labor organizations; nonprofit hospitals; private colleges; and churches and religious associations. The forms under subs. (1) and (2) shall be prepared and distributed under s. 70.09 (3).

(4) The department of revenue shall tabulate data from the forms received under sub. (2) and prepare an estimate of the value of tax-exempt property in this state by category of owner. The department shall include this information in the summary of tax exemption devices prepared under s. 16.425 (3).

(5) Each person that is required to file a report under sub. (1) shall pay a reasonable fee that is sufficient to defray the costs to the taxation district of distributing and reviewing the forms under sub. (1) of preparing the form for the department of revenue under sub. (2). The amount of the fee shall be established by the governing body of the taxation district. This subsection does not apply to a church that is required to file a report under sub. (1).

(6) If the form under sub. (1) is not received by March 31 of the even-numbered year, the taxation district clerk shall send the owner of the property a notice, by certified mail, stating that the property for which the form is required will be appraised at the owner’s expense if a completed form is not received by the taxation district clerk within 30 days after the notice is sent. If the completed form is not received by the taxation district clerk within 30 days after the notice is sent, the property shall be appraised either by the taxation district assessor or by a person hired by the taxation district to conduct the appraisal.

(7) This section does not apply to property that is exempt under s. 70.11 (1), (2), (13), (13m), (15), (15m), (21) or (30), property that is exempt under s. 70.11 (18) if a payment in lieu of taxes is made for that property, lake beds owned by the state, state forests under s. 28.03 or 28.035, county forests under s. 28.10, property acquired by the department of transportation under s. 85.08 or 85.09 or highways, as defined in s. 340.01 (22), property of the University of Wisconsin or of the Milwaukee Board of Review, 74 Wis. 2d 268, 246 N.W.2d 521 (1976).

70.339  Reporting requirements.

(1) By March 15 each person that owns property that is exempt under s. 70.11, except s. 70.11 (1) and (2), and that was in the most recently ended taxable year in a trade or business for which the owner of the property was subject to taxation under sections 511 to 515 of the internal revenue code, as defined in s. 71.22 (4m), shall file with the clerk of the taxation district in which the property is located a statement containing the following information:

(a) The name, address and telephone number of the owner of the property.

(b) The name, address and telephone number of a person who can be contacted concerning the use of the property in a trade or business.

(c) A general description of the activities engaged in to conduct the trade or business.

(d) The location and a description of the property that is used in the trade or business including, if applicable, the specific portion of a building that is used to conduct the trade or business.

(2) The format and distribution of statements under this section shall be governed by s. 70.09 (3).

(3) If the statement required under this section is not received by the due date, the taxation district clerk shall send the owner of the property a notice, by certified mail, stating that failure to file a statement is subject to the penalties under sub. (4).

(4) A person who fails to file a statement within 30 days after notification under sub. (3) shall forfeit $10 for each succeeding day on which the form is not received by the taxation district clerk, but not more than $500.

70.34  Personalty. All articles of personal property shall, as far as practicable, be valued by the assessor upon actual view at their true cash value; and after arriving at the total valuation of all articles of personal property which the assessor shall be able to discover as belonging to any person, if the assessor has reason to believe that such person has other personal property or any other thing of value liable to taxation, the assessor shall add to such aggregate valuation of personal property an amount which, in the assessor’s judgment, will render such aggregate valuation a just and equitable valuation of all the personal property liable to taxation belonging to such person. In carrying out the duties imposed on the assessor by this section, the assessor shall act in the manner specified in the Wisconsin property assessment manual provided under s. 73.03 (2a).

History: 1973 c. 90; 1991 a. 316.

“True cash value” is not a figure that can be determined by bargaining with the taxpayer, because such an agreement would be void. The unsupported statement of the taxpayer has no probative value. Berg Equipment Corp. v. Spencer Board of Review 53 Wis. 2d 233, 191 N.W.2d 892 (1971).

When there are no actual sales, cost, depreciation, replacement value, income, industrial conditions, location and occupancy, sales of like property, book value, insurance carried, value asserted in a prospectus, and appraisals are all relevant to determination of market value for assessment purposes. Mitchell Aero, Inc. v. Milwaukee Board of Review, 74 Wis. 2d 268, 246 N.W.2d 521 (1976).

A market data or sales approach was proper when 94 percent of machines were leased and only 6 percent were sold. An income capitalization approach has been used only when no sales exist. Xerox Corp. v. Department of Revenue, 114 Wis. 2d 522, 339 N.W.2d 357 (Cl. App. 1983).

70.345  Legislative intent; department of revenue to supply information.

The assessor shall exercise particular care so that personal property as a class on the assessment rolls bears the same relation to statutory value as real property as a class. To assist the assessor in determining the true relationship between real estate and personal property the department of revenue shall make available to local assessors information including figures indicating the relationship between personal property and real property on the last assessment rolls.

70.35  Taxpayer examined under oath or to submit return.

(1) To determine the amount and value of any personal property for which any person, firm, or corporation should be assessed, any assessor may examine such person or the managing agent or officer of any firm or corporation under oath as to all such items of personal property, the taxable value thereof as defined in s. 70.34 if the property is taxable. In the alternative the assessor may require such person, firm, or corporation to submit a return of such personal property and of the taxable value thereof. There shall be annexed to such return the declaration of such person or of the managing agent or officer of such firm or corporation that the statements therein contained are true.

(2) The return shall be made and all the information therein requested given by such person on a form prescribed by the assessor with the approval of the department of revenue which shall provide suitable schedules for such information bearing on value as the department deems necessary to enable the assessor to determine the true cash value of the taxable personal property that is owned or in the possession of such person on January 1 as provided in s. 70.10. The return may contain methods of deriving assessable values from book values and for the conversion of book values to present values, and a statement as to the accounting method used. No person shall be required to take detailed physical inventory for the purpose of making the return required by this section.

(3) Each return shall be filed with the assessor on or before March 1 of the year in which the assessment provided by s. 70.10
70.35 GENERAL PROPERTY TAXES

is made. The assessor, for good cause, may allow a reasonable extension of time for filing the return. All returns filed under this section shall be the confidential records of the assessor’s office, except that the returns shall be available for use before the board of review as provided in this chapter. No return required under this section is controlling on the assessor in any respect in the assessment of any property.

(4) Any person, firm or corporation who refuses to so testify or who fails, neglects or refuses to make and file the return of personal property required by this section shall be denied any right desire further evidence they may call upon other persons as witnesses to give evidence under oath as to the items and value of the personal property of any such person, firm or corporation.

(5) In the event that the assessor or the board of review should desire further evidence they may call upon other persons as witnesses to give evidence under oath as to the items and value of the personal property of any such person, firm or corporation.

(6) The return required by this section shall not be demanded by the assessor from any farmer, or from any firm or corporation assessed under ch. 76 or from any person, firm or corporation whose personal property is not used for the production of income in industry, trade, commerce or professional practice.

(7) This section shall not be applicable to farm products as defined by s. 93.01 (5) when owned and possessed by the original producer.

History: 1977 c. 29 ss. 750, 1646 (3); 1983 a. 189 s. 329 (20); 1997 a. 237; 2001 a. 16; 2017 a. 59.

Cross-reference: See also s. Tax 12.10, Wis. adm. code.

70.36 False statement; duty of district attorney.

(1) Any person in this state owning or holding any personal property that is subject to assessment, individually or as agent, trustee, guardian, personal representative, assignee, or receiver or in some other representative capacity, who intentionally makes a false statement to the assessor of that person’s assessment district or to the board of review of the assessment district with respect to the property, or who omits any property from any return required to be made under s. 70.35, with the intent of avoiding the payment of the just and proportionate taxes on the property, shall forfeit the sum of $10 for every $100 or major fraction of $100 so withheld from the knowledge of the assessor or board of review.

(2) It is hereby made the duty of the district attorney of any county, upon complaint made to the district attorney by the assessor or by a member of the board of review of the assessment district in which it is alleged that property has been so withheld from the knowledge of such assessor or board of review, or not included in any return required by s. 70.35, to investigate the case forthwith and bring an action in the name of the state against the person, firm or corporation so complained of. All forfeitures collected under the provisions of this section shall be paid into the treasury of the taxation district in which such property had its situs for taxation.

(3) The word assessor whenever used in ss. 70.35 and 70.36 shall, in 1st class cities, be deemed to refer also to the commissioner of assessments of any such city and, where applicable, shall be deemed also to refer to the department of revenue responsible for the manufacturing property assessment under s. 70.995.

70.365 Notice of changed assessment.

When the assessor assesses any taxable real property, or any improvements taxed as personal property under s. 77.84 (1), and arrives at a different total than the assessment of it for the previous year, the assessor shall notify the person assessed if the address of the person is known to the assessor, otherwise the occupant of the property. However, the assessor is not required to provide notice under this section if land is classified as agricultural land, as defined in s. 70.32 (2) (c) 1g., for the current year and previous year and the difference between the assessments is $500 or less. If the assessor determines that land assessed under s. 70.32 (2r) for the previous year is no longer eligible to be assessed under s. 70.32 (2r), and the current classification under s. 70.32 (2) (a) is not undeveloped, agricultural forest, productive forest land, or other, the assessor shall notify the person assessed if the assessor knows the person’s address, or otherwise the occupant of the property, that the person assessed may be subject to a conversion charge under s. 74.485.

Any notice issued under this section shall be in writing and shall be sent by ordinary mail at least 15 days before the meeting of the board of review or before the meeting of the board of assessors in 1st class cities and in 2nd class cities that have a board of assessors under s. 70.075, except that, in any year in which the taxation district conducts a revaluation under s. 70.05, the notice shall be sent at least 30 days before the meeting of the board of review or board of assessors.

The notice shall contain the amount of the changed assessment and the time, date, and place of the meeting of the local board of review or of the board of assessors. The notice shall also include the following: “Under Wisconsin law, generally, the assessor may not change the assessment of property based solely on the recent arm’s length sale of the property without adjusting the assessed value of comparable properties in the same market area. For information on the assessment of properties that have recently sold, visit the Internet site of the Department of Revenue at ... (Internet site address).” However, if the assessment roll is not complete, the notice shall be sent by ordinary mail at least 15 days prior to the date to which the board of review or board of assessors has adjourned, except that, in any year in which the taxation district conducts a revaluation under s. 70.05, the notice shall be sent at least 30 days prior to the date to which the board of review or board of assessors has adjourned.

The assessor shall attach to the assessment roll a statement that the notices required by this section have been mailed and failure to receive the notice shall not affect the validity of the changed assessment, the resulting changed tax, the procedures of the board of review or of the board of assessors or the enforcement of delinquent taxes by statutory means. After the person assessed or the occupant of the property receives notice under this section, if the assessor changes the assessment as a result of the examination of the rolls as provided in s. 70.45 and the person assessed waives, in writing and on a form prescribed or approved by the department of revenue, the person’s right to the notice of the changed assessment under this section, no additional notice is required under this section. The secretary of revenue shall prescribe the form of the notice required under this section. The form shall include information notifying the taxpayer of the procedures to be used to object to the assessment. The form shall also indicate whether the person assessed may be subject to a conversion charge under s. 74.485.

Under s. 74.37 (4), (a), a taxpayer must challenge an assessment in front of the board of review before filing an excessive assessment claim, unless the taxing authority failed to provide a notice of assessment under circumstances where notice was required. Under s. 70.365, a notice of assessment is required only when the property’s assessed value has changed. After reading these statutes, it should have been clear to the taxpayer that: 1) because it did not receive a notice of assessment, its property’s assessed value for 2011 would be unchanged from 2010; and 2) if the taxpayer wanted to challenge the 2011 assessment, it needed to object before the board of review. These requirements did not violate the taxpayer’s rights to due process.

70.37 Net proceeds occupation tax on persons extracting metalliferous minerals in this state. (1) LEGISLATIVE FINDINGS. The legislature finds that:

(a) The existence has been announced of several economically significant ore bodies containing copper, zinc, lead, talcomite and other metalliferous minerals in this state, including one of the largest zinc deposits in North America.

(b) Metalliferous minerals are valuable, irreplaceable natural resources which, once removed, are forever lost as an economic asset to the state.

2019–20 Wisconsin Statutes updated through 2021 Wis. Act 80 and through all Supreme Court and Controlled Substances Board Orders filed before and in effect on November 2, 2021. Published and certified under s. 35.18. Changes effective after November 2, 2021, are designated by NOTES. (Published 11–2–21)
(c) The activity of mining metalliferous minerals creates jobs, economic activity, tax revenues and other valuable benefits to the economy and residents of this state.

(d) The activity of mining metalliferous minerals creates additional costs to the state and municipalities for highways, sewers, schools and other improvements which are necessary to accommodate the development of a metalliferous mining industry.

(e) The activity of mining metalliferous minerals has a permanent and often damaging effect on the environment of the state.

(f) The activity of mining metalliferous minerals significantly alters the quality of life in communities directly affected by mining.

(g) As the size of a mining operation increases, the cost to the state and municipalities to support the operation increases, as does the damage to the environment. Furthermore, as the size of a mining operation increases, the person mining metalliferous minerals benefits from economies of scale in the mining operation.

(h) A graduated net proceeds occupational tax, by taxing profitability at rates which vary with the level of profitability, encourages important state goals, such as:

1. Gradual, continuous and complete extraction of metalliferous minerals.
2. Continued stable employment.
3. Taxation according to ability to pay.
4. Taxation based on the privileges enjoyed by persons mining metalliferous metallic minerals.

(i) Municipalities incur long-term economic costs as a result of metalliferous mineral mining after the mining operation shuts down. An impact fund, in which is deposited a portion of the tax revenues, should assure that moneys will be available to such municipalities for long- and short-term costs associated with social, educational, environmental and economic impacts of metalliferous mineral mining.

(2) LEGISLATIVE INTENT. It is the declared intent of the legislature to establish a net proceeds occupation tax on persons engaged in the activity of mining metalliferous minerals in this state. The tax is established in order that the state may derive a benefit from the extraction of irreplaceable metalliferous minerals and in order to compensate the state and municipalities for long- and short-term costs associated with the processes of extraction of ores or minerals from the ground, the transportation of ores or minerals from the point of extraction to the plants or mills at which the treatment processes are applied and the following treatment processes applied to an ore or mineral for which the owner or operator is entitled to a deduction for depletion under section 611 of the internal revenue code:

a. In the case of iron ore, bauxite and other ores or minerals that are customarily sold in the form of a crude mineral product; sorting, concentrating, sintering and substantially equivalent processes that bring the ore or mineral to shipping grade and form, and loading for shipment.

b. In the case of lead, zinc, copper, gold, silver, uranium and other ores or minerals that are not customarily sold in the form of the crude mineral product; crushing, grinding and beneficitation by concentration by means of gravity, flotation, amalgamation, electrostatic or magnetic processes, cyanidation, leaching, cryotallization or precipitation; not including electrolytic deposition, roasting, thermal or electric smelting or refining; or by substantially equivalent processes or by a combination of processes used in the separation or extraction of the products from other material taken out of the mine or out of another natural deposit.

c. The furnacing of quicksilver ores.

d. Treatment processes necessary or incidental to the processes under subd. 1. a. to c.

e. Any treatment processes provided for by rules promulgated by the department.

2. For purposes of this section, “mining” does not include the extraction or beneficitation of sand or gravel or the following treatment processes unless they are provided for under subd. 1. d.: electrolytic deposition, roasting, calcining, thermal or electric smelting, refining, polishing, fine pulverization, blending with other materials, treatment effecting a chemical change, thermal action, molding and shaping.

(bm) “Mining-related purposes” means activities which are directly in response to the application for a mining permit under s. 293.37 or 295.47; directly in response to construction, operation, curtailment of operation or cessation of operation of a metalliferous mine site; or directly in response to conditions at a metalliferous mine site which is not in operation. “Mining-related purposes” also includes activities which anticipate the economic and social consequences of the cessation of mining. “Mining-related purposes” also includes the purposes under s. 70.395 (2) (g).

(c) “Municipality” means any county, city, village, town or school district.

(d) “Person” means a sole proprietorship, partnership, limited liability company, association or corporation and includes a lessee engaged in mining metalliferous minerals.

e. “Secretary” means the secretary of revenue.
(2) TAX IMPOSED. (a) In respect to mines not in operation on November 28, 1981, there is imposed upon persons engaged in mining metalliferous minerals in this state a net proceeds occupation tax effective on the date on which extraction begins to compensate the state and municipalities for the loss of valuable, irreplaceable metalliferous minerals. The amount of the tax shall be determined by applying the rates established under sub. (5) to the net proceeds of each mine. The net proceeds of each mine for each year are the difference between the gross proceeds and the deductions allowed under sub. (4) for the year.

(b) The secretary may promulgate any rules necessary to implement the tax under ss. 70.37 to 70.39 and 70.395 (1e). In respect to mines not in operation on November 28, 1981, ss. 71.10 (1), 71.30 (1), (2), 71.74 (2), (3) (9), (11) and (15), 71.77, 71.78, 71.80 (6), 71.83 (1) (a) 1. and 2. and (b) 2. and (2) (a) 3. and (b) 1. and 71.85 (2) apply to the administration of this section.

(2m) TAX IMPOSED. (a) There is imposed upon persons engaged in mining metalliferous minerals in this state in respect to mines in operation on November 28, 1981, a net proceeds occupation tax effective on the date on which extraction begins to January 1, 1991, to compensate the state and municipalities for the loss of valuable, irreplaceable metalliferous minerals. The amount of the tax shall be determined by applying the rates established under sub. (5) to the average of the net proceeds of the person for the preceding 3-year period. The net proceeds of a person for each year shall be the difference between the gross proceeds, computed under sub. (3) for the year, and the deductions allowed under sub. (4) for the year.

(b) In respect to mines in operation on November 28, 1981, ss. 71.10 (1), 71.30 (1), 71.74 (2), (3), (7), (9) and (11), 71.76 and 71.77 (1) to (8) apply to the administration of this section to January 1, 1991.

(3) ALTERNATE COMPUTATION OF GROSS PROCEEDS. If products are sold or transferred to a person operating a smelting, refining or other processing or marketing facility which is located outside of the United States or to a controlled entity or controlling entity of the seller or transferor and if the secretary determines that the gross proceeds under sub. (1) (am) do not reflect or demonstrate the gross proceeds that would have been received from an unrelated purchaser for the product under similar circumstances, the gross proceeds shall be computed under this subsection. For the purpose of this subsection “control” means direct or indirect ownership of at least 50 percent of the total combined voting stock of the corporation. The gross proceeds shall be computed by multiplying that part of the production of recovered metalliferous minerals which were sold or transferred during the taxable year by the average price of that mineral for the taxable year and then subtracting the cost of postmining processes, including the cost of capital (interest and earnings) imputed to that production. The average price shall be computed from the monthly prices published in the engineering and mining journal as follows:

(a) Taconite pellets, lower lake ports price, net of unloading charges.

(b) Copper, United States producer price, F.O.B. refinery.

(c) Lead, United States producer price.

(d) Zinc, United States prime western price.

(e) Silver, United States producer price.

(f) Gold, London final price.

(g) Other metalliferous minerals or other forms of metalliferous minerals not including mineral aggregates such as stone, sand and gravel, at a price determined by the secretary, by rule, from a nationally known publication or other nationally known source listing prices of metalliferous minerals.

(4) DEDUCTIONS. If the costs are not excluded in determining gross proceeds and are actually incurred or accrued, there shall be allowed to persons subject to the tax under sub. (2) or (2m) the following deductions:

(a) The actual and necessary expenses incurred during the taxable year for labor, tools, appliances and supplies used in mining metalliferous minerals, including the labor of the lessee and the lessee’s employees and the amount expended by the lessee for tools, appliances and supplies used by the lessee in the mining operation. The personal labor of the lessee shall be computed at the prevailing wage rate.

(b) The actual and necessary expenses for mining including extracting, transporting, milling, concentrating, smelting, refining, reducing, assaying, sampling, inventorizing and handling the ore and for further processing and transferring related to the product for which gross proceeds are received, including the cost of capital (interest and earnings) imputed to smelting and refining expenses.

(c) The actual and necessary expenses for administrative, appraising, accounting, legal, medical, engineering, clerical and technical services directly related to mining metalliferous minerals in this state, excluding salaries and expenses for corporate officers and for lobbying, as defined in s. 13.62 (10).

(d) The actual and necessary expenses directly related to the repair and maintenance of any machinery, mills, reduction works, buildings, structures, other necessary improvements, tools, appliances and supplies used in mining metalliferous minerals extracted in this state.

(e) Except as provided in par. (em), federal income taxes paid, state income or franchise taxes paid, property taxes, sales taxes and use taxes paid and other taxes paid and deductible by corporations in computing net income under s. 71.26 (2) which are allocable to the mine, excluding the tax under this section.

(em) In the case of a mine owned by a corporation that owns other business operations or is part of an affiliated group of corporations eligible to file consolidated federal income tax returns, the determination of deductible state income or franchise taxes and federal income taxes shall be made by calculating the taxable income from the mine as though the mine were a separate entity and applying the federal income tax laws and state income or franchise tax laws to this income as though the mine were filing a separate income or franchise tax return. To calculate taxable income, federal taxable income as it applies to the depletion deduction under section 613 of the internal revenue code shall be adjusted to reflect the difference between Wisconsin income or franchise tax law and federal income tax law.

(f) Rents paid on personal property used in mining metalliferous minerals.

(g) The cost of relocating employees within this state.

(h) The cost of premiums for bonds required under s. 293.26 (9), 293.51, 293.45 (5), or 295.59.

(i) The cost of premiums for insurance on persons or tangible assets relating to mining metalliferous minerals.

(j) Losses from uninsured casualty losses and the sale of personal property used in mining metalliferous minerals.

(k) Depreciation or amortization on property used in connection with mining. With respect to property first eligible for depreciation or amortization before January 1, 1981, the deduction shall be limited to the deduction under s. 70.375 (4) (k), 1979 stats. With respect to property first eligible for depreciation or amortization on or after January 1, 1981, the deduction shall be limited to the amount allowable as a deduction to corporations in computing net income under s. 71.26 (2). The following assets may be depreciated or amortized:

1. Machinery, mills and reduction works.

2. Buildings, structures and other improvements.

3. Permit fees, license fees and any other fees for formal written authorization required by a department or instrumentality of the state.

4. Development of the mine after the date on which extraction begins.
(L) Royalties paid to owners of the mineral rights to the lands where the mine or an extension of the mine is located. In this paragraph, “owners” does not include the person mining or a controlled entity or controlling entity of the person mining.

(m) Amortization by a straight-line method over the life of the mine commencing with production of premining costs, including costs for drilling, geological and engineering studies, design of facilities, pilot mines, mine testing, environmental surveys, facilities siting surveys and other exploration and development activities.

(n) Expenses under par. (m) incurred after mining begins, those costs to be expensed currently.

(o) Actual and necessary reclamation and restoration costs associated with a mine in this state, including payments for future reclamation and postmining costs which are required by law or by department of natural resources order and fees and charges under chs. 281, 285 or 289 to 299 not otherwise deductible under this section. Any refunds of escrowed or reserve fund payments allowed as a deduction under this paragraph shall be taxed as net proceeds at the average effective tax rate for the years the deduction was taken.

(p) Interest determined as follows:

1. If the interest is specifically allocable to the development or operation of a mine or beneficiation facility from which net proceeds are derived, all of the interest is deductible.

producer severs oil or gas at a location, the tax imposed under this
section is levied upon the producers of oil or gas in the provision
of their ownership at the time of severance but shall be paid by the
person in charge of the production operation, who may deduct the
amount of tax imposed upon a producer from the payments due
that producer.

Taxes collected under this section shall be divided as follows: 10 percent to the state, 20 percent to the county, and 70 percent to the town, city or village in which the taxes are collected, which shall be remitted and accounted for in the same manner as the state and county taxes collected from property are remitted and paid.

Any operator of a refinery who fails or refuses to furnish the list or statement or who knowingly makes or furnishes a false or incorrect list or statement, shall be fined not exceeding $1,000.

(3) The tax provided for shall be separately assessed to the person chargeable therewith by the assessor and shall be included in the assessment roll annually submitted by such assessor to the town, village or city clerk and shall be entered by said clerk on the tax roll. Such tax is a special tax under ch. 74 and the entire proceeds of such tax shall be retained by such taxing district.

(4) If the assessor or board of review has reason to believe that the list or statement made by any person is incorrect, or when any such person has failed or refused to furnish a list or statement required by law, the assessor or board of review shall place on the assessment roll such taxes against such person as the assessor or board of review deems true and just, and in case such change or assessment is made by the assessor, the assessor shall give written notice of the amount of such assessment at least 6 days before the first or some adjourned meeting of the board of review; in case such change or assessment is made by the board of review, notice shall be given in time to allow such person to appear and be heard before the board of review in relation to said assessment; said notice may be served as a circuit court summons is served or by registered mail.

The result shall be the true assessed value of the property for the preceding year. The assessor shall make a marginal note of the correction on that year's assessment roll.

(3) The dollar amount of the adjustment determined in the correction under sub. (2) shall be referred to the board of review and, if certified by that board, shall be entered in a separate section of the current assessment roll, as prescribed by the department of revenue, and shall be used to determine the amount of additional taxes to be collected or taxes to be refunded. The taxes to be collected or refunded shall be determined on the basis of the net tax rate of the previous year, taking into account credits under s. 79.10. The taxes to be collected or refunded shall be reflected on the tax roll in the same manner as omitted property under s. 70.44, but any such adjustment may not be carried forward to future years. The governing body of the taxation district shall proceed under s. 74.41.

(4) As soon as practicable, the assessor shall provide written notice of the correction to the person assessed. That notice shall include information regarding that person’s appeal rights to the board of review.

70.44 Assessment; property omitted. (1) Real or personal property omitted from assessment in any of the 2 next previous years, unless previously reassessed for the same year or years, shall be entered once additionally for each previous year of such omission, designating each such additional entry as omitted for the year of omission and affixing a just valuation to each entry for a former year as the same should then have been assessed according to the assessor’s best judgment, and taxes shall be apportioned, using the net tax rate as provided in s. 70.43, and collected on the tax roll for such entry. This section shall not apply to manufacturing property assessed by the department of revenue under s. 70.995.

(2) Any property assessment increased by a local board of review under s. 70.511 shall be entered in the assessment roll as prescribed under sub. (1).

(3) As soon as practicable, the assessor shall provide written notice concerning the discovery of property omitted from assessment and concerning that person’s appeal rights to the board of review to the owner of the property.

The assessor shall be present for at least 2 hours while the assessment roll is open for inspection. Instructional material under s. 73.03 (54) shall be available at the meetings. On examination the commissioner of assessments, assessor or assessors may make changes that are necessary to perfect the assessment roll or rolls, and after the corrections are made the roll or rolls shall be submitted by the commissioner of assessments or clerk of the municipality to the board of review.

70.46 Boards of review; members; organization. (1) Except as provided in sub. (1m) and s. 70.99, the supervisors and clerk of each town, the mayor, clerk and such other officers, other than assessors, as the common council of each city by ordinance determines, the president, clerk and such other officers, other than the assessor, as the board of trustees of each village by ordinance determines, shall constituted a board of review for the town, city or village. specify the manner of appointment. The town board, common council or village board shall fix, by ordinance, the salaries of the members of the board of review. No board of review member may serve on a county board of review to review any assessment made by a county assessor unless appointed as provided in s. 70.99 (10).

Persons who own land and improvements to that land may object to the aggregate valuation of that land and improvements to that land, but no person who owns land and improvements to that land may object only to the valuation of that land or only to the valuation of improvements to that land. No person shall be allowed in any action or proceedings to question the amount or valuation of property unless such writen objection has been filed and such person in good faith presented evidence to such board in support of such objections and made full disclosure before said board, under oath of all of that person’s property liable to assessment in such district and the value thereof. The requirement that it be in writing may be waived by express action of the board.

(aa) No person shall be allowed to appear before the board of review, to testify to the board by telephone or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the assessor to enter onto property to conduct an exterior view of the real or personal property being assessed.

If such objection has been investigated by the county board of assessors as provided by s. 70.99 (10m), the county board of review may adopt the determination of county board of assessors unless the objector requests or the board of review orders a hearing. At least 2 days’ notice of the time fixed for such hearing shall be given to the objector or the objector’s attorney and to the corporation counsel. If the county board of review adopts the determination of the county board of assessors and no further hearing is held, the clerk

(8) HEARING. The board shall hear upon oath all persons who appear before it in relation to the assessment. Instead of appearing in person at the hearing, the board may allow the property owner, or the property owner’s representative, at the request of either person, to appear before the board, under oath, by telephone or to submit written statements, under oath, to the board. The board shall hear upon oath, by telephone, all ill or disabled persons who present to the board a letter from a physician, physician assistant, or advanced practice nurse prescriber certified under s. 441.16 (2) that confirms their illness or disability. At the request of the property owner or the property owner’s representative, the board may postpone and reschedule a hearing under this subsection, but may not postpone and reschedule a hearing more than once during the same session for the same property. The board at such hearing shall proceed as follows:

NOTE: Sub. (8) (intro.) is shown as amended eff. 4−1−22 by 2021 Wis. Act 23. Prior to 4−1−22 it reads:

(8) Hearing. The board shall hear upon oath all persons who appear before it in relation to the assessment. Instead of appearing in person at the hearing, the board may allow the property owner, or the property owner’s representative, at the request of either person, to appear before the board, under oath, by telephone or to submit written statements, under oath, to the board. The board shall hear upon oath, by telephone, all ill or disabled persons who present to the board a letter from a physician, osteopath, physician assistant, as defined in s. 448.01 (6), or advanced practice nurse prescriber certified under s. 441.16 (2) that confirms their illness or disability. At the request of the property owner or the property owner’s representative, the board may postpone and reschedule a hearing under this subsection, but may not postpone and reschedule a hearing more than once during the same session for the same property. The board at such hearing shall proceed as follows:

(a) The clerk shall swear all persons testifying before it or by telephone in relation to the assessment.

(b) The owner or the owner’s representatives and the owner’s witnesses shall first be heard.

(c) The board may examine under oath such persons as it believes have knowledge of the value of such property.

(d) It may and upon request of the assessor or the objector shall compel the attendance of witnesses, except objectors who may testify by telephone, and the production of all books, inventories, appraisals, documents and other data which may throw light upon the value of property.

(e) All proceedings shall be taken in full by a stenographer or by a recording device, the expense thereof to be paid by the district. The board may order that the notes be transcribed, and in the case of an appeal or other court proceedings they shall be transcribed. If the proceedings are taken by a recording device, the clerk shall keep a list of persons speaking in the order in which they speak.

(f) The clerk’s notes, written objections and all other material submitted to the board of review, tape recordings of the proceedings and any other transcript of proceedings shall be retained for at least 7 years, shall be available for public inspection and copies of these items shall be supplied promptly at a reasonable time and place to anyone requesting them at the requester’s expense.

(g) All determinations of objections shall be by roll call vote.

(h) The assessor shall provide to the board specific information about the validity of the valuation to which objection is made and shall provide to the board the information that the assessor used to determine that valuation.

(i) The board shall presume that the assessor’s valuation is correct. That presumption may be rebutted by a sufficient showing by the objector that the valuation is incorrect.

(8m) HEARING WAIVER. The board may, at the request of the taxpayer or assessor, or at its own discretion, waive the hearing of an objection under sub. (8) or, in a 1st class city, under sub. (16) and allow the taxpayer to have the taxpayer’s assessment reviewed under sub. (13). For purposes of this subsection, the board shall submit the notice of decision under sub. (12) using the amount of the taxpayer’s assessment as the finalized amount. For purposes of this subsection, if the board waives the hearing, the waiver disallows the taxpayer’s claim on excessive assessment under s. 74.37 (3) and, notwithstanding the time period under s. 74.37 (3) (d), the taxpayer has 60 days from the notice of the hearing waiver in which to commence an action under s. 74.37 (3) (d).

(9) CORRECTION OF ASSESSMENTS. (a) From the evidence before it the board shall determine whether the assessor’s assessment is correct. If the assessment is too high or too low, the board shall raise or lower the assessment accordingly and shall state on the record the correct assessment and that that assessment is reasonable in light of all of the relevant evidence that the board received. A majority of the members of the board present at the meeting to make the determination shall constitute a quorum for purposes of making such determination, and a majority vote of the quorum shall constitute the determination. In the event there is a tie vote, the assessment shall be sustained.

(b) A board member may not be counted in determining a quorum and may not vote concerning any determination unless, concerning such determination, such member:

1. Attended the hearing of the evidence; or

2. Received the transcript of the hearing no less than 5 days prior to the meeting and read such transcript; or

3. Received a mechanical recording of the evidence no less than 5 days prior to the meeting and listened to such recording; or

4. Received a copy of a summary and all exceptions thereto no less than 5 days prior to the meeting and read such summary and exceptions. In this subdivision “summary” means a written summary of the evidence prepared by one or more board members attending the hearing of evidence, which summary shall be distributed to all board members and all parties to the contested assessment and “exceptions” means written exceptions to the summary of evidence filed by parties to the contested assessment.

(10) ASSESSMENT BY BOARD. If the board has reason to believe, upon examination of the roll and other pertinent information that the assessment of which an objection has been filed is not complained of, assessed above or below the general average of the assessment of the taxation district, or is omitted, the board shall:

(a) Notify the owner, agent or possessor of such property of its intention to review such assessment or place it on the assessment roll and of the time and place fixed for such hearing in time to be heard before the board in relation thereto, provided the residence of such owner, agent or possessor be known to any member of the board or the assessor.

(b) Fix the day, hour and place at which such matter will be heard.

(c) Subpoena such witnesses, except objectors who may testify by telephone, as it deems necessary to testify concerning the value of such property and, except in the case of an assessment made by a county assessor pursuant to s. 70.99, the expense incurred shall be a charge against the district.

(d) At the time appointed proceed to review the matter as provided in sub. (8).

(11) PARTIES. In all proceedings before the board the taxation district shall be a party in interest to secure or sustain an equitable assessment of all the property in the taxation district.

(12) NOTICE OF DECISION. Prior to final adjournment, the board of review shall provide the objector, or the appropriate party under sub. (10), notice by personal delivery or by mail, return receipt required, of the amount of the assessment as finalized by the board and an explanation of appeal rights and procedures under sub. Upon delivering or mailing the notice under this subsection, the clerk of the board of review shall prepare an affidavit specifying the date when that notice was delivered or mailed.

(13) CERTORARI. Except as provided in s. 70.85, appeal from the determination of the board of review shall be by an action for certiorari commenced within 90 days after the taxpayer receives the notice under sub. (12). The action shall be given preference. If the court on the appeal finds any error in the proceedings of the
board which renders the assessment or the proceedings void, it shall remand the assessment to the board for further proceedings in accordance with the court’s determination and retain jurisdiction of the matter until the board has determined an assessment in accordance with the court’s order. For this purpose, if final adjournment of the board occurs prior to the court’s decision on the appeal, the court may order the governing body of the assessing authority to reconvene the board.

(14) TAX PAYMENTS. In the event the board of review has not completed its review or heard an objection to an assessment on real or personal property prior to the date the taxes predicated upon such assessment are due, or in the event there is an appeal as provided in sub. (13) and s. 74.37, and from the correction of the board of review to the court, the time for payment of such taxes as levied is the same as provided in ch. 74 and if not paid in the time prescribed, such taxes are delinquent and subject to the same provisions as other delinquent taxes.

(15) SAVING CLAUSE. Nothing herein contained shall be construed to alter or repeal any of the provisions of s. 70.35.

(b) Except in cases of personal property and real estate which is of such a nature that it cannot be readily described, a description of the property shall be sufficiently specified to permit a determination of the objection.

(c) No personal property shall be assessed in one proceeding unless it is of a nature involving a similar claim or involving a similar condition or affecting the same objects. All personal property shall be assessed in one proceeding unless the taxpayer objects to the assessment of personal property in a separate proceeding.

(d) If the board of review completes its review or hears an objection to an assessment on real property prior to the date the taxes predicated upon such assessment are due, or in the event there is an appeal as provided in sub. (13) and s. 74.37, the board shall not adjourn until the assessment roll is completed or an objection reviewed.

70.57 Assessment of counties and taxation districts by department. (1) (a) The department of revenue before August 15 of each year shall complete the valuation of the property of each county and taxation district of the state. From all the sources of information accessible to it the department shall determine and assess by class the value of all property subject to general property taxation in each county and taxation district. If the department is satisfied that the assessment by a county assessor under s. 70.99 is at full value, it may adopt that value as the state’s full value.

(b) The department shall set down a list of all the counties and taxation districts and opposite to the name of each county and taxation district the valuation determined by the department, which shall be the full value according to the best judgment.

(c) There shall also be prepared a list of all the counties of the state with the valuation determined for each county listed opposite the name of the county. The list shall be certified by the secretary of revenue as the assessment of the counties of the state made by the department and be delivered to the department of administration.

(d) In any case where the department, through mistake or inadvertence, has assessed to any county or taxation district, in the current year or in the previous year, a greater or less valuation for any year than should have been assessed, it shall correct the error. The department shall add or subtract, as the case may be, from the valuation of the county or taxation district, as determined by the department at the assessment in the year after the error is discovered, the amount omitted from or added to the true valuation of the county in the former assessment in consequence of the error. The result shall be taken as the full value of the county for the latter year and a final correction of the error.

(1b) On or before August 1 of each year, the department of revenue shall publish on its Internet site for each county and taxation district a preliminary determination of its equalized value, tax incremental finance district values as provided under s. 66.1105 (5) (g) and (6), and net new construction value as provided under ss. 66.0602 and 79.05. If a county or taxation district discovers a clerical, arithmetic, transpositional, or similar error in the department’s determination that would result in the overvaluation or undervaluation of the property located in the county or taxation district, the county or taxation district shall notify the department of the error no later than August 7. The department shall correct, as provided in sub. (1) (d), any error reported and verified by the department under this subsection that results in an overvaluation or undervaluation of the property located in the taxation district greater than 2 percent. The correction shall be reflected in the equalized value provided to the county or taxation district under sub. (1m), except that amended assessment reports filed after the 2nd Monday in June shall not be subject to correction by the department as provided in this subsection.

(1m) On August 15 the department of revenue shall notify each county and taxation district of its equalized value. The department of revenue shall make available to each taxation district a list of sales within the taxation district and shall indicate whether or not those sales were used or rejected in establishing equalized value. If insufficient residential and agricultural sales in a taxation district require the department to use sales information from other taxation districts in establishing equalized value, the department shall so notify the affected taxation district and, upon written request from that taxation district, shall make available to the taxation district the sales information from other taxation districts and other information used to establish the equalized value. Upon resolution by the governing body of a county or taxation district, the department shall review the equalized value established for the county or taxation district.

(2) (a) If the state board of assessors, the tax appeals commission or a court makes a final redetermination on the assessment of property subject to taxation under s. 70.995 that is higher or lower than the previous assessment, the department of revenue shall recertify the equalized value of the school district in which the property subject to taxation under s. 70.995 is located.

(b) If a court makes a final redetermination on the assessment of telephone company property subject to taxation under s. 70.112 (4) and subch. IV of ch. 76 that is lower than the previous assessment, the department of revenue shall recertify the equalized value of the school district in which such property is located.

(3) (a) In determining the value of agricultural land under sub. (1), the department shall fulfill the requirements under s. 70.32 (2r).

(b) In determining the value under sub. (1) of agricultural forestland, as defined in s. 70.32 (2) (c) 1d., and undeveloped land, as defined in s. 70.32 (2) (c) 4., the department shall fulfill the requirements under s. 70.32 (4).

(4) (a) From the appropriation under s. 20.566 (2) (b), the department shall provide payments to any taxation district that certifies to the department, in the manner prescribed by the department, that the most recent valuation of the taxation district’s property under this section is greater than it should be because of a clerical, arithmetic, transpositional, or similar error made by the department, as confirmed by the department, and that the amount of the overvaluation represents 7.5 percent or more of the taxation district’s valuation under this section in the year prior to the year in which the error occurred.

(b) If property tax bills for the assessment year in which the error relates have been distributed to property owners, the taxation district receiving payments under par. (a) shall use the payments to make loans to persons who own property located in the taxation district and who are paying more property taxes than they should be as a result of the error. A person may receive a loan by applying, in the manner prescribed by the department, to the taxation district in which the person’s property is located no later than June 15 of the year following the error. The state shall collect the amount of any loan issued under this paragraph as a state special charge against the taxation district for the year after the year in which the error occurred and the special charge shall not be
70.57 GENERAL PROPERTY TAXES

included in the taxation district’s levy. The taxation district shall
assess the loan amount as a special charge against the property
for which the loan was made on the property tax bill succeeding
the loan, as provided under ch. 74 and s. 66.0627 (1) (c). Except
for interest and penalties, as provided under s. 74.47, that apply to any
delinquent special charge based on the loan amount, neither the
department nor the taxation district may charge interest on any
loan issued under this paragraph. The maximum loan amount that
a person may receive under this paragraph shall be calculated by
multiplying the assessed value of the person’s property by a deci-
mal determined by the department as follows:

1. For the year in which the error occurred, apportion county,
school district, technical college district, and metropolitan sewer-
dage district property taxes to the taxation district using the taxation
district’s erroneous valuation.

2. For the year in which the error occurred, apportion county,
school district, technical college district, and metropolitan sewer-
dage district property taxes to the taxation district using the taxation
district’s correct valuation.

3. Subtract the amount determined under subd. 2. from the
amount determined under subd. 1.

4. Divide the amount determined under subd. 3. by the taxa-
tion district’s assessed value for the year in which the error
occurred and express the result as a decimal.

(c) With regard to loans made under par. (b), the department
shall make the payments under par. (a) monthly, based on the
amounts requested in loan applications to the taxation district each
month, except that the department shall make no payments to a
taxation district after June 30 of the year following the year in
which the error occurred.

(d) If property tax bills for the assessment year in which the
error relates have not been distributed to property owners, the
department may make one payment from the appropriation under
s. 79.05.  Solely for purposes of relating annual revenue to estimated expenses, the amounts collected and remitted to the state under this paragraph shall be deemed accrued receipts unless it is deposited by this state on or before August 31.

70.58 Forestation state tax. (1) Except as provided in subs. (2) and (3), there is levied an annual tax of two-tenths of one mill for each dollar of the assessed valuation of the property of the state as determined by the department of revenue under s. 70.57, for the purpose of acquiring, preserving and developing the forests of the state and for the purpose of forest crop law and county forest law administration and aid payments, for grants to forestry cooperatives under s. 36.56, and for the acquisition, purchase and development of forests described under s. 25.29 (7) (a) and (b), the proceeds of the tax to be paid into the conservation fund. The tax shall not be levied in any year in which general funds are appropriated for the purposes specified in this section, equal to or in excess of the amount which the tax would produce and no tax shall be levied under this section beginning with the property tax assessments as of January 1, 2017.

(2) In each of 3 years beginning with the property tax assessments as of January 1, 2005, the department of revenue shall adjust the rate of the tax imposed under this section so that the percentage increase from the previous year in the total amount levied under this section does not exceed 2.6 percent. The rate determined by the department of revenue for the property tax assessment as of January 1, 2007, shall be the rate of the tax imposed under this section for all subsequent years, ending with the property tax assessments as of January 1, 2017.

(3) In fiscal year 2017–18, and in each fiscal year thereafter, an amount equal to 0.1697 mills for each dollar of the assessed valuation of the property of the state as determined by the department of revenue under s. 70.57 shall be transferred from the general fund to the conservation fund for the purposes described under (1).

70.60 Apportionment of state tax to counties. (1) The department of administration shall compute the state tax chargeable against each county basing such computation upon the valuation of the taxable property of the county as determined by the department of revenue pursuant to s. 70.57. On or before the 4th Monday of August in each year the department of administration shall certify to the county clerk of each county the amount of the payments apportioned to and levied upon the county, and all special charges which the county clerk is required by law to make in any year to any such county to be collected with the state tax. The county clerk shall then charge to each county the whole amount of such taxes and charges, and the same shall be paid into the state treasury as provided by law.

(3) OMITTED. Whenever the county board of any county shall fail to apportion against any town, city or village thereof in any year any state, county or school tax or any part thereof properly chargeable thereto, such county board shall, in any succeeding year, apportion such taxes against such town, city or village and add the proper amount thereof to the amount of the current annual tax then apportioned thereto.

(4) EXEMPTION FROM LEVY. (a) If a county levies a tax under sub. (1) for operating or maintaining, or providing services to, an airport, for public health services, or economic development services, a town located in the county, and on Madeline Island, shall be exempt from the taxes levied for such purposes if the town applies to the county for an exemption no later than September 1 of the year to which the exemption relates and the town provides documentation with the application that indicates that the town levies a tax for the same purpose that is at least equal to the amount calculated as follows:
1. Divide the amount of tax the county levied in the prior year for operating or maintaining, or providing services to, an airport, for public health services, or economic development services, less any amount levied for capital expenditures, by the equalized valuation of property in that area of the county that was subject to the county property tax levy for such services in the prior year.

2. Multiply the amount determined under subd. 1. by the equalized valuation of property in the town for the current year.

(am) The county board shall make a decision to approve or disapprove an application received under par. (a), and notify the applicant of its decision, no later than 30 days after the date on which it receives the application. If the county board disapproves an application under par. (a) the town may appeal the county board’s decision to the circuit court of the county.

(b) For purposes of par. (a), “public health services” includes emergency fire, ambulance, and medical services and operating or maintaining a community health care clinic. For purposes of par. The county clerk shall apportion the county tax and the whole amount of state taxes and charges levied upon the county, as certified by the department of administration, among the towns, cities and villages of the county, according and in proportion to the value thereof as determined by the department of revenue. The clerk shall certify to the clerk of and charge to each town, city and village, except in cities of the 1st class, the amount of all such taxes so apportioned to and levied upon it, and shall, at the same time, file with the county treasurer a certified copy of each apportionment.

The county clerk shall carry out in the record book, opposite the name of each in separate columns, the amount of state taxes and charges and the amount of county taxes so apportioned thereon, and the amount of all other special taxes or charges apportioned or ordered, or which the clerk is required by law to make in any year to any town, city or village, to be collected with the annual taxes. 70.64 Review of equalized values. (1) BY TAX APPEALS COMMISSION. The assessment and determination of the relative value of taxable general property in any county or taxation district, made by the department of revenue under s. 70.57, may be reviewed, and a redetermination of the value of such property may be made by the tax appeals commission, upon appeal by the county or taxation district. The filing of such appeal in the manner provided in this section by any county or taxation district shall impose upon the commission the duty, under the powers conferred upon it by s. 73.01 (4) (a), to review the assessment complained of. If, in its judgment based upon the testimony, evidence and record made on the preliminary hearing of such appeal, the commission finds such assessment to be unequal and discriminatory, it shall determine to correct such assessment to bring it into substantial compliance with law. Except as provided in this section, the appeal shall be taken and such review and redetermination shall be made as provided in ss. 73.01 and 73.015 and under the rules governing the procedure of the commission.
and village within the county, and a copy to the attorney authorized to appear on behalf of the county or any town, city or village within the county.

(6) HEARING. As soon as practicable, the commission shall set a time and place for preliminary hearing of such appeal. At least 10 days before the time set for such hearing, the commission shall cause notice thereof to be mailed by certified mail to the county clerk and to the attorney or the clerk of each town, city and village in whose behalf an appearance has been entered in the matter of such appeal, and to the clerk of each town, city or village which has not appeared, and mail a like notice to the clerk of the taxation district taking such appeal and to the department of revenue. The department of revenue shall be prepared to present to the commission at such time during the course of the hearings as the commission requires, the full value of all property subject to general property taxation in each town, village and city of the county, as determined by the department according to s. 70.57 (1) or in the case of a complaint by a taxation district under a county assessor such information as the department has in its possession. Said hearing may be adjourned, in the discretion of the tax appeals commission, as often and to such times and places as may be necessary in order to determine the facts. If satisfied that no substantial injustice has been done in the taxation district assessment appealed from, the commission in its discretion may dismiss such appeal. If satisfied that substantial injustice has been done in the taxation district assessment, the commission shall determine to revalue any or all of the taxation districts in the county, which it deems necessary, in a manner which in its judgment is best calculated to secure substantial justice.

(7) REDETERMINATION. The commission shall then proceed to redetermine the value of the taxable general property in such of the taxation districts in the county as it deems necessary. It may include in such redetermination other taxation districts than first determined upon and may include all of the taxation districts in said county at any time during the progress of its investigation or revaluations it is satisfied that such course is necessary in order to accomplish substantial justice and to secure relative equality as between all the taxation districts in such county. It shall make careful investigation of the value of taxable general property in the several taxation districts to which such review and redetermination shall extend, in any manner which in its judgment is best calculated to obtain the fair, full value of such property. The commission may employ such experts and other assistants as may be necessary, and fix their compensation. In making such investigations the commission and all persons employed therein by the commission shall have all the authority possessed by assessors so far as applicable, including authority to administer oaths and to examine property owners and witnesses under oath as to the quantity and value of the property subject to assessment belonging to any person or within any taxation district to which the investigation shall extend.

(8) HEARING. The commission may at any time before its final determination appoint a time and place at which it will hear evidence and arguments relevant to the matters under consideration upon such appeal. The time to be devoted to such hearings may be limited as the commission directs. At least 10 days before the time fixed for such hearings, the commission shall cause notice thereof to be mailed by certified mail to the county clerk and to the attorney or other representative of each town, city and village in whose behalf an appearance has been entered in the matter of such appeal, and a like copy to the department of revenue.

(9) TESTIMONY. The tax appeals commission may take testimony. Witnesses summoned at the instance of said commission shall be compensated at the rates provided by law for witnesses in courts of record, the same to be audited and paid the same as other claims against the state, upon the certificate of said commission. If any property owner or other person makes any false statement to said commission or to any person employed by it upon any matter under investigation that person shall be subject to all the forfeitures and penalties imposed by law for false statements to assessors and boards of review.

(10) DETERMINATION. The tax appeals commission shall make its determination upon such appeal without unreasonable delay and shall file a copy thereof in the office of the county clerk and mail by certified mail a like copy to the department of revenue and to the clerk and attorney of the taxation district appealing, and a copy to the clerk and attorney of each taxation district having appeared. In such determination the commission shall set forth the relative value of the taxable general property in each town, city and village of such county as found by them, and what sum, if any, shall be added to or deducted from the aggregate value of taxable property in each such taxation district as fixed in the determination of the department of revenue from which such appeal was taken in order to produce a relatively just and equitable taxation district assessment. Such determination shall be final.

(11) COMPUTATION. The determination of the commission shall not affect the validity of taxes apportioned in accordance with the taxation district assessment from which such appeal was taken; but if it is determined upon such appeal that such taxation district assessment is relatively unequal, such inequality shall be remedied and compensated in the apportionment of state and county taxes in such county next following the determination of said commission in the following manner: Each town, city and village whose valuation in such taxation district assessment was determined by said commission to be relatively too high shall be credited a sum equal to the amount of taxes charged to it upon such unequal assessment in excess of the amount equitably chargeable thereto according to the determination of the commission; and each town, city and village whose valuation in such taxation district assessment was determined by said commission to be relatively too low shall be charged a sum equal to the difference between the amount charged thereto upon such unequal assessment and the amount which should have been charged thereto according to the determination of the commission. The department of revenue shall aid the county clerk in making proper computations.

(12) EXPENSES. The tax appeals commission shall transmit to the county clerk with its determination on such appeal a statement of all expenses incurred therein by or at the instance of the commission, which shall include the actual expenses of the commission and regular employees of the commission, the compensation and actual expenses of all other persons employed by it and the fees of officers employed and witnesses summoned at its instance. A duplicate of such statement shall be filed in the office of the department of administration. Such expenses shall be audited upon the certificate of the commission, and paid out of the state treasury, in the first instance, as other claims against the state are audited and paid. The amount of such expenses shall be a special charge against such county and shall be included in the next apportionment and certification of state taxes and charges, and collected from such county, as other special charges are certified and collected. Unless otherwise directed by the commission in its determination upon such appeal, the county clerk, in the next apportionment of state and county taxes, shall apportion the amount of such special charges to and among the towns, cities and villages in such county whose relative valuations were increased in the determination of the commission in proportion to the amount of such increase in each of them respectively. The apportionment of such expenses shall be set forth in the determination of the commission. The amount so apportioned to each such town, city and village shall be charged upon its tax roll and shall be collected and paid over to the county treasurer as other state taxes and special charges are collected and paid.

(13) PROCEDURES. The provisions of s. 73.01, insofar as consistent with this section, shall be applicable to proceedings under this section.
70.65 **Tax roll. (1) Clerk to prepare.** Annually the clerk of the taxation district shall prepare a tax roll. The clerk shall begin preparation of the tax roll at a time sufficient to permit timely delivery of the tax roll under s. 74.03.

70.67 **Municipal treasurer’s bond; substitute for.** (1) The treasurer of each town, city, or village shall, unless exempted under sub. (2), execute and deliver to the county treasurer a bond, with sureties, to be approved, in case of a town treasurer, by the chairperson of the town, and in case of a city or village treasurer by the county treasurer, conditioned for the faithful performance of the duties of the office and that the treasurer will account for and pay over according to law all taxes of any kind which are received and which are required to be paid to the county treasurer. If such bond is executed the amount of the bond shall be no less than the amount of state and county taxes apportioned to the town, village, or city. The county treasurer shall give to the town, city, or village treasurer a receipt for the bond, and shall file and safely keep the bond in the county treasurer’s office.

(2) The treasurer of any municipality shall not be required to give such bond if the governing body thereof shall by ordinance obligate such municipality to pay, in case the treasurer thereof shall fail so to do, all taxes of any kind required by law to be paid by such treasurer to the county treasurer. Such governing body is authorized to so obligate such municipality. If the governing body of the municipality has adopted an ordinance as specified in this subsection, it may demand from its treasurer, in addition to the official bond required of all municipal treasurers, a fidelity or surety bond in an amount and upon such terms as may be determined by the governing body. Such bond shall run to the town or village board or the city council, as the case may be, and shall be delivered to the clerk of the municipality. A certified copy of such ordinance filed with the county treasurer shall be accepted by the county treasurer in lieu of the bond required by sub. (1). Such ordinance shall remain in effect until a certified copy of its repeal shall be filed with the county clerk and the county treasurer. The official bond executed pursuant to s. 19.01, required of municipal treasurers, shall extend to and include the liability incurred by any town, city or village whose governing board shall adopt and certify to the county treasurer an ordinance in accordance with this subsection.

70.68 **Collection of taxes. (1) Collection in certain cities.** In cities authorized to act under s. 74.87, the chief of police shall collect all state, county, city, school and other taxes due on personal property as shall then remain unpaid, and the chief of police shall possess all the powers given by law to town treasurers for the collection of such taxes, and be subject to the liabilities and entitled to the same fees as town treasurers in such cases, but such fees shall be turned over to the city treasurer and become a part of the general fund.

(2) **Bond of chief of police.** The chief of police shall give a bond to the city, in such sum and with such sureties as the council may prescribe, for the payment to the city treasurer of all taxes collected by the chief of police.

**History:** 1985 a. 135; 1987 a. 378; 1991 a. 316.

70.71 **Proceedings if roll not made.** (1) Whenever any town, city or village clerk neglects or refuses to make and deliver the tax roll within the time required by law the county clerk shall, at any time after such neglect or refusal, demand and summarize the tax roll for such year, and make, in the same manner as required of the town clerk, a tax roll for such town, city or village and deliver the same to the county treasurer for collection.

(2) If the assessment roll cannot be obtained the county clerk may use a copy thereof if obtainable. If the clerk can obtain neither original nor copy the clerk shall make out, to the best of the clerk’s ability, a tax roll from the last assessment or tax roll on file in the clerk’s office or in the office of the county treasurer, which shall then be taken and deemed conclusively the legal tax roll of such town for all purposes whatever. For all such services the county clerk shall be allowed by the county board and paid from the county treasury a reasonable compensation, which shall be charged to the town in the next apportionment of taxes.

**History:** 1975 c. 324; 1987 a. 378; 1991 a. 316.

70.72 **Clerical help on reassessment.** Whenever a reassessment or revaluations of taxes shall hereafter be ordered in any town, the town board of such town may employ such additional clerical help for the purpose of preparing the tax rolls upon such reassessment as in its judgment shall be necessary.

70.73 **Correction of tax roll. (1) Before delivery.** (a) If it is discovered by any town, village or city clerk or treasurer that any parcel of land has been erroneously described on the tax roll the clerk or treasurer shall correct the description.

(b) If a town, village or city clerk or treasurer discovers that personal property has been assessed to the wrong person, or 2 or more parcels of land belonging to different persons have been erroneously assessed together on the tax roll, the clerk or treasurer shall notify the assessor and all parties interested, if the parties are residents of the county, by notice in writing to appear at the clerk’s office at some time, not less than 5 days thereafter, to correct the assessment roll.

(c) At the time and place designated in the notice given under par. (b), the assessment roll shall be corrected by entering the correct names of the persons liable to assessment, both as to real and personal property, describing each parcel of land and giving the
proper valuation to each parcel separately owned. The total valuation
given to the separate tracts of real estate shall be equal to the
valuation given to the same property when the several parcels
were assessed together.

(d) The valuation of parcels of land or correction of names of
persons whose personal property is assessed under this subsection
may be made at any time before the tax roll is returned to the
county treasurer for the year in which the tax is levied. The valua-
tion or correction of names, when made under this subsection,
shall be held just and correct and be final and conclusive.

(1m) After board of review. If a town, village, or city clerk
or treasurer discovers a palpable error, as described under s. 74.33
(1), in the assessment roll after the board of review has adjourned
for the year under s. 70.47 (4), the clerk or treasurer shall correct
the assessment roll before calculating the property taxes that are
due on the property related to the error and notify the department
of revenue of the correction under s. 70.57.

(3) Notice of correction. When the assessment roll shall
have been so corrected the clerk shall enter a marginal note on the
roll stating when the correction was made by the assessor; and if
the taxes shall have been extended against the property previously
the clerk shall correct the tax roll in the same manner that the
assessment roll was corrected, and extend against each tract the
proper amount of tax to be collected.

70.74 Lien of reassessed tax. (1) Whenever any tax or
assessment or any part thereof levied on real estate, whether here-
tofore or hereafter levied, shall have been set aside or determined
to be illegal or void or the collection thereof prevented by the judg-
mint of a court or the action of the county board; or whenever any
town, city or village treasurer shall have been prevented by injunc-
tion from collecting or returning as delinquent any such tax or
assessment in consequence of any irregularity or error in any of
the proceedings in the assessment of such real estate, the levy of
such tax or the proceedings for its collection, or of any erroneous
or imperfect description of such real estate, or of any omission to
comply with any form or step required by law, or of the affixing
of a revenue stamp to the tax certificate, and including the amount
thereof in the same, or the including of any illegal addition with
the lawful tax, or for any other cause, then, if the real estate was
properly taxable or assessable, if it be not a proper case to collect
by inclusion of the land in the tax certificate next issued under s.
74.57, such tax, or so much thereof as shall not have been col-
lected and as may be taxable or assessable therto may be
reassessed or levied on such real estate at any time within 3
years after such judgment or such action of the county board or
dissolution of such injunction; and the proper town board, village
board, board of trustees or common council shall make an order
directing the same to be reassessed upon such real estate, and the
clerk shall insert the same in the tax roll, opposite such real estate,
in a separate column, as an additional tax, and the same shall be
collected as a part of the tax for the year when so placed on the roll.
Any such school district tax shall be so reassessed and levied on
the order of the town board; but the provisions of this section shall
not be construed as conflicting with, limiting or in any way affect-
ing the assessment for tax purposes provided for in s. 75.54 and 75.55.
The lien of any tax reassessed as provided in this section shall attach to the
land as of the date when such tax as originally levied became a lien
and shall continue and constitute the lien of any tax certificate
issued which includes such lands for such reassessed tax.

(2) Whenever any tax or assessment or any part thereof levied
on real estate shall have been set aside or determined to be illegal
or void or the collection thereof prevented by the judgment of a
court or the action of the county board and such tax or assessment
shall not be justly reassessable, the county board may order such
tax or assessment to be charged back to the respective town, city
or village wherein such lands are situated in the next apportion-
ment of county taxes, provided that the amount so charged back
shall not include any tax or assessment the illegality of which is
solely attributable to erroneous action by the county or its officers.

70.75 Reassessments. (1) Reassessments. How made.
(a) 1. The owners of taxable property in any taxation district,
other than an assessment district within the corporate limits of any
1st class city, whose property has an aggregate assessed valuation
of not less than 5 percent of the assessed valuation of all of the
property in the district according to the assessment sought to be
corrected, may submit to the department of revenue a written peti-
tion concerning the assessed valuation of their property. Subject
to subd. 2, and sub. (1m), if the department finds that the assess-
ment of property in the taxation district is not in substantial com-
pliance with the law and that the interest of the public will be
promoted by a reassessment, the department may order a
reassessment of all or of any part of the taxable property in the dis-
tRICT to be made by one or more persons appointed for that purpose
by the department.

2. The department may dismiss any petition for reassessment
if, prior to the entry of a reassessment order under subd. 1., the
taxation district involved determines under s. 70.055 that employing
expert help to aid in assessing property would be in the public
interest and if, after receiving departmental approval, the taxation
district does employ expert help for either of the 2 years following the
assessment year complained of.

3. If the department performs the reassessment or special
supervision under sub. (3), the department shall designate the per-
son responsible for the reassessment. If the department appoints
a corporation for the reassessment or special supervision under
sub. (3), the corporation shall designate the person responsible for
the reassessment. The corporate or departmental designee shall
file the official oath under s. 19.01.

4. If a petition under subd. 1. is filed in the office of the depart-
ment the department shall, under the powers conferred by s. 73.03
(1), review the assessment complained of. If the department finds
the assessment is not in substantial compliance with law and that
public interest will be promoted by a reassessment, it shall correct
such assessment by a reassessment as provided in this section.
The department’s duty to reassess is not impaired by any action,
subsequent to such filing, of any taxpayer represented in the appli-
cation.

5. As a part of its investigation of the assessment complained
of, the department shall hold a hearing at some convenient place
within or near the taxation district which is sought to be
reassessed. At such hearing testimony may be offered as to the
inequality or equality of the assessment, whether or not the public
interest will be promoted by a reassessment and as to such other
matters as may be desired by the department. Notice of the hear-
ing specifying the time and place of the hearing shall be mailed to
the clerk of the taxation district and the first signer of the applica-
tion for reassessment, not less than 8 days before the time fixed for
the hearing.

6. The department shall keep on file its order directing such
reassessment and naming the persons appointed to make the reas-
seSSment. In addition, the department shall transmit a copy of the
order to the clerk of the taxation district, to the supervisor of equal-
ization of the county in which the district is located and to each of
the persons appointed to make such reassessment and serve on the
board for the review of the reassessment. Service of a copy of the
order is legal notice to these people of their appointment. No per-
son may be authorized by the department to make a reassessment
or to provide special supervision instead of reassessment unless
the person is willing and able to use the assessment manual.

(b) All assessment personnel appointed under this section in
1974 and thereafter shall have passed an examination and have
been certified by the department of revenue as qualified for per-
forming the functions of the office to which appointed. Any per-

son appointed under par. (a) or sub. (3) shall be certified as an
expert appraiser as provided in s. 70.055 (1).

(1m) ADDITIONAL REQUIREMENTS. The department may not proceed under sub. (1) (a) with respect to a petition filed by a property owner who owns more than 5 percent of the assessed valuation of all the property in a taxation district if within the 3 years preceding the date of the petition that person petitioned for reassessment and the department of revenue did not order a reassessment under sub. (1) (a) or special supervision under sub. (3) unless, in addition to that property owner, an owner or owners of an additional 5 percent of the assessed valuation of the taxation district join in the petition. If a petition is denied under this subsection, the property owner who petitioned for reassessment shall pay 75 percent of the department of revenue’s costs in respect to that petition. Payments under this subsection shall be made to the department of revenue for deposit in the appropriation under s. 20.566 (2) (h).

(2) PERSONS APPOINTED TO REASSESS, POWERS AND DUTIES. The person or persons appointed under sub. (1) to make a reassessment, without delay, shall severally take and subscribe an oath or affirmation to support the constitution of the United States and of the state of Wisconsin and to faithfully perform the duties imposed upon that person in respect to the reassessment to the best of that person’s ability and shall file the same with the department of revenue in connection with reassessment or special supervision under sub. (3) unless, in addition to that property owner, an owner or owners of an additional 5 percent of the assessed valuation of the taxation district join in the petition. If a petition is denied under this subsection, the person or persons appointed to make the reassessment shall proceed with diligence to make a reassessment of all the taxable property in the affected district. For that purpose the person or persons appointed to make the reassessment shall have all the power and authority given by law to assessors in the district and shall perform all the duties and be subject to all restrictions and penalties imposed by law upon assessors in the district. The person or persons appointed to make the reassessment shall have access to all public records and files which may be necessary or useful in the performance of the reassessment, and while engaged therein shall be entitled to have custody and possession of the roll containing the original assessment in the district and all property and other statements and memoranda relating thereto. A blank assessment roll and all property statements and other blank forms necessary for the purposes of the reassessment shall be furnished by the county clerk at the expense of the county upon the application of the department of revenue.

(3) SPECIAL SUPERVISION INSTEAD OF REASSESSMENT. Whenever the department determines, after the hearing provided for in sub. (1) or in the determination under s. 70.05 (5) (d), that the assessment complained of was not made in substantial compliance with the law or that the interests of all the taxpayers in the district will best be promoted by special supervision of succeeding assessments to the end that the assessment of such district shall thereafter be lawfully made, it may proceed as follows: It may designate one or more employees of the department or appoint one or more other qualified persons to assist the local assessor in making the assessments to be thereafter made in such district. Any person so appointed may give all or such part of that person’s time to such supervision as, in the judgment of the department, is necessary to complete such assessment in substantial compliance with the law or that the interests of all the taxpayers in the district will best be promoted by such supervision to the end that the assessment of such district shall thereafter be lawfully made. A majority of them constitutes a quorum. The memorandum and all property statements and other blank forms necessary for the purposes of the reassessment shall be furnished by the county clerk at the expense of the county upon the application of the department of revenue.

(4) COSTS. Except as provided in sub. (1m), all costs of the department of revenue in connection with reassessment or special supervision under this section shall be borne by the taxation district. These receipts shall be credited to the appropriation under s. 20.566 (2) (h). Past due accounts shall be certified on or before the 4th Monday of August of each year and included in the next apportionment of state special charges to local units of government.

(5) DEFINITIONS. In this section, for those taxation districts that are under a county assessor system, the terms “local assessor” and “board of review” include the county assessor and the county board of review, respectively.

70.76 Board of correction. (1) NOTICE, PROOF. (a) In the order for reassessment the department of revenue shall designate 3 persons to serve as a board for the correction and review of the reassessment. As soon as practicable the person making the reassessment shall inform the clerk of the district of the date on which the reassessment will be ready for the consideration of the board. The information shall be given in time to enable the clerk to give the notice required in this subsection.

(b) The clerk shall give notice that the board will meet on the date at the place provided by law for the meeting of the regular board of review of the district, specifying the place. The clerk shall record the notice in the record book of proceedings of the board of review of the district after first recording the order for reassessment. The clerk shall post the notice in 3 conspicuous public places in the district and shall also serve a copy of the notice upon each of the persons named to act as the board and upon the department of revenue if the reassessment is not made by the department. The posting and service shall be at least one week before the day designated for the meeting.

(c) In case of the failure or refusal of the clerk to give and serve the notice in the manner prescribed within 5 days after being requested to do so by the person making the reassessment, the department of revenue may give and serve the notice with the same force and effect as if given and served by the clerk. The service may be by personal delivery to the person to be served or by leaving the copy at the person’s usual place of abode or by mailing it in a sealed envelope postpaid and directed to the person at the person’s post-office address.

(d) A memorandum stating the time and place of posting and the time and manner of service shall be entered by the clerk in the record. The memorandum, authenticated by the signature of the clerk, is presumptive evidence of the facts stated. The fact, time and manner of posting and service may be proved by any person having knowledge of the facts even though no entry of a memorandum is made.

(2) HEARING. The persons designated to serve as a board to review the reassessment shall attend at the time and place specified in the notice. A majority of them constitutes a quorum. Before proceeding in the review they shall be sworn by the clerk or by some other person authorized by law to administer oaths, to faithfully and impartially perform their duties in respect to the reassessment. The clerk of the district shall attend and serve as the clerk of the board at all its sessions and shall perform all the duties required of clerks at meetings of the regular board of review of the district, except that the clerk shall have no voice in the determination of the board.

(3) EVIDENCE. The person making the reassessment shall attend the meeting. shall present before the board the roll containing the reassessment of property made by the person and all property statements, affidavits, and other memoranda in relation to it, shall furnish the board all information in the person’s possession which may be useful in the work of the board, and may give testimony of any facts within the person’s knowledge pertinent to any matter under the consideration of the board.

70.77 Proceedings; inspection. Such board shall carefully examine and consider such reassessment roll and all statements and other information accompanying the same or given in relation thereto. The department of revenue shall annually notify each manufacturer assessed under this section and the municipality in which the manufacturing property is located of the full value of all real and personal property owned by the manufacturer. The notice shall be in writing and shall be sent by 1st class mail or electronic mail. In addition, the notice shall specify that objections to valuation, amount, or taxability must be filed with the state board of assessors no later than 60 days after the date of the notice of assessment, that objections to a change from assessment under this section to assessment under s. 70.32 (1) must be filed no later than 60 days after the date of the notice of assessment, that objections to a change from assessment under this section to assessment under s. 70.32 (1) must be filed no later than 60 days after the date of the notice, that the fee under par. (c) 1. or (d) must be paid and that the objection is not filed until the fee is paid. For purposes of this subdivision, an objection is considered timely filed if received by the state board of assessors no later than 60 days after the date of the notice or sent to the state board of assessors by certified mail in a properly addressed envelope, with postage paid, that is postmarked before midnight of the last day for filing. A statement shall be attached to the assessment roll indicating that the notices required by this section have been mailed and failure to receive the notice does not affect the validity of the assessments, the resulting tax on real or personal property, the procedures of the tax appeals commission or of the state board of assessors, or the enforcement of delinquent taxes by statutory means.

2. If a municipality files an objection to the amount, valuation, taxability, or change from assessment under this section and the person assessed does not file an objection, the person assessed may file an appeal within 15 days after the municipality’s objection is filed.

(c) 1. All objections to the amount, valuation, taxability, or change from assessment under this section to assessment under s. 70.32 (1) of property shall first be made in writing. If the objection is described by the department of revenue that specifies that the objector shall set forth the reasons for the objection, the objector’s estimate of the correct assessment, and the basis under s. 70.32 (1) for the objector’s estimate of the correct assessment. An objection shall be filed with the state board of assessors within the time prescribed in par. (b) 1. A $200 fee shall be paid when the objection is filed unless a fee has been paid in respect to the same piece of property and that appeal has not been finally adjudicated. The objection is not filed until the fee is paid. Neither the state board
of assessors nor the tax appeals commission may waive the requirement that objections be in writing. Persons who own land and improvements to that land may object to the aggregate value of that land and improvements to that land, but no person who owns land and improvements to that land may object only to the valuation of that land or only to the valuation of improvements to that land.

The board of assessors committed jurisdictional error by disregarding market adjustments that were not disputed during assessment review proceedings. This section does not contravene either the uniform taxation or equal protection clauses. Fort Howard Paper Co. v. Wisconsin Lake District Board, 82 Wis. 2d 491, 263 N.W.2d 172 (1978).

Sub. (1) (a) does not include all structures used predominantly in support of manufacturing property independent of sub. (1) (a). S.C. Johnson, Inc. v. DOR, 202 Wis. 2d 714, 552 N.W.2d 102 (Ct. App. 1996), 95–3215.

If a business does not fit within a category listed in the manual under sub. (1) or (2), the assessment manual may be looked to, to determine if property is manufacturing property. The manual provides that the general definition of manufacturing property under sub. (1) (a) and (b) is to be considered and supplies 3 questions to be used in applying the definition. That the taxpayer was a wholesaler of fresh fruits and vegetables did not mean that its ripening chambers could not qualify as manufacturing property under this section. The 1987 SIC Manual, and not subsequently revised versions of the manual, must be followed under sub. (2) until the legislature directs otherwise. When the taxpayer’s activities did not fit squarely into a particular SIC Manual category, the commission then reasonably looked to the general definition of manufacturing in the SIC Manual to assist in classifying the facility.
