<b>Description</b> construction and issuance of motor vehicle registration plates		

**Assumptions Used in Arriving at Fiscal Estimate**

Senate Bill 429 (SB-429) provides certain provisions associated with the construction and replacement of motor vehicle registration plates.

The Department of Administration's (DOA) State Bureau of Procurement (SBOP) is responsible for administering procurement laws, policies, and procedures for the State on behalf of all agencies and campuses. SBOP would provide any associated procurement support services necessary for the bidding process used for obtaining the necessary reflectorized materials for constructing the license plates. The Department anticipates that the proposed legislation may potentially result in negligible SBOP staff time for procurement services consultation to be provided to the Department of Transportation (DOT). As such, the Department anticipates there would be no fiscal impact resulting from SB-429.

**Long-Range Fiscal Implications**
