CHAPTER 961
UNIFORM CONTROLLED SUBSTANCES ACT

961.001 Declaration of intent. The legislature finds that the abuse of controlled substances constitutes a serious problem for society. As a partial solution, these laws regulating controlled substances have been enacted with penalties. The legislature, recognizing a need for differentiation among those who would violate these laws makes this declaration of legislative intent:

(1g) Many of the controlled substances included in this chapter have useful and legitimate medical and scientific purposes and are necessary to maintain the health and general welfare of the people of this state.

(1m) The manufacture, distribution, delivery, possession and use of controlled substances for other than legitimate purposes have a substantial and detrimental effect on the health and general welfare of the people of this state.

(1r) Persons who illicitly traffic commercially in controlled substances constitute a substantial menace to the public health and safety. The possibility of lengthy terms of imprisonment must exist as a deterrent to trafficking by such persons. Upon conviction for trafficking, such persons should be sentenced in a manner which will deter further trafficking by them, protect the public from their pernicious activities, and restore them to legitimate and socially useful endeavors.

(2) Persons who habitually or professionally engage in commercial trafficking in controlled substances and prescription drugs should, upon conviction, be sentenced to substantial terms of imprisonment to shield the public from their predatory acts. However, persons addicted to or dependent on controlled substances should, upon conviction, be sentenced in a manner most likely to produce rehabilitation.

(3) Upon conviction, persons who casually use or experiment with controlled substances should receive special treatment geared toward rehabilitation. The sentencing of casual users and experimenters should be such as will best induce them to shun further contact with controlled substances and to develop acceptable alternatives to drug abuse.

961.003 Uniformity of interpretation. This chapter shall be so applied and construed as to effectuate its general purpose to
make uniform the law with respect to the subject of this chapter among those states which enact it.

SUBCHAPTER II

STANDARDS AND SCHEDULES

961.11 Authority to control. (1) The controlled substances board shall administer this subchapter and may add substances to or delete or reschedule all substances listed in the schedules in ss. 961.14, 961.16, 961.18, 961.20 and 961.22 pursuant to the rule-making procedures of ch. 227.

(1m) In making a determination regarding a substance, the board shall consider the following:

(a) The actual or relative potential for abuse;

(b) The scientific evidence of its pharmacological effect, if known;

(c) The state of current scientific knowledge regarding the substance;

(d) The history and current pattern of abuse;

(e) The scope, duration and significance of abuse;

(f) The risk to the public health;

(g) The potential of the substance to produce psychological or physical dependence liability; and

(h) Whether the substance is an immediate precursor of a substance already controlled under this chapter.

(1r) The controlled substances board may consider findings of the federal food and drug administration or the drug enforcement administration as prima facie evidence relating to one or more of the determinative factors.

(2) After considering the factors enumerated in sub. (1m), the controlled substances board shall make findings with respect to them and promulgate a rule controlling the substance upon finding that the substance has a potential for abuse.

(3) The controlled substances board, without regard to the findings required by sub. (2) or ss. 961.13, 961.15, 961.17, 961.19 and 961.21 or the procedures prescribed by subs. (1), (1m), (1r) and (2), may add an immediate precursor to the same schedule in which the controlled substance of which it is an immediate precursor is included or to any other schedule. If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.

(4) If a substance is designated, rescheduled or deleted as a controlled substance under federal law and notice thereof is given to the controlled substances board, the board by affirmative action shall similarly treat the substance under this chapter after the expiration of 30 days from the date of publication in the federal register of a final order designating the substance as a controlled substance or rescheduling or deleting the substance or from the date of issuance of an order of temporary scheduling under 21 USC 811 (h), unless within that 30-day period, the board or an interested party objects to the treatment of the substance. If no objection is made, the board shall promulgate, without making the determinations or findings required by subs. (1), (1m), (1r) and (2) or s. 961.13, 961.15, 961.17, 961.19 or 961.21, a final rule, for which notice of proposed rule making is omitted, designating, rescheduling, temporarily scheduling or deleting the substance. If an objection is made the board shall publish notice of receipt of the objection and the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the board shall make a determination with respect to the treatment of the substance as provided in subs. (1), (1m), (1r) and (2) and shall publish its decision, which shall be final unless altered by statute. Upon publication of an objection to the treatment by the board, the action by the board under this chapter is stayed until the board promulgates a rule under sub. (2).

(4g) Notwithstanding sub. (4), if cannabidiol or nabiximols is rescheduled or deleted as a controlled substance under federal law, the controlled substances board shall similarly treat cannabidiol or nabiximols under this chapter as soon as practically possible but no later than 30 days from the date of publication in the federal register of a final order rescheduling or deleting cannabidiol or nabiximols or from the date of issuance of an order of temporary scheduling under 21 USC 811 (h). The board shall promulgate, without making the determinations or findings required by subs. (1), (1m), (1r), and (2) or ss. 961.13, 961.15, 961.17, 961.19, or 961.21, a final rule, for which notice of proposed rule making is omitted, rescheduling or deleting cannabidiol or nabiximols.

(4m) The controlled substances board, by rule and without regard to the requirements of sub. (1m), may schedule a controlled substance analog as a substance in schedule I regardless of whether the substance is substantially similar to a controlled substance in schedule I or II, if the board finds that scheduling of the substance on an emergency basis is necessary to avoid an imminent hazard to the public safety and the substance is not included in any other schedule or no exemption or approval is in effect for the substance under 21 USC 355. Upon receipt of notice under s. 961.25, the board shall initiate scheduling of the controlled substance analog on an emergency basis under this subsection. The scheduling of a controlled substance analog under this subsection expires one year after the adoption of the scheduling rule. With respect to the finding of an imminent hazard to the public safety, the board shall consider whether the substance has been scheduled on a temporary basis under federal law or factors under sub. (1m) (d), (e) and (f), and may also consider clandestine importation, manufacture or distribution, and, if available, information concerning the other factors under sub. (1m). The board may not promulgate a rule under this subsection until it initiates a rule-making proceeding under subs. (1), (1m), (1r) and (2) with respect to the controlled substance analog. A rule promulgated under this subsection lapses upon the conclusion of the rule-making proceeding initiated under subs. (1), (1m), (1r) and (2) with respect to the substance.

(5) The authority of the controlled substances board to control under this section does not extend to intoxicating liquors, as defined in s. 139.01 (3), to fermented malt beverages as defined in s. 125.02, or to tobacco.

(6) (a) The controlled substances board shall not have authority to control a nonnarcotic substance if the substance may, under the federal food, drug and cosmetic act and the laws of this state, be lawfully sold over the counter without a prescription. This paragraph does not apply to the promulgation of rules by the controlled substances board under s. 961.01 (20c).

(b) If the board finds that any nonnarcotic substance barred from control under this chapter by par. (a) is dangerous to or being used as to endanger the public health and welfare, it may request the department of justice in the name of the state to seek a temporary restraining order or temporary injunction under ch. 813 to either ban or regulate the sale and possession of the substance. The order or injunction shall continue until the adjournment of the legislature convened next following its issuance. In making its findings as to nonnarcotic substances under this paragraph, the board shall consider the items specified in sub. (1m).

(c) “System” means the National Precursor Log Exchange (NPLEx) system, which is an electronic pseudoephedrine sales tracking system that is capable of generating stop sale alerts, and that is installed, operated, and maintained free of any one−time or recurring charge to the seller or to the state.

(2) Records of pseudoephedrine sales shall be kept in electronic format and shall be maintained by the pharmacy for at least 2 years. Except as provided in sub. (6) and (7), only a pharmacist may have access to records of pseudoephedrine sales and information contained in those records.

The seller may use the system’s override function to complete the sale if he or she has a reasonable fear of imminent bodily harm.

(6) A pharmacist shall make records required under s. 961.23 (4) (b) available to a law enforcement officer who requests them. to that substance as a controlled substance analog may be com-
enced or continued.

d. The person distributing or delivering, attempting to distribute or deliver or causing distribution or delivery of the substance to be made states to the recipient that the substance may be resold at a price that substantially exceeds the value of the substance.

e. A person who violates this paragraph is guilty of a Class I felony.

(bm) It is unlawful for any person to agree, consent or offer to lawfully manufacture, deliver, distribute or dispense any controlled substance to any person, or to offer, arrange or negotiate to have any controlled substance unlawfully manufactured, delivered, distributed or dispensed, and then manufacture, deliver, distribute or dispense or offer, arrange or negotiate to have manufactured, delivered, distributed or dispensed to any such person a substance which is not a controlled substance. Any person who violates this paragraph may be fined not more than $500 or imprisoned for not more than 6 months or both.

(5) DRUG ABUSE PROGRAM IMPROVEMENT SURCHARGE. (a) When a court imposes a fine for a violation of this section, it shall also impose a drug abuse program improvement surcharge under ch. 814 in an amount of 75 percent of the fine and penalty surcharge imposed.

(b) The clerk of the court shall collect and transmit the amount to the county treasurer as provided in s. 59.40 (2) (m). The county treasurer shall then make payment to the secretary of administration as provided in s. 59.25 (3) (f) 2. 

(c) 1. The first $850,000 plus two-thirds of all moneys in excess of $1,275,000 collected in each fiscal year from drug surcharges under this subsection shall be credited to the appropriation account under s. 20.435 (5) (gb).
2. All moneys in excess of $850,000 and up to $1,275,000 plus one-third of moneys in excess of $1,275,000 collected in each fiscal year from drug surcharges under this subsection shall be credited to the appropriation account under s. 20.455 (2) (kv).

An inference of intent could be drawn from possession of hashish with a street value of $2,000 to $4,000 and opium with a street value of $20,000 to $24,000. State v. Smith, 70 Wis. 2d 47, 243 N.W.2d 442 (1976).

Evidence of a defendant’s possession of a pipe containing burnt residue of marijuana was insufficient to impute knowledge to the defendant of possession of a controlled substance. Kabat v. State, 83 Wis. 2d 224, 243 N.W.2d 449 (1976).

A delivery conspiracy under sub. (1x) requires an agreement between a buyer and a seller to deliver the substance. State v. Brooks, 124 Wis. 2d 349, 369 N.W.2d 183 (Ct. App. 1985).

Evidence of a defendant’s knowledge cannot be used to impeach the constitutionality of a prior conviction. State v. Grant, 72 Wis. 2d 363, 243 N.W.2d 442 (1976).

Multiple charges for possession based on different dosages were multiplicitous under sub. (3g) (am) because that subsection proscribes possession without regard to the dosage of the pills. State v. Branntner, 2020 WI 21, 390 Wis. 2d 494, 939 N.W.2d 546, 18–0053.

Double jeopardy was not violated when the defendant was convicted of separate offenses under s. 961.41 [now this section] for simultaneous delivery of different controlled substances. Leonard v. Warden, Dodge Correctional Institution, 631 F. Supp. 1403 (1986).

961.42 Prohibited acts B — penalties. (1) It is unlawful for any person knowingly to keep or maintain any store, warehouse, dwelling, building, vehicle, boat, aircraft or other structure or place, which is required to by persons possessing controlled substances in violation of this chapter for the purpose of using these substances, or which is used for manufacturing, keeping or delivering them in violation of this chapter.

(2) Any person who violates this section is guilty of a Class I felony.

“Keeping” a substance under sub. (1) means more than simple possession; it means keeping for the purpose of warehousing or storage for ultimate manufacture or delivery.

Warehouseing or storage under Brooks, 124 Wis. 2d 349 (1985), does not encompass merely possessing an item while transporting it. Cocaine was not warehoused or stored, but a person was charged with possessing cocaine while moving from one location to another. State v. Slagle, 2007 WI App 117, 300 Wis. 2d 662, 731 N.W.2d 284, 06–0775.

961.43 Prohibited acts C — penalties. (1) It is unlawful for any person:

(a) To acquire or obtain possession of a controlled substance by bribery, representation, fraud, forgery, deception or subterfuge;

(b) Without authorization, to make, distribute or possess any punch, die, plate, stone or other thing designed to print, imprint or reproduce the trademark, trade name or other identifying mark, imprint or device of another or any likeness of any of the foregoing upon any drug or container or labeling thereof so as to:

1. To make a counterfeit substance; or

2. To duplicate substantially the physical appearance, form, package or label of a controlled substance.

(2) Any person who violates this section is guilty of a Class II felony.

961.435 Specific penalty. Any person who violates s. 961.38 (5) may be fined not more than $500 or imprisoned not more than 30 days or both.

961.44 Penalties under other laws. Any penalty imposed for violation of this chapter is in addition to, and not in lieu of, any civil or administrative penalty or sanction otherwise authorized by law.

History: 1971 c. 219; 1995 a. 448 s. 271; Stats. 1995 a. 961.44.

961.421 Penalties; hemp. If a person attempts to conceal the commission of a crime under this chapter while representing that he or she is engaging in the planting, growing, cultivating, harvesting, producing, processing, transporting, importing, exporting, selling, transferring, sampling, testing, or taking possession of hemp, the maximum term of imprisonment prescribed by law for that crime may be increased as follows:

(1) The maximum term of imprisonment for a misdemeanor may be increased by not more than 6 months.

(2) The maximum term of imprisonment for a felony may be increased by not more than 3 years.

History: 2017 a. 106; 2019 a. 68.

961.443 Immunity from criminal prosecution; possession. (1) DEFINITIONS. In this section, “aider” means a person who does any of the following:

(a) Brings another person to an emergency room, hospital, fire station, or other health care facility and makes contact with an
individual who staffs the emergency room, hospital, fire station, or other health care facility if the other person is, or if a reasonable person would believe him or her to be, suffering from an overdose of, or other adverse reaction to, any controlled substance or controlled substance analog.

(b) Summons and makes contact with a law enforcement officer, ambulance, emergency medical services practitioner, as defined in s. 256.01 (5), or other health care provider, in order to assist another person if the other person is, or if a reasonable person would believe him or her to be, suffering from an overdose of, or other adverse reaction to, any controlled substance or controlled substance analog.

(c) Calls the telephone number “911” or, in an area in which the telephone number “911” is not available, the number for an emergency medical service provider, and makes contact with an individual answering the number with the intent to obtain assistance for another person if the other person is, or if a reasonable person would believe him or her to be, suffering from an overdose of, or other adverse reaction to, any controlled substance or controlled substance analog.

(2) IMMUNITY FROM CRIMINAL PROSECUTION. An aider is immune from prosecution under s. 961.573 for the possession of drug paraphernalia, under s. 961.41 (3g) for the possession of a controlled substance or a controlled substance analog, and under s. 961.69 (2) for possession of a masking agent under the circumstances surrounding or leading to his or her commission of an act described in sub. (1).

History: 2013 a. 194; 2015 a. 264; 2017 a. 12, 33, 59, 364

The decision of whether immunity under sub. (2) applies should be made by the court pursuant to a pretrial motion. The defendant bears the burden of proving by a preponderance of the evidence the defendant's entitlement to immunity. State v. Williams, 2016 WI App 65, 372 Wis. 2d 365, 888 N.W.2d 1, 15–2044.

If the legislature had meant to provide immunity for bail jumping offenses founded in part upon violations of the statutes cited in sub. (2), it could have easily written that into this section. It did not. State v. Williams, 2016 WI App 83, 372 Wis. 2d 365, 888 N.W.2d 1, 15–2044.

In this case, the mere fact that the defendant provided information about the contra-band to an informant who is the defendant's agent and provided the informant with the defendant's name so that the informant could contact the defendant by telephone does not go to whether the informant was the defendant's agent. State v. Williams, 2016 WI App 83, 372 Wis. 2d 365, 888 N.W.2d 1, 15–2044.

If the informer had intended to contact the defendant by some other means, the informant would have been acting as the defendant's agent to facilitate another person's misconduct. Such a conclusion is supported by the fact that the informant contacted the defendant by telephone and informed the defendant concerning a pending police investigation concerning the defendant's activities.

If the informant had not been the defendant's agent, it would be clear that a prosecution is barred by s. 961.573. Section 961.573 applies when the alleged aider had the intention to facilitate the defendant's criminal activity. Section 961.573 also applies to an aider who reasonably believes that the aider is the defendant's agent.

961.455 Purchases of pseudoephedrine products on behalf of another person. (1) (a) No person may, with the intent to acquire more than 7.5 grams of pseudoephedrine contained in a pseudoephedrine product within a 30–day period, knowingly solicit, hire, direct, employ, or use another to purchase a pseudoephedrine product on his or her behalf.

(b) 1. Except as provided in subd. 2., a person who violates par. (a) is guilty of a Class I felony.

2. If the person who is solicited, hired, directed, employed, or used to purchase the pseudoephedrine product is an individual who is less than 18 years of age, the actor is guilty of a Class H felony.

(2) No person may purchase a pseudoephedrine product on behalf of another with the intent to facilitate another person's manufacture of methamphetamine. A person who violates this subsection is guilty of a Class I felony.

2021–22 Wisconsin Statutes updated through all Supreme Court and Controlled Substances Board Orders filed before and in effect on January 1, 2023. Published and certified under s. 35.18. Changes effective after January 1, 2023, are designated by NOTES. (Published 1–1–23)
(4) If the conduct described under sub. (1) results in a violation under s. 961.41 (1), the actor is subject to prosecution and conviction under s. 961.41 (1) or this section or both.

961.46 Distribution to persons under age 18. If a person 17 years of age or over violates s. 961.41 (1) by distributing or delivering a controlled substance or a controlled substance analog to a person 17 years of age or under who is at least 3 years his or her junior, the applicable maximum term of imprisonment prescribed under s. 961.41 (1) for the offense may be increased by not more than 5 years.

961.47 Conditional discharge for possession or attempted possession as first offense. (1) Whenever any person who has not previously been convicted of any offense under this chapter, or of any offense under any statute of the United States or of any state or of any county ordinance relating to controlled substances or controlled substance analogs, narcotic drugs, marijuana or stimulant, depressant or hallucinogenic drugs, pleads guilty to or is found guilty of possession or attempted possession of a controlled substance or controlled substance analog under s. 961.41 (3g) (b), the court, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place him or her on probation upon terms and conditions. Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him or her. Discharge and dismissal under this section shall be with an assessment of the person’s use of controlled substances.

(2) Within 20 days after probation is granted under this section, the clerk of court shall notify the department of justice of the name of the individual granted probation and any other information required by the department. This report shall be upon forms provided by the department.

A disposition of probation without entering a judgment of guilt was not appealable because there was no judgment. If a defendant desires either a final judgment or order in the nature of a final judgment for appeal purposes, the defendant has only to withhold consent. State v. Ryback, 64 Wis. 2d 574, 219 N.W.2d 263 (1974).

The reference to s. 161.41 (3) [now s. 961.41 (3g) (b)] in sub. (1) means that proceedings may only be deferred for convictions for crimes encompassed by s. 161.41 (3) [now s. 961.41 (3g) (b)]. State v. Boyer, 198 Wis. 2d 837, 543 N.W.2d 562 (Ct. App. 1995), 95-0624.

961.472 Assessment; certain possession or attempted possession offenses. (1) In this section, “facility” means an approved public treatment facility, as defined under s. 51.45 (2) (c).

(2) Except as provided in sub. (5), if a person pleads guilty or is found guilty of possession or attempted possession of a controlled substance or controlled substance analog under s. 961.41 (3g) (am), (c), (d), or (g), the court shall order the person to comply with an assessment of the person’s use of controlled substances.

The court’s order shall designate a facility that is operated by or pursuant to a contract with the county department established under s. 51.42 and that is certified by the department of health services to provide assessment services to perform the order and, if appropriate, to develop a proposed treatment plan. The court shall notify the person that noncompliance with the order limits the court’s ability to determine whether the treatment option under s. 961.475 is appropriate. The court shall also notify the person of the fees provisions under s. 46.03 (18) (fm).

(3) The facility shall submit an assessment report within 14 days to the court. At the request of the facility, the court may extend the time period by not more than 20 additional workdays. The assessment report may include a proposed treatment plan.

(4) The court shall consider the assessment report in determining whether the treatment option under s. 961.475 is appropriate.

(5) The court is not required to enter an order under sub. (2) if any of the following applies:

(a) The court finds that the person is already covered by or has recently completed an assessment under this section or a substantially similar assessment.

(b) The person is participating in a substance abuse treatment program that meets the requirements of s. 165.95 (3), as determined by the department of justice under s. 165.95 (9) and (10).

961.473 Victim impact panels. If a person pleads guilty to or is found guilty of a violation of this chapter, the court may order the person to attend a program, such as a victim impact panel, that demonstrates the adverse effects of substance abuse on an individual or an individual’s family in addition to any forfeiture or penalty imposed. The court may order the defendant to pay a reasonable fee, based on the person’s ability to pay, to offset the costs of assembling and holding the program ordered under this section.

History: 2017 a. 261.

961.475 Treatment option. Whenever any person pleads guilty to or is found guilty of possession of attempted possession of a controlled substance or controlled substance analog under s. 961.41 (3g), the court may, upon request of the person and with the consent of a treatment facility with special inpatient or outpatient programs for the treatment of drug dependent persons, allow the person to enter the treatment programs voluntarily for purposes of treatment and rehabilitation. Treatment shall be for the period the treatment facility feels is necessary and required, but shall not exceed the maximum sentence applicable unless the person consents to the continued treatment. At the end of the necessary and required treatment, with the consent of the court, the person may be released from sentence. If treatment efforts are ineffective or the person ceases to cooperate with treatment rehabilitation efforts, the person may be remanded to the court for completion of sentencing.

961.48 Second or subsequent offenses. (1) If a person is charged under sub. (2m) with a felony offense under this chapter that is a 2nd or subsequent offense as provided under sub. (3) and the person is convicted of that 2nd or subsequent offense, the maximum term of imprisonment for the offense may be increased as follows:

(a) By not more than 6 years, if the offense is a Class C or D felony.

(b) By not more than 4 years, if the offense is a Class E, F, G, or H or I felony.

(2m) (a) Whenever a person charged with a felony offense under this chapter may be subject to a conviction for a 2nd or subsequent offense, he or she is not subject to an enhanced penalty under sub. (1) unless any applicable prior convictions are alleged in the complaint, indictment or information or in an amended complaint, indictment or information that is filed under par. (b) 1. A person is not subject to an enhanced penalty under sub. (1) for an offense if an allegation of applicable prior convictions is withdrawn by an amended complaint filed under par. (b) 2.

(b) Notwithstanding s. 971.29 (1), at any time before entry of a guilty or no contest plea or the commencement of a trial, a dis-
Proof of the prior offense at trial beyond a reasonable doubt. State v. Miles, 663 N.W.2d 811 (2002). (d) While the person is within 1,000 feet of the premises of an approved treatment facility, as defined in s. 911.49 (2), that provides alcohol and other drug abuse treatment.

2m) If any person violates s. 961.65 and, during the violation, the person intends to deliver or distribute methamphetamine or a controlled substance analog of methamphetamine under any of the circumstances listed under sub. (1m)(a), (b), (c), or (d), the maximum term of imprisonment for that crime is increased by 5 years.

A university campus is not a “school” within the meaning of s. 961.49 (now this section). State v. Andrews, 171 Wis. 2d 217, 491 N.W.2d 504 (Ct. App. 1992).

School “premises” begin at the school property line. State v. Hall, 196 Wis. 2d 850, 540 N.W.2d 219 (Ct. App. 1995), 94–2848.

The penalty enhancer for sales close to parks does not violate due process and is not constitutionally vague. The ordinary meaning of “park” includes undeveloped and developed parks. Proximity to a park is rationally related to protecting public health and safety from drug sale activities. State v. Lopez, 207 Wis. 2d 413, 539 N.W.2d 264 (Ct. App. 1996), 96–3250.

Day care centers are a subset of “youth centers” as defined in s. 961.01 (22) and come within the definition of places listed in sub. (2). State v. Van Riper, 222 Wis. 2d 197, 589 N.W.2d 198 (Ct. App. 1999), 97–1364.

This section contains two elemental facts, a distance requirement and a particularized protected place, both of which must be submitted to the jury and proven beyond a reasonable doubt. State v. Harvey, 2002 WI 93, 254 Wis. 2d 442, 647 N.W.2d 189, 00–0541.

961.49 Possession or attempted possession of a controlled substance on or near certain places. If any person violates s. 961.41 (3g) by possessing or attempting to possess a controlled substance included in schedule I or II, a controlled substance analog of a controlled substance included in schedule I or II or ketamine or flunitrazepam while in or on the premises of a scattered–site public housing project, while in or on or otherwise within 1,000 feet of a state, county, city, village, or town park, a jail or correctional facility, a multiunit public housing project, a swimming pool open to members of the public, a youth center or a community center, while in or on or otherwise within 1,000 feet of any private or public school premises or of any premises of a tribal school, as defined in s. 115.001 (15m), while in or on or otherwise within 1,000 feet of a school bus, as defined in s. 340.01 (56).

A defendant convicted of a second or subsequent controlled substance offense is subject to the penalty enhancements provided for in both s. 939.62 and sub. (2) if the application of each enhancement is based on a separate and distinct prior conviction or convictions. State v. Maxey, 2003 WI App 86, 264 Wis. 2d 878, 663 N.W.2d 811, 02–1171.

961.50 Suspension or revocation of operating privilege. (1) If a person is convicted of any violation of this chapter, the court may, in addition to any other penalties that may apply to the crime, suspend the person’s operating privilege, as defined in s. 340.01 (40), for not less than 6 months nor more than 5 years. If the court suspends a person’s operating privilege under this subsection, the court may take possession of any suspended license. If the court takes possession of a license, it shall destroy the license. The court shall forward to the department of transportation the record of conviction and notice of the suspension. The
person is eligible for an occupational license under s. 343.10 as follows:

(a) For the first such conviction, at any time.
(b) For a 2nd conviction within a 5-year period, after the first 60 days of the suspension or revocation period.
(c) For a 3rd or subsequent conviction within a 5-year period, after the first 90 days of the suspension or revocation period.

(2) For purposes of counting the number of convictions under sub. (1), convictions under the law of a federally recognized American Indian tribe or band in this state, federal law or the law of another jurisdiction, as defined in s. 343.32 (1m) (a), for any offense therein which, if the person had committed the offense in this state and been convicted of the offense under the laws of this state, would have required suspension or revocation of such person’s operating privilege under this section, shall be counted and given the effect specified under sub. (1). The 5-year period under this section shall be measured from the dates of the violations which resulted in the convictions.

(3) If the person’s license or operating privilege is currently suspended or revoked or the person does not currently possess a valid operator’s license issued under ch. 343, the suspension or revocation under this section is effective on the date on which the person is first eligible for issuance, renewal, or reinstatement of an operator’s license under ch. 343.

Issuance and execution of administrative inspection warrants

(a) For purposes of this section only, “controlled premises” means:

1. Places including factories, warehouses, establishments and conveyances to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any. The warrant shall:
   1. State the grounds for its issuance and the name of each person whose affidavit has been taken in support thereof;
   2. Be directed to a person authorized by law to execute it;
   3. Command the person to whom it is directed to inspect the area, premises, building or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified;
   4. Identify the item or types of property to be seized, if any;
   5. Direct that it be served during normal business hours and designate the judge to whom it shall be returned.

(b) A warrant issued pursuant to this section must be executed and returned within 10 days of its date unless, upon a showing of a need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant.

(c) The judge who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of court for the county in which the inspection was made.

(2) The pharmacy examining board and the department of justice may make administrative inspections of controlled premises in accordance with the following provisions:

(a) For purposes of this section only, “controlled premises” means:

1. Places where persons authorized under s. 961.32 (1m) to possess controlled substances in this state are required by federal law to keep records; and
2. Places including factories, warehouses, establishments and conveyances in which persons authorized under s. 961.32 (1m) to possess controlled substances in this state are required by federal law to hold, manufacture, compound, process, sell, deliver or otherwise dispose of any controlled substance.

(b) When authorized by an administrative inspection warrant issued pursuant to sub. (1), an officer or employee designated by the pharmacy examining board or the department of justice, upon presenting the warrant and appropriate credentials to the owner, operator or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(c) When authorized by an administrative inspection warrant, an officer or employee designated by the pharmacy examining board or the department of justice may:

1. Inspect and copy records relating to controlled substances;
2. Inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in par. (e), all other things therein, including records, files, papers, processes, controls and facilities bearing on violation of this chapter; and
3. Inventory any stock of any controlled substance therein and obtain samples thereof.

(d) This section does not prevent entries and administrative inspections, including seizures of property, without a warrant:

1. If the owner, operator or agent in charge of the controlled premises consents;
2. In situations presenting imminent danger to health or safety;
3. In situations involving inspection of conveyances if there is reason to believe that the ownership of the conveyance makes it impracticable to obtain a warrant;

4. In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or

5. In all other situations in which a warrant is not constitutionally required.

(e) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator or agent in charge of the controlled premises consents in writing.

961.53 Violations constituting public nuisance. Violations of this chapter constitute a public nuisance unless a person is convicted of the criminal offense that was the basis for the seizure of the item or that is related to the action for forfeiture.

961.54 Cooperative arrangements and confidentiality. The department of justice shall cooperate with federal, state and local agencies in discharging its responsibilities concerning traffic in controlled substances and in suppressing the abuse of controlled substances. To this end, it may:

(1) Arrange for the exchange of information among government officials concerning the use and abuse of controlled substances;

(2) Coordinate and cooperate in training programs concerning controlled substance law enforcement at the state and local levels;

(3) Cooperate with the bureau in establishing a centralized unit to accept, catalog, file and collect statistics, including records of drug dependent persons and other controlled substance law enforcement officers within the state, and make the information available for federal, state and local law enforcement purposes. It shall not furnish the name or identity of a patient or research subject whose identity could not be obtained under s. 961.335 (7); and

(4) Conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which controlled substances may be extracted.

History: 1971 c. 219; 1975 c. 110; 1995 a. 448 s. 295; Stats. 1995 s. 961.54.

961.55 Forfeitures. (1) Subject to subs. (1g) and (1m), the following are subject to forfeiture:

(a) All controlled substances or controlled substance analogs which have been manufactured, delivered, distributed, dispensed or acquired in violation of this chapter.

(b) All raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, distributing, importing or exporting any controlled substance or controlled substance analog in violation of this chapter.

(c) All property which is used, or intended for use, as a container for property described in pars. (a) and (b).

(d) All vehicles which are used, or intended for use, to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of property described in pars. (a) and (b) or for the purpose of transporting any property or weapon used or to be used or received in the commission of any felony under this chapter, except that a vehicle is not subject to forfeiture for a violation of s. 961.41 (3g) (b) to (g).

(e) All books, records, and research products and materials, including formulas, microfilm, tapes and data, which are used, or intended for use, in violation of this chapter.

(f) All property, real or personal, including money, directly or indirectly derived from or realized through the commission of any crime under this chapter.

(g) Any drug paraphernalia, as defined in s. 961.571, used in violation of this chapter.

(h) Any masking agent, as defined in s. 961.69 (1), used in violation of this chapter.

(1g) A judgment of forfeiture may not be entered under this chapter unless a person is convicted of the criminal offense that was the basis for the seizure of the item or that is related to the action for forfeiture.

(1k) A person who has been subject to a seizure of property has a right to a pretrial hearing under s. 968.20.

(1m) The property of an innocent owner may not be forfeited. A person who claims to be an innocent owner may follow the procedures under s. 961.555 (5).

(1r) If a law enforcement officer or agency or state or local employee or agency refers seized property to a federal agency directly, indirectly, by adoption, through an intergovernmental joint task force, or by other means, for the purposes of forfeiture litigation, the agency shall produce an itemized report of actual forfeiture expenses, as defined in sub. (5) (b), and submit the report to the department of administration to make it available on the department’s website. If there is a federal or state criminal conviction for the crime that was the basis for the seizure, the agency may accept all proceeds. If there is no federal or state criminal conviction, the agency may not accept any proceeds, except that the agency may accept all proceeds if one of the following circumstances applies and is explained in the report submitted under this subsection:

(a) The defendant has died.

(b) The defendant was deported by the U.S. government.

(c) The defendant has been granted immunity in exchange for testifying or otherwise assisting a law enforcement investigation or prosecution.

(d) The defendant fled the jurisdiction.

(e) The property has been unclaimed for a period of at least 9 months.

(2) Property subject to forfeiture under this chapter may be seized by any officer or employee designated in s. 961.51 (1) or (2) or a law enforcement officer upon process issued by any court of record having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) The officer or employee or a law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety;

(d) The officer or employee or a law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter, that the property was derived from or realized through a crime under this chapter or that the property is a vehicle which was used as described in sub. (1) (d).

(3) In the event of seizure under sub. (2), proceedings under sub. (4) shall be instituted promptly. All dispositions and forfeitures under this section and ss. 961.555 and 961.56 shall be made with due provision for the rights of innocent persons under subs. (1g), (1k), and (1m). Any property seized but not forfeited shall be returned to its rightful owner. Any person claiming the right to possession of property seized may apply for its return to the circuit court for the county in which the property was seized. The court shall order such notice as it deems adequate to be given the district attorney and all persons who have or may have an interest in the property and shall hold a hearing to hear all claims to its true
ownership. If the right to possession is proved to the court’s satisfaction, it shall order the property returned if:

(a) The property is not needed as evidence or, if needed, satisfactory arrangements can be made for its return for subsequent use as evidence; or

(b) All proceedings in which it might have been required have been completed.

(4) Property taken or detained under this section shall not be subject to replevin, but is deemed to be in the custody of the sheriff of the county in which the seizure was made subject only to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. When property is seized under this chapter, the person seizing the property may:

(a) Place the property under seal;

(b) Remove the property to a place designated by it; or

(c) Require the sheriff of the county in which the seizure was made to take custody of the property and remove it to an appropriate location for disposition in accordance with law.

(5) When property is forfeited under this chapter, the agency whose officer or employee seized the property shall do one of the following:

(a) If the property is a vehicle, retain it for official use for a period of up to one year. Before the end of that period, the agency shall do one of the following:

1. Sell the property and use a portion, not to exceed 50 percent, of the amount received for payment of forfeiture expenses if the agency produces an itemized report of actual forfeiture expenses and submits the report to the department of administration to make it available on the department’s website. The remainder shall be deposited in the school fund as proceeds of the forfeiture.

2. Continue to retain the property, if the agency deposits 30 percent of the value of the vehicle, as determined by the department of revenue, in the school fund as proceeds of the forfeiture. If the agency sells the vehicle at a later time and receives as proceeds from the sale an amount in excess of the amount previously deposited in the school fund, the agency shall deposit the excess in the school fund.

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public. The agency may use a portion, not to exceed 50 percent, of the amount received for payment of forfeiture expenses if the agency produces an itemized report of actual forfeiture expenses and submits the report to the department of administration to make it available on the department’s website. The remainder shall be deposited in the school fund as proceeds of the forfeiture. In this subsection, “forfeiture expenses” include all proper expenses of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs and the costs of investigation and prosecution reasonably incurred.

(c) Require the sheriff of the county in which the property was seized to take custody of the property and remove it for disposition in accordance with law.

(d) Forward it to the bureau for disposition.

(e) If the property forfeited is money, retain a portion, not to exceed 50 percent, of the amount received for payment of forfeiture expenses, as defined in par. (b), if the agency produces an itemized report of actual forfeiture expenses and submits the report to the department of administration to make it available on the department’s website and deposit the money in the school fund.

(6) Controlled substances included in schedule I and controlled substance analogs of controlled substances included in schedule I that are seized or come into the possession of the state, the owners of which are unknown, are contraband and shall be summarily forfeited to the state.

(6m) Flunitrazepam or ketamine that is possessed, transferred, sold, offered for sale or attempted to be possessed in violation of this chapter is contraband and shall be seized and summarily forfeited to the state. Flunitrazepam or ketamine that is seized or comes into the possession of the state, the owner of which is unknown, is contraband and shall be summarily forfeited to the state.

(7) Species of plants from which controlled substances in schedules I and II may be derived which have been planted or cultivated in violation of this chapter or of which the owners, cultivators or administrators are unknown, or which are wild growths, may be seized and summarily forfeited to the state.

(8) The failure, upon demand by any officer or employee designated in s. 961.51 (1) or (2), of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce any of the following constitutes authority for the seizure and forfeiture of the plants described in sub. (7):

(a) An appropriate federal registration, or proof that the person is the holder thereof.

(b) Proof that the person is growing or storing the plants in accordance with the requirements, if any, imposed by the department of agriculture, trade and consumer protection under s. 961.55.

(9) If a crop intended to be hemp, as defined in s. 94.55 (1), is tested for delta-9-tetrahydrocannabinol levels and the average concentration of delta-9-tetrahydrocannabinol is found to exceed 0.7 percent above the permissible limit for hemp on a dry weight basis, as tested using post-decarboxylation or other similarly reliable methods, the entire crop at the growing location where the plant was found shall be seized and destroyed. Before a crop is seized and destroyed under this subsection, the agency whose officer or employees initiated the seizure and who will provide, to the person licensed under s. 94.55 to grow the crop or to the person’s agent or employee, written documentation verifying the test results for the crop that is subject to seizure and destruction.

A vehicle subject to sub. (1) (d) 4. is not subject to forfeiture unless the secured party consents. State v. Fouse, 130 Wis. 2d, 471, 355 N.W.2d 366 (Cl. App. 1984).

Under sub. (1) (f), the state may seize property from an owner not charged with a crime. State v. Hooper, 122 Wis. 2d, 748, 364 N.W.2d 175 (Cl. App. 1985).

The action and s. 973.075 both include the same “innocent owner” defense language, which bars forfeiture if the crime was committed without the property owner’s knowledge or consent. In the absence of contrary evidence, the legislature intended “ownership” to have the same meaning in both provisions. Ownership under s. 973.075 (1) (b) 2. [now s. 973.075 (1) (b) 2m. b.] is not controlled by legal title, but will be found based on consideration of possession, title, control, and financial stake. State v. Kirsch, 222 Wis. 2d, 598, 587 N.W.2d 919 (Ct. App. 1998), 98–0382.

The “seized but not forfeited” language of sub. (3) means that the portion of that subsection related to return of property is only triggered by an unsuccessful forfeiture action brought by the state; in the event that the district attorney elects not to bring a forfeiture action, a person seeking the return of seized property may do so under s. 961.57. Jones v. State, 226 Wis. 2d, 565, 594 N.W.2d 736 (1999). For purposes of the statutory “innocent owner” exception in this case, while one co-titleholder had the largest financial interest in the forfeited vehicle, the second co-titleholder, who used the vehicle in drug sales was the actual owner of the vehicle when that second titleholder had nearly complete possession and control of the vehicle and paid for insurance, gas, and maintenance while the first titleholder had a different vehicle of her own. However, while forfeiture of the vehicle and second co-titleholder’s financial interest in it was constitutional, forfeiture of the first titleholder’s full financial interest in the vehicle was unconstitutional under the excessive fines clause. State v. One 2013, Toyota Corolla, 2015 WI App 94, 365 Wis. 2d 582, 872 N.W.2d 98, 14–2226.

A law enforcement agency may not retain unclaimed contraband money for its own use. In the absence of an asset forfeiture proceeding initiated by the state or a judicial determination that the money constitutes contraband, a local law enforcement agency should dispose of the money as unclaimed property under s. 59.66 (2). OAG 10–09.

961.555 Forfeiture proceedings. (1) TYPE OF ACTION; WHERE BROUGHT: In an action brought to cause the forfeiture of
any property seized under s. 961.55, the court may render a judgment in rem or against a party personally, or both. The circuit court for the county in which the property was seized shall have jurisdiction over any proceedings regarding the property when the action is commenced in state court. Subject to s. 961.55 (1r), any property seized may be the subject of a federal forfeiture action.

2. Commencement. (a) The district attorney of the county within which the property was seized shall commence the forfeiture action within 30 days after the seizure of the property, and the forfeiture proceedings shall be adjourned until after the defendant is convicted of any charge concerning a crime which was the basis for the seizure of the property. If property is seized, a charge shall be issued within 6 months after the seizure, except that an unlimited number of 6-month extensions may be granted if, for each extension, a judge determines probable cause is shown and the additional time is warranted. If no charge is issued within 6 months after the seizure, or a 6-month extension is not granted, the seized property shall be returned to the owner. The forfeiture action shall be commenced by filing a summons, complaint and affidavit of the person who seized the property with the clerk of circuit court, provided service of authenticated copies of those papers is made in accordance with ch. 801 within 90 days after filing upon the person from whom the property was seized and upon any person known to have a bona fide perfected security interest in the property.

(1m) Upon motion by the prosecuting attorney, the court may waive the conviction requirement under par. (a) if the prosecuting attorney shows by clear and convincing evidence that any of the following applies:

1. The defendant has died.
2. The defendant was deported by the U.S. government.
3. The defendant has been granted immunity in exchange for testifying or otherwise assisting a law enforcement investigation or prosecution.
4. The defendant fled the jurisdiction.
5. The property has been unclaimed for a period of at least 9 months.
6. The property is contraband that is subject to forfeiture under s. 961.55 (6), (6m), or (7).

(b) Upon service of an answer, the action shall be set for hearing within 60 days of the service of the answer but may be continued for cause or upon stipulation of the parties.

(c) In counties having a population of 750,000 or more, the district attorney or corporation counsel may proceed under par. (a).

(d) If no answer is served or no issue of law or fact has been joined and the time for that service or joining issue has expired, or if any defendant fails to appear at trial after answering or joining issue, the court may render a default judgment as provided in s. 806.02.

(2m) Criminal forfeitures. (a) In addition to any penalties under this chapter, the court shall, with due provision for the rights of innocent persons in accordance with sub. (5), order forfeiture of any property specified in s. 961.55 (1) in accordance with pars. (b), (c), and (d).

(b) A criminal complaint must allege the extent of property subject to forfeiture under this subsection. At trial, the court or the jury shall return a special verdict determining the extent of property subject to forfeiture under this subsection. When a special verdict contains a finding of property subject to a forfeiture under this subsection, a judgment of criminal forfeiture shall be entered along with the judgment of conviction under s. 972.13.

(c) An injured person has a right or claim to forfeited property or the proceeds derived from forfeited property under this subsection that is superior to any right or claim the state has in the property or proceeds. This paragraph does not grant the injured person priority over state claims or rights by reason of a tax lien or other basis not covered by this section or by s. 961.55 or 961.56. All rights, titles, and interest in property specified in s. 961.55 (1) vest in the state upon the commission of the act giving rise to forfeiture under this subsection.

(d) An injured or innocent person may petition the court for relief from the judgment of criminal forfeiture entered under par. (b) within 30 days after it is entered. The person filing the petition has the burden of satisfying or convincing to a reasonable certainty by the greater weight of the evidence that the person has a bona fide perfected security interest in the property subject to forfeiture in s. 961.55 (1) or any other property subject to forfeiture in sub. (4). The court may order that a person with a bona fide perfected security interest be paid from the proceeds of the forfeiture or any other equitable relief necessary so as to do substantial justice to the person.

3. Burden of proof. The state shall have the burden of proving by clear and convincing evidence that the property is subject to forfeiture under s. 961.55.

(3g) Privileges. The defendant or convicted offender may invoke the right against self-incrimination or the marital privilege during the forfeiture-related stage of the prosecution. The trier of fact at the hearing may draw an adverse inference from the invocation of the right or privilege.

(3m) Proportionality. (a) The court may not order the forfeiture of property if the court finds that the forfeiture is grossly disproportional to the crime for which the property was seized or that the forfeiture is unconstitutionally excessive under the state or federal constitution.

(b) A person who is alleging that the forfeiture is grossly disproportional or is unconstitutionally excessive under this subsection shall have the burden of satisfying or convincing to a reasonable certainty by the greater weight of the credible evidence that the forfeiture is grossly disproportional or unconstitutionally excessive.

(c) In determining whether the forfeiture is grossly disproportional or unconstitutionally excessive, the court shall consider the following:

1. The seriousness of the offense.
2. The purpose of the statute authorizing the forfeiture.
3. The maximum fine for the offense.
4. The harm that actually resulted from the defendant’s conduct.

(d) In determining whether the forfeiture is grossly disproportional or unconstitutionally excessive, the court may not consider the value of the property to the state.

4. Action against other property of the person. The court may order the forfeiture of any other property of a defendant up to the value of property found by the court to be subject to forfeiture under s. 961.55 if the property subject to forfeiture meets any of the following conditions:

(a) Cannot be located.
(b) Has been transferred or conveyed to, sold to or deposited with a 3rd party.
(c) Is beyond the jurisdiction of the court.
(d) Has been substantially diminished in value while not in the actual physical custody of the law enforcement agency.
(e) Has been commingled with other property that cannot be divided without difficulty.

5. Innocent owners. (a) Notwithstanding sub. (2) (a), a person who claims to have an ownership interest in property subject to forfeiture as an innocent owner may petition the court for the return of his or her seized property at any time.

(b) A person who has an ownership interest in property subject to forfeiture that exists at the occurrence of the illegal conduct giving rise to the forfeiture and who claims to be an innocent owner has the burden of proving by clear and convincing evidence that he or she has a legal right, title, or interest in the property seized under this chapter.
(c) If the requisite showing under par. (b) has been made, in order to proceed with a forfeiture action against the property, the state has the burden of proving by clear and convincing evidence that the person had actual or constructive knowledge of the underlying crime giving rise to the forfeiture.

(d) A person who has an ownership interest in property subject to forfeiture that he or she acquired after the occurrence of the conduct giving rise to the forfeiture and who claims to be an innocent owner has the burden of proving by clear and convincing evidence that he or she has a legal right, title, or interest in the property seized under this chapter.

(e) If the requisite showing under par. (d) has been made, in order to proceed with a forfeiture action against the property, the state has the burden of proving by clear and convincing evidence that the person had actual or constructive knowledge that the property was subject to forfeiture or that the person was not a bona fide purchaser without notice of any defect in title and for valuable consideration.

(f) If the state does not meet the burden under par. (c) or (e) as to any property, the court shall find that the property is the property of an innocent owner and not subject to forfeiture under this chapter and shall order the state to relinquish all claims of title to the property.

(6) RETURN OF PROPERTY. The court shall order the return of any property subject to forfeiture under ss. 961.55 to 961.56 within 30 days of acquittal or dismissal of charges for the offense which was the basis of the forfeiture action, or 6 months after a seizure which was the basis of the forfeiture action if no charges have been issued and no extension has been granted. If the property is co-owned by 2 or more defendants in a criminal action, and one or more defendant co-owners are acquitted or the charges against him or her are dismissed, the court shall have discretion to dispose of the co-owned property in accordance with the proportionality guidelines in sub. (3m) as he or she deems appropriate.

(7) ATTORNEY FEES. A person who prevails in an action to return property subject to forfeiture under ss. 961.55 to 961.56 may be awarded reasonable attorney fees by the state if the court finds that the forfeiting agency or prosecuting attorney has arbitrarily and capriciously pursued the forfeiture action.

Judicial Council Committee Note, 1974: The district attorney would be required to file within the 15 [now 30] day period. The answer need not be verified. [Re Order effective Jan. 1, 1976]

Judicial Council Note, 1984: Sub. (2) (a) has been amended by allowing 60 days after the action is commenced for service of the summons, complaint and affidavit on the defendants. The prior statute, requiring service within 30 days after seizure of the property, was an exception to the general rule of s. 801.02 (2), stats. [Re Order effective Jan. 1, 1985]

The time provisions of sub. (2) are mandatory and jurisdictional. State v. Rosen, 72 Wis. 2d 209, 240 N.W.2d 168 (1976).

Persons served under sub. (2) (a) may be named as defendants. An action cannot be brought against an inanimate object as a sole “defendant.” State v. One 1973 Cadillac, 68 Wis. 2d 641, 291 N.W.2d 626 (Ct. App., 1980).

An affidavit under sub. (2) (a) must be executed by a person who was present at the seizure or who ordered the seizure and received reports from those present at the seizure. State v. Hooper, 122 Wis. 2d 748, 364 N.W.2d 175 (Ct. App. 1985).

Sub. (2) (b) requires a hearing (2) held, not set within 60 days of the service of the answer and allows a continuance only when it is applied for within the 60-day period.

State v. Baye, 191 Wis. 2d 334, 528 N.W.2d 81 (Ct. App. 1995).

Sub. (2) (b) is mandatory, and a forfeiture petition must be dismissed with prejudice unless the requisite hearing is held within the 60-day period. Once the 60-day period has expired, the circuit court loses competency, and the state may not start the clock running anew by filing another forfeiture petition based on the same facts. State v. One 2000 Lincoln Navigator, 2007 Wis App 127, 301 Wis 2d 714, 731 N.W.2d 375, 06–06–2007.

Authentication of a summons and complaint is accomplished by the clerk’s placing a filing stamp indicating the case number on each copy of the summons and complaint, and, for purposes of sub. (2) (a), a forfeiture affidavit is authenticated the same way. No one may rely on the authenticity of the forfeiture summons, complaint, and affidavit can constitute fundamental error. But when, as in this case, the state presents all three items, stapled together as one document, to the clerk for authentication, and the clerk errs in failing to separately authenticate the affidavit, the defect is technical, not fatal, and will only deprive the court of jurisdiction if the affidavit is shown. State v. Schmitt, 2012 WI App 121, 344 Wis. 2d 587, 824 N.W.2d 899, 11–1949.

961.56 Burden of proof; liabilities. (1) It is not necessary for the state to negate any exemption or exception in this chapter in any complaint, information, indictment or other pleading or in any trial, hearing or other proceeding under this chapter. The burden of proof of any exemption or exception is upon the person claiming it.

(2) In the absence of proof that a person is the duly authorized holder of an appropriate federal registration or order form, the person is presumed not to be the holder of the registration or form. The burden of proof is upon the person to rebut the presumption.

(3) No liability is imposed by this chapter upon any authorized state, county or municipal officer or employee engaged in the lawful performance of the officer’s or employee’s duties.

961.565 Enforcement reports. On or before November 15 annually, the governor and the attorney general shall submit a joint report to the chief clerk of each house of the legislature for distribution to the legislature under s. 13.172 (2) describing the activities in this state during the previous year to enforce the laws regulating controlled substances. The report shall contain recommendations for improving the effectiveness of enforcement activities and other efforts to combat the abuse of controlled substances.

   a. Metal, wooden, acrylic, glass, stone, plastic or ceramic pipes with or without screens, permanent screens, hashish heads or punctured metal bowls.
   b. Water pipes.
   c. Carburetor tubes and devices.

   f. Miniature cocaine spoons and cocaine vials.
   g. Chamber pipes.
   h. Carburetor pipes.
   i. Electric pipes.
   j. Air-driven pipes.
   k. Chilams.
   L. Bongs.
   m. Ice pipes or chillers.

(b) “Drug paraphernalia” excludes:
1. Hypodermic syringes, needles and other objects used or intended for use in parenterally injecting substances into the human body.
2. Any items, including pipes, papers and accessories, that are designed for use or primarily intended for use with tobacco products.
3. Any materials used or intended for use in testing for the presence of fentanyl or a fentanyl analog in a substance.

(2) “Primarily” means chiefly or mainly.

History: 1989 a. 121; 1990 a. 448 s. 410; Stats. 1995 s. 961.571; 2021 a. 80.

A tobacco pipe is excluded from the definition of drug paraphernalia under sub. (1) (b) 2. The presence of residue of a controlled substance in the pipe does not change that result. State v. Martinez, 210 Wis. 2d 396, 563 N.W.2d 922 (Ct. App. 1997), 96–1899.

961.572 Determination. (1) In determining whether an object is drug paraphernalia, a court or other authority shall consider, in addition to all other legally relevant factors, the following:
(a) Statements by an owner or by anyone in control of the object concerning its use.
(b) The proximity of the object, in time and space, to a direct violation of this chapter.
(c) The proximity of the object to controlled substances or controlled substance analogs.
(d) The existence of any residue of controlled substances or controlled substance analogs on the object.
(e) Direct or circumstantial evidence of the intent of an owner, or of anyone in control of the object, to deliver it to persons whom he or she knows intend to use the object to facilitate a violation of this chapter; the innocence of an owner, or of anyone in control of the object, as to a direct violation of this chapter shall not prevent a finding that the object is designed for use or primarily intended for use as drug paraphernalia.
(f) Instructions, oral or written, provided with the object concerning its use.
(g) Descriptive materials accompanying the object that explain or depict its use.
(h) Local advertising concerning its use.
(i) The manner in which the object is displayed for sale.
(j) Whether the owner, or anyone in control of the object, is a legitimate supplier of like or related items to the community, such as a licensed distributor or dealer of tobacco products.
(k) The existence and scope of legitimate uses for the object in the community.

(L) Expert testimony concerning its use.

(2) In determining under this subchapter whether an item is designed for a particular use, a court or other authority shall consider the objective physical characteristics and design features of the item.

(3) In determining under this subchapter whether an item is primarily intended for a particular use, a court or other authority shall consider the subjective intent of the defendant.

961.573 Possession of drug paraphernalia. (1) No person may, or possess with the primary intent to use, drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance or controlled substance analog in violation of this chapter. Any person who violates this subsection may be fined not more than $500 or imprisoned for not more than 30 days or both.
(2) Any person who violates sub. (1) who is under 17 years of age is subject to a disposition under s. 938.344 (2e).

(3) (a) No person may use, or possess with the primary intent to use, drug paraphernalia to manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, or store methamphetamine or a controlled substance analog of methamphetamine in violation of this chapter.
   b. 1. Except as provided in subd. 2., any person who violates par. (a) is guilty of a Class H felony.
2. Any person who is 18 years of age or older and who violates par. (a) while in the presence of a child who is 14 years of age or younger is guilty of a Class G felony.

961.574 Manufacture or delivery of drug paraphernalia. (1) No person may deliver, possess with intent to deliver, or manufacture with intent to deliver, drug paraphernalia, knowing that it will be primarily used to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack or store methamphetamine or a controlled substance analog of methamphetamine in violation of this chapter. Any person who violates this subsection may be fined not more than $1,000 or imprisoned for not more than 90 days or both.
(2) Any person who violates sub. (1) who is under 17 years of age is subject to a disposition under s. 938.344 (2e).

(3) No person may deliver, possess with intent to deliver, or manufacture with intent to deliver, drug paraphernalia, knowing that it will be primarily used to manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack or store methamphetamine or a controlled substance analog of methamphetamine in violation of this chapter. Any person who violates this subsection is guilty of a Class H felony.

961.575 Delivery of drug paraphernalia to a minor.
