Description a requirement to report lost or stolen firearms and providing a penalty					

Assumptions Used in Arriving at Fiscal Estimate

Under this bill, a person who owns a firearm that is stolen or missing must report the theft or loss to a law enforcement agency within 24 hours of discovering the theft or loss. A person who violates this requirement is guilty of a Class A misdemeanor for a first offense and guilty of a Class I felony for a second or subsequent offense. A person who falsely reports a stolen or lost firearm is guilty of the current-law crime of obstructing an officer and is subject to a fine of up to \$10,000 or a sentence of imprisonment of up to nine months, or both.

This bill also requires a person who commercially sells or transfers a firearm to provide the purchaser or transferee a written notice of the requirement, created in this bill, to report a theft or loss of a firearm within 24 hours of discovering it. A seller or transferor who violates this requirement is subject to a fine of up to \$500 or imprisonment for up to 30 days, or both.

Because this bill creates a new crime, the Department does not have any data to determine what the fiscal impact would be, therefore the fiscal impact is indeterminate.

If this creation of a new crime would result in changes in the number of individuals sentenced to incarceration in the DOC's institutions and/or changes in the number of individuals sentenced to community supervision, state costs could change.

The average FY21 annual cost for a person in our care in a DOC institution is approximately \$44,000. However, when there is excess capacity in DOC facilities, the incremental costs (i.e. food, health care and clothing) of housing a small number of inmates is approximately \$7,500 based on FY21 costs. Should the Department use contract beds, the rate would be approximately \$18,800 annually per person.

County jails could experience increased or decreased costs, as offenders may be sentenced to jail as a condition of probation. The average FY21 annual cost to jail inmates is \$18,800.
