706.001 Scope and construction. (1) Subject to the exclusions in sub. (2), this chapter shall govern every transaction by which any interest in land is created, aliened, mortgaged, assigned or may be otherwise affected in law or in equity.

(2) Excluded from the operation of this chapter are transactions which an interest in land is affected:
   (a) By act or operation of law; or
   (b) By will; or
   (b) Nonprobate transfer on death under s. 705.15; or
   (c) By lease for a term limited to one year or less; or by contract or option to lease for such period which postpones the commencement of the agreed lease to a time not later than 60 days after the date of the contract or option; or by assignment, modification or termination of lease when, at the time such assignment, modification or termination is made, the unexpired term is limited to one year or less, and remains so limited under the lease as modified; except that instruments relating to such excluded transactions, if in recordable form, shall be entitled to record.

(3) This chapter shall be liberally construed, in cases of conflict or ambiguity, so as to effectuate the intentions of parties who have acted in good faith.

The doctrine of part performance is not an “operation of law” under sub. (2) (a) that excludes the application of ch. 706 to a transaction. Wyss v. Albee, 183 Wis. 2d 245, 515 N.W.2d 517 (Ct. App. 1994).

Transactions in which an interest in land is affected by act or operation of law are excluded from operation of this chapter under sub. (2). Dow Family, LLC v. PHH Mortgage Corporation, 2014 WI 56, 354 Wis. 2d 796, 848 N.W.2d 728, 13−0221.

A bank’s mortgage validly attached a lien to a vendor’s interest under a land contract. Wisconsin’s land recording statute is broad enough to include creation of a lien on a vendor’s interest in a land contract, which includes legal title to land. Liebrecht v. Intercity State Bank, FSIB, 819 F.3d 981 (2016).

706.01 Definitions. In this chapter:

(4) “Conveyance” means a written instrument, evidencing a transaction governed by this chapter, that satisfies the requirements of s. 706.02, subject to s. 706.25.

(5) “Conveyance of mineral interests” means any transaction under s. 706.001 (1) entered into for the purpose of determining the presence, location, quality or quantity of metalliferous minerals or for the purpose of mining, developing or extracting metalliferous minerals, or both. Any transaction under s. 706.001 (1) entered into by a mining company is rebuttably presumed to be a conveyance of mineral interests.

(6) “Grantor” means the person from whom an interest in lands passes by conveyance, including, without limitation, lesors, vendors, mortgagors, optionors, releasors, assignors and trustsettlers of interest in lands, and “grantee” means the person to whom the interest in land passes. Whenever consistent with the context, reference to the interest of a party includes the interest of the party’s heirs, successors, personal representatives and assigns.

(7) “Homestead” means the dwelling, and so much of the land surrounding it as is reasonably necessary for use of the dwelling as a home, but not less than one−fourth acre, if available, and not exceeding 40 acres.

(7m) “Interest in minerals” means any fee simple interest in minerals beneath the surface of land that is:
   (a) Separate from the fee simple interest in the surface of the land; and
   (b) Created by an instrument transferring, granting, assigning or reserving the minerals.

(7r) “Legal description” means a description of a specific parcel of real estate that is described in one of the following ways, whichever is appropriate:
   (a) By one of the ways under s. 66.0217 (1) (c).
   (b) By condominium name, unit number, and apportion number in a platted condominium development.

(8) “Metalliferous minerals” means naturally occurring minerals containing metal.

(8m) “Mineral” means a naturally occurring substance recognized by standard authorities as mineral, whether metalliferous or nonmetalliferous.

(9) “Mining company” means any person or agent of a person who has a prospecting permit under s. 293.45 or a mining permit under s. 293.49 or 295.58.

(10) “Signed” includes any handwritten signature or symbol on a conveyance intended by the person affixing or adopting the signature or symbol to constitute an execution of the conveyance.

A necessary implication under s. 706.10 (3) is one that is so clear as to be express; it is a required implication. The words “heirs and assigns,” or any similar language, need not be construed as having any legal effect and the use of the term in a grant of water flowage rights and not in a grant of sand removal rights in the same deed did not create a necessary implication that the sand rights were non−transferable. Borek Cranberry Marsh v. Jackson County, 2010 WI 95, 329 Wis. 2d 613, 785 N.W.2d 615, 08−1144.

706.02 Formal requisites. (1) Transactions under s. 706.001 (1) shall not be valid unless evidenced by a conveyance that satisfies all of the following:
   (a) Identifies the parties; and

   (c) Identifies the interest conveyed, and any material term, condition, reservation, exception or contingency upon which the interest is to arise, continue or be extinguished, limited or encumbered; and
   (d) Is signed by or on behalf of each of the grantors; and
706.02 CONVEYANCES OF REAL PROPERTY; RECORDING; TITLES

(g) Is delivered. Except under s. 706.09, a conveyance delivered upon a parol limitation or condition shall be subject thereto only if the issue arises in an action or proceeding commenced within 5 years following the date of such conditional delivery; however, when death or survival of a grantor is made such a limiting or conditioning circumstance, the conveyance shall be subject thereto only if the issue arises in an action or proceeding commenced within such 5-year period and commenced prior to such death.

(2) A conveyance may satisfy any of the foregoing requirements of this section:
(a) By specific reference, in a writing signed as required, to extrinsic writings in existence when the conveyance is executed; or
(b) By physical annexation of several writings to one another, with the mutual consent of the parties; or
(c) By several writings which show expressly on their faces that they refer to the same transaction, and which the parties have mutually acknowledged by conduct or agreement as evidences of the transaction.

There can be no waiver of the necessity of a spouse’s joining in a deed of a homestead or recording of a mortgage to defeat the homestead exemption if the conveyance is not signed, or joined in by separate conveyance, by or on behalf of each spouse, whether or not the signing spouse did not need to be determined. (2m), identification may be either by the terms of the instrument or by reference to an instrument of record in the same office, naming the document number of the record and, if the record is assigned a volume and page number, the volume and page where the record is recorded.

706.057 Lapse and reversion of interests in minerals.

(1) Applicability. This section does not apply to an interest in minerals which is owned by the same person who owns the fee simple interest in the surface of the land above the interest in minerals.

(2) Use of an interest in minerals. In this section, an interest in minerals is used if any of the following occur:

(a) Any minerals are mined in exploitation of the interest in minerals.

(b) A conveyance of mineral interests is recorded under this chapter.

(c) Any other conveyance evidencing a transaction by which the interest in minerals is created, alienated, reserved, mortgaged or assigned is recorded under this chapter.

(d) Property taxes are paid on the interest in minerals by the owner of the interest in minerals.

(e) The owner of the interest in minerals records a statement of claim under sub. (4) or (5) concerning the interest in minerals.

(3) Lapse. (a) Except as provided in par. (b) or (c), an interest in minerals lapses if the interest in minerals was not used during the previous 20 years.

(b) An interest in minerals which was not used during the 20-year period prior to July 1, 1984, does not lapse if the interest in minerals is used within 3 years after July 1, 1984.

(c) An interest in minerals which was used during the period from 17 to 20 years prior to July 1, 1984, does not lapse if the interest in minerals is used within 3 years after July 1, 1984.

(4) Statement of claim; recording; requirements. If the owner of an interest in minerals uses the interest in minerals by recording a statement of claim, the statement of claim shall comply with this subsection. The statement of claim shall contain the name and address of the owner of the interest in minerals, a description of the location and boundary of the interest in minerals and a reference to the recorded instrument which created the interest in minerals. The statement of claim shall be recorded with the register of deeds for the county in which the interest in minerals is located.

(5) Cure of lapse. The lapse of an interest in minerals under sub. (3) is cured if the owner of the interest in minerals records a statement of claim complying with all of the requirements of sub. (4) before the surface owner records a statement of claim under sub. (6) (a) or before a statement of claim takes effect under sub. (6) (b) 1., whichever is later.

(6) Claim of lapse of interest in minerals. (a) The owner of the land under which an interest in minerals exists may claim that portion of a lapsed interest in minerals which lies beneath the owner’s land by recording a statement of claim. The statement of claim shall contain the name and address of the owner of the land under which the lapsed interest in minerals is located and a description of the land under which the interest in minerals is located. The statement of claim shall be recorded with the register of deeds for the county in which the land is located.

(b) 1. Except as provided in subd. 2., a statement of claim which is recorded under par. (a) before the lapse of the interest in minerals to which the claim applies takes effect when the interest in minerals lapses.

2. A statement of claim which is recorded under par. (a) before the lapse of the interest in minerals to which the claim applies which was not used during the period of 6 years prior to July 1, 1984, does not lapse if the interest in minerals does not lapse within that 6-year period.

(7) Statement of claim; recording; register of deeds’ duty. The register of deeds shall provide copies of the uniform form for statements of claim under subs. (4), (5) and (6). Upon receipt of a statement of claim under sub. (4), (5) or (6) in the office of the register of deeds, the register of deeds shall record the claim in a manner which will permit the existence of an interest in minerals to be determined by reference to the parcel or parcels of land above the interest in minerals. The claimant shall pay the recording fee under s. 59.43 (2).

(8) Determination of ownership. (a) The owner of an interest in minerals which is the subject of a claim under sub. (6) (a), within 3 years after the claim is recorded with the register of deeds or within 3 years after the claim takes effect as provided under sub. (6) (b) 1., whichever is later, may bring an action for a declaratory judgment or declaration of interest on the ownership of the interest in minerals. The action shall be commenced in the circuit court in the county where the interest in minerals is located.

(b) 1. If the court finds that the owner of the interest in minerals did not use the interest in minerals within the time limits specified under sub. (3) or that the owner of the interest in minerals recorded a claim under sub. (5) before the surface owner recorded a claim under sub. (6) (a) or before the claim took effect as provided under sub. (6) (b) 1., whichever is later, the court shall issue a judgment declaring that the interest in minerals is not lapsed.

2. If the court finds that the owner of the interest in minerals did not use the interest in minerals within the time limits specified under sub. (3) and did not record the claim under sub. (5) before the surface owner recorded the claim under sub. (6) (a) or before the claim took effect as provided under sub. (6) (b) 1., whichever is later, the court shall issue a judgment affirming the surface owner’s claim.

(c) Upon the issuance of a judgment affirming the surface owner’s claim or, if no action is brought under par. (a), at the end of the 3-year period after the surface owner’s claim is recorded or at the end of the 3-year period after the claim takes effect as provided under sub. (6) (b) 1., whichever is later, the ownership of the interest in minerals reverts to the owner of the land under which the lapsed interest in minerals is located and title to the interest in minerals is merged with the title to the surface of the land.

(10) Waiver; limitation. No person may waive or agree to waive the provisions of this section and any waiver or agreement of this type is void.

Due process requires that every owner of a recorded interest, including a mineral interest under this section, be provided written notice of an application for a tax deed. 74 Atty. Gen. 59.

Under this section the owner of land under which mineral rights have lapsed must record a claim to the lapsed mineral rights in order to foreclose a separate mineral rights owner from curing the lapse. 79 Atty. Gen. 61.

(3) Affidavits shall be authenticated by a certificate of due execution of the instrument, executed by a person entitled to administer oaths.

(4) In addition to any criminal penalty or civil remedy otherwise provided by law, knowingly false authentication of an instrument shall subject the authenticator to liability in tort for compensatory and punitive damages caused thereby to any person.

(i) Facts not asserted of record. Any fact not appearing of record, but the opposite or contradiction of which appears affirmatively and expressly in a conveyance, affidavit or other instrument of record in the chain of title of the real estate affected for 5 years. (b) Notice of record within 30 years. There appears of record in the chain of title of the real estate affected, within 30 years and prior to the time at which the interest of such purchaser arises in law or equity, an instrument affording affirmative and express notice of such prior outstanding interest conforming to the requirements of definiteness of sub. (b) Unplatted, unimproved, unused, etc. Which, at the time such subsequent purchaser’s interest arises, is unplatted, vacant and unimproved, unimproved, and unincumbered; except that this paragraph shall not apply to prior interests dependent for validity or priority upon the circumstances described in sub. The term “chain of title” as used in this section includes instruments, actions and proceedings discoverable by reasonable search of the public records and indexes affecting real estate in the offices of the register of deeds and in probate and of clerks of courts of the counties in which the real estate is located; a tract index shall be deemed an index where the same is publicly maintained.

(5) CONSTRUCTION. Nothing in this section shall be construed to raise or support any inference adverse or hostile to marketability of titles.

(6) EFFECTIVE DATE. This section shall take effect and may be invoked by qualified purchasers without notice as defined in sub. (2) whose interests arise on or after July 1, 1968, and by their successors in interest thereafter.

This section does not create or govern interests in land but deals with circumstances when a purchaser of land will be held to have notice of adverse interests. Interests arising through adverse possession or use are governed by ch. 893, Rev.L. 1989.

A purchaser of land has 3 sources of information from which to learn of rights to the land: 1) records in the office of register of deeds; 2) other public records that are usually not recorded, such as judgments and liens; and 3) the land itself, to find rights that are in the nature of possession or use. The purchaser is chargeable with knowledge of the location of the land’s boundaries as against 3rd persons. Hoye Outdoor Adver-

Sub. (2) (b) does not require purchasers for value to find, in the absence of a proper recording, that an interest could possibly be discovered. Such a requirement would be contrary to the very purpose of the recording statutes, to ensure a clear and certain title to the real estate; it would be contrary to the very purpose of the recording statutes, to ensure a clear and certain title to the real estate; and it would defeat the very purpose of the recording statutes, to ensure a clear and certain title to the real estate;

A conveyance by which the grantor contracts to warrant the value of possession or use. The purchaser is chargeable with knowledge of the location of the land’s boundaries as against 3rd persons. Hoye Outdoor Adver-

706.12 Uniform vendor and purchaser risk act.
(1) Any contract made in this state for the purchase and sale of realty shall be interpreted as including an agreement that the parties shall have the following rights and duties, unless the contract expressly provides otherwise:

(a) If, when neither the legal title nor the possession of the subject matter of the contract has been transferred, all or a material part thereof is destroyed without fault of the vendor or is taken by eminent domain, the vendor cannot enforce the contract, and the purchaser is entitled to recover any portion of the price that the purchaser has paid.

(b) If, when either the legal title or the possession of the subject matter of the contract has been transferred, all or any part thereof is destroyed without fault of the vendor or is taken by eminent domain, the purchaser is not thereby relieved from a duty to pay the price, nor is the purchaser entitled to recover any portion thereof that the purchaser has paid.

706.22

(3) This section does not apply to a register of deeds or other government employee who acts in the course of his or her official duties and files, enters or records any instrument relating to title on behalf of another person.

History: 1979 c. 221; 1995 a. 224; 1997 a. 27.

Enactment of this section did not create a cause of action nor destroy the common-law right of recovery. Schiltter v. Lesperance, 62 Wis. 2d 661, 215 N.W.2d 552 (1974).

When a lawsuit is commenced under this section, conditional rather than absolute privilege applies to the filing of a lis pendens. Kensington Development v. Israel, 142 Wis. 2d 894, 419 N.W.2d 241 (1988).

The filing of a lis pendens is not privileged when there is no relationship between the filing and the underlying action. Larson v. Ludwig, 151 Wis. 2d 637, 445 N.W.2d 699 (Ct. App. 1989).

To recover for slander of title, it is not necessary in all cases to prove the loss of an actual sale. The trial court must consider whether it is reasonable under the circumstances to require proof that the slander prevented a particular sale, and if not, the court must determine the degree of particularity required. Tym v. Ludwig, 196 Wis. 2d 373, 538 N.W.2d 600 (Ct. App. 1995), 94-2859.
